Police Chief Warns Andover Motorists

"Enjoy the Fourth by being
alive on the Fifth," was the
warning issued to Andover
motorists, Thursday morning
by Police Chief George A.
Dane.

Chief Dane said the fourth
of July is an occasion when
all Americans should cele-
brate in the full meaning of
the holiday. But, he admon-
ished, "liquor and driving do
not mix." Further, he ad-
vised, that motorists should

\$5,000 LOSS AT JUDGE'S HOME

Fire loss, estimated at \$5,000,
resulted at the home of Trial Jus-
tice James K. Gordon, Lowell st.,
Andover, early Saturday night
when spontaneous combustion
gave origin to the blaze, according
to Fire Chief C. Edward Buchan.

Chief Buchan reported the fire
broke out under a rear stairway
where turpentine and linseed oil
were stored.

James Gordon, father of the
trial justice, discovered the fire.
He told firemen that he was work-
ing in a field in the rear of the
building when he observed flames
shooting through the roof. Judge
Gordon and his family were not at
home when the fire occurred.

Firemen were summoned to the
scene at 5:45 p. m. when Box 73
was sounded. At their arrival, the
rear ell of the two tenement build-
ing was burning briskly and

Five Playgrounds Register 475 Tots On Opening Day

Five playgrounds opened in An-
dover Monday and 475 carefree chil-
dren registered for the summer fun
which swung into action.

The playgrounds are directed by
James D. Doherty, general super-
visor. He is assisted by George
Snyder, Mrs. Shirley Cowdrey, Jane
Weldon, Isobel Dobbie, Mrs. Alma
Marshall, Robert Mitchell, Joan Gal-
lagher, Zita Surette, Barbara Hill,
Rosemary O'Connor, Betty Jane
O'Connor and Vincent Davy.

The playgrounds will be open
Monday through Friday from 10
a.m. through 5 p.m., with the excep-
tion of the one in Ballardvale which
will remain open until 7:30 p.m. It
is expected that they shall operate
into late August.

The playgrounds available are:
The Central playground in the rear
of the Stowe school; the Ballard-
vale playground on Andover street,
opposite the fire station; Indian
Ridge playground at the Indian
Ridge school; the West Center play-
ground near the West Center school
and the Shawheen playground on

Will Appear In Court On Friday

Leo M. Chapman, 36, 104 Andover
street, was charged with drunken-
ness, operating while under the in-
fluence of liquor and failing to stop
after causing damage to property
when he appeared in Lawrence dis-
trict court Monday morning. He
pleaded guilty to all three charges
and his case was continued until
Friday, July 1.

Chapman was arrested by Law-
rence police who were investigating
a hit-run accident on Tremont
street, which occurred Saturday
night about 10:20 o'clock.

Lawrence police said that a car
listed to Henry J. Keeler, 93 Tre-
mont street, Lawrence, was dam-
aged while parked outside that ad-
dress. They said investigation led
them to Alden court where they
located Chapman's car, reportedly
damaged. Lawrence police said they
talked to Chapman, who told con-
flicting stories as to who was driv-
ing the car. They took him into cus-
tody, after he admitted driving it,
they said.

TWO DEPUTY CHIEFS ARE NAMED TO THE ANDOVER FIRE DEPT.

Chief C. Edward Buchan Appoints
Henry L. Hilton and Albert Cole,
Jr., — 56-Hour Week Will Not Go Into
Effect On July 1st

Two deputy chiefs were named
to the Andover fire department this
week by Chief C. Edward Buchan.

They are: Henry L. Hilton, 182
Shawheen rd., and Albert Cole, Jr.,
Foster circle.

Fire Chief Buchan submitted
their names to the state civil ser-
vice commission for approval, which
is expected to be in his hands by
the end of this week. Their appoint-
ments are to take effect July 1.

Five firemen passed the examina-
tion for promotion to deputy chief,
last May. Cole headed the list and
Hilton was second. Others who
passed the examination were: John
W. Crowley, 118 Salem street; Wil-
liam Coutts, 34 High street and
Charles H. Murnane, 56 High street,
Ballardvale.

Chief Buchan said that the 56-
hour week for all firemen will not
go into effect July 1.

At the town meeting held this
year, Article II of the 1949 Town
Warrant was accepted as read. It
states: To see if the town will vote
to adopt the following by-law, same
to take effect July 1, 1949:—

"The hours of duty of the per-
manent members of the Fire De-
partment shall be so established by
the Selectmen and/or the Chief of
the Fire Department so that the
average weekly hours of duty in any
year, other than the hours during
which such members may be sum-
moned and kept on duty because of
conflagration or emergencies, shall
not exceed fifty-six (56) hours in
number."

Chief Buchan said that the 56-
hour week will not be placed into
effect in July 1, owing to circum-
stances beyond his control. He said
the civil service commission has not
yet given him a permanent firemen

eligible list from which to select the
four new men who will be necessary
to the department when the 56-hour
week goes into effect.

Chief Buchan estimated that the
56-hour week will cost the town
about \$5800 for the remainder of
1949 and about \$12,000 for a full
year schedule.

Selectman Roy E. Hardy said in
his opinion that placing of the 56-
hour week is not mandatory.

Chief Buchan said that as soon
as it is possible he will place the
shorter work week into effect. He
expressed the opinion that this
might be early in July.

Lieutenant Albert Cole of the fire
department has been acting deputy
pending the naming of the two
deputy chiefs and Kerr Sparks, a
permanent fireman has been acting
lieutenant.

Both deputy chiefs are veterans
of World War II.

Albert Cole, Jr., served for 3
and 1/2 years with the 112th Cav-
alry Combat team overseas. He is
senior vice-commander of Post 8,
American Legion. He is married,
has one son Robert A. and makes
the family home at 14 Foster
circle. He was appointed a member
of the fire department Dec. 31,
1945.

Harry L. Hilton is an overseas
marine veteran of World War II.
He is married and has one daugh-
ter. He was appointed a member
of the fire department in Jan.,
1946.

Both men are graduates of Pun-
chard high school and are present-
ly assigned to the Central station.
They have attended many schools
and have taken many courses rela-
tive to fire fighting and life-saving
in general.

Merrimack College Will Enroll 500

Merrimack college will enroll
approximately 500 students this
September when the third class in
its history enters the halls of the
neophyte institution of learning,
conducted by the Augustinian
Fathers.

The Very Rev. Vincent A. Mc-
Quade, president of the college,
reports that an entering freshman
class of between 150 and 200 is
anticipated. The sophomore class
will consist of 150 students and
the junior class will number about
150, he said. Evening sessions will
accommodate about 115 students
and open later in September.
Father McQuade informed.

The summer school at Merri-
mack college opened Monday. It
will offer a six weeks course in the
arts, sciences and business admin-
istration.

Will Cut Speed Of Fire Apparatus

Andover's fire apparatus will op-
erate through the town at slackened
speed in the future.

Complaints by residents of the
town were aired at a meeting of the
selectmen on Monday night.

