Chats About You and Us and the Old-Folks Here in Andover

**VEGETARIANISM**—Maybe it was the heat. Maybe it was the Princeton influence. But whatever caused it, it certainly was interesting while it lasted.

The boys had finished supper, the usual type of repast, when the fun began in the quadrangle just on the street Wednesday night. On to the east side a dorm named after the man who is named and at times disrupted to have taken a walk from Boston to Lexington one night long ago in the northeast stood a science hall named after one of America's greatest. Some of the old seniors in the building dedicated to the memory of old Eliphaz Pearson stood in the northwest. But there on the west was Day hall, out of one window of which fluttered a flag with a swastika!

Orators there were galore—wanting their bonus now because they might be dead by the time of a future war—wanting their money now rather than later. But they didn't get their bonus, they didn't get their tower. All they got was cheers of the usual type which shortly became cheers of a type familiarly associated with a borough down New York way.

Adults were there, it's fairly easy to simulate a Hitler mustache but nobody evidently could match the jaws of Benito. Then there was an old-timer with a mustache and bayonet. The latest report from the Isham infantry would seem to indicate that neither musket or bayonet was used. There were other costumes too, one of which was testified to by a pair of trousers flying at half-mast from the flag-pole.

And Canada, with whom we've always had such friendly relations, proved really to be the chief piece of resistance of the V Future W cohorts. Young Canada stepped out on the little roof of the door of Paul Revere hall and proceeded to inform the young men that if America entered any more wars, the academy students were all invited to peaceful Canada where men are men and babies are many. The young Maple-Leafian however found that the Open Door policy was something that someone stole into the room behind him and locked his window so that he had no means of returning to safety in the room, in Canada or in any other place. Then some other young men went to the room above him and proceeded to empty the baskets full of water out of the window in a very thorough christening. They even went out on the roof and walked along the gutters.

There's one very serious trouble with this Veterans of Future Wars outfit if they're all like the Andover post; they're other than E. Y. Hincks, where a shower was given in the hall of the school to school that they were not able to fight when a future war comes.

**CALLIN' ALL COLLINS**—Every once in a while someone with an adding machine mind covers how many Collins there are in New York city or how many O'Sullivan's there are in Lawrence. We've got something here in Andover for the Burroughs-minded people to burrow into, and that is the number of persons by the name of Collins who are on the public payroll.

First of all of course there's the illustrious town father, J. Everett, Andover's advertising agent musically speaking. Then across the hall is the town accountant, niece Mary, who will cry nepotism to say in answer to her selection before J. Everett ever even thought of trying to select a man up at the high school is brother Fred, chief custodian of the Central School plant and also captain of the fire department. And again we hasten to say that brother Fred was appointed years before J. Everett ever even thought of running.

**Twenty-five Years Ago**  
About seventy-five friends and neighbors of Miss Elizabeth Goodhue gathered on Wednesday afternoon at the home of E. Y. Hincks, where a shower was given to the bride-elect whose marriage to Claude M. Fuess is shortly to be celebrated.

Augustus Remington and family from Newtonville visited in town on Tuesday at the home of Mr. and Mrs. W. A. Allen.

**News of Other Days**  
What You and Your Neighbors Were Doing in Days Gone By

Exciter beat Andover in track on Memorial Day 88 to 37. William Bingham broke his own dual meet record and also Eddie Mahan who had played a nine-inning ball game against Harvard in the morning, won second in both the 100 and 220.

Punchard defeated Wilmington 20 to 18 Friday.

The beautiful new banking rooms of the Andover Savings bank are now being used.

The stranger who hired a team from Morrissey's stables in 1908 and failed to return it and for whom the police not only of Andover but of several other cities and towns have been hunting for three years, was finally caught in Havertill this week.

**Ten Years Ago**  
Four veterans of the Civil War were present at the annual Memorial Day exercises. They were: Henry F. Clukey, John Russell, John Cummings and Benjamin Goldsmith.

