Wagnerian Festival

Singers Tomorrow

On Friday evening, at 8:15, in the Meeting Room of George Washington Hall, the Music Department of Phillips Academy will present the Wagnerian Festival Singers. The first half of the program will be devoted to excerpts from the music-dramas of Richard Wagner—the trio and aria from "Rienzi," Isolde's Liebestod, Prayer and Quintet from "Lohengrin," the Prize Song and Quintet from "The Meistersingers," and Paraifal's Triumph. The second part of the program will be devoted to arias and concerted numbers from operas of Mozart, Verdi and Puccini.

This is the first of the series of Phillips Academy concerts for 1938-39. The other items include the Salzburg Trapp Choir, and Walter Gieseck, pianist. Reserved seats may be obtained from Phillips Academy, and single admissions for the Wagnerian Festival Singers may be obtained at the door.

Expect Heavy Vote Tuesday

A heavy vote is expected here on Tuesday as the voters cast their ballots in an election in which the main interest locally is in the gubernatorial contest and in the local license question. The polls in all six precinct houses will be open from 7 to 7.

Andover is expected to give its usual large majority to the Republican candidates, but what the answer will be on the liquor question and the other questions is problematical. In the recent straw vote conducted by the Townsman the majority of the votes were for no license of any kind, with "package stores only" a close second and just a scattering for the other choices on the ballot. However, this cannot be construed as indicative of the final result on Tuesday.

The complete ballot, with all the names of candidates plus the various questions, is printed on another page, certified by secretary of state Frederic W. Cook.

NEW LIBRARY BOOKS

The following new books have been added at Memorial Hall library:

AIKEN, G. D. Speaking from Vermont. A book stating simply and sincerely the ideas of a New England hill farmer. It shows what phases of the New Deal have been beneficial; what have been disappointing, and under what conditions millions of restless

Democrats would support a re-organized Republican party.

BEEBE, WILLIAM. ZACA VENTURE.

Description of a two months' cruise in the Gulf of California—hunting the whale shark, observing the difference between fishes of the Atlantic and the Pacific oceans, the especial kind of scientific expedition which William Beebe can make both real and thrilling.

BURLINGAME, ROGER. MARCH OF THE IRON MEN.

A social history of America from the days of its discovery to the close of the Civil War, told in terms of invention. It is not a history of machines, but of human beings and how their lives have changed through inventions.

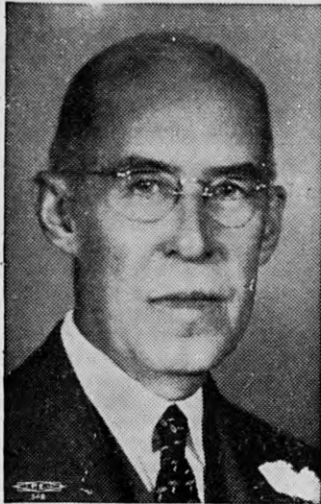

HAGEDORN, EDWIN ARLINGTON ROBINSON.

This biography of an American poet by a man who was his in-

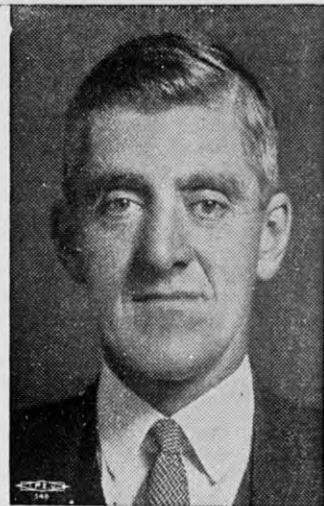

timate friend for over twenty-five years is an outstanding contribution both in the field of biography and literature.

LINDBERGH, A. M. LISTEN! THE WIND.

Covers ten eventful days in the six months' survey of the air-routes undertaken by Colonel and Mrs. Lindbergh. Entirely different from her previous book, but will be enjoyed by every reader.

Study Group Funds Given To Libraries

Five separate gifts have been made recently from the funds of the Andover Evening Study Groups. The Memorial Hall Library received \$75; the Stevens Memorial Library of North Andover, \$50; the Lawrence public library, \$50; the Lawrence public schools, \$75 to be used towards the establishment of

a teachers' library. In addition, the nursing committee of the Andover Red Cross was given \$50.

For the first time some of the proceeds were sent to Lawrence in recognition of the fact that there were one hundred thirty-two people from Lawrence enrolled in the 1938 Andover Evening Study Groups.

