Children's Ambulance Deeply Appreciated

The following letter for the children of the Andover Guild, has been received by the Guild Board:
Dover County Hospital,
Union Road,
Dover, England

Dear Principal:

I feel that perhaps the boys and girls of Andover would be pleased to know that the Ambulance they provided is doing grand work here in what is called "Hell Fire Corner." We have been badly shelled four times during the past week and considerable damage and casualties have occurred. I was particularly struck by the very smart, clean and business like way the Ambulance arrived here from the Brain Specialist Hospital to take a young National Fire Service woman from the hospital to the brain experts: She was in a very bad state. Her sister was killed but her brother who sat between them was saved when the shell exploded. We have very grave doubts as to whether the wounded young woman will live as she has quite a large hole at the back of her head.

The English car registration number of your ambulance is 660-523. I sincerely hope that by the time this letter reaches you the war in Europe will be over and if you do not already know you will have the satisfaction of learning that all the efforts you exerted for the provision of the motor ambulance has not been in vain and that it has accomplished very considerable and valuable work for the wounded in this country. I am on the Hospital staff and felt I must just let you know how I personally feel about your great kindness and how your Ambulance is running.

Good luck to you all,
Yours Faithfully
L. P. DONNE M.B.E.

Local Artists To Exhibit Paintings In Main Street Stores

A very interesting exhibit will be shown here during the week of November 1st, when, through the cooperation of the local merchants, Andover artists will hang their paintings in the store windows along Main street.

The exhibit will be a feature of National Art Week, sponsored by the American Artists Professional League, and the following local artists will participate: Patrick Morgan, Maud Morgan, Elissa Waterston, Frances Dalton, Lev Garlanski, Abbott Cheever and Harry Sutton, Jr.

Miss Dalton is in charge of arrangements.

Alumni Complete Fall Frolic Plans

Tickets are now on sale for the big Fall Frolic sponsored by the Punchard Alumni Association to be held in the Memorial gymnasium on Armistice night. The frolic will be held after the annual Punchard-Methuen football game, and members of the football teams and school bands of these two schools will be the guests of the association, and will receive complimentary tickets.

Music will be supplied by Harold Phinney, who will also act as master of ceremonies for the affair. There will be several novelty dances and special honors for the boys who take part in the afternoon game. Each school will be asked to enter a couple in a dancing competition, with a prize for the winning couple.

The student bodies of Methuen, Johnson, Central Catholic and Lawrence high school are being invited to attend and the committee is planning to handle a crowd of about 500.

General chairman for the dance is Miss Monica Coleman, assisted by the officers of the association and members of the executive board as follows: Miss Atoinette Thiras, Miss Frances Jamieson, William A. Doherty, Miss Jean Gilfoy, Mrs. Thomas Neil, Miss Frances Reidy, Miss May Elander, Miss Eleanor Doherty, Miss Mary Simeone, Miss Theresa Nollet, Miss Mary Gates, Miss Bessie Dantos, John McGrath and Robert Emmert.

Punchard High Gridsters To Oppose Stoneham This Saturday Afternoon

Punchard High School's beautiful Andover playstead will be the scene of the high flying Punchard team's biggest game to date, on Saturday, when Coach Doc Gordon's fast and flashy Stoneham eleven comes to Andover with fire in its eye and boasting of a record of four victories against one lone defeat. In fact, this surprising Stoneham club breezed through to four straight victories until running into a cropper at Winchester last Monday afternoon, losing by a 0-24 score. Seemingly, this would indicate that Stoneham was overwhelmed. Such is not the case. Winchester is considered the cream of the Class C crop along with Cleo O'Donnell's also unbeaten Marlboro powerhouse. In fact, Winchester is touted as one of the State's outstanding teams, regardless of class. Stoneham is considered as one of the top flight teams on its record. Punchard, with a 3-2 record, will be out to upset the cart and score a victory on Saturday before a rabid crowd.

