## Noted Organist To Play At Academy

On Monday evening, April 24, at 8:15 o'clock, Professor Fritz Heitmann, organist of the Cathedral in Berlin, will play an organ recital on the Martha Cochran Organ in the Cochran Church of Phillips Academy. Professor Heitmann is one of the greatest of the contemporary organists, a consummate artist, and a delightful personality. He plays at the United States Military Academy at West Point the day before his appearance in Andover. He is playing one of the most stupendous programs ever presented at Phillips.

There will be an admission charge of fifty cents.

O'Connor, and Mrs. James P. Christie are working for the success of the sale. Anyone interested in this project may call Mrs. Connor.

## Adventurers' Production Next Tuesday Evening Gives Promise Of Excellent Entertainment

Did you enjoy "The Enchanted April" sponsored by the Adventurers two years ago? Then we think you should not overlook "The Middle Watch," to be presented under the same auspices on April 18. Of course the title has no reference to the weather, which is far from enchanting this April. We can do nothing about that. But fun and laughter have their importance as well as spring sunshine, and "The Middle Watch" promises an abundance of hilarity.

Act one takes us to a tea dance aboard H. M. S. Falcon, in the China Seas. Of course every girl enjoys such an affair, where the gentlemen greatly outnumber the ladies.

As Fay Eaton, Carol Orr shows a polite interest in everybody and everything and an appropriate absorption in Captain Randall, her fiancée, played by Richard Cooper—very natty in the uniform of the Royal Marines.

Those of us old-fashioned enough to know about chaperones will sympathize with Fay in her attempts to make the militantly virtuous Charlotte Hopkinson see rea-

son for accepting a dinner invitation aboard ship. Sir Neville Chamberlain himself makes no more emphatic use of his umbrella than does Gladys Hill in the role of Charlotte. And she seems about as successful in keeping the machinery moving smoothly! (How should an irate spinster accidentally shut up in a ship's compass room, be expected to appreciate a gyro compass?)

Of course the breezy American attitude is desirable as a foil to all the dignity of an English tea, so Thisbe Grieco appears, in the role of Mary Carlton, who knows that every man is susceptible to flattery—even bachelor Captain Maitland and the blustering Admiral.

The traditional squabble between marines and sailors is enthusiastically carried on by William Hughes as Marine Ogg and Robert Bisset for the jolly tars. We promise you you are going to love Cockney Marine Ogg, conscientious in his duties even when it means doing sentry duty in his stocking

## Hurricane Pictures To Be Shown Tonight

The telephone company's excellent pictures of the hurricane, taken during and after the storm, will be shown by the local district manager, Edwin Bramley, at the meeting of the Service club tonight in the Square and Compass club hall. Mr. Bramley will also present three other motion pictures, entitled "Voices in Paper," "News in Views," and "Safeguarding the Speechways."

At the next meeting a representative group of Punchard boys will give a demonstration of apparatus work in connection with their physical education classes. This exhibition will be under the direction of Donald Dunn and it will be held at the Memorial gymnasium.

## North Main Street Work To Commence

The long-delayed construction of an extra lane on North Main street from Stimson's bridge southerly to near the corner of Harding street will apparently start soon, signs having been placed there warning motorists that there's construction ahead. The job was voted as a chapter 90 project at the hurricane town meeting last fall, and the state a short time later awarded the contract.

## URGES IMPROVED ROADWAYS

The Board of Public Works at a meeting with the selectmen urged on Monday night that streets before acceptance by the town hereafter be placed in better condition so that the town will not have to spend so much for maintenance, construction, etc.

## Auditors Make Suggestions on Sewers, Infirmary

A number of recommendations to the town authorities were made by the state auditors as a result of the annual audit held early in the year. Old sewer assessments with an uncollected balance of \$2668.78 still showing on the balance sheet again caused the auditors their annual concern and again prompted the recommendation that they be settled. These are assessments made prior to 1926 when the assessing procedure was far different than it is today. In another section of the report they suggested that there are some outstanding sewer connections long overdue, and it was recommended that a deposit be required in advance hereafter proportionate to the cost of the installation.

