Boy Scouts To Give Benefit Performance

The Executive Committee of Boy Scout Troop No. 72 of the Free Church has arranged an evening of entertainment for Friday, Feb. 9th in the parish house which promises to be one of the best functions yet sponsored by the Committee.

Tickets have been distributed through the thirty-four members of the Troop and it is already indicated that the show will be a sell out. The proceeds of the entertainment will be used in furthering the work of the troop, particularly in connection with the summer program of camping.

The Troop Committee in charge of this function is: Dr. A. Warren Sandbergh, chairman, Alexander Black, Mervin Stevens, John Grecoe, Theodore Peterson, Norman MacLeish, Harry Clough, and Rev. Frank E. Dunn.

Infantile Paralysis Drive Ends Saturday

The Infantile Paralysis drive, which has been conducted in Andover under the chairmanship of Rev. Frank E. Dunn, will end Saturday.

The committee handling the tag day on last Saturday was handicapped by the extreme cold weather, and the results were disappointing. It was therefore decided to repeat the tag day this coming Saturday, February 3.

The response to the general campaign has been very encouraging, and the committee urges all Andover residents to complete their contributions this week.

A report of the amount raised will be made next week when the returns are complete.

Many Candidates For Three Offices

A sizeable number of candidates for the annual election filed papers before closing time Thursday afternoon. The Board of Public Works, School Committee and Board of Health, all have several candidates, while Moderator Shepard, Town Clerk Winslow and Selectman Roy Hardy are unopposed.

On the school committee the incumbents are Jerome W. Cross, Jr., Arthur R. Lewis, and Barbara Loomer. They are being opposed by George Connors, John Bolten, Jr., and Edward F. Hogan, the latter two of whom are related by marriage, Mr. Hogan being the brother of Mr. Bolten's brother-in-law.

For Board of Public Works the ballot will show two Doyles, one the incumbent Fred W. Doyle and the other Edward A. Doyle, former fireman at the pumping station. The other candidates are William S. Titcomb, William J. Snyder, William R. Edwards, James Mosher and Llewellyn D. Pomeroy.

Base Ball Fans To Honor Local Team

The approaching Base Ball Fans Dinner—on Monday evening—to our Championship Town Team of 1944 promises to be another enjoyable evening, for both the loyal men and women fans. A good dinner is in the making, to be followed by an excellent base ball program.

Ev. Collins as toastmaster will throw out the first ball—"and we're off." By popular public request Henry Lamar, head coach at Harvard returns as head liner, supported by "Big Leaguers" and movies. See ad in today's Townsman—but be sure you get YOUR ticket BEFORE Monday.

Sgt. Abraham Sharpe Missing in Action

Sgt. Abraham Lincoln Sharpe, former manager of the Ballardvale baseball team, has been reported missing in action in Belgium since Dec. 17, according to word sent by the War Department to his brother, Ralph Sharpe.

The local man was a member of the 99th Division, serving with the field artillery. He had been in the service since July, 1942. Before his induction he was employed in the Shawshen dye house.

Over Thirty Articles In Annual Warrant

Over thirty articles are included in the annual town warrant which was closed Thursday. The largest single special appropriation request is for \$150,000 for improving the water system of the town, but that there is not unanimous agreement behind the plan is shown by the stipulation in the article that no work is to start until approved by a majority vote of each of the Board of Public Works, Board of Selectmen and Finance committee.

A second article asks \$25,000 for improvements on the sewer system. Another asks \$1000 to continue the sewer and water committee which has been studying the system. The \$150,000 article allows three possibilities for financing the project: (1) appropriation, (2) transfer from the available funds, or (3) a bond or notes.

Other articles ask \$21,000 for the celebration of the 300th anniversary.

Social Studies Text By Former Local Man Praised By Experts

Lawrence V. Roth, formerly an instructor at Phillips Academy and former member of the Andover School Board, has written a book called "Living In The Peoples' World" which is meeting with unusual favor.

