NATURAL HISTORY SOCIETY HOST

New England Federation Holds Two-Day Session in Andover. Addresses Made by Prof. Warren K. Moorehead and Principal Nathan C. Hamblin.

At the meeting of the New England Federation of Natural History Societies on Friday and Saturday of last week in the Punchard High School, some fifteen of the affiliated ard High School, some fifteen of the affiliated organizations were represented by delegates, while seven or eight others presented reports by letter. The exhibits included the birds belonging to the Andover Natural History Society, a collection of shells, which was named for the society by visiting delegates, a study collection of spiders by J. H. Emerton, a part of the botannical collections of Mr. Gutterson, and an interesting set of Indian arrowheads and other artifacts by Winthrop Boutwell and William Harnden Foster.

Winthrop Boutwell and William Harnder Foster.

At the Friday evening meeting the seating capacity of the Punchard Lecture Room was taxed by members of the various associations assembled to hear Professor W. K. Moorehead, who presented a very interesting talk on the Indians, illustrated by means of lantern views. His picture of the Indians, and one which he sturdily defends, is that of a race which to maintain its natural rights was obliged to defend itself against aggressions of the incoming white people. He noted humorously how the cowboy of the movies rescues the heroine from the wild savages, and incidentally remarked that from his knowledge of the frontier, the young lady would be safer with the Indians than with the cowboys. The slides gave evidence from time to time of the intelligence and competence of the Indians.

The meeting of Saturday began with the customary oil call, with nearly all the feder-

of the intelligence and competence of the Indians.

The meeting of Saturday began with the customary roil call, with nearly all the federated societies making short reports of progress. Principal N. C. Hamblin of Punchard gave an interesting sketch of the natural history of Andover, which with its varied topography finds place for many kinds of flora. Incidentally he touched on the geology of lenticular hills and eskars, spoke especially of the important eskar, Indian Ridge, and went on to the discussion of outcropping ledges. This diversity of surface with some of the historical byways, make tramping in the town a pleasure. The animals are not especially distinctive, but there are most excellent opportunities for the study of birds.

Professor Moorehead took occasion to

portunities for the study of birds.

Professor Moorehead took occasion to speak of what might perhaps be termed "pirate" work in investigation of Indian burial places. Some parties have been known to enter the territory that is near an established museum in New England without the courtesy of notifying the museum officials. If within the borders of a state there are men with the necessary knowledge and equipment for archaeological research, with suitable museums for the display of exhibits, the state undoubitably has a prior claim, but where such facilities are lacking, Professor Moorehead is emphatic in placing skilful scientific research before a more question of state's rights.

FIREMEN'S GET-TOGETHER

Supper at Fire Station Is Followed by Speeches by Chief Emerson, Captain Todd, and Musical Program

The members of the Andover fire department, both permanent and call men, held their annual get-together in the Central fire station Wednesday evening. A spirit of comradeship prevailed during the entire evening and all were agreed that the gettogether was one of the best ever held by the organization.

Remarks were made during the evening by Chief Charles F. Emerson and Captain Henry Todd. A fine musical program completed the entertainment, one of the features of which was the singing of "Kissing Cup," by William Stevens. Mr. Stevens, who is noted hereabouts for his ability in this line, gave it in his inimitable manner and was warmly applauded at the conclusion of his efforts.

Captain Henry Todd who acted as toastmaster, called upon several members of the

manner and was warmly applauded at the conclusion of his efforts.
Captain Henry Todd who acted as toast-master, called upon several members of the department for remarks.
Chief Charles F. Emerson during his talk spoke of the wonderful showing that has been made during the past year by the Andover fire department. Many compliments have been paid, Chief Emerson said, by both insurance officials and townspeople. In conclusion, Chief Emerson thanked the members of the fire company for their fine work and said that the coming year would bring even greater results.

work and said that the coming y.c.r would bring even greater results.

William Stevens, who has been a member of the call department for the past few years, came in for words of congratulation when it was announced that he was celebrating the twentieth anniversary of his coming to the country. He was promptly called on for remarks. Mr. Stevens created considerable mirth when he informed the gathering that his first few days in the U. S. were luckless ones, but since that time, he has come to learn that nowhere could he have advanced so rapidly.

so rapidly:

An appetizing menu was served by Caterer Rhodes, consisting of chicken pie, mashed potatoes, green peas, pickles, rolls, coffee, cake, fancy cookies, and ice cream. Eighteen members partook of the spread.

After enjoying the musical program, cards were played for the remainder of the evening.

Among those present were Chief Charles F. Emerson, Captain Henry Todd, Lieutenant Albert Cole, Timothy Madden, Kerr Sparks, Fred Collins, Archibald McLaren, William Ray, William Lyle, Fred Adams, Raph Baker, William Collins, Henry Pomeroy.

A token of esteem was sent by the mem-bers of the department to the home of the Deputy Chief Lester Hilton, who was unable o attend the banquet on account of a exent bereavement. Lieutenant Albert lole carried the message.

After Two Years in New York and a Year in Chicago, Boston Will See "Seventh Heaven"

"Seventh Heaven." the classic of love and thrill which kept John Golden's name emblazoned in the lights of Broadway for two years, will have its New England premiere at the Tremont Theatre, Boston, next Monday night, beginning a limited engagement. A year in Chicago has further delayed the record-smasher but playgoers of the Hub and neighboring cities will be rewarded for their long wait with a brilliant cast and a play that will be held in grateful memory, along with "Lightnin," "Turn to the Right," "The First Year," "Three Wise Fools" and the other Golden successes.

But "Seventh Heaven" differs radically

First Year, "Three Wise Fools" and the other Golden successes.
But "Seventh Heaven" differs radically from the other Golden plays. Its scenes are laid in Paris and while it is in no sense a warr play, the world conflict gives its story a lurid background. Love and courage are its themes and in the regeneration of Diane, a waif of the Paris slums, and her "man," a roistering streetwasher named Chico, there is even a note of the spiritual. Where the other Golden classics were cross-sections of everyday American life, "Seventh Heaven" brings to the stage splashes of gay foreign color but with the same elements of fun, pathos and gentle humanity still in evidence. Ann Forrest, a young Danish actress who abandoned a promising screen career to join the Golden forces, will be seen as Diane and Louis D'Arclay, a Belgian who was trained in the Theatre Odeon and Mme, Rejane's repertoire company, Paris, has the role of Chico. Others in the cast are Grace Menken, John W. Ransone, W. H. Post, Remy Carpen and Isabel West. Mr. Ransone is well remembered by older playgoers as the German brewer in "The Prince of Pilsen" in which he frequently inquired "Were you effer in Zinzinnati?"

