South Church Men Prove Good Cooks

Here's the reason why a lot of Andover wives will play sick when next it comes time to cook a turkey for the family. Les maitres de cuisine above are: Gordon Cannon, John Erving, Bob Lawrence, Charles Hill, Carl Elander, (Carl sewed up the turkey), Tyler Carlton, and honestly, it's Rev. Mr. Noss, and Arthur Bassett.

Surette Studio

The turkey supper held in the South church vestry Tuesday evening proved that the men in the parish are nothing short of artists, culinarily speaking, when it comes to roasting turkeys.

Carl E. Elander was chairman of the kitchen committee, aided and abetted by John Erving, Arthur Bassett, Charles Hill, Clifford

Marshall, George Zink, William Edwards, Robert Lawrence, Tyler Carleton, Gordon R. Cannon, Chester Abbott and Cleveland Gilcreast.

Foster Barnard headed the ticket committee and Roland Thompson was chairman of the waiters who incidentally were kept very busy serving the large number present.

Recount Set For Tomorrow Night In Public Works Contest

Cairns Lagged Eight Votes Behind White; Shepard, Abbott, Doherty Re-elected

Tomorrow night at seven o'clock there will be a recount at the town hall of the votes cast for Board of Public Works Monday. John B. White having nosed out George R. Cairns for second place by eight votes. This was the closest election since the contest between Town Clerk George Winslow and Charles Bowman, in which Mr. Winslow won by three votes, a recount giving the same net result.

The election campaign which rolled along in the doldrums for weeks managed to pick up a little spirit in spots as election day approached, and on Monday interest was very keen although bad weather kept the vote well down below recent years. The closeness of the contests on Monday night brought forth a lively interest in the results and the three Townsman lines were busy continuously for nearly three hours.

Of the victors school committeeman William A. Doherty was the only one who rolled up a vote of landslide proportions. The others had some cause for worry as the returns came in, although fairly early in the evening it was apparent that selectman Shepard, school committeeman-elect McTernan and B. P. W. member-elect Barron would make it.

Mr. Shepard led by only 40 votes in precinct 6, the first to report,

and when precinct two reported a few minutes later he trailed Wilson by 53 votes. Precinct 3 put him ahead again 1058 to 975, and thereafter he led, finally winning 1973 to 1604. For assessor he won 1908 to 1598.

Mr. Doherty swept four precincts and placed second in the other two to pile up his impressive total of 2306 votes, 307 more than any other contested winner. His sweep was forecast early when he placed second in the Hill precinct, ahead of the precinct's own candidates. Mr. Doherty in previous years has not done too well on the Hill. His own precinct, reporting next, gave him a splendid vote of 680 to Doctor McTernan's 427. Mr. Erving, re-elected in third place, was not particularly in danger, although his vote was just a little better than half Mr. Doherty's and only 157 ahead of John MacKenzie's, newcomer who made a good showing.

Precinct 6, reporting first, gave Favorite Sons Shaw and Stark 213 and 221 respectively to lead the field. However, Mr. Barron's 129 votes in a precinct in which he was not expected to do well presaged his victory. Precinct two put Mr. White ahead, with Mr. Barron only 19 votes behind. Shawsheen didn't do well by Mr. White, with Mr. Barron catapulting to the top with

Tax Rate Increase Possible, Finance Committee Hints

Andover's annual town appropriation meeting will get under way Monday evening at 7 in the Memorial auditorium to act on a warrant of 68 articles. No estimate is being made by the finance committee of a possible tax rate this year, but in its report it states that recommended expenditures exceed last year's appropriations by \$16,000. State funds were \$13,150 in excess of similar funds available this year, there will be no such amount as last year's \$25,000 available from free cash to reduce the tax rate this year. Therefore the rate will increase, the report states, unless state and county assessments are reduced and unless other receipts increase.