The selectmen voted to instruct
Fire Chief C. Edward Buchan to
impose speed limits on the opera-
tion of fire apparatus. They sug-
gested a speed not to exceed 45
miles per hour on North Main street
and reasonable speed on all other
streets. The matter was left to the
discretion of the fire chief.

61 Streets Have Been Repaired

More than 75,000 gallons of tarvia have been poured on 61 streets in Andover since the board of public works began street repair work this season. It was reported that approximately three quarters of the entire project has been completed and the bulk of the repairing job will be completed by mid-July. A few streets will be repaired in the early fall.

It was estimated that some 14 men have been employed in reconditioning the town streets.

Alert Police Prevent Break

Alert police work frustrated an attempted break early Wednesday morning at the Elm street filling station.

Police Officer William Tammany observed boys at the rear of the station about 2:30 o'clock in the morning and investigated their activities.

The boys fled from the scene and Officer Tammany gave chase, unsuccessful.

The neighborhood was scoured by Officer Tammany, assisted by Police Officers Joseph O'Brien, Richard Caldwell and Sergeant David Nicoll.

Investigation revealed that the youths had broken a window in the rear of the filling station and were using a box in the process of gaining entrance when the officer interrupted their intentions.

Chief George A. Dane said that the identity of the boys is believed to be known to Andover police.

GIRL SCOUTS

The members of Troop 19 Girl Scouts of Ballardvale recently enjoyed an overnight camping trip at the Harold Parker Estate in Andover.

The girls left on Friday evening and had a lunch after which they set up camp. Saturday morning was spent getting breakfast and having inspection. Swimming was enjoyed in the afternoon. Saturday night fun was had around the camp fire, when the girls entertained with songs, short plays and held a marshmallow roast. Sunday morning a church service was held on the shore of the lake. After dinner the girls broke camp and left for home.

The trip was under the direction of leader, Mrs. Arthur Weiss, assisted by Mrs. George Forsythe and Mrs. Edna O'Hara. The girls attending were: Priscilla Colpitts, Leigh Henderson, Joyce Lee Nason, Joan Jedry, Thelma Sparks, Diana Mitchell, Marilyn Ness, Margaret Buckley, Geneva O'Hara, Anna Froberg, Carol Forsythe, Judy Hall, Barbara Wakefield, Prudence Pimpaire, Gail Goodwin, and Joan Wilson.

Birthday Celebrated

"Billy" Green son of Mr. and Mrs. James Green of Tewksbury st., celebrated his birthday with a party at his home on Wednesday of last week. "Billy" was the recipient of many nice gifts.

Refreshments, including a beautiful birthday cake with three candles were served by Mrs. Green.

Miscellaneous Shower Held

A miscellaneous shower was given recently by Mrs. Roy Brown at her home on Center st., in honor of Miss Shirley Brown, daughter of Mr. and Mrs. George Brown of Andover st., who became the bride of Edward Saul of North Andover on Saturday.

The room was decorated with white paper and the bride was the recipient of many lovely gifts from her friends: Mrs. Frank Haggarty, Mrs. Harry Trow, Mrs. Charles Jacobson, Mrs. Harry Peatman, Miss Thelma Rogge, Mrs. Harry Batchelder, Mrs. George Brown, Jr., Mrs. Anna Hess, Mrs. William Mazurenko, Mrs. Sterney Corney, Miss Doris Nicoll, Mrs. Thomas Howard, Mrs. Burton Batcheller, Mrs. Arthur Gray, Mrs. Pauline McFarlane, Miss June Bell, Mrs. Clifford Warner, Mrs. George Brown, Sr., Miss Andrea Hofer, Miss Harriet Schofield, and Mrs. Roy Brown. Andover Woman Heads Scottish Clans Auxiliaries

At the fifty-first annual convention of the Grand Lodge of the Ladies Auxiliaries to the Order of Scottish Clans in the United States and Canada, held in The Book-Cadillac Hotel, Detroit, Michigan, Miss Georgina T. Petrie of 6 Chickering court, Andover was elected Grand President of the Grand Lodge.

Miss Petrie was installed before an audience of more than 400 members on Thursday evening, June 23. Mrs. Helen Kershaw, Past Grand President of Haverhill was the installing officer, assisted by Past Grand President, Ina Bell of Minneapolis, Minn., Past Grand President, Jean Hepburn of Niagara Falls, New York, Past Grand President Jean S. Robbins of Hamilton, Ont., Canada and Past Grand President, Isobel Reid of Detroit, Michigan. After the installation ceremonies, the Grand Ball was held with Miss Petrie leading the Grand March with Royal Chief, Gilbert Carmichael of Minneapolis, Minn.

Miss Petrie is the daughter of the late George B. and Agnes Gerard Petrie and has been active in auxiliary affairs, being a past president of the local Auxiliary, No. 42, to Clan Johnston, and a member of the United District Assembly of New England. She is now attending the convention of the Royal Clan in Buffalo, New York and will spend the first two days in July as guest of the Southern Highlanders and Argyle Pipe Band at their Scottish games in Hamilton, Ont., Canada.

Water Project Effects Andover

The Metropolitan District Commission will be authorized to take land, water rights and rights-of-way in Andover, Haverhill, Lowell, Lawrence, Bolton, Boxborough, Chelmsford, Clinton, Dracut, Harvard, Lancaster, Littleton, Methuen, North Andover, Tewksbury and Westford if a bill for construction of an aqueduct system reaching from Wachusett reservoir to northeastern Massachusetts is passed.

The \$10,000,000 project to bolster the water supply in the Merrimack Valley cities and towns won the approval of the Massachusetts House Ways and Means committee on Tuesday.

The commission would finance the project through a 50-year bond issue. Water would be sold to towns and districts at a base rate of \$30 per million gallons, plus additional costs for operation in the system.

Chief Warns of Flim-Flam Racket

A neat flim-flam game was attempted this week on an Andover resident, Chief of Police George A. Dane reported late Wednesday afternoon.

A resident of this town received a letter from a man who signed his name as "L" and confided that he was imprisoned for bankruptcy reasons. He said in the letter that he had \$285,000 in a trunk, which was in customs in the United States. He promised to give a large portion of this huge sum, providing that the Andover man forwarded him enough money to get out of prison.

For obvious reasons, he said that he could not receive mail direct at the prison, but advised the local resident to forward further correspondence to Sr. Arturo Garcia, Calle Sto Nino 1207, Colonia Volantin, Tampico Tamps, Mexico.

Chief Dane advised all Andover residents that such correspondence reeks of fraud, and he advised that any other correspondence of his nature be turned over to him.

Male Choir Holds Annual Outing

The Andover Male choir, under the direction of Rep. J. Everett Collins closed its annual outing, Saturday, at Harris' Inn, Pelham, N. H.

Many games were enjoyed and the group elected officers for the 1949-50 season as follows: President, W. Abbott Cheever; first vice-president, Edward Romeo; second vice-president, Harold Holt; secretary, Rep. J. Everett Collins; treasurer, John M. Knowles; librarian, James P. Opening day at Pump's pond found hundreds of youngsters on hand for swimming under excellent supervision. The Townsman photographer arrived on the scene early Monday and found the above happy faces to greet him. From classrooms to aquatic fun was the quick transformation, which these gay children suggested as they posed for the picture along the wharf.

