### Board Accepts Three Resignations Of School Teachers

#### Miss Dunn Had Served At Punchard Since 1914

Three resignations of teachers were accepted Tuesday evening at a special school board meeting. Miss Helen DeM. Dunn, language teacher at Punchard since 1914, submitted her resignation effective as of the end of the school year, and it was accepted with regret. Mrs. Louise McNally, assistant in the physical education department, resigned in order to join her husband who is in the service on the West Coast. This resignation becomes effective May 5th. Miss Jane Preston, newly-elected teacher for the special class, resigned to return to her previous position in North Andover, and Mrs. Mary Flynn Walch of Lawrence was chosen in her place. She now teaches in Burlington.

Miss Evelyn Robinson, librarian in the Junior High school library, was present at the meeting to explain her work. The trustees of Memorial Hall library desire to transfer the budget item covering her salary to the school board appropriation, and the school board took the matter under advisement.

Noon-hour supervision at the Shawsheen school was discontinued as of May first, for lack of demand. Action on the North and Bradlee school plans for next year was held up pending a report on possible enrollment. In Ballardvale the Parent-Teacher association, it was reported, desire to have the sixth grade reopened.

A suggestion that the religious education plan be extended to the ninth grade was also discussed without any action being taken. The matter of reinstating the art program in the schools in the future was also discussed.

### Paper Drive Nets Over 35 Tons

Andover had a very successful paper drive last Sunday when over 35 tons were packed into vans and shipped to the pulp mills on Monday morning.

Thirty-five local truck owners made the house-to-house canvass and Punchard High School and Junior High School boys assisted them in the pick-up.

The local Service Men's Fund Committee sent ten men to supervise loading of the vans and they had the job completed by 4:30 p. m.

Andover householders are asked to continue saving every available bit of scrap paper, and have it ready for the next collection in June.

#### Hit-Run Driver Sentenced to Jail

A thirty-year-old Lawrence man has been sentenced to two months in the House of Correction and fined \$100 for having left the scene of an automobile fatality last Saturday night in which John Snider of Ballardvale was instantly killed. Lack of evidence prompted Special Justice William Daly to give a finding of not guilty on charges of manslaughter and operating to endanger.

Mr. Snider, an elevator operator at Tyer Rubber company, had been on his way to his daughter's home on Harding street when the fatality occurred. He had apparently alighted from a bus, and on making his way across North Main street he was struck, and left lying in the middle of the rain-swept road.

According to the testimony offered in court the driver became panic-stricken and was advised by fellow-passengers to keep on driving. He drove up Railroad street and then along back roads into North Andover. Headlight glass on the roadway was the only clue that the local police had, but Monday afternoon the driver surrendered at the Lawrence police station.

#### MALE CHOIR RECITAL

The Andover Male Choir will assist the Washington Street Baptist church in Lynn, in celebrating its 90th anniversary next Sunday night. The choir members will meet in the square at 4:30 o'clock.

Over a hundred acres of woodland were burned over in West Andover yesterday, with apparatus from several surrounding towns and state apparatus assisting in fighting the fire. A number of other fires during the day added to the local department's difficulties, and it was not until 12:15 that the day's work was done.

The most serious blaze occurred shortly after 2:30 near the junction of Wood Hill and High Plain roads, working its way into the woodland on Cross street. It was noticed by Fire Warden John Campbell at the Prospect Hill tower, and the local department responded at 2:45. At 3:05 Box 52 was sounded for additional help, and at 5:40 Box 444 was sounded to call out the local State Guard company. The North Andover department sent over a piece to cover in at the station at 3:05.

While this blaze was in progress Warden Campbell telephoned the

## Negro Educator To Speak Sunday

The people of Andover will have the opportunity to hear one of the outstanding Negro leaders in the field of religion and education speak at George Washington Hall Sunday afternoon at 4:30. Under the auspices of several student organizations at Phillips Academy, Dr. Howard Thurman, Dean of the Chapel at Howard University, will speak on the subject, "The Relation of Religion to the Great Social Problems of Today." This meeting is the closing session of a one-day conference conducted by the students for the consideration of religious and social problems. Dr. Thurman will speak for half an hour to forty-five minutes, and will then answer questions from those in the audience.