The finance committee approved all the special appropriations asked by the Board of Public Works and the police department and also the new brush fire

truck at \$3000. Also approved were the three articles asking reimbursement for privately-installed water mains on streets to be accepted. A \$3480 sewer on North Main street was approved, but there were very few other privately inserted articles approved. Water mains were turned down with the statement that the committee would make a recommendation at town meeting.

The North School article was turned down, the ice skating article received the same treatment, as did the bleachers and Hussey's pond. The tree warden's request and the band concerts also were disapproved, as was the \$1852.70 asked by Lawrence on the electricity rate reduction. A sidewalk at \$300 was approved for Walnut avenue, with the recommendation that the abutters install their own wall.

TOWN WARRANT DISCUSSED AT LEAGUE MEETING

SPONSORS UPHOLD ARTICLES FOR LARGER APPROPRIATIONS; DISCUSS NORTH SCHOOL

The Andover League of Women Voters held its annual meeting to consider the Town Warrant on Tuesday afternoon, in the Music Room of the Junior High school, at 2:30. Mrs. John Little, president of the League, presided and Mrs. George Brown was in charge of the meeting.

First of the speakers was Selectman Roy Hardy, who explained the articles sponsored by the Board of Selectmen. Mr. Hardy went over the items in the budget which were put in by the selectmen, and spoke also on Article 46, which concerns the purchase of Hussey's Pond. This pond, used as a swimming area for children, is now rented for the sum of \$100 a

year. The board feels that purchase of the pond would be a saving to the town. Mr. Hardy stated that he felt the question of relocation of the town dump might be brought up under Article 68, which provides for consideration of "any other business." The dump, as now situated, is annoying to some of the residents in the Johnson Acres development.

Sidney White, Chairman of the Board of Public Works, spoke on the articles sponsored by that board. He went over carefully their part of the budget, explaining that the increase over last year in the appropriation for Highway

"Just a Little More"

"Sure, it's just a little more than last year; let's appropriate it."

Andover's been doing that for quite a while now, appropriating "just a little more than last year" here and there. In fact, we've been doing it to so many heres and theres that we have now entered the \$30 tax rate class and this year bids fair to be well away from the bottom of that class.

This town has prided itself on its low tax rate. Back in 1933 when it was \$24.20 we prided ourselves on it. In 1937 when it was \$26.80 we prided ourselves on it. Last year when it was \$30.00 we prided ourselves on it. And now it looks as if it's rather forlorn to hope that

pride comes before a fall in tax rate.

We've talked about Methuen's and North Andover's rate with quite a bit of smugness. A Lawrence man who wrote a communication to the Townsman a few months back spoke of "smug, illiberal" Andover, but if we don't stop being liberal, we'll have less reason to be smug. We're catching up to Methuen and North Andover; at the rate we're going, in a few years we'll be very close to their tax position. Sometime in some town meeting the tide has to turn; we've got to be hard-boiled. Don't you suppose the 1940 town meeting might be a good time to start?

**Town Can't Rule
On Boating, Fishing,
Town Counsel Says**

"The control of boating and fishing on Haggetts pond has been placed by the Legislature with the State Department of Public Health" and therefore "the subject of this article (56) may not appropriately be submitted to the Town Meeting," Town Counsel Arthur Sweeney has ruled in response to a request for an opinion from the Board of Public Works on the article which would permit town citizens to boat and fish at the pond.

The Town Counsel quoted sections 159 and 160 of Chapter 111 of the General Laws and Commonwealth v. Hyde to sustain his opinion. In view of the state department's action in instructing the B. P. W. last July to prevent boating and fishing, Atty. Sweeney concluded: "Therefore, regardless of any action taken by the coming town meeting upon Article 56...you must, in compliance with the directions of the State Department of Public Health, continue to refrain from granting permits to anyone to boat or fish in Haggetts pond."

**Planning Board Explains Reasons
For Proposed Amendments**

The Planning Board of the Town of Andover has recommended four amendments to the Zoning Law which are intended to make the law more workable and clear up some ambiguities. These amendments may be read in the town warrant.