Mr. Roth, who left Andover in 1933 after teaching at the Academy for 15 years, has been writing books ever since, mostly for the public school field, and his latest work, the second edition of which will soon be off the press, is now being used by over 400 schools.

Collaborating with Mr. Roth as author, is Mr. Stillman M. Hobbs, who was a student of Mr. Roth's while at Phillips. Mr. Hobbs has made numerous contributions to the field of social studies and possesses a remarkable facility for translating economic concepts into language readily understood by ninth grade readers.

The new text book represents the first organized effort to cover in full New York State's ninth grade social studies programs not merely the combination, but the interweaving into a whole pattern of global geography, economic citizenship in a global world, and guidance.

Report On Survey Of Punched Graduates In The Armed Forces

A careful examination of records show that forty per cent of the men examined for military service in this war were rejected because of physical defects. The rejects in towns similar to Andover in size, location, wealth, etc., amounted to from twenty-five to thirty per cent of the men examined.

The information that was obtained in a recent survey of Punched graduates is of special interest. The facts presented refer to all of the boys who were graduated from the high school in the six classes from 1938 through 1943.

No. of Boys	230
In Service	208
Per Cent In Service	90.4
Rejected	13
Per Cent Rejected	5.6

Many of the boys of the class of 1944 are in military service already.

The rest will be taken soon after they become eighteen. There is no doubt but that in a few short months their record will equal that of the other classes.

The rejection rate of 5.6 per cent is quite low. In general most of these rejections were based upon disabilities of long duration which could not be avoided or corrected.

It would seem that most of the rejects for physical fitness were among the older age group and those who left school for work.

There is no reason to believe that the older men were in poorer physical condition at the age of graduation from high school, than the boys of today. There is no doubt but that a physical education program is needed for men after they get through school. A thorough yearly physical checkup and information on matters of health seems to be a vital need for adults.

NEWS OF OUR MEN AND WOMEN IN UNIFORM

A NINTH AIR DEFENSE COMMAND, FRANCE—For his duties in the mud and isolation of a Ninth Air Force airstrip, **Second Lieutenant Eugene W. Clark**, has the gratification of seeing the aircraft he has guided home come safely to a landing. He is a member of a searchlight team, which, on receiving a distress signal from a crippled or lost aircraft, can send a piercing beam of light—800 million candlepower—stabbing into the murk like a beacon to a lost mariner.

Many a pilot, lost, low on gas, and headed for grief, sometimes with wounded aboard, has welcomed the sight of the searchlights, and on landing, has gone straight to the men on the hugh arc to thank them personally. The searchlight team has homed every aircraft type from the hugh fortresses to small Ninth Air Force P-51s.

"It makes the job worth while when we receive the sincere thanks of the pilots," says Lieutenant Clark.

His wife, Mrs. Doris Anderson Clark, lives here in town.

KEESLER FIELD, Biloxi, Miss., Jan. 24—Pvt. Anthony Babicki, son of Mrs. Stella Babicki of High Plain Road, has reported to Keeler Field to take the Army Air Forces Training Command examinations to determine his qualifications as a pre-aviation cadet.

WITH THE THIRD INFANTRY DIVISION OF THE SEVENTH ARMY, FRANCE—First Lieutenant **William Cargill, Jr.**, has been awarded the Bronze Star for valorous conduct in action against the enemy while fighting with the Third Infantry Division in Italy.

His mother, Mrs. William Cargill, lives at 52 Stevens Street, Andover.

Three Andover men were commissioned Ensigns in the U. S. Naval Reserve when they graduated recently from the Naval Reserve Midshipmen's School at Abbott Hall, Northwestern University, Chicago, Illinois.

The graduates who will now be assigned to duty with the fleet as deck officers are: **Vasco E. Nunez, Jr.**, 20, son of Mr. and Mrs. V. E. Nunez, Sunset Rock Rd.; **Cornelius Cleary**, 23, son of Mr. and Mrs. M. Cleary, 54 Red Spring Rd.; **Gordon B. Elliot, Jr.**, 21, son of Mr. and Mrs. G. B. Elliot, Holt Rd.