Guild Reopens On Next Tuesday

Open house with a Hallowe'en party will usher in the coming season of the Andover Guild next Tuesday evening. Benjamin Dimlich of the Junior high school faculty will have charge of the Guild for the coming year and he will be assisted by Mrs. Dimlich. The new director has been active in local playground work during the summer seasons, and also in Boy Scout camp work. Mrs. Dimlich, a graduate of Posse Nissen school of Physical Education, is the former Mildred Schruender of North Andover. For several years she was one of the playground instructors at the Shawshen playground. Both are admirably well-equipped for the new position.

The Hallowe'en party will be held from 7:30 to 9:30 on Tuesday evening, with boys and girls 11 and over eligible to attend. There will be music, games, dancing and refreshments. There will be a prize for the weirdest Hallowe'en costume.

Registration

The Guild will be open for registration on Wednesday, November 1st from 3:30 to 5:00 and 7:00 to 9:00. Registration will continue for the rest of the week.

A vote in favor of having Andover among the no-licensed towns supplemented by a decision to use its influence to bring this about was passed Monday evening at a meeting of the Andover Council of Churches in the Memorial Hall Library. A committee to conduct a long-time project on temperance education in the community was appointed by President Thaxter Eaton. The plans include lectures on temperance, scientific demonstrations, and moving pictures. The committee includes Rev. Elton Smith, Rev. Frank E. Dunn, Rev. Newman Matthews, Mrs. Scott H. Paradise, Mrs. Earl M. Slate, and Mrs. Christopher E. Shaw.

Arthur J. Davis, secretary of the Massachusetts Anti-Saloon League gave a talk on "Facing the Facts." He stated that six billion dollars were spent in the United States during 1943 on liquor, while only 917 million dollars were spent by all religious groups. According to Mr. Davis, at the Boston City Hospital alone 5000 intoxicated persons were cared for in one year, at an expense to the taxpayers of \$500,000,000.

The 1945 Council budget of \$660.00 was accepted as presented by Mr. H. H. Otis, chairman of the finance committee. Mrs. George Brown and Mr. Thaxter Eaton gave a very interesting report on the conference for Leaders of Local Councils of Churches held in Boston on October 19, which they attended.

A very complete report was given by Mrs. Elton E. Smith on the excellent work of the Christian Education Department. She pointed out that three Vacation Bible schools were held this summer in Andover with a total of 245 children and 40 workers. The second year of weekday Christian Education started September 13, with an enrollment of 182. Miss Evelyn Banning, principal of the Junior High school was highly commended for her work in this important project.

Fund Drive Short by \$4,000.00

"Andover's quota in the United War Fund Drive, ending next Monday, October 30th, is \$20,500. At the report meeting on Thursday, we were more than \$4,000 short of this goal. To the best of my knowledge, every valid subscription to the Fund was reported at Headquarters. Almost all the large individual gifts have been received and recorded. We must now depend on small gifts from many givers.

"This is no time to ease up. Our drive is in the same position as are our soldiers on the Western Front. We are within sight of victory but every effort is still needed. Our national goal calls for almost \$6,000,000 for war prisoners and Andover has several boys, or rather, men, in German and Japanese prisons. United Seamen's Service requires \$5,000,000. The U. S. O. spends \$60,000,000 in keeping up the morale of our armed forces. A total of \$40,000,000 is needed for Allied Nations Relief. And we must maintain our own local Community Chest agencies.

"The sacrifice demanded of those of us on the home front is small indeed. We should need no urging. I am confident that our quota will be more than reached if we all co-operate in the final drive ending next Monday."

The wedding will take place Nov. 12 in St. Patrick's church.

We Need Collins

In the last few weeks, we have mentioned the names of a few Republican candidates for office who shouldn't be elected because the leaders of the party have not seen fit to go out and get candidates superior to those whom the Democratic party has put up.