The first amendment adds at the end of paragraph 1 of Section IX dealing with the size of lots in Single Residence and Educational districts a proviso designed to give more discretion to the Board of Appeals in cases where it would otherwise be impossible under the Zoning Law to permit an owner of two adjoining houses to sell one of them. If, for example, two houses were owned by one person with a frontage for both houses of only 148 feet, it would be impossible under the Zoning Law for the owner to divide his frontage in half and sell one of the houses. Relief has been given in such a case by the Board of Appeals under the statutes of the Commonwealth permitting a variance in the Zoning Law, but it is felt by the Planning Board that the Zoning Law itself should give the Board of Appeals discretion to grant relief in such a case.

The second and third amendments are designed to clear up any ambiguity regarding the set-back provisions on corner lots. These amendments add a new sentence to Paragraph 4 of Section IX, and a new clause at the end of Paragraph 5 of Section IX.

The Zoning Law at the present time has been interpreted by the Board of Appeals as providing that

on corner lots no building shall extend nearer than twenty feet to any street line. The two amendments clear up any ambiguity.

The fourth amendment adds at the end of Section XII a new paragraph which is designed to make the Zoning Law more workable by providing for associate members who may take the place of regular members of the Board of Appeals when a regular member is unable to act because of illness or interest in the subject matter of the petition or for any other reason.

**C. C. C. Veteran
Killed By Bus**

Andover had its first fatal accident of 1940 on Saturday night when a member of the C. C. C. company, Joseph Budrunias, of South Boston, was killed by a bus on South Main street near Wildwood road. According to the police the victim was walking on the left hand side of the road going south. A car came toward him and instead of stepping into the snowbank at the side of the road, he is reported to have run to the right into the path of the bus which was passing. Death was instantaneous.

**NO SCHOOL WHISTLE

Andover experienced its first evening no-school whistle Tuesday when 3-3-3 was sounded at 5:45 for the adult naturalization courses. There was no school Tuesday for the lower grades.

Margaret Slattery Class Minstrels Attract Full House To Both Performances

Last Thursday and Friday evenings, the Margaret Slattery class of the Free church presented its annual minstrel show, both times before a packed house. Outstanding in the successes of the show were: Margaret Laurie, president of the class, who was largely instrumental in the staging of the show; Mrs. Dana Clark, class teacher, who served in the capacity of interlocutor; Mrs. James Sullivan, accompanist; the specialty acts by Miss Ann Talieri and Ernest Emory, two very versatile young dancers; with Miss Mildred Dennison, accordionist, and, of course, the six ends: Isabel MacLaren, Mrs. David MacDonald, Mrs. Thomas Woodhead, Miss Edna Anderson, Miss Ruby Laurie, and Miss Emma Stevens; not to overlook the very fine singing of the chorus as a whole.

The solos by Mrs. John Denholm and Mrs. John Souter were exceptionally fine and their rendition is deserving of special mention.

The entire program was as follows:

Opening chorus; Overture by the ends; End song: "Ten Little Fingers," Ruby Laurie; specialty dance, Ernest Emory; end song, "Oh, Johnny," Mrs. David MacDonald; solo: "In the Garden of Tomorrow," Mrs. John Denholm; specialty dance, Miss Ann Talieri; end song: "Mammy," Mrs. Thomas Woodhead; accordion selections, Miss Mildred Dennison; medley of songs, chorus; end song, "Give a Little Whistle," Miss Edna Anderson; specialty dance, Ernest Emory; end song: "Loading Up the Mandy Lea," Isabel MacLaren; solo: "Jeannie With The Light Brown Hair," Mrs. John Souter; end song: "An Apple for the Teacher," Miss Emma Stevens; specialty dance, Ann Talieri; topical song by ends, and the closing chorus.

