Ask Revision Of Phone Rates

A campaign for revision of telephone rates between Andover and the Lawrence, North Andover and Methuen area is being conducted by a committee appointed some time ago on the authorization of the Service club. The committee has attended one hearing before the Department of Public Utilities and another is expected to be held shortly.

The selectmen have sent the following letter to the Department of Public Utilities:

We understand that your board has under consideration a possible revamping of mileage charges for telephone service between adjacent cities and towns. We are very much interested in this question, due to the desire of many business and professional men to have a more reasonable rate for service between Andover and Lawrence.

Several years ago the charges for a Lawrence unlimited service by Andover users were nearly tripled. That portion of Andover nearest Lawrence, now known as Shawsheen, is closely allied with Lawrence in many respects, and would like a restoration of charges closely akin to the old rate. We hope that your board will be able to work out a solution that will ease these present difficulties.

If we can give any further information on either the local or general problem we will be very glad to do so.

Professor Benner Dies At Waldoboro

To hundreds of Phillips academy alumni who knew Professor Allen Rogers Benner in his near half-century of service on the Hill, the news of his sudden passing in Waldoboro, Me., on Saturday came as a saddening shock. A scholar and a gentleman, his influence over the boys was confined not alone to the study of Greek but extended imperceptibly to their character; they will remember him not so much for his undisputed leadership in the field of the Classics as for his kindness and his sincere interest in their welfare.

Educated in the schools of Waldoboro, Maine, he was graduated from Phillips academy as valedictorian in 1888. Four years later he was awarded his A. B. degree summa cum laude from Harvard. He was a member of Signet, O. K., Delta Sigma, Phi Beta Kappa and Cum Laude. Upon his graduation several of his old teachers sought his services, but he accepted the offer of Dr. Bancroft and returned

With three weeks remaining before the April 16th curtain rising, the cast is already having intensive rehearsals under the direction of Frances Cheever, the properties have already been acquired by Margaret Currier and her committee, the scenery design planned by Louise Hulme is ready for the activities of the production crew, all tickets previously ordered are ready for delivery and the chart of the seating plan is filling up rapidly.

Clifford Emmons; Properties: Margaret Currier, Sheila Westgate, co-chairmen, Betty Buchan, Nancy Hird, Lillian Fox, E. Marjorie Smith; Hand Props: Evelyne Oliver, chairman; Virginia Lane, Emma G. Chairman Shepard To Join Officials In Air Flight

Chairman Howell F. Shepard of the board of selectmen will be one of a group of officials of Greater Lawrence who will make an airplane trip Wednesday afternoon from the airport at North Andover to the East Boston airport. This trip is being made in connection with a proposed Portland to New York air service, with a stop at the Lawrence airport.

The group will meet at the Mayor's office in Lawrence at 12:15 and will leave North Andover at 12:45, arriving at East Boston at 12:55.

Public Works Equipment Bought

The board of Public Works has already purchased several pieces of the new equipment voted by the town meeting, and next week it is expected that more will be purchased. Already ordered are the road hone, the roller, the patch mixer and the chlorinator. The season's requirements for copper pipe have also been ordered, with a local contractor winning the contract for the first time in years.

Changes Made In Lighting Committee By Moderator Butler

Garbage Committee Named; Few Changes In Other Boards

Very few changes were made in the town committees appointed yesterday by the moderator except in the street lighting committee which came in for a storm of criticism at the town meeting a few weeks ago. Reappointed to the committee were Ernest R. Edwards, Chester Johnson and Joseph T. Remmes, while new members will be William H. Merchant and Eldon E. Stark, replacing Walter Coleman, long-time chairman, and William F. Barron, newly-elected member of the Board of Public Works.

A special committee appointed by virtue of a town meeting vote to investigate garbage and rubbish collection for a report to the next annual meeting will consist of Fred E. Cheever, Richard S. Douglas, Henry S. Hopper, John N. MacKenzie, Ralph A. Woodcock, Alvin J. Zink, Jr., George R. Cairns and Charles Shattuck.

