Tyer Rubber Co. Wins Award Again

For the third time the Army-Navy E has been granted to Tyer Rubber Company, it was announced this week by the War Department in a letter addressed to the men and women of the Tyer Rubber Company.

The initial award was made on September 22, 1942.

The copy of the letter is as follows:

To the Men and Women of the Tyer Rubber Company
Railroad Street
Andover, Massachusetts

I am pleased to inform you that you have won for the third time the Army-Navy Production Award for high achievement in the production of war materiel.

In maintaining the fine record which first brought you distinction, you have set an inspiring example for your fellow Americans on the production front.

This second renewal adds a second White Star to your Army-Navy Production Award flag, and stands as a symbol of your great and continuing contribution to the cause of freedom.

Sincerely yours,

Robert P. Patterson
Under Secretary of War

Dies Following Fall at Whittier Street Home

Tragedy struck at the Ladd home at 46 Whittier street early this morning when Mrs. Sarah Emma (Jones) Ladd fell on a stairway and died. She had awakened when her husband, Fred Ladd, editor of the Lawrence Daily Eagle, arrived home from his night's work. She started down the stairs to talk to her husband, and fell, dying immediately.

She was born in East Boston, October 28, 1874, the daughter of the late John B. and Martha A. Jones. She attended the Chandler Secretarial school following her earlier education in the public and high schools of East Boston. She was later employed in several business establishments in Boston.

In 1889 she was married to Mr. Ladd at Westport, Maine. They have made their home ever since at 46 Whittier street. There were five children, but Mr. Ladd is the only survivor.

Funeral services will be held Saturday at 2:30 from the Lundgren Funeral home, with Rev. Frederick B. Noss conducting. Burial will be in Spring Grove cemetery.

ENLIST IN NAVY

Monday two local boys, Walter J. Morrissey of 47 High street and John M. Small of 51 Enmore street, enlisted in the Navy at the Naval recruiting station in Lawrence.

Andover Thanked for Splendid Response

The Andover Christmas Seal Committee reports that a \$1920 check has been sent to Essex County Headquarters at Beverly. This amount is for gifts for Christmas Seals. Anyone who still has not sent in his gift, please feel assured of its welcome.

The Donald H. Savage Memorial Fund has reached \$125. It is most gratifying to the Christmas Seal Committee to be the medium through which gifts for the much beloved former pastor of the West church may go. Just how this fund will be used for the greatest good of many will be announced later.

Miss Mary Dinsmore, Executive Secretary at Beverly, was in town recently and reported Andover has made one of the largest gains over previous years of any town in the county.

PHS Baseball Squad Elects Dole Captain

Twenty-six members of the Pynchard baseball squad who survived Coach Al Robinson's first cut of the season elected veteran shortstop Billy Dole as their 1945 captain. Norm Bendroth, ace outfielder and possibly this year's number one hurler, ran a very close second in the balloting, with Pitcher John King and Third Baseman Warren Knipe also winning votes.

Pynchard has been fortunate in having gotten in no less than five workouts on dirt infields at this early date. The first two sessions were held in the Andover Academy cage, while the warm weather of last week enabled the squad to stage several good workouts on the Andover playstead diamond. As a result of these early season workouts, Coach Robinson has been able to line up a tentative opening lineup, although the outfield situation is far from bright.

Jack King is a pitcher who won his letter last year, but to date has lagged behind both Bendroth and Jim Christie in gaining early season form. "Lefty" Don Coleman and Charley Waterman are also pitching aspirants, with Waterman also a leading candidate for the second base post.

Grant McMackin is in the lead for the backstop post if he is able to bring his marks up to the re-

Hope to Reach Red Cross Quota Soon

It is hoped to reach the Andover quota of \$22,500 for the Red Cross war fund by the end of the week, with the earlier returns pointing to complete success in the drive.

About 150 solicitors are still engaged in the house-to-house canvass.