The sum of \$1226.84, given away in four years, has been avail-

able for charitable or educational institutions because the Study Group program has had the free services of all of its teachers and the free use of the buildings and equipment of Phillips Academy.

The new mural in the Andover Junior High School has just been completed and may be seen by anyone interested. This was purchased by a committee of the board with the money given from one year's Study Groups.

Richly Furred WINTER COATS

\$28.00 to \$65.00

Coats that are as good in women's sizes as they are in misses'. Save substantially on that winter coat you wish to purchase — select from this group. Fitted and boxy styles; fur collar and cuffs; fur armed coats and Plastron fronts. The furs are Persian, Skunk, Silver Fox and Mink Dyed Fitch. Misses' and Women's sizes, 12 to 48.

For Governor's Council

Bayard Tuckerman, Jr., Republican candidate for re-election to the Governor's Council, who received more votes in the primary than any other candidate on the whole ballot, is receiving widespread endorsement from organizations and associations.

"Everywhere I have been there has been marked enthusiasm shown at the Republican rallies," stated Mr. Tuckerman. "In giving an account of my stewardship on Beacon Hill for the past two years I have talked with hundreds upon hundreds of the voters, and I am satisfied the public is sufficiently aroused today to send to Beacon Hill men of integrity and honesty who will give us the administration Massachusetts so richly deserves."

"The voters today are awakened to what is bound to face them during the next two years if they return to the high office of Governor, the Democratic nominee, James M. Curley.

"My two years on Beacon Hill in the Governor's Council has shown that I cannot be bought, brow-beaten or bullied," stated Mr. Tuckerman. "In a day when 'yes men' are rampant in politics this is of major importance to the voters."

Church Players To Give Play

At a recent meeting of the Free Church Players, the president, Thomas B. Gorrie, announced that the organization will present **The Family Circle**, a comedy in three acts, on Friday, November 18, at the Parish House on Elm street.

FOR REPRESENTATIVE

Cornelius J. Twomey, seeking election as representative, is a graduate of Lawrence High, and of the Bentley School of Accounting and Finance. He is now in his second year at Suffolk Law School. He was elected a delegate to the Democratic convention in 1934 and in 1936.

FOR REPRESENTATIVE

William J. Casey, Democratic nominee for representative from this district, was elected a delegate to the Democratic pre-primary in Springfield two years ago. He is a member of the Lawrence Democratic committee and a ward chairman for the committee. He is well-known in local sport circles.

MAY ASK FUNDS

A suggestion that a special article be put in the annual warrant for the purchase of portable bleachers for the playstead is gaining considerable support in town, especially since the Winchester riot when authorities felt that some of

the trouble was caused by the absence of bleachers on one side of the field. The bleachers, it is estimated, would cost about \$145 or so a section, with \$1500 the probable total cost.

Let's Not Have Two More Years

Two years ago today there would have been little doubt about the gubernatorial race in Massachusetts if the then Governor Curley were opposed by Leverett Saltonstall, for the memory of the very hectic two years under Curley was still very ripe. In 1936, running for Senator, the man who is now seeking reinstatement as Governor ran 259 votes behind his party's ticket here in Andover, and the story was the same all over the State. His party won the major part of the state offices, but a good many members of the Democratic party who voted for their party's nominee for Governor refused to vote for Curley for Senator.

Next Tuesday, if the voters will recall how utterly displeased they were with the Curley governorship two years ago, the story should be the same, for the same Democrats who repudiated Curley in 1936 should again repudiate him this year, should tell him: "No, we don't want another dose of what you gave us before. We elected you in 1934 because you made a lot of promises; we defeated you in 1936 because we found that those promises didn't mean much to you after the election. We told you two years ago that we had enough of you and your machine; we meant it."

It's not a question of party this time; it's a question of State. Massachusetts wants a man who will govern the state as it deserves to be governed, with integrity, wisdom, and a sincere interest in the welfare of its people. It does not want a man who has had the opportunity to govern the state and who has given the state its darkest two years.

Abbot Academy Notes

On Saturday night the Kingsland Marionettes, under the direction of their owners and operators, Mr. and Mrs. Cedric R. Head, will present an evening of entertainment in Davis Hall. The program will include an exhibition of puppets from other countries, dance and trick numbers, and two dramatic skits entitled "In Old China" and "The Oberon and Titania Story" from Midsummer Night's Dream. The Kingsland Marionettes are well-known in many schools throughout the country, from pre-school groups to the college lecture platform, and have won great popularity with their artistry, skill and unique presentation. Of their presentations one school has said, "Before the first short act is ended the puppets have become living actors, and the visible threads have become invisible. The clever manipulation, lively dialogue and artistic skill of Mr. and Mrs. Head mark their marionettes as one of America's best."