Pump's Pond Opened Monday For 1949 Season

Andover's municipal bathing beach at Pump's pond opened on Monday with hundreds on hand to participate in the refreshing enjoyment.

The life-saving staff was on hand to prepare its waterfront program which will include: swimmer classes in all divisions, conducted by Henry Curry and assisted by Joseph Ratyna; life saving classes in Junior and Senior Red Cross divisions, conducted by Head Lifeguard Donald D. Dunn and Jack Arabian; diving instruction, conducted by Clark Otis. The program will commence immediately after the holiday, on Tuesday, July 5.

The plan of daily instruction has been adopted by the staff this year after considering past experiences. When instruction is given in a certain water class, the tests at the end of the course must be passed for a Red Cross certificate. In that many students leave Andover during the summer weeks to attend resorts and are not able to complete their courses at the pond, when the courses extend throughout the whole season, the new plan has been adopted. Those anticipating joining the courses are urged to sign up with the matron, Patricia Black, or any of the lifeguards.

Newcomers to the Pump's pond staff this season include: Donald M. Whyte and Joseph Ratyna. Mr. Whyte has had most of his life-saving experience with the Boy

Scouts, having earned his Scout Life Guard certificate and other water safety merit badges in the program at Camp Onway, Raymond, N. H.

Mr. Ratyna is a graduate of the Red Cross Aquatic school of South Hanson and is a qualified water safety instructor.

Both boys are well known residents of Andover and intend to go on in higher education after graduation from Puncchar high school.

Andover residents are urged to enjoy the facilities of Pump's pond for bathing, and summer outings, where they may bring the whole family for safe entertainment.

Selectmen Discuss Routine Matters

All selectmen were present at the meeting which was held Monday night. Routine matters were discussed and acted upon.

A communication was received regarding traffic conditions on Abbot street and Porter road. It was referred to Police Chief George A. Dane.

Building Inspector Ralph H. Coleman discussed several conditions in connection with the construction of new houses in the town. The discussion led to the matter of the revision of building codes. It was decided that such matter should be taken up later by the special building codes committee.

Dr. Carrie P. Bacon complained of injuries sustained on River street, Ballardvale. The matter was referred to the town counsel, Atty. Walter C. Tomlinson.

The selectmen voted to impose no charge, locally, for licenses for Sunday entertainment where admission is not charged. The state has notified the selectmen that a state tax of \$2 per Sunday entertainment license will be imposed on places where entertainment such as television and juke boxes is offered.

Schofield Named Camp Director

Arnold Schofield, Tewksbury st., Ballardvale, has been appointed camp director of Camp Onway at Raymond, N. H., by Edward Hamel, camp chairman of the North Essex Council Boy Scouts of America. Mr. Schofield is the Scoutmaster of troop 76 of Ballardvale, Assistant District Commissioner of Andover, and an Eagle scout. This will be his ninth season at Camp Onway.

Working as a patrol leader, waterfront director, program director, assistant director, last year, he filled the position of camp director for the first two weeks of camp. He is a veteran of four years' service in the U.S. army and is at present attending Merrimack college.

Other staff members will be Gordon Smith, assistant camp director; Mrs. Cecilia Fierentino, camp cook; Herbert Matthes, health director; Earl Quance, waterfront director; Ralph Chapdelaine, scoutmaster and Frank Koltman, scoutmaster.

months. He said that veterans will be interested to know that it is expected occupancy will not take place before June of 1950.

Frederick W. Roche, chairman of the state housing board, assured Senator John W. Coddair, Jr., that preliminary approval of the project would be forthcoming this week.

Senator Coddair arranged a conference on Tuesday morning, which was held in the office of the state housing board in Boston, for the purpose of expediting the approval of the project.

Present at the conference were: Douglas R. Crockett, vice-chairman of the Andover Housing Authority and Trial Justice Richard K. Gordon.

Result of the conference was an assurance that preliminary approval would be given to the project as submitted earlier by Chairman Charles G. Hatch of the Andover Housing Authority.

It seems that nothing is impossible these days. One is now able to buy canned chocolate milk which is ready to drink just the way it comes from its 10-ounce container.

JULY 4TH ADVICE FROM FIRE CHIEF

Don't turn a holiday into a tragedy," was the advice given Thursday by Fire Chief C. Edward Buchan, regarding the careless use of fire during the July Fourth celebration.

"Each holiday finds hundreds of Americans being painfully burned while participating in the celebration," he said. Chief Buchan advised Andover residents to supervise carefully the conduct of their children during the holiday.

Observe 25th Anniversary

The vestry in the Vine Street Methodist church was decorated in silver and green and spring flowers, Tuesday, as Mr. and Mrs. Samuel Dimlich, 108 Salem st., celebrated their 25th wedding anniversary.

During the evening Paula Dimlich, daughter of the couple, placed a silver wreath on her mother's head and presented her father with a silver boutonniere. The couple was married in Lawrence by the late Rev. John J. Hollenbach. They have five children, Esther, Lillian, Paula, Chester and Robert.

Congratulations were extended in behalf of the Women's Society of Christian Service by Miss Doris Dimlich, president of the society, and congratulations from the Men's society were brought by the president, Alsdon Arold.

Police Seek Missing Pig

Either a wanderlust or the appetites of hungry thieves caused the disappearance of a black and white pig, owned by Frank Ruggerio of Argilla road, last Sunday. He reported the loss to Police Chief George A. Dane, who has been in search of the small "porker" ever since. Chief Dane said Wednesday that he has heard of the "Little Pig Who Went To Market"—but thus far he has heard nothing of the little pig who was last seen on Argilla road.

Andover Pilot Faces Charges

An Andover pilot, charged with reckless operation of an airplane on Lake Winnepesaukee, N. H., was granted continuation of a hearing in Laconia, N. H., court, on Monday. The pilot is Francis McDonald, who gave his address as The Weirs in N. H., and Andover, Mass. He is charged with being pilot of a plane which struck a boat on the New Hampshire lake last Labor Day. Two girl occupants of the boat were allegedly hurt, one seriously.

Bartlett H. Hayes, Jr., director of Addison Gallery of American Art, Phillips Academy, with his wife and daughters Bridget, Deborah and Hillary, left New York, Tuesday noon, for Europe. They will spend three months in Italy and other countries there. Mr. Hayes plans to visit many museums during his vacation trip.

Edward O'Donnell, Mrs. Thomas Bevan and Mrs. Edwin Bramley.

Following the day's activities which included a delicious lobster lunch and plenty of entertainment, about 12 of the members drove on down to Chatham to spend the night at the summer home of Mrs. Lloyd Morgan of Lowell st.

En route back to Andover, they stopped in Whitman at the Toll House to sample some of Ruth Wakefield's famous cooking and some of the "antiquers" browsed through the countryside and found the area abounding with rare old pieces.

