Chats About You and Us  
and the  
Other Folks Here in Andover

**NUMBERS**—Just in case it makes any difference to anyone, Andover is in the fourth, fifth, sixth and seventh district, the coming fall will show. It's Fourth for State senator, Fifth for Governor's Council, Sixth for Representative and Seventh for Congressman. No wonder Phillips Brooks said, "Andover, first-last" and all the numbers in between.

**REQUISCAT IN PACE**—Over on page three under the classified ads this week there appears an ad for a single man to drive an automobile at the Brockton Fair this month at a speed of forty miles an hour head-on into another car which will also be coming at forty miles per hour. When we first received the request for a quotation on the ad a few weeks ago, the line: "Must give unconditional release in case of injury or death" made us shudder. Imagine advertising for someone willing to commit suicide!

After learning that the publication of the ad would not make us guilty of being an accessory before the fact of a murder, we submitted a price to Mr. B. Ward Beam, who is running the International Congress of Daredavils at the fair. We also asked him if he expected to receive any answers and he said: "Many will apply, but few realize that it takes real daring to drive head-on into another car which will also be manned by another daredevil who will be driving at equal speed." Asked if the men had any protection, the promoter said that they did not, other than that they would be allowed.

## Five Injured, Car Bursts into Flames

Three Taken to Hospital after Accident on Lowell Street Last Night

Three people were injured and removed to the Lawrence General Hospital last night about 11:30 when the car in which they were riding crashed into a pole and burst into flames on Lowell street near the Wild Rose farm. The injured were: Gladys Andrews, 26, 175 Andover street, Lawrence, burns about the legs, bruises; Donald Beveridge, 26, 20 Water street, North Andover, internal injuries; Milton Glidden, 21, 58 Saunders street, North Andover, minor injuries, abrasions, cuts.

Two others were injured and treated by Dr. East at the police station. They were: Miss Edna Witkiewicz, 19, 55 Springfield street, Lawrence, but cut on the head; Orest Lumelmo, 24, 36 Water street, North Andover, slight injuries. One other occupant of the machine, apparently unhurt, went home.

Beveridge was arrested at the hospital on a charge of operating under the influence, and Officer Lyle was put on guard. His car is alleged to have cut across the road and struck a car operated by Eric Day of Lowell, then continuing on into a pole.

Rep. Thomas J. Lane, who happened to be nearby, helped pull three of the occupants from the burning machine and also awakened a Lowell street resident to call the ambulance and fire truck. He also hailed a passing motorist, Asa Asouan of 1 Osogood street, who took Beveridge and Miss Andrews to the hospital.

The collision brought down some of the power lines, depriving some of the houses in that section of lights for a while.

## Four Day Festival Here Next Week

A four-day festival will be held on Wednesday, Thursday, Friday and Saturday of the coming week by St. Augustine's parish on the Parochial school grounds. The carnival is expected to achieve the same degree of success as the series of carnivals held at the playstead by the Knights of Columbus about ten years ago. It is the first one held by the parish in years.

The proceeds will be used for making repairs at the convent.

There will be a refreshment table, a bean table, a kitchen and electric appliance table, a novelty table and a blanket table in addition to numerous other attractions such as punch bowls, tossing rings, etc.

Augustine P. Sullivan is chairman, Margaret Reilly is secretary, and Mrs. Frank Welch is in charge of the tables.

## Square and Compass Club is Renovated

After undergoing a complete renovation during the summer season the Andover Square and Compass club rooms are now available for the use of its members. The building was repainted throughout, both inside and outside with new lighting fixtures, shades, draperies, furniture and floor covering being installed. The rooms now present a delightful and cheerful appearance and every need for comfort is provided.

As one enters the spacious lobby, on the right is located the finely furnished reading room. In the rear of this room is the radio room, which is also used as the directors' and conference room. On the opposite side is a large reception room, and next is a room used for table tennis. Between these two rooms is a telephone room.

Upstairs is a large commodious billiard hall, with two billiard and one pool table. Adjoining are two card rooms. On the lower floor in the rear are quarters for caretaker and Mrs. Alexander Beedie. Beyond is the assembly hall and in the basement is a well-equipped kitchen.

## BAKERY SALE TOMORROW

A bakery sale is to be held tomorrow by the ladies' auxiliary to Clan Johnston in the vacant store of the Musgrove building from three to five.