The performance will start at 7.30 and the public may attend upon payment at the door of the fifty cent admission fee.

The Sunday evening vesper service will be held at 7.30 under the auspices of the Abbot Christian Association, of which Carolyn Fisher, of Lakeville, Conn., is president.

To the John Esther Art Gallery the master craftsman, Charles J. Connick, has sent an illuminating exhibition which introduces one to the scope of the magnificent art of stained glass. Mr. Connick is without doubt the one master of the craft in the world today who has been able to realize the scope with comprehensive understanding. His testimony of beautiful windows across this entire land and in lands across the waters confirms his unquestionably high rank.

In the exhibition as it is presented at the John Esther Gallery, preparatory sketches and cartoons to the great windows at Princeton University chapel, the jeweled matrix of the West Rose of St. John the Divine in New York, with wonderful splashes of ancient glass technique inspired by Chartres, and small quaint medallions executed in glass—all denote the elemental power of a lofty energy. There are two exquisite panels of actual glass details from larger lancets installed in the windows along the stairway. They display well the potentialities of this art. Here is a direct inroad to the Middle Ages. Mr. Connick has gone back to the zenith of the twelfth and thirteenth century windows for his inspiration. He makes statement after statement acknowledging his humility before the product of the traditional liturgical art of the French cathedrals, but of course he stands for a healthy, organic development of modern trends.

After one has enjoyed the sketches, the drawings and the glass, there is opportunity to acquaint oneself with Mr. Connick through the pages of his new book called "Adventures in Light and Color." "This steadily engaging book... written for those who travel both within themselves and abroad... is generously contrived... underneath the whole is a sense of the beautiful and ultimate necessity... and a kind of spiritual brightness that shows how much of the life pouring down from those high windows may remain in their student and lover."

The Gallery is open on Tuesday and Friday from 2 to 4.

Health Department

Makes Incubator

The health department has just completed work on a home-made incubator for transporting babies to hospitals when necessary. It will be kept in the old ambulance.

An incubator would ordinarily cost \$200-\$300, whereas this one cost practically nothing. It consists of a basket, well insulated on all sides, with a covering. Heat will be supplied by several hot water bottles which will be kept at 130 degrees, thus insuring continuous heat of 84 degrees in the basket for one hour, long enough for a journey to any nearby hospital. Other equipment includes absorbent cotton, etc.

HOW TO VOTE

Dear Sir:

Does the Townsman want us to vote for or against license? We note in last week's front page an article against drunkenness at the football game, and down below it an ad for the Silver Dollar Bar.

A Reader

The easiest way out of this would be for us to say that we never said anything about drinking in Boston where the Silver Dollar Bar is located, but it's not the right answer. The Townsman wants you to vote the way you sincerely feel on the question. The Townsman, as those who have followed our editorials closely will note, is not against license per se, but it is now and ever will be against public drunkenness resulting from license. It feels that whether a person drinks or not is his own personal business, but it also feels that when a person drinks to excess and then becomes a public nuisance, it is no longer his personal business but the public's business. It feels too that any place which allows a man to drink too much and then allows him to go out into the public street in that condition also becomes the public's business. The question that the voters of Andover must decide on Tuesday is this: can the Town of Andover exist with license and without drunkenness? If you feel that it can't, it's up to you to vote "No;" if you feel that it can, then you have the privilege of voting "Yes." And whether the Town of Andover votes "Yes or whether it votes "No," the Townsman will continue to urge that public drunkenness be eliminated.

In order that you may be helped to decide which way you want to vote, we submit these arguments commonly advanced by those for and those against license:

FOR

The ones who have been causing all the trouble will still get their liquor, possibly in Lawrence, in which case the last busses will be crowded as in prohibition days with inebriates. The elimination of license will not cut down the amount of liquor purchased but will drive the business to Lawrence stores; it will put out of work the many employees of the local establishments; it will eliminate the town's receipts from this source. It would, because of the few perpetual town drunks, penalize the reputable places such as the Country Club, Manor, Howard Johnson's, etc., about which there have been no complaints but which would lose their licenses with all the rest.