The newly elected committee met at the home of Mrs. Herbert Craig for a dessert meeting. During the discussion of plans for next year, it was decided that the group should make four pilgrimages to interesting areas in search of antique lore. One of these trips, which has been scheduled for early autumn, will take them to Sturbridge.

Stray Horses Cause Concern

Stray horses are causing concern to Andover police in the vicinity of Woburn street, they reported, Thursday morning.

Police Chief George A. Dane said that his officers "rode herd" on the horses Wednesday night, after car owners had reported them to be racing in the street, without riders.

Chief Dane said that he has had several reports of this nuisance in the past few weeks.

On Wednesday night after a long search in the woods, nearby Woburn street, the horses were located.

Andover police were trying to learn the owner of the horses Thursday.

Local Resident Entertains Bedford Hospital Veterans

Mrs. Herbert F. Allicon, American Red Cross volunteer in the Andover chapter, recently sponsored a day's outing at the Log Cabin at Phillips academy for 28 veterans of the Bedford hospital, of which she is a gray lady.

Assisted by Mrs. Charles McDuffie, canteen chairman, and Mrs. John P. Connors, motor corps driver, Mrs. Allicon entertained 28 men from the Bedford Administration hospital. Luncheon was served by Mrs. McDuffie and canteen workers; and cakes, cookies, candy and cigarettes, donated by people interested in the veteran rehabilitation

program at Bedford, were in abundance.

Games and walks through the sanctuary were enjoyed and during the afternoon a horse racing game was featured with prizes, donated through the Andover chapter, awarded the winners.

Many pictures were taken by men working in the hospital print shop and photo laboratories and they will be developed by the men on their return to Bedford.

EDITORIAL THOUGHTS

WANTED — THE SPIRIT OF 1776

On Monday, the residents of Andover will join with Americans everywhere in observing the 173rd anniversary of the Declaration of Independence. It was on July 4, 1776, that the brave colonist formally renounced their subjection to the government of Great Britain.

Andover had been incorporated as a town for 130 years when that noble instrument which was to inspire millions in the years which followed, was announced to the world.

In the War of Independence, Andover gave men and resources that freedom might be won. Over 100 enlisted men and nine officers left their families in Andover and fought this nation's crucial war. A patriotic citizenry provided considerable of the gear of that war.

In the wars which followed throughout the glorious pages of America's history, Andover sons fought and died in freedom's cause, while its citizens acquitted themselves in patriotic fashion.

The birth of a nation resulted from the Declaration of Independence. It is a date which should be commemorated by all Americans in manner fitting with its high place in the history of this country.

"The Night Before The Fourth" has been relegated to an important place in American life. Throughout this nation, hundreds of municipalities will celebrate the occasion with roaring bonfires, colorful parades, patriotic speeches, blaring bands, crackling fireworks and a general festive spirit.

Here in Andover, where American history was made, there will be no official recognition of this sacred day.

Wanted... The Spirit of 1776.

AVOID SUMMER DANGERS

Andover is located in the heart of New England's summer playground. Within its own borders, Andover is favored by nature with a wealth of enticing haunts near cool waters and shaded glen. Andover is but a short automobile ride from the towering mountains, the crystal lakes and the sugary Atlantic beaches.

Such proximity to the pleasures of nature beckons residents of this town to partake of the enjoyment so lavishly offered.

With summer at the threshold, it is appropriate at this time to advise against the dangers which so often turn joyful occasions into heart-breaking tragedies.

Swimming is primarily a sport of pleasure. But it may be an instrument of death. There is no more pathetic picture than that of a loved one lying cold in death, close by the waters where his laughter electrified the air only a brief period before.

Let's all exercise good judgment in swimming. Don't plunge into cold water on a hot day. The shock is too much for your system. Don't venture into water which is above your head. Don't swim immediately after having eaten. Don't show off.

Automobile rides throughout the New England countryside are unexcelled for sheer beauty anywhere in the four corners of the world. All Andover highways lead into routes which are unsurpassed for scenic beauty. Thousands will enjoy these wondrous rides. Some will experience death and disfigurement from accidents along the way.

Let's be sensible drivers and make a pleasure out of touring New England rather than a heart break. Don't drive at excessive speeds. Don't drink while operating a motor vehicle. Drive today so that we may expect to be alive tomorrow.

"SCHOOL IS OUT — SO ARE OUR CHILDREN"

During the months of July, August and September in 1948, 25 children were killed and 2268 additional child casualties were reported struck down and injured in highway accidents in Massachusetts.

Registrar of Motor Vehicles Rudolph F. King has launched a campaign in this state to reduce such frightening casualties of the road.

He is convinced that practically every accident can be prevented if full attention and care is given to the task.

The worthiness of his campaign does not need elaboration. It remains with all of us to cooperate in this regard to the fullest.

Here in Andover the traffic problem is a considerable one. Main arteries of travel have been constructed through the very heart of our town. The accompanying dangers to our young ones are great. The utmost in care must be exerted for their benefit.

Parents alone cannot bear the responsibility of watching after the youngsters. It is necessary that every motorist drive his car in a manner which keeps it constantly under his complete control. The automobile operator must share this responsibility to the children. He must be ever mindful of their presence.

From now until schools re-open in the Fall, the dangers from highway hazard are potentially increased.

No greater misfortune can mar family happiness than to have death or serious injury strike a child, particularly during vacation days.

School is out — and so are our children. Let's keep this foremost in mind while operating motor vehicles this summer.

lift" but recollect that these were in operation long before the conference started. But he might catch on to one straw of satisfaction — the Paris Conference produced a Modus Vivendi regarding Germany. That would seem to be something concrete, so he'd examine it further.

He'd read through the two thousand words of the release and probably out of desperation decide to give the State Department the benefit of the doubt. But he's made of sterner stuff and decides to read through the report again and to jot down notes on the practical accomplishments of the conference on the German question. And it wouldn't take two thousand words to cover the field.

Anything Really Practical?

In mood of apparent frankness the Secretary decided that the most helpful thing he could do would be to give the impression made on him as to what happened, why, and "where we go from here."

And with slightly more ado, Mr. Acheson explains that we are to seek an explanation for what happened at Paris in the progress so far achieved in restoring Western Europe. For this is what made the conference different from the earlier ones; this is why from now on these conferences will be "like the steam gauge on a boiler." To make the matter quite clear by repetition, "like the indicator on the steam boiler." Presumably the conference was a safety valve only. Presumably it made little attempt to reduce the pressure.

Why Not Say It Simply?

The West has gained in strength, says the Secretary, and the position of the Soviet Union in regard to the struggle for the soul of Europe has changed from the offensive to the defensive.

"The significance of this is very important in explaining why no agreement was possible about Germany." Is this clear? Apart from using words which really have little practical meaning in this connection, Mr. Acheson is trying to say that the conference never had a chance of success because Russia never intended to let us get any control over Eastern Germany. In another five hundred words Mr. Acheson merely says that the Western Powers and Russia went to the conference determined not to budge an inch. "Now, that is a negative result from Paris, but it is an important one." Did it take a conference to decide that? And what actually is this result?

