## Take No Action on Bus Matter

### School Board Defers Action on Appointment—Consider Other Matters

No definite action was taken by the school board Wednesday evening on the appointment of a new bus driver for the newly-established route. There have been a large number of applicants for the position which it is expected will save the town about \$2300 a year.

The committee accepted a statement in connection with the situation, saying that after the last meeting of the committee a remark was made that the appointment of the new bus driver was "in the bag." Since applicants and citizens had questioned committee members as to whether this was so, the statement continued, it was voted by the sub-committee in charge of the matter to bring no recommendation to the general committee for an appointment until the remark was either substantiated or withdrawn.

Other matters taken up at the meeting included confirmation of the award for the year's coal supply to the Cross Coal company, authorizing installation of telephones in the Indian Ridge, Shawsheen and Bradlee schools, authorizing installation of equipment in the boiler house to eliminate the abnormally high demand peaks in power consumption, in the hope that the lower peak will swing the system onto a lower electric rate scale, and the making of a request to the selectmen to appoint three janitors as special policemen.

## To Fill Vacancy in Health Board

The vacancy on the board of health occasioned by the death of Dr. W. Dacre Walker will shortly be filled at a joint meeting of the selectmen and the two present members of the health board, Franklin H. Stacey and George Brown. No date has been set for the meeting as yet.

Mr. Stacey sent the letter of notification to the selectmen last night.

The state law requires the two remaining members to notify the selectmen in writing that a vacancy exists, and then after a week's notice the meeting is held. A majority of those entitled to vote is necessary. The appointee will hold office until the annual election next March when the unexpired term will be filled.

### INSTALL OFFICERS

The officers of the World Wide Guild were installed at an impressive service held Monday night at the Baptist church.

The new officers are: President, Mrs. Arthur Smith, Jr.; vice-president, Mrs. Kenneth Thompson; secretary, Miss Ella Cederburg; treasure, Mrs. Everett Lundgren; publicity, Mrs. Samuel Overstreet; social committee chairman, Miss Esther Stocks; program committee chairman, Miss Helen Thompson.

## Barnard Prize Speaking Tonight

The annual Barnard prize speaking for the Pynchard high students will take place this evening at the Memorial auditorium. The program follows:

- Aurora Borealis Dorothy Mae Babb '38
- Health Heroes William Stephen Hannan '38
- Formal Gardens Joanne Marguerite O'Riordan '40

## To Give Concert at Abbot Academy

The Worcester Philharmonic orchestra will present a concert here on Sunday evening, May first, at Davis hall, Abbot academy, starting at eight. There will be no admission charge.

Worcester's Civil Symphony orchestra, including some 70 musicians, has been playing together for six or seven years, with Walter Howe, Abbot academy's music director, as conductor and organist. The orchestra is made up mostly of Worcester residents, assisted by one player from the Boston Symphony.

The program:  
Concerto for three pianos *Bach*  
Air for the G String *Bach*  
Jupiter Symphony in C Major *Mozart*  
Suite, Marionettes *Howe*  
Finlandia *Sibelius*

The Marionette suite is Mr. Howe's own composition. After the three piano concerto, Mr. Howe will play some organ selections.

## Free Dog Clinic in Vale Tomorrow

Another free dog clinic will be held tomorrow by the local board of health, this time at the Ballardvale engine house from 9 to 12. Last Saturday 101 dogs were inoculated by Dr. Youmans in an attempt to prevent the spread of rabies among Andover dogs. Recently an Andover dog was located in Portsmouth, N. H., and he was found to have rabies. The state board of health is endeavoring to see if anyone was bit by the dog on its journey north.

It was learned yesterday that a Cambridge woman who had been visiting with the owner of the rabid dog was exposed, and she is now taking treatment.

Next week the clinic will be at the Shawsheen garage and the final one the following week will be back at the Central Fire station.

Chairman Stacey stated last night that unlicensed as well as licensed dogs may take the treatment, without obligation.

## Adventurers Give Play on Tuesday

The Adventurers are fortunate in having the talented Mrs. George Adams (Helen Williams) cast in the leading role of Duley, which is to be presented on Tuesday evening in the Memorial Auditorium. Mrs. Adams will be remembered for her vivacious interpretations in "Candle Light" and "Path of Glory." Duley, the effervescent bride, adoring her husband and wanting to be a "Help," but always ending by being "A False Note" as she says, is a part with ample scope for Helen's abilities in delighting her audiences.

The play will start promptly at 8.15. The audience is asked to be in their seats at that time to avoid annoyance to others.

The cast follows:

- Duley Helen Adams
- Gordon Smith William S. Hughes
- C. Roger Forbes Roland Fraser
- Mrs. Forbes Dorothy Winn
- Angela Forbes Caroline Orr
- Schuyler Van Dyck Ernest Young
- Vincent Leach Albert Swenson
- William Parker Richard Douglas
- Tom Sterrett Colin Kerr
- Blair Patterson Carl Gregg
- Henry, the butler Sumner Davis

## May Breakfast Next Saturday

The annual May breakfast is to be held in the Legion rooms next Saturday morning, April 30, with the Legion auxiliary and Sons of Veterans auxiliary co-operating in its sponsorship. A meeting of the committee will be held next Wednesday evening at the home of Mrs. William H. Navin, 55 High street, to report on the soliciting.

Any children who care to sell tickets may secure them from Mrs. George Cilley of Temple place, Mrs. Robinson of 137 Main street, Miss Anna Neas of 55 High street, Mrs. Winifred Keith of 68 Essex street or Mrs. Henry S. Wright of Holt road.

### MOTHER-DAUGHTER BANQUET CHANGED

The date of the annual A.P.C. Mothers and Daughters banquet has been changed from Thursday, May 5, to Thursday, May 12.

The Margaret Slattery class Mothers and Daughters banquet will come on Tuesday, May 10.

## Defeat Articles at Town Meeting

### Taxpayers Throw Out Elm Street Project—Also Defeat Sidewalk

Two appropriations totalling \$6200 were overwhelmingly defeated on Wednesday night at a special town meeting called by a group of part-time B.P.W. employees in an effort to change the annual town meeting vote on Elm street construction. While the crowd attending was not large, taxpayers turned out in sufficient number to defeat the two propositions.

The first vote on the \$4500 Chapter 90 question was questioned, but a standing vote showed a 267-55 count against it. The next vote was overwhelmingly "No," after a move to reconsider the first article had gone out by a decisive voice vote.