It was pointed out that part of the receipts at the Convalescent home are used to compensate the matron, this according to the auditors being in violation of section 35, chapter 41, and section 53, chapter 44, G. L. It was recommended that the entire compensation be paid from an appropriation and all receipts be paid directly to the town treasurer.

## START TOWN HALL WORK

Work on the remodelling of the town hall started this week, and notice has been given the present B. P. W. office landlord that the office will be vacated by May first.

## PENNY SOCIAL

A penny social will be held by the Young Ladies' sodality of St. Augustine's church at the school hall next Thursday. The girls will meet tonight.

## Salvation Army Fund Continues To Mount

Andover citizens are still responding to the appeal of The Salvation Army for funds with which to carry on their work for another year. To General Chairman Edward A. Anderson, this is gratifying indeed and with the total subscribed to date \$ he is confident that the \$1,500 goal will be reached.

There are still a number of workers who have yet to complete their prospect list, and a few factories to hear from also. The mail appeal continues to come in, and those who have not answered by mail as yet, are urged to do so in the interest of the Drive.

Adjutant Charles Johnston, local Greater Lawrence commander of Army work, in issuing a statement said: "I want to thank every worker for their interest and effort put forward in our behalf. I also wish to thank every contributor to our cause for the response given which so far is splendid indeed."

## Adopt Resolutions On Mr. Boutwell's Death

The following resolutions on the passing of Frederic S. Boutwell, long-time trustee of the Memorial Hall library, were adopted last Tuesday at a meeting of the trustees:

**Frederic S. Boutwell**

Born October 30, 1865

Died February 16, 1939

At their meeting on April 4, 1939, the Trustees voted to adopt this minute on the death of Mr. Boutwell and resolved to spread it upon their records and to send a copy of it to Mr. Boutwell's family and to his fellow citizens through the Andover Townsman.

At a joint meeting of the Trustees of the Memorial Hall library and the Selectmen of the Town of Andover, Mr. Boutwell was chosen a Trustee of the Library May 10, 1898 to succeed the late James B. Smith. On June 14, 1898 the Trustees chose him as their Secretary and as their Treasurer.

He honored these offices for rising forty years, or until his death February 16, 1939.

His business interests brought to these offices an understanding loyalty.

His records are complete and reflect the spirit of the meetings. His service covers a period of co-operation with two librarians only, Mr. Ballard Holt and Miss Edna A. Brown. He delighted to bring to solution the particular problems of library administration. He cared for the steadily increasing invested assets of the Library with marked fidelity as though they were of his own property. He had a helping hand for any worthy undertaking which would enhance the use of the Library as an integral part in the growth of a more enlightened Andover.

He was an honorable citizen, a personality radiating friendliness, and withal co-operative in spirit, kind, even-tempered, uttering never a word that hurt, prompt and ready to perform the manifold duties entailed upon his position in the Community.

**Lawrence Mayor**

**Criticizes Legislature**

"We can raise so much money. You go out and get the rest." This is what the state legislature says to the cities and towns, according to Mayor Walter Griffin of Lawrence in an interesting address given last Thursday night at the Square and Compass club annual banquet. The mayor placed the responsibility for the present situation on both the legislature and the citizenry.

If it weren't for the huge increase in state tax this year, he said, the tax rates in nearly every city and town in the state would be lower than they were last year. His own city of Lawrence, he told the audience, is faced with heavy welfare expenditures and a heavy state tax, aggravated by loss of valuations due to the removal of industries, the loss of the machinery tax, and a decrease in receipts from the income and corporation taxes.

The voters themselves, in demanding so many additional services, are largely responsible for the state expenditure increase from \$55,000,000 to \$99,000,000, and the legislature has failed to provide the money for it.

A large group attended for the annual festivities. President Rowland Luce presided.

feet. And you surely would not miss the moment when Roland Fraser, as the Admiral, discovers the lack of shoes.

