Northern New England School of Religious Education Here Next Week

The Northern New England School of Religious Education will be in session all of next week at Phillips Academy, for the second time in Andover, and the twenty-ninth, since its establishment. Faculty and students will number over 300, or about 50 more than last year. The opening meeting will be a convocation, Sunday at 7 p.m. at George Washington Hall, when the faculty will be introduced and the public will be cordially welcome. Monday evening the student body will get better acquainted at the Borden gymnasium, following the 6:30 vesper service at Missionary Row.

Heading a faculty of over 20 men and women, experienced in various phases of church and church school work, is Dr. Ruth Richards Miller, of Somerville, who has been executive secretary of the school for the past nine years. Chairman of the education committee is Rev. Clifford H. Osborne, of Waterville, Me., and of the board of trustees, Rev. Emerson G. Harrigan of Durham, New Hampshire.

Several faculty changes have been made necessary because of

sickness. Dr. L. Foster Wood, of the Federal Council of Churches, will be unable to come and his place will be taken by Rev. Frederick W. Smith, of Waterville, Me., secretary of the Maine Civic League, who, as a boy, lived in Ballardvale and attended Phillips Academy. Dr. Adolph Ekdahl, of the University of New Hampshire, is in government service and will be replaced by Rev. Rollin Fairbanks, chaplain at the Mass. General Hospital. Substituting for Rev. Herman J. Sweet, of the International Council of Religious Education, will be Miss Sally A. Daniels of Boston, who will also have charge of the Pilgrim Press book display in the lobby of Samuel Phillips Hall. All the classes will meet in this recitation building and the office will be located there. A temporary telephone—950—has been installed. Students will live in the larger dormitories on the east and west side of Main street, will eat at the Commons, and have their morning worship service at 8 o'clock in the Cochran Chapel. Swimming will be from 4 to 5 p.m. in the Thompson out-door

Bleachers Ready For Boosters Day

Good support is being evidenced for the Town team Boosters Day program to be held Sunday. Many fine prizes have been donated by the local merchants and ticket sales are going very well.

Coach Wennik has been advised that the Playstead bleachers will be ready for Sunday. The Town team's opponent will be the Waltham Maher club.

Assisting on the committee are Roy E. Hardy, Dr. Malcolm McTernan, John O'Connor, Frank L. Brigham, George Follansbee, Sidney S. Batchelder, Francis Bishop, John Fallon, Samuel Hulme, Frank MacMackin, James Christie and many others.

Harold Phinney has set aside a prize to be awarded the player most valuable to the team, at the close of the season, and merchants offering prizes include: the James E. Greeley Co., W. R. Hill, Andover Market, Elm St. Service Station, John Grecoe, Simeone Drug store, Hartigan Drug store, Dalton's, Walter's Cafe, Town Grill, Dantos Bros., Curran & Joyce, WLAW (trophy), Andover News Co., Tompkins Motor Service, Burns Co., Andover Playhouse, Driscoll's Package Store, Murray's Service Station and Whitworth's.

Laboratory School For Young Children

The Northern New England School of Religious Education will hold a laboratory school at the South church, mornings from August 28 to September 2, for enrollment in which, children between the ages of four and fourteen are still eligible.

Application should be made to Thaxter Eaton, business manager of the group.

Swimming privileges in the Thompson pool will be afforded the Junior High group, which will be permitted to swim there for an hour or more each afternoon.

Parents of prospective pupils are invited to a get-acquainted tea at the church on Saturday afternoon, August 26, which will be in charge of Mrs. George W. Glennie.

No Action Taken On Water Shortage

The question of the recent water shortage was taken up intensively at a meeting of the Board of Public Works on Monday night. No definite action was taken, however, and it is expected that the discussion will be resumed on next Monday night.

