Special Meeting Can Change Nothing

Health Board Authority Derives From Legislature

An answer to Board of Health member Franklin H. Stacey's letter to the Board of Selectmen asking about the possibility of a special town meeting's power to revoke the 1945 garbage licenses is being sent today.

While it had not reached Mr. Stacey and therefore was not available for publication, it is understood on good authority that the letter would inform Mr. Stacey that no town meeting could add to or subtract from the powers of the Board of Health. These are granted by state law, and therefore a town meeting cannot change them.

Mr. Stacey's query was made in an attempt to nullify the permits granted by the Board of Health early this year for collecting garbage. The town counsel had ruled that there was the possibility of court action if the permits were revoked before December 31, 1945, when they expire. The other members of the Board, Dr. Look and Dr. Emmons, had no cognizance of the letter sent by Mr. Stacey, and the Board of Selectmen therefore treated it as if it had come from a private citizen, it not having been the action of a board.

There have been no further developments on the situation this week, and Andover's garbage is still in the hands of the private collectors.

Father Saves Son After Near Drowning Tragedy

Harold Smith of 54 Chestnut street saved the life of his four-year-old son, Dean, last Thursday when the child was almost drowned in Crystal Lake, Ellington, Connecticut, where the Smiths are spending a vacation.

Mr. Smith started searching for his son after he had disappeared while playing in the yard of his parents lakefront cottage. On finding the child laying on the lake bottom, in about five feet of water, the father applied artificial respiration until two officers arrived from the Stafford Springs state police barracks with an inhalator.

The boy was taken to the Stafford Springs hospital where his condition was said to have been "very good."

B. P. W. To Receive Figures On Water

Figures on a further addition to the water system will be received by the Board of Public Works next week. It is understood that it will take in the section on Lowell street to Cutler road. It is part of the \$150,000 project.

Andover Man Died Aboard Prison Ship

Mr. and Mrs. George H. Burridge of Bancroft road were officially notified last week that their son, who had been held as a prisoner of war by the Japanese military authorities, was listed as having been killed in the Pacific on October 24, 1944, when the ship on which he was being transported was sunk.

The official Navy communication follows: "George Thayer Burridge, chief radioman, U. S. N., has been carried on records as prisoner of war. A full review of all evidence pertaining to the status of your son has been made. It has been ascertained that on October 11, 1944, your son, who was held captive by the Japanese in the Bilbid prisoner of war camp, Philippine Islands, was placed on board a Japanese freighter apparently en route to Japan.

"The ship anchored in the cove of an island about 200 miles from Manila for about six days before it

returned to Manila October 20, 1944. From there, in a convoy of Japanese ships, it proceeded in a general northward direction. On October 24, 1944, this ship, which bore no mark to indicate it was carrying prisoners of war, was torpedoed and sunk off Shoonan, the eastern coast of China.

"Records maintained by Japanese authorities in the Philippine Islands have come into the possession of United States Naval personnel. These records reveal that your son did not survive the sinking. Eight months have elapsed since the date of the disaster, during which time no further word has been received. Therefore, it is determined that he died on October 24, 1944, and his status is thus changed."

Chief Radioman Burridge enlisted in the Navy on June 26, 1934, and had not seen his parents for the past 11 years. He was on duty in the Manila Bay area as a radio operator in a high-powered station when captured by the Japanese.

Boxing Matches To Be Held At Playstead Friday

The annual boxing bouts will be held at the Playstead, on Friday evening. All boys who wish to participate are requested to give their names to one of the playground leaders. Preliminary bouts are being held in the afternoons and evenings for those who wish to practice before the final bout.

The Central Playground held a soap bubble contest last Friday night on the Playground before an audience of over a hundred. The winners were Clarice Naylor, William Cox, Nancy Norton, Ellsworth Brown, Joyce Williams and Ann Dolan.

Harold Keifer of Salem street has been appointed manager of the western department of the Century Indemnity company in charge of its operations in 17 middle western states, having been transferred from the Boston office, where he was manager of the claims department.

LIFE SAVING CLASSES

The Senior life saving classes will meet from 7 to 8 p. m. on Monday, Wednesday and Sunday evenings at Poms Pond.