The principal speakers for the articles were Charles Muller and Robert V. Deyermond, while the opposition was furnished by Taxpayers' association president Edmond E. Hammond, vice-president J. Augustus Remington, director Edward V. French, Matthew Burns, and Henry Bailey.

The meeting had been preceded by a mail campaign by the Taxpayers' association in an endeavor to get the taxpayers to attend. On Monday night the finance committee voted to disapprove the articles despite its annual town meeting approval, mainly because of the town meeting's action in defeating the two propositions and because of present conditions.

### Taxpayers' Head Speaks

Mr. Hammond opened the debate against the reconstruction of the street, mentioning the fact that only a few short weeks before the articles had been defeated. In connection with the desire of the part-time employees to keep their jobs at four days a week instead of three, he said that no one knows if any of us are going to have jobs this summer or next winter. The state legislature, he stated, has voted to expend ten million dollars to go back to the towns for roadwork. Of this he estimated that \$25-30,000 would come to Andover for work on roads, and we'd have to pay it back in a higher state tax rate.

Mr. Muller said that he had worked for the town for nine years and had done his best for the town. He asked if the tax rate

## This Sober Town Chats About You and Us and the Other Folks Here in Andover

### Wrong Number

Telephone numbers can be very confusing, when they're very nearly alike. We remember a few years back someone who called a local grocery store, got one number wrong, and was connected with another grocer's home.

Yesterday morning about eight our telephone rang. Our number here is 676, and the Shawshen Motor Mart is 767. We picked up the telephone, and heard: "Is that truck of mine painted yet?" Knowing the Motor Mart's number we guessed what the trouble was and knew that it wasn't just another of the many requests of all kinds made at newspaper offices.

## N. E. History Teachers to Meet

The New England History Teachers' association will hold its annual spring meeting at Peabody house tomorrow, with "The Foreign Policy of the United States" as the subject for discussion. Dr. Claude M. Fuess, headmaster of Phillips academy and historian in his own right, will be the luncheon guest.

Professor Theodore Collier of Brown university will discuss our foreign policy concerning Europe and Prof. G. Nye Steiger of Simmons college will speak on our policy concerning the Far East.

The discussion will be led by Prof. Clifford C. Hubbard of Wheaton college and Kendric N. Marshall of Harvard university.

## V. F. W. Chooses New Officers

Arthur W. Cole

Frank R. Petty was elected commander of the V.F.W. post last Friday night. The installation will be held next Friday.

Other officers chosen were: senior vice-commander, Thomas Davies; junior vice-commander, Arthur W. Cole; post advocate, Edward Dodge; chaplain, Harold Cates; surgeon, Robert V. Deyermund; quartermaster, Alex Blamire.

### NAMED SPECIAL OFFICER

William R. Snyder, night man at the Central school plant, was named a special policeman at the meeting of the selectmen Monday evening. The school committee Wednesday evening voted to ask the selectmen to also appoint Fred L. Collins and Henry Todd to the special list.

## Lawrence Clinic Walker Memorial

Many more tributes were paid this week to the late Dr. W. Dacre Walker, who died a week ago Tuesday. Most impressive was the action of the trustees of the Lawrence Clinic in renaming it the Walker Memorial Clinic. Dr. Walker was one of the most prominent physicians in the establishment of the clinic, and at the time of his death he was its president.

In a publicity release this week the Essex County Health association said:

"The Essex County Health Association will greatly feel the loss of one of its Executive Committee members, Dr. W. Dacre Walker, whose funeral was held in Andover on April 14th. The Association is deeply indebted to Dr. Walker for the time and great assistance he had given since he became a member of the committee which he had served faithfully since 1931."

The following tribute was sent to the Townsman office:

God must have had a special task  
That needed to be done  
To summon him so soon.  
Just as our hearts beat high with fear  
When human ills would come  
We'd call across the dark of night,  
And knowing he was near  
We'd leave the door ajar that he might  
Enter quietly. Then fears would scatter far  
And pain would cease  
As in their place his quiet strength left peace.

God must have had a special need  
Of one who could give strength  
And give it tenderly;  
One who had rare skill but tempered it  
With rarest sympathy.  
But most of all God must have needed one  
Who had deep wisdom, born of watching grief.  
And so across the dark He sent His call  
Then left the door of Heaven ajar  
Knowing he would enter quietly to give his all.

## To Lecture on Fossil Reptiles

Dr. Barnum Brown, Curator of Fossil Reptiles at the Museum of Natural History in New York, will lecture on prehistoric animals in the Meeting Room at Phillips Academy at 8.15 this evening. The lecture will be illustrated by moving pictures and colored slides. There will be no charge for admission and the citizens of Andover are cordially invited to attend.

140 million years ago dinosaurs thronged the shores of tropic inland seas which then covered the central plains of the United States. These strange giant reptiles, among them the flesh eating tyrannosaurus, the largest and most savage creature that ever lived, were for millions of years the monarchs of the earth. Their skeletons, now turned to stone, lie imbedded in rocks with the fossils of prehistoric plants.

### TO CHOOSE DELEGATES

## "Fore"-sight!

Typhus, yellow fever, smallpox and scourging plagues—all these are dead or dying. Preventive Medicine, FORE-SIGHT, has won its war upon them. Little children now need never know diphtheria or scarlet fever. Immunization, painless and riskless, prevents most killing contagions.

But the physician needs you in his fight. Your foresight and his TOGETHER, by immunization and building of disease resistance, will hasten victory over pain and suffering.

International Cook Book in Making

The International Institute of Greater Lawrence is planning to present to the public an International Cook Book containing from 400 to 450 recipes representative of 20 countries. Mrs. Albert H. Chamberlain, member of the board of directors and chairman of the Ways and Means committee, is heading the committee working on the cook book.

Many of the recipes have been brought to this country from foreign lands and have been handed down from generation to generation by word of mouth and have

Mrs. Albert H. Chamberlain

never appeared before in print. The committee has been unusually fortunate in securing the cooperation of many well-known eating places that specialize in foreign foods and have been given recipes that have always been regarded as professional secrets.

It is a well known fact that cooking experts use a "pinch of this" and a "handful of that" so it has meant hours of experimenting and measuring in many cases to determine exact quantities. All directions have been carefully checked and translated into the measurements used by American cooks from the foreign measurements which often makes it confusing to translate.

The cook book will be presented to the public Friday, June 3rd, at the November Club House at a morning coffee and afternoon tea to be held in conjunction with an exhibit and food sale.

