Dies in Attempt to Heat Kitchen

John Gillespie, 52, was found dead in the itchen of his home at 15 Balmoral street lusslay evening, apparently a victim of ecidental suffication or monoxide gas oisoning. He had been dead two days when isscovered by Officers James Walker and virhur Jowett, the latter of whom lives on the other side of the house. The two officers roke down the door, not having seen him nace he entered the house Sunday evening. John Henderson of Reading, formerly of modover, who accompanied Gillespie home unday evening reported to police that in officer to heat the kitchen Gillespie had med on three gas flames, two in the top ts and one in the oven. Henderson left on after. Apparently the victim then fell leep, and passed away in his sleep. As the blice reconstructed the death, the gas mes had evidently burned up all the oxygen the room, which was about 11 feet by 12 et. After the man succumbed, the kitchen came very hot, and in a few more hours rer probably would have been an explosion. few bottles of water removed some distance m the stove were still hot when found. The fly was badly burned. When the police ered, the three burners were still going force. Assistant Medical Examiner Dr. orge B. Sargent examined the body. If Gillespie was a mule-spinner in the rland mills. His only survivor is a sister, s. John H. Kelly of Wakefield.

The funeral was held yesterday afternoon the Lundgren funeral parlor. Interment in West Parish cemetery.

Problems to be faced with an enlarged enrollment next year, the possibility of having to eliminate baseball this spring, the need for new reference books at the school library, and the difficulties in adjustment in the freshman class are all treated concisely in the annual report of Nathan C. Hamblin, principal of Punchard high school.

Mr. Hamblin states that although he had expected a maximum (for several years at least) enrolment would be reached this year, it seems sure that the present total of 450 will be considerably exceeded next seems sure that the present total of the principal states that although he hiring of an additional teacher and the use of Punchard hall, without desks, as a study room. The commercial department particularly feels the strain. The school board in its budget is allowing for extra teachers. A deficit in the Athletic Association treasury will probably cause the dropping of high school baseball this year, the principal reports. The association's indebtedness is \$100, while \$300 more would be needed for the baseball season.

In what is probably the most interesting section of the report, Mr. Hamblin states that despite the fact that the present freshman class contains eighteen honor students, there is a large number of almost complete failures caused by indifference, immaturity and inability. Because of the crowded conditions in Stowe school, Mr. Hamblin states that it is unfair to send the children back or ask that they be kept there. "When these failures reach the age of sixteen we are recommending their withdrawal," the principal states.

Mr. Hamblin also feels that students unable to keep up to college requirement

The possibility of the awn's securing a grant for its school project was greatly strengthened this week when it was announced that President Roosevelt intends to ask Congress for an additional appropriation for the Public Works Administration. There are about 6,400 projects in the same class as Andover's, involving about \$2,900,000,000. Public Works Administrator Ickes reported that a compilation as of January 24 showed that only \$1,527,216 of the original \$3,300,000,000 remained unallotted. He said to date PV A has made allotments for about 15,000 projects. Despite depletion of the public works fund, the P W A has continued receiving applications at the rate of 300 a week.

Junior Class Dance Tonight

The junior class of Punchard high will hold a dance this evening in Punchard hall, with dancing to be enjoyed from 8 to 11.30.

The committee on arrangements: Miss Barbara Bartlett, chairman; Miss Priscilla Abbot, Miss Helen Hardy, Miss Doris Collins, Miss Jeannette Reed, Alan Chadwick, Harry MacKenzie, Ronald Valentine and Frank Kefferstan. A sum of \$3990 is being asked of the town this year for work on the assessors' survey, dropped last year at town meeting. This sum will not complete the work, however, since it is now estimated that \$7070 is required to finish the survey, instead of the \$8560 estimated two years ago. The reason for the increase is that the assessors are planning to do more intensive work in Ballardvale and on Salem street, and there is also a slight rise in the cost of aerial surveys.

J. Everett Collins took out his nomination papers for school committee last Saturday. All papers have to be filed for certification by five tonight.

To Hold Supper
Tomorrow Night

What could be more satisfying on a winter's night than to sit down to a hot chicken pie supper? A pie not camouflaged with pieces of potato, chunks of carrots, a fat onion and a few stray bones tucked under the crust, but a pie filled with delicious white meat and rich gravy, topped with flay crust which fairly melts in one's mouth. Such a pie will be served to all comers on Saturday evening at the parish house of Christ church from 5.30 to 6.50. The supper is sponsored by the Woman's Guild and the tickets will be moderately prices.