LST Launching Early in October

Word has come from Boston and Washington that in view of the successful achievement of Andover in the Seventh War Loan, a LST to be designated as the Andover Ship is in the process of being built, the hull already having been laid at the Boston Navy Yard. It is expected that colorful ceremonies will take place at the launching of this ship, approximately the first of October. A suitably inscribed plaque will be placed on the ship, and Andoverians will have an opportunity to see the ship on the date of the launching.

Incomplete returns indicate that Andover's effort in the Mighty Seventh War Loan was most successful. While the sale of "E" bonds and other issues to individuals was less than the actual goal, Andover as a community and Regional Area 5, in which Andover is located, surpassed other communities and regional areas in the state. "E" bond totals for Andover were \$254,000 or 82.29% of the quota; other issues sold to individuals totaled \$327,000 or 96.5% of the quota; sale of bonds to corporations and banks totaled \$2,959,000 making a grand total of \$3,541,000 or 183.5% of the quota which was \$1,900,000.

Chairman Frank E. Dunn had high praise for his many co-workers in this campaign. Walter Mondale as chairman of district organization; Eugene Bernardin, chairman of public relations; Louis Finger, in charge of the cavalcade, and numerous others entered into the making of the Seventh War Loan effort the most successful ever achieved by the town. Citations from the Treasury Department are to be made, and will be forwarded to the many individuals who had a part in the campaign effort.

James Bisset, one of the leaders on Central was the announcer and the judges were Misses Pauline Brown and Zita Surrette. Allan Wadman was the flag bearer.

The contestants were: Joan Hathaway, Audrey Smith, Nancy Norton, Robert Ruel, Joan Marshall, Sarah Southwick, Edmund Marshall, Carol French, Gail McIntyre, Louis McIntyre, Leo Ruel, Daniel Hurley, Margaret Middleton, Ellsworth Brown, William Robertson, James Curry James Downey, William Cox, Joyce Williams, Ann Dolan, Betty Lou Sim-

Town Team Resumes Season on Sunday

The second half of the Townies' schedule starts this Sunday when Hal Wennik's newly organized team faces Malden Twi, one of the fastest teams in the suburban league.

Many new ball players have been added to the Andover squad, some of them to appear for the first time in an Andover uniform, others to be used as Manager Wennik continues to rebuild his team.

Pete Gaidis, the popular third baseman, rejoins the team. A new and experienced shortstop, formerly of the Dick Casey club, will also line up with Pingree at second, and Lawrence at first. Other new faces will be seen.

A fast game should be in store for fans, who, it is hoped, will give their support by turning out in large numbers. The new team is in the making and when whipped into line, will undoubtedly be another fast Andover Town team. Continuing of baseball in Andover is now up to the fans. A fast schedule is ahead, if the support is forthcoming.

Collins Retires as President of A. S. M. F. A.

At a meeting of the board of directors of the Andover Service Men's Fund Association last week the board accepted with regret the resignation of its president, J. Everett Collins. Harold W. Wennik, who held the office of vice-president, was elected to fill out the unexpired term of Mr. Collins, and Frank P. Markey was elected vice-president.

The organization is making plans for a carnival in August, the date being dependent on the availability of the rides that are popular with the children.

Dolls, U. S. Army Vie for Attention at Addison Gallery

In the final week of the exhibition, "Are Clothes Modern?" at the Addison Gallery, Phillips Academy, attention is called to the special exhibition supplied by the U. S. Army Climatic Research Laboratory in Lawrence. It is the job of the Research Laboratory to test standard army uniforms, suggest changes that make for maximum comfort and minimum handicaps, experiment with the utility and durability of clothing worn by the armed forces in order to bring its quality up to the standards of the weapons and other equipment with which they are provided. For this purpose Colonel John H. Talbot has organized a laboratory in which weather anywhere from Florida to Berlin and from the South Seas to the Brenner Pass can be turned on at will. There is the Cold Room, the Jungle Chamber and the Rain Court, fondly known as "Pneumonia Gulch." The results of all this experimentation is simply that the American soldier is as efficiently equipped as it is possible to make him.