You Confuse Us, Mr. Secretary

But, says the Secretary, something positive did come out of Paris — the Modus Vivendi regarding Germany. And since he anticipates a questioning "How?" from some doubting citizen he has the answer ready. "The importance of the conference is not in that document. It is in what I have been talking about. It is in what did not happen rather than what did happen." A little patience; this can be explained. "The Modus Vivendi relaxes the tension in Germany. It establishes very clearly that the blockade is not to be re-imposed." Are you quite sure, Mr. Secretary? Will it never be imposed? Or hardly ever? "Don't think that I am naive enough to believe that simply because it has been agreed in the Modus Vivendi that it would not be re-imposed; that it, in fact, would not be re-imposed if conditions seemed to warrant that action as a successful operation to the Russians." But what is this Modus Vivendi? What does it really do, simply and without modifying and confusing words? "At the end of four weeks of talks it is agreed that the blockade shall not be re-imposed. That is something, not much, but it is something." What do you make of it? We're Out Of Our Depth

How about the East-West trade? Anything positive along those lines? "The High Commissioner's at their level, will deal with trade questions... exports must balance not only in terms of amount but in terms of essentiality." That should be clear. "All those matters will be worked out if they can be worked out by the High Commissioners." Who sold what? To Whom?

What about the difficult problem of Berlin split between the Western Powers and Russia? "In Berlin, arrangements have been made so that the commandants can meet and discuss the thousand

MEET—

DONALD L. AMY

Donald L. Amy, organist and director of music at the Free church, was, during his 34 months in the army, stationed for 20 of them at Fort Richardson, outside Anchorage, Alaska, where, quite by accident he became organist at the post.

When he arrived there, Technician fifth grade Amy went to the chapel and asked if he could practice on the large Hammond organ. From that time on he was organist in addition to his duties in the record unit at the post.

He organized a choir of officers, enlisted men and girl clerical workers. In the chapel, services were recorded and sent to outlying posts. He also put on several service shows in Ft. Richardson, Seward and Anchorage.

Mr. Amy was born in Pennsylvania, was educated at the conservatory, Thell college Greenville, Pa., and came to Andover two and a half years ago. In addition to being organist and director of one of Andover's noted choirs he teaches piano at his home, 35 Elm st. He is married to the former Marietta Battles, daughter of Joseph Battles, formerly of Andover. They have a daughter, Marietta, who is two years old.

What Our
Readers Say —

A solid Andover citizen writes of a matter, which seems capable of correction. The point is well made and appropriate action should be taken by proper authorities.

"Dear Sir:

"About 10 days ago, I noticed the excellent work being done by the department of public works in painting white center lines and other traffic direction signals on the streets in the vicinity of School and Central streets.

"This seemed to be quite a worthy project, as traffic in that vicinity certainly needs such regulation as it is possible to give without adding personnel for such direction.

"On June 21, while passing through the vicinity, I noticed to my amazement, that the beautifully painted directions had been completely obliterated by energetic tarring and sanding of the very same streets. Is it possible that planning such as this will result in another tax increase in the year 1950?"

and one problems of the split city... Here again, it is not much. It is simply a way of dealing sensibly with the established fact that the city is split, and the country is split, and they cannot be put together at this time." But hasn't this been going on for four years, Mr. Acheson? Has any means been discovered to make discussions of the thousand and one problems any easier or more profitable?

We are not blaming the Secretary of State for the failure of the Paris Conference. We don't expect a sale every time, particularly in one of the hardest commodities to sell — goodwill, sheer common sense and human rights. But the citizens would grow in respect and confidence if they were told frankly and clearly what is or is not accomplished. The State Department is certainly suffering from no illusions about the results of the conference. Why doesn't it plainly say so? No one should be expected to do business in the dark, and certainly not with a doubtful bill of goods.

REPORT
from the
State House

By PHILIP K. ALLEN

The office of the State Superintendent of Buildings is probably the busiest office in the Commonwealth, especially, when the House and Senate are in session. The superintendent is in charge of the repair, maintenance and security of both the state house and the Ford building which is considered to be an annex to the State House.

The Ford building was purchased by the State in 1941 for \$155,000 and has paid for itself in rental savings. The building could not be replaced for less than a million dollars.

While the repair, maintenance and security of these two buildings is the most obvious duty of the state superintendent of buildings at the present time, his most important job is the rental of offices outside the state house for departments which have expanded beyond the facilities of the state house, or the Ford building.

It is interesting to note that for offices outside the state house throughout the commonwealth, the rentals total in the neighborhood of a million dollars a year and \$500,000 of this is represented by the rental of offices in Boston itself.

To maintain and repair the state house, there are approximately 200 employees. It is a most difficult task to keep the state house clean because of the enormous amount of marble floors, walls, and steps in the Bulfinch front and in the wings. There are, in addition, hundreds of rooms and literally miles of corridors.

To maintain security and order in the State House, there is a capital police force of 31 officers. These men have been trained not only as policemen, but as goodwill ambassadors. These are the men who are put in charge of groups of visitors who come by the thousands to visit the state house, and who, of course, must do make a vivid impression on those visitors, especially high school children. Incidentally, they are extremely competent in both lines of endeavor.

A pistol range, for example, has been built in the basement of the state house and a team of capital police officers won the Class 8 Championship in the New England Revolver League Shoot, recently.

Evidence of their ability as diplomats can be found if one watches them at work on the parking situation in the rear of the state house where they are besieged by intimate friends of representatives and senators for a privileged parking place in one of

Above sketch illustrates the Andover street railroad crossing where the Boston and Maine railroad proposes to replace the manually-operated gates and the gateman by automatic gates. Scores of Ballardvale residents have signed a petition protesting the suggested installation of the gates, mainly on the grounds that such would be dangerous to children. The above sketch shows graphically the intricate problem involved, owing to the fact that the tracks cross Andover and Tewksbury streets, shortly after their divergence.

KITTREDGE COW COMPLETES TEST

Brattleboro, Vt., June 24—Kittredge Mandy, registered Holstein-Friesian cow owned by F. B. Kittredge, North Andover, has completed a 351-day production test of 463 pounds of butterfat and 12,909 pounds of milk in Advanced Registry test.

Testing was supervised by University of Massachusetts in cooperation with the Holstein-Friesian Association of America.

This cow was milked 2 times daily and was 4 years 6 months of age when she began her test period.

Famine occurs in some portion of India every year.

'Vale Residents Oppose Automatic Gate Proposal

Ballardvale residents registered opposition to the proposed installation of automatic gates at the Andover street railroad crossing this week when scores signed a petition which is circulating in that area protesting the elimination of the manually operated gates, now being used.

The Ballardvale Parent Teachers' association is sponsoring the movement in protest to the automatic gates, chiefly on the grounds that the proposed automatic gates would add danger to the school children, who use the crossing in proceeding to and from school.

Interested persons reported that the petition is being met with general approval by residents of that area and that scores have already signed it with many more expressing the opinion that they are opposed to the automatic gate plan and will sign the petition in the near future.

Boys and girls may take six books at a time during the summer vacation, either on a regular two weeks loan or on the Vacation Loan it is impossible for them to come to the library regularly.