AGAINST

Conditions around Andover square have been intolerable under restaurant licenses. It is alleged that some licensees have sold to those who are drunk, and to men on relief or the W. P. A. thus harming their families. The presence of drunks slouching around the square is harmful to Andover prestige and to other local business places. Even if the drunks did drink in Lawrence, they would not be in Andover square as much as at present. It is impossible to eliminate the licenses of just those who are allowing abuses because the A. B. C. in Boston is prone to uphold the licensee rather than the licensing authority. (For more arguments see Mr. Frost's communication.)

A CLOSING APPEAL

Prior to November 8 we citizens of Andover are free to denounce, execrate and anathematize the folly of legalizing the public saloon for another two years. We may lash ourselves into a frenzy of excitement over the dire prospect; we may marshal all the incontestible arguments against it, paint it in its darkest colors as a veritable gehenna; yea, we may rack our brains to coin sentences adequate to portray its evil to our community. Yet all this will avail nothing in ridding our town of the saloon. No one is more confident than the saloon-keeper himself, hence he keeps on fiddling as unconcerned as Nero at the burning of Rome.

A hurricane of wind brings houses and trees crashing to the ground, but no amount of "hot air" ever locked the door of a saloon. You might as well attempt to "choke a mad dog with soft butter," or to batter down Gibraltar with soft boiled peas as to persuade a saloon-keeper to voluntarily surrender his easy job of making drunkards. Nor can you any more restrain him by reason than you can restrain a vicious mule from the free action of his hind legs. If you harbor any doubt of this try a hand at it.

Our only weapon is the cudgel of the law; and the making of this law so far as it applies to Andover, lies solely in your hands as you stand alone with God and your conscience in the voting booth on next election day. You and you alone are to decide whether these dens of iniquity shall be closed to our youth or whether they shall be kept open while drunkenness stalks our streets and indecencies, like a rank infectious growth, continue to eat away the moral fibre of our citizens.

A hole along the highway we scrupulously guard at night by red lights; shall we concern ourselves less over the hell-holes of our saloons?

EXETER GAME TICKETS ON SALE

Tickets for the Andover-Exeter football game on November 12 will go on sale next Monday at the academy gym. Reserved seats are \$1.50 each, a reduction from the former price. The game will start at 1:30.

A. P. C. PLAY

The A. P. C. Sorority will present a play, "Marry the Boss's Daughter," November 17, under the direction of Mrs. J. Albion Burt.

Two bean suppers are planned by the bean supper committee, December 3 under Mrs. Clifford Marshall, and February 11 under Mrs. Franklin T. Ellis.

NEEDS SUIT, COAT

The town welfare agent, Arthur W. Cole, has asked us to issue an appeal for an overcoat and a suit of clothes, size 44, for a needy man. Anybody having these articles is asked to leave them with Mr. Cole at the town house, or he will call for them if desired.

The two family house at 60-62 Maple avenue, owned by the late Maurice J. Curran, has been sold to Edwin and Elsa V. Hillerstrom who have already moved in and will make it their permanent home. Sale was made through the W. Shirley Barnard real estate and insurance agency.

Historical Society Has Annual Meeting

The annual meeting of the Andover Historical Society was held last Thursday evening at Fieldstones with Miss Sally Bodwell as hostess. William A. Trow, president of the society, called the meeting to order, asking for the usual reports which were presented in brief.

The Nominating Committee offered the following names as officers for the coming year and the list was unanimously accepted: President, William A. Trow; first vice-president, Scott H. Paradise; second vice-president, Edwin T. Brewster; secretary, F. Tyler Carlton; treasurer, Henry J. Stevenson; director-emeritus, Mrs. C. E. Abbott, Directors elected for three years, Mrs. Nathaniel Stowers, Miss Myra H. Church, Mrs. Howell F. Shepard.

The important feature of the evening was an address by Prof. Franklin C. Roberts of the Faculty of Boston University, giving a graphic account of Early New England Education, emphasizing the fundamental part the schools and

colleges played in the gradual development of our country.

A complete list of the Memorial Funds to date was presented, because of recent additions. A list of donors during the year was read with an expression of appreciation. Later the interesting points of Fieldstones, formerly the old Jaquith home, were inspected—the old brick oven, the well with its "iron-bound bucket" and long-handled dipper, the hand-hewn beams and well worn floors.

Refreshments were served by Miss Bodwell.

ROSES IN NOVEMBER

A Crimson Rambler rose bush at the home of Mrs. John Franklin on Woodland road continues blooming. It has ten clusters of roses, with from five to twelve roses in the clusters.