Phillips Summer Session Closes

Phillips Academy successfully concluded its Summer School on Wednesday after an eight-weeks' course which began on June 28, under the direction of Alan R. Blackmer, director. The enrollment numbered 259 boys with 40 men on the summer faculty. Each boy spent one day a week working about the grounds of the school, and also took part in the body-building program which was started two years ago, and forty of them worked at paid jobs on various farms in West Andover.

Classes were held in the morning and in the interests of keeping the students informed on current events, March of Time films were shown and discussions of war problems and the coming peace were held four days a week.

Sixty-seven of the boys were regular Phillips students. Twenty-one are accelerated students and will graduate next February. They came from all over the United States as well as from South America.

Instead of a baccalaureate service, a vesper service was held Sunday evening, at which Dr. Claude M. Fuess, headmaster, gave the address. Rev. A. Graham Baldwin gave the prayer and benediction, and music was provided by the Andover Male Choir under the direction of J. Everett Collins, with Miss Marion Abbott at the piano and Dr. Carl Pfatteicher, music director at Phillips, at the organ console.

Gordon MacLachlan Loses Life in France

Andover has lost another of her boys. On August 7 Lieutenant Gordon MacLachlan of 22 Haverhill street gave his life in France.

Lieutenant MacLachlan was with the outfit that is showing Hitler what blitzkrieg really is: General Patton's Armored Division, which gave to the French in Paris the lift in spirit that they needed to wrest their city from the Germans.

Lieutenant MacLachlan went into France shortly after the original invasion. A brother, Second Lieutenant James MacLachlan, is also in France. Lieutenant Edwin MacLachlan is in the Maritime service and still another brother, Andrew, is an assistant engineer in the Maritime service. Besides his father and mother, Mr. and Mrs. Andrew MacLachlan of Haverhill street, he leaves also a sister, Mrs. Barbara Anderson, and two other brothers, William of Attleboro and Malcolm of Andover.

Plan Examination For Postmaster To Fill Vacancy

An open competitive examination for postmaster at the Andover Post Office has been announced by the Civil Service commission at Washington, with applications to close on September 12, 1944. The position, held up until July 1 by John McDonald, who at that time reached the retirement age, carries a base salary of \$3400. In addition to the base salary there is a temporary increase of \$300 per year authorized by an Act of Congress. Another Act of June 12 requires postmasters to work a 48-hour week and grants additional overtime compensation amounting to 15% of the peacetime salary.

Stephen Boland, assistant postmaster, has been carrying on as acting postmaster since the retirement of Mr. McDonald became effective.

The Civil Service announcement reads as follows:

"In order to be eligible for the examination, an applicant must be a citizen of the United States, must have actually re-

League Makes Plans For Coming Year

Two new members have been appointed to the Board of the League of Women Voters. They are Mrs. Cleveland Gilcreast, who will serve as finance chairman, and Mrs. A. Graham Baldwin, as economic welfare chairman. Plans for the coming year are nearing completion and the date for the opening meeting has been set for October 3. This will be a luncheon meeting, and the subject for discussion will be "Foreign Policy and the Election."

Members are reminded that the Fall Conference will be held on Thursday, September 28, and are urged to make every effort to attend.

Emmons Appointed Personnel Officer

Captain H. Garrison Holt of the Andover company of the State Guard announced at assembly Sunday morning that Lieutenant G. Clifford Emmons has been appointed personnel officer of the company.

The men spent Sunday on the range at Camp Curtis Guild, Wakefield, practicing with Enfield rifles, for record, over the 200-yard distance in prone and kneeling positions.

Inspection of equipment will take place on next Sunday, and the men are to bring their full packs.

Servicemen's Fund Drive Progressing

The third object which is contained in the by-laws of the Andover Service Men's Fund association reads as follows: "To plan and carry out a constructive program of readjustment for the service men and women of Andover during and after the war."

The Association is now doing a grand job in endeavoring to fulfill the first portion, namely, readjustment during the war, through its readjustment and comfort committees, and their work is increasing daily.