J. R. Kimball of Central street has sold his property to Abner Adams.

Mrs. James Napier of Elm street returned yesterday from the Boston Deaconess hospital where she recently underwent an operation. Mrs. Napier is the first Andover patient to ride in the new Studebaker ambulance.

It was voted Tuesday evening to close the Bailey school, the 5th, 6th, 7th and 8th grades of the West school and the eighth grade of the Osgood school. It was found that the cost of transportation would not be so great as the upkeep of the rural schools.

## School Employees Resign Positions

### Superintendent Sanborn Again Unable to Attend School Board Meeting

Superintendent of Schools Henry C. Sanborn who has been ill in Franklin, N. H. for several weeks, will probably be unable to return to Andover before the end of the school year. At the April meeting of the school board Mr. Sanborn asked for a two weeks' leave of absence with the hope that he could recuperate from a throat ailment, but his condition was more serious than was at first thought. He missed the May meeting of the school board, the first meeting he had missed in his long term here, and on Tuesday evening he was again unable to attend.

At the meeting Tuesday the resignation of Miss Helen Sargent, teacher, and Miss Marion Hart, superintendent's clerk, were accepted, with regrets and best wishes. Both are to be married. Miss Betty Hird, teacher in the West Central school, is also resigning for the same reason, but her resignation had not been received by the committee at the time of the meeting.

On the written recommendation of Mr. Sanborn, Miss Wilma Corliss was named superintendent's clerk. She will start her duties Tuesday and will work with Miss Hardy until the end of the school year.

A special meeting will be called in the near future to act on bids for summer repair work and probably also on the new teacher appointments. Another matter to be taken up will be the management of the new cafeteria to be run for both junior and senior high. This was discussed at length at the meeting and then referred to the advisory committee for recommendations.

The janitors were all reappointed at the same salary as this year's. The sub-committee on buildings and grounds will at the special meeting bring in recommendations for the new school janitor staff.

The classes of 1930, 1924 and 1917 are purchasing a bronze tablet on which will be inscribed all the names of Punched men who took part in the war. The committee gave the required permission to place it in the school hallway.

The contract of bus driver Alvah Wright was extended for three years in order to enable him to purchase a new bus.

Punchard's baseball team will wind up a fairly successful season Tuesday playing Methuen at the local playstead. Manning is playing here today. This week the team played three games, Dracut, Chelmsford and Johnson being the opponents.

Unable to overcome an early first inning five run lead, the Punchard baseball team dropped a 7-6 decision to Dracut at the playstead Friday. Bisset led at the bat, getting a single and a double, while Dushame, Hackney and Pomeroy hit two singles each.

On Tuesday the local team met Chelmsford in a return game here and won 8-3 to even up the series with the upriver team. Billy Pomeroy, Friday's catcher, was Tuesday's pitcher, and he did a fine job, holding the visitors to five hits, and striking out seven. Walker led at the stick, with three hits, one of them a double, while Dushame and Hackney again garnered two each, as did Lyons.

Seven runs in the last two innings gave Punchard a 11 to 10 victory over Johnson high at North Andover yesterday afternoon. Punchard got the lead by scoring three runs in the first inning, but going into the eighth Johnson led five to four. Punchard scored two and Johnson one in the next to the last frame to even up the game, but in the ninth the local team scored four runs, four by the right fielder and four by the third baseman, helped Punchard win, since Johnson made 17 hits to the local team's eight. ## Unemployment Situation Shows No Change

### Third Shift in Mills Dropped and Only Few Working in Second Shifts—Government Work at a Minimum

Mill windows which were ablaze with light every night a year ago are this month again in darkness as the town faces an unemployment situation that is in marked contrast to the hopeful conditions of June, 1935. The third shift in the mills has been done away with, and only part of the second shifts are running.

There has been considerable demand for work from the Board of Public Works but even the regular B.P.W. workers who have been employed by the town for twenty years are only working four days a week. There are no big projects this year which would take up some of the employment slack as did the Salem street job last year.

The town's W.P.A. quota is 101, which includes 24 women engaged in the sewing project. Twenty men were this week taken from the Lovejoy road farm-to-market project and transferred to a state highway project. Some W.P.A. men are working on the Ballardsville playground and some on a Greenwood road water extension.