Private **Thisbe N. Paparella**, Women's Army Corps, formerly of Andover, has arrived at William Beaumont General Hospital, El Paso, Tex., where she will attend the School for Medical Department Technicians.

The daughter of Mr. and Mrs. J. Paparella, 68 Elm St., Private Paparella has been in the service since Sept. 29, 1944.

Upon completion of her course, part of a recently inaugurated program to train more than 8,000 Waacs for service with the Army Medical Department, Private Paparella will be qualified for duty as a technician in one of the Army's 60 general hospitals in this country.

Pvt. **Thomas Carter**, son of Mr. and Mrs. Herbert P. Carter of Lowell St., recently arrived in Belgium according to word received by them. He entered the service in July and received his training at Camp McClellan, Alabama.

1st Lt. GRACE M. HATCH, A.N.C.

232nd GENERAL HOSPITAL, TEMPLE, Texas—The promotion of **Grace M. Hatch (A.N.C.)**, daughter of Mr. and Mrs. B. F. Hatch, 6 Summer street, Andover, Mass., has been announced by the War Department. She now wears the silver bars of a first lieutenant, according to Lt. Col. Donald C. Singe, Commanding Officer of the 232nd General Hospital, Temple Texas.

Lieut. Hatch received her nursing training at Beth Israel Training School for Nurses in New York City. She entered the Army Nurse Corps in February, 1941, at Fort Jay, Governors Island, New York City, where she received her Army Nursing training.

She served with the Army Nurses Corps in Panama and Puerto Rico in 1942 and 1943. The lieutenant returned to the United States in 1944 to assume a post at the Tilton General Hospital, Fort Dix, N. J.

She is now with the 232nd General Hospital, which is attached to McCloskey General Hospital, Temple, Texas, for parallel training.

PENINSULAR BASE HEAD-QUARTERS, ITALY—Pvt. **Arthur W. Hutton**, of 24 Maple Avenue Andover, Mass., is a member of an Engineer Boat Regiment which has recently been inactivated in the Italian theater but prior to its disbanding achieved a superb record which won it the following commendation from the Commanding Officer of the Base Section.

"The splendid record that has been achieved and the traditions and esprit which have been built in the twentyeight months of the organization's existence are an example to all in this united effort to defeat our enemies. The Regiment has operated in twenty-five ports in the British Isles, Africa, or on the European continent and its islands. The task under such conditions of dispersal has been exceptionally difficult operationally, administratively, and particularly in regard to the welding of an esprit and pride of organization which every man of the Regiment possesses. The personnel of this command will go forward to join other units and carry on new missions, but they may all know that their former unit stands out among combat and service regiments alike as having performed an exceptionally meritorious service to its country and the Allied cause."

WITH THE 100th INFANTRY DIVISION OF THE SEVENTH ARMY IN FRANCE—Private **First Class Kenneth C. Bushway**, son of Mrs. E. Bushway of South Main street, was recently awarded the Combat Infantryman Badge. He is with a company of the 398th Infantry Regiment.

The local soldier's division is one of the newest on the front of Lt. General Alexander M. Patch's American Seventh Army.

The 100th Division left the United States with a high reputation earned in its training period in the Carolinas and Louisiana Maneuver Areas. It was the Century Division which was called upon to provide an infantry battalion which paraded and demonstrated in New York City as part of the country's first Infantry Day celebration on June 15, 1944. Another honor paid the division in March of this year was the War Department's selection of the 100th Division to be the first organization to present the Expert Infantryman Badge to one of its members.

First Lt. **John Anderson**, son of Mr. and Mrs. Burt Anderson, 61 Chestnut St., can now wear the third Oak Leaf Cluster to the Distinguished Unit Badge, now that his unit, the 27th Fighter Group, a veteran P-47 Thunderbolt air support outfit, has become the first AAF Unit in the Mediterranean Theater to be cited four times in War Department General Orders.