A Notable Cast in Paramount's "Pony Express"

A notable cast has been assembled in James Cruze's new Paramount production, "The Pony Express," to be shown at the Colonial Theatre on Monday and Tuesday. Betty Compson has the leading feminine role.—Ricardo Cortez appears as the hero of the story, a pony express rider. Ernest Torrence, as Ascension Jones, is a blacksmith and religious fanatic. Wallace Beery has a part which scintillates with real humor throughout. All four players are featured in the principal roles of the production, written for the screen by Walter Woods from the story by himself and Henry James Forman.

Forman.

George Bancroft, veteran character actor, has the important part of the villain, Jack Slade, Superintendent of the Overland Stage in Julesburg.

An interesting characterization is that of the half-breed Indian, Charlie Brent, played by Frank Lackteen. John Fox, Jr., who has grown considerably since he played the part of the tokacco-chewing boy in "The Covered Wagon," also has an important part in the story.

FEDERATION MEETING

(Continued from page 1)

The thirty-eighth year of the Andover of the Mycological Club of Boston, separated into Avarious parties. One group accepted Professor Moorehead's invitation to inspect the museum, a second was in search of mushrooms, a difficult quest on account of the dryness of the senson, and a third, following the suggesion of Principal Hamblin, walked to Prospect Hill and studied the landscape from the tower, assisted by the local fire warden, George D. Evans of Middleton. Later in the afternoon the groups again met at Punchard to partake of a mushrooms super and to discuss their various experiences. Eleven varieties of mushrooms were found, several of which were edible.

The officers of the Federation wish to express the appreciation of the organization for the splendid arrangements and program of President Chase of the Andover association and his associates.

Tuesday night in Fraterial hall. Plans were made for reorganization, and three members from each of the orders which make up the association were present, meeting with the directors.

It was voted to have one organization tark charge of the affairs of the association for a year, have entertainmeats, and direct any affairs that might come up to make money for the building fund. The Odd Fellows and Rebekahs will have charge for the rest of this year and until January 1927, then the Pythians and the Pythian Sisters will have charge for the year of 1927 until January 1928, and the Clan and its auxiliary the year of 1928 until January 1929.

This does not mean that the other organizations may not have any entertainments, but means that the orders in charge during the year will have general oversight of all that goes on. The other organizations are expected to help in all possible ways, and it is thought that in this way more will be accomplished.

Those who were on the committees that the typical the directors Tuesday evening were Arthur Rodger, Jesse West and Thomas Mrs. Thomas Neil, Mrs. William Orr and Mrs. George Cilley from the Pythian Sisters will follow from Andover lodge of Odfellows; Mrs. Edward Emslie, Mrs. Walter Buxton and Mrs. Ralph Berry from Indian Ridge Rebekah lodge; William Walker, Alfred Robb, and S. Mrs. Hutchins Given Surprise

Mrs. John Hutchins of Elm street was the guest of honor Tuesday evening when members of the Woman's Relief Corps gathered at the home of Mrs. Clare Norton, her daughter, with whom she lives, and presented her gifts in honor of her birthday. The event had been planned for August when Mrs. Hutchins observed her 80th birthday, but was postponed until she returned from an out-of-town visit.

A gift of gold was presented to Mrs. Hutchins by Mrs. Alexander Crockett in behalf of the corps, and a beautiful bouquet of carnations was given her by Mrs. Franklin Valentine. A number of gifts were individually presented her by members of the organization.

A social hour followed, including a musical program and refreshments. Mrs. John Hutchins of Elm street was the uest of honor Tuesday evening when

Returns to Mt. Holyoke College

The opening of Mount Holyoke this year, in the eighty-eighth year of its existence, is especially interesting, because it marks the twenty-fifth year of President Woolley's administration, and the simultaneous completion of the \$1,00,000 endowment and building fund, which is to be paid in full on the thirty-first of December, the anniversary of President Woolley's actual assumption of the presidency. This endowment assures the future harmonious development of the college which is already one of the best equipped of the colleges for women.

Rachel Boutwell, 67 Shawsheen road, has returned to Mount Holyoke College for the academic year.

The humblest New England village usually points with pride to the fact that it has sent out into the business or professional world some man who has brives in our country towns take pleasure in telling how they went to school with a man who has become president of some large Boston concern and often they delight in singling out a certain house as the birthplace of a war hero, or of a well-known financier.

These men who have made a mark for themselves usually left their native town and went to the large cities. In other words, the etties drain the country of its most talented men, in the same way that they drain the country of its produce. Rural communities need to export the products of their fields, but is it well that they should lose so many of their capable men? If an industry which has been situated in a small town proposes to leave, everyone becomes interested and tries to have it "remain at home." But if a bright young man plans to leave town he is allowed to do so without the slightest resistance. His place will probably be filled by someone who left his home town to take this place.

Promising young men leave town partly because they feel the "wanderlust" Center of the search of the found of the satisfactory men are to be found "at home." At home." Promising young men leave town partly because they feel the "wander-lust" common to youth. They tend to concentrate at the large centers about which they have heard so much. There they hope more easily to attain their measure of success, where opportunities are always supposed to be open for men of initiative and ability.

Another reason why young men leave the country is that the local employers are in the habit of thinking that they can hir more erapable men elsewhere. Accordingly, when they are in the market for men to fill postions, they turn, and to their own town but to other.

School work at the library has begun in earnest. Last Tuesday evening, visitors to the reading-room found it so filled with children of all ages, working and consulting reference books, that the supply-ochairs entirely failed. Late comers had either to stand or to sit on the floor. Is there any doubt that Andover needs a children's room in its library? One man who came that evening looked around and remarked: "Well, this is an object lesson for a larger library."