Ralph Sulis Killed In Iwo Jima Epic

Corporal Ralph N. Sulis, 22, of Medford, formerly of Andover, gave his life on Iwo Jima on February 23. He was with the Fourth Marine Division as that unit added more glory to the title of United States Marines.

Corporal Sulis had seen action in the invasions of the Marshalls, Saipan and Tinian. After enlisting in the Marines in August of 1942 he trained at Parris Island, at New River and at Camp Pendleton, Cal.

His father, A. Heustis Sulis, was at one time manager of the Andover Coal company. He and Mrs. Sulis survive, with a sister, Mrs. Eleanor Pendleton of Rome, N. Y., and a brother, Staff Sergeant Robert Sulis, now in England. While at California the young man had married the former Martha DeMott of Oceanside, California.

List 21 Private Ways For Plowing

A number of private ways are to be plowed and sanded next year, according to a list just made up by the selectmen, following the recent town election referendum vote which adopted a state statute which makes such plowing permissible.

The list follows:

Allen court, Chapman ave., Main street terrace, Carmel road, Baker's lane, Chickering court, Elm court, Post Office ave., Essex Place, Hartigan court, Maple court, Sweeney court, Temple Place, Alden road, Chapel ave., Hidden Field, Foster's Pond road, Highland ave., Highland Wayside, Judson road and Stonehedge road.

Town Team Prepares For 1945 Season

Preparations are now under way for the 1945 season of the champion Andover Town baseball team, who have done so well in the past few years, and have placed Andover so high in the Semi-Pro baseball world.

Last Sunday a number of players had their first workout on the playstead. However, arrangements are now being made for indoor quarters, and the first official call for players will be made very shortly. Last year's squad has been cut into deeply by branches of the service and perhaps additional members will be called. Therefore, several positions will have to be filled, and the team generally reinforced, if it is to continue to hold its high standing.

As always in the past, Manager Hal Wennik and Coach "Chuck" McCullom will welcome all boys.

May Split Garbage Contract First Year

Just what was decided about garbage at town meeting is still somewhat in the "insufficient information" stage, with town officials awaiting the stenographic report in order to find out who is to do what.

The motion as verbally stated by John MacKenzie specified that the selectmen should have the approval of the contract, but the motion written by Mr. MacKenzie and presented to the moderator read somewhat differently, it is understood. The question now is whether or not the written motion ever did get to the town meeting, for, if not, it was the verbal motion that was accepted.

There is a possibility that the contract may be split, at least for the first year, since to do otherwise might create an undue hardship on present pig-raisers who are now collecting garbage. It is felt that the \$4000 will go quite a way toward covering the town, since there are only nine months left in the year anyway.

Five Local Men To Be Inducted in April

Five local young men will leave next month to enter the armed forces in the April quota just released. They are included in the following group:

Francis J. Trombly, No. Andover.
James J. Finno, 5 Harding St.
Charles E. Morse, No. Andover.
Bernhard G. Harig, 359 No. Main St.
Frank Peterof, Jr., 105 Chandler Road.

(Continued From Page 1)

All will be given an opportunity to make the team.

The new uniforms will arrive in about two weeks, having been purchased by a number of enthusiastic fans, and various other equipment is on hand ready to open the season.

The 1945 schedule is now being drawn up. Applications of interested ball players are being received, and from all indications, the 1945 team should be another good one.

Pvt. George E. Fortin, 7 Argilla road, is with the bridge builders of the 343rd Engineer Regiment, following the advance of U. S. Seventh Army troops in Lt. Gen. Jacob L. Devers' 6th Army Group, and they have opened approximately 600 miles of supply lines from the Riviera to the Rhine. Tackling the German's best jobs in demolition, these combat engineers have constructed 26 highway and 23 railroad bridges—all large, semi-permanent structures — stretching from the Southern France beachhead to the German border. They opened railroads from Marseilles to Lyons ten days ahead of schedule and won a commendation from Lt. Gen. Alexander M. Patch, Seventh Army commander, who said this "life-line" enabled his army to push on despite a threatened supply shortage. Veterans of 43 months overseas' service, these men wear seven campaign stars. They landed in England in July, 1942, operated in Oran and Tunisia, North Africa, and won many citations for combat work in Sicily and Italy.