Several years ago, Dr. and Mrs. Thurman visited India as representatives of the Student Division of the Y.M.C.A. While in India, these two outstanding leaders had the opportunity to meet with Mahatma Gandhi and Rabindranath Tagore. They visited many schools and colleges in India and lectured to student and faculty groups. Moreover, Dr. Thurman has been one of the most sought-for speakers to student groups in America. Next year he will be leaving Howard University to become pastor of an interracial church in California.

The meeting is open to all who wish to attend.

### PARTY FOR MISS REILLY

Miss Catherine Reilly, R. N., of Haverhill street was honored at a tea Sunday at the Andover Country Club. Miss Reilly is to be married Saturday in St. Augustine's Church to Lt. Joseph Burns of Gardner, now stationed at Camp Gruber, Oklahoma. Pourers at the tea were: Mrs. Francis J. Hurley, Mrs. William J. McCarthy, Miss Margaret Peever, and Miss Alice N. Whitham.

## Apartment Blaze Endangers Families

If a baby hadn't cried and awakened its parents early Sunday morning, Andover might have had a serious conflagration on its hands.

Rev. and Mrs. Elton Smith's baby was sleeping in the living-room of their apartment at 134 Main street when smoke awakened the youngster. On checking up to see why the baby was crying, they discovered the room full of smoke. Box 46 was sounded at 2:20, with apparatus being slow in responding because of the manpower shortage.

The living room was badly damaged, as was the apartment of Mrs. Nellie B. Hammond on the third floor and the third floor hallway. New tenants, Mr. and Mrs. Washburn, who had moved in Wednesday, came close to having a housewarming party, but the fire was halted at their threshold. The Smiths are able to occupy the other rooms of their apartment now, but Mrs. Hammond has had to move temporarily. Several other tenants in the apartment building were forced out during the fire-fighting, with smoke filling practically all the second and third floor apartments.

The fire started from a fireplace.

### STATE GUARD NOTES

Last Sunday morning the Andover company assembled at the police station at 10:00 o'clock marched to the Punchard Playstead for a short period of special drill, and then marched to the Free Church to attend the service. A sentry, detailed to guard the guns left outside while the rest attended the service, was ably assisted by a group of small boys who were allowed to look at the guns but not to touch them.

Sunday's assembly will be at the Phillips Academy Cage at 10:00 a. m., and the gun detail assigned for last Sunday will serve this Sunday, reporting at the police station at 9:30 a. m. There will be shooting practice at the Cage Wednesday evening beginning at 7:30.

## May Breakfast Changes To Mid-May Supper

For many, many years it has been the custom to hold a May breakfast on the first day of May, and all the streets of the town were canvassed so that there might be plenty of food. Tables were set up the day before and in the early morning hours the ladies rushed to get the breakfast ready so that those going to work even as early as 6 o'clock might have a hot meal.

Last year a change was made from "breakfast" to "supper." This proved a big success! Now this year another change is to be made. So many women in the organization are working, the day has been changed from Monday, the 1st of May, to the 13th, on Saturday. On the first Saturday in May the Legion Hall had been offered to the 302 M. G. Btn. for its annual reunion, of which there are many members in town.

Another change was decided upon. There have been so many demands upon the public, due to war conditions, the town is not to be canvassed. Homemade pies will be solicited.

Mrs. Frank McCarthy is chairman of the supper and tickets may be secured from all members of the American Legion Auxiliary.

Mrs. Clair Norton has returned to her home on Elm street, after visiting for several weeks with her son in Springfield.

(Continued from Page 1)

police station that he could see smoke around Bellevue road; Sergeant Hickey investigated, and radioed back for help. A North Reading piece and state forest fire apparatus assisted at this blaze, which covered about 30 acres. Tewksbury also aided at the Cross street blaze.