Preparations for the Manning high school team of Ipswich started in earnest at Punch-ard high Monday afternoon, when the twenty-five candidates that remain on the squad went through the stiffest workout of the season.

squad went through the stiffest workout of the season.

Several changes were noticed in the practice session in regard to the shifting of players. Coach Lovely used Batchellor in the backfield instead of Dan Doyle, and Willie Murphy at quarterback in place of McDonald. The other two backfield boys were Captain Gordon Coutts and John Phillips, both veterans from the 1924 team.

Bill McDonald and Dan Doyle were placed in the second team backfield to team up with Emmons and Luther Gulick. Walter Batchellor is only a freshman, having played on the Stowe grammar school team last fall, but he is fast developing into an aggressive "Miss Emma Daniels of last June's gradu-"

on the Stowe grammar school team last fall, but he is fast developing into an aggressive backfield man who is likely to see much service in the Manning game. It is, however, true that he lacks Doyle's experience, but under the careful eye of Coach Eugene V. Lovely he is bound to develop into a hard-

plunging back.

As Partridge, who up to the past few days had been playing guard on the so-called first eleven, has left the squad, Coach Lovely has inserted Davis, a short stocky boy, who weighs in the vicinity of 160 pounds, at right guard. Although, he too, is a freshman he is shaping up extremely well. Another first year man on the first varsity Monday was Gibson, who held down the position of left end. He is quite light but looks good, being fast and a good receiver of forward passes.

being fast and a good receiver of forward passes.

Russell Blunt and George Adams, two oterans, will take care of the tackle berths, and should do good work. Last year these two boys excelled on the line.

Morrissey, a member of last year's team, who tips the scales close to 165 pounds, played left guard and Joe Doherty took care of the pivot position.

Coach Lovely spent most of Monday afternoon teaching his boys the use of the forward pass. There is hardly a doubt but the fans will see a smart and well executed and concealed aerial attack this season at Punchard high. Previous to the lining up of the teams all the candidates had a strenuous session with the dummy and Coach Lovely showed his charges how to down the "unspoken image."

'Pomp'' Falls Victim to an Automobile

"Pomp," the thoroughbred Newfoundland dog belonging to Mr. and Mrs. Joseph Nuck-ley of Park street, met his death when he was run down by an automobile near his home last evening. Edmund Hutcheson, who was driving the truck claims that on account of the darkness of the streets he was unable to see the huge, black dog until he was almost upon him.

"Pomp," who would have been eleven years old if he had lived until spring, was a well-known figure not only in Andover, but in all the surrounding towns, where he was accustomed to ride as the constant companion of his master and mistress.

Make Restitution for Stolen Apple

Eliza Gaines, 51, and Martha Seweed, 53, accompanied by a husband and a son, Floyd Gaines and Theodore Seweed, all colored people of Everett, were interrupted in the task of picking apples in Phillips academy orchard off Morton street, Monday morning about eleven o'clock. Ten or fifteen bags were all ready to load into a Dodge truck. When arraigned in police court they protested that they had been told by a friend that the fruit was going to waste. Nevertheless they paid \$35 for the fruit which they had picked.

Saturday will be "Heart Day" in Andover

Saturday will be "Heart Day" in Andover, for the Volunteers of America, permission having been given to a representative of that worthy institution founded many years ago by Gen. and Mrs. Ballington Booth. This is a children's drive to help children in this state for all the work is to be done by the boys and girls, under the personal direction of a local leader, Mrs. Jennie S. Chase.

The following well known persons will represent the organization on the occasion, Rev. C. W. Henry, Rev. E. Victor Bigelow, Rev. Newman Matthews, Rev. C. Norman Bartlett, H. C. Sanborn, Mrs. H. S. Stone, Miss Ella Holt.

Headquarters will be at the office of the Cross Coal Co.

The Volunteers of America is foremost in its systematic spiritual work in the prisons in the United States, its Hope Halls and Farm Camps, where discharged or paroled may stay from one day to two weeks, while seeking employment, and for the great amount of good it does, looking after destitute families of prisoners in each State.

The committee sponsoring the affair announce the cordial cooperation of the merchants of the town in offering several good prizes as a "contest" incentive for the children, as well as rewards for the youthful workers. They are: First prize, a handsome sword fern, given by J. H. Playdon; second, a flashlight, given by C. A. Hill; third, an attractive and useful basket, given by The Whatnot; fourth, a Redi-point pencil, given by the Hartigan Pharmacy.

The manager of the Colonial Theatre has most generously offered to give passes to thos children securing \$3.00 for their tags.

Maud Ballington Booth said when she snoke over the radio recently: "More than it of the volunteers, among others, Gen. John J. Pershing, ex-Goveror Channing Cox, Gov. Alvan T. Fuller, Hon. Charles E. Hughes, Hon. William H. Taft, and President Calvin Coolidge.

The Inside Story

of the Exclusive Walk-Over Main Spring Arch

When you slip your feet into a pair of Walk-Over Shoes equipped with Main Spring Arches you feel at once that there is something different at last.

You get a wonderful feeling of comfort, a buoyant and light-footed sensation—and here's why-

The Walk-Over Main Spring Arch is made of extratempered steel, grooved to give added strength, and slotted for flexibility.

The forward end rests upon a cushion of live rubber. Shoes with the Main Spring Arch equipment combine the virtues of both the flexible and rigid shank.

If your feet are normal, the Main Spring Arch will give you a pleasing sense of support. If your arches need aid you will find the Main Spring Arch a relief. Many aches and pains you cannot account for disappear when the arches are lifted into place. Come in and see the newest Walk-Overs with the Main Spring Arches and let us show you this feature first hand.

Who Drives Your Car?

Mr. Motorist do you or your passengers drive your car? When you sit at the wheel and your friends are all nicely and comfortably located at your side or behind you in the tonneau, are you the person who is going to direct how that car is to be operated, or is your handling of it subject to the conversation of your passengers? That is, are you distracted to such an extent by what they say that you forget the business of driving and thereby leave yourself so heedless of what is taking place ahead of you along the country highway or upon the city streets that an accident of some kind is more likely to happen?

the remarks of such passengers?

