### March of Dimes to Reach Goal of \$1500

The Andover quota for the March of Dimes has been set at \$100 and local residents are urged to be generous in their contributions to the Infantile Paralysis Drive which is now on.

Churches, stores and other convenient locations have been supplied with coin collectors for dime contributions and the Andover Savings Bank and the Andover National Bank will receive cash contributions of one dollar or more. Checks should be made out to the Infantile Paralysis Foundation or to Rev. Frank E. Dunn, and they may be mailed to 16 Elm street.

Last year saw the second worst epidemic in the history of the nation with 19,000 victims being stricken, and the local committee is confident that Andover's response will be generous.

The Drive, which will continue through Jan. 31st, is being directed by Rev. Frank E. Dunn, assisted by Rev. Henry B. Smith, O.S.A., Thaxter Eaton, Edward I. Erickson, Walton Brewer, Charles E. Foster, and Eugene Bernardin.

The sponsoring committee consists of: Louis Finger, Very Rev. Thomas P. Fogarty, O.S.A., Burton S. Flagg, Dr. Claude M. Fuess, Roy Hardy and Chester W. Holland.

### Swimming Invitation To Guild Youngsters

Local boys who already know how to swim and who are registered at the Andover Guild are included in an invitation to swim in the pool at Phillips academy on Saturday mornings from 9-10. Swimming classes will not be held for this group because of the limited time allowed, any youngsters interested may still register at the Guild.

The "Keep Fit" group, under the guidance of Mrs. Benjamin F. Dimlich, still has a few vacancies, and is held on Tuesday evenings.

There will be a dance at the Guild on Friday evening at 8:00 p. m., to which all local young people are cordially invited.

### ANDOVER COUNCIL OF CHURCHES MEETING

Sunday, Jan. 28 at 4 p. m., there will be a discussion of the subject, "Youngsters and Their Spare Time," at the winter meeting of the Andover Council of Churches at the Baptist church, to which the public is invited. Following the delegates' business meeting at 3:30 p. m., Chief of Police George A. Dane and representatives of the Andover Recreational Council and the Andover Club Packs will give their views on this important subject.

### Paul Lin of China To Speak Sunday

The second in a series of six lectures to be given this winter at George Washington Hall under the auspices of the Society of Inquiry, will be given this Sunday, Jan. 21, at 7 o'clock when Mr. Paul Lin, of China, at present doing graduate work at Harvard University in the field of History and Political Science, will speak on what is going on in China now. Mr. Lin has spoken to a good many American audiences regarding China's place in the postwar world and her relationship to the other three big Allied powers that form the United Nations leadership. He is very much concerned with the relationships of United States and China, and eager to help interpret China to this country. He will speak on the general subject, "The Impact of the War on China," and will touch on the relationship of the Communist group in China to the Central Government.

### Rally on February 7th "Know Your Schools"

The Central P. T. A., and the League of Women Voters are anticipating a large and enthusiastic audience at their "Know Your Schools" Rally which is to be held in the high school Auditorium on February 7th.

Invitations will be sent to all parents, together with sample questions dealing with matters of interest to those with children in the grades, junior high and high schools.

Because the answers to these questions, which have come from the parents themselves, deal with school management and affairs, a large response is certain.

### Andover Children to Have X-Ray Tests

This year more than ever before with the many demands on people's time and money, the Essex County Health Association appreciates the cooperation they have received throughout the county in the purchase of this year's Seals. Plans are already well underway to prevent a war time rise in tuberculosis throughout the county, by the Essex County Health Association.

(Continued on Page 13)

The sum of \$21,000 will be asked in a special warrant article at the Town Meeting in March in accordance with plans made by the 300th Anniversary Committee at a recent meeting.

J. Everett Collins, chairman of the Music Committee, recommended a budgetary figure of \$2000 for this item, and Burton S. Flagg, chairman of the pageant committee, recommended \$2000 for a large pageant to be given at the play-stand.

William Trow, chairman of the Historical committee, had action on an appropriation for the compiling of the town history set aside until other budgetary figures had been presented.

Fred Cheever is chairman of the Decorations Committee. He will be assisted by J. Harry Playdon, Harold Livingston, Nellie F. Rand, Margaret Curran, Mrs. George M. R. Holmes, Fonnice Davis, Reginald W. Holt, Leverett N. Putnam, Mrs. John M. Stewart, Mrs. Charles Arnold and Mrs. Robert E. Brown.

