Selectman Collins Remains Unopposed — Two More Take Out Papers

With only two weeks left before time for filing nomination papers, activity this week continued quiet, with only two more taking out papers. They were James Sullivan of Brechin terrace for board of public works and Herbert Lewis of Lowell street for planning board.

It now looks very much as if selectman J. Everett Collins will be unopposed for re-election. The feeling that school board member John M. Erving might run has died down considerably, and Tuesday night Mr. Erving said that he had as yet made no statement as to whether he would or would not run. Last year Mr. Erving took out his papers late for school board.

On the school board three-year term there is a strong possibility that Dr. Malcolm B. McTernan will take out his papers. He said this week that he probably would throw his hat in the ring, but lately he has been busy because of the serious illness of his son and has not had time to devote to the nomination.

The tax collectorship race is expected not to have its present total of 16 aspirants when the nomination deadline comes. Although no one has definitely announced that he would withdraw, it is pretty generally felt that some will see the futility of running. However, several feel that with such a large field anyone has a good chance of winning out.

For tree warden Thomas D. Taylor has not given any substance as yet to the rumor that he would be a candidate.

Hearing Tonight on Zoning Changes

A public hearing will be held tonight at 7:30 at the town hall on the planning board's proposed amendments to the zoning law. It is expected that there will be considerable controversy as an aftermath of the recent hearing on Fred E. Cheever's proposed amendment. The main item that the planning board will take up asks for a reduction in lot acreage to 9500 in certain cases, while Mr. Cheever asks for a reduction to 8500.

SPECIAL ARTICLE DEADLINE

Next Friday is the last day for filing special articles at the town clerk's office. The following Friday is the last for filing nomination papers.

RAILROAD ASKS STREET ACCEPTANCE

The Boston and Maine railroad would like to have Railroad avenue, which passes the Tyer rubber company, accepted by the town, and town and railroad officials viewed the stretch on Wednesday. The road was recently resurfaced.

YOUNG MARRIED GROUP MEET

Rev. and Mrs. Herman C. Johnson entertained the members of the Young Married Group of the Free church Wednesday evening. Mrs. Charles Milligan, Mrs. Andrew Jackson, Roland Fraser and Walter Young were the winners of the games. Delicious refreshments of roasted frankfurts were served.

Those attending: Mr. and Mrs. Charles Milligan, Mr. and Mrs. Walter Young, Mr. and Mrs. Roland Fraser, Mrs. Geoffrey Nicoll, Mr. and Mrs. Stanley Swanton, Mr. and Mrs. Randolph Perry, Mr. and Mrs. Andrew Jackson, Mr. and Mrs. Alexander Black, Mr. and Mrs. Ivan Johnson, and Mr. and Mrs. Johnson.

Concert and Dance Honors Scotch Poet

A concert and dance honoring the memory of Robert Burns, Scotland's great poet, was held last Friday night in the town hall with about 300 present to hear old-time Scotch songs sung by selectman J. Everett Collins, Mrs. Charlotte Adams, Mrs. Clara Taylor and Henry Fairweather. Miss Minnie Valentine accompanied.

In the dancing which followed William S. Watt was floor director, Edward Brown his assistant. The committee: Fred Scott, Hector Pattullo, Mr. Watt, Mr. Brown, William Vannett, Peter Anderson, George Gorrie and James Caldwell.

CLAMS COST MORE

Clams will cost Andover \$143.84 this year. That is Andover's share of the deficit of the shellfish purification plant at Newburyport made necessary by sewage in the Merrimack.

Plan Article on Lighting Plant

The school board Tuesday night voted to ask the selectmen to insert an article in the town warrant asking an appropriation to purchase and install equipment for generating of electricity at the central schools. No cost figures are available yet as the results of an independent survey have not been received. If the figures show that no appreciable saving could be made on the present lighting cost, the article will probably be withdrawn.

It was the last regular meeting for Mrs. Annie S. Angus and Dr. Nathaniel Stowers, both of whom are retiring, and a rising vote of thanks was given them at the end of the meeting in appreciation of their service. Chairman Frederick Smith expressed his personal appreciation of their work.