It seems to us that placing the blame on the passenger for an accident from such a cause is simply "passing the buck." A driver who knows his business knows that he cannot and should not pay attention to remarks from the "tonneau" or anywhere else. If he is of a nervous type or easily confused by such remarks, and is really a safe driver otherwise, and intends to remain one, he has a remedy so simple that it is almost unnecessary to state it. A polite request from him will always prove effective in killing this hazard, and no safe driver who is annoyed and rendered unsafe thereby will hesitate to make use of it.

Great Majority of Men Only Think They Think

We pay a great deal of respect to "thinking," and seldom or never remusing, day dreaming—of imagining himself in fine situations, or justify-ing himself to his own satisfaction. A large part of the balance of his thinking is given to finding reasons for his beliefs and his prejudices. Of ac-tual creative thought there is in the life of the average man only a very small percentage. These are not the men, however, who make any original contribution. They accept things as contribution. They accept things as they are. The marvels that make possible their comfort, their travel, their entertainment, their livelihood, its something they never think about.

Attorney Kane, representing John T. Kilcourse a Lawrence contractor and others, stated that the change in management awould be effective at once and that the new owners would make many drastic changes in policy at the earliest possible moment.

The garages are among the largest in New England, the Main street garage, a two-story brick structure, has a capacity of two hundred cars and in addition has a complete mechanical repair and blacksmith shop. The Haverhill street garage, a three-story brick structure, with every known modern garage equipment, including a complete welding, blacksmith, painting and trie-repair department, has storage for over three hundred cars.

The new management operating under the name of the Shawsheen Garage, Inc., according to papers filed at the State House, Boston, consists of John T. Kilcourse, John P. Kane, William J. Delaney and Thomas A. Collins, secretary of the Lawrence Automo-bile club.

Figures given out by Alfred F. Foote, State Commissioner of Public Safety, show that the fire loss for August in the entire State reached a total of \$1,157,716.03. The number of fires was 458. Careless smoking was responsible for the greatest number of fires, eight; two fires and a loss of \$179,832.87 resulting from this cause. The careless use of matches resulted in twenty-three fires and a loss of \$23,312.26, and children playing with matches caused thirty fires and a loss of \$11,646.69. Malicious mischief is given as the cause of seventeen fires at a loss of \$17,879, and incendiary twelve fires and a loss of \$47,967.88. The causes of eleven fires are unknown but regarded as suspicious, the loss from them \$117,315.33. There were unknown, and the boss therefrom \$52,403.50. Of the 458 fires, 206 were in dwellings with a total loss to buildings and contents of \$373,672.91. Stores and dwellings combined had a loss of \$40,212. to to buildings and contents in thirty fires, and there were twenty-nine fires in unclassed retail stores with a loss of \$124,648.17 to buildings and contents.

New Ideas in Mental Tests for Children

In some of the elementary English schools, today, mental tests are made, and gauged by the quickness shown in solving certain problems presented pic-torially. One test, known as the Porteus maze, measures temperament as well as mind. Eleven mazes, graded progressively in difficulty, are printed on separate sheets, and the pupil is told that they show the paths in a garden surrounded by walls. He must find his way out by the quickest route. The showing made depends on the pupil's ability to work under pressure and to withstand distraction by unessentials in the material or by noises in the room. A cube initation test involves the touching of four numbered cubes in a certain sequence as indicated by the teacher, the combinations of numbers being made more and more difficult. Each test gives a certain

Boston sprung the biggest surprise in the American league Saturday by defeating Shawsheen 6 goals to 1, on the Walpole street grounds. Boston deserved to win on the day's play for they were the superior side, but not to the extent of five goals. It was not until after twenty minutes of play in the second period that the Boston team got the upper hand when Blair slipped between the backs and gave his team a two-goal lead for the second time.

goal lead for the second time.

Prior to this, after the opening of the second period, Shawsheen had pressed the Boston goal repeatedly, but failure to put on the finishing touch was the cause of the local team's downfall. The great defensive work of McMillam and McArthur, together with many good breaks, enabled Boston to keep their goal line clear. Three corner kicks fell to Shawsheen in as many minutes but all were wasted. Had they equalized at this point, things might have been different, but the necessary shot was lacking, and thereafter Boston forged to the front.

after Boston forged to the front.

In the opening half Shawsheen's defense was weak and this appeared to affect the forward line to some extent. In their eagerness to clear, Thompson and Wilson were both penalized for handling in the penalty area. Murdock saved the first free kick from McArthur, but Ballantyne put the second one past him for the first score of the game. In the case of Thompson handling, the referee was justified in giving the penalty but Wilson's case was purely accidental and might easily have been passed by.

Boston deserved to win and at all times had wonderful control of the ball, trapping and holding it at will. Shawsheen on the other hand was beaten at every turn and missed the good turf surface of Balmoral Field. The Boston front line, backed by good intermediates, played a clever game and the crowd saw real teamwork throughout. McIntyre, Hamil and Foy, the latter a new player, were Boston's strongest assests and Blair was the teams' big scorer with four of the six goals to his credit. of the six goals to his credit.

Wilson, the Shawsheen captain, won the toss and Baliar started the game. McMillan cleared in the first minute and Steele saved a fine shot from Cook. Play seesawed up and down and Ballentyne opened the scoring on the free kick awarded against Wilson for handling. After twenty-seven minutes of play Boston forced a corner kick. H. Lorrimer placed well and Bair shot past Murdock giving Boston a two-goal lead.

With one minute to go in the first half, Cook made a pretty pass to Smith who scored Shawsheen's only goal on a shot that had Steele beaten all the way.

There is some doubt in the minds of the executive committee, which has charge of the services, as to whether there is sufficient demand for these services. It does not seem advisable to hire a pianist or invite soloists and clergymen to give their services, unless the attendance and support of the people of the village is greater than it was last season.

The matter will be brought up for discussion at the service on Sunday evening, and the committee sincerely hopes that all interested will be on hand to express their opinions.

LEGION FLAG WAY INSTALLED

Old Glory to Fly Before Main Street Stores - Merchants Co-operate in Plan with Andover Post No. 8, American Legion

The plan for a Legion flag way, providing for beautiful American flags flying from poles at regular intervals along Main street is becoming a reality, twenty-six merchants having placed orders for flags and poles Twenty-four have already been installed, and more orders are coming in every day.

