Ruth Webb, a former Andover girl, now a concert pianist will give a recital in the high school hall, Haverhill, under the auspices of the Haverhill Women's Musical clubs on Friday, December 4. Spare the Mountain Laurel

Editor of The Andover Townsman. Sir:—
The accompanying letter from the Society for the Preservation of Native New England Plants deserves the attention of all Andover citizens. The local Chamber of Commerce, through its directors, has voted its approval of the appeal to preserve the Mountain Laurel. We earnestly ask our fellow citizens to refrain from using Mountain Laurel, either for its flowers or its foliage.
Very truly yours,
Andover Chamber of Commerce, by H. M. POYNTER, President
To the Chamber of Commerce:
The Mountain Laurel (Kalmia latifolia) is being used in such quantities for Christmas decorations in the stores, markets and streets of many of our cities that unless the custom is discontinued or greatly lessened, the plant is threatened with extermination. Will you use your influence with all your members to discourage its use, as it is a very slow-growing plant, and suffers from being cut twice each year—in the spring for its flowers, and in the autumn for its foliage. We feel that your influence would aid greatly in discontinuing the use of Laurel in decorations, and thereby help preserve one of the greatest assets in New England's scenery.

Boy Scouts Attend Church in Body

The Boy Scouts and Boy Rangers of the Free church were special guests on Sunday morning and occupied seats in the front of the auditorium. Rev. Alfred Church, the pastor, spoke especially to them before the regular sermon. John W. Cameron the scout master, was in charge.
Mr. Church took the two commandments, "Honor Thy Father and Thy Mother" and "Thou Shalt Not Steal" for his subject citing the President of the United States as a shining example of one who honored his father and gave him thoughtful consideration. In reference to the second commandment, he again cited Calvin Coolidge who always put a two-cent stamp on his personal letters although he had the privilege of using the postage stamps made in documents, but he could not afford to give a stamp in personal greetings in a government envelope. Mr. Church said that there were many ways in which one might steal other than by taking things that did not belong to him.
Special music was rendered by the choir.
Certificates were given out to the following boys: Silver Fox patrol: Thomas Low, Charles Stimpson, Roland Low, Stanley Swanton. Wolf Patrol: William Mackenzie, Morris Williams, Andrew Jackson, Alfred Robb, James Skea, J. Cairnie, H. Gordon, T. Cairnie, William MacCord.

Dr. Stearns Speaks in Wakefield

"This selfish doctrine of life that preaches self-realization, self-expression and self-determination, is more responsible for the lawlessness of today than the reaction of war," said Dr. A. E. Stearns, principal of Phillips Academy, in an address before the Kosmos club in Wakefield last Friday.
The meeting was held in the Congregational church of Wakefield and was largely attended. Dr. Stearns had for his subject "Youth and the Law."

**Editorial**

The official announcement of the exodus from Andover of part of the administrative offices of the American Woolen Company brings nothing but regret to the people of Andover, for the presence of the executive offices here has meant growth and prosperity to this town. Although the present announcement states that only part of the executive offices are to leave the Administration Building for Boston, it seems probable that others will follow in due time.

The departure from Andover of the headquarters of so large and influential a corporation will mean serious losses for our town. Business conditions will tend to become less active, and the local storekeepers may be hurt. It is possible that some of the larger establishments, such as the Merchants Building and one of the garages, may have to be given up.

With the departure of the executives and clerical force there will be a tendency for some of the houses to become vacant, in which case real estate values temporarily may fall somewhat. If such a situation results in decreased revenue for the town, certain projects now under consideration for the improvement of this community will either have to be abandoned entirely or greatly limited in their scope until a time when our financial

situation will be more promising. Until then, a policy of rigid retrenchment should be carried out in our town government unless the tax rate is to be increased next year. In case property at Shawsheen receives a lower assessment, the removal of the company offices is something that every local citizen will deplore.

If the executive offices of the Woolen Company do abandon Andover entirely, there is but one development for which we can hope; that is, that the remarkable building which is now being deserted should be put to some beneficial use—if not by the present proprietors, then by some other organization. To have some promising industry locate here would mean continued prosperity.

**Chrysanthemum Day for Lawrence Anti-Tuberculosis League**

The annual chrysanthemum day, to aid the work of the Lawrence Anti-Tuberculosis League will be held tomorrow.

The committee in charge of the so-called in Andover includes Mrs. Charles P. Gabeler, chairman; Mrs. H. Gilbert Francke, Mrs. Charles D. Thompson, Mrs. Donald Appleton and Mrs. Archie Frost.

The proceeds from the drive will be used primarily to support the vacation camp at Boxford, maintained for undernourished children of Greater Lawrence. The benefits to the young vacationists who enjoyed the fresh country air and suitable food was so marked, that the League aims to purchase a suitable location, and make the vacation camp a permanent part of its program.

Andover has supported the Lawrence League generously in years past and the privilege of helping along the good work and at the same time enjoying the favorite flower of the season will appear in many.

**KENT—WHITCOMB**

Miss Rose Whitcomb of Andover and Walter W. Kent, son of Mr. and Mrs. Charles R. Kent of 847 Turnpike street, North Andover, were united in marriage last Saturday afternoon. The ceremony was performed by Rev. E. Victor Bigelow of the South church, the double ring service being used.

The bride wore a gown of white georgette silk and carried bride roses. The bridesmaid wore a dress of pink satin and a black hat. She carried a bouquet of pink carnations. Miss Alice Kent, sister of the groom, was bridesmaid, and Horace P. Eaton Jr., cousin of the groom, was the best man. The bride's present to the bridesmaid was a string of pearls and the groom's present to the best man was a pair of gold cuff links.

A chicken dinner was served at seven o'clock at the home of the bridegroom. The house was prettily decorated and many guests were present.

Numerous beautiful presents were received. The happy couple received the best wishes of their many friends, and left on a trip to New York. Upon their return they will reside in North Andover.

Following the marriage ceremony, the couple visited Mr. Kent's father at the Lawrence General Hospital, where he is recovering from a fractured hip and other injuries sustained by being struck by an automobile.

**Communication**

To the Editor of the Andover Townsman:

Will you kindly publish the following communication?

At the regular monthly meeting of Andover Steam Fire Engine Co. No. 1, it was called to the attention of the Company that many friends of the Firemen felt somewhat slighted because they did not receive invitations to their recent clam bake "get-together".

The members of the Company regret that any citizen should feel that any slight was intended and hasten to correct this regrettable impression. With a seating capacity of less than 150, it is evident that only a limited number can be accommodated, whereas the number of friends the firemen would delight in entertaining would require a space as large as the Town hall.

The Engine House clam bake given to the citizens of the town has been a custom, carried out for many years, bringing together all classes and professions and the possibilities of good to the Town have been very apparent by these gatherings to all the e who were so fortunate as to be present and enjoy the firemen's hospitality.

Perhaps a solution may be found in having two clam bakes each year, and by this method bring together every citizen and friend interested in the Andover fire department and its personnel. Trusting that this explanation may meet with the approval of those who unfortunately were not able to be entertained by the firemen at their recent clam bake.

Respectfully yours,  
HENRY TODD, Captain  
for the Fire Company