Minor matters taken up included: reference to the teachers sub-committee of a proposal whereby teachers would be exchanged with other communities; granting of \$75 from the Richardson fund for equipment for the Shawsheen gymnasium to supplement P.T.A. equipment; appropriation of \$125 to be added to a \$170 grammar grade piano fund for purchase of a piano for the Stowe building; reference to the buildings and grounds committee of the evening janitorial work situation; acceptance of the annual reports.

To See Movies of Circus Life

The first authentic motion pictures ever shown of the fascinating world of sawdust and spangles will be presented in full color on Monday afternoon, when George Brinton Beal, lecturer and writer, comes to the November club. In his lecture "Through the Back Door of the Circus," he will take his audience on a personally conducted tour of the biggest show on earth, exhibiting the circus as circus folk live it, a life of tremendous toil and continuous thrills.

BAKERY SALE TOMORROW

The Girls' Friendly society of Christ Church will hold a bakery sale at Playdon's tomorrow from one until four. Bakery, home-baked beans, peanuts and candy will be on sale.

MOTHERS' CLUB PLANS PARTIES

Plans for a Valentine dinner and beano to be held at Sailor Tom's Tuesday, February 15, at 1.30 were made at the meeting of the Mothers' club Wednesday. Those wishing to go should call Mrs. Alex Crocket or Mrs. Walter Downs. Everyone is to bring a Valentine. A matinee whist will be held February 9 at Mrs. Annie P. Davis', Florence street, with Mrs. Harold Cates and Mrs. Henry Albers assisting. A pie social will be held at the March meeting, with Mrs. Timothy McCarthy, Mrs. Alex Blamire and Mrs. Paul Schmottlach serving refreshments.

Forecast High Local Tax Rate

Town Officials Present Appropriation Estimates to Taxpayers' Directors

The possibility that the town might have a new record tax rate the coming year developed Friday evening at a meeting of various town boards called by the directors of the Taxpayers' association. Increased appropriations mentioned came close to \$75,000, with several items not as yet determined, including snow and public welfare. Selectman Shepard reported that the possible \$10,000 additional revenue from new construction would be more than offset by lower income tax returns.

The budgets under the control of the selectmen alone represent increases of about \$30,000 or two dollars on the rate, with the possibility of a higher figure if the checks from the unemployment compensation act do not materially reduce the \$3300 a month drain on the town welfare funds. Most of the \$30,000 is welfare increases caused by the recession, while \$12,800 to \$14,000 will be needed for the town retirement act.

The Board of Public Works appropriation is up \$20,000 not including snow removal. Last year \$10,000 was spent on this account, and this year to date \$8500 has been spent. The board cannot as yet form any definite opinion as to what to ask for on this item.

Individual increases asked are as follows: dependent children aid, \$800; soldiers' relief, \$600; military aid, \$180; public welfare, \$4825 (indefinite); retirement and annuity, \$12-\$14,000; W.P.A. sewing materials, \$800; election and registrations, \$1500; town officers, \$477; police department, \$1421; school department, \$6000; library, \$2000; highway maintenance, \$3310; construction, \$1470; sewer construction, \$879; water maintenance, \$3170; health board up \$1660.

Special articles mentioned include moth department sprayer, \$695; brush fire truck, \$3500; W.P.A. materials and truck hire increase of \$3500; Elm street reconstruction with state and county aid, \$6900; treating gravel roads, increased \$5000; new pumping station boiler, \$7000; three B. P. W. motor vehicles, \$2500; privately sponsored articles to date include: water extensions on Wood-

Insplinitive Fitter

One of our New York City readers registered a complaint with us this week because in the story of Ev Collins' appointment as music picker we split an infinitive in the sentence: "Every club . . . is obligated to carefully rehearse two compositions." We decided to publicly answer the complaint, because as a matter of fact we like to frequently split infinitives, especially where it helps to clearly express what we want to really tell our readers. As a matter of fact, from the tone of his letter we knew that he didn't want us to seriously take it. (Yes, that last one is going a wee bit too far.)