Snow Storm Repairs On Town Trucks Totalled 75 Cents

A saving of from \$6500 to \$7000 is estimated by the local Board of Public Works to have resulted from the operation of the town's five trucks purchased last spring. A large part of the saving came in the two recent snowstorms.

In making the announcement the board dispelled the false rumor that has circulated to the effect that the rear ends of three trucks were pulled out on the snow work. This was absolutely untrue, it was stated, and the only repair expense involved was the replacing of a tube carrying brake liquid, the cost being 75 cents.

For the first time in a large storm the River road was kept open by the use of the town trucks. In previous storms quite frequently five-ton trucks and tractors became stuck there.

688, and Mr. Cairns in his own bailiwick came to within 27 votes of the lead. The Vale did not change the line-up, and then came West Parish! His home precinct gave Barron 242, and closest to him was Stark with 72. Here White was 90 behind Cairns, but in precinct one, which Mr. Barron again took, Mr. White picked up 98 on Mr. Cairns. Mr. Stark was fourth with 845.

Tree warden G. Richard Abbott was probably the most worried of all the candidates. With five precincts in he trailed Morrissey by 21 votes, precinct two having given the latter enough of a margin to offset Mr. Abbott's leads in the other four precincts. But the final precinct, Mr. Abbott's own, gave him 448 to Morrissey's 216 for a comfortable lead. Thomas Taylor took Shawsheen by a good margin.

The public works campaign was livened at the week-end when some of the candidates became excited about a letter in which 24 persons endorsed the candidacy of Messrs. Shaw and Stark. The story went around that the Taxpayers' association had sent out the letter, apparently because of the 24 names five were directors of the association although 19 were not. Privately conceived and privately financed, the letter had nothing whatever to do with the association, the directors not even having mentioned candidates in any of their meetings.

The tabulation of votes for the contested offices follows:

Louis Bume Succumbs As Flames Devastate Newfields Home

A fire early Tuesday morning took the life of Louis Bume, 81, for many years a resident of Shaw-sheen Village, and completely devastated his home in Newfields, N. H., where he has lived since his retirement from the Ayer mills in 1932.

According to the report of the Newfields Deputy Chief, the first alarm of the fire was received about 5:45. Rudolph Bume, who lived with his father, had been awakened by his alarm clock and had started to make his way down stairs where his father slept, but smoke and consuming flames blocked his way. Leaping from an upstairs window, he once more attempted to get to his father's room, but was again turned back by the smoke and intense heat.

After summoning aid from a neighbor, he then ran to the nearby fire station and the ringing of the church bell soon brought the volunteer firemen to his aid. But by this time, the home was totally destroyed, a large oil drum providing additional fuel for the flames.

Mr. Bume's body was recovered after the fire was under control.

He is well remembered in this town having made many friends during his residence here. His three sons who survive him are also well-known in town. They are Rudolph of Newfields, Felix of Rutherford, N. J., and Fred of Sanford, Maine.

A high mass of requiem was held this morning in Sacred Heart church, Newfields, N. H.

—Rev. Samuel Overstreet, pastor of the Baptist church, was in charge of the noon service Tuesday, in the Warner theatre, which is sponsored every week by the Greater Lawrence Ministers' association.

Light Fingered Shoplifters And Light Hearted Navy Couple Delight Large Audience At Woman's Club Plays

Surette Studio

Two glib shop-lifters stole the hearts of the large Woman's Club audience that attended the one-act plays Monday evening in Balmoral Hall sponsored by the dramatic department of the Shawsheen Woman's Club.

A scene from the play, "Wrong Numbers," is pictured above showing, left to right, Mrs. Joseph A. Mulvey, Mrs. Oswald J. Durkin and Mrs. H. A. Cregg, the principal characters of the fast moving comedy. Mrs. Mulvey, as one of the shop-lifters, had had years of experience at "lifting" and knew all the answers, while Mrs. Cregg was rather new at the trade—or art. Mrs. Durkin as the gum-chewing fast-talking waitress, served many a laugh which was heartily enjoyed by the audience.

