Teachers Appointed to Punched High Faculty

Two teachers were appointed to military substitute positions on the Punched high school faculty at the special meeting of the school committee held Tuesday evening. Miss Margaret Hawkesworth, Sweet Brier Farm, Rowley, was appointed as teacher of biology at a salary of \$1800, plus the usual \$2.00 bonus. She received her A.B. degree from Boston University in 1929, and taught for 13 years in the Groveland high school. For the past year she has not been teaching. Miss Marion Cronin of Haverhill was appointed to teach social studies at the same salary. She is a graduate of Jeanne d'Arc Academy in Milton, and received her A.B. degree at Seton College in Pennsylvania in 1942. This month she will receive her M.A. degree from Boston College for a major in history. She taught three years in Ashland high school.

The resignation of Miss Theresa Nollet, secretary in the office of the high school principal, was presented by Superintendent Edward I. Erickson, and it was accepted with regret by the committee on the motion of Rev. John S. Moses.

MARRIAGE ANNOUNCED

Mrs. Marselis C. Parsons, 4 East 95th street, New York City, has announced the marriage of her daughter, Mrs. Prudence Whitney Harber, to Walter Clem, a former resident of Andover. The couple will make their home in Santa Barbara, Cal.

Selectmen Awaiting Written Report On Injury to Local Police Officer

Andover's Board of Selectmen, following presentation of a verbal report at the regular Monday night meeting, are awaiting the receipt of a written report from Chief of Police George A. Dane concerning an alleged South Lawrence brawl in which Officer David Gillespie sustained a shoulder injury. Both Chief Dane and Officer Gillespie were present at the meeting, but action of any kind was deferred until the Andover Chief received a written report from Lawrence's Chief Martin V. O'Sullivan.

Gillespie was taken to the Lawrence General hospital on last Friday morning, shortly after Thursday midnight. There he was admitted as a private patient for a shoulder injury sustained in an unknown manner. Chief Dane the next morning requested a report from Lawrence police, and in the meantime the story got around that the local officer had tripped over a dog's leash.

As nearly as can be learned so far, however, the dog was being maligned. From verbal reports received from Special Officer John P. F. Bolton who was assigned to investigate, Gillespie was in a

South Union street cafe when shortly after midnight he became mixed up in an argument with another man. The proprietor suggested that it would be better if they went outside to settle it, and this they proceeded to do, allegedly via the fisticuffs method. Officer Maurice Ferris of Lawrence, off-duty, broke the fight up, but not before Gillespie had sustained a shoulder injury. Reserve Officer Clifford Brennan, arriving in a cruiser, was told by Andover friends of Gillespie, that they would take him home and see that he got medical attention. However, instead he was taken to the hospital.

It is expected that the selectmen will release a statement after their investigation is complete. It is understood that certain other matters are being looked into, also.

Reflection on Our District

Another session of the Great and General Court of the Commonwealth of Massachusetts has ended, and in general the Senatorial district of which Andover is a part did very little to make the General Court Great.

Last fall, in the primaries, The Townsman suggested that Clifford Cusson of Haverhill, running for the Republican nomination, was not the man for the job. He made the nomination however, and unfortunately there was no Democratic nominee, the result being that Mr. Cusson went in without much trouble.

But we'd better start doing something about it. He's done a fine job of making the voters of this district look ridiculous, because when a representative of any section acts silly and childish and clownish, it reflects on the people that chose him as their representative. You probably all read about it in the Boston papers; they gave him a lot of space, not too complimentary, for his antics. Even the papers in his own home town of Haverhill are pretty much disgusted.

The trouble was of course that the leaders of the Republican party in this area made no move to get a strong candidate into the field. They seemed to feel that as

long as the chances were pretty good that a Republican would get it anyway, they didn't have to do anything about putting a good Republican into the race. Any old Republican, just so long as he was

a Republican, would do. That of course has been the theory that has brought the Republican party down to its present state of ineffectiveness, because the average voter wants good office-holders regardless of his party label. Gone are the days when voters would glance down a ballot and put a cross opposite every name that said "Republican" after it. Voters are thinking these days, and if the Republican party wants to get back into control, it's about time that the leaders of the party got onto themselves. America will vote for good Republicans first; it will vote for good Democrats before it will vote for poor Republicans however.

