Discharge Officer Following Accident

William R. Shaw was this morning discharged and his name dropped from the Andover police list, after a conference of the selectmen and the chief of police at the town house. The action follows the recent accident and court proceedings in which the officer was adjudged guilty of operating to endanger and operating under the influence. He was fined a total of \$60.

Playground To Open Monday Afternoon

The Andover Playground will open on Monday afternoon with Miss Margaret Davis starting her 12th year as playground director. The children will register from two until dark on Monday, and parents are requested to co-operate with the playground authorities by keeping their children away before two.

Equipment will be put up on Wednesday morning, and at two Wednesday afternoon the program will start.

Walter Markey was appointed instructor Friday night to succeed James Bisset, resigned.

The instructors will be at the following playgrounds: Central: Caroline Abbott, Mary Angus, Alma MacTammany, George Zink, James E. Doherty, James Haggerty; Shawsheen: Mildred E. Schruender and Walter Markey; Ballardvale: Benjamin Dimlich and Eleanor Driscoll.

Mosquito Outfits Ready For Project

The Board of Health has received a few blanks for enrollment as volunteer collectors of mosquitoes. Each enrollee will receive an outfit and instructions from the State Department of Health.

Many varieties fly and bite only at night, so they may be collected around your home after dark. This is very important as the State Collectors who visit the swamps are allowed to work only in the daytime.

At the end of the season a report will be sent by the State showing the number and variety collected.

Shawsheen Heights Owners To Start New Development

A new real estate development in the attractive Shawsheen road section will soon be started by George R. and Frank J. Cairns, who are responsible for the phenomenal development at Shawsheen Heights. They recently purchased 14 8-10 acres of land on Shawsheen road from the estate of Maurice J. Curran and are planning to cut through roads shortly. The W. Shirley Barnard Real Estate and Insurance agency handled the sale of the land.

Several Employees Retire Saturday

Four town employees will serve their last day in the town employ tomorrow. On July first under the compulsory retirement system they are to retire, having worked two years following the adoption of the law here.

Fred Swanton, superintendent of the Spring Grove cemetery, will retire, and his position will be filled by the promotion of Jesse West who has been on the cemetery payroll regularly since April 1, 1930. The trustees have been preparing Mr. West for the position for some time.

Three Board of Public Works employees will also retire. Sylvester Goodwin, a foreman who was one of the best workers in the department, Frank L. Holt who has been in charge of the filter beds, and James Coates who is the steam-roller engineer, will all conclude their work for the town. Oliver Coates who died Monday night was also to have retired.

Appoint Teacher To Junior High

Ralph C. Sturke, principal of an elementary school in Holden, was elected to succeed Miss Reta Atkinson in the Junior High school at a special board meeting Tuesday night. Miss Atkinson's resignation was accepted with regret.

The new teacher, who has had nine years of experience, is a graduate of the Washington State Normal school in Maine and has a degree from the University of Maine.

Transfer Meeting To Town Hall

Interest in next Thursday's talk by Mayor William P. Kane of Woburn has developed to such an extent that the Young Men's Republican Club has changed the meeting place from the National Bank building to the town hall. The members of the Service club and the Andover Men's club have been invited, with their wives and other friends also being welcome. The meeting will start at eight.

The mayor's talk will be on "Massachusetts Municipalities, Their Management and Economics." Mayor Kane, well-known for his cage for drunks and his slashing of budgets, was the first mayor to put his policies before a referendum and he won out.

To Have Bowling Alleys At Garage

The former Academy Garage will soon house bowling alleys, according to plans now being carried to conclusion by Selectman Roy E. Hardy and his partner in the recreation field, James Ross. They have recently leased the building from Mr. Hope of Charleston and have sub-leased the back part to the Shattuck Express company.

What the Fourth of July Committee predicts will be one of the finest celebrations the town has ever had will be held at the local playstead Monday evening and all day Tuesday. The program will include a bonfire, band concert, block dancing, horribles and patriotic parade, sports and an excellent display of fireworks.