The second play, entitled "When You Marry The Navy," dealt with

the life of a sailor's wife, and Miss Barbara Bartlett and Charles Whiteside, Jr., carried off top honors as the romantic leads. They were very ably supported by Mrs. Garfield Chase, Mrs. Lester Thompson, Mrs. Percy Nutton, Mrs. Oswald Durkin, Mrs. Leon Field, and Miss Rebecca Stevens.

The plays were coached by Mrs. J. Albion Burt and Mrs. Luella Bartlett was the prompter. The hostess committee in charge of refreshments were: Mrs. J. Everett Collins and Mrs. Paul Cheney, co-chairmen. Assisting were Mrs. Matthew Burns, Mrs. Herbert Cregg, Mrs. Albert Curtis, Mrs. Walter Curtis, Mrs. Michael Burke, Mrs. Kenneth Crompton, Mrs. L. C. Connor, Miss Margaret Costello, and Mrs. Edward Dean.

ANDOVER GARDEN CLUB

The Andover Garden Club enjoyed the hospitality of the Andover Inn on Tuesday morning when Mrs. Ethel B. Eno of Bradford spoke on "A Cutting Garden."

In spite of the storm of rain and sleet, Mrs. Eno inspired her hearers with the picture she drew of the ideal cutting garden bordered by a succession of flowering shrubs where an abundance of bloom was massed in harmonious colors ready for cutting and suitable for every occasion: home decoration to harmonize with the color and type of room, church and party decoration, gifts for friends, and perfect specimens for flower-show competition.

She gave suggestions for various plans for such a garden and concluded with definite lists of varieties to fulfill the requirements for dominant and background types, pleasing colors in bloom, with suitable length and strength of stem, good keeping qualities, and satisfactory foliage. The lists included not only annual and perennial flowers but plants and shrubs grown for their foliage and fruit, prolonging the cutting period over a long season.

Owing to the inclement weather there were only three arrangements of greens: two by Mrs. Roy E. Spencer, voted first and third in interest, and one by Mrs. William T. Rich, Jr.

Following the club meeting, a directors' meeting was held at which it was voted to hold an open garden day on Tuesday, May 21.

Ski Tales

Goffs Falls are evidently not any more dangerous than those at other skiing resorts, because a number of local skiers returned from there intact last week-end... Helen Smith, Alice Nelligan, Bertha and Ethel Wessell, Bertha Tanguay, Corinne Griffin, Isabel Lamb, Raymond Hickey and David Thompson were among those who enjoyed the falls without getting water on the knee... or thereabouts...

There were lots of men taking the jump at Gilford Sunday only Leap Year had nothing to do with it... the U. S. Eastern Amateur Ski Championship had everything to do with it... Jo Wright and Mildred Harrison were watching the competition for a while and then Jo disappeared... I thought he had probably decided to enter the contest and so kept a sharp eye peeled on each one as he came down... I didn't see how forty-five jumpers could be wrong... surely one of them would be Wright... Lucy Stewart was with a group of friends from out of town... Andy Collins, Ann Beer, Mr. and Mrs. Arthur Cole, Connie and Donald Cole, Mr. and Mrs. George Haselton, and Elmer and Gladys Grover could be seen trending their way down the slopes, some of them even trying out Tryme (trail) and others, the new slope at Cobble Mountain...

The Eastern Amateur Ski Association also sanctioned downhill races at Uncanoonuc last week-end and in the Class C race Richard Gallagher in competition with twenty-four other skiers came in second with a time of one minute and forty-seven and a half seconds... Even the trees were rootin' for Dick that day...

Dot McDonough and Virginia Wise enjoyed the two towns at New Boston... if only they wouldn't wriggle so... it's really quite a feat to hang on...

