Instructions on How to Give an Alarm — In case of fire, to give an alarm always go to the nearest box to the fire, break the glass, unlock the door, and you will see a hook projecting through the inside door. Pull the hook down to the end of the slot and let go. If you do not hear a small bell striking in the box, nor the alarm bells outside, close the door and go to the nearest box, open the door and wait thirty seconds. If you do not hear a small bell in that box, pull the hook same as before. It is important that the person sending in an alarm should remain at the box until the department arrives in order to direct them to the locality of the fire. After giving an alarm always close the box door.

All Out Signal—Two strokes after an alarm has been given signifies that the fire is out.
Test signal—Two strokes at 12 o'clock daily, and one stroke at other times when necessary.
No-School Signal—1-1-1-1-1-1-1 at intervals of ten seconds at 8.20 a.m. and 1 p.m. is for no school.