Mr. Frank Markey, chairman of the readjustment committee, has a most thorough knowledge of all veteran problems, for he has been handling this work privately since World War I. He is abreast of the times, following legislation and rehabilitation possibilities through educational and training courses, and all the other developments of recent origin. His knowledge has proven invaluable to the Association and its work. Mr. Markey has recently been appointed to serve for the Town of Andover, with quarters in the Town House, handling soldiers' and veterans' cases, and the Service Men's Fund association means to collaborate with him in his new position to the fullest.

Mr. Charles McCullom, chairman of the comfort committee, states that the Association is being called upon more and more daily and that his committee is doing everything possible to have Andover's service men and women know that the

home folk are doing their utmost in reparation for the sacrifices that they have made, to let them know that their sacrifice is always of first and paramount importance. The aim of the comfort committee is just as the name implies and as the by-laws stipulate, "To bring comfort and encouragement to those men and women of Andover who, in the performance of their duty, have suffered a disabling injury."

What finer work could any civilian group perform? Letters upon letters have been received in grateful thanks for the convalescent packages and letters received — thanks for the helping hand over a bad spot at home.

The A.S.M.F.A. knows that all of Andover will assist and cooperate to make this fund drive a great success, for it is their fund, being ever increased for their sons' and daughters' benefit. The larger the fund, the more work can be accomplished. There will be no repetition of benefits, there will be no conflict with any other agency, for the the Andover Service Men's Fund association works hand in hand with all local agencies whenever necessary.

Christmas packages are now being worked on and some 1300 will be sent in October. The value of these alone will approximate \$7,000.00.

sided within the delivery of this post office, or within the city or town in which the office is located, for at least one year immediately preceding the date fixed for close of receipt of applications, must be in good physical condition, and within the prescribed age limits, certain waivers of the age limits being allowed persons granted veteran preference. Both men and women are admitted.

"Under the terms of an Act of Congress, approved June 25, 1938, the Civil Service Commission will certify the names of the highest three qualified eligibles to the Postmaster General who shall thereupon submit the name of the eligible selected to the President for nomination. Confirmation by the Senate is the final action.

"Applicants will not be required to assemble in an examination room for written tests, but will be rated on their education, business or professional experience, general qualifications and suitability. The Civil Service Commission will make an impartial inquiry among representative patrons of the office, both men and women, concerning the experience, ability, and character of each applicant. The evidence thus secured will be considered in determining the ratings to be assigned to the applicants. The Commission is not interested in the political, religious, or fraternal affiliations of any applicant.

"Full information and application forms may be obtained from the secretary of the local board of civil service examiners at the post office in this town, or from the United States Civil Service Commission, Washington, D. C., and applications must be on file with this Commission not later than the date specified at the head of the announcement.

Technical Sergeant Irving Whitcomb represented our Andover on August 2 at a ceremony in Andover, England, when the townspeople presented to retired Mayor Bell a portrait of himself.

An article in "The Andover Advertiser" of August 4 contains the following: "The voice of Andover, Massachusetts, was heard when Technical Sergeant Whitcomb was invited to say a few words. He said he could assure them that he was very happy and proud to have the opportunity of sitting on the platform on such a very nice occasion, and people back home would be very pleased to hear all about it. To Councillor and Mrs. Bell and to the Town of Andover, England, he extended greetings and best wishes from the residents of Andover, Massachusetts."

In a letter to Chairman Roy E. Hardy of the Board of Selectmen, the committee in charge of the affair stated: "We need not add how pleased we were that Tech. Sgt. **Caseys Defeat
Andover Townies**

The midweek game with the McAndrews club was rained out for the second time this season, the game to be played this Thursday night.

Last Sunday the Andover Town team lost its third game of the season to a strong, fast Dick Casey club, champions of Boston, by a 5 to 4 score at Brothers field before the largest crowd of the season.

It was one of the finest games seen in these parts for many a day, featuring sensational plays and hits, that had the fans on their feet throughout the game.