When word of the latest citation arrived on Dec. 12, it was cause for a triple celebration for the 27th, for that was the date of the Group's second anniversary in the Mediterranean Theater of Operations and it was also the eve of its 2,500th combat mission against the Nazis.

The 27th Fighter Group had previously been cited for its gallantry in action on Bataan and Java and in the skies over Australia in the early days of the war with Japan.

Lt. Anderson received his wings on November 5, 1943, and since that time, has flown over 50 missions over enemy territory.

BOSTON, Mass., Jan. 30, 1945—Among the Women Reservists now on duty at the nation's capital, releasing a man to fight at sea with the fleet, is **Miss Gladys Monroe**, Seaman First Class (Y), of 20 Baker's lane, daughter of John S. Monroe, Sr. She was formerly employed with the Merrimack Mutual Fire Insurance Co., and has two brothers in the armed forces, Pvt. John S., Jr., and Pvt. William C. Monroe.

Miss **Gertrude Madeline McKay**, Seaman Second Class, of 5 Arundel street has completed her basic training and indoctrination course at the Naval Training School (WR), New York, and has received orders to report for duty at the Naval Barracks, Washington, D. C. Seaman McKay is the daughter of Mr. and Mrs. Frederick McKay, and has a brother, **William McKay**, Apprentice Seaman, U.S.N.R. V-12 candidate at Holy Cross college, Worcester, Mass.

Private **Sherman E. Carr**, 13 Arundel street, has been wounded in the European area, according to a list of names released recently by the War Department.

15TH. AAF. IN. ITALY—T/Sgt. **Charles A. McKew**, instrument specialist of a B-24 Liberator squadron in the 15th Air Force, has been authorized to wear the Distinguished Unit Badge as a member of a heavy bombardment group which has been cited by the War Department for "outstanding performance of duty in armed conflict with the enemy."

The group received the gold-rimmed blue ribbon for the bombing of underground oil storage installations at Vienna. On August 21 the group was assigned the task of destroying this target. The ground crews were credited with having every possible B-24 at the peak of mechanical perfection to insure the success of the mission.

In spite of extremely adverse weather conditions, which separated the group from its badly needed escort, they proceeded directly to the target. Fifty enemy fighters attacked the formation, using rocket guns, cannon, and machine guns. One Liberator was shot down, but the group destroyed or damaged thirteen enemy planes, and fought off the rest.

At the target intense anti-aircraft fire was encountered, which destroyed two more bombers. Despite the heavy fire, and the large numbers of enemy fighters, the group concentrated its bombs on the target and destroyed vital installations and supplies.

In the words of the citation, "the destruction inflicted on the enemy by the 484th Bombardment Group immobilized countless enemy aircraft and halted divisional motor columns destined for the support of ground troops on all fronts."

New Postal Notes To Go On Sale Today

Stephen A. Boland, Acting Postmaster announces that the NEW 5c UNITED STATES POSTAL NOTES went on sale in this town on Thursday, February 1, 1945.

"The Postal Note epitomizes what we are attempting to accomplish in the entire administration of the Postal Service. We want the Postal Service to be characterized by efficiency and economy. We want to incorporate in our service as many as possible of the extraordinary advances and improvements which have been realized in American business. And we want, while per-

forming our work as efficiently as we know how to do it, to charge no more for specific service than that service costs," Boland said.

These new Postal Notes are designed as a Safe, Convenient and Economical way of sending through the mails amounts of money up to but not exceeding \$10.00. Simplified methods of sale and accounting make it possible to handle the Notes at a uniform fee of 5c. The conventional money order is not displaced by the new Note.

The new 5c Note will be made available to postoffices of the first class on February 1, 1945, and to other offices as rapidly as adequate stocks of Postal Notes come from the presses. However, from the very beginning they may be cashed

at any postoffice in the United States.