In addition to the pie there will be fluffy mashed potatoes, tender peas, a savory abbage salad, rolls, pickles, hot steaming coffee and luscious whipped cream layer cakes.

Provisions will be made for 200 so hungry mortals are advised to buy their tickets at once to insure a reservation.

The committees follow: General chairman, and the content of

Too many students are electing the college preparatory curriculum. The result is a large umber of failures. College requirements sermit no lowering of standards. Preparation n four years means steady work of high grade. Unless a pupil has shown the ability and willingness to lay a good foundation specially in mathematics and language, it is waste of time to try to prepare for college xaminations here. Had we means to offer the cademic subjects to all at varying rates of rogress, more pupils could be benefited by hese courses; but when one section only can e assigned to a college preparatory course—hat course must be conducted at the highest volve. It is hard to make parents understand at other lines of success are just as worthy is those leading through college.

The past term, a health-council has been frence. It is hoped that a better understanding of the community health problems as well those of personal hygiene may result. We ok forward to the new gymnasium with its ercise-for-all program.

Many of our needs will be met by the readjustments following the new building project, Of the others, three are daily and increasingly felt; lockers for the coat rooms, desks to replace some that have been in use nearly forty years, and a clerk for the school office.

Talks on Welfare at League Meeting

The annual candidates' meeting under the auspices of the League of Women Voters will be held Tuesday evening, February 27, at eight o'clock in the town hall.

The meeting of the League of Women Voters on "Welfare Work in Andover," held at the Shawsheen Administration building on February 6, proved to be very interesting and informative. The organization of the program was very ably handled by Mrs. Horace Doynter, who had gathered complete statistics on all welfare work carried on in Andover in 1933. She was greatly helped in this work by Mrs. R. N. C. Barnes, Mrs. Nellie Cunningham, Mrs. Romeo David, Miss Margaret Davis, Mrs. Ralph Hadley, Mrs. Wilfred Lord, Mrs. Harold Rutter, Mrs. Robert Franz, and the presidents of church organizations and private clubs, to whom a special tribute of thanks is due. Mrs. Roscoe Dake compiled a chart indicating the essential points under the town appropriations for welfare so that the audience could readily follow the work of the various departments as the reports were made.

The first part of the program included the work carried on by resources gained through public taxation. Dr. J. J. Daly, town overseer of public welfare, reported on the town infirmary and the so-called outside work, relief accorded to people in their cwn homes. As head of the C.W.A., he gave a full account of the work carried on under that organization. Under the School Appropriations, twe reports were read by Mrs. Charles Thompson; that of Miss Croinin, the dental hyginist, which explained the work achieved in the care of the teeth, and that of Miss Edith Moreton. school nurse, which gave an idea of the excelent preventive work that she is carrying on. For the Board of Health, Miss Marie Campbell read the report of the baby clinic, which has been taken over by the town from the Red Cross, and mentioned the work of the cardinary of the cardinary

Lowell Dollar Days **Today and Tomorrow**

Friday and Saturday, February 9 and 10, are Dollar Days in Lowell! To the shopper acquainted with the savings which are customarily offered on these semi annual Dollar Days, it is practically unnecessary to give any further details of the shopping attractions for this week-end in that city. But the coming Dollar Days, strangely enough, are unique, because of the unusual demand made upon the stocks by the record breaking holiday season business of the members of the Merchants' Division, of the Lowell C hamber of Commerce, who are sponsoring these first-of-the-year, Dollar Days. Merchandise which is new, stylish and especially priced, will be offered at prices that, if the shopper can recall the quoted prices of last month, will indeed be attractive.

Dr. Fuess Returns

Bishop Sherrill:
Dear Friends:
The Presiding Bishop has called us all to a deeper loyalty to Christ and His cause. In the face of the need of the world, in the light of our own pledged discipleship, we are called to be truer followers of the Master. We must deepen our lives by prayer, and by consecrated thought and action I ask every member of every parish in the Diocese for regular attendance at public worship, for a certain period of every day for reading of the Bible and for prayer, with a practica application of Christ's teaching to every relationship of life. Especially I ask that on the first Sunday in Lent every confirmed person receive the Holy Communion in tenewal of Baptismal and Confirmation promises, that as a Diocese we may respond to God's call.

HENRY K. SHERRILL.
There will be celebration of the Holy Communion at 8.00 and 10.45 on Sunday, February 18.

Life is worth living, if only for its taking of chances.
