Chats About You and Us and the Other Folks Here in Andover

4:45 vs. 4:30

We didn't get a chance to hear the Punched senior thespians act over the radio last Friday afternoon. Neither did a large number of other people who turned on their radios at 4:45, the announced time, for some ingenious official had moved the program up to 4:30.

The freshman class teachers dismissed their classes as usual at 4:30, and then rushed home to hear the program. Some of them had the sign-off, but that was all. Fred Col, who belongs to a profession which makes him hope that Punched students never get to be like certain Harvard students, rigged up a radio especially for the occasion, and between 4:30 and 4:45 he is reported to have tuned in on the station just so that he'd have the dial set right. Then he shut it off and waited for 4:45.

Seavenging and Street-Cleaning

Wonder if all these people scurrying around scavenger hunts have ever looked up the definition of "scavenger"? We have—both scurried and looked up—and the scurrying was much more pleasant than the looking up. Webster, so our "college, home and office dictionary, self-pronouncing" tells us, defines "scavenger" as "a man employed to clean up any other deleterious matter." And that's what people do when they go out on a scavenger hunt—look for a street cleaner.

Of course the dictionary we used wasn't modern, because it had a picture of a fellow named Herbert Clark Hoover in the front of it. If Noah were to rewrite his book today, he might define "scavenger" as "someone told to go out and make more or less of a fool of himself."

It's fun, though. We were on a hunt last week in which we had to procure five ticket stubs from the Palace theater in Lawrence, and that involved both panhandling at the door and having the usher use his flashlight on the floor. Another couple had to get the signature of the Methuen chief of police on a white egg, and they found that dignitary in his undershirt and bare feet ready to go to bed. He complied, John D. Newell, the organizer at Christ church, also had to provide his signature a while ago for some Girls' Friendly society girls on a scavenger hunt. Another couple had to secure a time exposure picture of the Lawrence Gas and Electric company sign in Lawrence, and that involved standing on Essex street. Still another couple—remember this was not the Girls' Friendly party—had to get a glass of milk from the Hofbrau in Lawrence—the Hofbrau being a place famous for other liquids than milk.

Last night we received a call for a rattle, which incidentally we couldn't supply. Other than that, we've heard of a number of fellow scavengers in Lawrence, and that involves a search for a scavenger hunt card: a hip rubber boot, a bouquet of garden flowers, a roller skate, a pair of rubber pants, a croquet mallet, a Eugene hat, a blue print, a cone, four different colored buttons all the same size, a "No Trespassing" sign, a police badge, an

News of Other Days

What You and Your Neighbors Were Doing in Days Gone By

Twenty-Five Years Ago

The school committee met on Tuesday evening, but transacted no business of importance.

Mr. and Mrs. Harry Chadwick returned to Andover from New York last Sunday evening and have taken up their residence on Maple avenue.

Miss M. Winnie Burt was elected president of the South church circle of King's Daughters Tuesday evening.

Shirley Barnard, daughter of Mr. and Mrs. H. W. Barnard, is recovering from a mild attack of diphtheria.

An advertisement of Dove and Hill in the 25 years ago Townsman gives the results of the "first real cost-test ever made, automobile vs. horse; Maxwell, per passenger mile, 1.8-10 cents; horse and buggy, 2.1-2 cents. The ad further states that with an automobile "Expenses stop when not in use," but with a horse and buggy, "expenses continue when not in use."

Alexander W. Sheriff, more familiarly known to those who frequent the superior court house as Sandy, was made a recipient of a beautiful portable gas lamp yesterday, a gift of the young lady employees in the registry of deeds, in honor of his recent marriage.

Phillips Andover and Exeter will meet in the annual football game here tomorrow. Coach Lillard has a young man named Eddie Mahan in the backfield.

Ten Years Ago
Thaxter Eaton is with Pearson, Erhard & Co., investment bankers, 50 Congress street, Boston.

Hyland Holt, a former resident of this town, is attending Gardner high school, where he is a prominent member of the football team.

Miss Annetta Anderson, who played a stellar game last year, is captain of this year's football team at Punched. Miss Lillian Fox is coaching.

The Ladies' Mission Circle of the Baptist church changed its name to "Helping Hand Society" Wednesday evening.

An editorial in the Townsman advocates a gymnasium at Punched high.

Mr. and Mrs. Walter Buxton of 19 Summer street, celebrated their 25th anniversary Saturday evening.

The trustees of the Memorial Hall library have received some plans for its reconstruction.

Dr. and Mrs. Nathaniel Stowers have moved from Shawshen village to 84 Main street.

Christ Episcopal church is celebrating its 90th birthday.

Historical Society in Annual Session

A good number of members and friends attended the annual meeting of the Andover Historical Society at its rooms on Main Street last Monday evening. Among the reports, that of Edwin T. Brewster, the treasurer, concerning the condition of the Society's finances, was most satisfactory and gratifying. Of great interest was Miss Underhill's list and description of some of the forty valued and unique gifts received and added to the Society's collection during the last year. The principal officers were reelected and five new members, Mrs. Nathaniel Stowers, Misses Florence Abbott, Ruth Abbott, and Clara Putnam, and Henry J. Stevenson, were added to the board of directors.