The only change on the supervised play committee is the retirement at his request of Edward P. Hall, now of the public works board. Jerome W. Cross and Mrs. E. Dean Walen were reappointed to the co-ordinated recreation committee. Joseph B. Doherty was added to the committee, and in addition the chairmen of the playground and bathing beach committees will be added when they are named by their respective groups.

The playground committee will consist of Stafford Lindsay, Charles J. Bailey, James Gillen, Harold Peters, Harry Emmons, Richard O'Brien, Mrs. George G. Brown and Frank Markey.

The finance committee will remain the same as last year: Harvey Turner, Ralph Woodcock, Hugh Bullock, Charles B. Gabeler, Mitchell Johnson, Joseph Hargedon and George Stanley.

News of Other Days

Fifty Years Ago

—John Ritchie has gone to Boston and commences work this morning as a salesman in the dry goods store of R. H. White and company.

—In order to increase more interest in cricket, Mr. George C. Lyle has offered to give three medals to the club to be competed for during the season. The one making the best averages in batting, bowling or fielding will be declared the winner.

—Henry Sweeney of Villanova college is spending his Easter vacation at home.

—A new bill to be reported at Washington would place the Andover Post office on the free delivery list. We hope it will go through.

—The street lighting committee organized last Friday evening by the choice of M. A. Clement, chairman, and Felix G. Haynes, secretary. The last committee upon application let some persons have the old kerosene lamps on condition that they should light them, but it is found that in several cases they were lighted for a short time only. Now the present committee request that those who took the lights shall light them or they shall consider it within their bounds to take the same and give them to other applicants of which there are many.

Twenty-five Years Ago

—Miss Marion Abbott of High street, daughter of Mr. and Mrs. Allen F. Abbott, has finished her course of instruction at the Salem Commercial school.

—The local friends of Miss Belle Bowman, daughter of Selectman

and Mrs. Charles Bowman, will be glad to learn of the success that she is attaining in the operatic world. During this week, she has been singing in "Lohengrin" with the Aborn Grand Opera company at the Boston theatre.

—A large audience gathered in the town hall last Friday evening to see the play entitled "Uncle Rube" presented by the Dosen club. To give one of the actors more praise than another would be an injustice, as all took their parts with an easy grace. The cast included: J. Everett Collins, Dana J. Lowd, William Judson Dean, John Erving, William Holden, Lyman Cheever, Herbert Holt, Eldred Larkin, Ruth Lane, Mabel Marshall and Grace Stevens.

Ten Years Ago

—An exploding still is believed to have caused the fire which completely ruined Frank Morin's barn on North Main street, West Andover, shortly before three o'clock, Wednesday morning. Flames which could be seen for miles around, fed by gallons of denatured alcohol, raced through the structure and shot skyward, consuming the roof and walls before firemen could lay a line.

It is understood that the Morin barn had been leased out to three men, one of them known as "Pat."

When the Federal authorities viewed the ruined building they found parts of a still in the wreckage and also located a pipe running entirely around the building. Blue flame was shooting out one end of the pipe and this caused officers to believe that the pipe was an alcohol line. One Andover officer said he had learned that a small Ford truck always drove up to the barn at midnight.

Recreation League Enjoys Banquet

The Andover Recreation League brought its 1939-40 bowling season to a bang-up close Monday evening with a well-attended banquet at the Pelham Inn. George Markey presided as toastmaster.

The team championship cup went to Greeley's, and individual trophies were presented to the members of the Greeley team, second half champions, and the Boys' club, first half winners.

EDITORIAL

Can We Save Time?

One of the chief criticisms of Democracy is that it is cumbersome, slow, time-wasting. One does not have to go as far afield as war policies of the Democratic governments to find that this criticism is justified; we in Andover need go back only a few weeks to our town meeting to see an excellent example of time-wasting. Imagine taking two nights to do what we did.