Eighteen denominations of stamps will be issued in connection with the Postal Notes. They are 1c, 2c, 3c, 4c, 5c, 6c, 7c, 8c, 9c, 10c, 20c, 30c, 40c, 50c, 60c, 70c, 80c, 90c. These Postal Note stamps will positively not be placed on sale except when affixed to U. S. Postal Notes and cancelled and all denominations of stamps are of one gray color. There will be eleven denominations of Notes: 0—\$1—\$2—\$3—\$4—\$5—\$6—\$7—\$8—\$9—\$10.

The new Postal Notes will be issued according to the following procedure: A person who wants a Postal Note for \$2.93, for example, will go to the Post Office Money Order Window. A clerk will affix a 90c

stamp and a 3c stamp to a \$2 Postal Note, and exchange the note for \$2.98, which represents the amount of the Note plus the 5c fee. There are NO APPLICATIONS FOR THE PURCHASER TO FILL OUT. The purchaser leaves the window, writes in the name of the payee on the face of the note, writes purchaser's name and address on the reverse side, detaches his personal receipt stub on which he enters the payee's name, and mails the Postal Note.

Postal Notes of fixed denominations, not exceeding \$10.00 have been authorized by law since 1911. An amendment to the law was approved June 28, 1944, which removed the limitation of "fixed denominations" and fixed two calendar months from the date of issue

as the period of validity.

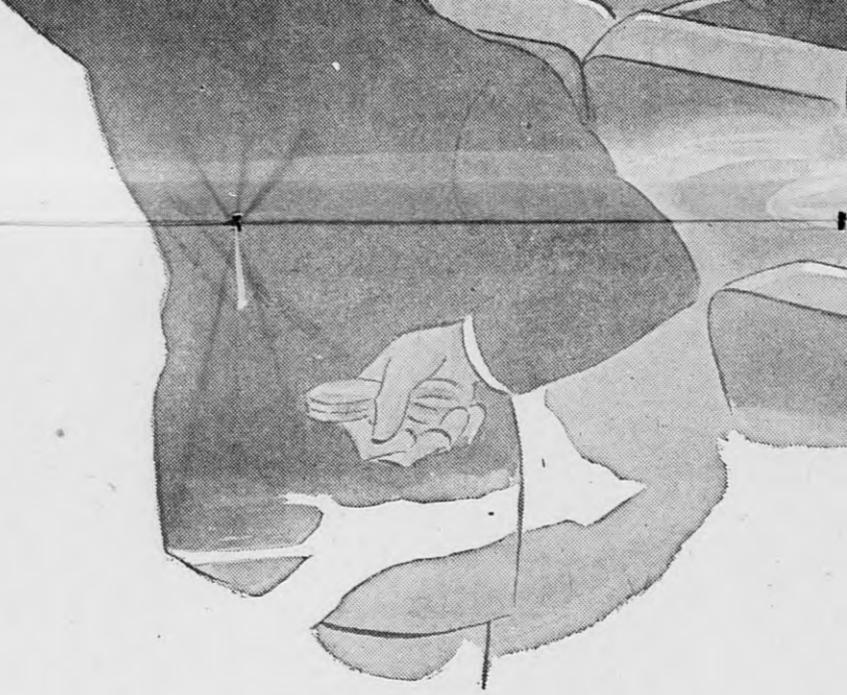

Seventy percent of all Money Orders issued were in amounts of \$10.00 or less and it is estimated that the savings in fees to the public under the new Postal Notes will run as high as 120 per cent.

At this new uniform rate of 5c for all Postal Notes up to and including an amount of \$10.00, it is expected that millions of the public will utilize them for the payment of such bills as gas, electric, telephone, poll taxes, car registration, insurance, lodge and club dues and for such other payments as do not exceed \$10.00.

PLENTY OF CIGARETTES!!!!