At the close of the business meeting, Howard Corning of the Essex Institute at Salem gave an enlightening talk on "Why a Town Needs an Historical Society," stating that such societies and museums are only furnished the inspiration for study of "the Old," but supplied authentic examples of modes of living through past generations to the present day. He spoke of the problems confronted in the restoration of old houses, the danger of producing a "show case" instead of a house in which one wishes to live. He cited the old Pinegrove House in Salem—a nearby restoration—was given the selection and assembling of all appointments and furnishings.

Lawrence City Marshal
TO SPEAK TO S. AND C.
Acting City Marshal Charles R. Vose of Lawrence will speak on his police experiences at the meeting of the Square and Compass club next Thursday evening. Marshal Vose has had a long period of experience in police work, having risen from patrolman to the head of the Lawrence force. His father before him was chief of police and probation officer in Lawrence.

The meeting will start at 8. All Masons are invited.

State Allots Sum for Maintenance of Several Roads

The sum of \$1200 has been given by the state to Andover for maintenance of Chapter 90 work, and the finance committee has approved a transfer of a similar amount to match the state's contribution.

This is the first time that the state has ever allotted any money for maintenance of the state-county-town highways. The local Board of Public Works plans to use the money on blanketing a section of River road, blanketing a section of Haverhill street from the North Andover line to Enmore street, repairing some of the cement on Main street and rectifying a bad condition at the North Main street railroad bridge where there have been frequent wash-outs.

Couple Observe Silver Wedding

Twenty-five years of wedded life were celebrated Saturday evening when Mr. and Mrs. Harry Gouck observed their silver wedding anniversary at their home, 10 Burnham road. On October 26, 1910, the couple were married at Christ church by Rev. Frederick Palmer. They have a son, Harry, now a senior at the University of New Hampshire.

Those present at the observance were: Mr. and Mrs. Harry Gouck, Harry Gouck, Jr., Mr. and Mrs. George D. Carmichael, and Betty, Helen and James Carmichael. Mr. William Forsythe and daughter Mildred, Mr. and Mrs. Alexander Betram and daughter Alice, Mr. and Mrs. Albert Cruickshank, Mr. and Mrs. John P. Alexander, Mrs. Annie P. Davis, Mrs. Mary Garfield, Mrs. Timothy McCarthy, Mrs. John Sheehan, Mrs. Anne Burtwood, Miss Mary F. Collins, Charles Regan, Wendell H. Kydd, Miss Betty Winters, Ennis Farrington, William Bateman, Miss Katherine Fitzgerald, G. E. Leadbetter, John Pickering, Miss Betty Pembroke, Misses Ethel, Doris and Elizabeth Hilton, Miss Dorothy McCarthy, Miss Minnie Valentine and Miss Annetta Anderson.

Local Boy to Be Ordained Sunday

The West church was represented by delegates at the examination given Richard Carter last night when he sought ordination into the Christian Ministry at the Congregational church of Greenfield, N. H., of which Mr. Carter has been acting pastor. He will be ordained on Sunday at 4:00 p.m. in the Greenfield church. The following local delegates were present: Rev. Newman Matthews, Mrs. Karl Haartz, who is a sister of Richard Carter, and Miss Clara A. Putnam. Richard Carter is the son of George M. Carter of High Plain road.

Mr. Carter attended the local public schools and Phillips academy, later graduating from Dartmouth where he taught for two years before studying for the ministry. He attended the Chicago Divinity school for a year and the Hartford Theological Seminary for two years. He is a brother of Lieutenant Thomas Carter, who gave his life in the World War and of School Committee member Herbert P. Carter.

NO P.W.A. WORK YET
No W.P.A. work has started here or will start for some time, although approval of the tennis court project at the playstead has been received. It has also been reported unofficially that a brush-trimming project in Carmel woods has been approved.

Two federal engineers were in town last week checking up on the Bradlee playstead project.

TO GIVE AWAY \$25
The local Colonial Theatre will start a new Bank Night policy next Monday night by virtue of which some lucky person will receive a \$25 bank account each Monday night hereafter.

Registration has been conducted all this week and will continue indefinitely in the lobby. On Monday night a number will be drawn and the lucky person, if present in the theatre or lobby, will receive a \$25 bank account.

BRITISH VETS' SERVICE
The British War Veterans will hold the annual church service November 10 at Christ church. Rev. Mr. Bennett of Fitchburg will preach and J. Everett Collins will sing.

Address P. T. A. on School Needs Next Wednesday

The meeting of the Andover Parent-Teacher association will be held in Stowe assembly hall, Wednesday evening at eight o'clock. This meeting is to inform the people of Andover of some of the school needs.

The program follows: Support the superintendent of schools and the school board in getting the best qualified teachers to fill vacancies.—Fred E. Pitkin, superintendent of schools, North Andover. What is meant by the rating of a high school? How can the highest standard be maintained.—Nathan C. Hamblin. The need of two physical directors at the schools: one for boys and one for girls. Extent of work.—Oswald Tower. Extra service available in the junior high school. Importance of parents being informed of the service and need for co-operation.—Kenneth Sherman. The importance of adequate lighting in all schools. Harmful effects of poor lighting.—William Doherty. Possibilities of improved fire protection.—Speaker to be announced. Need for playground at West Center school.—John D. Little. Need for floor in Shawsheen gymnasium.—Stafford Lindsay, president Shawsheen P. T. A. Need for assembly room at Bradlee school.—Leslie Hadley, president Ballardvale P. T. A. Need for telephones in outlying schools. Need for adequate "No School" signal.—Harold C. Dunn, president of Council Andover P. T. A. Report of building committee.—Mrs. Fay Elliott, member of building committee of junior high school.