SPEEDERS FINED

Two autoists were fined \$10 each on charges of speeding in Andover when they appeared in Lawrence district court, Monday morning.

They were: Benjamin B. Halpern of Danvers and Samuel W. Pamis of Lowell.

The charges were brought by officer Warren Maddox of this town who told Judge John J. Darcy that the drivers were operating at 50 miles per hour June 18 on Lowell street.

Phillips Academy Will Enroll 700

Phillips academy will open the Fall session in September with more than 700 students in attendance, it was estimated this week by James A. Adriance, director of admissions.

For the past three or four years there has been a yearly enrollment of over 725, he said.

Mr. Adriance informed that the school will operate at a capacity enrollment in the term opening this Fall. Complete facts are not available at this time, he said, owing to the various contingencies which are involved.

Tot Topples From Car In Andover

Two-year-old Warren Shippen, son of Dr. and Mrs. Rodman Shippen, 118 Bellevue avenue, Melrose, fell out of a moving car on Route 28, near the over-pass and received injuries. He was treated at the Lawrence General hospital.

Patrolman Basil H. Cooney and Laurier J. Denomme of the Andover state police barracks said they witnessed the accident, while riding in a cruiser. They said a car driven by Mrs. Shippen was approaching the police car on Route 28 when the youngster tumbled from the right door and rolled some distance on the highway. They took him to the hospital in their car.

Police said Mrs. Shippen was taking her family to the mountains, when the boy touched the car door handle and spilled out.

Exhibition At Town Library

The Memorial Hall library will show 18th Century England, a new exhibition assembled by the editors of Life Magazine, beginning July 1 and continuing through July 30.

The exhibition is a colorful panorama of that age of contrasts. England of the 18th century saw daily life turned into an "art" of great elegance and at the same time saw the drab beginning of the age of industrialism. It calls to mind not only the gentlemanly precepts of Lord Chesterfield and the stateliness of country houses but also the ferment and squalor of London where one tenth of England's population lived.

The exhibition touches on all sides of the English life and includes some 50 pictures, reproductions of photography, paintings, drawings and watercolors, some of which are in color. The exhibition and accompanying text were organized under the direction of Miss Margaret Scherer of the department of education Metropolitan Museum of Art.

VFW SMOKER

Veterans of Foreign Wars, Post 2128, held a smoker in the post rooms, Musgrove building, Tuesday night. Prizes were awarded to the following: William Lavery, 17 Stetson st., Bradford, two tickets to the Braves-Phillies baseball game to be played Friday. William Moore of Morton street won a baseball autographed by the Boston Braves team.

Friendly Warning To Town Visitors

Out-of-state visitors to Andover, who violate our traffic rules for the first time, are going to be agreeably surprised to learn just how friendly and hospitable our old town really is.

At almost any time of the year the town's beauty, its noted schools and many places of historic interest serve to attract numerous motorists from neighboring and distant states.

Should any one of them, in the past, leave an automobile in a parking space more than the allotted time he would most likely find a tag requesting a call to the police station for an explanation. It was with fear and trembling that many faced this ordeal.

But no more! Instead, the out-of-state autoist who is a first offender will find a "courtesy tag" on his car with a cheery word of welcome, a suggestion to visit our stores and a cordial invitation to call again! They will also be reminded with a few printed words that "we do ask that you observe our traffic rules," and with this mild admonition may depart.

Such courtesy to our out-of-state guests should leave them feeling much more friendly toward the town and its people.

Fewer Marriages In Andover

As the month of June fades into July, we have discovered that Cupid is not doing so well. The aggregate number for this year is substantially lower than 1948.

Whether this is the result of the recession-depression complex, so prevalent nowadays, or just plain laziness on Cupid's part is anybody's guess, but the fact remains that in the month of June, 1948, 27 marriage returns were filed at the town clerk's office, while to date 17 returns have been filed.

Perhaps the little man with the bow and arrow needs a shot in the arm.

The fear of the Lord is the beginning of wisdom. — Proverbs 9.

Fred Oldroyd Retires Today

Fred Oldroyd, Center st., Ballardvale, will end 20 years of service to the town when he retires today as a street sweeper in the employ of the board of public works.

"Freddie" is the name by which hundreds of Andover residents address this popular municipal employee. He has reached the age of 70 years and his retirement is obligatory.

He has been a familiar face to many town residents. Be it early in the morning or late in the afternoon "Freddie" always had a bright word for everyone as he went about his job.

Retirement is not relished by "Freddie" and he vows that he will still keep a hand stirring in some type of activity.

Add Six Lights In Shawsheen Sq.

Members of the B.P.W. met in town hall, Wednesday night, with all present, except Edward A. Doyle. It was reported that six street lights are being installed in Shawsheen square. The bills and payroll of the previous week were discussed and approved.

A delegation from the VFW baseball team and the Andover Town team discussed the use of the baseball diamond at the Playstead. The Andover Town team asked to use the area once a week. The board promised to work out a satisfactory schedule for all concerned.

Frank H. Patterson, 20 Burnham road, appeared before the board relative to a sewer assessment. He told the board that his deed showed 27 feet less frontage than his assessment called for. He said that his deed indicated a frontage of 280 feet. The town plan revealed a distance of 307 feet frontage. It was decided that the board look further into the matter to determine which figure was the correct one.

Field S. Chase Retire Aug. 1

Field S. Chase, manager of the division of the Eastern Massachusetts Street Railway company, will retire August 1 from that position after having served almost 20 years with the trolleys and buses. Chase is 67 years old, an Andover resident, the 67-year-old son of a transportation, 13 Canterbury st. He began his career with the company in 1902.

Chase will be succeeded by J. Burke, formerly of Lawrence and Andover and now of Worcester. Burke has been with the company since August, 1914.

Changes were announced today by John I. Donovan, president of the company.

Andover Police Investigate Break

Israel Pearlman, 127 Harvard st., Malden, reported to Andover police that his camp, located in Lowell Junction, was broken into and household articles, estimated to be worth about \$300, were stolen.

Police Chief George A. Dane assigned Sergeant William R. Hickey to investigate the reported break. Sgt. Hickey learned that entrance was gained by smashing a window in the rear-porch door.

Mr. Pearlman said that he visited the camp on Sunday, June 19, and everything was in order at that time.

Chief Dane said that a thorough investigation would continue.

Andover Athlete Wins Brown Letter

Norman B. Bendroth of 17 High street, Andover was among 20 Brown university baseball players receiving a varsity letter, according to a recent announcement by Athletic Director Paul F. Mackesey.

Bendroth, a sophomore, graduated from Pynchard High school in 1945 where he played football, basketball and baseball. In his senior year he was named the most valuable player on the Pynchard High baseball team. He also played on the Andover town team and the Andover V. F. W. team.

Last year on the Brown freshman team Norm hit .364 and this year he hit .214 in 12 games as a member of the varsity. He is an outfielder. He is an economics major, a member of Phi Beta Psi Fraternity and sings in the glee club.