Those names are few. There are quite a few Republican candidates who very much deserve the support of every voter interested in good government.

Our primary local interest is, of course, in the contest for Representative. The three Republican candidates are our own Everett Collins and Methuen's Ralph Hill, and Mrs. Alyce Schlapp. The ticket deserves your support, for the three have worked together in the Legislature in the last couple of years, and are well conversant with present legislative needs.

Thousand Words in the First Sentence of the Ballot Questions

The questions on the ballot this year are lengthy and confusing as the sample ballot printed in last week's Townsman will show, and so we are using the simplified questions which have come from the office of the Massachusetts League of Women Voters to assist in the marking of the ballot as the individual voter really intends they should be marked.

Question No. 1

Do you approve a constitutional amendment simplifying the form and wording of questions on the ballot so that future questions will be briefer and more easily understood than heretofore?

A YES vote means that future questions will be more simply and briefly stated.

A NO vote means that future questions appearing on the ballot will be in the same form as they are now.

Question No. 2

Do you approve a constitutional amendment which would allow the legislature to prescribe the terms and conditions under which pardons of offenses which are felonies may be granted?

A YES vote means that the legislature would have the power to change the conditions under which a pardon may be granted.

A NO vote means that the pardoning power will continue to be vested in the Governor by and with the advice of the Council.

The voters of Andover, however, should realize that this election for Representative is not an open and shut affair. It is going to take work, real hard work, to make sure that we here in Andover have representatives of our own in the General Court. Methuen from a population standpoint, certainly should have two of the three representatives, but no right-thinking citizen of Methuen wants his town to have all three, any more than anybody here in Andover wants this town to have all three, or even two.

During the primary period last June and July, Everett Collins waged a successful campaign for re-nomination, but he pretty much waged it by himself with the help of his family and a few close friends. This time let's show him that we're all in back of him, that we all want to see him elected, and that we know that the town can be proud of the job he has done, and will do in the General Court.

Question No. 3

Do you approve a constitutional amendment providing that the legislature meet annually, instead of every other year?

A YES vote means that the legislature will meet every year as it did up to 1938 when a Constitutional amendment providing for biennial session was adopted.

A NO vote means that the legislature will continue to meet every other year.

Question No. 4

Do you approve of an amendment to the constitution "providing for absent voting by qualified voters who by reason of physical disability are unable to vote in person"?

A YES vote means that qualified voters who are physically unable to go to the polls and who are now unable to vote may vote by means of an absentee ballot.

A NO vote means that qualified voters who are physically unable to go to the polls will not be able to vote.

Question No. 5

Do you approve of prohibiting beano when played for prizes?

A YES vote means that you do NOT wish to allow beano to be played for prizes.

A NO vote means that you DO wish to legalize the playing of beano for prizes.

In addition to these five questions, there will also appear on the ballot three questions pertaining to the sale of alcoholic beverages.

Mrs. Irma Kelsey of Toledo, Ohio, is visiting her sister-in-law Miss Louise Kelsey of Shawsheen Rd.

"The Soldier America Sent"

Author: Anonymous
Sandbach, Cheshire, England
Just give me a guy with a light in his eye,

And a soft little sweet Southern drawl;

Just give me a guy who can smile quite a while,

For simply no reason at all.

Just give me a guy who can talk old New York,

Or brag on the New England states.

Who can talk about Sis, or the little home town,

And Mom, and how highly she rates;

Just give me a guy who can say "How-do-do,"

And talk like he's known you for years.

Who pulls out some snaps of the folks way back home,

And talks till your heart feels like tears.

Just give me a guy who smokes a cigar

As if it were part of his face,

And spreads himself out on your favorite chair,

As if he were part of the place.

Just give me a guy who talks Dollars and Cents,

And chews on the old stick of gum,

And in such a way that you really don't mind

Makes you glad that you asked him to come.

For this is the guy who represents all

That Democracy has to impress,

He's American through to the depths of his heart,

And his manners are part of his dress.