November Club to Open Season Quieter than Usual

The November club will open its 1935-1936 season with a full membership on Monday afternoon. Miss Laura DeLair will give an entertainment of the afternoon in the form of a lecture recital with dance numereques. A social hour with afternoon tea will follow.

The directors of the club are very glad to announce a series of Current Events lectures by Mrs. Frank Mansfield Taylor which begin on Wednesday morning at ten o'clock. These lectures are free to the members of the club, but a small fee will be charged to others interested in the talks.

Orders for the famous Guild mince meat may be given to Mrs. Arthur Boutwell at any time.

Why bake in a hot kitchen when practically everything except the turkey will be waiting and ready on Tuesday afternoon, November 26?

This sale will make your Thanksgiving Day much more enjoyable.

Recommend Raise for Courts Clerk

Archie N. Frost of Salem street, clerk of courts of Essex county, would be granted an increase of \$1000 a year under a survey made by the county personnel board. The county commissioners must approve the new scale before it goes into effect, and it may be made retroactive to January 1.

The proposed increase in pay—a readjustment in compensation for work done—returns to the clerk a portion of revenue taken from him when the state demanded naturalization fees be paid into the state treasury.

Previously clerks' courts retained such fees. The readjustment approved by the county personnel board will bring the annual compensation paid the county clerk of courts up to the \$7000 mark.

LOCAL LADIES INTERESTED IN CONCERTS FOR YOUNG

Mrs. Willet Eccles, Mrs. Roger W. Higgins, Mrs. Frank L. McAnathan, and Mrs. Horace M. Poynter are the recently appointed Andover representatives on a committee of prominent women interested in the Saturday Morning Concerts for Juniors, to be given again this season at Sanders Theatre, Cambridge, November 16, January 11, and March 7, at 10:30 o'clock. These concerts, under the direction of Russell Ames Cook, are especially planned to appeal to youthful audiences. They are only an hour long, are varied in character, and are interpreted by Mr. Cook for the greater appreciation of the listeners.

American Woolen to Appeal Assessment

Finance Committee Approves \$1,500 Transfer to Pay for a Survey of Mill Machinery to Prepare for Case Before State Board

Possible appeal by the American Woolen company of the assessment on the Shawshen mills was forecast last Friday night when the finance committee approved a transfer of \$1,500 from the reserve fund for the purpose of hiring an engineer to assess and appraise the mill property.

The transfer was made at the request of the assessors who, according to Chairman Dr. J. J. Daly, are hiring the engineer in order to prepare for an appeal by the American Woolen company. The woolen company attorney, Leland Powers, has been negotiating with the assessors all this year on the matter, but the assessors have refused to lower the assessment. Attorney Powers has stated that the company would appeal to the State Board of Tax Appeals, and the town is hiring the engineer in order to have the necessary information on hand when the appeal is heard. The engineer has not been named yet.

That it was an inspirational meeting was the expressed opinion of the 250 or more women who had gathered to hear speakers from the "A" group in the State Federation. The departments represented were Art, Music, Education, Physically Handicapped, Industry, Correction, Legislation, American Home and Child Welfare. So enthusiastic was each speaker as she presented her subject that those in the audience felt the urge for further information and as one speaker followed another there came a consciousness that the Federation of Women's Clubs was a great organization and a constantly growing power for good in the state.

The "Round Tables," always a helpful feature were conducted during the luncheon hour. At one end of a long table was seated the chairman of a department and at the other a member of the hostess club, these changing places midway in the meal that the chairman might confer with all who had sought her table.

Mrs. Thomas Walker, state president, in a brief address expressed her appreciation of the untiring efforts of the state chairman and of the gracious hospitality of the Tuesday club, which though a small club had successfully met the requirements for a district conference.

Music was provided through the co-operation of the Shawsheen Women's club whose chorus, led by Mrs. Frederick C. Smith, sang delightfully both during the luncheon and in the auditorium at the afternoon session. Mrs. Franklin D. Roberts, a member of the Tuesday club, played several selections on the organ.

Other Transfers
The finance committee also approved a transfer of \$750 for the purpose of defraying further legal expenses in connection with the litigation on the interim zoning ordinance now before the state supreme court.

Another sum of \$104.77 was granted to take care of the town's proportionate share of the 1934 operating expense of the shell purification plant at the mouth of the Merrimack, this expenditure being required by state law.

Ex-British Captain to Talk on Ethiopia

To everyone there is much mystery about the war in Ethiopia. What is the military problem confronting the Italians? What sort of people are the Ethiopians? What is the history of the country, its topography, its economic conditions? Phillips Academy is fortunate in being able to offer a lecturer who is equipped to answer all these questions. Captain Leonard Best, formerly of the British Army, will lecture at Phillips Academy on the evening of Friday, November 8, at 8:15, in George Washington hall.

He served for four years in Ethiopia during the Great War. Hence he can answer any questions relative to the present military situation. Several years experience as a civil magistrate in Ethiopia enables him to discuss sociological and economic conditions in that country. His subsequent experiences on a six months "safari" exploring Ethiopia enables him to give vivid descriptions of the life of the natives and their customs. His lecture will be illustrated by his own moving pictures and lantern slides, and will be followed by a question period. The citizens of Andover are cordially invited to attend, and there will be no charge for admission.

Plans Formed for Thanksgiving Sale

The annual Thanksgiving sale of the Women's Guild of Christ Church will be held on the afternoon of Tuesday, November 26 from two until five o'clock in the parish house.