The Andover National Bank will have three flags, the Andover Garage will have two, and the following subscribers will each have one:

Carl Elander, Lawrence Cas & Electric Co.

The Legion flagway reduces the cost and trouble of decorating to a minimum. It also insured the proper observance of flag etiquette, because there is no question as to the position of the blue field and other details which confront the average citizen when he has to display a flag in some way other than on a pole.

The outfit used in the flag way is unique in itself. No rope halyards are used, a fact which eliminates many difficulties. An American bunting flag, four by six feet, with sewed stars and stripes, with strictly fast colors and brass gommets insures a flag that is good for many years service. The poleholder is 8 1-2 inches long and is imbedded in the sidewalk about a foot from the curbing. holder is 8 1-2 inches long and is imbedded in the sidewalk about a foot from the curbing. The flag staff or pole is of ash, twelve feet long in two six-foot sections, with brass ferrule at the joint. The pole is highly polished and mounted with a bronze ball set on a tapering top.

Commander P. E. Wilson contracted with the Sentinel Flag System, Inc., of Elmira, N. Y., to install the flagway in Andover.

Soliciting Postponed

The rain of Saturday postponed the tag day for the Volunteers of America as the chairman of the committee in Andover, Miss Margaret Hinchelife, thought that it was too wet a day for the children to be out. The day will be held next Saturday, and it is hoped that all those who are visited will contribute some small sum towards this work winch is so worthy. The Volunteers of America are especially interested in the welfare of the children, and they believe that by helping the young people the future of the country is assured. Every amount no matter how small-is welcome.

APPOINTED VISITOR

Dr. E. Victor Bigelow, pastor of the South church, has received the distinguished honor of being appointed a member of the Board of Visitors of the Andover Theological Seminary to succeed Dr. Campbell of the Highland church in Roxbury.

The Board of Visitors has oversight of the wonduct of the Seminary and of the Board of Trustees. Since the decision of the Supreme Court annulling the merger of the Andover Theological Seminary and School of Theology in Harvard University the problems of the institution are many and complicated. Possessed of \$1,000,000 in liquid assets, besides real estate, yet without an endowment sufficient to carry out the purpose of its founders under present-day conditions, its future is a matter calling for wise and careful study.

future is a matter calling for wise and careful study.

The present members of the board are Thomas Weston, a Boston lawyer, and Rev. Benjamin Wilmot of Roxbury.

The choice of Dr. Bigelow is especially appropriate since Rev. Jonathan French, a former pastor of the South church, who was engaged in training young men for the ministry, was instrumental in 1808 in originating the Andover Theological Seminary and among the first contributors to its funds were members of the South church, chief among whom was Mrs. Phoebe Phillips, wife of Judge Phillips, the grandson of the first pastor of the church.

Mrs. Joseph H. Lowd has returned to her home on Bartlet street after spending several weeks at the home of her son, Rev. Harry S. Lowd in Merrimac.

Omar P. Chase won four first prizes for his poultry at the Brockton fair which was recently held, receiving ribbons on his cock, hen, cockerel and pullet.

Three new wheels have been added to the alarm at the fire station. For a fire in the vicinity of the Osgood school 74 will be rung, for the River road 75, and for an out-of-town fire 94.

The Delta club of the town is planning a discovery party to be held in the Knights of Columbus hall on October 12. There will be special favors and novelties and a prize waltz. Buckley Franks orchestra will furnish the music. The public is invited.

Crossed wires in the motor of the organ at the Colonial theatre caused a slight smoke, resulting in the ringing of Box 58 early Wednesday evening. The spectators left the theatre in an orderly manner and when the firemen had departed, returned to witness the remainder of the program.

Mrs. George T. Abbott, who for the past Mrs. George T. Abbott, who for the past twenty-one years has had charge of the kitchen furnishings at the South church, has resigned her position, which she has so capably filled. Her work has been to take care of the silver and china after the various suppers held in the church, and she has carefully and faithfully performed her duties in this line, so that this part of the church work has been very efficiently accomplished.

The headquarters of Andover Post 8, American Legion, was the scene last evening of the annual harvest supper, served by the Woman's auxiliary to raise funds for welfare

work.

The tables were prettily decorated with fall flowers. Between the hours of five and seven o'clock, nearly two hundred people partook of the excellent supper which consisted of cold corned beef, potato salad, beans, relishes, rolls, coffee, pie, and dough-

beans, relishes, rolls, coffee, pie, and doughnuts.

Articles made by disabled veterans,
including jewelry, portfolios and pocketbooks in leather, woven scarfs, and Christmas cards were on sale in charge of Mrs.
Thaxter Eaton.

Mrs. John Henderson was chairman of the
committee and the following assisted her:
Supply — Mrs. Fred G. Cheney, chairman; Mrs. Freeman Abbott, Mrs. George
Carter, Mrs. Joseph A. Miller, Mrs. George
Brown, Albert E. Collings.
Kitchen — Mrs. Harry Gouck, chairman;
Mrs. Frank Markey, Mrs. Elmer Davis,
Mrs. Olin Richardson, James Fairweather.
Silver — Mrs. Percy Dole and Miss Edith
Abbott.
Pies — Mrs. Frank M. Foster, Mrs.

Abbott.
Pies — Mrs. Frank M. Foster, Mrs. Timothy McCarthy.
Tickets — Mrs. Robert Franz.
Chairmen of tables — Mrs. J. Hilton, Mrs. John Alexander, Mrs. Minnie Rodger, Mrs. Mary J. Garside, Mrs. David Hartigan, Mrs. Ralph Berry.
Waitresses — Mrs. Eastwood, Mrs. Douglas Hutcheson, Margaret Rodger, Anne Swenson, Doris Hilton, Angeline McCarthy, Mrs. John Doherty, Mary Barrett, Margaret Hurly.

Hurly.

A high standard both as to the supper and the entertainment was set by the "southenders" of the South church parish who entertained the "north-enders" at a harvest supper given in the vestries last Tuesday evening with the expectation that the courtesy will be returned by the "north-enders" next spring. Three hundred persons sat down in the beautifully decorated vestries to enjoy an excellent and bountiful supper, and the program which followed.