Easy On The Eyes

(Continued From Last Week)

A few years ago in the Andover Memorial Auditorium a demonstration was given depicting the progress which had been made in electric lighting from its infancy. Those who attended could hardly believe their eyes, such a poor feeble light, and what an eye strain it must have been to the early users of electric lighting. From the first electric light bulb shown, to the last, the audience was shown the various stages of development which the electric light bulb had gone through.

A further advance has been made! It is now on the market — and will soon be available to you. The name? Verd-A-Ray Lamp — more particulars to follow next week.

CHRISTIAN SCIENCE LECTURE

Florence Middaugh, C. S., delivered a lecture last Sunday at the Memorial Auditorium which was entitled "Christian Science; The Promised Comforter."

The speaker presented Christian Science as the same Christianity demonstrated by Jesus and taught to his disciples, which Mary Baker Eddy has given to this age in her discovery of the divine Principle behind Jesus' healings. She devoted her untiring efforts to putting this discovery into a form understandable and acceptable to mankind, and with the assurance that it is the Comforter promised by Jesus.

REQUEST DONATIONS

Because robot bombs have destroyed or damaged nearly one million London homes, the British Workshop Division of the British War Relief Society is urgently appealing for donations of clean and mended blankets, rugs, curtains and furniture coverings, according to word received from local chairman, Mrs. Charles Arnold, 88 Central St., Andover.

Three million London victims of rocket bombings with heavy hearts must make new homes in other houses with a pitiful lack of household necessities. Victims of the bombings have priority for the little furniture made in Britain today, but curtains, draperies, furniture covers, rugs and bedding are almost unavailable, and then only in return for precious clothing coupons, of which there are never enough.

Everyone is asked to search attic and home for blankets, rugs, curtains and furniture coverings and to get in touch promptly with the local chairman.

Because ...

We, too, know Andover and are proud of her traditions, as the Andover Beverage Association says they are;

Because ...

We, too, love the Town and want to do everything in our power to maintain those traditions on a high level;

Because ...

Andover, "that sober straight-forward New England town," as Phillips Brooks called it, until recently was long a no-license town and, we believe, should and will be again;

And Because

We believe that the so-called "right" or "personal liberty" of the individual to drink is far less important than the general welfare of the whole community, and that the liquor traffic is the enemy of thrift, mental and physical coordination, highway and industrial safety, good health, clear thinking, and strong character;

Therefore we strongly advise and urge the voters of Andover to vote "No" on at least the First of the Three License Questions on the ballot, November 7.

The party was in honor of Mrs. Qualey's 75th birthday and she was presented with a bouquet of flowers and a purse of money which was presented by her greatgrandson.

Refreshments were served by Mrs. James Tammany, Mrs. Edward Harty and Mrs. Frederick Kearn.

Guests were present from Andover, Lawrence, Boston, Lowell and Methuen.

Football Game

(Continued from Page 1)

Chelmsford line. Both teams went scoreless in the second half. Fred McCollum made a sensational dash of 35 yards for a seeming score in the third quarter. A clipping penalty nullified this counter, however. A McCollum to Ronny Demers pass into the Chelmsford end zone for tally number four was dropped by the scrappy Punchard end, after a score seemed certain. Demers, a sophomore end, has been one of the most aggressive boys on the Andover squad and has the makings of a star.

Punchard is definitely on edge for the Stoneham contest. Chelmsford was widely outclassed. The Punchard team was not forced to punt once in the entire game. The Andover team has been consistently strong on defense and has been unscored on in three of its five games to date. Jack King, 215, and Grant McMackin, 183, at defensive tackle, added weight and drive to the defensive line. Norm Bendroth showed fine discrimination in sizing up the opponents in his new defensive backerup position. Tuesday was an off day for the Punchard squad, with light work the remainder of the week to tune up for Stoneham. Several minor injuries and colds cropped up in the local camp this week. All hands are expected to be on deck for the crucial Stoneham game, Saturday at 2.

