"I'm not afraid," the small boy said,  
"That Santa Claus will be misled  
Because we have no fireplace deep  
Or chimney broad down which to creep.  
A radiator seems too small  
To let him climb or even crawl;  
But none the less on Christmas day  
We'll know that he has found his way.

"For when our radio near by  
Borrows the lightning from the sky  
And brings to chase away our gloom  
A brass band, right into the room,  
I know that such a clever Saint  
Will never let his heart grow faint.  
Some new improvement, never fear,  
Will bring him here for Christmas  
cheer."

## Hearing Tonight on By-Law Change

### Public Hearing to Be Held in Town House on Fred E. Cheever's Petition

A public hearing on a petition to reduce the lot requirement in the zoning by-laws from 10,000 to 8,500 square feet will be held this evening in the town hall starting at 7.30. Fred E. Cheever, the petitioner, has two lots in his Johnson Acres development under 10,000 feet, the plan for which was approved by the then Board of Selectmen. The Board of Appeals however has refused permission to build on these lots.

It is understood that some residents of Johnson Acres have been circulating a petition against Mr. Cheever's suggestion. They will probably be present to protest tonight.

Mr. Cheever states that he does not intend to change the size of any of his lots if the amendment goes through. If the Board of Appeals reconsiders, he states that he will withdraw the amendment, but otherwise it will be brought before the town meeting.

Mr. Cheever states that the lots are on a 1935 plan approved by the selectmen, but on June 18 and again on July 30 the Board of Appeals refused a variance on the lots. The power to issue such a variance comes under the zoning law, Section 12, II, concerning lots irregular in topography. The size of the lots in question are 9178 feet and 8955 feet.

## Outdoor Fair to Be Held Tomorrow

The Margaret Slattery class of the Free church will hold an outdoor Christmas fair tomorrow afternoon in front of the church, if weather permits. If the day is not promising, the fair will be shifted to the church, probably in the front vestibule.

The committee: Isabel MacKenzie, Emma Stevens, Bertha Wessell, Janet Barwell, Ethel Sullivan, Alice Bell and Margaret Laurie.

### CLAN PARTY PLANNED

On next Thursday evening the Clan and auxiliary will conduct the annual children's Christmas tree party. Names of children up to 12 must be given by December 20 to the following committee: Mrs. Ann Driscoll, chairman; Mrs. Fred Scott, Miss Isabel Maclaren, Mrs. Bella Watts, Mrs. John Thomson, Miss Ina Petrie, Mrs. Jean Wood, and Mrs. Mary Smith.

### PAST PRESIDENTS MEET

The Past Presidents of the Legion auxiliary held their annual Christmas party at Mrs. Joseph Miller's on Wednesday. A turkey dinner was served and gifts were distributed.

### GOING TO BOSTON?

Why not try the stores in this vicinity first? The chances are that you can find what you want at prices which on many lines are standardized by the manufacturer, and you won't be bothered with troublesome traffic conditions and milling mobs such as are found in Boston. In addition you'll be helping the town, by helping people who live here.

## Speaking Contest at School Tonight

The annual Goldsmith prize speaking contest will be held tonight at the Memorial auditorium, with six Punchard high students delivering selected pieces. The combined glee clubs will play two selections.

## Will Establishes New Prize Fund

Phillips academy's already lengthy list of annual prize awards is to be made longer by the addition of two prizes made possible by a trust fund established by the will of the late Lydia E. McCurdy. The two prizes, one of \$30 and the other of \$20, will be given in senior mathematics in memory of her husband, Professor Matthew S. McCurdy, teacher of mathematics on the Hill from 1873 to 1921.

## Punchard Team Feted at Banquet

The undefeated Punchard High School football eleven was feted Wednesday night at a banquet held in the school cafeteria with about 175 persons present to see the awarding of sweaters and the presentation of gifts to Coach Lovely and Assistant Coach Joseph Doherty. In front of Captain Mal Lynch at the banquet, was placed a large chocolate icecream football. After the dinner the men retired to the main auditorium where chairs were set up on the platform for the members of the squad and coaching staff.

Selectman Everett Collins, Toastmaster, thanked all those who contributed to the sweater fund and read a letter of praise to the members of the squad.