MT. HOLYOKE ALUMNAE TO HOLD MEETING

On Friday afternoon, April 29, at the home of Mrs. George Sanborn in Johnson Hall, a group of Mt. Holyoke alumnae in Andover is sponsoring a tea for other alumnae in surrounding towns and cities, each one of whom has been asked to bring a prospective student with her. Miss Harriet Newhall, Executive secretary to the Board of Admission, will be the guest. She will show pictures of the college and talk about the new entrance plans.

Urges Attention to Solid Subjects

A plea to pay more attention to the human element in schools, to allow for the differences in children, was made at the P.T.A. meeting following the town meeting in the auditorium Wednesday evening, by Superintendent of Schools Dennis E. Callahan of Lawrence. The head of the Lawrence school system lamented the trend toward getting rid of the "solid subjects" and instead "chasing rainbows."

In talking of the "solid subjects" he mentioned Greek, which he implied should be studied because of the many truly fine thoughts to be derived from Greek poetry and prose. On the other hand, he spoke of "Vocational Guidance" which to him was "just legerde main." He stated that there were 9000 possible classifications of jobs, and it's like chasing the will-o-the-wisp to try to tell a boy or girl which of the 9000 he or she should chose.

He also spoke of the failings of the marking system, mentioning that in one case 142 English teachers all over the country received photostatic copies of the examination paper of one child, and the resultant marks varied from 50 to 98. In a geometry paper 150 teachers marked the same paper from 28 to 92. The child, he said, is entitled to deeper consideration than we get from the marking system.

The superintendent stated that he does not have the fullest faith in clinical exams, and he cited instances from his experience to demonstrate his point that each child was a different individual, that some children will do better with some types of teachers than with others, that some will have reached their full measure of educational capacity early while others may reach the peak later.

In concluding Mr. Callahan mentioned the great lessons that are to be learned from literature, lessons through which the right attitude to real things in life can be imparted to the children if properly approached by the teacher.

Prior to the superintendent's talk a group of boys gave a fine demonstration of gymnasium work under the direction of physical education instructor Donald Dunn.

The boys participating were: Co-Captains, Robert Haigh and Fred Rapisardi; Alex Blamire, Jr., Arthur Brindell, Gordon Elliott, Edwin Guild, Donald Look, William Welch, Bradford Holt, George Chandler, Henry Buntin, Frank Buntin, William Rich, Harry Duke, Henry Parsons, Charles Sawyer, Robert Emmons, Donald Walen, Vasco Nunez, William Renny, Paul McDonald, Theodore McFarlin, Donald MacClellan, Charles Sanborn, James Collins, John Collins, and Douglas Howe.

MEETINGS NEXT WEEK

Monday, Knights of Pythias; Tuesday, Grange, C.D.A.; Wednesday, Odd Fellows, V.F.W. auxiliary, British War Veterans auxiliary; Thursday, Service club, Legion auxiliary.

To Repeat Play Saturday Night

The townspeople were guests of the Phillips academy boys last night at a preview dress rehearsal of the Dramatic club's annual production, "Cock Robin." The cast was well-directed, with even the female parts being carried off to near-perfection by the academy thespians.

The cast follows:

VOTERS' HOUR TUESDAY

"Streamlining Municipal Government" will be the subject on Tuesday afternoon of the Voters' hour talk over WEEI at 3.30. Local league of women voters members will be interested to hear the subject discussed by Dr. Fritz Marx, assistant professor of government at Harvard.

NEW CHURCH MEMBERS

Nine new members were received into the Baptist church by baptism on Easter Sunday morning. They were: May Peever, June Peever, Elizabeth Eastman, William Holland, William Allen, Russell Lord, Harold Gordon, Robert Stocks and Ernest Stocks.

No Charge for Punched Games

Two forward steps have been taken in reviving interest in baseball at Punchard. The first one is joining the Merrimack Valley Suburban league, and the second is abolishing admissions, collections and season tickets. It is hoped that the absence of admission charge will bring more people to the games to support the team.

The season will open next Wednesday at Billerica.

### Cure That's Queer

When a policy has been experimented with, has been given a fair trial and found to be worse than no policy at all, it is time to drop that policy. Public opinion, knowing that the present depression is a direct outgrowth of governmental money-squandering, has veered away from the idea that the United States can "spend its way back to prosperity," but the President stubbornly refuses to give up this policy which has proved to be so disastrous for America's business and industrial life. Instead he proposes more "pump-priming," and he again sits down for a "fire-side chat" in which he blithely speaks about billions to the American people.

If a person were sick, if he were very much in need of a blood transfusion, no physician would take the blood from the veins in his legs and inject it into the veins in his arms. United States business is sick today, and President Roosevelt has decided to give it a transfusion which he calls "pump-priming." But where does all this money come from that the President is going to spend? He's going to borrow it. But what he is not far-sighted and clear-thinking enough to see is that when he borrows seven billions, it's money taken not from thin air but from the channels of trade, from industry, from commerce, from your boss and my boss, eventually from your pay envelope. He is in other words trying to cure industry's ills by a blood transfusion from industry to industry—only there is considerable blood spilled when the government handles a transfusion of that particular kind of blood.

The men that have gone on to the governmental payroll, under W.P.A., P.W.A., C.C.C., et al, the last few years would much rather be working in private industry. They'd much prefer to be back at their looms, or back making automobiles. Then why doesn't President Roosevelt help them get back, instead of keeping them on the W.P.A.? All he has to do is to encourage business to take them back, and that is the easiest thing in the world for him to do. A mere statement from him, bolstered up by confirming action, would set the wheels of industry working again. He merely has to say that he is going to stop throwing money around, that he is going to stop sending the United States deeper and deeper into debt, that he is going to bring down operating expenses to meet income, that he will no longer curtail private payrolls and business expansion by taxing everything imaginable, that he is going to try to put more business into government and less government into business.

When President Roosevelt can be convinced that it helps the worker none to throttle the man whose brains, initiative and progressiveness keeps that worker employed, then real, lasting prosperity based on sound business philosophies will return to this country. At present he seems adamant in his belief that "pump-priming" is the thing, and so it is up to the 500 or so men in our Congress to come to the aid of "business" and thus to the permanent relief of the unemployed.

### Siftings

If he keeps on priming, the President will be using up all the water he's trying to pump.

From what we heard Wednesday night, it would seem that they need that divert-

ing drain on the Elm street sidewalk instead of in Shawsheen.

Italy is friends now with Germany and with Great Britain. Let's hope that the day will never come when Il Duce will have to say which of the two he loves the more.