Delicious home cooked food including pies, cakes, rolls, cookies, doughnuts, tarts and puddings will be for sale. Also candy, popcorn balls, jellies, pickles, preserves and vegetables to grace the holiday table will be displayed.

In addition one may buy aprons, dish towels and holders, flowers, handkerchiefs, attractive practical gifts and favors from the "This and That" table and discover exciting bargains on the White Elephant table.

Grabs and fortune telling will amuse old and young. Tea will be served to all comers during the afternoon. At four o'clock the children will be entertained by Miss Ruth Abercrombie assisted by her brother who will present two marionette shows. Jack and the Bean Stalk and Little Red Riding Hood. These are unusually fine puppet shows and will delight older people as well as the youngsters.

Orders for the famous Guild mince meat may be given to Mrs. Arthur Boutwell at any time.

Why bake in a hot kitchen when practically everything except the turkey will be waiting and ready on Tuesday afternoon, November 26?

This sale will make your Thanksgiving Day much more enjoyable.

Hallowe'en Here Quieter than Usual

Andover had a quieter than usual Hallowe'en last night, the only really serious damage reported here being the knocking down of a fence and wall in Ballardvale. Many street lamps were broken as usual. Several real estate signs were stolen.

Chief of Police George A. Dane had a large force on, and the cruising cars were kept circulating around the town all evening.

SEWING FOR HOSPITAL

The November sewing meeting for the Lawrence General hospital will be held Tuesday at the Lawrence Street church in Lawrence from 2 to 5. Sewing for the hospital. Tea will be served.

Bacon and Eggs \$1

A newspaper notice announces that the hog-raisers of Essex county in a recent poll were unanimously in favor of having the Federal government continue its plan of curtailing hog production by paying the hog-raisers a certain amount for ridding themselves of some of their hogs.

It calls to mind a recent remark of one of our local store-keepers, who exclaimed "A dozen of eggs and a pound of bacon cost a dollar nowadays—I guess I'll vote Republican next time."

The poll of hog-raisers means simply this: The Federal government wants to know if the hog-raisers of the West will not raise a few of their hogs, and if they would mind receiving in exchange some money out of the pocket of the taxpayer of the East, the purpose being to make these Eastern taxpayers pay a higher price for pork products. In other words, the taxpayer pays and pays, and not until the voters of this Nation give the Democratic administration a one-way ticket home will commodity prices and taxes come down to a point where the average man can afford them. Then only will the resident of the East have to pay just his fair proportion of the tax burden and no more.

Traffic in the Square

Anyone who doesn't believe in miracles should give earnest consideration before next town meeting to the possibilities of constructing a traffic circle in Elm square. Those who do believe in miracles will feel sure that no serious accident will ever result from the thousands of automobiles which enter the square every day from seven different directions.

Accidents have happened in Elm square; accidents will continue to happen there, no matter how careful drivers are, just as long as the present arrangement of the square remains. No motorist can look everywhere at once, but that is just what he is being asked to do today when he enters the square. When he comes in from High street, for instance, he has to watch both directions of the Main street traffic, in addition to the

traffic entering from Elm street. If he comes up Main street from Shawsheen village, he has to watch the traffic entering from Elm and High on one side, and the traffic which enters more or less blindly from Essex and Central streets. And if he comes up Essex or Central streets, the best thing he can do is whisper a prayer and then go on.

A traffic circle is one of the least offensive and most useful of the many traffic devices concocted since restrictions on automobilists became one of the pet hobbies of the legislators. It might delay traffic a little, since a straight line is the shortest distance between two points, but in our local square motorists are delayed anyway because of the complexity of the traffic situation. Furthermore, when entering the circle a driver has to watch out for only the cars coming from his left and once he enters the circle he has to pay attention only to the cars entering from his right. It would reduce the motorist's worries to an almost negligible point.

The advantages of the circle to pedestrians, who take their lives into their hands every time they step into the square, are manifest. We have an officer there of course, but his duties are confined to that sacred spot at one entrance to the square. His protecting arm does not extend to the welfare of the poor unfortunates who have to cross elsewhere, but they would be able to negotiate the crossing easily if there were a traffic circle there.

One other thing that should be done in the square is to eliminate the blind corner caused by the high bank at the Memorial Hall Library lot at the corner of Essex and Main Streets. The view here is completely obstructed, constituting a really serious menace to traffic.

The cost of these projects would be slight, the benefits many. Of no small importance would be the fact that the appearance of the square would be improved considerably, and it was because of this, in the days before traffic constituted any real menace, that the founder of the Townsman once advocated a similar plan.

Siftings

The only things that the Western hog-raisers are raising nowadays are Eastern pigs.

The current craze for knitting gives proof that women can make anything out of yarn just as well as they can make a yarn out of anything.

Have you decided for whom you're going to vote next March yet?

Last night's drizzle impeded the Halloween merrymakers. It is an ill-wind that blows nobody good.

There's only one disadvantage to having a traffic circle in the square. The buses might decide to shorten their run by turning there.

The new slogan for Elm square safety sounds like the name of a ranch: "circle in the square."

SODALITY HOLDS PARTY

The Children of Mary Sodality held a Halloween party last night at St. Augustine's school hall.

The committee: Miss Eleanor Raidy, chairman; Miss Bernadine Barrett, Miss Mary Finno, Miss Flora Raidy, Miss Mary Sheehy, Miss Mary McNulty and Miss Josephine McNulty.