Through a fast-moving,—almost dizzying in fact, Act two, Harold Wennik, Richard Cooper, Geoffrey, Nicoll, as the ranking officers, try valiantly to keep comfortable an increasingly testy Admiral and two very personable but unplanned-for lady guests. They are ably assisted by the aforementioned Marine Ogg and his Corporal (Charles Armitage), not to mention Ah Fong. We claim that Everett Gorrie is probably the greatest little Scotch Chinaman afloat.

Problems multiply and dark clouds thicken when Lady Hewitt (Margaret McFarlin to you) and her daughter Nancy (played by the same Betty Carmichael who charmed us all in the Punchard production of "Twelfth Night") arrive and discover all the other ladies. But don't alarm yourselves; a perfectly sound and satisfactory explanation is forthcoming.

A very smart stage set showing the Captain's quarters on the "Falcon," a great array of pretty frocks and smart uniforms, and an evening of fun await you in the Memorial Auditorium, April 18, at 8:15 o'clock.

Daniel Pingree, Esq., of Providence, R. I., has purchased lot No. 15 Cheever Circle, Johnson Acres, from the owner, Fred E. Cheever. Mr. Pingree plans to start at once on a beautiful home designed by Royal Barry Wills, the noted architect.

**PROGRAM FRIDAY**

A program of organ music and songs will be presented by Mr. Kenneth H. Wilson and Mrs. Mervin E. Stevens at the South Congregational church on Friday evening, April 14th, at 8:15. The church is justly proud of its organ and of its organist and it will be a real treat to hear Mr. Wilson in selections which will show its full range of beauty and variety. Mr. Wilson is well known to many outside the South church through his connection with radio work. He is Director of Music for WHDH as well as staff organist at that station. Mrs. Stevens is well known to Andover audiences. Mr. Wilson will accompany her.

There are no tickets for admission to the recital. All who are interested are cordially invited to come. However, since Mr. Wilson and Mrs. Stevens wish to assist in the work of raising money for the church renovation fund, a silver collection will be taken.

**Mrs. Annie Hession**

A solemn high mass of requiem was offered in St. Augustine's church Monday morning for Mrs. Annie Hession who passed away last Thursday after a short illness at the Lawrence General hospital. Mrs. Hession, wife of Patrick Hession, was born in Ireland 59 years ago but had lived in Andover for 40 years.

### Some New Medicine, Doctor?

Dear Mr. President:

So you really feel that there is an urgent need for that extra \$150,000,000 for the W. P. A.? Yes, of course you are to be commended for thinking of the unemployed, but honestly if your policy of priming the pump this way is any good at all, why in the world should there still be such an emergency? You started this pump-priming 'way back in '33, you know, and if that method is any good at all, why does it take so long for it to work? The fellow that's doing the priming—no, not you, the taxpayer—gets pretty tired after six years, and he's apt to get more than tired when he sees that the only result you can see from all his pump-priming is a need of more pump-priming.

If you insist on continuing the W. P. A., why at least don't you cut the appropriation down so that it will cover only those who need it? And we mean those who need help, not those who have very loyally given help. But in the meantime, why don't you start thinking of something else? Why for instance don't you give a little thought toward getting people back into the mills rather than into ditches?

If a doctor were treating you for six years with the same medicine and it didn't cure you, wouldn't you ask him to try some other medicine? And if he wouldn't do that wouldn't you try another doctor?

The best newspaper editorial of the week was the one in the Italian paper which suggested that the United States should mind its own business.

### Siftings

Headline: "Greece Satisfied with Fascist Guarantee To Respect Its Frontiers." Headstone: "Here Lies Czechoslovakia, Whose Frontiers Were Guaranteed."

"State regulation of expenditures in cities and towns which have tax rates 'above the average' is being considered by legislative leaders." Good idea, if only the state regulation of its own expenditures weren't one of the reasons for the above-average tax rates.