The committee of the Men's club has made considerable progress the past week, but more funds are needed. It is expected that the necessary amount will be raised by the end of the week when another tag day will be held. The Andover Brass band presented a concert Monday evening and another last night in an attempt to raise funds, with the attempt showing to the public that the band has made great strides, having even mastered the Beer Barrel Polka. Sidney P. White sponsored the program.

The carnival will open at 7 Monday and at 8 there will be a band concert.

Fire and public works authorities last Thursday night granted permission for a bonfire to be lit at midnight Monday under certain conditions. One was that it be held in the southeast corner of the field where there is no sod. In past years it cost some \$150 to take care of the sod under bonfires. Police and firemen will be on hand to guard neighboring property. The fire will be decorated with Roman candles and pin wheels and when it is first lit a battery of shells will explode.

On Tuesday morning at 8 the horribles and patriotic parade will start at the high school, proceed along Punchedard avenue to Main

Fifty-Year Class Has 60% Of Living Members Present At Banquet

Over 200 Punchard Alumni cheered the class of 1889, celebrating its 50th reunion at the banquet last Thursday evening, when President Sumner Davis announced that it was the class most strongly represented with 60 per cent of its living members present. Miss Alice Hinton, a member of the class, spoke a few words on the pleasant memories of Punchard even after fifty years and she read a letter which she had received just after her graduation in 1889. It was from General William R. Cox of the Confederate army who had bought her father, the late Allen Hinton, at the auction block in Raleigh, North Carolina. Mr. Hinton was later taken by Lieutenant Colonel Samuel W. Tucker of the Union Army and sent to Boston.

The class of 1909 had 30 per cent of its members present and the class of 1919 had 25. All other classes had less but each had an unusually good representation. The youngest and the newest class was the recently graduated class of '39 and the oldest class was that of '86 represented by William A. Trow.

Officers were elected for the coming year with Miss Eunice Stack succeeding Sumner Davis as president. Others elected were: first vice president, Joseph B. Doherty, '27; second vice president, Miss Madeleine Kimball, '29; third vice president, Richard Sutton, '38; secretary, Miss Evelyn Rutter, '37; treasurer, Frederick W. Gould, '24; statistical secretary, Miss C. Madeleine Hewes, '96; assistant statistical secretary, Mrs. George G. Brown, '18; executive committee: Miss Annette Anderson, '27; Miss Elizabeth Buchan, '33; Miss Gladys Downs, '39; Walter Pearson, '32; Miss Dorothy Boyce, '34; Miss Everdike Thiras, '34; Roger Whitcomb, '32, Trustee of the Alumni trustee funds for three years, Myron E. Gutterson.

The association voted, upon the recommendation of the trustees, to consolidate the Mary E. H. Dern and the Mary Alice Abbot scholarship funds into the Scholarship and Memorial funds. A sum of \$226.00 will be awarded this year but in succeeding years the amounts will be taken from the income of the principal amount. Candidates from the graduating class will be selected by the faculty acting with the trustees of the fund. After some discussion it was decided that in deserving cases, the scholarship may be awarded to the same person for

more than one year. The fund is to be deposited in Mutual Massachusetts savings banks or in securities legal for investment for Massachusetts savings banks.

Although there were no after-dinner speakers, to quote the president, "no banquet would be complete without a few words from Mr. Hamblin," and so the Punchard principal, purposely brief, welcomed the large attendance of alumni and expressed the hope that they would all be back for the next reunion banquet. The meeting then adjourned to the Memorial Auditorium.

Local talent provided the entertainment with Harold Gordon once more taking top honors for his intricate tap dancing. Misses Alice Bertram, Mildred Forsythe and Betty Carmichael harmonized their interpretation of the "Three Little Fishies" in their itty bitty poo, Edward Gordon tap-danced to Miss Barbara Hill's accompaniment and Priscilla Morse gave several piano selections. Mabel Marshall concluded the program with humorous interpretations. Madeleine Kimball had charge of the entertainment.

General dancing followed in the gymnasium.

Legion Juniors

Blank Lawrence

After losing the last two battles
to North Andover and Beverly, the
Andover Legion junior baseball
club returned to the win column
last night by defeating Lawrence
3-0. Howard Proctor limited the
visitors to four hits, spread out
over as many innings, and was in
difficulty in only the fifth and
seventh. He fanned five and walked
only two.