**"That's not the way to treat my good Hood's Milk"**

Oh, dear! Mother's left our Hood's Milk out in the cold too long and

look what's happened to it! And just when I was planning to have an extra glass of it with my lunch today! Come to think of it, I was right there when our Hoodman told Mother last week about being sure to bring the milk indoors right after he delivered it. He said even Hood's Milk is nowhere near as good after it's been frozen. But I know my mother won't forget again,

'cause she's the one who says that the reason I'm getting so big is because I drink so much Hood's Milk!

**EVERYBODY CAN HAVE MORE MILK**

Thanks to the continuous efforts of New England farmers more milk is now available. Order extra supplies from your Hood Route Salesman or ask for it at your neighborhood store.

The follow-ups are going out and the local committees urge all who have not returned their contributions or Christmas Seals to please do so in order that they may bring this year's Christmas Seal Sale to a successful close.

The Andover Christmas Seal Committee announces the total sum as of January 11, \$1858—about 19% more than last year. A generous minded friend sent a gift of twenty dollars above his regular contribution—possibly his gift will encourage others!

Thursday and Friday the Chadwick Clinic sent out by the State will be busy x-raying pupils and employees at Punchard. Miss Mary C. Dinsmore, executive secretary of the E. C. H. A. will come up from Beverly to assist. Mr. Erickson expects between 350-360 will have the advantage of the tests.

The Andover Christmas Seal Funds will be used to the extent of \$168 in defraying expenses so Andover givers will be happy to know some of their gifts is being used to safeguard Andover youth.

1540 letters were sent out in November, 1300 have replied—if you have not, your reply is solicited. Thanks to every one who has made the 1944 Seal Sale a successful one.

Robert Henderson of Haggett's Pond Rd., and Richard Trull of No. Tewksbury enjoyed the skiing at North Conway on Sunday.

**CLUB NOTES**

On Monday, January 22nd the November Club will present Mr. Fitzroy Davis who will talk on "Plays on Broadway". Mr. Davis is well versed in all aspects of the theater, having been playwright, actor director and manager in the course of his career. His presentation of hits on Broadway should give the club a memorable afternoon of pleasure and give the members at least a conversant knowledge of the current theatrical picture as a whole.

**LEGION TO MEET**

Members of the Andover Post, No. 8, American Legion, will meet in the Post Rooms on Thursday evening, January 18th, at 8 o'clock.

The Christmas Party committee will make their report, and the remainder of the time will be spent making plans for entertaining the men who have returned to town from the armed forces.

There will be a meeting of the New England Rose Society on Saturday, January 20th, in Horticultural Hall, Boston, to which all members of the Andover Garden Club and their friends are cordially invited.

Registration will be at 10:00 a. m. and the meeting will conclude with a question period and an open forum on Rose growing.

S/Sgt. Gusta H. Larson, 143 Pleasant Street, is with the 398th Infantry Regiment of the Century Division with the Sixth Army in France.

The enemy held prepared positions in dense forests. Their dug-outs were deep, covered with logs, and well camouflaged. Their artillery was placed on the mountainous heights that rose above the forest level. Tank traps, booby-traps, and land mines—many of the latter ingeniously fitted with trip-wires—blocked the narrow routes and paths through the forest.

Still, against military obstacles like these, against a fanatic enemy, and in weather conditions that included rain and snow and ankle-deep mud, the 398th proceeded without delay to help take Baccarat, to cross the swift, flooded Meurthe River, and to press the Nazis further back toward the Rhine.

The 398th Infantry, with other units of the Century Division, was activated at Fort Jackson, S. C., in November, 1942, participated in maneuvers in Tennessee, and later moved to Fort Bragg, N. C., for training in coordination of infantry with tanks, artillery and air force.

Just after the bombing of Pearl Harbor, he was assigned to Schofield Barracks, Hawaii. After spending a year there he returned to California, where he began his training in the Air Force. After completing his training in Sarasoto, Florida last April, he was shipped overseas, where he was stationed in North Africa for a short time before being transferred to Italy. He has made 10 missions as a fighter pilot. Before he left for the service he was employed by Marland Mills and Tyer Rubber Company.

A letter sent home by Sgt. Alan T. Polgreen follows in part . . . "I was fortunate to enjoy a nice Christmas dinner sitting in a warm tent around a warm fire. The turkey was excellent. The soldiers paid a nice tribute to the children of this French village by contributing their Christmas candy to them. A ceremony was held where the children sang their French songs and the soldiers the National Anthem. Christmas eve the Captain arranged with the Priest so that we had a midnite mass for the first time since before the war. The civilians have treated us very fine here. The news for the past two weeks was quite discouraging, but there is a change for the better now. Once again we say a prayer hoping that if not before we will be home by next Christmas."