Mr. Collins introduced Howell Shepard, who praised the boys of the team and told them to go out and try to do just as well in life. He also lauded Coach Lovely highly for the work he has done and for the honor that he and his boys have brought to the Town of Andover.

The next speaker was Selectman Roy Hardy, who spoke of his football days spent here in the high schools. In his own football days he spent most of his time on the bench and what might have been a brilliant career was used up as a sub.

Principal Hamblin said that one thing he liked about football was the virility it gave to those in their early youth. He said that he could remember when he first came here, that some of the fellows used to come from West Andover to school and that they walked it every morning. Now they have to be brought to

## Public Health Subject of Talk

Dr. Alton S. Pope of the State Department of Public Health gave an interesting talk on "General Aspects on Public Health" at the meeting of the November club on Monday afternoon. He gave a resume of the department's work, with a brief sketch of the formation of the department. Of particular interest was the statement that the first board of health was formed in 1799, with the first president being Paul Revere.

A social hour was enjoyed after the talk, with Mrs. George Cheever and Miss Kate Jenkins pouring.

## Sons of Legion Install Officers

H. Garrison Holt, Jr., was installed as captain of the local Sons of Legion at the annual ceremony held last Friday evening in the Legion rooms. The installing officer was Legionnaire Dowe of Gloucester.

Others installed were: first lieutenant, William Buchan; second lieutenant, Alfred Miller; adjutant, Paul McDonald; finance officer, Stafford A. Lindsay, Jr.; chaplain, Robert McDonald; historian, Edward Lindholm; sergeant-at-arms, John Collins; executive committee: Paul Cheney, Jr., William Beaulieu and James Collins.

## Red Cross Asks Food Donations

All persons who have donations of food, including canned goods, vegetables, etc for the Christmas baskets which will be packed by the Red Cross are kindly requested to leave their gifts at the South Church vestry on Tuesday, December 21st or Wednesday, December 22nd.

## Ask Reduction in School Light Bill

### School Board Asks Reason for Difference in Town, and Private Rate

Two more steps in the school board's attempt to reduce its bill for light and power were taken at the meeting on Tuesday evening. The report of the Lawrence Gas and Electric company showing that the installation and operation of the Diesel plant would mean a greater annual cost to the town, as printed in last week's Townsman, was discussed in connection with the report from a Diesel company which estimated a substantial saving. In order to get an opinion from a disinterested qualified source the advisory sub-committee was instructed to secure an independent survey.

It was also voted to have the sub-committee ask the power company why the town rate for large quantities of electricity is so much higher than the private residential rate. It was pointed out that the department has to pay an average of 4.87 cents per KWH, while the residential rate after a certain consumption is only three cents. The appropriation estimated in the budget for this item is \$4,000, or \$1,000 more than last year. Two years ago \$1650 was allowed.

## Patsy Donovan New Head Coach

Patsy Donovan of Lawrence, one of baseball's best-known characters, will be the new head coach at Phillips academy, director Ray Shepard announced yesterday. He succeeds Len Burdett of Swampscott, who resigned to take up business in Washington and New York.

Patsy was on the Hill a few years ago as assistant to Karl Billhardt, in the year when Johnny Broaca, baseball's great enigma, struck out four Exonians in one inning. With him as assistants this year he will have Steve Sorota and George Follansbee, who also assisted in football.

## Traffic Signals Again Smashed

The traffic lights on the island at the junction of North Main and Union streets was in the way of another errant motorist on Sunday evening, and came out a poor second in the resulting meeting. Joseph R. Muldoon, of Lowell, was taken into custody by officer William Stewart and state officer William Horan on charges of operating under the influence and drunkenness, and in District court on Monday morning he was held in \$350 for appearance on December 20.

Andover had two other cases up before the court: Frederick S. O'Brien of Arlington on driving under the influence, by Officer Jowett and Alvin R. Simpson of Hookset, N. H., by Officer Deyermund.

**Make It Really Merry!** Some of Andover's residents are planning to have a very Merry Christmas a week from tomorrow, but a large number have no such pleasant prospect in view. On next Saturday there will be families here in town who can barely keep their kitchens warm with a few scraps of kindling. Perhaps as they serve a meager meal, they will watch with pain the expression in their youngsters' eyes, youngsters for whom a few short months ago they had planned a real Christmas, with toys and other gifts in addition to the traditional turkey.