### The Woodchuck That Read the Townsman

To the Editor of the Townsman:

Last summer I addressed a letter through you to the woodchuck that had made its hole in the edge of my garden. Soon after that there was some inquiry for further reports; perhaps at the beginning of a new season I owe your readers a continuation of the record.

Well, I had so little confidence in the woodchuck's faithfulness as a reader of the Townsman that I soon spoke to the boy next door and told him that he and his friends would be welcome to catch that woodchuck if they liked. They trampled down the grass around the woodchuck's hole, and talked of where they thought they could borrow a steel trap; but the next thing I knew, my boy was off to a summer camp and no trap set yet.

Meanwhile I found that my woodchuck really did read the Townsman. For in my letter in your columns I told him that he was welcome to eat the pigweeds, but I should do something if I found him to have eaten my turnips; and after a little I found that he had eaten off the tops of the pigweeds close alongside a row of turnips, but had not touched the turnip leaves. But he confined himself too closely to the letter of the law I had laid down; he lacked the power of generalization. A little later it turned out that he was at my squash vines: he had eaten off the tips of the runners, and had nibbled the surface of the first squash that had set. Thereupon I resolved to gas that woodchuck.

I bought a pound of carbon tetrachloride. I bought it under its own name. I understand that if I had bought it under the name of "carbona" for cleaning clothes I should have got a much smaller quantity for my money. How the price would have been if I had bought it under the name of "pyrene" for extinguishing fires I don't know. I know that paradichlorobenzene, which is regarded as the best thing to use against clothes-moths, can be bought under some fancy names at the same price as under the long name, but if you buy it under some other fancy names you get an absurdly small amount for your money. But that is aside from my woodchuck.

I took an old sardine can, not bothering to clean it, and poured in a gill or so of my chemical and went out to the woodchuck hole. I reached in carefully, taking pains not to spill, and set it down carefully where I thought it would stand steady—and as soon as I let go it tipped with a great lurch and spilled most of the stuff. I ought to have prepared a level surface down there in the hole to set it on. Of course I wasn't trying not to scare the woodchuck. Just a bare tin can of any kind, laid in the mouth of the hole to look like a trap, would have stopped the woodchuck from coming out of that hole and made him take to using one of the other entrances of his hole.

However, I didn't cry over spilt tetrachloride. I knew the spilled part would evaporate off the gravel just as it would have evaporated out of the can, and very little of the vapor would fail to go down the hole; for it is a very heavy gas, more than twice as heavy as the chlorine which was the first poison gas used in the war.

I didn't expect to kill my woodchuck, and that gas is not irritant. If he had stayed quietly in his hole, the gas would have operated as an intensified chloroform, and I guess he would not have waked from his sleep. But I didn't expect him to stay. The smell is such that I felt sure he would

leave by his back door, and not come back while the smell lasted. I thought it would last a while, too; for I thought that in the cool lower part of the hole the vapor would keep re-condensing and re-evaporating for some time, and by the time it was all gone the woodchuck would have been settled for a few days in a new hole somewhere.

I had no further evidence of the presence of any woodchuck round my garden. I guess he is living in a hole a quarter of a mile off, and does not yet know what made his hole smell so, nor how to spell the stuff that did it.

What You and Your Neighbors Were Doing in Days Gone By

### Fifty Years Ago

The hoodlums were at work Saturday night and Sunday night in the vicinity of the depot, smashing windows at the station, taking down street lamps, and breaking through the bulkhead into the cellar of a house near by. It is scarcely necessary to add that Lawrence liquor was at the bottom of all this.

John H. Flint has retired from the treasurership of the Craighead & Kintz Mfg. Co. at Ballardvale. He is succeeded by Mr. Wyman of Boston.

The Republican caucus last Saturday evening elected the following: To the state convention, A. S. Manning, W. S. Jenkins, Barnett Rogers. To the district convention: Peter D. Smith, John L. Smith and John N. Cole.

Nine Seminary students were licensed to preach by the Piscataqua association at Portsmouth yesterday.

The Academy Campus is being carefully levelled and rolled, in preparation for summer use. The ruins of the Mansion House work is nicely for grading material.

The West Parish is supplying the British Empire with poultry stock! Mr. George Trow sold a setting of Wyandotte eggs yesterday which are to go to England.

The Almshouse has accommodated 350 tramps since February 5.

Messrs. James Napier and Alexander Spark arrived here from Arbroath, Scotland, last Thursday.

### Twenty-five Years Ago

J. P. West has purchased a Ford touring car.

Percy R. Holt of Maple avenue spent the week-end visiting in New York.

Valpey Bros. received an order last week for 43 pounds of corned beef to be shipped to a hotel in Washington, D. C.

Chester J. Farmer, assistant in biological chemistry at the Harvard Medical School, has been appointed professor of chemistry in the Marquette University School of Medicine, located at Milwaukee, Wis.

A special election for the new Board of Public Works will take place May 3. The aspirants (three years) E. W. Boutwell, Lewis T. Hardy, Barnett Rogers; for the two-year term, Granville K. Cutler, Willis B. Hodgkins, Andrew McTernan; for the one-year term, Henry A. Bodwell, Thomas E. Rhodes.

The Andover Coal company office will be moved soon to the Musgrove building, in the office now used by the Chin Sewey laundry.

Talk on Harnessing  
Business Tides

A. Marshall Jones of Boston will speak on "Harnessing the Business Tides" at the meeting of the Andover Service club to be held on Thursday evening, April 28, at 6.15 at the Square and Compass club.

Mr. Jones is president of Cambridge Associates of Boston, an investment management organization which also syndicates financial and economic articles to many of the nation's largest newspapers. Previous to organizing Cambridge As-

A. Marshall Jones

sociates in 1924, he was long associated with the Babson organization.

Mr. Jones' career has brought him in touch with many of the great and near-great in the financial world. His intimate acquaintance with colorful personalities, as well as his broad understanding of how human nature in general responds to the mass movements of business cycles, is expected to provide a half-hour both entertaining and educational.

Abbot Fund  
Nears \$50,000

Gifts totalling over \$47,000 towards the Abbot Second Century Fund were announced at a dinner given by the New York Abbot club at the Hotel Roosevelt last Tuesday evening.

The dinner was attended by over 100 alumnae, parents and friends of the school who heard Miss Hearsey describe the building program adopted by the Board of Trustees including the plans for raising \$150,000 as the first phase. Miss Hearsey pointed out that the entire history of Abbot has been marked by steady advancement along sound and constructive lines and that each school generation has made provision for the needs of the school during the succeeding generation.