The only large B.P.W. job in prospect is the River road reconstruction, but the county and state allotments have not yet been made, and there is no telling when work can start on this project.

At times W.P.A. men are hired back into the mills, but the jobs do not last longer than two weeks.

The regular B.P.W. men are engaged in such routine tasks as retreading roads, sidewalk repairs, inspecting hydrants and painting fences. Roads being completely retreaded are Osgood, Hildin, Holt, Orchard, Bancroft, Garden and Stonehead. Partial retreading is being done on Deacons, Abbot, Wildwood, Salem, Highland and River streets.

**Children to Give Hansel and Gretel**  
Great interest is being shown in the production of Hansel and Gretel which will be presented by Briggs Allen school on June 17 at 10.00 a.m. at the Christ church parish house. Anne Selden makes a scary witch who terrorizes sweet little Gretel and brave Hansel, parts taken by Sarah Darling and Lawrence Bars. Peter, the broom binder, is played by Douglas Murray in a fine manner as you can see by our retards.

Joan Sweeney. The costumes are planned under the direction of Mrs. Frank M. Benton while the scenery is being worked out by Mrs. F. K. Murray and her committee.

For the first time in the twenty-eight years of the school tickets will not be required for admittance but anyone interested in seeing and hearing how much young people can do with Hansel and Gretel is invited to attend. Permission has been generously granted by C. C. Birchard Co. to give the special adaptation by Berta Elmslith.

**Prizes Awarded Punchard Pupils**  
Three students of Punchard high school won the prizes offered high school pupils by the Boxford Oratorio society for the best posters advertising the flower show to be held June 11 and 12. DUTY OF EVERY ADULT TO FOSTER GOOD CITIZENSHIP, SAYS NEW JUNIOR HIGH PRINCIPAL

By KENNETH L. SHEPHERD
Our Guest Editorial
We in Andover have ready for use in September a modern and beautiful junior and senior high school with auditorium, libraries, gymnasium, laboratories, shops, art, music and other special rooms. This plant will be heated, lighted, and kept clean and ready for use without cost to the individual pupil.

The community has a right to expect that the time and money spent from public funds upon these shall not be wasted and that the opportunity to gain an education carries with it a responsibility not only upon the boys and girls but upon us all, parents, teachers and citizens.
We should all accept and promulgate the attitude of Theodore Roosevelt when he said, "Where the State has bestowed education he who accepts it must be content to accept it merely as charity unless he returns it to the State in full in the shape of good citizenship."

UNEMPLOYMENT CONDITION HERE IN ANDOVER AND ELSEWHERE SHOWS FAILURE OF ADMINISTRATION

The Townsman Editorial
It's hard to tell on just what the Democratic presidential platform will be founded this year, but if the unemployment condition in Andover is any criterion, the platform cannot be founded on results obtained. The unemployed in Andover cannot find employment either in private industry or in public works, and it is safe to assume that Andover is no worse off than most of the other communities in this Nation.

In fact, it hasn't even been alleviated. Our mills here in Andover are doing nothing, and there's only a scant one hundred of our local unemployed who are securing W.P.A. work. Thousands of communities all over the nation are facing a similar situation, a situation which cannot be smiled away.
It's been a great three-year circus for the Democratic party. They've shown the public all kinds of novel things, freak plans and unusual stunts. The ring-master in the White House has kept his followers in Congress well under control, and at the same time he has been ballyhooing the so-called recovery efforts. But you can't fool all the people all the time, and today the unemployed and the taxpayers of this Nation are wondering why things have not improved.

The following pupils received T Tags on Health Day, signifying that they either brought back a card from their dentist saying that all the necessary work was completed or no cavities in the permanent teeth down to the second grade were found when examined by Miss Cronin, D.H.