An Earthquake?

Somebody said there was an earthquake last night. Seven minutes past one, they said. We are terribly sorry that the Townsman can't provide a seat for the earthquake, but at seven minutes past one Orpheus had put us in a place where we were far from being influenced by any earthquake.

Even a Freshman Will Turn

An M. I. T. sophomore was a very much chastened and a very angry young man when three freshmen whom he had intended to bump off in a North Andover Wednesday night dumped him off instead and headed back for Boston.

Being a mighty sophomore, and therefore not being able to "take it" as well as if he had felt less important, the young man immediately got in a taxi and headed for the three freshmen were apprehended in Reading on a charge of unlawful appropriation of an automobile.

Judge Chandler heard the freshmen's story in District court yesterday. The course of the case was not until after he had made a few remarks about the police's and the court's time being wasted by these "moronic kids." He attached most of the blame to the owner of the car who kidnapped the three young men, and he remarked that he was fortunate for the owner of the car that he was in court. Knowing Judge Chandler as we do and feeling not too kindly toward that sophomore, we wish he had been in court.

The Street-Singers

Is it just our street, or is it your street, too, that has been afflicted lately by groups of boys who sing your bell, and then ask if you'd like to hear them sing? The rub of course is that after they sing you're supposed to remove some of the excess change, if any, from your pocket and pass it over.

The other night we answered the door bell to find a group of boys who like to hear us sing? Before we actually realized what we were saying, out had come the words, "No, thanks, we can't hear."

They stood flabbergasted for a minute while the strange answer to a spoken question by a man who didn't know who you're singing to and you don't know who you're singing to. Before we actually realized what we were saying, out had come the words, "No, thanks, we can't hear."

"Git Along, Little Votie"

It wasn't Lawrence Tibbett—it wasn't Nelson Eddy—it wasn't Caruso's ghost—it was none other than Police Officer John Stinson whose voice came to us over Station WNAO last Sunday night at ten. "Home on the Range" was what he sang; those attending the policemen's ball two years ago had a preview of his radio performance, and they all knew beforehand that it would be a success.

To see Jock out in the square no one would suspect that he would ever be afraid of anything—but we have a funny feeling that Jock bore no little fear for that microphone. We know we would be mighty afraid, because after all you don't know who you're singing to and you don't know what your song sounds like coming out of the other end.

But he did a good job, and remember, a prize will come Jock's way if everybody in Andover who likes him sends a post card to Scott's Furriers in Boston telling them that Jock's singing was the best on the program.

"Gentleman of the Press"

After reading several stories about animals the 7A1 class told some about their own pets. The class voted the following by Ralph Manning the best.

Crash over went a flower pot. The puppy ran for cover to escape the rain of flowers delivered on him by my sister. In a few minutes he came out from under the table and sniffed at the broken flower pot. He then began to carry the pieces of the flower pot all over the room just to harass my sister. When my sister saw the pieces of the flower pot all over the room, she made a grab for the puppy who nimbly stepped aside and went scurrying out of the front door.

Stowe School Notes. The Aggravating Puppy. After reading several stories about animals the 7A1 class told some about their own pets. The class voted the following by Ralph Manning the best.

In a few minutes he came out from under the table and sniffed at the broken flower pot. He then began to carry the pieces of the flower pot all over the room just to harass my sister. When my sister saw the pieces of the flower pot all over the room, she made a grab for the puppy who nimbly stepped aside and went scurrying out of the front door.

Stowe Assemblies. On Monday morning we had our regular assembly. After making some announcements the principal called our attention to the fact that it was Theodore Roosevelt's birthday and also Navy Day. Then he read a composition on Theodore Roosevelt written by an eighth grade boy of another school.

Following the flag salute some group singing was enjoyed.—Bradford Holt. Club Notes. The Library club are holding fruit sales every recess in the lower corridor. Alda Grieco is in charge.

Mary Helen Roberts contributed to the Nature club a stump of a tree to show the way the grain of the wood goes. On Wednesday the Needlecraft club gave a little Halloween program for their own amusement, as follows: poem, Margaret Gordon; Halloween symbols, Dorothy Monro; Helen Carmichael, Florence Nicoll, Barbara Pullen.

The Dramatic club held their election of officers. The results were as follows: John Miller, president; Ruth Porter, secretary; Priscilla Moss, treasurer.—Dorothy Christie. Girls Sports. For several reasons the girls' volley ball contest was postponed this week. Miss Gates is very glad to report that quite a few more girls have gone out after school for basketball and volley ball.—Dorothy Christie.

Stowe Defeats St. John 6-0. The Stowe school eleven defeated the St. John's school junior team at Danvers Tuesday by a 6-0 score. The St. John's school had a good team composed of boys in the freshman and sophomore classes. The game was very hotly contested from start to finish, the score coming during the first period as a result of a blocked kick which was recovered by John Nunez behind the St. John's goal line. The game was well attended by both schools. The Stowe school boys were alert and showed good teamwork. John Skea and George Whittaker played well in the backfield, while John Nunez and Hubert Stack did great work in the line. George Campbell turned in a good game at end.

The Stowe line-up was as follows: Simmer, l.e.; Nunez, l.t.; Brown, Dea, l.g.; Stuck, c.; Collins, r.g.; Greenfield, r.t.; Campbell, Ferguson, Cole, r.e.; Muller, Sawyer, q.b.; Skea, l.h.b.; Boynton, Whittaker, r.h.b.; Forbes, l.b. As a result of this game Coach James N. Cole feels more confident for a real victory Saturday morning at Lawrence when the team meets the new Catholic high school.