The vestries were decorated with autumn leaves, asters, and snowballs, and on the tables were pumpkin receptacles filled with garden flowers.

The menu consisted of cold corned beef, scalloped potatoes, squash, baked beans, relishes, celery, apple sauce, rolls, coffee, squash and apple pie, doughnuts and cheese. Following the supper, there were several musical numbers furnished by members of the parish, including a piano duel by Mrs. Henry C. Sanborn and Miss Marion Abbott, songs by Howard Harrington, and violin solos by Miss Susan Ripley.

Mrs. Lillian Prescott, wife of Rev. E. J. Prescott, minister of the North Parish church of North Andover, spoke charmingly of "Our Great-grandmother's Sabbath Day," giving a vivid word picture of the clothes she wore, her home, her family, and her activities, particularly those of the Sabbath day.

broken, when Coutts completed the second touchdown, as he scored two touchdowns on successive kickoffs.

Coach Eugene Lovely used almost every man on the squad in conquering the Manning team, and the majority of the scrubs showed up well. While not a touchdown was registered in the second period, with the Punchard second and third teams being used, they held their opponents on even terms. In this instance was shown the real strength of the Punchard first team and the comparative weakness of the second string material. The regulars were able to amass a total of 40 points in the first period, and the scrubs were unable to register in the second. "Lackey" Murphy, who was injected into the fray in the final quarter, proved conclusively that he has the-makings of a fine griditon warrior. His work down the field was excellent, making several fine tackles that won for him the plaudits of the gathering.

Just before the whistle blew ending the first quarter, Punchard was in possession of the ball on Manning's 30-yard line. An off-tackle play with McDonald carrying the ball, netted a touchdown for the suburban team. A moment later Dan Doyle scored when he was tossed a forward pass by Coutts, on the 20-yard line. McDonald kicked both goals.—At this point Capt. Coutts and Murphy were drawn from the game and the Punchard attack sagged a little.

Manning was enabled to make but one first down, and that coming in the final minutes of the game. Punchard kicked off to the visitors, who failed to gain an inch on two line plays. They then attempted a forward pass, that was partially blocked, but recovered it before it could come to the earth. On the next play another aerial was tried, this one being successful, netting a gain of 15 yards.

Judge Raymond in the jury waived session of the superior court at Salem last week, overruled the demurrer of defendant in the equity suit of Walter J. Morrissey of Andover against John McDonough, which sought an injunction against defendant proceeding with a building being erected over what plaintiff claims is a right of way by necessity from his rear land to Park street.

The demurrer was on the principal ground that the question of the existence of a right of way by necessity belonged in the Land court for determination, and therefore having a complete remedy at law proceedings in equity would not lie.

The suit will now have to be tried upon its merits and will probably go on the Boston list to get a speedy hearing.

news items confronting the reader of eastern Massachusetts newspapers this week.

Three hundred years ago the inhabitants of these parts had reason to expect an attack from the natives at any time and to protect themselves they regularly carried far-reaching gans. But the day when every man looked out for himself is gone. The development of the community has meant the disarming of the individual, while the work of protecting the people from banditry has been delegated to specialists in this sort of business. It is with good cause, therefore, that the public looks to the police when experts in committing crime do as intensive a business as they have been doing here of late. We have had three serious payroll robberies in the last few days. Two of these have been accompanied with murder, and thousands of dollars have been stolen in the Cambridge, Lawrence, and Waltham hold-ups. Such desperate crimes rightfully arouse a peaceful community, for a few desperados endanger the property and the lives of countes eitzens. When out for money, the lives of other people mean nothing to these men. As a result the whole populace is alarmed.

Andover has been fortunate enough to escape these large-scale operators. But in a smaller sense this town has experienced a number of breaks in the past few months. It does not seem that much has been done to bring the offenders are the first condition of the property of the past few months. The main step to be taken in a cambaign for the reduction of brigandage is to catch the guilty party quickly. This is a problem for the police to solve. Once this is done, if the courts are not lenient, would-be burglars will learn that to covet, to steal, and to kill are not profitable practices.

An exchange meeting of the garden department of the November club was held Tuesday afternoon at the home of Miss Kate P. Jenkins, with twenty-four members and visitors present.

A variety of perennial roots and bulbs was for sale in the summer house in the garden, after which the company went indoors to listen to a talk by Miss Hetzer of the Lowthorpe school in Groton.

Specimens of flowering plants and fruiting shrubs which are desirable for the fall garden were shown and described by the speaker who also gave many useful hints for division of perennials and transplanting at this season. Four members of the Lawrence Garden club were present.

At the close of the meeting, tea was served. The next meeting will be held Tuesday morning, November 17, at ten o'clock, with Mrs. T. Dennie Thomson, Abbot street.

St. Augustine's church was the scene of a
pretty wedding Sunday afternoon at four
o'clock, when Miss Mary Burbine, daughter
of Mr. and Mrs. Angus Burbine of Buxton
court, was married to Eli Surrette, son of Mr.
and Mrs. James Surrette of Eelbrook, Nova
Scotia. The ceremony was performed by
Rev. John A. Nugent, O. S. A., pastor of the
church.

Rev. John A. Nugent, O. S. A., pastor of the church.

The attendants were Miss Frances Mc-Grath as bridesmaid, and John Burbine, a brother of the bride, was best man.

The bride was charmingly gowned in a white georgette dress, trimmed with pearls. Her tulle veil was caught up with orange blossoms and she carried a shower bouquet. The bridesmaid was dressed in a pink georgette dress with a picture hat to match. She carried pink carnations.

After the ceremony a reception was tendered to relatives and friends at the home of the bide's parents.

A wedding trip to Nova Scotia will be taken by the young couple, and upon their return they will reside at 10 Buxton court.

Mother's Club Notes

The regular meeting of the Andover Mother's club and Parent-Teacher Association was held in Punchard school Wednesday afternoon, with a good attendance of members present. Mrs. James Walker, president of the club, presided at the meeting. Mrs. Lillian Cole and Mrs. Angie Miller were chosen delegates to represent the club at the state convention which will be held in Springfield, October 28, 29, 30. Miss Moreton, school nurse, gave a very interesting talk in regard to her work among the school children which was greatly enjoyed by those present. The club voted to give a generous donation in aid of Miss Moreton's work as school nurse.

