PARCEL POST REGULATIONS

FOURTH-CLASS MATTER (DOMESTIC PARCEL POST)

FOURTH-CLASS MATTER EMBRACES that known as domestic parcel post mail, and includes merchandise, farm and factory products, seeds, cuttings, bulbs, roots, scions and plants, books (including catalogues), miscellaneous printed matter weighing more than four pounds, and all other mailable matter not embraced in the first, second and third classes.

EXTENT AND USEFULNESS OF PARCEL POST. The domestic parcel post offers a convenient, quick, and efficient means of transporting mailable parcels to any post office in the United States or its possessions. The service reaches more places than any other transportation agency. It brings producers and consumers into closer contact, thus opening the way to reducing the high cost of living. Special treatment and advantages are accorded to shipments of farm products weighing between 20 and 50 pounds. Low postage rates, based on the service rendered, are provided. The rates to near-by zones are particularly advantageous. Parcels may be insured against loss and may be sent C. O. D.

RATES OF POSTAGE—TO BE FULLY PREPAID—UNSEALED—are as follows:
(a) Parcels weighing 4 ounces or less, except books, seeds, plants, etc., 1 cent for each ounce or fraction thereof, any distance.
(b) Parcels weighing 8 ounces or less, containing books, seeds, cuttings, bulbs, roots, scions, and plants, 2 cent for each 2 ounces or fraction thereof, regardless of distance.
(c) Parcels weighing more than 8 ounces containing books, seeds, plants, etc., parcels of miscellaneous printed matter weighing more than 4 pounds, and all other parcels of fourth-class matter weighing more than 4 ounces are chargeable, according to distance or zone, at the pound rates shown in the following table, a fraction of a pound being considered a full pound.

THE LIMIT OF WEIGHT of fourth-class matter is 50 pounds for parcels mailed for delivery within the first and second zones, and 30 pounds for all other zones.

LIMIT OF SIZE. Parcel post matter may not exceed 72 inches in length and girth combined. In measuring a parcel the greatest distance in a straight line between the ends (but not around the parcel), is taken as its length, while the distance around the parcel at its thickest part is taken as its girth. For example, a parcel 35 inches long, 10 inches wide, and 5 inches high measures 65 inches in length and girth combined.

NAME AND ADDRESS OF SENDER. A parcel of fourth-class matter may not be accepted for mailing unless it bears the name and address of the sender, which should be preceded by the word “from.”

INSURANCE OF FOURTH-CLASS MAIL

FEES AND CONDITIONS. Fourth-class or domestic parcel post mail (but no other) may be insured against loss upon payment of a fee of 5 cents for value not exceeding $25, or 10 cents for value not exceeding $50, in addition to the postage, both to be prepaid with stamps affixed. Such mail may be insured at any post office or station thereof, or by rural carriers. The sender must fill out an insurance tag, which will be furnished him on request, to be attached to the parcel.
THORNTON QUALITY - THORNTON PRICES - THORNTON SEED. Combine to make THORNTON'S "SURE CROP" SEED THE BEST THAT MONEY CAN BUY.

Correspondence invited from florists, farmers, market gardeners and the home gardener. Send for illustrated catalogue. Our Motto: "Only from good seed can good crops be grown" has been our guide in selecting nothing but the best. We keep everything in Farm, Garden and Vegetable Seeds, and offer nothing but the Best Reselected Northern Grown Seed. You can't go wrong if you use our Seed.