The home club scored one run in
the fourth when McLauchlan made
two bases on an infield error. He
stayed there while Lindsay popped
out to the shortstop. Bishop singled
him to third, and was out trying to
go to second. Burnham doubled to
left and McLauchlan scored.

The other two markers came in
the fifth. Boucher walked, and was
held up while Ferguson fled out
to deep right, and Kearn lifted one
to left center. Proctor singled to
center, and Boucher slid into third
ahead of the throw, Proctor taking
second on the throw. McLauchlan
singled between short and third,
scoring Boucher, and when the
Lawrence catcher dropped the ball,
Proctor was safe.

In the first of the seventh Law-
rence had men on second and third
as a result of a walk and an error,
but Coleman took Johnson's long
hoist to left center for the final
out.

The local Legion junior team
plays at Salem Sunday, and on
Wednesday the East Lynn team
comes here.

For a real celebration, stay in
Andover.

THE ANDOVER TOWNSMAN

Established 1887

Published on Thursday at Smith & Coutts Co., 4 Park Street, Andover, Mass., by Elmer J. Grover.
Entered at the Andover Postoffice as Second Class Matter.

See You At The Playstead?

You don't have to look at the Boston papers Monday morning to find out where you can go to a good Fourth celebration. Just take a glance at the front page of today's Townsman and see the excellent list of events that the Men's club is sponsoring up at our own playstead starting at 7 Monday evening and ending with a big bang Tuesday night. The young men on the committee have worked hard to make this a really fine celebration, and indications at present are that their work will come to a glorious conclusion on the holiday. So walk up to the playstead or hop into your car—there's plenty of parking space. You won't regret it.

The Legion And Preparedness

At every Legion convention there are usually talks about preparedness, but if the work of the local post is any indication, it means more than preparedness for war. On Tuesday morning Andover had a near tragedy in which a mother and four-year-old daughter were saved from death by a doctor, firemen and the new resuscitator presented just a few weeks ago to the town by the Andover Legion post. Both mother and child were pretty far gone when they were found and with ordinary methods they might have been lost. Doctor Fenton and Chief Emerson and fireman Pomeroy deserve a great deal of credit for their work, but when they themselves are passing out praise, they turn to that invaluable little piece of apparatus which the Legion had the foresight to give the town. That is real community service.

Physician And Firemen Use Legion Resuscitator To Save Two Lives

A South Lawrence physician, the Andover fire department and the American Legion through a resuscitator which they donated to the town, saved the lives of Mrs. Roswell E. Ward and her four-year-old daughter, Carolyn, at their home, 2 Brechin terrace, Tuesday morning.

Mrs. Ward had lit the hot water gas heater over which a tin cap had been put to prevent the heat from charring a shelf above. The cap apparently was instrumental in exhausting the supply of oxygen in the house. The mother noticed her child acting strangely, and after placing her on the sofa called Dr. Herbert A. Fenton. When the physician arrived, he was unable to gain entrance and looking through the window in the door he saw the mother lying on the floor. Then he broke down the door and called the fire department. The ambulance responded

with the recently-presented resuscitator, and chief Emerson and Henry Pomeroy went to work on the mother while the doctor used prone pressure on the child. Soon, despite the fact that the mother had apparently been unconscious for over half an hour, the resuscitator was proving effective, and when the firemen called to the doctor to tell him that they had seen her move, the doctor reported that the youngster was responding. Soon oxygen was administered to the child, and after one more return to the mother, the resuscitator, doctor and firemen had done their job well.

EARLY FIREWORKS

Editor of Townsman:

Is it time to celebrate the 4th of July a week ahead of time? Who is responsible for the allowing of selling of firecrackers and why should sick people in Andover be made to listen to reports of firecrackers that are outlawed in the state by officials as dangerous?

If it is the duty of police to stop the sale, why don't they do it? If it is the selectmen to blame, they should be brought to task as well. With the continuance of any such an uproar that went on throughout the town, well, your "SOBER TOWN" surely is no advertising to travelers going through the town on Tuesday night June 27, 1939.