Welcome Home MacMillan Arctic Expedition

ZENITH WEEK—Oct. 4 to Oct. 9

Our Greetings to Commander MacMillan and Commander

McDonald—home from the Arctic.
The story of the MacMillan Arctic Expedition—"the greatest expedition of modern times"—is also the story of another triumph for Zenith radio.

"Zenith" was MacMillan's exclusive choice because he had found by actual experience that it gave sure, dependable results.

Zenith radio in the Arctic established new records for long-distance

communication, penetrated the heretofore impenetrable Auroral Band. On this, his latest voyage to the Frozen North, Zenith radio enabled him to keep in instant touch with America, Europe, New Zealand—to all parts of the world—and to send back word of his discoveries to the civilized world.

What was good enough for MacMillan, the radio he relied upon and never found wanting, is good enough for you.

At the time we welcome home the MacMillan Expedition we welcome also the opportunity to demonstrate Zenith—"the best there is in radio"—in your home, at your convenience. Call or telephone, today.

Truck and Plow for Winter

At the monthly meeting of the Board of Public Works held Tuesday evening, it was voted to make application to the Massachusetts Highway Commission for a truck and plow to be used in clearing the main highway of snow this coming winter. The town will have to pay the cost of the maintenance of the plow, together with paying the chauffeur and repairs.

As 175 tons of bituminous coal is needed by the town, it was voted to authorize the clerk to call for bids on the coal.

The hydrants of the town are to be repainted red and yellow. The top of the hydrant will be a bright red and the lower part yellow. This action was taken because of the impossibility of distinguishing the hydrants in the winter time, with the top painted white.

It was also voted to install a cement sidewalk on Wolcott avenue, from the point where construction ended last year, to the end of the street.

It was also voted to re-shingle the pump house on Bancroft road.

King ard Queen Visit Ford Exhibit

When King George and Queen Mary visited the British Empire Exhibition at Wembly recently, the official time card prepared by the King's advisors permitted a five minutes' stay at the Ford Motor Company's exhibit ,but when the royal couple reached the exhibit, they became so interested that they remained for half an hour. Each asked eager questions and manifested deep interest both in manufacturing methods and demonstrations of Ford car quality. An assembly line, similar to the one which drew so much attention in New York during the automobile show season last January, particularly interested their majesties.

January, particularly interested their majesties.

"Wonderful," exclaimed the King as a completed car was driven off the end of the line and skilfully turned around in the narrow space available.

Both the King and Queen asked numerous questions about the welfare of the employees. Working conditions of the men and their living conditions and wages were of particular interest to the Queen, as was the incident of a laborer who started in the Ford Plant at Manchester at the minimum wage and rose to a salary of 5,000 pounds a year.

Sighting the 250,000th British made Ford car, which was on display, King George was prompted to inquire the yearly production figures in England. He was informed that 40,000 Ford cars are made in England annually by British workmen.

"No wonder the reads are so crowded."

CROSS WORD PUZZLE

Mr. and Mrs. Earl Jose of Norfolk Downs, Bertram Jose and son Bertram, Jr., of Somerville were recent guests of Mrs. Annie E. Littlewood, Center street. annually by British workmen.

"No wonder the roads are so crowded" was his Royal observation.

Before leaving, both the King and Queen signed the visitor's register. A delegation of members of Ballardvale

lodge, No. 105 are planning to attend the annual harvest supper at Brook lodge, Methuen, Wednesday evening, October 21. HOW TO SOLVE A CROSS-WORD PUZZLE

When the correct letters are placed in the white spaces this puzzle will spell words both vertically and horizontally. The first letter in each word is indicated by a number, which refers to the definition listed below the puzzle. Thus, in under the column headed "horizontal" defines a word which will fill the white spaces up to the first black square to the right, and a number under evertical" defines a word which will fill the white squares to the next black one below. No letters go in the black spaces. All words used are dictionary words, excent proper names. Abbrevlations, slang, initials, t.chaical terms and obsolete forms are indicated in the definitions.

New England's Neighborhood Toll Service

If you don't know the number ask your local information operator

Nowadays in New England, calling a distant telephone is as simple as calling a telephone across the street.

"Neighborhood Toll Service," in every detail, follows the familiar routine of a local call.

Signal your own operator. Give her the number you want. Hold the line for a completed connection or a report.

This is the fastest, simplest form of toll service known. Yet along both the highways and byways of speech, the miles must still be dealt with by men and women, and machines. You must not expect quite the speed of local calls.

With a few exceptions, we do not undertake at present to give this service topoints beyond our own territory.

We do give it between more than a million telephones in five states. It is thoroughly practical, else it would not be offered.

MASSACHUSETTS HIGHWAYS

Travel Conditions on Through Route October 1, 1925

October 1, 1925
BULLETIN NO. 36
The following condensed statement as to conditions of highways in process of construction and repair, under direction of the Massachusetts Department of Public Works, Division of Highways, is issued monthly during the season of heaviest travel. Reports of conditions on important roads in the Commonwealth, not covered in this bulletin, will be welcome.

Information relative to road conditions is also broadcast every Friday evening at 7.45 o'clock from station WNAC, Boston.

Automobilists are requested to use detours preference to using roads 'under construction wherever practicable.

Observe carefully road marks and lights. Keep to the right of the center line on curves and wherever it is marked or defined.

A map of the State showing the numbered routes is now available at 25 cents per copy.

ESSEX COUNTY AGRICULTURAL SCHOOL NOTES

The Extension classes in dressmaking, under the direction of Mrs. Mary M. McIntire will this week start in the fall and winter

Classes are already started in West Boxford, Danvers and West Newbury. The work so successfully started last year at the West Lynn plant of the General Electric is to be continued with a large number on the maiting list. Here they work under the most tavorable conditions. As the class starts at 5.00 p.m., a lunch is provided by the company at slight cost to the girls.

For the first time, application has been received for classes to be formed for the employees of the Ipswich Mills. This work is carried on by the Extension Department of the Essex County Agricultural School, of which Miss Marion P. Crawford is the Home Demonstration Agent.