S/Sgt. Gusta H. Larson, 143 Pleasant Street, is with the 398th Infantry Regiment of the Century Division with the Sixth Army in France.

The enemy held prepared positions in dense forests. Their dug-outs were deep, covered with logs, and well camouflaged. Their artillery was placed on the mountainous heights that rose above the forest level. Tank traps, booby-traps, and land mines—many of the latter ingeniously fitted with trip-wires—blocked the narrow routes and paths through the forest.

Still, against military obstacles like these, against a fanatic enemy, and in weather conditions that included rain and snow and ankle-deep mud, the 398th proceeded without delay to help take Baccarat, to cross the swift, flooded Meurthe River, and to press the Nazis further back toward the Rhine.

The 398th Infantry, with other units of the Century Division, was activated at Fort Jackson, S. C., in November, 1942, participated in maneuvers in Tennessee, and later moved to Fort Bragg, N. C., for training in coordination of infantry with tanks, artillery and air force.

He has made 10 missions as a fighter pilot. Before he left for the service he was employed by Marland Mills and Tyer Rubber Company.

## Biographical Note Of Local Interest

John Marsden, who died in Ballardvale last week, was born in Marsden, England in 1875. He was the baby at a "four-generation birthday party" to his great-grandmother, born before 1780. He made his home in the United States, and in 1942, with two great-grandchildren to his credit, he was the guest of honor at a second four-generation party. If his great-grandchildren live to an ordinary age, the members of his line on whom he had set eyes will have covered much more than two centuries.

His sister, Dora Marsden, was at one time a prominent standard-bearer in what was then the newest movement in English literature. She helped to introduce to the public such now well-known writers as James Joyce and Rebecca West.

From 1926 onward, Mr. Marsden resided in Ballardvale with his sister Mrs. M. M. Dyson. Here he had for the last two years of his life been active in raising English cavies and golden hamsters. The golden hamster is interesting for its rarity, for the world's entire available supply originates from one nest which was found in 1930 eight feet below the ground in Palestine. Thus Ballardvale is one of about two dozen registered places in the United States where you can get a golden hamster for a pet; one may guess hardly fifty places in the world, for the war has been through most of the half-dozen countries which they were sent from Palestine. It is a friendly golden-brown little creature rather smaller than a chipmunk.

## 300th Anniversary

(Continued from Page 1)

committee that the Andover-Exeter baseball game has been arranged for June first, and the latter indicated that Saturday morning should be set aside for sports and that \$500 be recommended for necessary expense.

Dr. Fuess reported for the committee on Invitations and Banquet. After some discussion, the figure recommended was \$2000, which would take care of invited guests from outside Andover, and would include part of the expense of a visit from the Mayor of Andover, England.

Budget figure for a hugh parade, to be held on Thursday afternoon, was set at \$2000. Details must be indefinite while our military efforts at the anniversary is still in doubt. The report was made by Howell F. Shepard.

The Publicity report, read by Roy Hardy, recommended a consolidation of programs and catalogs, contests for best professional and school posters, and advertising through letters and bill-heads of both town and private business, and the appropriation suggested was \$60.00.

Henry Tyer reported that the manufacturing and trades exhibit could be held in either the gymnasium or the South Church Vestry, and the expense would come to not over \$100.

Thaxter Eaton was commissioned to notify the pastors of all churches that the committee would appreciate the co-operation of every

church in the Sunday historical observance.

Stanley Swanton, Herbert Otis and Augustine Sullivan have been added to the Finance Committee.

Representative J. Everett Collins has filed a bill to permit an appropriation in 1945 for an Andover-Tercentenary in 1946 or any later year to which it might be postponed.

The tentative program is as follows:

## RED CROSS NOTES

An afternoon entertainment was presented to the Andover Guild members on Monday, January 15th by the Nutrition Committee of the Andover Red Cross.

Mrs. Edward J. O'Connor opened the program with a vivid description of the Seven Basic Foods. She emphasized the importance of these foods in the daily diet and explained how lunch boxes should be prepared to include the foods necessary for body growth and development.

Over fifty Junior Guild members were present. Refreshments were served and the moving picture "This, Too, Is Sabotage" was shown.

The committee is grateful to Mr. and Mrs. Benjamin Dimlich, Mr. Sidney White and Mr. William Trow for their courtesy and generosity.

## Now's The Time

Some time during the course of last year we made the remark editorially, that the Board of Public Works was not particularly a strong board. Some of the members put the shoe on, and it hurt them—but that's the kind of a shoe that can hurt and fit at the same time.