Mrs. Austin Huggins is spending the week with friends in Cornish, N. H.

From where I sit ... by Joe Marsh

Victory Is Just A New Start

Jeb Crowell and I took the bus to town the other day and a friend of ours asked us to go with him to his Club luncheon and hear a prominent college president speak.

He made a mighty sensible talk on Peace after the War, pointing out in particular that you can't readjust things after Victory's won just by making laws! Most countries, he said, will have to work out their post-war problems themselves.

To emphasize his point, he reminded us how we Americans once thought we could keep folks from enjoying a moderate

glass of beer, by legislation. And how we got fooled, bad.

Jeb and I agreed he was exactly right. You can't cram laws down folks' throats, especially if they interfere with their "rights".

From where I sit, moderate folks ought to be able to sit down and enjoy a friendly beverage like beer—with a home-cooked meal, in the company of friends, if they want to. I'm a great believer in moderation.

Schools Will Have Library Service

Miss Evelyn R. Robinson will begin her duties this week as school librarian for the School Department; permission for this arrangement was granted by the librarian of the Memorial Hall Library since Miss Robinson will be paid by the trustees until January. Miss Robinson will continue to serve as librarian at the Andover Junior High school; but by closing the library there on Wednesdays she will be able to give some library service to the elementary schools also. This week she will give talks in book appreciation at the Shawsheen and West Center schools; the following week she will be at Stowe and Jackson and the next week she will visit the Bradlee and Indian Ridge schools. By rotating her program she will be able to give approximately monthly service to each school. Miss Sarah A. Ballard, librarian of the Young Peoples' Department, of the Memorial Hall Library will work in close cooperation with her and will loan the usual monthly book deposits to the schools, and visit the schools with her during Book Week and whenever the need arises.

With this plan, Andover will be one of the first communities to cooperate with the National Education Association's post-war plan of library service in every school in the nation.

Election Cartoons At Addison Gallery

A collection of cartoons which served the cause of political campaigns in other election years is the subject of an exhibition at the Addison Gallery of Phillips Academy. The exhibition, arranged in collaboration with the Department of History at Andover, will remain on view until November thirteenth.

Few important American political events of the nineteenth century escaped the barb of the cartoonist. Presidential campaigns were no exception. The great period of influential political caricature began about 1830 and ended some sixty years later when the two foremost American cartoonists, Thomas Nast and Joseph Keppler, closed their respective careers on the famous Harper's Weekly and Puck magazines. Throughout this period, the personalities of the political figures of the day are generally caricatured more prominently than the issues for which they stood. Accordingly, most of the cartoons are difficult to understand without a thorough historical knowledge, for they allude not only to topics and catch phrases, but also to individuals who are now for the most part forgotten by the average citizen. Brief explanations therefore accompany each cartoon in the exhibition.

Good pictorial representations of political issues have four characteristics: humor; a foundation of truth despite exaggeration; emphasis on salient features of a face or personality; and a definite purpose behind the drawing. Some are cruel, some witty, and many so convincing in content that in their own time influenced the votes of the American people. Except for occasional political parallels with present day problems, they have lost this sense of timeliness for us. Nevertheless they afford an intimate insight into the spirit of their own day and present a picture of the fluctuations of party politics with a vividness which can be found in no other form.

During the greater part of the last century when newsprint was not so abundant as now, cartoons were circulated as single sheets (handbills) or appeared in weekly magazines. Their content was bound to be digested. Although contemporary American caricature is varied and of high calibre, the incessant demand on the daily cartoonist has weakened his effectiveness. Radio and movies now hold the popular attention while the cartoon has become a less important influence on public opinion.

Miss Carol Paradise, daughter of Mr. and Mrs. Scott H. Paradise, who graduated from Abbot last year, is now a freshman at Connecticut College for Women at New London, Conn.