The next annual town meeting is over eleven months away, but it would be a good idea to start now considering means of stream-lining our town meetings so that less time is consumed in procedural matters and more on worth while discussion—it being apparent that the privilege of free discussion will continue to be abused by a

few. But take for instance the great quantity of reading that the town clerk has to do. First off he has to read a long preamble just to prove that the meeting has been legally called—possibly the state law calls for this, but it is rather a cumbersome procedure. Then he has to read each article, and that takes unnecessary time. Every voter can secure a finance committee report with each article in it, and every voter knows how to read or he couldn't be a voter. Then time seems to be wasted under the departmental budgets, where a separate motion is made on each item; it would make things move faster if like items were grouped in one motion.

Why not think this over before next March rolls around?

Stage Crew At Work
On Senior Production

Although the youthful actors and actresses busy with rehearsals of "Marigold" will really be the main attraction of the production in Memorial Auditorium on Friday evening, a long list of Punchard seniors and faculty members will also have their share of worries and deserve their share of credit.

They are: Assistant Director, Dorothy Christie; Costumes: Miss Smith, faculty; Peggy Addison, chairman; Marjorie Crosby, Judith Hardy, Dorothy Davidson, Mary Broderick, Barbara Dickinson, Elinor Houston, Barbara Gahm, Frances Videto, Eileen Flynn, Ruth Bryant, Bernice Parsons, Marilyn Lewis, Vera Crossley, Esther Cairnie, Margaret Downs; Stage Managers: Lester Alleruzzo, Norman Auchterlonie; Construction Crew: Lauren Dearborn, chairman; Norman Auchterlonie, Paul Buss, Lester Alleruzzo, George Douty, Robert Stocks; Paint Crew: William Renny, chairman; Vera Crossley, Dorothy Chick, Dorothy Barnett, Anne Hathaway, Catherine Jowett, Muriel Porter, Ruth Porter, Mary Broderick, Paul Buss, Norman Auchterlonie, Lester Alleruzzo; Sound Effects: Frances Videto,

chairman; Nancy Boyce, Judith Hardy; Lights: Robert M. "HOLIDAY" COMING

(Continued from Page 1)

After plans for the coming play had been presented, William Hughes, vice-president of the organization, introduced Mr. Charles Keyes, who spoke on his experiences in dramatic coaching. Mr. Keyes has directed Lowell Tech shows for the past ten years. In these productions his girls must be boys dressed for the occasion. His dramatic problems have been entirely different from those confronted by the Adventurers. By example and story Mr. Keyes related how actors learn their lines, catch their cues and make their entrances. Some of his boy actors have become famous actors, one in particular is now on the radio in "One Man's Family."

Cooling Off

So the weathermen held a convention... So many complaints had been coming in to them that the mails were all jammed up and it was getting harder and harder for the merchants to get their bills out by the first of the month which meant considerable staticity of money which couldn't really be called hoarding... Naturally, Congress had to take their eyes off their undiplomatic diplomats for a few minutes to investigate... which gave Tinkham a moment to breathe scorn on Dewey... but still not much time could be spared so the mix-up was declared in the realm of the Weathermen... Who had long since learned to take the bad with the good... Certainly nobody could ever criticize them for being anti-diplomatic... Never did they predict rain without leaving a loophole for the sun to slip in... nor did they ever say "fair and warmer" without subtly working in a "partly cloudy" and so it seemed the wisest and the safest thing to do to let them decide for themselves...

At the conference, it was learned that 30% of the complaints registered were about the wind and snow that disallowed the wearing of new bonnets... even the fashionable "Gone With The Wind" chapeaux seemed to be making good their name... So it was decided that we must have some warm spring weather... But another 30% cried for snow and cold because now that they had bought skis at bargain prices they wanted a chance to use them... Then there was another 30% who complained about surprise storms, lightning and snow... "We don't care what you give us," they said, "only for goodness sake be consistent." (Some of them didn't even say "goodness")... then there was another ten percent, the minority... which the weathermen decided not to bother about because they were probably radicals... besides they wanted to get the right angle on the triangle and a fourth side was just out of place...