In the Addison Gallery exhibition there are included three complete uniforms, all the way from olive drab G. I. underwear to snow white parka and white felt boots. They supply in part that section of the exhibition demonstrating the use of clothing for protection and in this case at least, due to the war and to the work of the laboratory, the answer to the question which the exhibition poses, "are clothes modern?" is certainly "yes."

In contrast is a group of period costume dolls, lent by Mrs. Jesse Bottomley of Andover. Eight exquisite dolls, dressed in miniature perfection, illustrate the complexity and grace of dress fashionable during various decades of the eighteen

hundreds. In most cases the dresses are made from material used in actual clothing in the period they represent and the details of the costumes are authentic and very charming.

Sunday afternoon, July 15, from 2:30 to 5:00 will be the last opportunity to visit the exhibition.

Male Choir Harmony Reaches New Low

Twenty-six members of the Andover Male Choir gathered at the Andover Country club last Saturday for their annual outing and the feuding between the tenors and the basses was renewed with increased energy. It is the only time during the year that harmony is non-existent in the organization.

The festivities started with a softball game, in which some of the tenors thought they were playing cricket instead of baseball and found that it just did not work. As a result the basses were declared the winners, 13 to 9, despite a six-run sixth inning by the tenors.

In a baseball throwing contest Ray Wilcox tossed the pill far beyond all other competitors and President John Murray was second. The president and organist-pianist-second tenor Ivar Sjostrom tied at 13 each in the putting contest, and the same president finally won something, the shoe race, with Edward Comtois second. After seven long years the basses finally won the tug-of-war from the tenors.

Vacation Bible School Enrolls Sixty-Two

The Vacation Bible school opened at the South church on Monday, July 9. All the children who had attended previous years were happy to be back and the new children were anticipating their experience. It was a happy, joyous group that gathered for the first session. Sixty-two children were enrolled for a program of work, play and handicraft. By departments they numbered as follows: Junior group, 18; Primary group, 23; Beginners' group, 22. Owing to the need for more room for the Junior work, the Primary department may go to the Baptist church after the opening session for their schedule of work.

The principal of the school is Rev. Elton Smith, assistant principal, Miss Fannie E. Davis, and the superintendent of the Junior department, Mrs. Elton Smith. Mrs.

Edwin Bramley has charge of the handwork for the Junior girls, assisted by Mrs. Theodore Tyler and Miss Nancy Elliot. Rev. Frederick B. Noss has charge of the work of the Junior boys, assisted by Miss Evelyn McLay. The superintendent of the Primary department is Mrs. P. L. Wilson, assisted by Mrs. Gordon McLachlan, Miss Janice Cole, Miss Marjorie Ann Weeks, Miss Patricia McLay, Miss Jane Noss, Mrs. Raeburn Hathaway, and Mrs. Herbert Brown. The superintendent of the Beginners is Mrs. Joseph Dahle, assistant superintendent, Mrs. Charles Cole. They are assisted by Mrs. Will Brown, Mrs. Henson Brown and Miss Mildred Harshaw. Mrs. Thomas Johnson will tell stories to the Primary group on Friday morning.

Registration is still open to any children who wish to join the school. Last year the number increased every day, and it is expected the same will be true this year.

Cast Announced for Outdoor Operetta

Mrs. Kenneth Thompson of Andover will take the part of Lady Jane in the Gilbert and Sullivan opera, "Patience," to be given at the Opera Garden, Porter road, August 13, 15, 17. Miss Joan Lefebvre, also of Andover, will sing the part of Ella. The title role of Patience will be sung by Miss Jean MacPherson of Boxford, and the part of Sophia will be taken by Miss Myra Stone of Lawrence, and that of Angela by Miss Evelyn Haverback of Haverhill.

Male leads will be cast as follows: Bunthorne, Bruce Whyte of Topsfield; Grosvenor, Donald Hunt of Groveland; Duke, Ernest La Fleur of Lawrence; Colonel, Sidney O'Neil, and Major, William Ferrick, both of South Groveland.

Domenic Teoli of Lawrence will again lead the orchestra as concert master. The first rehearsal of the orchestra will be held Friday at

LIBRARY NOTES

Among the recent additions to the library are the following books: **THE CITY OF TREMBLING LEAVES**, Clark. A new novel by the author of "The Ox-Bow Incident." The locale is Reno, Nevada.