The Brown team won eight out of 18 games under its new coach, Wilfred "Lefty" Lefebvre, former Boston Red Sox and Washington Senators pitcher. The Bruins finished in sixth place in the Eastern Intercollegiate League with a four-and-four record.

Search Ends as Guest Arrives

Elizabeth Polak, a native of Holland who will spend the summer with friends in Andover, arrived Monday at the home of Jacob Vandenberg, Argilla rd., and thus ended the search for her, which began Sunday when she did not arrive as scheduled.

According to police officer Robert V. Deyermont Miss Polak left Scripps college at Claremont, Calif. on schedule but was detained in Ohio and was, therefore, late arriving in Boston.

The National cemetery at Vicksburg, Miss., contains 119.75 acres.

Still Time To Plant A Garden

There is still time to yield the spading fork and plant a garden. The late gardener is like the tortoise in the race between the hare and the tortoise—the slow but conscientious starter may be the one who wins.

Leaf lettuce should be planted no earlier than July 20 for a fall crop and can be planted as late as August 20. Head lettuce seed may be sown July 20.

Snap beans will take 45 to 60 days to maturity. Thus, they can be sown as late as July 20. Lima beans take longer and you would be taking a chance if they were sown this week.

Carrots may be sown July 1 and beets July 20 for a good fall storage crop.

Cucumbers can be sown July 4th weekend and be ready in September.

Spinach can be sown July 20 for a fall crop.

Tomato plants can be set now, but the yield may not be as great as those set earlier. Some who take vacations in August would benefit from this procedure.

Cabbage, broccoli, cauliflower seed can be sown July 1, or better still, set plants.

"THE HEIRESS" OPENS MONDAY

Presented by an all-professional cast, "The Heiress," top prize-winning drama of the 1948-49 theatrical season, will be the second offering of the West Newbury Summer Theatre, opening Monday evening, July 4th, for a week's run.

"The Heiress" will follow the current attraction at the West Newbury Summer Theatre, "The Vinegar Tree," a farce comedy with amorous complications about a wacky weekend at the country home of the giddy Mrs. Merrick, a role created on Broadway by Mary Boland and played at West Newbury by stage and radio actress Mildred Baker, who has co-starred with Joseph Cotton, Walter Hampden and Ethel Barrymore. A sophisticated play about a scatterbrained matron who believes an artist flame of her youth wants to elope with her, while the artist actually is in love with her daughter, "The Vinegar Tree" will play through Saturday, July 2 at the West Newbury Summer Theatre.

CHURCH CHOIR ENJOYS OUTING

The members of the Free church choir enjoyed an all day outing Saturday at the home of Mr. and Mrs. Joseph H. Higginson in Ipswich. Mrs. David L. Coutts served as hostess. The party enjoyed a boat trip, returning to a delicious lunch, followed by swimming. After a delicious supper, songs were enjoyed by all.

Sunday Entertainment Tax For Local Business Places

Some 14 business establishments in Andover may be subject to a \$2 Sunday entertainment tax, it was announced this week by Selectman Roy E. Hardy.

He said that the state department of public safety had directed attention to Chapter 136, Section 4, of the General Laws, which provides that any entertainment held on the Lord's day, including musical entertainment provided by mechanical or electrical means, whether or not admission is to be obtained upon payment of money or other valuable consideration, shall be licensed. The license must then be submitted to the commissioner of public safety, together with a fee of \$2 for each Sunday, for his approval.

In accordance with an opinion rendered by the attorney general's department, all television sets and other forms of entertainment provided by electrical or mechanical devices requires such entertainments to be licensed and approved by the commissioner of public safety.

Police Chief George A. Dane submitted a list of 14 establishments in Andover, which were believed to come under this ruling, to Selectman Hardy.

It was the opinion of Selectman Hardy that many of the places of business will cease operating their television sets and mechanical music boxes on Sunday rather than pay the \$2 license fee.

Report from the State House

(Continued from Page Six)

the clogged parking areas on a hot June morning. Their handling of these requests has been a model of courteousness and efficiency.

The state superintendent of buildings is genial "Gus" Everberg, of Woburn, a man of great diplomacy. He served in the "House" for 10 years, from 1923 to 1926 and from 1935 to 1940, and has held the office of superintendent since 1939, there having been no legislative session in 1940. Like most of the appointive officers, he is appointed by the governor and approved by the council for a term of 3 years.

One of the most recent evidences of the work of the superintendent was the regilding of the dome in 1947. We were privileged recently to make a trip to the top of the dome, in the company of an officer of the capitol police force and trudged up approximately 165 wooden steps to probably the most gorgeous view of Boston there can be.

The dome itself is covered with copper sheeting which was placed there in 1888. In 1940 an appropriation was made to regild the dome but the war intervened, and, as a matter of fact, it was blacked out at the suggestion of military authorities. In 1947, at a cost of \$12,840, it was regilded. It is interesting to find that in 1911, the cost was \$3580, and in 1924, \$7760. It is also interesting that the gold leaf covering the dome is only one two-hundredths of an inch thick and is 23 1-2 carat gold (practically pure.) Therefore when one speaks of the golden dome, he really means it.

Hernando de Soto was probably the first white man to see Arkansas.

Weddings...

KRIKORIAN-ARAKELIAN

At a pretty ceremony, last Sunday, at 2 o'clock, Miss Ida Arakelian, daughter of Mr. and Mrs. John Minasian, 182 Merrimack st., Methuen, was united in marriage to Sarkis Krikorian, son of Mr. and Mrs. Harry Krikorian, 136 Greenwood rd. The Very Rev. Hemayon V. Entolian, pastor of the Armenian Holy Cross church officiated.

Given in marriage by her father the bride was charmingly gowned in traditional candlelight ivory satin fashioned in colonial period style with a sheer yoke, drop shoulder fichu outlined with French lace. The gown had a fitted bouffant skirt caught up over tiers of lace and ended in a full court train, bordered completely with the same lace. The bride carried a cascade bouquet of white roses and stephanotis and wore a fingertip veil of imported French illusion held in place with a coronet of orange blossoms.

Miss Rose Arakelian of Methuen was maid of honor and wore a gown of yellow taffeta. The bridesmaids were: Miss Ann Hovanasian of Methuen, Miss Mary Krikorian of Andover and Miss Agnes Musserlian of Chelsea. They were attractive in similar gowns of orchid taffeta with matching mitts and wore picture hats of orchid net. They all carried cascade bouquets of yellow roses, marguerites, and orchid gladioli.

The flower girl, Miss Sheila Arakelian of Methuen, wore a gown of yellow taffeta and carried a basket of orchid and yellow flowers and rose petals. Michael Krikorian was best man and John Musserlian of Chelsea, Martin Hovanasian of Methuen and Samuel Ohannesian of Bradford were the ushers. The organist was Miss Angelina Hagopian and the soloist was Mrs. Paul Hagopian.

Attractively gowned in powder-blue with pink accessories the bride's mother wore a corsage of pink roses. Wearing a corsage of pink roses the bridegroom's mother was charming in an aqua gown.

After a reception held in the Crystal ballroom the couple went on a wedding trip to Canada, New York and Niagara Falls. They will reside at 182 Merrimack st., Methuen, after the honeymoon.