Allan V. Heely, formerly a member of the faculty of Phillips Andover and now headmaster of the Lawrenceville school, spoke on the need for schools like Abbot. Justifying the right of private schools to seek and to expect generous financial support from their graduates and friends, Mr. Heely said that nearly every constructive development in sound educational practice had originated in the private schools of the country—that they are able to do this pioneer work because they are free from outside control and this independence in policy in turn makes them completely dependent on private support.

Reverend Sidney Lovett, D.D., Chaplain of Yale University, was introduced as toastmaster by Mrs. Allan W. Buttrick, president of the New York Abbot club. Mrs. Hugh S. Williamson of New York was chairman of the dinner committee. Mrs. Halsey G. Prudden of Montclair, N. J., is chairman of the alumnae organization for the campaign in the Metropolitan New York district. Mrs. Charles H. Sawyer, vice-chairman of the campaign executive committee and Mrs. William Haine of Hartford, Connecticut, president of the Abbot Academy Alumnae association were among the out-of-town guests.

Providing New  
Health Office

An upstairs room in the town hall is now being renovated to accommodate the Board of Health office. The town meeting budgets cut a sum off the health appropriation and added it to the municipal offices figure to provide for the change which it is expected will save the town about \$300 a year after the first year.

CLAN AUXILIARY MEETS

Various committees for the coming year were appointed last night at the Clan auxiliary meeting. Plans were made to visit Clan Douglas auxiliary in Haverhill on Tuesday night. A grocery beano was held after the meeting.

EASTERN STAR BRIDGE

The Eastern Star will hold a luncheon bridge Tuesday at the Crystal Ballroom at one o'clock. Creamed chicken, lobster newburgh and strawberry topper will be

on the menu. Prizes, including a door prize, will be awarded.

Mrs. Roger Peabody is chairman of the committee.

PAGEANT WELL RECEIVED

"The Gift of Life," an Easter pageant, was presented Sunday evening at the Baptist church. The cast carried off the various parts in a very commendable manner. Especial praise was accorded director Perley Gilbert's excellent work on the scenery.

## Felled by Car; Leg Fractured

John B. King, the ten-year-old son of Mr. and Mrs. John J. King of Lowell street, received a fractured leg and possible internal injuries on Tuesday morning when he was struck by a car while running to his house for a nickel for an ice cream cone. The car was being operated by a Beverly policeman, Alfred Protin, who was on his way home from a Lowell funeral.

John had been given a ride in an ice cream wagon by Arthur Robinson of Salem, Mass., and the driver stopped opposite John's house. The youngster asked

him to wait until he could get a nickel for a cone, then ran out from behind the car into the path of the policeman's machine. He was removed to the Lawrence General hospital.

## COUNTRY CLUB TO HOLD SPRING DANCE

# MADAM .. here is the ONLY Dry Cold Storage Fur Plant in Your Community

## and we stress the fact that THERE IS NO SUBSTITUTE FOR COLD STORAGE

### Beware of Moths— Thieves—Fire

Your furs represent an investment. They deserve protection and care. Many have realized only too late that moths have done their devastating work. Take no chances with home methods of storage. There is always that element of loss from fire or theft. Store your furs with us NOW!

### Know Where Your Furs Go

The term "fur storage" does not mean the right kind of storage always. Your furs should be kept not only in a safe place but in constant low temperatures, under the watchful eyes of experienced furriers. Cherry & Webb's offers you a tested, "CERTIFIED" cold storage . . . and at prevailing rates.

Supper will be served at seven o'clock by the "Second Third," with Madeleine Hewes as chairman. It will be inspection night with Deputy Fogg of Peabody as inspecting officer. All members are requested to wear their badges.

The Dramatic Club of the Grange met at the home of Miss Ebba Peterson, Greenwood road on Thursday evening.

The men of the Grange report progress on the promised reward to the ladies for winning the 1937 attendance contest.

#### Tribute to Edward Burt

In the death of Edward W. Burt Andover Grange has lost one of its staunchest supporters and advisers. An optimist, he could always see a way out and his earnest words of help eased many a moment of panic for new officers. A charter member of the Grange, for thirty-nine years he never missed a meeting. For many years he was secretary, and also deputy of State Grange as well as Past Master of Andover Grange. Old and young loved him because he exemplified in the highest way, true grange principles.

The church as well will miss him for he was their oldest member, and for many years served as moderator at the annual meetings of the Parish. Many have pleasant memories of a helping hand given in time of need and a word of approval when it really helped. We loved him and are glad for the happiness that is his now.

## Defeat Articles at Town Meeting

(CONTINUED FROM PAGE 1)

was any more now than at the last town meeting.

Mr. Remington said that the closeness of this meeting to the annual meeting which threw out these two articles might establish a dangerous precedent, and if the articles went through, others which had been defeated might be brought up for reconsideration at other town meetings. This brought Mr. Deyermund to his feet with "You'd think we never appropriated money in a special town meeting before." He said that a ten percent cut in all wages would have taken two dollars off the tax rate. "Why not," he asked "add this forty cents to the tax rate and give a man a chance to go to a meat counter and look at a piece of sirloin?"

It's a bargain, he said, to get a new road for \$4500, and added that the town might get enough for the steel in the old rails to pay for the cost.

William Lydon said that the building of this road at \$4500 was real economy. The state won't always put in their share, he added, saying that the town would get a \$20,000 road for \$4500.

### "Spend Less, Tax Less"

Mr. Burns said that the Board of Public Works had over \$10,000 to take care of the "small, irresponsible group that's causing all this trouble. We must spend less, and we must tax less," he said. "Any mutt," he said, "can come along and call a town meeting." At this point the heckling from the sponsoring group was becoming so loud that Moderator Butler reminded the audience that Mr. Burns had the floor.

Lester Abbott said that \$10,000 had been set aside at the beginning of the year to take care of the part-time men, and this would take care of three days a week for all but twelve weeks.

Henry Bailey arose to say that a good way to find out how things are in this town is to talk to the farmer. Most of them, he said, would "be mighty glad to get \$15 or even \$10 a week."

Mr. French made the concluding argument for the Taxpayers' association, saying that Elm street is not in bad condition, and that while it is not new, or modern, it has a good surface and will do its work well for another year and very likely longer. As far as the road is concerned, there is no real urgency, he said. Then he mentioned that an increase in

## Angular Parking Sanction Refused

State traffic engineers have refused to establish Main street in the business section as suitable for angular parking. Having surveyed the situation, they state that the street does not live up to the width requirements to make angular parking safe and feasible.