North Conway has been overlooked recently, but with the warm rains Spring-king nearby slopes, it will probably come into its own again... Ronald Valentine, Midge Buchan and John Lowe were among the stemmers there last Sunday and they are still praising it highly... Allan Dix and Ronald Livesey were at the Country Club last week-end but of course there will be no sports up there this week-end unless its boating...

P. S. Have you heard the skiers interpretation of one of the too popular song hits?... "Oh, Johnny, How You Can Lauf" The sailors spell it Luff just to show the difference between their tactics and those of a land lubber...

DISCUSS WARRANT

(Continued from Page 1)

Maintenance would be used for hard surfacing work, and that the decrease in the Park appropriation was made with the idea that the new lawn mower asked in Article 18 would eliminate the item for repairs on the present machine. Mr. White then spoke on the various articles asking for appropriations for individual machines, explaining what the machines were used for and why they were needed. Asked to comment on the articles asking for water extensions, Mr. White said that the Board of Public Works will probably make the recommendation that \$10,000 be voted as a lump sum for water extension, and the location of new water mains be left to the discretion of the Board of Public Works.

Mrs. E. D. Walen, Chairman of the Recreational Activities Committee, spoke on Article 44, to appropriate \$500 for maintenance of skating areas. She spoke of the benefit to Andover parents and children by the provision for outdoor exercise during the winter, and the difficulty of maintaining artificial areas for skating without proper appropriations.

Mrs. Ernest Fieldhouse spoke on Article 43, to appropriate \$925 for the re-opening of the North school. She reviewed the history of the controversy over the school, saying that in 1939, when the school had 24 pupils, the School Board closed the school in spite of the \$500 appropriation voted for the school in the Town Meeting. \$925, the appropriation now asked, is the figure given by Mr. Sherman as necessary to reopen the school and run it from September to January, 1941. When it was open, the school had six grades in one room with one teacher. Mrs. Fieldhouse spoke of the advantages of close individual attention for the children in such a small school. She emphasized that the small children, six to nine years old, are now away from home each day for eight out of their twelve waking hours, which the mothers feel is too long a time for young children to be so far away. On the side of health, she mentioned the bad effects of cold lunches, the nervous strain of catching the bus each morning, and the possibility of infection in crowded buses. She

stated that eighteen or twenty pupils were ready to enter the North school, should it be reopened.

Kenneth Sherman, Superintendent of Schools, outlined the School Budget. Asked to comment on the North School problem, Mr. Sherman pointed out that consolidation of schools and the problems of transportation were a national movement, and not a problem confined to Andover. He spoke of the superior teachers and facilities in the larger schools. He also said that it would cost about \$2,000 to run the school for the whole school year, as against the \$228 now paid for transportation of the children.

Joseph Doherty spoke on Article 45, to appropriate \$1500 for new bleachers for the playstead. He emphasized the need for bleachers and explained that the appropriation, if granted, would be used to buy seven-row, portable bleachers which could be easily moved about without cost for transportation. The High School Athletic association cannot pay for them, and would not receive increased revenue from them, since people now come to games and stand up. The Board of Public Works and the Selectmen both favor the article, he stated.

Stafford Lindsay, Chairman of the Playground Committee, explained the \$500 increase in the Playground Budget over last year. This increase would be used to build a toilet and equipment building at the playground in Ballardvale. The only toilet facilities now there, used by the 200 or so children who are at the playground daily, is across the street in the fire station, which is a serious hazard to the safety of the small children crossing the street.

—Mrs. Myron H. Clark, formerly of Andover and now of Bedford, was the guest speaker yesterday at a meeting of the West Concord Ladies' church union. Mrs. Clark is president of the Massachusetts Congregational Women's society.

—Mr. and Mrs. Michael Lane of William street are spending the winter in Florida.

—Mrs. Fulton Freeman (Phyllis Eaton) arrived on Tuesday from Mexico City with her daughter, Margery, to visit her family at 12 Highland road. Mr. Freeman has been transferred temporarily to Washington, D. C.