Lawrence, former pre-repeal Saturday night rendezvous, evidently doesn't favor licenses of all kinds. Last year Andover took in \$1,544.80 in dog license fees, and Lawrence only \$843.

Officers Take Part in Manhunt

Officers Frank McBride and David Nicoll spent three hours this morning in an intensive hunt for John Mack, Tewksbury hospital inmate who killed one and shot four others at about four this morning. The two local officers patrolled the Woburn and Tewksbury street section when it was reported that he was headed this way. State police officers joined in the manhunt, and shortly before eight he was captured in Woburn.

Fatigue is Nature's Warning!

Fatigue is nature's warning of depleted energy. It is a command to rest so that the body may rebuild and refresh itself. Pleasant tiredness after exercise or exertion is natural. Continued exhaustion is unnatural, perhaps symptomatic of anemia.

Get Below the Surface

Between now and town meeting the taxpayers of this town are going to have to do a lot of serious thinking if they wish to avoid the five to six dollar increase in their tax rate that seems imminent if all the appropriations suggested to the directors of the Taxpayers' association last Friday night go through.

The most bothersome feature of the whole thing is the fact that the great bulk of the increased proposed appropriations comes in the regular departmental budgets and not as the result of special articles. Welfare costs of course are much higher, and the town employees' retirement fund, which we so willingly adopted without knowing what we were letting ourselves in for, will eat up the better part of an added dollar in the rate. These expenditures can't be side-tracked.

It all adds up to just one conclusion: between now and town meeting day, if the tax rate is to be kept down at a reasonable level, the voters must go into departmental affairs much deeper than has ever been done before in order to see if the money appropriated is being spent as efficiently as possible. It would be bad policy for the voters to slash appropriations right and left at town meeting unless they knew that the reduction would not affect the needed work of any department, but it would be just as bad to let the tax rate mount skyward without having made an earnest endeavor to see if money under the regular budgets is being wasted at present.

At town meeting motions for large lump sums will be made. The few hours that the meeting takes give nowhere near enough time to properly analyze the wisdom of those appropriations, for you can't tell whether they are too small or too large unless you know whether in the past the money has been spent without being wasted. It will require much more than surface study this year if we are to accomplish the three-fold aim of properly handling the necessary town services, taking care of the unemployed, and keeping the tax rate down where people with today's reduced income can meet the payments without too much trouble.

Remake the Rules

Has any statistician tried to figure out how much of a senator's salary was wasted by the recent filibuster on the anti-lynching bill? Of course they'll say that nothing could be done about it, that the senate's gag rule can't be invoked except on a two-thirds vote. They forget that the senate makes its own rules, and if they can't do any better than that in making rules for themselves, it looks bad for the rules they may make for us.

Siftings

The chief complaint of Little Business is that from the size of tax bills it looks as if Government is a Big Business.

One of the reasons that we have so much unemployment causing such a rise in taxes is that the administration levied so many taxes that business couldn't keep their workers employed.

Only another month or so before we have one former tax collector, one tax collector and fifteen also-rans.

Weddings

Carey—Collins

St. Augustine's church was the scene of the wedding of Miss Doris Patricia Collins to Paul Daniel Carey on Sunday afternoon, with Rev. Thomas B. Austin, O.S.A., performing the ceremony. Miss Mary Collins, town accountant, sister of the bride was maid of honor, and the groom's brother, John W. Carey, Jr., was best man.

The bride's father gave her in marriage. White satin trimmed with seeded pearls and a lace veil en train with halo trimmed with pearl orange blossoms was the bride's choice for her wedding costume, while her sister wore aqua mousseline de soie with silver accessories and a silver

tiara en veil. The bride's bouquet was of gardenias and lilies of the valley, her sister's of token roses. Carnations decorated the altar.

William Jennings, Jr. and James Murphy of Bradford were ushers. Miss Annie G. Donovan played the wedding music.