A black and white illustration of a hand holding a lit cigarette. The hand is shown from the side, with the fingers gripping the cigarette. The cigarette is lit, with a small flame and a trail of smoke. The background is dark and textured.

RIGHT NOW—every day, our Conductors and Trainmen say cigarettes seem to be more plentiful, especially in the coaches in which we have signs reading—NO SMOKING.

“Cigarette shortage?” our train service employees inquire, with arched eyebrows. And then they add—“certainly not in the non-smoking coaches.”

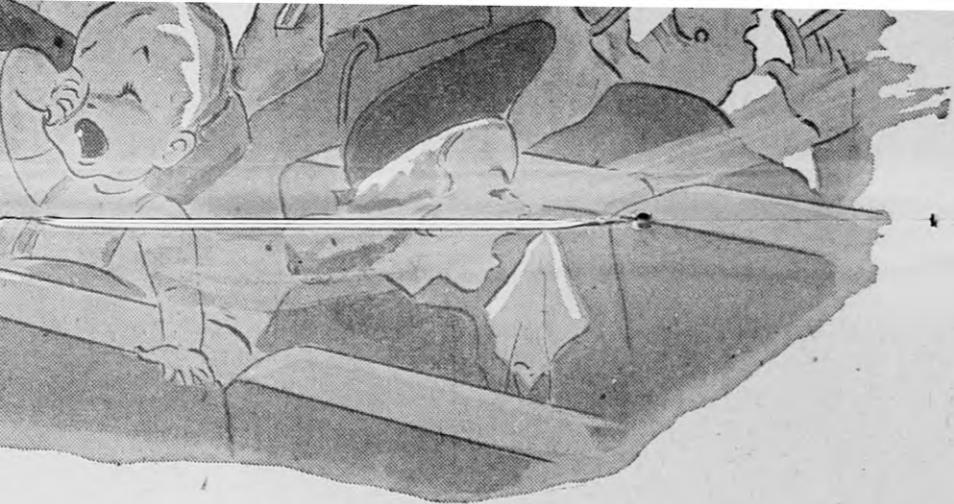

Half the passengers on some trains, they tell us, are apparently well supplied with “smokes” and seem to delight in igniting them, the while they look at NO SMOKING signs as they puff.

We provide cars especially reserved for those who enjoy smoking while they ride.

Complaints from passengers continue to mount.

Boston a

ONE OF AMERICA'S RAILROADS

They write, and they tell us—"Your trainmen make no effort to stop people from smoking in coaches, and tobacco fumes make my mother, my wife and my baby ill when they travel on your trains."

A large majority of our patrons, yes—even those who are habitual smokers, have said, and continue to tell us, they want our coaches free from smoking while they—and their families—travel.

Next time you ride one of our trains (which we hope will be frequently), and feel like a smoke, please help us make travel by train pleasant for everyone by going to the smoking car or remember there IS a shortage of cigarettes and save yours for enjoyment at the end of your journey.

Our trainmen are trying to enforce the NO SMOKING rule in coaches.

We will sincerely appreciate YOUR help.

Recreation and the Town Meeting

Recreation is apparently going to be discussed very thoroughly at the Town Meeting, for there are a good many articles of varying nature in the warrant dealing with this very important subject. There are also a good many would-have-been articles that were discussed, but didn't get in.

Probably the most important article of all is the one calling for a special committee to investigate the whole field of community recreation and to make a report at the next annual Town Meeting. The recreation administration can become pretty much haphazard unless some definite comprehensive plan is formed and followed. As it is now, there are articles asking purchase of Hussey's pond and some land near the Ballardvale playstead; possibly they are worthy projects—we rather think they are—but how do they fit into the overall picture? And there was quite a bit of talk about the acquisition of the Country club for community recreation purposes, and someone else had an idea that it might be well to develop Carmel woods. Possibly there is something of value in both these ideas, and possibly some day the town will undertake to do both, but whatever is done should be a definite part of a regular program, carefully thought out and carefully administered.