Miscellaneous. Marks for the first eight-week term closed October 31. Report cards will go out on Friday, November 8.

School was closed Friday, November 1, because the teachers went to the Essex County Teachers' Convention.—Donald Boynton.

Literature. Several interesting sketches have been made by members of 8E in connection with their literature work on "The Man Without a Country" and "The Last of the Mohicans." Jeanne Fisk has made an interesting drawing of Nolan's stateroom, showing how interested he was in the country from which he had been exiled. William Ferguson's interpretation of Nolan's last hours as it was especially interesting.

An illustration of the type of newspaper given to Nolan has been cleverly shown by Barbara Gahm. The "holes" show where references to the United States have been torn out. The notice of Nolan's death as it was probably listed along with others, with no special mention as to who he was or what his status, has been Christine Hill's project. Frances Videto's portrayal of Hawkeye and the Scout as they sit conversing in the forest is also worthy of comment.

Prizes Awarded. We awaited with great anticipation the arrival of Miss Putnam, for our assembly on

Friday, October 25. As a member of the board of judges for the fire prevention essay contest, Miss Putnam was to announce the winners.

When the creaky old stairs, over which Miss Putnam in her many years, heralded her approach, the children answered in a very hearty manner by singing a song of greeting.

After saying that it was a great pleasure to be with us, Miss Putnam complimented the audience on having good material and good arrangement in their essays. Then she produced a paper and began to explain the difficulties experienced in coming to a decision, expectant interest held everyone still. The applause given each winner indicated that the audience was well pleased with the choices. First prize went to Peggy Cavallaro; second to Barbara Gahm, and third to Jean Fisk, Ruth Cowen and Archie McLaren received honorable mention.

Miss Putnam then, with a cordial "I wish you luck for another year" gave Mr. Dunnells the floor. Mr. Dunnells presented the prizes and the winners read their papers. As Barbara Gahm was absent her essay was read by Jean Fisk. The program ended with three cheers led by William Ferguson and John Nunez—one for the judges, one for the principal, and one for the school.—Bruce Root.

First Prize Essay. Miss Peggy Cavallaro's prize essay, "How Can I Help Reduce the Fire Loss in Andover?" follows: "If thought is given to the possibility of fire and plans made in advance, it is easier to act in a calm and collected manner when the necessity arises. If you should discover a fire and cannot put it out yourself, sound an alarm at once. If no fire box is within reasonable distance, your telephone should be employed. Call the operator and say, 'I wish to report a fire.' You will then be connected with the fire department operator to whom you should give the address of the burning building and the name of the street.

"Some other things you could do to help reduce the fire losses in Andover would be careful when you smoke not to throw the lit match where it is liable to cause a fire. Do not keep any oil lamps or rags in a closet. Throw your ashes outside, and to be safer you could throw some water over them so they won't get anything on fire. If you should happen to have a fireplace in your home, be careful that you don't put any rug in front of it while the wood in the fireplace is burning. Make sure that the chimney on your house is in good repair. There are many other ways fires can be prevented besides the ones I have mentioned. You all know that most fires are caused by carelessness."

Second Prize Essay. Miss Barbara Gahm's prize essay on "When the Firebell Rings, What Does It Mean to Me?" follows: "Until a year or so ago, when I would hear the fire alarm ring, I counted the bells just out of curiosity to know where the fire was. I was more or less excited if the fire was in the neighborhood and especially if I could see the engines rushing down the street, but that was all.

"I feel very differently now because there was a fire very near my home one day last fall. Some boys were burning leaves, and the fire got beyond their control and was spreading rapidly toward the house. Someone telephoned the department. I was just coming home from school when I heard the alarm ring. One, two, three, four, five, six—stop; one, two, three, four, five, six—sixty-six, the number of our box! I started running toward home when I saw the fire engine come down Main street and turn up William. I was all out of breath, but kept on running. When I saw the fire engine stop in front of our house, my heart stopped for a minute I think. The fireman had reached the house on time and little damage was done.

"But since then when I count the alarm, it is with a very different feeling in my heart. My experience with fire so near has made me

Engagements Announced

Mr. and Mrs. Charles A. Hardy of Hillside road, Wellesley Hills, formerly of Shawsheen village, announce the engagement of their daughter, Miss Lois Melanie Hardy, to Mr. L. Albert Daloz, son of Mr. and Mrs. Albert R. Daloz of Hingham.

LEGAL NOTICES

TOWN OF ANDOVER

BOARD OF SELECTMEN

Andover, Mass.

You are hereby required on or before December 1, 1935 to destroy the gypsy and brown tail moths on your property in this town.

This notification is in accordance with Chapter 132, General Laws, which requires cities and towns to destroy the eggs, caterpillars, pupae and nests of the gypsy and brown tail moths under heavy penalty for failure to comply with the provisions of the law.

If a property owner fails to destroy such eggs, caterpillars, pupae and nests, then the city or town is required to destroy the same, and the cost of the work, in whole or in part, according to the value of the land, is assessed upon and becomes a lien on the land. (Section 18, Chapter 132, General Laws, on reverse.)