Following the ceremony a reception was held at the Square and Compass club hall, with the bridal couple being assisted

in receiving by their parents, Mr. and Mrs. Fred Collins of 36 Summer street and Mr. and Mrs. John W. Carey of Bradford. Later the couple left on a wedding trip, following which they will make their home in Bradford.

At the reception a buffet luncheon was served. Guests were present from Connecticut, New York and other Bay State communities.

The Free church is considering changing the Sunday school hour from 9.30 back to 12 noon.

Garden from Hayfield Subject of Lecture

The February meeting of the Andover Garden club was held on Tuesday at the November clubhouse.

Members who had been designated to contribute brought a most varied and interesting display of house-plants, which because of the wintry day required some courage on the part of the owners.

The speaker of the day was no stranger

to her audience having delighted the club at the annual meeting in May 1937. Mrs. Lucien B. Taylor, chairman of the committee on Horticulture of the Garden Club Federation of Massachusetts told the story of her own garden—"A Garden from a Hayfield" she called it,—illustrated with lantern slides showing its growth and development. Ten years wrought wonders.

Mrs. Taylor spoke from the viewpoint of one who had done the work and not a professional gardener. She said, "Each

must be his own judge of what he can do and must plan accordingly, then do the work."

DRAWINGS OF ANDOVER RESIDENTS AT GALLERY

An exhibition of portrait drawings by Carola Spaeth Hauschka will be held in the print room of the Addison Gallery from February 5th until February 20th. Drawings of several Andover residents will be included.

Local News Notes

This eliminates the space formerly wasted on paragraph indentation and partly filled lines at the end of the short items.

Out at Glendale, Calif., recently Blanchard E. Ralph was installed as master of Meridian Masonic lodge. Features of the ceremony were the presentation to him of a gavel, the gift of his parents, Mr. and Mrs. John C. To Fete New Pastor

Rev. Donald H. Savage

The Church and Parish committee of the West Church are planning a reception for the new pastor and his wife, Sunday afternoon from two to four. Members of the Church and Parish are cordially invited.

Forecast High Local Tax Rate

(CONTINUED FROM PAGE 1)
land road, \$1118; Canterbury street, \$2200; Blanchard street, \$7800; Boutwell and Haggetts pond road, \$18,700; skating area, \$500; purchase of Johnson acres water pipe, \$4800. The B. P. W. approves the Woodland road extension, it was stated.

Selectman Shepard stated that the board would insert an article in the warrant asking permission to use the state refund on Old Age assistance direct instead of letting it go into free cash. This week however after a talk with state auditors he said that this could not be done and it would be necessary for the town to ask for the full amount needed, \$30,000. Under the police appropriation Mr. Shepard said that \$600 would be used for an extra man three nights a week to fill in when Frank McBride is on alone at present. Reductions in a few items totalling \$3189 were mentioned.

Henry Bodwell said that of the water maintenance appropriation \$2500 would be used for a telemeter which would automatically shut off the electric pump when the reservoir was filled, thus saving the cost of a third man.

Dr. Walker reporting for the board of health said that of the extra appropriation \$224 would be used for advertising and printing new rules, \$500 for quarantine and contagious relief work, \$100 for dental welfare work, and \$762 for bacterial count

apparatus. Mr. Shepard asked if the bacterial work could not be done at Essex Aggie, and Dr. Walker said he would look into it. He mentioned that the \$100 slaughter inspector position was being dropped for lack of work, and that \$450 in fees is being received from the plumbing inspector's work.

Walter Curtis said that the cemetery would be self-supporting in ten years. There is an increase of \$600 this year, he said, of which \$175 is to be used for a clipping machine.

Frederick C. Smith for the school board stated that the \$6000 increase in the school estimate is mostly from salary restoration adjustments. Philip Ripley of the library trustees reported on a \$1800 project for a branch library in the junior high school.