It was a beautiful sight in June but never appeared in November until this year. A bed of Rose of Heaven petunias also survived the heavy frost of Monday night.

Poppy Day To Be Held Saturday

The Legion will meet this evening to make final plans for Poppy Day and Armistice Day. Every member possible is asked to attend and also to report at the Rooms on Saturday to assist in the distribution of poppies.

The funds obtained on Poppy Day will be used for the winter expenses of the Welfare Fund, which serves as temporary relief for the service men of Andover. Every poppy sold also aids directly disabled service men, who make these poppies.

Commander Thomas P. Dea is chairman of the committee in charge of Poppy Day, and also of the Armistice Day Committee. The officers and Executive Committee members are assisting him. The Sons of the American Legion are asked to report in uniform to the Post Rooms on Saturday. Refreshments will be served after the meeting.

For Register Of Deeds

It is the contention of Representative Louis J. Scanlon, candidate for the office of Register of Deeds, that probably never in the history of our Commonwealth has more humane and liberal legislation been enacted into law by the General Court, than in the past several years.

Scanlon believes that his amendment to the Old Age Assistance Bill, requiring that assistance checks to our needy aged be mailed to their homes directly, was a humane piece of legislation.

A bill he introduced compels insurance companies to notify the insurer in November, if they do not intend to re-insure in January.

Scanlon fought for a bill that would give our courts wider humanitarian powers in dealing with juvenile crime.

It is on the basis of his record, and the legal experience that he has gained in drafting legislation that Scanlon makes his appeal for support.

HURRICANE RELIEF

The local chapter of the American Red Cross has this week mailed a check for \$803 to Washington to be used for hurricane relief.

**November Club
To Open Season**

The November club opens its season next Monday at three, with a meeting for members only. The entertainment will be provided by Margaret Ruth Adams, who so delighted the club with her original monologues last year.

CITIZENSHIP CLASSES

An excellent opportunity for securing citizenship papers is offered in a free course now in operation under the local school system. The group met last night for the first time at the high school and will meet again tomorrow night. New applicants are welcome, without charge. The meetings will be three nights a week.

NO SCHOOL TOMORROW

There will be no school tomorrow in either the public schools or Briggs-Allen school because of the county teachers' association annual meeting.

PARADE NOTICE

Anyone wishing to join in the Republican torchlight parade tonight is asked to be present with car at Hussey's pond, Poor street, at 7:15.

The Fords for 1939

IF WE KNEW anything better we could do for the country than make good motor cars, we would do it.

By every one doing his best in the job he thinks most useful, this country is going to get its momentum. We have tried to do our best in our job.

When business was suddenly halted in its recovery more than a year ago, we determined that we should keep going anyway, if not at full-volume motor car production, then at getting ready for greater motor car values that would help future production.

EXPANDING FOR THE FUTURE

We began to build 34 million dollars' worth of new plants and equipment. We felt that if we could not employ all our men building motor cars we would employ as many as we could building better production facilities.

We were told, of course, that this was no time for expansion, that a wiser business policy would be to "hold everything"—which means, stop everything. But no one ever got anywhere standing still.

Besides, we are not defeatists. We do not believe this country has seen its best days. We believe the country is yet in the infancy of its growth. We believe that every atom of faith invested in our Country and our People will be amply justified in the future. We believe America is just beginning. Never yet have our People seen real Prosperity. Never yet have we seen adequate Production. **But we shall see it!** That is the assurance which we have built.

Business is not just coming back. It will be brought back. That is now becoming understood in this country; for that reason 1939 will be a co-operative year. Manufacturers, sellers and buyers will co-operate to bring back the business that is waiting to be brought back.

This construction program is almost complete. It has increased activity and payrolls in a number of related industries. It has given us better facilities for building better cars and trucks, and eventually our new tractor which is being perfected.

THIS MEANS MORE VALUE

The current program has provided a new plant, which will turn out a part of our tire requirements . . . a new tool and die plant that will help us cut the cost of dies . . . and a steel-press plant that will enable us to make more of our own automobile bodies. These are in addition to the plants we already had for producing glass, iron, steel, plastics, and many other things.

We don't supply all our own needs, of course, and never expect to. The Ford engine is one thing

that no one's hand touches but ours. Of nearly everything else we use we build some quantity ourselves, to find, if possible, better and more economical ways of doing it. The experience and knowledge we gain are freely shared with our suppliers, and with other industries.