ABBOT ACADEMY NOTES

As partial compensation for their loss of a spring vacation, the girls at Abbot had a "free day" one day recently, and on Wednesday the majority of the students went into Boston to see the matinee of "The Barretts of Wimpole Street."

The Abbot Christian Association is conducting the campaign for the Red Cross War Fund, and has set for the school a goal of \$1,000. The students are making their contributions from their weekly allowances, and to date the drive seems to be meeting with success among all groups: faculty, students, and employed staff.

On Saturday night Dr. Bart Bok, member of the astronomy faculty of Harvard University, will address the school on the subject "The Milky Way." The public is cordially invited to attend at 8:00 o'clock in Davis Hall.

A second piano and voice recital by pupils of the Music Department will be given on Sunday night at 7:30 o'clock, in Davis Hall with the following program:

quired level. McMackin, a 200-pound football star, is a capable receiver and possesses a strong throwing arm. If he is not eligible, Fred McCollum, football co-captain, will don the mask and mitt.

Meanwhile, McCollum and sophomore fielding flash, Glenn Noble, are running neck and neck for the first base spot. Charley Waterman and Bob Phinney are thick in the second base fight. McCollum has looked good here, too, and may be seen at the pivot post. Captain Dole will hold down shortstop and veteran Warren Knipe has impressed in early workouts at third base. Reserve infielders include Lyndon Gilman, Larry White and Al Titcomb, all undreclassmen.

The outfield situation is dismal. Ronny Demers has had some experience in junior high school, but has yet to prove himself with the varsity. Bendroth, if not pitching, will be a tower of strength in the outer garden. The other posts are vacant, with Ray Lloyd, Jim Gillen, Jerry Young, Frank Servio, all inexperienced and lacking real ability, ready to fill in if needed.

Coach Robinson will again cut the squad before issuing uniforms the latter part of March, when real work will get under way in anticipation of the season's getaway on April 18. Most of the local home games will be twilight affairs.

Year Round Job

There are twelve more months before town meeting. There are eleven more months in which we do very little thinking and very little acting about town meeting or town affairs. In those eleven months we really should do something, because year after year we've found that the one remaining month is too little and too late.

We've advocated for some time — and nobody's paid much attention — that there should be a survey made of our whole town government, its structure and its personnel. We're going to go on advocating it, and maybe nobody will pay any attention until the day comes when we're going to have to skimp again. By that time we will have wasted a great deal of our money, money that could well have been used to good advantage elsewhere.

Actually there was a survey made a few years ago by a Mr. Flynn, who was a field agent for the Massachusetts Federation of Taxpayers association. What he found, nobody knows, although he's willing to come out and go over it with anybody who wants to know. From our talks with him, we gather that he found nothing very serious, and rather felt that the town was pretty well governed. It is, of course — but if he found any way in which we're out of line, we ought to at least try to find out and try to do something about it.

We're wondering, of course, if such a project as this survey isn't something that the finance committee might be interested in. And we know that the members are probably very much interested in it — but, like everybody else in these days, they don't have the time to do much about it. It's a good committee, composed of a very fine selection of our citizens, the type of men we want on such a committee. Somehow, though, this committee should find time, make time to do a very thorough job of looking into town government and giving a candid, hard-boiled report, a report in which the one consideration would be the town's best interests, regardless of any personal feelings or any long-standing governmental customs or procedures. A meeting at frequent intervals during the year would not be amiss.