The principal reason why the legislators won't repeal the veterans' preference law is that they're mindful of the veterans' preference on election day.

### BUNDLE TEA TONIGHT

Mr. M. Lawrence Shields, instructor in Biology at Phillips, will be the guest speaker at the Bundle Tea in the Christ church parish house this evening at 8:00 o'clock. The Girl's Friendly Society and the Junior Women's Guild have been invited to attend.

### Andover Youth Hostel Receives Official A. Y. H. Charter For 1939

The Andover Youth Hostel has received its official AYH Charter for 1939 from National Headquarters of American Youth Hostels, Inc., at Northfield, Massachusetts. Members of the sponsoring committee who have already taken out their AYH passes are: Selectman Roy Hardy, Rev. A. Graham Baldwin, Mrs. C. Carleton Kimball, Mrs. Walter E. Pike and Miss Katherine Walsh.

Miss Katharine Walsh, houseparent of the hostel, is preparing for a busy season. Miss Ruth Hardy, daughter of the local selectman and a student at Middlebury College, has been interested in Hostels for some time and at her Pynchard graduation a few years ago she gave a very interesting talk on the movement as her honor address.

Hikers, bikers, skiers, boaters—all who travel under their own steam—are welcome at youth hostels, which are generally located about 15 miles apart along hiking or biking trails and waterways. The AYH pass costs \$1 for those under twenty-one, \$2 for those twenty-one or over, and admits the holder to over four thousand hostels in twenty countries the world over, including the 184 hostels in the United States.

The founder of the youth hostel movement was Richard Schirman, a school teacher in Central Europe. He took his students out of the smoky city to the clean beauty of the hills and countryside, where he made arrangements for them to stay overnight in neighboring schools and farms. In this way the idea of youth hostels was born. His first European hostel was opened in 1910 in the Castle of Altona, a twelfth-century castle. It was not long before hostels were spreading into other countries, gathering recognition and commendation. Educators led the way; peace leaders saw in hosteling a practical way to build international friendships. An International Youth Hostel Conference was called in Amsterdam in 1932. Similar conferences have been held each year; representatives of the youth hostel associations have met to discuss their problems and ways to encourage international hosteling.

Youth hosteling came to America in 1934, when Isabel and Mon-

roe Smith established the first hostel in Northfield, Massachusetts. In that year, American Youth Hostels, Inc., became the twentieth association to belong to the International Youth Hostel Conference. Each year has shown an increase in the number of hostels and hostelers. In 1938 there were 184 hostels in the United States which reported a total of 26,495 overnights. tional development.

The Guild will be the local hostel, arrangements having been made to carry on the usual meetings, etc., that are held there during the summer.

### Townsmania

"What shall I speak about?" Lawrence's Democratic Mayor Griffin was a bit puzzled last week as to just what should be his topic at the Square and Compass club annual banquet in Republican Andover. Finally, he ventured to selectman Roy E. Hardy: "Should I tell about the accomplishments of the Democratic administration?" "Oh, no," replied Roy, "we want you to give a longer talk than that."

You really should have seen that bunch of bids, alternatives and so forth that the Board of Public Works had to untangle. Hours, even days, they spent on them in order to straighten out all the intricate details mentioned by the competing firms. Finally, one of the members, on the point of reaching for an aspirin or maybe two aspirins, suggested a solution that we might many hours before have decided upon: "Aw, let's buy the red one." (To you fellows down on the corner; he said it as a joke.)

### B. P. W. Trucks Due Here By Week-end

The five new B. P. W. trucks are expected here the latter part of the week, and three regular drivers and one spare have been named to man the trucks to be used exclusively for B. P. W., while four regulars and two spares have been appointed from the W. P. A. to drive the other two trucks in half-week shifts.

The B. P. W. drivers: Earl Powers, Guy Conkey, William A. Ronan, and spare, Herbert Brown.