Anyway the convention continued and continued with hecklers arriving from all over the United States to see that "right was done." The Weatherman from New England, who was considered the most diplomatic of them all since his area called for the most diplomacy, was asked what he thought of the problem, and he said, "Let us have a week of rain, a week of snow and a week of sunshine, running them consistently every month." So it was decided, the only thing is that there are four weeks in the month and the fourth week will probably be given over to the radicals, anyway.

What, April Fool isn't till Monday?...

—Mrs. Stanley V. Lane is confined to her home by illness.

—Dr. and Mrs. Frank D. Kefferstan will be in Boston for the annual conventions of the New England Council of Ontometrists and the Woman's Auxiliary, which are meeting simultaneously at the Hotel Statler March 31 through April 3.

Weddings Local Couple Wed At Double Ceremony

At a pretty double wedding in the Immaculate Conception church in Lowell Sunday afternoon, Miss Beatrice Gallagher of 250 North Main street, became the bride of John Joseph Doyle, son of Mr. and Mrs. Patrick Doyle of North Main street, and at the same ceremony, her sister, Miss Katherine J. Gallagher, 131 Hollywood avenue, Lowell, became the bride of Mitchell Joseph Riopelle, son of Mrs. Elizabeth Riopelle, 49 Beach street, Lowell.

The brides were both wearing becoming gowns of powder blue with corsages of lilies of the valley and gardenias and matching accessories. Rev. Leo Burke performed the ceremony.

Both couples left on a wedding trip to New York after the ceremony and will be at home April 5.

Hathaway-Dane

Miss Dorothy Dane, daughter of Mr. and Mrs. Benjamin Dane of 28 Cuba street, became the bride of Orson Hathaway, son of Mr. and Mrs. Danforth Hathaway of Milton, at a ceremony performed by Father Smith yesterday afternoon at St. Augustine's Rectory. A wedding banquet followed at the Shawshien Manor.

The cousin of the bride, Margorie Dane of Franklin, N. H., was maid of honor, and the bridegroom's brother, Samuel Hathaway of Milton, was best man. The bride was gowned in pink, and she carried roses and lilies of the valley, while the bridesmaid's dress was also predominantly pink, and she carried roses.

Following a wedding trip the couple will live in Manchester, N. H.

Chamberlain-Hawkins

Miss Rita Mary Hawkins, daughter of Mr. and Mrs. John Hawkins of 29 Crescent street, Lawrence, became the bride of Arthur G. Chamberlain, son of Mrs. Clara Chamberlain, Laurel Lane, West Andover, at a pretty four o'clock ceremony in St. Augustine's Church, Lawrence, Monday. Rev. Louis A. McMenamin, O.S.A., performed the ceremony.

Wearing a white slipper satin gown en train and a flowing veil of tulle caught with a coronet of pearls, the bride was attended by her sister, Miss Georgiana Hawkins. Miss Hawkins wore a sweet-heart gown of heaven blue with matching accessories and she carried yellow roses. The bride's bouquet was of white roses and lilies of the valley.

Joseph Chamberlain was the best man.

PLAN RUMMAGE SALE

The Junior Woman's Guild of the Christ Church is planning to hold a rummage sale April 6, on Broadway, Lawrence.

Ski Tales

Ski enthusiasts, present or future, will not want to miss the winter sports movie which will be presented at the Baptist church, April 4, showing skiers of all types and ages in all classes and stages... Mr. Utley has spent two years making the picture and has caught the Belknap region, Cannon, Cranmore and other favorite slopes in powdered array when they have been the skiers' and the photographers' paradise, but he has also caught them in off guard poses when they have been windswept, rain pelted or snow stormed, viz under typical New England conditions... Schneider methods will also be shown, from the beginners snowplow classes to the fast Christy classes... In fact, it's enough to make a ski blunderer wonder if the instructor isn't, after all, an important part of skiing...