Report Tells of Andover's Contribution to the Flood Sufferers Through the Red Cross

At the spring meeting of the directors of the Andover Chapter, American Red Cross, held recently a limited report of the emergency relief work and aid rendered was made. The following is a part of that report to date.
In meeting this real disaster Andover Chapter assisted by local individuals and organizations brought relief promptly and efficiently to the sufferers. Cooperation was generously and willingly given enabled the Red Cross to carry on their great work. Without this assistance very little would have been accomplished. The spontaneous offer of money and services makes it impossible to enumerate the names of all who rallied to the cause, but there are a few organizations the special work of which stood out prominently. Our appreciation should be expressed to the Trustees of Phillips Academy for the use of the Commons and its equipment for the preparation of food and to the Faculty of Phillips Academy for its distribution; to the Andover Post, American Legion for the use of its quarters for the distribution of food and supplies; to the Selectmen and Board of Health for their cooperation at all times and in every way; to the American Legion Auxiliary for the collection of food and supplies to alleviate the needs of those who were deprived of their homes; to Mrs. Burke Thornton and her assistants at the Town Infirmary for caring the homeless families during this period. Special mention should also be made of the personal services rendered by Mr. Richard Fraser and Miss Helen Robertson of Phillips Academy; Rev. and Mrs. A. N. Tall; Miss Marion Souter, Mr. Roy Hall and three directors of the Andover Chapter, Miss Anna Kuhn, Mrs. George F. French and Mr. Stafford Lindsay who were on duty during the entire time of the emergency and whose untiring services are still going on. To those who gave so generously of money we wish to express our sincere thanks.
The rising waters of the Shawshen could find no outlet and caused the Marland Mills and the Shawshen Mills to suspend operations for several days. During this time the

Red Cross assisted the unemployed until these mills reopened. To itemize the aid given up to the present time is utterly impossible for we are still continuing the work. However, it might be of interest to note the following facts:
From 300 to 500 sandwiches and doughnuts and 40 gallons of coffee were distributed daily to all men working in the flooded area including the National Guard and the C.C.C. boys.
Phillips Academy Commons prepared and distributed daily 84 breakfasts, 191 dinners and 101 suppers.
109 homes were evacuated representing approximately 500 people.
70 cots were received from the Quartermaster's Department in Boston and given to families who had taken in flood sufferers. Orders for groceries, meats, vegetables and milk were given to 49 families.
Thirty families were aided by replacement of destroyed or lost stoves, dining room tables, chairs, cooking utensils (pots and pans), linoleums, electric irons, cots, mattresses, sewing machines, ice chests and rugs, as well as coal, wood, fuel oil, medicines, shoes, couch covers, curtains, table scarfs, towels, bed clothing, pillows, knives and other cutlery and personal clothing.
To date we have forwarded to the National Red Cross Headquarters at Washington, D.C., our quota of \$375 for the national relief funds. The balance of our contributions have been used for local needs which up to the present time have passed the \$3000 mark.
The report is incomplete as work will still continue in some of the homes for some time to come but it is the wish of the Andover Chapter to acquaint the people of our town with the work of their Red Cross to date. The unexpected situation was met promptly and through the cooperation of our citizens we were able to carry on the work of bringing relief to the unfortunate in our community. Whatever part one may have played in contributing services or money, they have assisted in a great and noble work. To all, the deep gratitude and sincere thanks of the directors of the Andover Chapter, American Red Cross go to you publicly at this time.

Then, let's see, over in the B.P.W. Bill Collins drives the team, and he's also a member of the fire department. There's no relationship between Bill and the Ev-Fred-Mary clan. Then there's another who isn't related to either branch of the Andover Collins—that's Franklin B., former candidate for tree warden who though defeated still finds a place on the public payroll as janitor of the West Center school, or maybe we should again say custodian.
The school committee has still another Collins on the payroll—the town has another Mary. She's teaching up at the North school, and she represents still a fifth branch.
We could almost bet that we've forgotten someone else, but at any rate there surely are a lot of them. Oh yes, there's Andrew. Ev's and Fred's brother,—he's on the Republican town committee, which doesn't put him on the town payroll, but still it's a position. The fourth brother, George, is foreman at the Press here, and though we've tried to work his name into this story, we can't find any connection with the town payroll save that he does supervise the printing of the annual town report.