Articles for future years mentioned included: possibility of a new municipal building to be erected before 1946, the tercentenary year at which time the Shawsheen school will have been paid for; the purchase of about 70 acres around Haggetts pond; low pressure reservoir, \$18,000; electric pump; ten-inch water main for School street, \$10,000; \$40,000 of water main work; \$5000 a year for sewer work; \$40,000 over five years for treating gravel roads; three sanding machines, \$900; three sidewalk tractor plows, \$5500 (present tractor takes care of routes of two and a half horses); replace wooden bridge with concrete, \$25,000; municipal garage; health board automobile, \$800; dump; police cars, 1939, 1940, 1942 \$800 each; motorcycle 1939, \$350; assessors' survey 1939 \$6000; ladder truck 1940, \$12,000; fire chief's car 1941 \$800; cemetery truck, \$800.

At the close of the meeting Harvey Turner of the finance committee will probably want some directors of the association to sit in to help on the serious budget problems ahead.

A contractor was at the fountain-pen counter making a purchase. "You see," he said, "I am buying this for my wife." "A surprise, eh?" "I'll say so. She is expecting a car."

Punchard Basketball Team Splits Games

Punchard's basketball team had a fifty-fifty week, winning over Methuen 27 to 18 last Friday and losing to Wakefield's JV's Monday afternoon 18 to 16 in a nip-and-tuck encounter. Walker starred in both games, with Bisset showing up well in the former and White in the latter.

Sports on the Hill

Saturday was a bad day on Andover hill, with the Bridgton academy quintet scoring a 50-39 win despite the valiant efforts of Captain Mayo and Dudan; the Northeastern hockey team running away with a 6 to 2 victory and the Northeastern track team defeating the weakest team Ray Shepard has had to work with in years, by 35 2-3 to 27 1-3. Even John Bars's swordsmen couldn't provide a victory, succumbing to Boston Y. M. C. U. 6-3. Down at Cambridge the Blue Natators were able only to score eight points in the Harvard Interscholastics. If it hadn't been for the wrestling team's 26 to 6 win over Tufts fresh, it would have been a black day indeed. On Wednesday

the hockey team, with Reading's Al Foster showing the way, won a 3-1 victory over New Hampshire fresh.

It'll be a busy day tomorrow, with seven events scheduled as follows: basketball, Yale fresh, 2 p.m.; track, New Hampshire fresh, 2; swimming, Yale fresh, 2.30; hockey, B. U. fresh, 2.30; fencing, Dartmouth fresh, 2.30; wrestling, Milton academy, 3.30; track, Lawrence high vs. Medford, 2 p.m.

Andover Lunch

Marks Birthday

The Andover Cafeteria is this week observing the tenth anniversary of its coming under the active management of Gregory P. Christie under whose guidance it has grown steadily, furnishing to its many patrons the best that there is in environment and food. Typical of the service rendered was the flood incident of 1936 when the Cafeteria stayed open all night to relieve flood sufferers and workers.

Several changes of importance have been made. In 1931 in order to fulfill Andover's need for a place where late evening meals could be had, Mr. Christie brought his brother, Stephen Christie to Andover and under the latter's direction hours were changed from an eight o'clock to a 1 a.m. closing. In 1935 business had increased so that more space for the

dining-room was needed. The entire interior was remodelled, an addition was made to the building, new booths and electrical fixtures were installed, the entire kitchen was equipped with new and up-to-date appliances, all in order to serve food and pastry cooked under the most sanitary conditions and served at the tables with the speed that is necessary to help one enjoy good cooking.

Gregory Christie, a taxpayer and voter here, resides with his wife and three children at 19 Brechin terrace. He is a member of Christ church, St. Matthew's lodge, charter member of the Lions club, member of the Service club, and of the Square and Compass club. His brother, night manager and president of the corporation, lives with his wife at 20 Brechin terrace. He had formerly managed a chain of lunchrooms. The chef is Phillip Notis who came here in 1933, having previously catered to the patrons of the Book Cadillac hotel of Detroit and the Union Lunch system of New York. His cooking of steaks and chops has made them a specialty at the Andover Lunch. He resides at 59 Elm street.