Bill Glendenning and Whitie Monroe of the Townies robbed batters of potential home runs, while Van Proet of the visitors made marvelous plays to rob both Gaidis and McEvoy of Exeter of extra base hits. Gaidis and Gartside gave a fine exhibition of defensive ball, and Louvie, while holding the visiting sluggers to seven hits, striking out five and walking four, pitched excellent ball. He also continued his heavy sticking with a triple that might have been a home run, and also a single. McEvoy continued his heavy hitting by getting two hits in four trips to the plate. The Townies outhit the Caseys, 10 hits to seven, and might have won this much desired game but for one or two misplays that proved costly. However, it was a grand game, thrilling to the end, when the visitors scored two in the ninth for a win.

The score by innings:

	1	2	3	4	5	6	7	8	9	r	h	e
Casey	0	1	0	1	1	0	0	0	2	5	7	5
Townies	0	0	1	2	0	0	0	1	0	4	10	2

RELIGIOUS SURVEY

A survey of the religious affiliations of the townspeople will be conducted by the Andover Council of Churches early in the fall. The committee in charge: Rev. Frank E. Dunn, chairman, Mrs. C. Edward Buchan and Rev. A. Graham Baldwin.

Mrs. Charles F. Smith and daughter of Philadelphia, Penn., are visiting Mrs. R. K. Cole of Elm street.

Ability and Responsibility

WHEN a particularly tough and important job comes along, it usually lands in the lap of someone who is already doing a lot of other jobs well.

People like this—who are used to getting results—aren't too plentiful. They need to have both *ability* and a sense of *responsibility*. One alone won't do—for ability can sometimes be misdirected, and a sense of responsibility without ability can lead to troublesome meddling.

It's men with this combination of talents who have been carrying a heavy load on the home front these past few years. On the farm and in industry they've been meeting—and solving—the difficult wartime problems of production.

After the war is won, somebody must shoulder the equally big job of getting this nation back into peacetime production, of laying the groundwork for the better and more prosperous America we all want. This is a challenge, and an opportunity, for the producers of America—for the men and women who have a sense of responsibility and have shown their ability to get things done. *General Electric Co., Schenectady, N. Pertinent?

The Board of Public Works met on Monday night, and, although nothing has been made public about that meeting, it would be a very fair assumption that the recent water shortage and the position of superintendent had prompted considerable discussion.

Some time, and probably soon, the Board will either make a decision, and it may even be a decision to forget it and just go on as in the past. We can imagine that a lot of things have been talked about, some of which are pertinent, some of which aren't. We know from having spent considerable time investigating the situation that some people can say one thing and others can say another, both being directly opposite, and obviously one of them is true and the other isn't. The members of the Board are going to have to decide which is which. We know too that the members of the Board have probably been talked to by the ordinary citizen, some of whom have said that the present superintendent should be fired, others of whom have said that he is being railroaded. Unfortunately, in some quarters the whole affair has evoked considerable bitterness.

These immaterial things the members of the Board, in doing their duty for the Town of Andover, must brush aside. There should be no personalities in the discussion at all. The question is not, to put it very bluntly, whether Sid White likes Charley Gilliard or whether Charley Gilliard likes Sid White. The question is whether Charley is the proper man to hold down the position he now holds. If he isn't, regardless of who likes him or who doesn't like him, something should be done about it.

We've heard all the sentiments that the Board members have probably heard. Most of them have absolutely no bearing on the problem that Andover is interested in. But one or two of the commonly-expressed thoughts can be discussed as pertinent factors. One in particular we have heard a lot, and that is the feeling that the Board interferes too much with Charley's ad-

ministration. The latest incident would seem to pretty much prove that the interference was absolutely necessary. We talked with men not on the Board who are experts in water supply problems and they say that the pumping should have started at least a day earlier. Then if the chairman of the Board is told by the fire chief a day later that the reservoir is nearly dry, the same people that now are crying interference would be saying: "Where was Sid White? Why didn't he take care of it?"