We take no profit on anything we make for ourselves and sell to ourselves. Every operation, from the Ford ships which first bring iron ore to the Rouge, is figured at accurate cost. The only profit is on the finished result—the car or truck as it comes off the line. Some years, there is no profit for us. But we see to it that our customers always profit. A basic article of our business creed is that no sale is economically constructive unless it profits the buyer as much as or more than the seller.

Our new plants have helped us build more value into all our cars for 1939. That means more profit on the purchase to the purchaser.

We have not cut quality to reduce costs.
We simply will not build anything inferior.

NEW TESTING EQUIPMENT

While we were putting up new plants to produce cars, we constructed new equipment to test them. The first weather tunnel of its kind ever built for automobile research went into operation at our laboratories this year.

It makes any kind of weather to order. The weather it delivers every day would take months to find in Nature. Our cars are weather-tested to give you good service in any climate anywhere.

In other tests, every part of the car is punished unmercifully. Then our engineers tear it down to see if they can find abnormal wear or any sign of weakness.

The money we spend on tests saves you money on repairs. And your family car is safer and more dependable when we put it in your hands.

THE NEW CARS

We have two new Ford cars for 1939—better cars and better looking—but we also have an entirely new car.

It's called the Mercury 8. It fits into our line between the De Luxe Ford and the Lincoln-Zephyr. It is larger than the Ford, with 116-inch wheelbase, hydraulic brakes, and a new 95-horsepower V-type 8-cylinder engine.

We know that our 1939 cars are cars of good quality. We think they're fine values in their price classes.

With new cars, new plants, new equipment, the whole Ford organization is geared to go forward.

For Register Of Deeds

G. Hudson Driver

G. Hudson Driver, present Register of Deeds, Republican candidate for election to that office in a recent speech asked the voters of Andover to consider his qualifications and experience in this office when they go to the polls on election day.

In discussing his administration of the office, Mr. Driver said: "I believe I have conducted the Registry of Deeds in the most economical manner in its history. The budget for that office is set by the County Commissioners. They have always been definitely concerned with eliminating waste and unnecessary expense. I, too, have tried to do likewise, and so, out of the budget for my office for the past year, I was able to return to the County \$764.83, the result of careful administration on my part—without a single reduction in salary or the discharge of one person from that office.

"In passing, I want to touch as modestly as I can on a particular point which has been the subject of some discussion in our community. When I assumed the office of Register of Deeds, I found there an excellent system for the protection of public documents: I found a well-trained staff who were performing their duties in a superb manner. It would have been a violation of public trust to have tampered with the personnel in such a manner that accuracy in the keeping of the records would have been endangered; and so I made no changes in the personnel of that office and neither do I intend to make any changes so long as they function in the same efficient manner in safe-guarding the interest of the public.

"My salary as Register of Deeds is my only income. I have devoted my time solely to conducting the affairs of this office. My election will guarantee the same efficient service I have rendered in the past, for I believe in that great American Tradition—'ONE JOB for ONE MAN in Public Service.'"

Dr. Clara Sargent Shepherd, wife of Rev. George W. Shepherd of Kuling, China, was the house guest of Mr. and Mrs. Myron E. Gutterson last night. Dr. Shepherd and her four children have been forced out of the Hankow area by war conditions. She is speaking today at the Andover District meeting, which is being entertained at the South Church.

Punchard To Play At Brookline Saturday

Next Saturday, Punchard high will play Brookline high at Brookline. This season so far, the local squad has beaten Danvers and Reading, tied Concord, lost to Winchester, and last Saturday afternoon won over Stoneham at Stoneham by the score of 7 to 0.

Punchard scored in the second period Saturday when Doug Howe passed to George Chandler from Stoneham's 23-yard line to the enemy 3-yard line, Chandler continuing over for the only touchdown. Bob Towne rushed the point to make the score 7 to 0.

Previous to this score in the second period, Punchard made a touchback against Stoneham when Towne fumbled the ball on the Stoneham goal-line and it rolled over to be recovered by a Stoneham player; if it had been recovered by a Punchard player it would have meant another touchdown for the Punchard eleven.