Some of us are more fortunate. We'll be able to give our children the things that others through no fault of their own are unable to give theirs; we'll be able to sit down to a big meal, with probably more than we are able to eat wisely.

But can our Christmas, the Christmas of us more fortunate ones, be really merry in the sense in which Christmas should be merry, if we know of the misery in other families and have taken no steps to help those other families out? Won't we feel ever so much better down deep inside if we have lived up to the true Christmas spirit by passing on some of our pleasures to others? If our youngsters are playing with a whole bevy of toys, we will derive considerable happiness from their happiness, but wouldn't we feel even better if we were also helping some other youngsters who need the toys far more than ours? If we have turkey, dressing and

all the fixin's, can we truly enjoy them if we know that there are families who are very nearly without the bare necessities of life?

All the welfare agencies in town, municipal, church and others, have banded together to eliminate any duplication of effort, and with the co-operation of the fortunate people these agencies can make Christmas for everyone truly happy. The Red Cross would welcome funds to aid the needy, and many of the churches are asking for donations of food, etc. When you're doing your last-minute shopping, why not add a toy or two, a sweater, a pair of shoes or something else that will help a fellow-being? And when you order that Christmas dinner why not tell your grocer to deliver an order of two dollars or maybe five to the Red Cross or to the church? Then you can go home and know that you're going to have the best Christmas ever, for you will have given not only to the people to whom custom decrees that you should give, but somewhere here in Andover there will be a family made happy by your kindness.

For over 1900 years the world has repeated the phrase: "Good-will to Men." More than ever this year you should remember that it's good-will to all men, not just your immediate family. Give something, even though it may make your Christmas budget more than you had planned. That feeling of pleasure which you will derive from the knowledge of someone's happiness will more than compensate you for the expenditure.

## Siftings

The school board had an illuminating discussion the other night, the conclusion being that the light bill was not as light as it should be.

"Fair outdoors tomorrow" is the social forecast of the Margaret Slattery class of the Free church, providing that the weather forecast is also "Fair outdoors tomorrow."

This next week is the week in which you get cards from the people you left off your list because they left you off last year.

The United States could save a lot of greenbacks and gray hairs if it would buy one-way tickets for all Americans in China.

## To Install Phones in Three Schools

The school board voted at its meeting on Tuesday night to include a sum of \$125 in its budget for next year for the installation of telephones in the Bradlee, Indian Ridge and Shawsheen schools. This action was taken on petition of the Parent-Teacher council.

The telephones are being installed for administrative and emergency purposes only. For a number of years the committee has hesitated to put in the 'phones because of the nuisance caused by parents calling up to give messages to their children, thus disturbing the classroom work. The committee emphasized that messages will not be taken for children. Superintendent Henry C. Sanborn is drawing up strict regulations on the use of the 'phones. The Parent-Teacher council also had a lengthy discussion regarding a co-ordinating system of physical education, but it was voted to lay this matter on the table until the next meeting. No action has been taken on a kindergarten, and nothing will be done in all probability this year.

### MAY START BRANCH LIBRARY

A branch library is probably to be started next year at the Junior high school to relieve the crowded conditions in the Memorial Hall library junior room. At the request of the school committee the library trustees may incorporate a sum in their budget to take care of this work. The operation of the branch would be left to the superintendent and to the trustees.

## Plan to Present Peace Petition

The local V. F. W. post is cooperating with the National department to present a petition of 25,000,000 names to the President of the United States of America for and in the furtherance of peace for our nation and the world.

It is very appropriate at this time of the year when we are all thinking and honoring Him, who came to the world "to bring peace and good will to all men."

The citizens of Andover will be given the opportunity to sign this petition to keep America out of war, with our neighbors of the world. The churches will be asked to cooperate in this great endeavor.

Dr. Nicholas Muray Butler says, "The World War cost four hundred billions of dollars. Enough money to give every citizen of Europe the Americas and Asia, a home costing \$2,500. Compton's Reference Books tell the story that a wall could be built from Boston to Washington two feet thick and eight feet high with silver dollars to the amount of four hundred billion. Surely a waste of money, men and materials.

Let us therefore have peace. Let us work for this great need. May the Peace of God enter into the politics of the world, so that the Prince of Peace will not have died in vain.