And how about saving money by spending some money? Did you realize that we appropriated thousands of dollars a couple of weeks ago for committees which spend money, and how much did we spend for the committee that we appoint to save money? The magnificent sum of \$20! They could use more than that very effectively.

That's why it must be a real source of satisfaction to the workers and the management of the Tyer Rubber company to be awarded the Army-Navy E for the third time. It's an award that is very much worth getting; it's an award that is very much worth keeping — and the Town of Andover is mighty proud of this war industry which has contributed so greatly to the war effort.

WEDDINGS

Goodwin—Tulley
Miss Elinor Denise Tulley, daughter of Mrs. Thomas W. Tulley, 98 Farnham street, Lawrence, became the bride of Petty Officer, first class James A. Goodwin, U. S. Coast Guard, son of Mr. and Mrs. James S. Goodwin, 56 High street at a nuptial mass in St. Patrick's church at 9:30 o'clock Saturday morning. The double ring ceremony was used, with Rev. William E. Culhane officiating. Seated within the sanctuary during the ceremony was Rev. Thomas P. Fogarty, O.S.A.

The bride, who was escorted by her brother, Philip Collins Tulley, wore a gown of ivory satin with a fitted bodice and full skirt with train. A fingertip veil of illusion was attached to a cap trimmed with orange blossoms, and she carried a prayer book with a marker of baby's breath and orchids.

Miss Margaret M. Tulley was maid of honor for her sister, and Charles A. Benson, a close friend of the bridegroom was the best man.

A reception was held at the Red Tavern in Methuen, after which the couple left on a trip to New York.

Mrs. Goodwin is a graduate of St. Patrick's high school and is employed in the Boston office of the Army Air Forces.

Petty Officer Goodwin recently returned from the South Pacific, and at the end of his leave will report in Alameda, California. He is a graduate of Punchard high school and Lowell Textile school.

Unlucky Dog

DOG GONE IT ALL

Lucky Dog

"Old Mother Hubbard went to the cupboard
To get her poor doggie a bone;
But when she got there, her cupboard was bare,
And her poor little doggie got none"

Today every market man finds himself almost in the same position Old Mother Hubbard did. His ice boxes are bare of chops, steaks, stews, roasts and poultry, but he has plenty of meat for dogs.

Today anyone who owns a dog—yes, even if the dog's name is Fala—can get dog meat in this market—100% beef—no points at all. That same person can't buy any chops, steaks, stews, roasts or poultry for herself, no matter how many points she may have. It surely is the day of the lucky dog.

By next week we hope to have all the facts in order that we may tell you what has brought about conditions like the above.

A Jingle Contest

We will give 25 cans of a spring cleaning powder as prizes for four-line jingles describing today's lucky dog. The prizes will be as follows:

1st Prize, 12 cans—2nd Prize, 8 cans—3rd Prize, 5 cans
Jingles will be received up to and including Monday, April 2, 1945. Prizes will be announced April 5, 1945.

We'd like to again offer you the recipe for a good basic meal which will please you. We first told you about this recipe a year ago in this column. We have the "goods" for this week-end. Here it is: Corn Beef Hash! 1 lb containers, 4 red points, 45c a lb. Use three or four good size Green Peppers, parboil them, and stuff with the Corn Beef Hash. Then bake in hot oven, and serve with Mushroom Sauce. That'll get you over this week-end.

Another idea to help those persons who are looking for Welch Rarebit!

1 can Condensed Tomato Soup, 6 1/2 oz. package American Cheese, 1/2 teaspoon Mustard, 1 teaspoon tasty Seasoning. Melt together in double boiler, stirring occasionally. Serve on toast or bread.

If these two suggestions have helped you, let us know, and we will each week offer some new thoughts.

LIBRARY NOTES

"What Shall We Do With Germany?" is the subject of the forum discussion to be held at the Library on Monday evening, March 26, at 7:45 p. m. Mr. Wilbur J. Bender, Instructor in History at Phillips Academy, will speak on this topic, about which there are as many points of view as there are people to hold them.