## Archaeological Group, In First Session Here, Considers Survey

The possibility of carrying on an archaeological survey for the state of Massachusetts will be considered in the coming months by a special committee appointed at the first meeting of the newly-formed

Massachusetts Archaeological society held at Phillips academy last Saturday. The society, organized to bring together all the persons interested in archaeology in the state, will also consider a number of other projects, with one committee scheduled to start soon on a compilation of bibliographical references.

Douglas Byers and Fred Johnson

of the academy archaeological society each read a short paper on the role of such a society in Massachusetts. The new president, Maurice Robbins, and the secretary, Edward Brooks, were among the others who offered remarks during the afternoon.

The society will meet semi-annually, the next meeting to be in Holyoke next October.

## Shopics by the Townswoman

Easter was certainly full of surprises. All the snow miraculously disappeared to allow the customary egg-rolling to proceed unencumbered. Consequently, it is still an unsolved problem whether eggs roll better on grassy slopes or ski trails. It might have been fun to watch an Easter egg go shushing down a hill, especially if it tried a gelandesprung. Even so, we're glad we live here instead of down south. Imagine Washington, D. C., with its population many, many times larger than ours, and the children only have the White House lawn on which to roll their eggs. Here we are with a hill to every family—almost.

When the sun has managed to sneak out from behind the clouds the past few weeks, you probably have given some thought to your garden. It's about time for Old Sol to stay around at least semi-permanently now, but sun or no sun, you really must make plans for that "best garden you've ever had," during the coming week, National Garden Week. You won't have to envy the one next door this year if you secure the services of an expert, not only in planning your garden but in caring for it during its branching, budding, and blossoming. Heinrich Rohrbach, the creator of Andover's Own Nursery, Heatherfells, down on Sunset Rock road, is well qualified to assist you in any garden problem from the most minute one to the complete landscaping of your property. Incidentally, if you want to have something out of the ordinary, ask him about the heather and the edelweiss which he has developed here in Andover. He's probably the first horticulturist who has been able to develop these plants hardy enough to withstand New England's rigorous climate.

In the spring a young man's fancy turns to thoughts of the girl whose thoughts are turned to a new permanent—especially if she had hers at the Raven Beauty Parlor. She knows that the secret of hair health is the reconditioning treatment and oil shampoo that are given by experts before every permanent, but he only knows that her hair is soft and shiny and becomingly arranged. Call 1136 for an appointment and let the spring sun find your hair alive and bright.

For new patterns and colors to harmonize with all types of suits, drop in to the X-L shop and see the new line of shirts made exclusively for the shop. Smartly tailored, these shirts have well-fitting collars and plenty of washability. You will be surprised at the large selection of ties, socks and men's belts to be found in this little shop of big values.

This week's slogan: Today's loss is not covered by tomorrow's policy. For better preparedness see the Doherty Brothers in the Musgrove building at once.

Everybody is talking about it. The book revealing the philosophy of Adolph Hitler, his plans for Germany's future and his predictions that have already come true, can be bought or borrowed at the Peabody Book Shop at the corner of Main and Punchard avenue. "Mein Kampf" has just been placed in the lending library list along with such books as "Reaching For The Stars" by Nora Waln and "Ordeal" by Nevil Shute.

The Peabody Shop is the one recently owned by Jean Karr and lately bought by Priscilla Peabody, formerly employed there, and Wilma Corliss, who is also secretary to the superintendent of schools.

### Woman Voters to Meet April 25th

The League of Women Voters will hold its April meeting on Tuesday, the 25th, at one o'clock, at the Log Cabin.

Members are to bring box lunches. Cake and coffee will be provided.

Mrs. Henry C. Eaton, state program chairman, and Miss Mary R. Hurd, who is the Executive Secretary of the Massachusetts League of Women Voters, will be present to discuss plans for next year's program. These plans are to be presented to the delegates to the State Convention at Springfield on May 16 and 17.

Members who plan to attend the meeting are requested to notify Mrs. Harold C. Dunn to that effect.