School Notes

The Danvers Grange Men's Degree Staff worked the second degree at Georgetown during the past week. H. T. Stowell, R. L. Smith, H. P. Thurlow, and R. H. Denman, instructors at this School were members of the degree staff. Instructor Stowell is serving a second term as master of the Danvers Grange.

Students at the Fair

Essex Aggie students were much in evidence at the Topsfield Fair. Not only did they help in setting up and taking down various exhibits, but they succeeded in winning some of the prizes. Paul Bubier of Rowley, won first prize on carrots. Paul Isley of Georgetown won first prize on melons. In the Junior Cattle judging contest, Robert Mooers of Haverhill won the distribution of Haverhill won second prize of seven dollars, and Harry Nelson of Clittondale, won third prize of five dollars.

Franklin E. Heald of the State Department of Education, visited the various classes on Wednesday of this week. Mr. Heald is the Agent for Agricultural Teacher-Training, and makes frequent visits to the Agricultural Department.

To Camp Vail Through Club Work
Francis Eldridge of Georgetown attended
the Eastern States Exposition as the 4-H
Club delegate from this county. Probably no
other boy in the county has built up through
club work, a good sized poultry enterprise
with so little outlay.
Early in the spring of 1921, while working
in the DeQuoy Poultry Farm, he purchased
one hen with a brood of Wyandotte chickens.
From this brood he raised five pullets. He
built a 6x8 house, using wood from old boxes,
and then joined the 4-H Poultry club.
In the fall of 1922, Francis entered Essex
Aggie, and from that time on, he has made
progress in the study of poultry.
After being one year at school, his parents
bought a small farm and Francis built a
brooder house and raised two hundred
chickens, besides starting a strawberry bed To Camp Vail Through Club Work

FIRST MEETING SUCCESS Found Life Happier With Gathering Years

Here's an editorial written by A. B. Farquhar, who died the other day in his eighty-sixth year. It's in the last chapter of his autobiography, and it sums up life as he saw it after he had

One of the funniest things that ever came up in Judge Summerfield's court was a suit for the annulment of a marriage, instituted by an irate father. marriage, instituted by an irate father. It seems that the young couple, though their intentions had been suspected and they had been closely watched, had managed to elude the vigilance of their elders in a manner

1. That it it is, as a rule, safe to trust human beings. Comparatively few are unfair, if you are fair yourself.

2. That troubles and apparent affliculties are but stepping stones to progress—the most practical way of learning—and, as Greeley said, "The way to resume is to resume."

3. That there is nothing that will take the place of work, either to gain working for success or to gain happiness or to gain both—and I think it is possible to gain both if, in the striving and working for success, the dollar is not put above the man.

4. That one can and must keep faith with oneself.

BELL - WILKINSON

BELL — WILKINSON

The wedding of Miss Edith V. C. Wilkinson, daughter of Mr. and Mrs. Thomas Wilkinson of 84 Brown street, Methuen, and O. Arthur Bell, son of Mr. and Mrs. David 3ell of 413 North Main street, became known recently when members of both amilies learned of their secret marriage. The ceremony was performed on September 72, by the Rev. Charles W. Henry, rector at Christ Episcopal church. The witnesses were E. Barton Chapin and Mrs. C. W. Henry. Mr. Bell is one of the most popular youngmen in Shawsheen and the news of his marriage comes as a distinct surprise to his many friends. He was a member of the Lawrence Masonic bowling commission last winter and is employed as a meat-cutter.

P. T. A. to Meet

The opening meeting of the ParentTeacher association will be held next Wednesday evening, October 14, in the Shawsheen
school hall at 7:45 o'clock. All members are
urgently requested to be present at this first
meeting and any who care to join the association are cordially invited to attend.

The association performs an important
work in the community and gives the
parents an opportunity to discuss school
affairs with the teachers out of school hours.
Prominent speakers in Parent-Teacher work
also tell of the various problems that have
to be met both in the schools and at home.
There will be an informal reception to
the teachers and a speaker will be present.
Refreshments will be served.

The rain came down in torrents and washed away the marking on the field and with pools of water all over the field, good playing was impossible.

Shawsheen lost the toss and were forced to face the driving rain with a handicapped team, and in the first minute of play, Muridock had to save from Best. New Bedford immediately forced two corner kicks, but Stevens failed on both of them. Shortly after, Maxwell was going through the Shawsheen defense when he was dropped in his tracks, but Montgomery lifted the ball over the bar on the free kick just outside the penalty area.

The chief trouble is that the dance hall, lacking fresh air and with a crowd in addition, is a good breeding place for colds. Then, too, it is not unusual for young people to lose sleep through regular night after night attendance at the dance hall.

Now the State Department of Health does hot wish to suggest that the dance hall be taboo. The Department is merely advising moderation. Young people should not spend every night at the dance hall and should not forget that there are other things of importance, such as educational entertainment and most of all the out-of-doors.

Phillips Andover academy won its first

Phillips Andover academy won its first game of the season on Saturday, mainly because Capt. "Hal" Sandberg was capable of booting a field goal from the 30-yard mark in the second period. A pretty forward pass from Sandberg to Gill for a net gain of 12 yards, which was helped along by a penalty inserted against the visitors, put the blue captain in a fine position to kick the oval over the cross bar just inside the uprights which gave his team a 3 to 0 victory of the control of the season of the season of the poor weather conditions and were unable to present their best. However, they did very well and gave the few hundred fans present yell and gave the few hundred fans present plenty of entertainment. A forward passing attack by the Dean boys in the final period I rought the ball away down into the Blue's territory, but a costly fumble which was recovered by a blue-jerseyed warrior probably saved a defeat for the Andover team. Next Saturday the Harvard Freshmen with one of the best yearling teams in many years will oppose Andover in what should be a real battle. John Prior and Sam Burns, regulars at Andover last year, will be with the Crimson subs.

"One thing I can't understand," re-marked Jones to his neighbor, Smith, as they walked home one evening, "is what has happened to all the boosters that used to infest this town." Smith laughed. "That's easy to explain," he replied. "It's like this. All the boost-ers who haven't sold their real estate have bought some."