## EASTERN STAR GUEST NIGHT

The matrons and patrons of the North Shore will be guests of the local chapter of the Eastern Star at the meeting to be held in Masonic hall Friday evening, September 18.

## Landon Far Ahead in Final Balloting

Landon will probably carry Andover if the poll conducted by the townsman in conjunction with the nation's small-town weeklies is any indication. This week thirty ballots were returned, and they were all Landon votes.

This week's returns bring the final vote to 233 for Landon, 17 for Roosevelt and 4 for Lemke.

Many readers have not yet voted, but since the local vote is going so overwhelmingly for Landon, the townsman is this week discontinuing the local polling. Readers who wish to have their votes counted in the national tabulation may send them in to the townsman and they will be sent on to New York.

## SERVICE CLUB TO MEET

The opening meeting of the Service club season will be held next Thursday evening at 6:15 in Square and Compass hall.

GOVERNOR'S COUNCIL ONE OF MOST IMPORTANT POSITIONS ON BALLOT—NEED CHECK ON GOVERNOR

One of the most important offices which will appear on the ballot on primary election day a week from Tuesday is the Governor's Council. No one has ever paid much attention to this particular office before; very few people have even known who was on the Council.

men who of course were inclined to bow at the Curley command. The result has been that the Governor has had free rein with the Council, save perhaps for a few weeks ago when the members realized that they had an election facing them and that a "Yes" to Curley's platform would not draw many votes.

Editorial Cinders The Townsman is seriously considering having a sign printed for use on the counter in the office—or possibly we might just paste it up on the front door to save the W.P.A. workers a few extra steps. It would read something like this: "Yes, this is the Townsman office."

And probably other business firms, even those which engage in not producing pigs, have had similar W.P.A. experiences.

**WHAT'S IN THE PAY ENVELOPE FOR YOU?**

How will you spend your pay this week?

You may have budgeted your rent, food, clothing, insurance and laid something aside for amusements. But did you remember your taxes?

Of course it doesn't matter much whether you've figured in your taxes or not, for you will pay them just the same. They're already figured in for you.

The tax collector will dip into your pay envelope and claim about one quarter of all you've earned during the week and you will have to pay it eventually, in one way or another.

Only 75 cents of each dollar you earn belongs to you. The other 25 cents belongs to the government. And that means of every dollar, every week and every month throughout the year.

Hidden in the price of everything you buy are numerous taxes which in the end come out of you. Just because they are concealed in the price of what you buy, do not think you escape them. The tax bill you receive from the city or town once a year is only a small part of the taxes you pay.

When you bought the alarm clock that woke you up this morning, you paid scores of hidden taxes that the manufacturer, the wholesaler, the retailer had to pay, including a 10 per cent luxury tax. Yes, an alarm clock is considered a luxury for purposes of taxation.

On a loaf of bread there are 53 taxes. On a package of cigarettes there is a tax of 6 cents. On a bottle of milk of magnesia the manufacturer paid 94 taxes, and the retailer who wrapped it up for you 78 taxes, all of which, eventually, are paid by you.

When you pay these taxes you are paying for the tremendous cost of government and if you want to reduce your taxes it is up to you to do your part in reducing the excessive cost of government by taking more interest in the kind of men who represent you in the government.

**IS THIS REASONABLE?**

The present governor of Massachusetts assumes to be personally much concerned at the apparent lack of sheets and pillow cases for the afflicted in our state institutions. Yet since 1927 the commonwealth has spent \$22,762,000 for construction in the department of state hospitals and—a "federal government project for \$600,000 for beautification of the grounds of the Boston State Hospital is now being carried out."

**COOLIDGE ON ECONOMY**

"I favor the policy of economy, not because I wish to save money, but because I wish to save people. The men and women of this country who toll are the ones who bear the cost of government. Every dollar that we carelessly waste means that their life will be so much the more meagre. Every dollar that we prudently save means that their life will be so much the more abundant. Economy is idealism in its most practical form."

—President Calvin Coolidge.

Tuckerman Winding Up Energetic Campaign

With less than two weeks to the most important primary in years, Bayard Tuckerman, Jr., of Hamilton, is devoting his time to completing his energetic campaign in this community and the other 31 cities and towns of the fifth Massachusetts district, which he hopes to serve as its next Republican Governor's councillor.