Should we have a difficult peace or an easy peace? Should Germany be changed from an industrial to an agricultural country? Should she be partitioned? Are all the people of Germany equally guilty with the Nazi leaders? If not, what will be the criterion set up to separate the innocent from the guilty, who must be punished?

These are some of the questions which may come up for discussion next Monday night. A cordial invitation is extended to all to attend.

The following books present interesting approaches to the subject and may be secured at the library:

The Control of Germany and Japan
by H. G. Moulton
Our Settlement with Germany
by H. N. Brailsford
Time for Decision
by Sumner Welles
Lessons of My Life
by R. G. Vansittart

The last of the series of forum discussions will take place the following Monday evening. Mr. Chester Curtis of the Brooks School faculty, North Andover, will lead a similar discussion.

Dear Sir:

I wish to express my great appreciation for the way that you have taken care of my wife, on the fuel problem this year, as I realize fully what the situation has been.

Worries are great enough, but here we are, so far from home and away for such long periods.

Be sure that my boys are very grateful for all the kindness extended by Cross Coal and others toward our families, while we are away.

It does help immensely to lighten our burden and these things, we shall not forget.

Publishers SHOULD Know QUALITY PRINTING—

Of our printing of the Phillips Academy "Mirror",
Air Age, Inc., publishers of "Model Airplane News",
write:

**"I have our checking copy of the Winter issue
of 'The Mirror', in which our page advertise-
ment appears, and want you to know that I
am well pleased with the printing of our
material. You do indeed have a swell-looking
magazine."**

Scott, Foresman, text-book publishers, also know
what quality printing is. Ordering an advertisement
in one of the magazines printed here, this well-known
house says:

**"We have always been more than pleased
with your printing of our advertisements, and
we know you will set this ad up as attractively
as you have in the past."**

Comments such as these give proof that what has been
done in the last two years in the way of new equipment,
new type, and new methods has meant
QUALITY PRINTING.

JUNIOR RED CROSS NOTES

Miss Catherine M. Barrett, chairman of the Andover Junior Red Cross has received a letter of appreciation from Mr. Stafford Lindsay in which he thanks the Junior Red Cross members for their contributions of \$75.00 to the Red Cross War Fund.

Junior members throughout the town are busily engaged in collecting ash trays for use in military

hospitals and hospital ships.

If anyone wishes to contribute one or more ash trays to help the Junior members meet their quota, please call Stowe School, 1895-W. Students will be pleased to call for these ash trays.

At the present time utility bags for the armed forces are being made by Junior High School students under the direction of their sponsor, Miss Nancy Hird.

During the past week Miss Eunice Stack's class—Grade VI of the Stowe School assembled 1600 Kleenex packets. Shawsheen pupils under the direction of Miss Anne Harnedy assembled 1100. These packets were delivered to the Lawrence General Hospital by a member of the Red Cross Motor Corps.

*Thank You for
helping us keep 'em rolling!*

TO YOU FORD OWNERS we owe a debt of gratitude for your patience.

● ● *Essential cars and trucks must be kept rolling!* As they grow older they need more things done to them. Extra time has to be spent repairing worn parts because new ones are scarce or unobtainable. We've had to train new men to replace the skilled mechanics the war has taken from us. Increased demands for service have forced us even to do many jobs on overtime at higher labor rates.

● ● *You Ford owners have been quick to understand the many difficulties which war restrictions and shortages have caused.*

This understanding and patience have helped us to help you keep your car on the road.

● ● It may be a long time, even after the war, before you can get a new car or truck. *Your present car may have to serve much longer than you think*, and probably already it has been driven more miles than any other car you ever owned.

● ● It will naturally need more attention as it gets older. Don't neglect it. Bring it "home" for service. With your cooperation, we'll continue to do our very best to help you get the *efficient and economical performance* and the vital "extra" miles that Ford built into your car.