The years past have proved that interference in Charley's work is necessary, and when a board has to interfere in administration, it's time to change the administration. The reasons why interference is necessary are briefly these: Charley now has too many details to take care of; Charley has a personality which makes him much too easy with his help; some of Charley's help take advantage of that trait, and in that line of work, it is very easy to get help which would take advantage; Charley's best talents are engineering and figuring—he is not a boss of men or an organizer of work.

These are the facts that the Board must consider. Anything else, personalities, bitterness, are out of place in any discussion by this Board, because what the Town of Andover wants is an efficiently and properly run department of public works.

COMMUNICATIONS

Andover Townsman

Dear Editor:

I would like to correct the impression or idea in the minds of some people, that the Andover Town Team is sponsored by the Andover Service Mens Fund Association. I don't know when or where this rumor started—however it is incorrect.

Concerning the Andover Service Men's Fund Association, I am vice-president and a member of the board of directors; Charles McCullom is also a member of the board of directors and chairman of the very important Comfort Committee. I am coach and manager of the Town Team; Charley is assistant manager and treasurer.

The Town Team is in no way affiliated with the Service Men's Fund Association, other than being an ardent supporter. However, the Town Team represents 50 or more Andover men and boys in service, who in the past have played under my coaching and management.

The batting order today of the Townies, represents your boys and mine—those that I have tried to teach a little baseball knowledge to, boys that in Andover I started with. There was Hilton-Barrett, Bishop, Bissett, Howe, Ferguson, Done, the Duke boys, the Deymond boys, the Morrissey boys, the Colemans, the Walkers, Low, Carpenter, Dunbar, the Kearn boys, Burnham, Rennie, Proctor, Platt, Boynton, Anderson, Sanborn, Spinney, McDonald, Gordon, Dea, Tammany, Laycock, Collins, Neil, Hackney, the Palenski boys, Erier,

Lewis, Wood, Green, Robichaud, (who worked for Cross Coal in Andover), Hamilton who worked for the A. & P. in Andover, Campbell who worked in Shawsheen—but we now show a Gold Star for Bill, he won't be back—there are many more boys that this town team represents, their names slip my memory. Then too, they represent every kid in Andover who dreams that some day he will be a baseball player.

Yes, Mr. Editor, we struggled along these boys and I, we were getting some place gradually. Then came the war. My boys asked me to keep the game going for them, until they returned. I made that promise, and I'm trying to keep it. To keep baseball and all sports alive in Andover. To try to bring back in some measure the days of the Royals, the K. of C. teams, the Elks, Ballardvale, to the time when Punched produced spirited fighting teams that could give and take—that had spirit and fight. Yes, these boys started this move with me. We're on our way,

and if, when they come back, after the war, and athletics fold up, we'll, at least, we can say, we tried.

Support the Service Men's Fund financially. The Town Team, which Selectman J. Everett Collins started, the first Old Timers' Days, that proved so successful and put a goodly sum into the fund. The Town Team has always manned a booth at the Carnivals and productively. They turned over the gate of the Academy game last year, and the Fourth of July game this year. We're trying to do our part, and will continue. Oh, yes, we turned over the receipts received on the Red Sox Autographed Baseball. It's tough running a club this year, and in bringing to Andover the best teams available costs money. We're just getting by financially. When we pay a fair club a \$35 guarantee, that game stands us about \$65. Each game calls for a minimum of six baseballs at a wholesale cost of \$1.50 each, two umpires, at least one bat, and they run up as high

as \$3, signs, boys, labor, telephone calls, telegrams, postage—I personally am responsible for all bills and obligations, and thank goodness our credit has been good. I'm happy and proud of the team that represents Andover and her sons in the service, and of the baseball field upon which they play.

That's my story, Mr. Editor, please print it so all will get the real story. Yes, I know you can't please every one—and by the way, Charley and I don't get paid for this work, or do we take a dime out for ourselves, for it's our duty to those fellows in the service, and the lads coming up—and I'm not even interested in getting back any of my own money that I've put into this move for Andover sports, that's my personal knowledge and pleasure.