The first alarm of the day came at 11:20 from Corbett street. This fire spread into Lawrence, and three pieces of apparatus from that city aided in subduing it.

At 12:55 there was a call from Enmore street, and at 2:07 from Riverina road. At 7:35 there was a blaze on Woburn street, Ballardvale.

The Cross street blaze proved a very difficult one to handle, with a sudden shift in the wind helping out considerably. The fire was deep in the woods, necessitating the laying of many yards of hose, and at some times it was impossible to reach it with hose, crews having to go in with shovels and extinguishers.

# NEWS OF OUR MEN *and* WOMEN IN UNIFORM

The Servicemen's Page is prepared by the Townsman editors with the active assistance of the Servicemen's Fund Association. The Townsman is sent each week, free of charge, to every local serviceman by the Merrimack Mutual Fire Insurance Company. We shall appreciate receiving up-to-the-minute addresses for all Andover men and women in service, in order that our mailing list may be kept accurate.

Pfc. Henry Giamo writes that with the second Marine division he's "been on no picnic," but he also implies that back in New Zealand where life was less strenuous if he had gone on a picnic he would have had mutton and tea. "We were in New Zealand for some time and that is really a pretty good place if you like mutton and rain. It rained nearly every day, and it must have rained mutton, for we got it every day for chow. The customs there are quite different from ours, and as the Americans love their coffee, the New Zealanders love their tea. Every time we turn around they are taking time out for tea; yes, New Zealand is quite a place for people who like tea. . . . Best regards to all Andover folk."

Lieutenant Milton Blanchard sends along a slight change in address to avoid confusion; there's another Lt. Blanchard on one of Pensacola's outlying fields. Milt says he has been able to contact several of the Andover boys through reading of their arrival, in the Townsman.

Cpl. William H. Golden, Jr., has been transferred from New River, N. C., to the Marine Corps Air Station at Cherry Point, N. C.

Artie Ness, RM 2/c somewhere in the Mediterranean area, sends along the following interesting letter about himself and several other Andover boys:

Dear Friends:

Just a few lines tonight, (while things are quiet outside), to let you know that things are going along all right so far, and I trust and hope that things are likewise in the home town.

Today marks the beginning of the second year overseas for my Andover shipmate, George Dwyer, and myself, and during the course of the past year Dwyer and I have taken part in the invasions over here, and have also seen "bits of action" in other parts, and we can truthfully say that we've endured some tense and exciting moments, to say the least.

Dwyer and I enjoyed a liberty in one of the larger cities over here, recently, strolled into one of the fine Red Cross centers, enjoyed some good American ice cream amid refrains of "Pistol Packin' Mama," and then ended up our liberty by glancing through the "Massachusetts" Book of names and addresses and surprisingly found the names of three Andover boys, namely, Carl Erler, "Jimmy" O'Hagan, and Ballardvale's Paratrooper, "Buddy" Nicoll, and we somehow feel that we are in the same vicinity as some of these fellows and hope to look them up, soon.

Sgt. Irving Hilton returned to Ft. Dix on Saturday after a 10-day furlough in town.

## ANOTHER PURPLE HEART

Pfc. William J. Lane, U.S.M.C., has been awarded the Purple Heart by Admiral Halsey for wounds received about the head while in action against the Japanese on August 2, 1943. He was in the hospital for two months, but is now back on duty again with a special weapons group in the South Pacific. The decoration was received by his mother, Mrs. Lewis D. Lane, of High Plain road, and it was accompanied by a letter presented to Pfc. Lane by Admiral Halsey.

My brother, Harold, (recently promoted to 2nd Class Aviation-Ordnance man), was in the same vicinity as I was some time ago, but Harold and "Pete" still deal in "francs," while Dwyer and I do our bartering in "lives" now.

Another Andover "Salt, "Rocky" Ross, has also been over here for a long time, and I recently met him and had a short but enjoyable talk with him; "Rocky" (as well as the rest of the fellows), looks in fine fettle, and "hopes to get home in time to see a few good football games this fall," so he says.