Another thought that such a committee would have to investigate would be the complete segregation of all park and playground work in a separate department, instead of

split up as now, between the public works department, the playground committee, and the Poms pond committee. The job would obviously be better done under such an arrangement.

Cigarettes

This is in behalf of some very much harried persons—the fellows who handle the dispensing of what cigarettes there are to be dispensed.

The retailer doesn't make any money on cigarettes, even in normal times. Today it probably costs him money, because he has to absorb so much aspirin. You think it's bad, not being able to get cigarettes; think of what it's like for the man that has to say "No" hundreds of times a day! It's one of the worst headaches storekeepers have had in years.

There is a little something that you can do about it to help out. You'll have to cut down a little, possibly in your smoking of course, but when you do go to get a package, try the store where you always trade, the store where you spend some money for the storekeeper to make his living on, the store where you buy your food regularly or your drugs regularly. Don't go into every store in town to pick up cigarettes; if you don't trade in a store, normally, the American spirit of fairness demands that you keep out of that same store when you can't get a scarce article elsewhere. The merchant wants to help the people who help him. Be fair about it, and don't bother the man with whom you probably wouldn't leave any money otherwise.

COMMUNICATIONS

To the Editor:

In the Jan. 16 1941 Townsman there was an Editorial "A Clean Town," which read on Feb. 1, 1941 the garbage and rubbish control committee, headed by John M. MacKenzie president of the Young Men's Republican Club reported. Eight bids on the collection of garbage in the town were opened by the committee making a survey and study of the problem. The bids as submitted follow: Saul Shtrumpf men 10,500 reserving the right to vary 20 per cent either way the second and third years; Octane Bourdelais, 11,400 per year; Shatucks Express 11,500 per year, 34,000 for 3 years; George Cairns 13,000; John Sheehan 13,720 per year and 41,160 for 3 years; Clarence White 13,996.90; Andover Disposal Co., Timothy J. Cronin, River Road 14,400; James J. Darby 15,000 one year, 45,000 for three years; Winthrop K. White submitted a statement that he would not bid on the specifications as outlined at this time without a further study of the matter.

Then Article 46 was presented in the 1941 Town Warrant "To see if the town will authorize the Selectmen, the Board of Health and the committee appointed at the Town meeting in 1940 to survey the matter of disposal of garbage, rubbish and ashes, or all or any of

them, to contract on behalf of the town, for a term of not more than three (3) years, for the collection and disposal of its garbage, refuse and offal, and will appropriate the sum of 1200 for the cost of such collection and disposal for the current year, on petition of John M. MacKenzie and others." The article was disapproved—now the private garbage collectors are asking 5 to 10 dollars a year from each home owner.

Maybe if the town had raised 12,000 in 1941, the garbage question would be settled by now. Is it wiser to have the tax rate increased \$1— or the home owner to pay .5 to a garbage collector over which the town has no control as to when or how often he calls?

The Public Safety Department did not correct its weakness until too late. The garbage collection is a Board of Health question. What have they done in the past 10 years to improve the present condition?

— JACK MacKENZIE

Against Garbage Collection
Editor of the Townsman,
Sir:

Let's stop and think a minute before we decide to adopt the article in the Town Meeting warrant making the collection of garbage a town job. What is this going to cost? Rumor says that the article will ask \$4,000 for work that seems more likely to cost \$10,000; and if \$10,000, what about the effect on the tax rate?

How have other towns fared which have tried the municipal collection of garbage? Lawrence, Haverhill, Peabody, to mention three, have not found that it worked so well, and is there any assurance that Andover will do any better?

Some years ago there was an article in the warrant asking for town collection of garbage, but it was turned down. What were the reasons for its rejection then, and are not the reasons for rejection as strong today as they were formerly?