Ted Butler and Mitchell Johnson who are in the controlled skiers class, are enjoying Tuckerman's Ravine this week... "Mitch" could not pick a better way to spend his Spring vacation although Rensselaer isn't exactly in a ski-barren region... Maurice Gillen has also been enjoying mid-week skiing and spent Monday and Tuesday at Jackson... Although week-enders really have had no complaints lately... the trails at Huckins were pretty well covered with nice soft snow Saturday even after Ann Beer, Elmer Grover and the J. G. S. Humphreys scooped off a few tons... Cannon couldn't have been any better than it was Sunday according to Midge Buchan and John Lowe and it looks as if Spring outfits will hang in the closet a few more weeks while ski togs still avoid the mothballs...

THEY'RE "SISTERS"
UNDER THE HOOD!

When you buy a low-priced car, it is worth remembering that only one line of cars today offers you the *same type engine* from highest priced car to lowest.

The Lincoln car is a V-type "12." The Lincoln-Zephyr is a V-type "12." The Mercury is a V-type "8."

And the Ford is also a V-type "8"!

Throughout this family of quality cars, the V-type engine of 8 or more cylinders has been made the standard of quality performance.

The wisdom of this choice is indicated by the fact that every world performance record, on land and sea and in the air, is today held by a V-type (or double "V" type) engine.

It was indicated again when the 85 h.p. Ford V-8 gave more miles per gallon in the recent *Gilmore-Yosemite Economy Run* than *either* leading low-priced "6"!

We invite you to *drive* a new Ford V-8. To learn for yourself what a difference a fine-car engine makes... And to discover at the same time what an *altogether* fine car this new Ford is

IN MEMORIAM

Edith McKeen Cutler

Andover has lost a beautiful and beloved person in the passing of Edith McKeen Cutler.

In spite of cares and ill health, there was about her a graciousness and beauty of spirit that was uplifting to all who knew her.

There was always time in her busy life to give a kind and sympathetic word, accompanied by a smile of such rare charm that one felt better for having met her.

Devoted in her family life and so loyal and unselfish in her friendships, she was in every way a truly Christian woman.

Particular local interest attaches to the visit of Attorney Robert T. Bushnell, who sold newspapers, and

served as bell-hop, waiter and tutor to work his way through Andover, Harvard and Harvard Law. District Attorney of Middlesex county from 1923-1930, he was always a powerful vote-getter, taking 51 of the 54 communities in his first attempt.
Edward Sirois, newly-appointed chairman of the State Republican Committee, will also be a welcome figure.

Winter Sports Film At Calendar Supper

The Philathea Class of the Andover Baptist Church will serve its annual Calendar Supper in the Church vestry Thursday evening, April 4th, at 6:30. As is the usual custom the tables will be decorated to represent the twelve months of the year and a delicious chicken pie supper will be served by a committee headed by Mrs. Henry Albers and Mrs. Leo O'Connor assisted by Mrs. Jesse Billington, Mrs. Kenneth Thompson, Mrs. Joseph Thompson, Mrs. Harvey Bacon, Mrs. Arthur Smith, Mrs. Harry Dennison, Mrs. Myles Ward, Mrs. Asa Stocks, Mrs. Philip Dodge, Mrs. George Dufton, Mrs. Reginald Norton and Mrs. Charles Stone.

The entertainment committee are offering a special attraction in the presentation of Mr. H. Lester Utley of Shawsheen Village who will show his "Winter Sports" film. This film includes shots of skiing, dog racing, and winter scenery all over the eastern slopes winter sports area, including Bartlett, Jackson, Conway, North Conway and Gilford, N. H. Mr. Utley has established a reputation as an amateur photographer of unusual ability and these pictures in color have never been shown publicly in this locality.