Speaking for Dwyer, he received his Xmas package some time ago, and he and I have played his record many times, and enjoyed it immensely; George was also promoted recently, and holds the rating of "2nd Class Storekeeper," while I am still a 2nd Class Radioman, and find the duties very interesting. I received the fine birthday card, showing the familiar scene of Andover Square, and was very glad to get this card, as well as the Andover Townsmen, which we receive pretty regularly—Dwyer and I join in saying, "Thanks a million for everything."

I believe this is all for the time being, but I'll send along a few more lines later on; hoping this game of "playing for keeps" ends soon over here, I remain,

Private Arthur S. Taylor, who is stationed with the Marine corps at Edenton, N. C., is working as a mechanic for the Engine Change. "I am lucky in having my wife and child living in the town of Edenton during my stay here. The town is only four miles from the base, so I'm able to see them quite often. We celebrated our sixth anniversary Sunday and I was lucky enough to have my brother James, who is a rear gunner in a dive bombing outfit stationed at Atlantic Field, N. C., down to visit us and celebrate with us."

More thanks for a birthday card from the Association have come from Pfc. Wilfred J. Pelletier somewhere in foreign territory. Willie says his heart belongs to Andover!

Bill Deyermond received his Purple Heart on April seventh, according to a letter received from Major Everett Mersereau of Andover, who has Bill in his company. "He is a good soldier," says the Major. He had sent Mrs. Mersereau a picture of Bill and his company commander, which appeared in last week's Townsman. "No doubt they may look a little dirty, as it was taken just after a six-day battle with the Japs," says the Major.

Sgt. H. J. Garceau says the fog in England at night is "so thick the fish swim out of the water and into the fog all night long." The sergeant is glad to be overseas, having waited three long years, during which time he thought they had forgotten him.

Lt. Helen Platt, Army Nurse, has just arrived back in this country from England. Her folks, Mr. and Mrs. Thomas Platt, Bancroft road, received a telephone call from her Saturday saying she was in the United States. Saturday night she arrived home on a 24-hour leave. Sunday she visited Dorothy Hall, manager of the Servicemen's office, and, according to her report, she is looking very well. At present, Helen is recuperating in an Army hospital here in this country, from a bad case of pneumonia contracted in England.

Aviation Cadet Francis X. Bodenrader, 25, son of Mr. and Mrs. August J. Bodenrader, of 281 Sutton street, North Andover, Mass., was recently awarded a sharpshooter's medal for proficiency in firing the .45 caliber automatic pistol at Maxwell Field, Ala., an installation of the AAF Training Command. West Parish friends of Pvt. Billy Addison, who is now located in New Gloucester, he writes that he has lately come across his friends, Pvts. Donald Spinney and Barrett, both of Chestnut street.

Sgt. Burton Batcheller is back on duty again at Camp Hale, Colo., after being in the hospital for treatment for frostbitten feet.

Lt. Dorothy Morehouse writes the Servicemen's Fund Association from somewhere in New Caledonia thanking them for her birthday card. She tells us she enjoyed it very much and has the photo on the wall of her grass-roofed barracks. She hopes the day will not be far off when she can walk right down Andover's Main street. She certainly is proud to live in Andover, as among all the nurses on her post she hasn't heard of one who was remembered on a birthday by her home town. Dot also says the South Sea Islands are beautiful at this time of year and there are always some trees or bushes in bloom on the mountainside.

## TO PARENTS OF SERVICEMEN

Through the generosity of the Red Cross, the Andover Servicemen's Fund Association is now occupying a room on the main floor of the old Shaw Estate on Main street. The Association is now receiving replies to cards recently mailed to parents or next of kin of servicemen, requesting information needed to bring their records up to date. Perhaps through an oversight, or if the Association does not have your boy's or girl's name, you did not receive a card. Won't you please help them out by either calling at the office or telephoning Andover 993 to give the information they need.