Election is again coming, and there are two positions to be filled on the board. Fred Doyle is running again, and certainly should be elected, but Jesse Bottomley has indicated his intention of withdrawing from the board. Since he was of the stronger element within the board, it can be seen that we run a very good chance of making the board weaker, if we don't find, before nominations close on February 1, someone strong to step into the vacancy.

Many town offices have been filled poorly by default in the past. It's happened in the Board of Public Works, not in the too distant past, either. And it's really not the voters' fault, for certainly they can't very well elect anybody whose name isn't on the ballot.

It's somebody's job to go out and get some good candidate to run. The leaders of our community life should see to it that there are some worthwhile candidates for this vacancy, for otherwise someone might slip in who would certainly not be an asset to a board that could use some good assets.

On February first nominations close. Let's not wait until too late; let's get out now and see to it that the voters of Andover won't have to choose between two evils at the annual election.

### ANOTHER WAR CASUALTY

Today's Townsman is printed on newsprint, and the Townsman thereby becomes a war casualty. The book paper heretofore used in the Townsman is now just about impossible to get, and for the last few weeks the servicemen's Townsmans have had to be printed on newsprint. Our regular supplier of book paper will not receive a new quota until March; for the past several weeks we've had to pick up odd lots here and there.

So — until victory — or whenever the paper situation eases up, the Townsman will have to be on newsprint. Otherwise everything will be just the same.

### ADDISON GALLERY OF AMERICAN ART

Mr. Patrick Morgan will give two Sunday afternoon talks on the current exhibition at the Addison Gallery, "A Way of Painting Which Became a Way of Seeing."

How I would like to give you some good news about the meat situation, but, folks, it just can't be done. This week I have called on every wholesale meat and poultry dealer in this part of the country, and all of them are as bare of fresh foods as a well-plucked crow. What little we can get is sold the day we can get it. You can readily see how impossible it is for us to accumulate any meat for the week-end customer. We do not know today what we will have for tomorrow.

We will all have to make the best of it until supplies get a little more plentiful.

# Thank You Ford Owners!

**YOU OWNERS** of Ford-built cars and trucks deserve great credit for your part in keeping one quarter of the nation's vital automotive transportation rolling. With shortages in manpower and parts, we've been able to do our share of the job only because you have been patient and cooperative. *And we thank you!*

- ● Repair needs mounted swiftly as cars grew older. Parts were scarce. We had to train mechanics and rebuild parts, engines and whole assemblies - normally factory jobs - in our own service departments, often at higher overtime costs.

- ● You saw and understood

our great problems. You set an example of fair play and common sense, and you helped us by being patient during this critical period.

- ● *Your cars and trucks still have a long way to go.* Probably they already have been driven much farther than normally would be the case. And even when new cars are produced again, *it will be a long time before they are available for all who want them!*

- ● Don't neglect your present car. Working together we can help you *get all the "extra" miles that Ford built in!* Keep on bringing your car "home" for the best service possible under wartime conditions.

# This could be your telephone

**BECAUSE** communications directs the attack, it stands for both the success and safety of our fighters overseas. Right on the heels of the infantry are the men of the Signal Corps. The farther they advance, the more telephone equipment they need.

The demand for communications equipment for war is so urgent that many thousands of civilians in New England, and throughout the whole country, must wait. How long? We wish we could tell you.

Until victory is assured, the manufacture of wires, switchboards and instruments for civilian use is restricted. Meanwhile we are doing all we can to make existing facilities serve the greatest number.

Our plans are made for expanding facilities when the fighting ends. Catching up with the civilian construction suspended during war years will be a big job and you can understand it's going to take time.

## Men's Club Started At St. Augustine's

A meeting was held Monday evening in the parochial school hall for the purpose of organizing a Catholic Men's Club of St. Augustine's church. A large group of men was present at the meeting, which was presided over by William A. Harnedy, who acted as temporary chairman.

The meeting was opened by Very Rev. Thomas P. Fogarty, O.S.A., pastor. As the meeting continued, it was voted that the president should appoint a board of directors, membership and program committees, and that these officers and directors draw up a set of proposed by-laws for the club.

The following officers were elected: Timothy J. Scanlon, president; Edward J. Dowd, vice president; John J. Mulcahy, secretary; Louis J. Gleason, treasurer.

The next meeting will be held next Monday evening at 8 o'clock in the school hall, and all the men of the parish are invited to attend.

Benjamin Franklin preached Thrift.

Thrift was his watchword.

He realized its importance in the training of children.

He recognized its effect on the everyday life of his fellowmen.

Franklin progressed from a humble printer to become the signer of the two most important documents in the early history of our country.

Today, as then, foresight is synonymous with wisdom.

Follow the example of this great man.