The peace of the world is in the hands of all true Americans.

### LEGION HOLDS PARTY

About 100 attended the annual Legion Christmas party last night, with the program including a band concert, community singing, song and dance by Roman and Fallon, turkey award, All-American football game, balloon race, movies of the New York convention and Woburn parade in honor of Commander Doherty, Santa Claus presenting gifts.

British War Veteran activities include a beano, whist and domino party tonight, children's Christmas tree party Sunday, and the auxiliary tree party Wednesday evening.

## Make Plans for Christmas

Plans are almost complete for the Christmas pageant to be held in the main auditorium of the town on Sunday. It will be directed by E. Lewis Paine, assisted by Lewis Paine. The pageant is to be presented by a number of churches and the Free Church and the written by the director. "While Shepherds Watched" is the story which never grows old. ## Make Plans for Christmas Pageant

Plans are almost complete for the only Christmas pageant to be presented in town on Sunday. It will be given in the main auditorium of the Free Church on Sunday evening at seven. The cast is being directed by Emmanuel Booth, assisted by Lewis Paine and Thomas Gorrie. The pageant is the same as was presented a number of years ago, both in the Free Church and the Town Hall. It was written by the director, and is entitled "While Shepherds Watched." It is a story which never grows old; each year it is told with just as much interest as in the preceding year, and celebrated with just as much enthusiasm. Many requests have been received to repeat this pageant in the past, and so insistent were the demands this year that Mr. Booth finally consented to comply. He is receiving the support he so richly deserves by every member of the large cast, who have been rehearsing diligently, and under his leadership this portrayal of the world's greatest event promises to excel in every way all past performances.

Each member of the cast is trying to outdo the other, and with a reverence which is full of realism, lovers of religious pageantry are assured of an inspiring spectacle. The members of the cast are asked to report at the church at 2:00 p.m.

The senior choir of the church will assist in the rendition of numerous carols throughout the pageant. They are under the leadership of Ernest L. Thornquist, organist and choirmaster. The stage and lighting are being supervised by the assistant directors: Lewis Paine, Thomas Gorrie, Peter Black. Publicity: George Keith. Make-up, Jesse West.

## Tenor to Sing with Symphony

Howard Harrington, local tenor, will be soloist with the Indianapolis Symphony Orchestra under Fabien Sevitzky this afternoon and Saturday evening, when that organization presents Kodaly's "Psalmus Hungaricus." The rest of the program, the third of the Indianapolis (and Mr. Sevitzky's first season, will include Corelli's "Folia," transcribed by Geminiani, in first American performance; "The Ocean," by Henry Hadley, and Tchaikovsky's Fourth Symphony.

The annual telephone girls' Christmas party for a number of needy youngsters will be held on Tuesday afternoon in the Legion rooms.

## Modify Rule on Entering Schools

The entering age for the first grade in the local public schools was modified slightly at the school board meeting Tuesday night. The basic age, six by the first of January, remains, but children who are six before March first may enter if the results of a test given them show that they have a maturity of five years and eight months, equivalent to the six

by January first requirement. The test will be given by someone from outside the system, the expense to be borne by the town.

On Wednesday Rev. Thomas B. Austin, O.S.A., and the Sister Superior at the Parochial school decided that in the future the Parochial school entrance age will follow the public school regulations. Heretofore children who will be six as late, in a few cases, as May, have been accepted, but the new decision will bring all the grammar schools on a standard basis.

Mr. Sanborn reported that he had received an opinion from the state department to the effect that the town does not have to transport children to private schools when they are under the town minimum age.

### PLAN WELFARE BRIDGE

The Legion and its auxiliary are planning to hold a welfare bridge and whist in the town hall on January 21. The money raised will be used to help out in the present emergency.

## Former Engineer Completes Work

Howard Pillsbury, Chief Engineer for the past twelve years, at the Haggetts Pond Pumping Station, who tendered his resignation to the Board of Public Works, which they accepted October 13, has completed his service in the employ of the Town, having worked a 60-day notice, part of which he spent with his successor, acquainting him with his new position.