Granted that some sections of the town have been dissatisfied with the private system of garbage collection, other sections have found that a responsible collector, paid a small fee, renders this service, which is not the pleasantest in the world, regularly and efficiently, rain or shine, snow or blow. To cover the whole town twice a week, outlying sections and all, would require the exclusive use of a number of trucks and more man power than might be available in these times of labor shortage. Let us think very carefully before we replace a system which we know will work if well handled, by one which at best will be expensive even if we can find the man power to carry it on.

Non-financial articles in addition to the usual every-year articles include one asking for the appointment of a committee of five to study the recreational administration program and facilities. Another asks the acceptance of Fowler street, near Walker avenue. Another asks the acceptance of a gift of two boats and other equipment. The usual war bond purchase article will be in, too, sum to be decided later. An unstated sum is also included in an article asking for Chapter 90 highway maintenance.

Most notable absentees in the list of articles are the one asking the purchase of the Barnard property in the square and another asking the purchase of the Country club. The former was in last year's warrant, and rumors had persisted that it would be included in the 1945 warrant. The Country club proposition developed at a late hour in the pre-town-meeting talk, but apparently there was no desire on the part of the owners to sell.

some surrealist artists is being
shown currently at the John Esther
Gallery. Friends are cordially in-
vited to visit the gallery mornings
until 1:00 and afternoons from 2:00
to 6:00.

The Class of 1945, accompanied
by Miss Hearsey and Miss Carpen-
ter, left from Andover station on
Tuesday morning for the annual
Senior ski jaunt to Intervale. They
will return tonight. The under-
classmen celebrated the end of the

ing to the local moving picture
house on Tuesday night.

The Reverend Roy L. Minich,
D. D., of the First Church in Mal-
den, will speak at the vesper ser-
vice on Sunday at 7:30 o'clock.

On Saturday, February 10, Miss
Li Ling Ai, Chinese lecturer, writer,
actress, and patriot, will speak to
the school on a topic, to be an-
nounced later, which will bring to
her listeners a greater knowledge
of the interest in the history and
philosophy of her country. Miss Li
was born in Honolulu, educated in
an American school, and was taught
Chinese culture at home by her
parents who are doctors and
Chinese scholars of distinction. As
a result she is the possessor of
that rare personality which results
from a balanced combination of
both Oriental and Occidental civil-
ization and backgrounds. The pub-
lic is cordially invited to hear this
lecture in Davis Hall at 8:15 P. M.

Pauline Erler Named

Miss Pauline Erler, daughter of
Mr. and Mrs. Carl W. Erler, 13
Carlisle street, has been chosen the
D. A. R. Good Citizenship Pilgrim

qualities dependability, service, lead-
ership, and patriotism, and the fac-
ulty and student body vote on likely
candidates. In addition to possess-
ing the above qualities, Miss Erler
is an outstanding student. Last
month she was the only pupil in
Punchedard to make the Honor Roll
in six major subjects.

She is now privileged to attend
the annual State conference of the

WILL BE AVAILABLE WHEN PEACE RETURNS**

Soon, we hope . . . you can have a New Freedom all-gas kitchen in your post-war home. A kitchen where gas, the magic flame, will add new zest to living and help make homemaking a pleasure.

You'll want to build it, of course, around a modern automatic gas range designed for speedier thrifter, better cooking. Start planning for it now. And plan to include a carefree gas water heater and a silent gas refrigerator. Together, they will bring new freedom into your kitchen and your life. When peace comes, let the War Bonds you have saved help make your plans come true. In the meantime, keep on buying more Bonds.

Miscellaneous

- Do attendance officers make a study of the causes of absence of pupils?
- Is there a definite plan for following up health diagnosis, when treatment is recommended?
- Is special attention given to training for citizenship?
- Are the services of a psychiatrist available?
- After teachers and supervisors are employed are their efficiency and ability tested from time to time? If so, how?
- Are married women teachers discriminated against?
- Could the school facilities be more adequately used by the community for after school activities?
- What are the plans for the further education of returning veterans?