Two Punchard sophomore girls' basketball teams went down to defeat Wednesday at the hands of the Johnson high's freshman and sophomore teams. The North Andover freshmen defeated the soph seconds 31 to 21 with Miss Polichowski scoring 23 points for Johnson, while the visiting sophomores defeated Punchard 30 to 17. MORE SMOKE THAN FIRE

A chimney fire in the Daly block Monday afternoon caused some excitement for a time because of the large amount of smoke which the day's heavy atmosphere forced down on the square. A large crowd gathered, but relief soon sounded. On Sunday morning a chimney fire was extinguished at the home of Louis Bourdelais on Osgood street, the same house where lightning killed the pre-revolutionary patriot James Otis over a century ago.

Women Voters to Hold Luncheon

The Government and Legal Status Department of the local League of Women Voters is holding a luncheon at the Andover Manse, Tuesday, February 15, at 1.15, in honor of Mrs. Anthony O. Shallna, who is to speak on Jury Service at the three o'clock meeting at the November clubhouse. Members interested in attending the luncheon should call Mrs. William C. Crowley, 1341-M.

Tuesday eight members of the local league attended a public hearing at the State House on a bill seeking to make women liable for jury service in Massachusetts. Senator Sybil H. Holmes of Brookline assured the legislative committee that women are serving competently as judges, lawyers, assistant district attorneys, probation officers and legislators and consequently could see no reason why they were not capable of serving as jurors. Senator Holmes' bill was supported by several speakers with comparatively little opposition being voiced.

Those attending from Andover were: Mrs. Charles Bailey, Mrs. W. J. Doherty, Mrs. Phillips Graham, Mrs. Charles Hill, Mrs. Horace Poynter, Mrs. Harold Raf-ton, Miss Catherine Stewart and Mrs. Henry Tyer.

Mrs. John S. Barss' study group on "America's Stake in the Far East," will hold its first of a series of six meetings today at three at her home, Hidden Field. All members interested are welcome.

The subject will be "The Consumer and Family Shopping," a dialogue by Mrs. Alan Morse, chairman of government and child welfare of the state league, and Mrs. George Pettee of Cambridge.

Voters' Hour over station WEEI Tuesday at 3.30 o'clock.

Ruled at Punchard 35 Years Ago

All the Punchard alumni of 1903 and thereabouts will probably recognize the above faces and copious costumes. It didn't cost any \$190,000 to run the schools 35 years ago, as the size of the above faculty will prove.

Personality Pointers Given to Students

Last Friday afternoon at a combined assembly of the senior and junior high schools in the Memorial Auditorium, Jill Edwards, Radio Star and Author, lectured on "Personality Pointers," the title of her new book, a best-seller in its field. The wife of Don Gardner, well-known golf professional, she has three children who attend a Chicago high

school. Jill Edwards came to the school last Friday from Chicago with her husband in their trailer.

At the conclusion of her lecture everyone in the audience was presented with an autographed copy of Jill Edwards' "Personality Pointers Creed," with the seven pointers that she lectured on, in a much more condensed form so that they can be memorized. Her husband distributed the pamphlets.

At the regular assembly Monday, Mr. Hamblin commented on the fact that Mrs. Gardner's lecture was one of the most interesting that he has ever heard, not only because of the novelty of it, but because of the admirable way in which it was given.

LIBRARY REACHES NEW MONTHLY RECORD

The number of books issued for home use at the Memorial Hall Library during January was 8103. At Ballardvale, 732 were borrowed, making a total use of 8835 books. This is an increase of 936 books over January, 1937, and is the largest monthly use yet attained by the library.

Vote Opposition to Sales Tax Idea

Opposition to the proposed sales tax for the state was voted informally last Friday night at the Taxpayers' association directors' conference with town department heads. President Edmond E. Hammond brought the matter before the group, and after a short discussion during which some said that such a tax would make people more tax-conscious while others said that eventually it would be used to provide for additional unneeded governmental functions, a show of hands proved conclusively against the proposal.

ABBOT SENIORS TO GO TO INTERVALE