Please thank the teams' great fans and supporters, they are a swell gang—and are the ones who are making Andover a going, spirited, sport's-conscious town that it can and should be.

Thanks a lot.

This Sober Town

We have read, in the metropolitan, the national and even the international press, various accounts of "the meanest thief". The one, you remember, who steals Grampa's cane, or beans the blind man, or steals the soap from the home for wayward boys.

Our nomination for the title of "meanest thief" went last week to the person or persons unknown who, last Friday night, visited the back yard of Edward Gorrie of Chestnut street, and stole therefrom some 50 feet of 3/4 inch pre-war garden hose.

We do not need to remind you that Mr. Gorrie could have put that hose to very good use over the week-end. Not only can we expect him to be angry over the loss, but his lawn is pretty well burned up, too.

* * * *

(This article was written for last week's issue by Jack Moynihan, Corporal Moynihan, our associate editor who is now serving Uncle Sam.)

The destiny of this week's edition of our Andover thriller has fallen into the hands of its erstwhile associate editor, at present home on an unearned vacation from the U. S. Army, an organization of which the reader may have heard. The said reader is therefore cautioned not to accept any of this week's items as unimpeachably true, as the said editor will find it as comfortable riding out of town on a rail as he did riding into it on the New York Central railroad.

We find the town pretty much as we left it. It's still impossible to discover when the bus leaves for Lawrence, and it's still pretty uncertain whether the soda-fountains will have any coke when your thirst becomes unbearable. The town government is running all right; the mills seem to be in perfect shape, the schools are coming along just fine. In fact, we're rather disgruntled to find that the old town seems to have been doing all right these past six months without us.

Servicemen coming back to Andover after any considerable absence, however, are advised not to bring their winter uniforms. The heat, during the past week, brought reminiscent tears to the eyes of many a South Pacific veteran. Not only have eggs been fried on Main street; the street itself had been cooked sunny-side-up by 0800 Sunday morning.

So, though we thought we had been sweating out that furlough in the mud of old Missouri, we find now that we didn't even begin to sweat until we got back to God's country. Arkansas and Texas papers please copy.

therly by land of the Northern Rubber Company one hundred ninety-three feet to said Andover Street; thence Westerly by said Andover Street by various bounds crossing said Dale Street forty-seven and one-half feet, eighteen feet, and eighty-eight and 6/10 feet to the point begun at. All of said measurements being more or less. Said premises are shown on a plan called "Plan of Dale Street Lot owned by Ballard Vale Mills Company."

Being a part of the premises conveyed to me by the Ballard Vale Mills Company by deed to be recorded herewith, and subject to the right of way and subject to the right to maintain railroad tracks, and together with the right to lay and maintain water pipes, contained in said deed.

There is EXCEPTED from the above described parcel, however, the Southwest corner of the same, bounded and described as follows: Southerly by Andover Street eighty-eight and 6/10 feet, more or less; Easterly by Dale Street one hundred twenty-one and 6/10 feet; Northerly by land retained under said mortgage eighty-eight feet, more or less; Westerly by land formerly of Philip R. French et al, more recently of Andover Savings Bank, one hundred twenty-six feet. The Southwest corner is supposed to be marked by a stone bound. Said released parcel having been released from under said mortgage by instrument dated November 24, 1939, recorded with said Registry of Deeds, Book 627, Page 349.

The plan above referred to is recorded with said Registry of Deeds as Plan No. 718, and the deed referred to is recorded with said Registry of Deeds, Book 538, Page 91.