At the request of the selectmen traffic engineers are being assigned to this stretch to make a survey of traffic during the race season.

### MARRIAGE INTENTIONS

Harold M. Darbyshire, 55 Warren street, Lawrence, and Rose McCartney, 15 Highland road.

Peter J. O'Connor, 77 High street, and Anna H. O'Brien, 66 South Central street, Haverhill.

William McCoubrie, 38 Washington avenue, and Blanche J. Davis, Mechanics avenue, West Newbury.

the tax rate would cause hardship to so many more than the few who would benefit. The meeting, he said, was called by a relatively small group of men, and with the money the B.P.W. has, with additional funds from the state, and with other funds from Washington, it would seem a "wrong principle a few weeks after the annual meeting to have a small group of men call a special town meeting to benefit a small group who would be helped anyway."

Mr. Muller mentioned that it took a small group of men to win the country for us. He added that the W.P.A. men do ten times less work than the B.P.W. men do.

Mr. Abbott said that the articles did not have a fair trial at the regular town meeting. He added that the reason for calling the town meeting so early was that some action had to be taken immediately in order to be in time for allotments from the state and county.

Cornelius O'Brien, a B.P.W. worker for 13 years, asked if one of the taxpayers could get along on \$14.02 a week.

### Overwhelming Vote

The vote was then taken, resulting in eventually the 267-55 count against it. Mr. Muller then moved reconsideration, saying the town would have to pay them welfare if they didn't work, but the vote was again overwhelmingly "No."

Mr. Burns moved indefinite postponement on the sidewalk article. Mr. Deyermund spoke of the sidewalk put in by the state under the Curley regime from Wilson's corner down to the settled part of the town. When you hit Washington avenue, he said, you get into mud up to your knees in inclement weather, and during the last rainstorm he had to use a rope to pull a man out of a puddle. It's getting worse all the time, and might involve the town in a suit for damages. Then he told of a man who lost his rubbers in the mud, and reassured the audience as to the truth of the story. "Open up your heart-strings and loosen up your purse-strings," he concluded.

On the motion to indefinitely postpone, it was shown that the purse-strings were still tied tight.

Mr. Muller was up again for reconsideration of article 1, but Moderator Butler mentioned the parliamentary law confining reconsiderations to but one. The meeting adjourned at 8:18.

**Teacher in China  
to Speak Here**

A quiet person with a dislike for anything that savors of the sensational, Miss Laura D. Ward of Dionghloh, China has, nevertheless, figured in a number of colorful incidents as she has carried on her work as a Christian educator. She will speak at the morning service in the Free Christian church next Sunday.

It is quite natural that Miss Ward, who has given over 20 years of constructive service to China, should object to being featured as a lady who has lived through civil war, bandit uprisings and Communist invasions—but she has! She was even on a coasting steamer when it was kidnapped by pirates. These, however, have been the exceptions and not the rule and have given her a rare fund of knowledge about Chinese life and aspirations.

As Secretary of the work with Women and Children in the village churches of that isolated country area, Miss Ward has had to do most of her traveling on foot. Today, however, new roads have made it possible to ride a bicycle, and she can cover the same distance in an hour which previously took the better part of a day. During recent months she has seen the development of lay leadership training institutes in these small churches. She has lived with the people, eating rice and fish and sleeping on bed boards. Her main job through the week has been as a teacher of English in the Junior High School at Dionghloh.

Her educational work has included also the guidance of Chinese women workers and the teaching on several school staffs, one especially designed to give elementary education to married women and widows.

In Dionghloh, which is about 19 miles down the Min River from Foochow, she has taught in the Pei-ching School where some 160 boys and girls are trained. Kindergartens have come under her directing eye. In her school contacts she has found an increasing desire for knowledge about the Christian life and the Bible among the teachers and the girls—in fact the problem is not how to secure their interest but how to answer their searching questions.

Miss Ward was born in New England of a famous Missionary family. Her mother was a Bliss of Turkey, her father, Langdon Ward, for many years treasurer of the American Board. Her brother, Mark H. Ward, is Board doctor now and a sister, Miss Mary I. Ward, is teaching in Turkey. Miss Ward is a graduate of Mt. Holyoke College and before going to China took a special course in rural education at Columbia University because she knew her work would be among the farmers and villagers.

**DIME DANCE SUCCESSFUL**

The Punchard Service Club held a Dime Dance in the Memorial Gym last Monday afternoon. The affair was most successful and a great many students attended. The following members of the faculty were there: Miss Macdonald, Mrs. Carter, Miss Smith, Miss Dugan, Mr. Doherty and Mr. McDonald.

Mary Jane Bailey, president of the Service Club, led the Grand March with Warren Deyermund. This was directed by Mr. McDonald. Mary Jane Bailey, Dorothy Randlett, Robert Crosby, and John Miller sang many popular songs throughout the afternoon. The Andover Melodians furnished music for the occasion.

Upon one occasion a famous faculty quartet, composed of Miss Macdonald, Miss Dugan, Mr. McDonald, and Mr. Doherty, rendered a popular song, much to the delight of their appreciative audience.

Many prizes were awarded for novelty dances. Frederick Yancy and Calvin Deyermund gave an exhibition of "Truck-in."

The following committee planned the affair: Alice Bertram, chairman; Mildred Forsythe, Mary Patterson, and Mary Jane Bailey.

## Harrison Downs Andover Team

Ted Harrison can pitch, the Andover town team can tell you. Last Saturday the local players were having a field day on the hill, running up a 9-2 margin in four and a half innings against a green pitcher.

But then Ted took the mound, and thereafter only three players per inning came to bat for the town boys. Nine of them fanned, six in a row. In the meantime Ted went off on a rampage in another direction. With three on in the last half of the fifth he belted out a triple over the right fielder's head, and then in the ninth with the score tied at 9-9 and an announcement having been made that the game would be called at the end of the inning, Ted started off with a single and raced home with the winning run on Welch's neat hit.

Hilton and Porter were the big sticks-men for the Town team. Fielding boners helped pave the way for the defeat.

### Vocational Guidance

A unit of work on vocational guidance has been introduced into the ninth grade social studies course. Each pupil will be required to work out an individual project showing the results of his research, the project to be based on an outline provided by Miss Atkinson. Class periods and home assignments for this week will be devoted to this work and the finished projects become due the week of May 9.