The Selectmen ask owners and tenants to co-operate with the town in its work on highways and other public grounds by doing effective work on their premises. Citizens who have cleaned their premises of the moths, but find their trees endangered by the neglect of owners of adjoining estates should make complaint to the Selectmen. The infestation of a residential neighborhood by the neglect of a few will not be tolerated.

The eggs of the gypsy moth should be destroyed at once with creosote. They should never be scraped off the object on which they are laid. Careful search should be made for gypsy moth egg clusters, not only on trees, but also on house walls, stone walls, fences, and in rubbish heaps, etc. Trees in which cavities occur and which it is not desirable to cut should have the cavities tinned or cemented. This is important. The present and future cost of combating this insect can be greatly reduced by cutting and burning worthless brush, hollow trees, etc. A few trees well-cared for are more valuable to the property owner and the community than a large number of neglected trees.

The nests of the brown tail moth should be cut from the trees, carefully collected and burned in a stove or furnace.

Full instructions as to the best methods of work against the moths may be obtained from the Local Superintendent, Ralph T. Gerry, or from the State Forester, Room 519, State House, Boston, Mass.

Work done by contractors should be inspected and approved by Local Superintendent before payment for the same is made.

Punchard vs. Manning Tomorrow

PUNCHARD NEVER BEATEN BY IPSWICH HIGH TEAM

Punchard's football team, which has never been beaten by Manning high since the series started several years ago, will endeavor to keep its slate clean when it meets the Ipswich team on the local playstead tomorrow.

The visiting team, which has won two, lost three and tied one, is composed mostly of inexperienced sophomores. It is further handicapped by the absence of quarterback Burrage who will be out with a dislocated knee for the remainder of the season.

Possible substitutes for Manning are: 3, Davis; 5, Retalis; 6, Savage; 12, Saroka; 13, Peabody; 14, Pickering; 29, Wegny; 32, Garrett; 35, Clapp; 41, Hills; 44, Gallant; 48, Gilbert; 52, Robertson.

The Punchard line-up will be the same as last week's except for the substitution of Noyes for Whiting, who has an injured finger.

LYNCH INTERCEPTS PASS; SCORES ONLY TOUCHDOWN

An intercepted pass by Mal Lynch in the second period followed by a 75-yard touchdown jaunt gave Punchard a 6-0 victory over a weak Framingham high team here last Saturday. The visiting team is in a class above Punchard, but it had had a poor season, the only bright spot being a 7-6 defeat by undefeated Fitchburg the preceding week.

The Punchard line-up: Sanders, Bisset, Lovely, l.e.; Boynton, West, l.t.; F. Whiting, l.g.; Sparks, c.; Wilson, r.g.; Pomeroy, Capt., r.t.; Brown, r.e.; Platt, Haggerty, q.b.; Hackney, l.h.b.; Lynch, r.h.b.; Thompson, Sanders, f.b.

Academy Eleven to Meet N. H. Fresh Tomorrow

The Phillips academy football team, with a record of one tie and two losses in three starts, will meet the New Hampshire freshman team here tomorrow afternoon in what should prove the local team's first victory. The freshman eleven has played only three games and has lost them all. St. John's Prep took them into camp 20 to 0, and Dartmouth fresh smothered them under a 40 to 0 score. Last week however they put up a stubborn fight against Exeter, with the local academy's classic rivals winning by only 13 to 7.

The Wildcat freshmen have been severely handicapped by injuries. The captain and star center, Harold Cummings, is out for the season, and Rene Francuzzi, a sterling fullback while performing for Southbridge, Mass. high, is out with a dislocated shoulder. Tinker, a stellar guard from the Nashua, N. H. high school, is also on the injured list and will probably not get into the game.

Fourier at fullback is probably the outstanding man on the team. He formerly played at North Attchboro high school, Patten, right half, who hails from Port Washington, N. Y., is also playing outstanding football.

Possible N. H. substitutes are: Hardie, q.b.; Watkins, r.h.b.; Korab, l.h.b.; Preble, f.b.; Pullen (33), r.e.; Marshall (41), r.t.; Glickman (17), r.g.; Richardson (48), c.; Platts (37), l.g.; MacLean (52), l.t.; and Cady (12), l.e.

Capt. Graham may not be able to start at center for Andover, since he has been troubled all week with a charleyhorse. In the event that he does not start, Wood (46) would hold down the pivot position. Dempsey was injured last Saturday and Poynter will take his place.

Cheney was out for practice again Monday, but the lad who snared a forward pass to beat Exeter a year ago, will not see action tomorrow. He will be ready for the Exeter game however and possibly for the Harvard freshman second game which Coach Shepard hopes to schedule for next Wednesday.

Burnam is again in playing condition, and Torb MacDonald's injuries are all gone and forgotten. Torb, number 53, will interchange with Sharretts Saturday.

ACADEMY DEFENSE HOLDS HARVARD CUBS SCORELESS

Phillips academy, displaying its best defensive football of the year, held a strong Harvard freshman football team to a scoreless deadlock last Saturday. Four times the Crimson cubs were within the 25-yard line, but three of those times they lost the ball on downs and another time a try for field goal by Harding fell short, the Blue taking the ball 20 yards out.

Offensively the local team proved woefully weak. Ted Sherretts and Torb MacDonald did most of the ball-toting, including some really excellent runs, in most cases the interference either got in the way or was very much absent.

The academy line-up: Walker, Zilly, l.e.; Taylor, r.t.; Craft, l.g.; Graham, c.; Kiphuth, Burnam, r.g.; Dempsey, Poynter, r.t.; Huffard, Ford, r.e.; Battles, MacLean, Kausel, q.b.; Chase, l.h.b.; Sharretts, MacDonald, r.h.b.; McLaughry, f.b.