## Local Weddings Held In Easter Season

### Casey-English

Miss Rita Mary English, daughter of Mr. and Mrs. Patrick English of High street, became the bride of Paul P. Casey of Billerica, Sunday afternoon at a charming ceremony in St. Augustine's church.

Wearing a white satin gown with finger length veil caught up with orange blossoms, the bride carried a lovely colonial bouquet. A sister of the bridegroom, Miss Mary Casey, was maid of honor and was dressed in blue, with blue taffeta gown, blue turban and blue accessories. Her colonial bouquet consisted of pink roses and sweet peas delicately blended. Miss Annie G. Donovan played the wedding march and Rev. Thomas B. Austin, O.S.A., performed the ceremony.

The reception followed at the home of the bride's parents and the couple left on a wedding trip to New York. They will live in Lawrence upon their return.

### Darby-Grimley

At a pretty Easter Monday wedding in St. Patrick's church, South Lawrence, Miss Rose Patricia Grimley, R. N., daughter of Mr. and Mrs. Edward J. Grimley of 93 Andover street, Lawrence, became the bride of George Arthur Darby, son of Mrs. Mary Darby of 56 Maple avenue. Mr. Darby is well known

locally, having been an assistant pharmacist here for some time prior to taking up his present position in a Lawrence drug store.

Rev. Michael Barry performed the ceremony, with Miss Agnes Doyle playing the wedding music and Miss Marion Kennedy as soloist.

The bride was gowned in ivory satin, with a full court train, and her veil of tulle was attached to a tulle cap with a circlet of orange blossoms. Her maid of honor, Miss Beatrice G. Grimley, wore poudre blue net with pink accessories, and she carried a muff trimmed with sweet peas. The bride carried a shower bouquet of bride's roses and lilies of the valley.

James Darby was best man for his brother, and the ushers were: Martin Darby, Walter Markey, Edward J. Grimley, Jr., and James A. Glynn.

Following a reception, the couple left on a trip to Baltimore, Washington and Virginia Beach. They will live at 68 Phillips street in Lawrence.

### Coming Marriage

Miss Dorothy Hendrick of Maple avenue will become the bride of Stephen H. Brennan, Jr., of North Andover next Saturday morning at 9 o'clock in St. Augustine's church.

### COUPLE OBSERVES

#### SILVER WEDDING

Town clerk and Mrs. George H. Winslow of Lowell street held an informal reception for their relatives and friends at their home on Saturday evening, in honor of their 25th wedding anniversary. There were about fifty present. Mr. and Mrs. Winslow were married in Norwood, April 6, 1914, by the Rev. Clarence Swift. Mrs. Winslow was the former Miss Mary Durfee Chace. The couple have two daughters, Eleanor (Mrs. Warren Harrington), and Mary, a student nurse at the Newton Hospital. There are also two grandchildren, Ida Mae and Marcia Harrington.

Mrs. Winslow was dressed for the occasion in the wedding gown which she wore 25 years ago. Gifts of flowers, money and silver were received from their many friends who wished them many more years of happy wedded life. A buffet lunch was served during the evening and Mrs. Harrington assisted in serving.

Mr. Winslow's parents, Mr. and Mrs. Henry F. Winslow, who reside with them will mark their 53rd anniversary in September.

The couple came to Andover in 1919 from New York where Mr. Winslow was employed by the American Woolen Company. He was prominently connected with the Shawsheen Village building boom. In 1930 he was appointed town clerk and he has been re-elected to that position ever since.

## Dopey And Pals At Addison Gallery

Is Dopey art? Although the present exhibition at Addison Gallery for the most part traces the development of the Walt Disney cartoon from the preliminary sketches of models to the photographing of the final celluloids, the most outstanding impression of the drawing is the indisputable quality of realism that exists even in the most fantastic characters. The artists, and there are hundreds of them working on a single picture, are able to take the characteristics and habits of animals, personify them, and produce models that appeal to our logic as well as our imagination.