A few years ago Mr. Pillsbury was one of the many who advocated keeping a steam unit at the Pumping Station, and not depending entirely upon Electric Pumps there. He states: "The Steam Turbine installed at that time, has more than proved its worth, being far more economical, efficient, and reliable than Electric Pumps would be. During the flood of 1936, the Town was without Electric Power for several days, and due to the Steam Turbine at the Pumping Station the Town did not lack for plenty of water, and was also able to give a substantial amount to the City of Lawrence at that time."

Mr. and Mrs. Pillsbury have moved to their new residence in Newbury, where Mr. Pillsbury plans to conduct a business of his own.

### Punchard Team Feted at Banquet

(CONTINUED FROM PAGE 1)

"Joe" Doherty, Coach Lovely's "right hand man" then spoke. He said that the boys bet him that they would buy him a

dinner if Punchard didn't win all their games. Mr. Doherty took them up on that. In Methuen between the halves Joe said to John Noyes, "Well, what about the dinner?" John replied, "I was just thinking about it." Mr. Doherty said that the boys were not overconfident in the game. If they had been overconfident

before the game they would not have won it. In conclusion Mr. Doherty said that the officials had told him after one of the games that they were the finest bunch of lads they had ever worked with.

Mr. Collins then introduced Coach Lovely, "Teacher, and Dean of Coaches in this State, without question." Mr. Lovely said that Lynch is the best back in the state, and that he was not a one-man team. He made plenty of points for the team but someone must have made all the points that he didn't make. He did say, however, that they could have used him even more than they did. Lynch can do anything with the ball or without it. He can block, punt, run, pass. Mr. Lovely said that Harold Walker was the best young player that they had. He came out every day and never cried to get in the game when he was on the bench. His two brothers, Mickey, Cliff, and now Harold were all stellar star Punchard athletes. He also said that Bisset had done fine work as quarterback. During the course of his speech Coach Lovely declared that Bob Price was one of the best guards in the state. He also praised the work of line coach Doherty.

Mal Lynch then made a presentation of a gift in behalf of the squad to Mr. Lovely. Paul MacDonald, Captain-elect for the 1938 squad, then presented Mr. Doherty, the "mob-leader" as Paul called him, with a small gift as a token of appreciation for his great service as assistant coach of the team.

Mr. Lovely then presented the sweaters to the letter men of the squad. The sweaters are white, and the letters will be gold "P's" on purple blue backgrounds. All seniors were given sweaters and those juniors who will be ineligible next year.

The twenty men are: Raymond "Mal" Lynch, John Noyes, Frank Dushame, Robert Bissett, Harold Walker, Wilbur Sanborn, Robert Haigh, John Flaherty, Robert Price, Richard Sellars, Gordon Jones, Kenneth Lakin, Kenneth Gordon, John Blamire, Robert Miller, Gordon Glowacki, Robert Crosby, Richard Sutton, manager, James Goodwin.

Football movies were then shown on the screen in the auditorium. These lasted for about forty-five minutes. There were very kindly lent by Mr. Samuel Resnik and were run off by Mr. MacDonald of the faculty.

### VISIT EXCHANGE

All classes of the Andover Junior High School visited the telephone exchange in the week of December 6th. The visit was most interesting and very instructive. When we arrived at the exchange we were first taken by a guide to the switchboard and from there we passed to all the other different rooms. We were told that in each cable there were hundreds and hundreds of wires. We were taken into a room where there was a machine called an

oscillograph. When we talked into this the sound waves went over the wire and the voices were reproduced on a screen at the other end of the wire. There are a great many new devices being invented, one of which is a switch on the receiver so that a deaf person may hear perfectly over the telephone. —JOSEPH PAYNE

## Church Bazaar Proves Very Successful New Record by

### Local Red Cross

The bazaar held in the town hall last Thursday and Friday, by the Christ Church parish, was a tremendous success in every way. The different tables were well patronized and the returns went over the amount hoped for, as a result of enthusiastic buying.

Each evening a supper was served and an entertainment given which added to the attractiveness of the affair. The entertainment on Thursday consisted of nursery rhymes in song by St. Catherine's Guild members dressed in charming costumes; tap dances by George M. Collins, Jr., and his partner Joan Holdsworth which were very clever; songs by Constance Swenson, Doris Gillespie and Kathleen Valentine; dances by the girls of Reginald Wallace's class; readings by Miss Ruth Drosos; songs by Mrs. Willet Eccles; and dances by Reginald Wallace and Virginia Berthel.