If the Democratic party had had a decent candidate in the field last November, Clifford Cusson would not have made it, and we'd be better off. If Mr. Cusson could only get around and meet all the voters, and talk with them, chances are he wouldn't get many votes at all. He's impossible, as everybody who knows him really knows, friend or foe.

A Haverhill man has the edge in this district, but if the leaders of the party can't find something better than Cusson in Haverhill, chances are we could offer something pretty good from Andover.

This Sober Town

Airplane travel works fast, but insurance can travel just as fast. Last Friday at 2:25 p. m., a local resident phoned George Haselton of Smart & Flagg company, asking whether he could write insurance for a person leaving on an Air Transport Command plane 35 minutes later from Presque Isle, Me., for Sweden, via Greenland and Iceland. At 2:35, George phoned back that he had contacted Boston to little effect, but that he was still working on it. At 2:55, half an hour after the initial call, and five minutes before the flight left, he notified the local resident that he had coverage for the 3 p. m. flight.

The local resident was very much surprised, for he really hadn't expected any results at all at such short notice.

SERVICEMEN

Sgt. Dave Petrie, our former advertising manager, wrote this week about a "coincidence" which he ran up against in India very recently. Dave, who is a Top Sergeant, was having chow with a newly arrived fellow in his outfit,

and the young man showed him some clippings that his father had just sent to him. One of the clippings was the article "In Defense of First Sergeants" by Townsman Editor-on-leave Jack Moynihan, which appeared in the Atlantic Monthly last January. What Dave doesn't know is that there is another coincidence in store for him, for as we reported last week, the author of that article is newly arrived in India himself. The other clipping that was given to Dave was a rebuttal of Jack's defense of First Sergeants, and First Sergeant Dave found it "a little painful to read. However, I think I smiled and chuckled in the right places while the fellow watched me read it. That's a bit difficult to do when somebody's knocking you, but you get used to this sort of thing in this business, sort of like being a member of the Andover Board of Public Works." Dave hoped on the 22nd of July to get a chance to visit Eddie McCabe, who only lives about three miles from Dave in India. Except for a greeting or two in passing, the two Andoverites haven't had a chance to visit each other since Eddie arrived last February.

NEWS OF OUR MEN AND WOMEN IN UNIFORM

Lt. Richard I. Stevens, son of Draft Board Clerk and Mrs. Clinton H. Stevens, now located at Victorville Army Air base in Victorville, California, spent the weekend with Rev. and Mrs. Lorenz I. Hansen in Los Angeles. Rev. Dr. Hansen is the former pastor of the Andover Baptist church, of which Lt. Stevens was a member.

Pvt. Harry M. Ryan, 13 Maple avenue, was honorably discharged from the service at Camp Edwards recently.

S/Sgt. William Wrigley has returned to his base at Homestead, Florida, after enjoying a 10-day furlough at the home of his brother on Lowell street.

Louis B. Sanborn of North street has returned to civilian life after more than four years of Army life and 35 months of overseas duty to his credit. He was a T/Sgt. while in the Army. He graduated from Punchard with the class of 1935, and saw action in Africa and Italy. He wears the Good Conduct medal, the American Defence Service medal, the European-African-Middle Eastern campaign ribbon and the Soldier's medal.

We recently received a letter from Sgt. John Erving in China. He has met several Andover men overseas, and writes: "About a month ago at an advanced 14th Air Force base I ran into a Lt. T. Lewis, who hails from Dufton road. He and I didn't have much in common other than the desire to stroll down Main street, Andover, U. S. A. A few days later I was on the wing, and at another field I saw Tom Doyle and Arch Davidson. Speaking of Tom and Arch, they both looked as though they had learned a lesson that I hope to learn soon; that is, how to thrive on China's food. I'm sorry I had to come half way around the world to meet some mighty fine G. I.'s from the "garden spot of the universe," Andover.

