AMERICAN LEGION CHAPLAIN URGES VETERANS TO FOLLOW G. A. R. EXAMPLE ON MEMORIAL DAY

By Fred E. Cheever In one very important way Andover's Memorial Day tomorrow will be very different than that has gone before.

For many years the Grand Army of the Republic met on May 30th to honor its soldier dead. Time gradually took those whom the hand of war had not taken in the days of Abe Lincoln, and now today Andover is left without a Civil War Veteran.

FAILURE OF DRIVE TO CURTAIL SPEEDING IS CAUSED BY ADOPTION OF WRONG METHODS

The other evening the Board of Selectmen requested the police department to be more active against speeders. The board apparently either felt that the police department were not bringing enough drivers into court after the first no-fix order of this year, or that speeding had not been materially reduced by the drive.

Legionnaires by the commander and adjutant contained the following excellent thought on this point: The Grand Army in Andover, at least, is gone; the Spanish War Veterans are only too few.

Siftings

This is the time of year when everyone wonders where the money is that his budget said he would have for a vacation.

Disease

"CLEANLINESS is next to Godliness"—indeed some people put cleanliness first.

But did you ever stop to think that the thing that is closest to you—the clothes you wear—might be the bearers of the most distasteful kind of uncleanliness?

Few things carry germs as do the fine fibres of a fabric, and if those fibres are shoddy and your suit is made up of ground up cast-off filthy rags from the old clothes man, your cleanliness is largely imaginary.

"Yes, Mr. Gaunt," you say, "but I don't wear that kind of clothes"—and perhaps you don't. I hope not. But there is unfortunately nothing in the law or in the code of business ethics that prevent a manufacturer from labeling "100% All Wool" garments which are made out of these dirty rags.

Virgin wool, as the name implies, is wool that has never been manufactured into fabrics, the pure, clean, live, new wool, direct from the sheep, clean and healthy from the exposure to the air and the sunlight.

Don't be misled—go to reputable merchants, they exist in every city. Demand pure virgin wool for the sake of your health, your appearance and your pocketbook—it's by far the cheapest in the end.

Or come up and buy direct from the mill that weaves the cloth.

Miss Margaret Edgar who is to be married this afternoon to Lawrence L. Stebbins of Bloomfield, N. The young lady had been taken for an automobile ride during the early part of the evening and on returning was asked to go to her next door neighbor's on an errand. When the front door was opened she was greeted by a gathering of friends and neighbors in a most cordial manner.

Under a wedding bell which scattered rose petals over her, the bride-to-be opened her gifts, which were concealed in various parts of the house, the directions for finding them being written on small hearts attached to a beautiful Colonial bouquet of sweet peas. Various articles to be used in house-keeping were presented, together with cards of well wishes.

Games were played, and refreshments of delicious homemade ice cream with strawberry sauce, cookies, cakes and punch were served by the hostesses, Mrs. Johnson and Mrs. Ralph Draper, assisted by Glenna Draper and Mrs. Roland Weeks.

Thaxter Eaton was elected president of the Service club at the annual meeting held last night at the Square and Compass club. Edward P. Hall and Richard G. Whipple were elected vice-presidents, Walter E. Billings was re-elected secretary, and Louis A. Finger was chosen treasurer.

Kenneth Fisk was in charge of the entertainment.

Ladies' night will be held at the Phillips Inn at the June 4th meeting. This will be the final meeting until the fall.

Speaking on "What the Constitution has Done for Me and For You," Francis Clay Hailey, author of the "Key to the Constitution of the United States," told the large gathering of service club members that the destruction, or even the weakening of the Constitution would mean the end of American democracy. He pointed out also that one of the most potent influences for the preservation of the Constitution is the American Constitutionalist with headquarters at the Copley Plaza Hotel, Boston, now conducting an aggressive and wide-spread campaign to educate the people of the country to the great danger confronting American institutions from subversive sources. Mr. Harley said in part:

"No man in any country or at any time has enjoyed the freedom guaranteed to Americans under our Constitution. Without this guarantee of liberty we should be little better than serfs. It epitomizes the very highest expression of freedom. It encourages progress and personal initiative. Every citizen is a king under his own right. Under its protecting wings we enjoy the utmost freedom of speech, freedom of religious worship, freedom to assemble and an unfettered, free press. No genuine American would exchange it for any other form of government under the sun. To us it is a sacred heritage that must be protected and preserved at all costs. To exchange the Constitution for some unproven theory such as Communism or any other ism would be treason, and while it is evident that there are some Benedict Arnolds in our country they are in the minority. Thank God, true Americans still rule America. I wish I could place in the hands of every man and woman and child in America, a copy of "The Key to the Constitution of the United States," which is being distributed by the American Constitutionalist.