Some of the same entertainment was put on Friday evening with additional numbers by Geraldine Eichhorn and Janice Harvey who were especially good in tap dances and readings and were given vigorous applause. A group of versatile amateur artists including Mr.

Brothers and his daughter Gloria of Methuen and Miss Ruth Napier of this town gave a set of songs and musical numbers, Mr. Brothers playing the harmonica, Gloria the accordion and Ruth Napier the violin. Mr. Brothers also sang. Mrs. Dorothy Eichhorn accompanied the little girls on the piano, and Miss Minnie Valentine was the accompanist for the other groups. Reginald Wallace was in charge of the entertainment each night.

On Friday afternoon a puppet show was put on under the direction of Miss Margaret Davis, superintendent of the Andover Guild, assisted by Miss Ruth Keith and James Bissett, which was very entertaining for the young folks who attended.

Much credit should go to those who were responsible for the success of the bazaar, especially Mrs. Walter Howe who was chairman, and Miss Alice Jenkins who thought up the clever decoration of the hall. They were ably assisted by various committees who have worked since early spring to gather articles for sale, getting dolls dressed, collecting canned goods and groceries, sewing aprons and lately making wreaths for the greenery table, candy and food. The men devised the scheme of a smoke table and well-known brands of smokers' articles were on sale.

The net results will be used for repairs on the rectory and to start an organ fund.

#### MILK CONTRACT AWARDED

The Wild Rose Dairy, operated by Sidney P. White, was awarded the school milk contract at a price of 3 1-2 cents at the meeting of the school board on Tuesday evening. The only other bid was received from the Shawsheen Dairy at 3 1-4 cents, but several of the members stated that the Dairy could not satisfy the requirement that its milk would not be intermingled with out-of-town milk.

The final reports on the Red Cross Roll Call have been completed and chairman Stafford A. Lindsay, announces that the quotas set by National Headquarters at Washington, D. C., both for membership and revenue, have been surpassed. The amount of money collected to date is \$4,506.01 and the membership enrollment to date is 2576. The quotas for this year were somewhat higher than those of the past years and as the drive started it looked rather doubtful as to just what the final outcome of the campaign would be. Despite adverse conditions the chairman of the roll call is pleased to announce that the sum of \$4,506.01 is the largest amount of money ever collected in a roll call campaign in Andover. This great success is due to the effort, contributions and whole hearted cooperation of Phillips Andover academy and its faculty, the largest contributors, enrolling a membership of 1010 with a contribution of \$1220.30; Abbot academy with a perfect record of 100 percent of its faculty and students; and the following organizations which contributed most generously: Shawsheen P.T.A., Andover P.T.A., Shawsheen Village Woman's club, November club, Andover Service club, King's Daughters, American Legion, Veterans of Foreign Wars, Andover Police Relief association, Student Government of the junior high and the Public School Teachers.

To Phillips academy, Abbot academy, all the above organizations, the local business men and business firms and to every citizen who gave a contribution, whether small or large, the sincere thanks of the roll call committee and of the directors of Andover Chapter, American Red Cross is hereby publicly expressed. The roll call committee also expresses its deep gratitude to Miss Mabel Barron, the roll call secretary and her corps of over 100 volunteer workers whose untiring efforts played no small part in the great success of the roll call.

## To Give Pageant at Christ Church

On Sunday, December 26th at 7:30 p.m. the Girls' Friendly Society will present a "Mystery for Christmas" in the Mediaeval manner.

The entire modern drama—theatre and opera—is descended from practices in the Middle Ages that were instituted and sustained by the Church. The connection is clear in Mysteries, which were designed to give religious instruction.

This Mystery although modern in origin is based upon the idea of an old Fifteenth Century Scriptural Play. These plays were written for the Church and acted in the Choir and Chancel with the characters occasionally appearing in the aisles.

To the accompaniment of organ and chorus of women's voices the Christmas story will be presented.

The cast includes Gabriel and six attendant angels; Mary and two small angels; five shepherds; three Wise Men, four angels of the pillars; two walking angels; four other angels.

The Girls' Friendly Society is the chorus, which is rehearsing under the direction of Walter Howe, of Abbot Academy.