The purposes of this unit are (1) to aid the pupils in choosing their next year's courses and (2) to help them to plan for their future.—CONSTANCE FORSYTHE

## Girls' Athletics

The girls physical education classes are now playing volley ball in the gymnasium. As soon as it is warm enough they will play these games outdoors.—THELMA FAIRWEATHER

## Room 5's Spring Party

On April 23, Saturday, the members of Room 5 will have a Bicycle Party at Berry's Pond. They will take their lunch and afterwards enjoy a program of sports. Those on the committee are Betty Dow, Claire Flaherty, Helen Gahm, Constance Forsythe, Isabella Dobbie, and Gordon Elliott, President of Room 5.—MARGUERITE GOODWIN

## Boys' Athletics

This spring the boys are carrying through a well-planned program of soft ball games. Each home room has a team, and these teams are bound together in a league. The boy with the highest batting average will receive some sort of trophy at the end of the season. The first game was played between Rooms 5 and 9 of the ninth grade on Wednesday.—WRIGHT BOLTON

## Baseball Teams

The Junior high baseball teams follow:  
Room 4, Captain, Robert Burnham, Wright Bolton, James Carmichael, Guss Connolly, Donald Burns, Ben Cole, Octave Bourdalais, Henry Babicki, William Beaulieu, Charles Bryant, William Broderick.

Room 5—Captain, Ben Forbes, G. Elliot, F. Goebel, R. Lord, W. Gaily, W. Gilman, M. Craig, J. Deyermond, W. Doucette, L. DeSalvo, J. Erving, P. Foster.

Room 7—Albert Reed, Henry Parsons, Ralph Manning, David McDonald, William Morrissette, Joseph Payne, Frederick McDuffy, James McMahon, Vincent Nealy, Joseph O'Neil.

Room 9—Captain, Charles Sawyer, Stowers, Valentine, Campbell, Yancy, Toohy, Green, Steadman, Yoghmoorian, Berube, Rockwell, Costello, Winward.

## STUDENTS ENJOY CONCERT

On Thursday afternoon, in the Memorial Auditorium, the Punchard faculty and students enjoyed a very excellent concert which was presented by the Punchard High School Orchestra, under the direction of Miss Miriam Sweeney, supervisor of music. Everyone in the audience was deeply impressed by the skillful rendition of the difficult music which was played by the orchestra.

The program presented was as follows:

Festival March	Mendelssohn
Moment Musical	Schubert
Coronation March	Meyerbeer
Serenade	Toselli
March from the opera "Tannhauser"	Wagner
Minuet from the Symphony in D Major	Mozart
The Heavens Are Telling from the Oratorio "The Creation"	Haydn
Hungarian Dance No. 5	Brahms

The following students are members of the orchestra: Ruth Napier, George Bancroft, Frank Koza, Edward Coates, James Keith, Mary Deyermond, G. Whitte Chandler, Franklin Roberts, Norman Whittaker, Margaret Hadley, Joyce Hansen, Elinor Houston, Gladys Greenhow, Mary Squires, Phyllis Henderson, Vera Crossley, Robert Crosby, Marjorie Davis, Robert Welsh, Marion Scherner and Charles Shattuck.

## Births

## Punchard Wins Over Alumni

Punchard played their first game Tuesday morning with the Alumni nine and won the closely contested game 3 to 1. Jimmy Platt scored the first and only run for the Alumni in the fifth inning, Captain Donald Spinney and Harold Walker scored for Punchard in the sixth and Wilbur Sanborn scored in the eighth.

Coach Lovely used four pitchers and Jimmy Platt and George Gorrie twirled for the Alumni. The lineups were:

Punchard: Anderson, c.f.; Gordon, c.f.; Spinney, 2b.; Walker, s.s.; Sanborn, c.; Howe, l.f., p.; Noyes, r.f.; Proctor, r.f.; Bishop, 1b.; Bisset, 3b.; White, 3b.; McDonald, p.; Dyeermond, p.; Ferguson, p.; Lindsay, l.f.

Alumni: Davidson, c.f.; Bisset, 2b.; Haggerty, 2b.; Tammany, c.; Hilton, 3b.; Low, s.s.; Wright, l.f.; Gorrie, l.f., p.; Platt, p., l.f.; Shattuck, 1b.; Chadwick, r.f.

Two-base hits, Low, Gorrie, Gordon. Hits, off McDonald, 3 in 3; Deyermond, 0 in 3; Ferguson, 1 in 1; Howe, 2 in 2; Platt, 1 in 5; Gorrie, 6 in 3. Sacrifice hits, Walker, White. Stolen bases, Hilton, Davidson, Low. Double Plays, Sanborn to Bishop. Left on bases, Punchard 8, Alumni 4. First base on balls, off Deyermond 2, Ferguson 1; Platt 3, Gorrie 1. Struck out, by McDonald 2, Deyermond 1, Ferguson 1, Howe 2; Platt 4, Gorrie 1. Time, 1.55. Umpires: Elwell and Bishop.

## Sports on the Hill

After Ted Harrison had demonstrated his 1938 pitching form at the academy last Saturday in his 10-9 victory over the town team, the P. A. boys showed that they had another potential twirler in Joe Phelan, Fall River boy, who on Wednesday sent St. Mark's down to a 9-0 six-hit defeat. Ted helped amass the total with a single and a triple, his third three-bagger this year.

Last Saturday Ray Shepard had the pleasure of seeing his track team defeated by the Bowdoin Jayvees. There is some consolation in some defeats, because it was one of Ray's star pupils, Ray Huling, who swung the meet to the Brunswick boys with his total of three first places.

## Couple Observe Silver Wedding

The silver wedding anniversary of Mr. and Mrs. Edmond Dunwoody was marked on Monday night by a party at their home, 54 Stevens street. An anniversary dinner was served, and later in the evening members of the local Rebekah lodge, of which Mrs. Dunwoody is a past noble grand, dropped in after their regular meeting. Many gifts and messages of felicitation were received by the couple.

Mr. and Mrs. Dunwoody (Jessie Kinnear) were married by the late Rev. Frederick A. Wilson, D.D., on April 18, 1913. Present at the observance Monday were their attendants of a quarter of a century ago: Mrs. George Fish of Salem, N. H., and Charles Adams of North Andover.