VALE 0—METHUEN 0

The Ballardvale Y. M. A. C. and the Methuen buddies played to a scoreless tie at the Smith and Dove field Sunday.

The local line-up: F. Kidd, r.e.; R. Hall, R. Greenwood, r.t.; H. Evans, G. Lawrence, r.g.; W. Benson, c.; E. Stein, l.g.; Elder, l.t.; Olender, l.e.; J. Bisset, q.b.; Haggerty, r.h.b.; Winkley, l.h.b.; Tammany, f.b.

ACADEMY SPORTS SCHEDULE

The academy cross-country team will meet Dartmouth fresh here tomorrow afternoon. Next Wednesday the academy soccer team will meet Dean academy.

FIVE TIED FOR FIRST

Dick Hawkes, local boy, was one of five Phillips academy boys to tie for first place in the cross-country meet against M. I. T. fresh Saturday. Andover won the meet handily.

THIMBLE CLUB PENNY SOCIAL

The Thimble club will meet next Thursday at the Square and Compass club at 2.30. A penny social will be held after the meeting.

BOARD OF PUBLIC WORKS STARTS SIDEWALK WORK

Some of the state bond issue sidewalk strapping has been put in place practically the whole stretch along Main street from the corner of School street to the post office. The loam for the space between the walk and the curb has been put in about two-thirds of the distance.

When the Main street work is completed, the Morton stretch will be done, following which Pasho street and Washington avenue will come in that order.

MOTHERS' CLUB NOTICE

The Andover Mothers' club will meet next Wednesday at 2.30 at Punchard high school.

LEGION AUXILIARY WHIST

The Legion auxiliary is holding a whist party next Tuesday evening at 8 at the home of the Misses Hilton, 188 North Main street.

Davis, Mrs. James Turnbull, Mrs. Raymond Lefebvre, James Hovey, Mrs. Ross, and Mrs. Albert Cole. And consolation: Mrs. Thomas and no score prize, Miss Agnes Stewart.

Another party will be held next Monday evening.

BRITISH VETS TO MEET

The British War Veterans will meet Sunday at 2 in Square and Compass hall.

SHOTS PIERCE HAT

Three shots went through the cap of a hired man on the property of Mrs. Bertha Reed on Woburn street, Ballardvale, Monday afternoon. Police believe that the shots were fired by a hunter.

Hunting Stopped

Hunting in Andover was banned by a vote taken by the selectmen Monday evening.

COUNTY HISTORY PUBLISHED

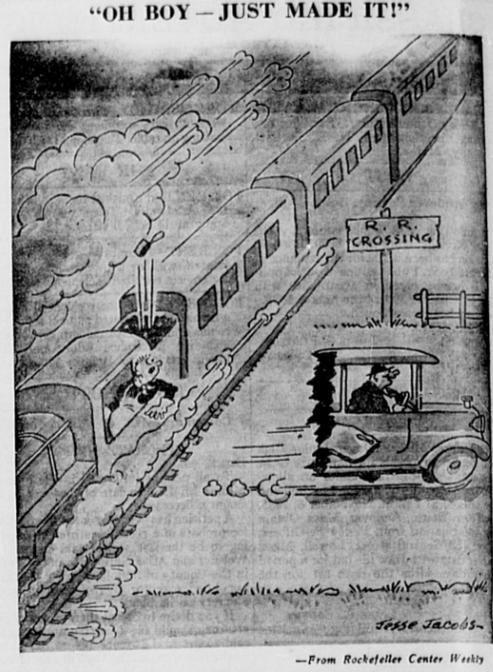

"The Story of Essex County," a history and biography in four volumes, in the writing of which several Phillips academy teachers had a prominent part, has just been printed.

Dr. Claude M. Fuess, headmaster of Phillips academy, was editor-in-chief and the book was compiled by Scott H. Paradise, a member of the faculty. A number of others on the P. A. faculty made contributions. The book has been printed by the American Historical Society, Inc., of New York.

"Jimmy, I wish you'd learn better table manners, you're a regular little pig at the table."

Deep silence on Jimmy's part. So father, in order to impress him more, added, "I say, Jimmy, do you know what a pig is?"

"Yes, sir," replied Jimmy, meekly. "It's a hog's little boy."

Red Cross Has Busy Year; Statistics Impressive; Services Varied

Figures gathered at random from the year's report of the American Red Cross reveal the magnitude of the work being carried on by that organization.

Red Cross workers assisted 54,305 veterans; 587 Red Cross Public Health nurses paid 921,455 visits to 186,326 patients; 98,441 first aid certificates were issued while 46,693 persons were trained in life saving. Volunteer workers produced 3,102,843 surgical dressings, with 80,901 volunteers being on active duty throughout the year.

First Aid Treatment Taught Thousands By Red Cross

More than 187,000 certificates showing completion of first aid courses were issued last year by the Red Cross. This shows a gain of 56,000 certificates over the previous year. Approximately 64,200 boys in C.C.C. camps throughout the country passed first aid tests. Since the Red Cross first entered the field of first aid teaching, being one of the first organizations in the world to do so, almost one million persons have been trained in handling emergency treatment.

The annual report of the Red Cross further reveals that more than 327,000 copies of the Red Cross Aid Handbook have been sold at home and abroad.