The fifth district includes every city and town in Essex county with the exception of Saugus, and in all of these Mr. Tuckerman has groups of friends actively interested in and working for his success in the primaries, September 15. His business experience and many years of service to the Republican party, as one of its most ardent and unselfish workers, plus his youth, are what Mr. Tuckerman believes the district needs to announce his candidacy. "cannot be bought, browbeaten or lulled into inaction by promises or favors."

This week Mr. Tuckerman addressed more than a score of meetings, including a large one in Beverly where Tuckerman committees have been organized in every precinct. There is no representative contest in that district, but Mr. Tuckerman, who is interested in Republican success in November, has told all of the candidates for Congress that he would help to get out the vote in his district and that his check lists and cars are at their disposal. This has been appreciated by all of the candidates, and, in one city in the district, at least, all are working in unison to get out a record vote.

Friends of Mr. Tuckerman say that he has no selfish interests at stake and is the type of fighting man that Massachusetts needs, and his candidacy has drawn support from every faction in the district. He has long been active in Essex County Republican activities, as a Hamilton town official, State Representative and State Committeeman and has been prominent in the affairs of the North Shore Babies' Hospital, the American Legion, the Y.M.C.A. and the Boy Scouts.

Many Voters Drop Party Designation

A large number of voters have dropped their political designation for the coming primaries, while there have been only five changes to the Republican party and one to the Democratic party. A total of 62 voters asked that their designation be changed to blank. This will allow them to ask for any ballot they wish at the primaries. Acceptance of the ballot of any party however will automatically designate the voter as a member of the party for future elections, barring further change.

Association Tabulates Representatives' Actions

According to a tabulation prepared by the Massachusetts Federation of Taxpayers' associations, the two local representatives and the local state senator voted on six major questions during the past session of the legislature in opposition to the stand the association took on the various measures. The three voted in favor of the 48 hour week for employees of state institutions, in favor of the \$15,000,000 bond issue for highways, in favor of the \$4,000,000 building bond issue, against biennial sessions, in favor of the Curley appropriation bill, and in favor of the supplementary appropriations bill.

Former Pastor Acting President

Dr. Arthur T. Belknap, once pastor of the Andover Baptist church, and now dean of instruction at Mansfield, Pa. State Teachers College, has been made acting president of the school, to fill the vacancy caused by the recent death of Dr. William R. Straughn, president for 22 years. A member of the college faculty since 1920, Dr. Belknap holds degrees from Brown University, Harvard University and Sioux Falls College and is a graduate of Halle University and Newton Theological Institute. Before coming to Mansfield, he served as professor of English, dean and acting president, in turn, at Franklin College; as a member of the summer staff and an extension lecturer at Indiana University; and as president at Grand Island College.

Academy to Build Five New Houses

Five houses to be built in Hidden Field for the accommodation of faculty members will be ready for the opening of school in 1937, it was announced this week. Three of the houses are being built with Harkness funds and the academy is building two. The houses will be entirely for teachers and their families; no students will be housed in them. Work on Bulfinch hall will start immediately after Labor Day. It is hoped that the remodeling of this old building will be completed by the first of the year.

ANNOUNCE TOPSFIELD FAIR PROGRAM

Almost as traditional as the fair itself are the unusual entertainment thrills which form an integral part of the program of the county fair. Officials of the Essex County fair at Topsfield combed the country for daredevils and stuntmen to produce the spine-tingling sensations featuring this year's show on September 16, 17, 18 and 19, Wednesday through Saturday. The agents for the Essex Agricultural society had to outbid most of the leading expositions in the east before they secured Lucky Teter and his Hell Drivers, rated the ace "thrill" act of 1936. These motor maniacs were the sensation of the winter fairs in the south and far west and were even booked for movie short subjects. Their unbelievable routine includes head-on automobile crashes, flaming board wall crashes, auto loop-the-loops, motorcycle jumps over trucks, and other feats of this nature calculated to quicken the pulse of the most callous. Since signing the Topsfield contract Lucky has added a new trick to his repertoire, namely, overturning an automobile while travelling at 60 miles an hour and then making it roll completely over several times. This troupe of thrill artists will perform Wednesday and Thursday afternoon. New England championship motorcycle races and broad-jumping contests, harness horse racing will also enliven the afternoon shows. Wednesday evening a nationally famous radio band will play for dancing, while Thursday a group of leading wrestlers will whip the audience to a fever pitch. Excitement of a different sort will be provided Friday night by the famous Connie's Inn colored stage revue direct from New York. Saturday's crowded card will climax with a colorful night airplane raid and military