The outstanding highlights of the game were Stoneham's well-organized passing attack, Tom Noyes' work in the line both offensively and defensively, George Brown's

tackling, Doug Howe's running and passing, George Chandler's catching of Howe's passes, Warren Deymond's and Captain McDonald's recovering of several Stoneham fumbles, Dick Gordon's and Don McLaughlin's receiving slight injuries, Haggerty's interception of Stoneham's pass at a critical point in the game, Doug Howe's interception of a Stoneham pass on his own goal-line and a 60-yard run into enemy territory. There were only two penalties in the game. Going into the third period Stoneham was penalized 15 yards for keeping Punchard waiting too long at the half, and the other coming when Stoneham was penalized 5 yards for off-side.

It was a pretty evenly-matched contest and neither team threatened to score much after Punchard made the first touchdown. Punchard was well represented by many people from the town, many of whom, perhaps, anticipated another outbreak similar to the one that marred last week's game when some of the town drunks imbibed too much liquid refreshment of the stronger type.

Young Republicans To Hold Rally Tonight

The Young Men's Republican Club are sponsoring an elaborate entertainment and rally this evening at the Town Hall.

Preceding the affair a parade of automobiles, many of them carrying banners and red torch lights, will move through the streets of the town with a police car leading the way.

Candidates for State and County offices will address the gathering and Mr. Philip Bowker will speak on behalf of the State ticket. As this is the only Republican rally to be held in Andover before the election a large attendance is expected.

Those who will speak: Councilman Bayard Tuckerman, Jr., C. F. Nelson Pratt, nominee for County Commissioner; District Attorney Hugh A. Cregg; Sheriff Frank E. Raymond; Register of Deeds G. Hudson Driver; Senator Frank D. Babcock; George W. Eastman, nominee for Representative in Congress; Gordon R. Cannon and William McCoubrie, nominees for Representative; and Mr. Bowker.

The committee comprises: Co-Chairmen, Richard Zecchini and Milton Jackson; Arrangements, Roger Lewis, Frank Rizzo and Thomas Blunt; Publicity, Elmer Grover and Paul L'Antigua; Entertainment, Arthur Peatman, Leonard Perkins and Douglas Crockett; Speakers, Milton Jackson; Reception, Charles Valentine, Hartwell Abbott, Thomas Fallon, Carlton Austin, James Bateson, James Gordon, Carl Cregg, George Thompson, Archibald Davidson, Carl Holt, Alvin Zink, Clifford Wadman, David Petrie, Arthur Chambers and Irving Whitcomb.

OSTEOPATH OPENS OFFICES HERE

Dr. A. W. Sandberg, osteopathic physician, is opening his offices Monday at 104 Main street, just beyond the Caronel apartments. He is a graduate of the Massachusetts College of Osteopathy in 1937, and since that time has practiced at the Boston City hospital and in the outpatient department of the Massachusetts Osteopathic hospital. He also practiced for a few months in Worcester. Dr. Sandberg will be here all the time, the first local full-time osteopath since the late Dr. Simpson.

PENNY SOCIAL FRIDAY

A penny social will be held at the Parochial school hall Friday evening at 8:15. The committee: Frank McDonald, Edward Gill, Mrs. William H. Navin, Clarence Delaney, Mary McNulty, Marion Connolly, Margaret Reilley and Flora Raidy.

League Members Hear Lectures

Seven members of the Andover League of Women Voters attended the Boston School of Politics on "Election Issues of 1938" conducted by the Massachusetts League of Women Voters in co-operation with the Boston League last Wednesday, October 26.

William P. Gilman, Republican Representative, one of the commission appointed to study taxation in Massachusetts, spoke on "Public Money and the Public Interest." The leading expenditures are for highways and institutions. In 1920 \$3,000,000 yearly were spent for welfare; in 1937 \$25,000,000. In 1920 19 cents per person was spent on education and three cents for welfare, today 19 cents for education and 21 cents for welfare. Fifty percent of our revenue comes from real estate. In Lowell 83 percent of the real estate is held by the

banks today. He said that in 1936 there were 1,000,000 people on relief. Today 23 percent of the population is on relief.

At 11:30 John Barry, Democrat, feature writer of the Boston Globe, spoke on "Public Personnel." He said that the tolerance of rascals in this state has been terrific, but the fault is with the intelligent who do not rouse the public. The spoils system is just as Republican as Democratic, he said.

The luncheon conferences were on "Biennial Sessions," "Proportional Representation and the City Manager Plan," and "Barring Married Women from the Public Service."

The afternoon session opened with a lecture by Atty. Arthur S. Hill, Counsellor-at-law, and former district attorney for Suffolk County. "Civil Liberties," he said, "are like Ventilation, you don't think of it when you have them, but when they are taken away, you know it."

