TELEPHONE COMPANY PLANS NEW TYPE OF SERVICE FOR ANDOVER The state told Mr. Thompson in effect that the local public works board had the authority to grant permits. Mr. Thompson applied for a permit and the local board asked

rates, George M. Hughes, telegraph and telephone inspector of the Department of Public Utilities, explained that the Telephone com-pany is now working on an alter-native type of service for Andover. and permits could be given. Around a table in the state de-partment of health's offices at the state house Friday the matter was thrashed out. State engineer Wes-ton with Dr. Laborather 201 This will apparently be of advan-tage to those persons who make a substantial number of calls, both residential and business, to Law-rence, but it will not be of assistance to those persons who for business reasons wish to have Lawrence people call them without toll.

Mr. Hughes stated that if An-dover were to merge into the Lawrence area the local base rates would rise as follows: residential, one and two-party, up 50 cents; four-party, up 25 cents; business, up \$2.50 (there would be no two-party business lines, and so in some cases the rate would rise many more to help out in this work. The volunteers will work in their own precinct houses. Yester-\$3.25). Lawrence business rates would increase 50 cents, he said. Rates are based mainly on the number of phones in the unlimited against: 1928, exactly the same; area, and the addition of Andover's strong 90% voting, 48% for merg-phones to Lawrence would boost ing; 52% against. number of phones in the unlimited area, and the addition of Andover's

ADD NEW VOTERS

Fifty names were added to the voters' list Tuesday night at Shaw-sheen. Tonight from 7 to 9 there will be a registration at West Par-ish, next Tuesday at the Vale and next Thursday on the Hill.

In town Tuesday to see some of the district into a new area. Other the complainants on telephone changes would include the merging of the Andover numbers into the Lawrence directory, and toll calls to most points south would increase to the Lawrence rates. There are 21 other communities in the rate classification that Andover is in, Mr. Hughes said.

Chairman Joseph Cotton of the public utilities commission told the Townsman this week that "it is impossible" to say what per-centage of Andover subscribers would have to vote for elimination of the toll charge to make the commission feel that a substantial majority favored the change. "The percentage alone would not of necessity be a determining factor, although the sentiment of the people in a district would be a matter of consideration. Communipart in determining exchange

The board of appeals has turned down an application for construction of a filling station at the cor-ner of Pearson and North Main streets, the technical reason being that in violation of the by-law the station would come within 300 feet of the library.

SEWING MACHINES NEEDED AT RED CROSS MEETINGS

The local chapter of the Red Cross is urgently in need of sewing machines and chairs to be used at the sewing meetings which are held for the production of gar-ments for war refugees. The United States too can have

its New World Order. In it the "sphere of interest" of the United

States will be not just the Western

Hemisphere but the whole world. The "sphere of interest" of Ger-

many will be the whole world. Great Britain's, Russia's, Italy's, Japan's sphere will be the whole world. What the United States may

go through in the next few years,

no one can know, but no matter what it is, no matter what hard-

ships we endure, no matter how fierce a spirit of hatred may be

kindled, we must always remember

this: that no permanent peace can be secured until every Nation thinks of the other Nations' wel-fare as keenly as it does its own.

The New World Order of the

Triple Axis is based on hatred and

self-interest. The World Order of the 1920's and early 1930's was based on self-interest which always has been, always will be fanned in-to harred. The first law of nature

is self-preservation, but man can-not enforce it for the greatest good

of the greatest number until he ob-serves the first commandment: love thy neighbor. When we rea-lize that preservation of self is best achieved by preservation also

of the other fellow, when we rea-lize that we cannot become pros-

perous at the expense of another

Nation, then and then only will we have permanent peace, a peace

without dictators, a peace with freedom for all, a peace without

starvation, privation, suffering. The Nations must know that they

Danvers To Play Punchard Saturday

The 1940 model Punchard footteam will square off against ball ball team will square on against Danvers high at the playstead on Saturday afternoon. Charley Vye, one time quarterback for Chick Meehan at N. Y. U., is expected to bring a strong club to Andover for the annual battle.

Well, last Saturday's game with Amesbury ran pretty much true to form. The visitors had about seven veterans in the lineup, they were heavier than the locals, and they were about three weeks ahead in conditioning work. Against these odds the local boys put up a game fight. They lack experience and they are light. However, their coaches were quite pleased with the exhibition, and even the downtown quarterbacks, the hardest of all to satisfy, seemed to agree that the boys did a fine job.

Just to note a few highlights: Duke showed up well as a punter... Morrissey played a fine game at the pivot post. Babicki and Moore look as though they would push Keith and Greene at the ends... Gus Connolly still has all of his speed. . Al Lynch looks strong the guard. All in all we ought to be on the way.

Famed Musical Trio To Present Concert At Woman's Club

The Shawsheen Woman's club will hold a musical program at the first meeting of the fall to be held Monday evening in Balmoral hall. Mrs. Charles E. Lynde is chairman of the committee which has engaged a trio of musicians from the Young Artists association of Boston

Rand Smith, baritone, and president of the association, is a singer with a very promising voice of considerable sonority and warm, pure quality. The Misses Norma Bertolami, pianist, and Viviani Bertolami, violinist, have won the acclaim of music critics throughout eastern America.

Regardless of youth, seldom are artists able to present a concert so versatile in character. Their great love for their profession. added to a musical intelligence far beyond their years, has gained recognition for them throughout the musical world.