There are many boys and girls who have enlisted, but the Association has little information as to the enlistment dates. Any information you can give your Fund Association will be greatly appreciated.

F1/c V. Neeley just received his package from the Comfort Committee at a hospital at Ellis Island, N. Y., and he writes it is good to know that when a fellow is in the service he is still remembered by his home town.

Another boy who tells us that it was really swell to be remembered by the home folks on his birthday is Pvt. William C. Moore at Camp Crowder, Mo. It wasn't enough to be away from home on his birthday, but Bill also had K. P. duty that day. But, he says, we have a job to do and won't be home until it is over. Bill met Jack Moynihan, our former Townsman associate editor in the last Company he was in, and also Anton Kishon from P. A., Bill's former coach. They all spent several pleasant evenings together.

Lt. Warren L. Richardson, located somewhere in New Guinea, has also sent his thanks for the birthday card and says it was certainly good to see the view of Andover's Main street way out in the jungles of New Guinea and it made it a more heart-warming card to know it came from the home town and the home folks.

The Association heard from Sgt. Warren H. Deyermond located at a camp hospital in North Carolina, thanking them for the package and stating that its contents will help a great deal in passing away the hours while he is confined to his bed. He is really looking forward to the big day when this argument is over and all the boys and girls will come home. He tells us it is a pleasure for him to tell people he comes from Andover, the town that never forgets its boys.

This is the first time Mr. Carvell has come to the Free Church although he is shortly to celebrate his twentieth anniversary as the minister of the North Andover church. Highly rated as a speaker and

preacher, active in Boy Scout work and in various civic and fraternal organizations, he brings to the pulpit a wealth of experience and background.

Mr. Carvell is also active in denominational projects, holding several important posts, including the chairmanship of the Committee on Missionary Education for the Andover Association of Congregational Churches. While his theme for Sunday has not yet been announced he is certain to preach on a subject that will have a definite relation to pressing social problems of our time.

# WHY

## there aren't enough telephones

The telephone business is deep in the war and getting deeper all the time.

The farther American forces advance, the more switchboards, wire and telephones they need. And folks at home seem to want more, too.

Since the National Defense program started in 1940, we have supplied the needs of Army, Navy, war producers and most others. In all, the Bell System has increased the number of telephones in service by over 4½ million.

The equipment to do this came from reserves that are now used up. No more is being made for civilian use. That's why we can't fill orders as fast as we'd like.

But we're doing all we can to serve as many as possible as soon as possible by —

**Reconditioning and using every facility that will give good service.**

**Recovering facilities quickly when service is discontinued.**

**Serving more and more families with party lines.**

**Operating central offices beyond their normal capacity.**

**Taking extra-good care of equipment that can't be replaced.**

If you are one of those who are waiting, we'd like you to know we just can't fill your order until the facilities become available.

## Swampy "T"?

This week's mail contained an interesting letter about town affairs, one whose provocativeness prompts us to lay aside momentarily our disinclination to print unsigned letters. We like to receive communications, but we do usually insist that a signature accompany the letter, although on request we may withhold publication of the signature.

This particular letter, however, did not so much express opinions as ask questions which apparently quite a few people are asking on the street corners or in the living room. Some of the questions are about the Shaw property, and for these we have secured the answers. Other questions are about the Stowe school, the Memorial day appropriation, and the public welfare accounts. These we shall attempt to answer in future issues.

The letter was something akin to the town warrant. It had a preamble, and an ending, with a lot of questions in the middle. The preamble reads:

No doubt you received many letters asking you to continue your excellent editorials on Town affairs. I want to add one more.

I do not think anyone, including Mr. Eaton, could take offense at editorials which promote better government for the Town of Andover.

Reckless, thoughtless spending has been going on in Washington at such a rate that towns and cities have come to use the same methods—and Mr. Taxpayer pays and pays. The people of Andover need to be reminded that New England was not built on that basis. Appropriations were approved at town meeting in such a manner that it would seem as though the townspeople did not realize it would be coming out of their own pocketbooks. I hope you will continue to keep the people of Andover conscious of the duplications and errors, as well as the good conduct of the affairs of the business in the Town of Andover.