Harry Duke, U. S. M. C., was recently transferred from the famed battleship U.S.S. Dakota that was recently cited by Admiral Nimitz for its part in four major engagements against Japan near Tokyo. He is the son of Mr. and Mrs. Alexander Duke.

Pfc. Paul E. Weamer has recently returned home after eight and a half months overseas, while serving with an infantry unit in the First Army. He was captured by the Germans on February 2, while serving with the French First Army, and was marched over 500 miles through southern Germany to a prison camp, where he spent three months, being liberated on April 27. He sailed from Le Havre on Memorial day, and arrived in New York a fortnight later. He was inducted in August, 1943, and received his training at Fort Benning, Ga., Cornell University, Camp Breckinridge, Ky., and Camp Shanks, N. Y. Pfc. Weamer is the son of Mr. and Mrs. Paul M. Weamer, 75 Central street, and is a graduate of the Junior high school and Phillips Academy.

The seven-foot marlin, which Maj. Charles B. Hodges, 306 North Main street, caught last week while fishing eight miles off Atlantic City, will be mounted by officers at AAF Redistribution Station No. 7, it was announced. The officers plan to display the marlin at the Ritz hotel, returned officers' headquarters at the Redistribution Station, and after the war, the mounted fish will be sent to Hodges as his permanent possession. Maj. Hodges, who is awaiting a new assignment at this station after having served as an Intelligence Officer with the 15th Air Force, caught the marlin after fighting it for two hours and 55 minutes. He used a 9.0 reel and a 24 thread line.

Sgt. Ernest Keenan, with the 7th Army somewhere in Germany, has been awarded the Bronze Star medal for heroic achievement. He is the nephew of Annie Curie, who lives at 19 Cuba street.

Jim Grant writes that his outfit received the Legion of Merit unit citation for the job they did on Saipan, in building the B-29 air base.

15th AAF IN ITALY—After long service in Italy with the 15th Air Force, S/Sgt. Charles D. Regan of 36 Summer street, will soon return to the U. S. with the veteran 459th Bomb Group, according to a recent announcement by Brig. Gen. James A. Mollison, commanding general of the 15th AAF. The veteran group, which will receive additional training and equipment before reassignment in the Pacific Theater of war, has been serving with the 15th Air Force in Italy for the past

eighteen months. During this time, the 459th has flown 244 missions against strategic targets in German-held Europe, contributing to the German downfall by the bombing of Ploesti, Vienna, Steyr, Munich and numerous other targets whose loss crippled Nazi resources, supplies and communications. After returning to the United States, the 459th Liberator Bomb Group looks forward to carrying its devastating bomb-loads against the last enemy of free nations—Japan.

DON'T BUY A HOUSE RECKLESSLY!

There's a serious housing shortage right now.

The way to beat the shortage is to buy a home of your own. There's no finer investment in security and contentment for your family — if you get proper value for your money.

There are good buys in every community right now. But there are also houses which are priced away out of line — and some apparent bargains which will give you years of grief in expensive repairs and maintenance.

So *shop carefully*. Somewhere there's just the right house for you — right in price, size, construction and neighborhood — but you have to go out and look for it. These two steps will help:

First, ask your realtor to show you a number of houses. It's worth the effort.

Second, consult this bank. It is a long established institution, whose officers have a shrewd, life-time knowledge of property values in the community. For generations it has encouraged home ownership through low-cost mortgages. This bank will tell you how you can buy your home, with a mortgage specially suited to your circumstances.

Why not beat the housing shortage safely — by calling at this bank?

ENGAGEMENT ANNOUNCED

Mr. and Mrs. James Lindley Dean, Kensington street, announce the engagement of their daughter, Dorothy Virginia, to Lieutenant Mitchell Johnson, Jr., USAAF, son of Mr. and Mrs. Mitchell Johnson of Central street.

Miss Dean is a graduate of the Knox school, New York, and she attended Pin Manor Junior College and Curry College.

Guests are your business, too...

