A., Instructor in Latin; Frederick E. Newton, Ph. B., Instructor in Mathematics.

The Phillips Academy was founded at Andover on the twenty-first of April, 1778, by the gifts of Hon. Samuel Phillips and his brother Hon. John Phillips, consisting of about 141 acres of land in Andover purchased for the purpose, and about 200 acres of land in Jaffrey, N. H., together with the sum of one thousand six hundred and fourteen pounds. The deed of gift which is known as "The Constitution of Phillips Academy" was drawn up, as appears from contemporary documents, largely under the influence of Samuel Phillips, Jr., and Eliphalet Pearson, two young men whose friendship in school and college, and whose sympathy in the religious and patriotic movements of the times made them mutually helpful in the project of founding a new institution of learning, and, as it proved, a new type of institution. Dr. Pearson became the first principal, and Judge Phillips fostered the school till his death in 1802 with assiduous devotion.

The first trustees were Samuel Phillips of Andover, John Phillips of Exeter, William Phillips of Boston, Oliver Wendell of Boston, John Lowell of Boston, Rev. Josiah Stearns of Epping, Rev. Elias Smith of Middleton, Rev. William Symmes, Rev. Jonathan French, Samuel Phillips, Jr., and Nehemiah Abbot of Andover,—men whose services and benefactions, at Andover and elsewhere, were to become memorable in the history of American education.

The school was opened for instruction April 30, 1778, with a group of thirteen pupils. On Oct. 4, 1780, it was incorporated in the last act of the "Great and General Court" previous to the organization of the new state government. The powers of the trustees have been enlarged by the legislature from time to time, notably in the acts conferring the power to hold additional funds, and in the act of June 19, 1807, whereby the Trustees were empowered to receive and hold real and personal estate for the purpose of a separate "Theological Institution." The Andover Theological Seminary, the first of the many theological schools, was accordingly established in the following year.

In 1830 the "Teachers Seminary" was established as another distinct school, in anticipation of the normal schools, and to a less degree, of the scientific schools which have since been planted elsewhere. In 1842 this was merged into the parent Academy and is the present Scientific Department.

By the generous gifts of numerous benefactors, many of them sons and daughters of Andover, in sums large and small, the original foundations have been greatly enlarged.

The school has been "equally open to youth, of requisite qualifications, from every quarter." It has done a useful work in the education of boys who have not gone to college, and in its time has prepared boys for colleges and scientific schools in unprecedented numbers. The very prosperity of the school has increased the demands made upon it, and constitutes the appeal for gifts for the maintenance of its efficiency under the demands of "the new education," and for its improvement and advancement in its own appropriate and important field.

The legal name of the corporation is "The Trustees of Phillips Academy," and gifts and bequests should be made to them.

PUNCHARD FREE SCHOOL.

The Punchard Free School was founded by Benjamin Hanover Punchard, who died in Andover, April 4, 1850. Mr. Punchard bequeathed the sum of $70,000.00 to found a free school for the education of the youth of Andover, said school to be free from sectarian influences, and the Lord's Prayer to be recited at the morning opening, the pupils to join audibly therein. The school to be under the control of a board of trustees, consisting of eight members, of which board the rector of Christ Church and the ministers of the West and South Churches were to be members, the remaining members to be chosen by vote of the inhabitants of the town. The first school building was dedicated Sept. 2, 1856, and destroyed by fire Dec. 15, 1868. The present building was built by the town and is a facsimile of the one destroyed. It is a very handsome structure of brick with freestone trimmings and granite foundation. By aid of the Legislature the town of Andover is relieved from maintaining the support of a High School during the continuance of the Punchard Free School.

The present board of trustees consists of Rev. Frederic Palmer, Rev. Frank R. Shipman, Rev. Robert A. MacFadden, George H. Poor, Charles H. Gilbert, George A. Parker, Horace H. Tyer, Myron E. Gutterson.