Then start the questions.

There are several rumors about town that should be clarified. Is it true that the Shaw property is in the shape of a T, and is swampy in the rear, so that it will be necessary to purchase the adjoining property if the town votes to build a new town hall?

The answer to this question is that the land is in the form of a "T" and it is wet in back. The land extends in back of the Stowers, Hulme and Historical society property, and also the other direction in back of the Grout property, so that it is a "T," pretty much lopsided but a "T" of sorts. However, it is stated that it would not be necessary to buy any adjoining property in order to build a new town office building, since there is a frontage of 160 feet, three times as large as the present town hall. The land in back is described as the "heaviest loam in Andover," and while a little wet, more could be realized from the sale of the loam than it would cost to put a drain in. One private potential purchaser was planning to put two apartment buildings in the rear, so apparently it is not a swamp.

Is it true that the present town hall could be fixed up with the appropriation which

is being used to investigate the possibility of building a new town hall?

A special committee six or seven years ago studied the matter of remodeling the present town hall, and reported that it would cost \$20-30,000 to do so. The appropriation mentioned is \$2500.

Is it true that after the war is over the offices in the upper part of the town hall will all be closed and a larger town hall not needed?

The Board of Public Works, which occupies one half the hall, would still be there, of course, with probably increased post-war activities requiring more rather than less space. It is expected that the rationing board may also have to stay on for a while, with Selective Service the only immediate post-war drop.

Now what bothers us about these three questions is that they are being asked at the wrong time. They should have been asked before the town meeting when, had the answers been unsatisfactory to the people of Andover, the town meeting vote could have been different. There is not enough town meeting discussion; people sit in their seats and wonder, but don't say anything. Let's think things over beforehand, after this, and ask our questions when they'll do some good.

## Cub Pack in Benefit Show At Playhouse

The boys in Cub Pack 72, some 60 in number, are in a campaign to sell tickets for a benefit show at the Andover Playhouse, next Tuesday, Wednesday and Thursday at which time two feature pictures will be shown, "Henry Aldrich, Boy Scout" and "The Oklahoma Kid" starring James Cagney and Humphrey Bogart.

The Cubs are a group of boys aged nine, ten and eleven and are preparing to become boy scouts. The organization is divided up into eight dens with approximately seven boys in each den, presided over by a den mother. The dens meet weekly and the whole cub pack once a month. They develop numerous hobbies, handcrafts and other skills that tend to make them good citizens. At the age of twelve a boy graduates from the Cubs into the Boy Scouts.

At the end of this week and the first of next, the Cubs will be calling on Andover homes to sell tickets for their benefit show. A thorough-going house to house canvass is planned and it is hoped that the citizens of Andover will enthusiastically respond by purchasing tickets for this production. The proceeds of the benefit show will enable the boys to engage in a summer program that would otherwise be impossible.

The committee in charge of arrangements which is also the executive committee for the Cub Pack organization includes the following: Thomas Woodhead, T. A. Faragher, John Friel, Howard Johnson, Charles McCullom, Calvin Metcalf, Malcolm Laitinen, Mrs. Norman Pitman, Robert Meadowcroft, Fred Hardy, Rev. Frank E. Dunn.

Otis; representatives to permanent council, Mrs. Henry Jenkins and Mrs. Colver J. Stone; chairman of social committee, Mrs. Everett Ward.

## Invite Andover Boys To Andover, England

Andover boys in the service who happen to land in England will find a welcome ready for them in Andover, England. B. S. Allen, chairman of the Andover and District Chamber of Trade, with offices at 18 Bridge street, has written the local Board of Selectmen, saying "May I tender, through you, greetings to your traders' association and ask that you will tell any of your 'boys' who may be over or coming over, to get in touch with me if they are ever in or near Andover?"