EVERY YEAR in peacetime hundreds of thousands of summer visitors sign the registers of New England's hotels and inns.

They come from the world's richest travel market—New York, Pittsburgh, Washington, Baltimore, Philadelphia, Newark, which are served directly by the New Haven Railroad; and from southern and mid-western points by railroads which connect with the New Haven through New York.

Two and a half million vacationists came to New England in the last peacetime year and left \$500,000,000 in New England's pockets.

Why did they choose New England?

Because of New England's attractions . . . and because

they were *sold* on New England . . . sold by those who had faith enough in this area to spend their good money to promote it. Among the most aggressive, consistent promoters has been The New Haven Railroad.

Tomorrow visitors will come in even greater numbers.

For with all of New England's great natural and historic resources as alluring as ever, the future of New England's recreational business is limited only by how attractive we all make it for our guests.

The New Haven will be ready with service and equipment such as your vacationist never knew before . . . and with a sales campaign unequalled in our railroad's history.

Will you be ready, too?

Improvements Proposed For Shawsheen School

It was voted at the school committee meeting held Tuesday evening to have the Andrew Wilson company make repairs in the two wings and the boiler house roof at the Shawsheen school, the estimates totaling \$15. The action was taken after a report by Superintendent Erickson that the roofs were in bad condition.

The chairman of the buildings and grounds sub-committee, William A. Doherty, reported that this committee had visited the grounds of the Shawsheen school twice in the past few weeks, and he stated that improvements in the playground area and parking space should be made, as well as a general cleaning up. Plans should also include some improvements of the condition of the sand bank at the rear of the school building, which at present is a hazard to the children,

and some improvements to the lawn. Mr. Doherty stated that Frederick H. Smith, former superintendent of grounds at Phillips Academy, had looked over the location and advised that between \$1500 and \$2000 would be necessary to carry out proposed plans.

The school committee voted to authorize the buildings and grounds committee to carry on its study of the proposed project and to make recommendations for an article to be put in the annual town warrant asking for an appropriation.

Fair Play in Business and Fair Play in Sports

Ever since the shortage of fresh and smoked meats began, this store has endeavored to give our regular grocery customers some cut of meat each week, and not a single regular customer has had to go without meat since the shortage began. That is what we call playing the game fair.

They say you have extra red points this month. Well, figure it out for yourself and see if you have. But what good are extra points if they don't give the butcher extra meat? So far there has been no extra supply of meat in this section of the country, and from what we can learn, for the next few months we shall have less and less meat to sell.

The funeral was held on Friday afternoon, and burial was in West Parish cemetery.

Second Lieutenant Alfred D. Shea, 129 Lowell street, died suddenly at Fort Jackson, South Carolina, on Thursday, July 27. The cause of death was an acute heart attack.

Lt. Shea was born in Concord, and graduated from Medford high school and Bridgton academy. He received his A.B. degree at Bowdoin college in 1942, and shortly after that he enlisted in the Army. After receiving his basic training at Fort Jackson, he was sent to officer training school at Fort Benning, Georgia, where he was commissioned in February, 1944. He was assigned to Camp Ritchie, Maryland, as an intelligence officer, and was later sent to Fort Jackson to await overseas orders.

His wife is the former Nancy Thomas, daughter of Mr. and Mrs. Horace R. Thomas, whose son was killed on Leyte April 13. Surviving besides his wife are a ten-month-old daughter, Susan; two brothers,

A delegation from Andover post No. 8, American Legion, and the Legion auxiliary was present at the services.

Burial was in West Parish cemetery, with committal services conducted by the Rev. Mr. Noss.

DOG'S DAY

The local police have advised a Stratford road couple to restrain their dog. The reason? Well, now, it seems that on two different occasions, the dog was seen strolling home with a chicken in its mouth. "Ain't" it awful — especially when we human beings stand in line for hours trying to get one of those chickens and can't — yet, the canine doesn't stand in line and gets one oftener than once a week!

Superintendent of Schools Edward I. Erickson and family are spending two weeks on Cape Cod.