The second tract is situated on the Northerly side of Andover Street in said Ballardvale, and is bounded and described as follows:

Beginning at a point in the Northerly line of Andover Street which is thirty feet distant Westerly from a stone post situated at the Southwest corner of land of Marion E. Dyson; thence Westerly by said Andover Street two hundred forty-eight and 9/10 feet to land now or formerly of the Northern Rubber Company; thence Northerly fifty-seven and 6/10 feet, North-easterly ninety-five and 75/100 feet, further Northeasterly slightly more Northerly one hundred fifteen feet, all by land of the said Northern Rubber Company to land of the Ballard Vale Mills Company; thence Southeasterly by land of the said Ballard Vale Mills Company one hundred sixteen and 5/10 feet to an angle; and thence Southerly by land of the Ballard Vale Mills Company one hundred sixteen and 25/100 feet to the point begun at. All of said measurements being more or less. Said premises are shown as the Wilson lot on plan of land in Ballardvale, Mass., owned by the Ballard Vale Mills Company.

Being a part of the premises conveyed to me by the said Ballard Vale Mills Company, by deed to be recorded herewith, and subject to the right of the Northern Rubber

Company to maintain the brick chimney now located thereon and the flue buried in the ground and leading to the same, referred to in said deed. The same deed is again referred to.

The said premises will be sold subject to the right of way and subject to the right to maintain railroad tracks and subject to the right of the Northern Rubber Company to maintain the brick chimney then located on

the second tract and the flue buried in the ground and leading to the same and together with the right to lay and maintain water pipes as above set forth insofar as said rights or any of them are still in force and effect.

The said premises will be sold subject to any and all unpaid municipal taxes and other municipal assessments and liens. One Thousand Dollars will be required

to be paid in cash by the purchaser at the time and place of the sale. Other terms will be announced at the sale.

Attracting Crowds

The Gilbert and Sullivan production of "Princess Ida" was given at the Opera Garden on Porter road last week with marked success, with a cast of forty members taking part. Miss Mabel Marshall was in charge of makeup of those in the production, and the lighting arrangements were in charge of Charles Hill and Dwight Killam and were operated by Robert Mass. The concert master was Dominic Teoli, of Lawrence, and the director was Horace Killam.

Local people in the cast were: King Hildebrand, John Eastham; Cyril, Dwight Sullivan; Lady Blanche, Luella Thompson; Sacharissa, Marjorie Foster; Chloe, Charlotte Trow.

pool, in charge of Lloyd W. Miller of Somerville, assistant registrar, with the help of Misses Marjorie Foster and Ruth Gregory of Andover, who are concluding their duties as lifeguards at Poms Pond. Mrs. Thaxter Eaton, of Abbot street, assisted by Miss Florence I. Abbott of Park street, and others, will be in charge of the library and study hall. Other local people connected with the school are: Rev. Elton E. Smith, Thaxter Eaton, who has been treasurer and business manager of the school for a number of years, Miss Mavis Avery, of Lawrence, Mr. and Mrs. Alvin J. Zink and George Zink of Ballardvale, who will assist the regular staff in the registration Sunday afternoon at Samuel Phillips Hall. Boy Scout Troop 72 of the Free church will again help visitors to locate their dormitories and carry their suitcases, under the direction of Edmond Gorrie, scoutmaster.

The school is supported partly by endowments and annual contributions but largely by tuition fees. The charge for day students enrolled in the school is \$6.00 for the week. Visitors who desire to attend one or more classes may do so by the payment of 50 cents a day.

During the war period when the school has been unable to meet at its regular location at the University of New Hampshire at Durham, the courtesy and cooperation of Phillips Academy in placing its splendid facilities at the disposal of the school and thus making it possible to continue its annual sessions, has been greatly appreciated by the board of trustees. Treasurers James Gould and Henry Hopper, and their staff, have devoted much time and thought to the smooth functioning of the school.

The laboratory school for local children up to 14 years of age, under the auspices of the Northern New England School, will open Monday morning at the South church, following a get-acquainted tea there for the parents on Saturday afternoon, in charge of an Andover committee headed by Mrs. George W. Glennie of Wolcott avenue. The five teachers connected with this school belong to as many different denominations, thus exemplifying the interdenominational character of the enterprise.

Mr. and Mrs. Edward Bradford of Wrentham spent the weekend with relatives in town.