All of the film is taken with the cooperation of the Eastern Slopes Skiing Association with the idea of presenting to the general public what actually goes on in the winter sports areas. Mr. Utley has had a full schedule this winter showing the film all over New England and even New York and the committee are fortunate to be able to present him at this time.

As the supper tickets are limited it is hoped arrangements can be made to accommodate those who might be interested in attending the entertainment in the evening for a nominal fee.

The entertainment committee consists of Mrs. LeRoy Wilson, Mrs. Lorentz I. Hansen, Miss Helen Thompson and Mrs. Clinton Stevens.

to Phillips to teach. He was here for the next 46 years, 44 of which he was the head of the Greek department, being Professor of Greek on the Jonathan French Foundation. Several of the present faculty studied under him.

Since his graduation from Harvard he had served as the secretary of his class and had issued all the class reports. He had hoped to live to publish the fiftieth anniversary report in 1942. His publications, "Selections from Homer's Iliad" and "Beginners' Greek Book," published jointly with Professor Smyth, are widely used as textbooks in many leading colleges.

In June of 1938 Professor Benner retired and took up his residence at the home of his ancestors in Waldoboro where he mingled working on his farm with engaging in literary work. Saturday he was walking along a street in Waldoboro when he was stricken with a heart attack.

He leaves a brother, Harold, of Belmont.

Funeral services were held Tuesday. Representing the Phillips academy trustees and faculty were treasurer James Gould and Professor Horace M. Poynter.

REMEMBER When?

A sight — a song — something takes you back through the years to a happy moment and a friend you'd almost forgotten. You'd give almost anything to talk again with your friend about that and other moments. Why don't you telephone? Out-of-town calls cost little by day — still less evenings after 7 and all day Sunday.

MEMORIAL HALL LIBRARY NOTES

The following new books have recently been added to the Memorial Hall library:

THE HUNDREDTH YEAR. GUEDALLA. In many ways, the year 1936 seems far distant, yet the important changes of that year which are recorded in this book form the basis of the present world turmoil. Mr. Guedalla achieved fame as a historian through his earlier book, "The Hundred Years." His access to important documents and records, his acquaintance with outstanding contemporary figures, and a natural talent for presenting his information tend to make his books readable to a greater number of people.

POLONAISE, HARE. In a sympathetic way, the author writes about the psychological changes in the lives of three English children who, while their parents seek a divorce, are sent to Warsaw, Poland, to visit a distant relative of the family.

GEM TRADER, KORNITZER. Here is a book that tells us about precious stones not from the scientist's viewpoint but rather from that of a man who has traded in gems for many years in such great centers as Vienna, Paris, London and the Far East. The knowledge he has acquired during his lifetime is imparted to the reader with many amusing and exciting anecdotes. One finds himself learning much about pearls, emeralds and diamonds in a most painless fashion!

SUN AND STORM, SEPPANEN. Unto Seppanen is one of the outstanding literary figures of Finland and the background of his prize winning novels is the Karelian Isthmus. A peasant's desire to fulfil his dream of wealth, power and freedom from the Russian overlords is the theme which runs through this powerfully written novel. The triumphant conclusion is perhaps a bit ironic when we consider the outcome of their recent conflicts.

FLOWERING EARTH, PEATTIE. Mr. Peattie, one of this country's outstanding naturalists, is able to convey to his reader his own strong enthusiasms for the life that exists about us. In this tracing of the evolution of the plant world, he shares with us botanic experiences in an interesting way which isn't too scientific to be completely understandable.

Vera Brittain Pleads For Early Peace

"Every possible effort should be made for an early peace," Vera Brittain, noted English author and lecturer, told the November Club Monday afternoon, "inasmuch as the longer the war lasts, the more bitter it becomes and the harder it is to make a peace which will not entail the disastrous effects of the Versailles treaty." Miss Brittain, a nurse in World War 1, imparted to the club members her personal reaction against the horrors of war.

Pourers at the tea following the lecture were Mrs. Frederick E. Newton and Mrs. Reeve Chipman.