Max Lerner, Professor of Government at Williams College, former Editor of The Nation, said that German and Italian elections give all the evidences of death. The Fascists have taken over the forms of Democratic government, but if people don't vote "Yes" it is suicide. Here, he said, capitalism wishes to make democracy safe for capitalism and the other side capitalism safe for democracy. So our energies are used up in the squabble instead of the true objectives of government. He feels Congress is the real guardian of our liberties, acting as a sounding board.

Those attending were Mrs. Harold Rafton, Mrs. Harry Tyer, Mrs. John Little, Mrs. John Grant, Miss Helen Chickering, Mrs. Horace M. Poynter, and Miss Laura Smith.

Local Teacher May Teach In Alaska

Some local teacher is going to Alaska or some place else if a plan recently approved by the legislature and adopted by the school board Tuesday night finds a teacher among the force who will accept. The plan calls for a teacher from some place else coming here for a year, teaching in exchange with one of our teachers, with the local committee paying the salary of its own teacher, and the teachers paying their own travelling expenses.

FOR SHERIFF

Sheriff Frank Raymond is running for re-election. He is a graduate of the Gloucester high school and Boston University Law School. He was a member of the Massachusetts Legislature and of the Judiciary committee in 1916-1917, Essex town moderator, chairman Essex board of assessors, town counsel of Ipswich, associate justice Ipswich, assistant district attorney of Essex county.

His supporters point to his eight year record as sheriff, marked by humanitarian treatment of prisoners, cleanliness of institutions and other characteristics which have earned commendation from judges coming here from other counties.

Obituary

Arthur B. Weld
Arthur Burham Weld, a former resident of Andover, died at his home in Wakefield, October 25, age 73 years. He received his education in the Andover schools, later becoming a railroad telegraph operator, serving 43 years.

He was active in the Masonic order. A member of the First Congregational church he was an active and generous contributor in all civic affairs.

He leaves a wife and two children and a sister, Mrs. W. H. Harding of Andover.

Mr. Weld's father built the first ice houses at Poms Pond in 1875, this being the first ice business in town.

ENJOY RALLY

About 80 Free Church women enjoyed a rally last night at the parish house, with Mrs. Earl Wadlington presiding. Mrs. Herman C. Johnson welcomed the group, and Mrs. A. Graham Baldwin gave an interesting talk. The presidents of each woman's organization gave a short outline of its work. Community singing and refreshments were enjoyed.

Woman's Club Starts Book Review Series

The first in the series of six monthly morning book reviews, sponsored by the Ways and Means Committee of the Shawsheen Village Woman's Club, will be held at the home of Mrs. Howell F. Shepard of Ballardvale tomorrow at 10. Mrs. Lewis Putnam of Lowell, who is well known in Andover, will be the reviewer.

For further information please call Mrs. Herbert Cregg of the Aberdeen Apartments, or her assistants, Mrs. Frederick C. Smith and Mrs. John Batal.

LIBRARY NOTE

During October, the Memorial Hall Library issued for home use 8470 books. At Ballardvale, 875 were borrowed, making a total circulation of 9345 volumes, an increase of 1220 over October, 1937. This is the third month of 1938 in which the use of the library has exceeded 9000 volumes. To date, the library has issued 12295 more books than during 1937.

PUNCHARD JUNIORS ELECT OFFICERS

The junior class at Punchard has recently elected the following officers to serve for the current year: Warren Richardson, president; Gordon White, vice-president; Joseph McCarthy, secretary; Norman Ross, treasurer; social committee: Robert Welsh, chairman; Bernice Mundy, Ruth Porter, Dorothy Christie, Edward Gile, and Andrew Hamilton.

You save money by paying \$2.00 a year for the Townsman.

Babcock Endorsed By Labor Federation

State Senator Frank D. Babcock, Republican candidate for reelection, has received the endorsement of the Massachusetts State Federation of Labor in the following letter:

After perusing your legislative labor record during the years 1930 and 1937, on measures sponsored or supported by the Massachusetts State Federation of Labor, our records indicate that you were a supporter of Labor's legislative program during those two years, and I am sure I express the feeling of this organization and the trade unionists and other wage earners in your district, when I state that your efforts in our behalf are sincerely appreciated.

Much legislation of benefit to wage earners of Massachusetts was enacted into law during the last two years, which may not have been adopted if it were not for the fact that you and other liberal legislators supported Labor's legislative program.

With best wishes,
Sincerely yours,
KENNETH I. TAYLOR