"Snow White and the Seven Dwarfs," the classic example of the animated cartoon, contained many scenes that, if not art, were def-

initely artistic. Dopey, himself, although the ugliest and most ridiculous of the dwarfs, is a masterpiece in animated characterization. Painstaking drawing of his clothing and even his expressive ears help to keep him true to form and as a result he becomes as real as an important historic character. Art? Maybe not, but he'll be in the gallery until May 10, and invites your consideration.

### Speaker Herter Talks On Tax Situation

The head table, with Speaker Christian Herter flanked by President Richard Zecchini and County Commissioner Fred Butler.

The present tax situation and the possibilities of making any changes in it were discussed last Thursday night at the annual banquet of the Young Men's Republican club by Speaker Christian Herter of the House of Representatives. He spoke of the present situation in the Bay State's industrialized communities where relief costs have skyrocketed and are eating up a large amount of the tax income. A comparison with the Southern states was offered, with the speaker pointing out what we had to compete with here with our higher taxes, higher living costs, etc.

The state is 90% industrial, he said, and we should try to make conditions here attractive both to retain the old and to secure new industries. We're swimming with weights on at present, he said, one of the principal weights being the high real estate tax here. When asked later what he would suggest in place of the real estate tax, he said that he was not prepared to state at present. He mentioned the suggested increase in the cigarette tax which seems to have been more or less given up, and then added that many of the legislators felt that the logical place to assess more heavily would be incomes. He mentioned the plans to curtail, and said that it would involve difficulties in some departments where shorter hour trends have meant more employees. There may be substantial savings in some of the non-productive departments, he added.

County commissioner Fred Butler spoke briefly about redistricting, and State Senator Frank D. Babcock also spoke on the present problems facing the legislature. Other speakers introduced by President Richard Zecchini were Mrs. Ralph Herrick, Mrs. M. Phillips Graham, J. S. Nolan, secretary of the state Republican club; Rep. Edward D. Sirois, and Merchant Cross of Haverhill, Republican District chairman.

## Academy Teams Hope To Start Season Saturday If Ground Conditions Permit

Phillips academy's teams, kept pretty much indoors since the boys returned last week, are hoping to see some outdoor competition on Saturday, but ground conditions may again make the cancellation of the events necessary. Yesterday the baseball team was scheduled to open against Tufts fresh and the lacrosse team was supposed to meet the strong Boston Lacrosse club, but it was impossible to play the games.

Patsy Donovan, whose boys may meet Thayer Saturday, is facing the season with less gloominess than you might expect at the loss of Ted Harrison, thrice hurler in Andover victories over Exeter. Hal Chase and Joe Phelan are on hand and though less spectacular than Ted last year, they both turned in some mighty good performances. Cahill and Ed Lanagan, a new man, will also see some action on the mound. Patsy's not worried at all about the infield; he has captain Junie O'Brien back at short-stop, Pete Dudan will again be at second, Bill Hart will be at the hot corner, and at first base Tommy Whelan will probably get the call. Jumbo Welch should be back behind the plate, but there's a young

man from Natick, John Brennan, who is looking good in this position and at bat. If Jumbo secures the catching berth, Brennan will probably play in the field, along with Jack Walsh and any one of a number of potentialities.

Coach Shepard has a few shining lights in his track squad, principally Doug Pirnie in the dashes, Lew Reisner in the half, Maurie Gould in the jumps, Jackson in the broad and the javelin, Vern Williams in the shot and discus, and Barney Rafferty in the hammer.

Coach James had a good list of lettermen back for lacrosse, including Charley Arnold. Phil Allen is giving up his golf coaching, with William Brown and Robert Sides taking over. Lettermen are Greer Hardwicke and Ace Williams. Tennis prospects are good, with four lettermen being augmented by another quartet of promising players, including Green who last year was one of the South's prominent interscholastic players.

Miss Betty Carter of Lowell street has resumed her studies at the Chamberlain School, Boston, after enjoying her Easter vacation.