The following were present at the dinner: Mr. and Mrs. Edmund Dunwoody, Mr. and Mrs. Charles Adams and son of North Andover, Mr. and Mrs. George Fish of Salem, N. H., Mr. and Mrs. James Adams, Mrs. Elizabeth Adams, Mrs. Mary Barnet, Miss Dorothy Barnet, Mrs. James Walker, Mr. and Mrs. Charles Barnet, Mr. and Mrs. William Barnet, Mr. and Mrs. James Kinnear, Miss Jessie Kinnear, Mr. and Mrs. Lindsay Kinnear, Miss Rita Kinnear and Lindsay Kinnear, Jr.

### BAKERY SALE

A bakery sale will be held in the vacant store in the Musgrove block tomorrow from 11 to 5 by the Woman's Guild of Christ church.

### YOUNG REPUBLICANS MEET

The Young Men's Republican club, recently reorganized, will hold a banquet next Friday evening in Square and Compass club hall.

## Slash Special Police Lists

About 25 local persons have lost their police badges as the result of the selectmen's desire to cut down the special police list to the bare minimum in order to eliminate abuses from the special police system. Those remaining on the list are ones who from the nature of their work may have to use the badge at times. It includes night watchmen, etc.

Formerly badges were passed out quite indiscriminately more as a favor than anything else. Oftentimes they were used in other towns when the holder of the badge became involved in some motor vehicle rules infraction.

Chief Dane made a deposit for the badge a prerequisite, and he also made very few recommendations for new badge-holders. The action of the selectmen undoes past generosity in handing out the badges.

### Abbot Academy Notes

Miss Hearsey returned yesterday from a trip to New York where she was guest speaker at a luncheon given at the Hotel Roosevelt by the New York Abbot club.

### French Plays

Tonight the French department will present one act of Moliere's "Le Malade Imaginaire," and "Par un Jour de Pluie" a modern one-act play by Forest. An English synopsis of each play will be given, and the choir will sing a group of French folk songs as an entr'acte. This program will take place in Davis hall at eight o'clock; admission fifty cents. The casts include the following students: Diana Greene, of Kennebunk, Maine; Margaret Hall, of Winchester; Elizabeth Scanlan, of Maplewood, N. J.; Madeleine Proctor, of Newton Centre; Ruth Pond, of Concord, N. H.; Carol Whittemore, of

West Roxbury; Barbara Rice, of Andover; Lloyd Pierce, of Flushing, L. I.; Virginia Thayer, of Andover; Dorothy Hudson, of Monroe, La.; Mary Frances Godfrey, of Dover, N. H.; Susan Darling, of Andover.

### Joint Concert

The joint concert of the Governor Dummer choral society and the Abbot Fidelio society, which was postponed from last Saturday, will be held tomorrow night at 8.15 in Davis hall. Friends of the school are cordially invited to attend. The concert will be followed by a dance for the members of the two societies.

### Vesper Speaker

On Sunday night Romona Sawyer Barth, B.D., will speak at the vesper service. She is a Bachelor of Science from Tufts College, Mass.; Bachelor of Divinity from Meadville Theological school, Chicago. She has done special work at the University of Chicago, the Andover-Newton Theological school and at the University of Munich, Germany, as well as special psychiatric study. She has graduate credit from Harvard in the Sociology of the Family. Mrs. Barth's subject at Abbot will be "Marriage and a Career." Her emphasis will be not how the two may be made compatible, but rather the lives and characters of women who have made them compatible. In this way history, rather than anyone's personal opinion, tells the story. Friends of the school are invited to attend.

On Friday and Saturday, April 29 and 30, the annual Senior Prom will be held at the school.

## Baptist Church in Annual Meeting

The annual meeting of the Baptist church was held on Wednesday evening, with close to 100 present. It was the first annual meeting under the new pastor, Rev. Samuel B. Overstreet.

The church was able to report that death took no members during the past year. There was a net increase of 20 in the membership, 12 having come in by letter, nine by baptism and one having withdrawn by letter. The annual reports of church officers showed that the church had had a very good year.

John Berry, deacon for many years, tendered his resignation because of ill health, and the church made him an honorary deacon.

The following officers were elected: moderator, Clifford Dunnells; clerk, Herbert Stedman; treasurer, Thomas Thompson; collector, Charles A. Stone; assistant clerk, Clare W. Norton; audi-

tors, Clinton H. Stevens, Mrs. Clifford Dunnells; standing committee, three years, Colver Stone, Mr. Stevens; deacons, three years, Perley F. Gilbert, Mr. Dunnells; one year, Mr. Thompson; deaconess, three years, Mrs. Miles Ward; delegates to permanent council of Merrimack Valley Baptist association, Mrs. Henry Jenkins, Mr. Thompson.

The supper committee: Mrs. Dunnells, chairman; Mrs. Walter Selfridge, Mrs. LeRoy Wilson, Mrs. Fred Otis, Mrs. Henry Albers, and Mrs. Herbert Brown, who had charge of the dining-room. The waitresses were: Ruth, Marion and Beulah Dennison, Joyce Hansen, Norma, Helen and Doris Goff, Elizabeth Stone, and Elizabeth Eastman.

## Woman's Union Annual Meeting

Mrs. Eugene V. Lovely was elected president of the South church Woman's Union at the annual meeting held yesterday afternoon. Other officers chosen were: vice-president, Miss Florence Abbott; secretary, Mrs. Roy Dearborn; treasurer, Mrs. Byron Hall. Committee chairmen named were: missionary, Mrs. Edward Gould; social, Mrs. Frank Crawford; sewing, Mrs. Thomas Hall; prayer circle, Miss Florence Cummings; hospitality, Miss Mary Bell; kitchen, Mrs. Winthrop White and Mrs. Samuel Cromie.

Mrs. Myron E. Gutterson gave a talk on "They Also Serve." A solo was rendered by Mrs. Mervin E. Stevens accompanied by Miss Marion Macdonald.

Tea was served, with Mrs. Fred Cheney and Mrs. Frank Carlton pouring.

## Engagements Announced

Mr. and Mrs. A. M. Horne of 26 St. James road, Shrewsbury, formerly of Andover, have announced the engagement of their daughter, Miss Marjorie Horne, to Mr. Albert R. Swenson, son of Mr. and Mrs. John A. Swenson of 193 North Main street. Both graduated from Pynchard high school with the class of 1934. Miss Horne, a graduate nurse, is now on duty at the Children's Hospital, Boston. Mr. Swenson left Tuesday for St. Louis, Missouri, where he will take over the management of an industrial restaurant.

### "MISS ANDOVER" DANCE

The local Legion post will conduct the annual dance for the selection of "Miss Andover" at the Crystal Ballroom next Friday evening.