The invitation was included in a note which stated that a portrait of now retired Mayor S. R. Bell was being presented to Mr. Bell and his wife, together with an illuminated address containing the names of all who wished them well and who were grateful for what they had done. "My colleagues and I feel that you and your citizens have been so extremely helpful and generous during the critical years covering Mr. Bell's mayoralty that it would give both him and ourselves the very greatest pleasure to include your name in the illuminated address. . . we traders would also like to take this opportunity to say how much we appreciate everything that Andover, Mass., has done for us during the war, and sincerely hope that this will lead to closer contacts in the years of peace."

Let us offer you now something that you will thank us for later. Canned Tomatoes! A great number of our customers who did not have tomatoes in their Victory Gardens last year depended upon us to supply them during this past winter. We were able to do so, but we can't promise to do so this coming winter. Why not, with the points on tomatoes so low at the present time, put a case of 24 cans of either the choice or standard quality away in your cellar NOW!

- 24 Monroe Tomatoes—No. 2½ can—Extra standard quality 168 points..... case \$4.08!

Starting Thursday, April 20th, at 7:15 p.m., and every Thursday evening following at the same time, Mr. Carleton M. Stearns of the Essex Agricultural School will give a "Victory Garden Chat" over station WLAW for twenty minutes.

On Thursday, April 27th, at 9:30 a.m., Mr. Alton Perkins and Mr. George Gifford of the Essex Agricultural School will test soil at W. R. Hill's store on Main street. As no reports will be mailed this year, please plan to wait while your soil is being tested and have the report made to you personally. Mr. Gifford and Mr. Perkins will be glad to answer any questions on that day.

Outdoor plantings in vegetable gardens can begin as soon as soil dries out sufficiently after recent heavy rain.

Seeds of peas, turnips, spinach, radishes, beets, lettuce, celery, carrots, and onion sets go in first, followed a week or so later by swiss chard, salsify, and parsnips. Set out plants of broccoli, cauliflower, and lettuce toward the end of the month.

Note: Good dwarf varieties of peas for the small Victory Garden are Laxton's Progress, height 18 inches, and Little Marvel, height 15 inches. Both mature in 62 days.

## Youth Guidance League Subject

The Andover League of Women Voters held an open meeting Tuesday afternoon at the Balmoral Hall when the speakers were Miss Verna Carlson, Secretary of the Girl Reserves at the Lawrence Y.W.C.A., and Arthur C. K. Hallock, Executive Secretary of the Massachusetts Committee on Youth Guidance, also a Director of the Massachusetts Child Council, permanent organization concerned with child welfare in the state.

Miss Carlson, who spoke first, gave a most informative talk on the work of the Y.W.C.A. with young people of Greater Lawrence. The theory, "an ounce of prevention is worth a pound of cure," motivates the enthusiasm of this agency for varied recreational activities primarily designed to give young people something better to do than roam the streets and get into trouble. The Girl Reserves, high school youngsters divided into clubs, run their own activities, take care of entertainments, decorations, securing of chaperones, and, under adequate supervision, have some responsibility for, as well as fun from, the enterprise. Her talk described the actual work that is being done in connection with Child Guidance in the neighboring community.

Mr. Hallock treated in outline the State agencies concerned with prevention of delinquency or the handling of delinquents. Broadly, the Commissioners of all correlated State Departments, Public Safety, Mental Health, Public Health, Education, etc., head the list. Public officials, having to do with children, Chief of Police, Superintendent of schools, Judge of local court, community health nurse, have the direct responsibility in each city and town.

Locally, the committee in charge of Child Guidance, is interested in promotion of constructive activities with maximum use of already existing organization and facilities such as the Guild, the P.T.A., etc. Before the speakers were introduced, Mrs. Hart Leavitt spoke briefly to the members, calling their attention to proposed changes in the organization of the League of Women Voters, national, state, and local. It will be soon decided whether or not to abolish State leagues and thereby automatically make every local league member a direct member of the National league. Since this is a radical change, it was felt that the matter ought to be called to the attention of local members.