### Punchard Expects To Open Season Against Tewksbury High Next Friday

After several postponements due to the poor weather conditions, head coach Eugene V. Lovely finally got his baseball practice started yesterday, with 20 boys reporting. Mr. Lovely, assisted by faculty manager Joseph B. Doherty, is faced with the task of whipping together a club to compete against Tewksbury high at Tewksbury one week from Friday, in the opening game of the Merrimack Valley Suburban league.

Head coach Lovely starts away on his twenty-eighth Spring campaign with about ten veterans from last season's squad, including four experienced pitchers. Except for the pitcher's box, that center of the diamond axis has been hard hit by graduation. Wilbur Sanborn, veteran catcher of two seasons, while still in school, is over age. There will be a free for all battle for this position, with Tom Noyes, Howard Procter, George Brown and Dick Gordon as the leading candidates. Noyes had some experience with the club last year, and Procter, a better than average pitcher, caught quite a few games for the local Legion team last summer, and may have to put on the armor if the others do not show enough hitting ability.

The pitching duties should be capably handled by captain Doug Howe, Ferguson, Warren and Calvin Deyermond, and Procter, when and if the latter does not catch. All are experienced and capable, and, barring accidents and sore arms, should be able to match any staff in the league.

Following along that imaginary axis, we come to the second combination. This area was patrolled last year by captain Don Spinney at second and Harold Walker at shortstop. Both have since graduated. Replacing these two steady defensive players and strong hitters will be a large order. Walker was perhaps the most valuable player in the league last season.

Alfred White, captain of basketball during the past season, and shortstop for the Legion last year,

is the leading candidate for Walker's position. Walker Lindsay, a fine hitter, is expected to take over the keystone assignment. Donald McLaughlan, captain-elect of football and basketball for next year, is the only returning veteran in the infield. Last season he covered the hot corner, but this year he may be shifted to short because of his strong throwing arm.

First base will be wide open, and the man who can hit can place his glove on the bag. Forbes and Grant are leading candidates, but if neither one can hit, Howe and Warren Deyermond will probably divide the assignment.

Center field, the extremity of the axis, along with the other two outfield positions, is wide open. Bill Anderson is the only experienced outfielder. He is strong defensively, but weak at the bat. Bob Burnham, a sophomore, may be able to take over the left field spot vacated by "Flash" Gordon. He is a good fielder and possesses a very strong arm, but his ability to hit is problematic. Right field has no leading candidate at this point. A strong left-handed batter could probably take over this position without much trouble.

In the final analysis, with better than average pitching, and prospects for a good defensive infield, the boys who can hit will be the Andover will be out to repeat their near runaway victory of last ones who will get the call.

Jim Cavalieri's defending champions from Johnson high in North year. Their main strength will be in the box, where the veterans Banker, a righthander, and Miller, a southpaw, will be among the top notch hurlers in the league. However, replacing such stars as Sullivan, Corum, Barwell and Evangelos, seems to be a rather large order at this writing.

Methuen, led by Donald Ball, a former local resident, will be out to prove that football is not the only game which they play well.

With Ralph and Shuter among the headliners, Coach Ernie Ramsbotam should cause a lot of trouble before the season is over.

If Tewksbury can come through with some good pitching, their customary defensive strength may take them a long way. In Webster they have perhaps the strongest hitter in the league. A glaring mound weakness hampered them last season.

George Knightly at Chelmsford can be depended upon to come up with at least one good pitcher, and a hustling ball club. George usually has his club right up there.

Howe high of Billerica and Harold Driscoll's Wilmington team may spring a surprise on some of the favorites. The former are always especially hard to beat on their own field.

The Punchard schedule: April 21 at Tewksbury; April 25, Howe; April 28 at Wilmington; May 12, Chelmsford; May 15 at Howe; May 17 at Methuen; May 19, Wilmington; May 23, Tewksbury; May 26, Johnson; May 31 at Chelmsford; June 2 at Johnson; and June 7, Methuen.