THE WIDE HOUSE, Caldwell. Beyond being the story of Janie Cauder, a widow with four children who came to a town on Lake Erie from Great Britain, this is a picture of the intolerance that existed in America in the 1850's.

SON AND STRANGER, Charles. A story of mother and son relationship in which there is the usual problem of the growth and independence of a boy to whom his mother has been all things.

DARK MEDALLION, Langley. Although the little Southern town disapproved of the way Cynthia Crittenden brought up her nine-year-old orphan niece, the child loved her unpredictable aunt with an adoration that tried to supply the happiness that circumstances had held away from the woman.

ASK NO QUARTER, Marsh. Rhode Island in the days when it fought for freedom against both neighbor and foreign power. Hugh Joselyn is the hero and his rise from boyhood to sailor and privateer is thrillingly told.

MR. WILMER, Lawson. After 29 years of being an ordinary mortal, Mr. Wilmer suddenly developed the extraordinary capacity for understanding the language of animals. His unique talent brought fame and distinction to the little man, whose experiences make delightful fiction.

SPORTS FOR THE HANDICAPPED, Stafford.

CREATIVE HANDS, Cox.
TEACHER IN AMERICA, Barzun.
TAR HEEL APOSTLE, Murrett.
HOME OWNERSHIP: IS IT SOUND? Dean.

MY ANIMAL BABIES, Benchley.
WRITERS; LET'S PLOT! Reid.
BIRDS OF THE SOUTHWEST PACIFIC, Mayr.

DRAWING PEOPLE FOR FUN, Vernam.

MOVIE LOT TO BEACHHEAD, Look.

CHINA AMONG THE POWERS, Rowe.

ENCYCLOPEDIA OF SPORTS, Menke.

YOUR CAREER IN MUSIC, Johnson.

— ON DISPLAY IN OUR GROCERY WINDOW —

This store has the reputation throughout the town — yes, throughout Essex county — of having about everything, when it cannot be gotten anywhere else. "I was told to go to Greeley's" is the familiar introduction when a stranger comes into our store. We're proud of that reputation, and why shouldn't we be? This store is direct in line of succession of grocers who started in business in town over 100 years ago. We feel very proud when a person comes into our store and says, "I was told to go to Greeley's — you'd have what I was looking for."

New Officials Needed

Recent events in town — the garbage situation and the hasty wage raises — should prove to the citizens of Andover that in order to have their real wishes taken care of, they've got to elect men capable of taking care of them. It's one thing to understand something a certain way at town meeting and another to have it translated into action. If we haven't elected officials who have the ability to administer properly, our town meeting wishes are going to be pretty much nullified. If our officials aren't the type who can look into a problem carefully beforehand, we're going to have to be bothered by a whole lot of post-town-meeting technicalities.

It happened with the Board of Public Works. Andover's town meeting felt sure that there would be no wage increases, because that board's silence on the subject gave assent to Selectman Hardy's statement that it was understood that the wages would remain at the same level as the previous year. But our board, you will remember, didn't care about town meeting wishes and went ahead with the most drastic wage increase in the history of the town, later giving the taxpayers, directors and the finance committee a cold shoulder on their plea that the precipitate action be increased. Had we had a board of different calibre, it never would have happened.

Did you notice that the town meeting vote on the water projects

required the consent of the selectmen and the finance committee to any project? That's a Board of Public Works matter, but the town meeting didn't feel certain enough about the qualifications of the men it had elected to the Board of Public Works to really entrust to them such an important decision.

And did you also notice that in the vote on the garbage contract, it was stipulated that the selectmen would have to approve the contract, too? That was because the town meeting didn't have confidence in the Board of Health—or rather in part of it. The town hasn't been satisfied with this board for a long while, and even the addition of the two eminently qualified members, Dr. Look and Dr. Emmons, has failed to wipe out the feeling that this board doesn't properly represent our town. It's one thing to have ideas; it's another to have the requisite traits for the proper follow-through on ideas. Possibly it was this same feeling of doubt regarding the present minority of the Board of Health that made the finance committee issue its oft-quoted statement, "insufficient information available."

It's our fault; let's begin to elect officials in whom we can have confidence.