SAUL-BROWN

Miss Shirley Beatrice Brown, daughter of Mr. and Mrs. George Griffin Brown, Sr., 422 Andover st., became the bride of Edward W. Saul, son of Mrs. and the late Robert E. Saul of Lexington, Saturday, in the garden of her home. The Rev. Albert C. Sundley of the Glendale Congregational church of Everett officiated.

Given in marriage by her father the bride was charming in white marquisette over taffeta with the neckline edged in seed pearls. The bodice was fitted and the gown had a bouffant skirt. Wearing a short veil of imported illusion edged in lace, the bride wore a tiara of seed pearls and carried a cascade of bride's roses and stephanotis with tulle.

Mrs. George G. Brown, Jr., was matron of honor and wore a blue-dotted swiss with a draped shoulder yoke and a bouffant skirt. She carried a bouquet and wore a tiara of pink roses with tulle.

The bride's mother was attractive in a gown of powder blue crepe and lace and wore a corsage of shell pink carnations and shell pink accessories. She wore a halo of flowers and nylon net.

Wearing a corsage of carnations the bridegroom's mother was charming in a navy blue crepe afternoon dress and picture hat with white accessories.

The garden was attractively decorated for the occasion and the ceremony was performed before a semi-circle of cedar trees and hydrangeas. Music in a semi-classical and popular vein before and after the ceremony completed the setting. The ushers were George G. Brown, Jr. of Andover and Donald Kelley of Revere, brothers of the bride and groom, respectively.

The bride's book was in charge of Mrs. Harry Gullede and the gift book was in charge of the bride's cousins Miss Bernice Moody and Mrs. Anita Brown.

After a reception in the garden with many out-of-town guests present, the couple left for Maine

and Canada. They will reside in N. Andover.

The bride is a graduate of the Andover public schools and the Hickox and Higgins school of Boston. She has been associated with the Liberty Mutual insurance co. of Boston for five years.

The bridegroom graduated from Manchester, N. H., High school and is a member of the Galilean Masonic lodge of Everett. He is the proprietor of the Everett Motor lines, inc. of Everett.

SCOUT NEWS FINAL MEETING

The last regular meeting of the executive board of the N. Essex council was held Wednesday evening June 29 at 7:45 p. m. in the scout office. Main topics of discussion were the lowering of cub scout age to 8 years, the coming 25th anniversary of the council at Camp Onway. The next meeting will be held in September.

Advancement Committee

The district advancement committee, with Dr. Nathaniel Stowers, chairman, met on Monday evening, June 27, at 7:45 p. m. in the Memorial Hall library. The purpose of the meeting was to examine Life Scout Thomas Burnett of troop 72 who applied as a candidate for advancement to Eagle scout rank. Scout Burnett successfully qualified. Among those present were David MacCord, troop 72 scoutmaster; Walter Caswell, district commissioner; Calvin Metcalf, district chairman; Joseph McCarthy, troop 75 committee man; Merrill Burnett, troop 72 committeeman and Mrs. Merrill Burnett.

Ballardvale

Troop 76 of Ballardvale will not meet again until the end of summer. Twelve members of the troop are attending Camp Onway this summer.

Camp Onway

A group of camp staff people will report at camp Saturday, July 2, to start preparing for the opening July 10. Included in the Andover district representation who will go to work at camp on that day are Camp Director Arnold Schofield and Patrol Leader Thomas Burnett. Troop committeeman Merrill Burnett will visit the camp.

As of June 24 a total of 46 Andover scouts had registered for camp.

Archbishop Cushing

At the recent 39th annual meeting of the National Council of the

Boy Scouts of America, which was reported in the June issue of the Scouting magazine, one of the six silver Buffalo awards in the United States was made to His Excellency Richard J. Cushing, Archbishop of Boston.

Heading all youth work for the Catholic church in America, Archbishop Cushing called attention to the point that at the age when boys form gangs against someone or something, scouting forms groups that are for things. "For this reason," he said, "scouting has uncounted friends, in every country, on every level."

Do You Know Massachusetts?

DO YOU KNOW THAT... There are more telephones in use in Massachusetts today than in the entire country of any foreign nation except the United Kingdom. Canada, France, Germany and possibly Russia. From the close of 1940 to May 31, 1949 the number of telephone instruments in the Commonwealth increased from 922,208 to 1,512,884, of which 1,068,927 were residential and 443,957 business. The Massachusetts total of phones is slightly more than in Sweden, a fourth more than in Japan, nearly three-fourths as many as in France and a third as many as in the whole United Kingdom. The town of Brookline has developed an arborium of the shade trees along its streets. The 14,000 trees which line its 90 miles of streets include more than 40 different varieties, comprising not only the kinds native to Massachusetts, but many imported specimens, the location of each being mapped for the convenience of arborists. Marriage records of eight leading cities in Massachusetts for the first four months of 1949 show a drop of 15% below the same period last year and 12% under the same four months' average during the five years 1941-1945. There were 907,928 passenger automobiles registered in Massachusetts during the first five months this year, an increase of 58,908 over the same period a year ago. The Bridgewater planning board is preparing a comprehensive zoning bylaw for submission to the voters.

South Church Will Sponsor Missionary

Miss Lois King, Concord township, Bedford county, Pa., has recently been chosen by the American Board of Commissioners of Foreign Missions and adopted by the South church, as missionary to W. Central Africa.

Miss King was introduced to a group of parishoners including the South church missionary committee at the home of the Rev. Mr. and Mrs. Frederick B. Noss, 62 Elm st., Saturday evening.

Sunday Miss King spoke from the South church pulpit and told the congregation her reasons for being a missionary and her background. It is expected that she will be commissioned from the South church some Sunday in July.

Miss King is well qualified for her position and plans to go to Portuguese, W. Central Africa in September for her work. A graduate of Merryville college, Tenn., Miss King has taken courses at Cornell university in the study of missionary agriculture and is qualified as a social worker in agriculture. She also is a graduate of the Biblical seminary of New York city and studied library science at Columbia university. For several years she taught school in the mountains of Kentucky.

At present she is attending a conference in N. Carolina for outgoing missionaries. The Prudential committee of the South church chose Miss King at a meeting held Tuesday evening, June 21, and the South church will sponsor her work in the primitive Portuguese section of W. Central Africa.

ATTEMPTED ENTRY

Mrs. Samuel Forsythe, 19 Park street, reported to Andover police Monday morning, that an attempt was made to enter her car while it was parked near her home sometime Sunday night or early Monday morning. She said the left front window was broken but entrance to the car was not gained.

Andover Played Role In The War For Independence

On Monday, July 4th, the world of free men will celebrate that sacred occasion when Americans disputed the power of Great Britain to rule this land in the year 1776.

The Revolutionary war had its beginnings at the very doorstep of Andover, with the outrages in Boston climaxed by the actual outbreak of war at Lexington and Concord.

As early as October, 1765, ten Andover men were instructed to draw up plans for the representative of this town at the great and general court of this province.

Andover people assembled in town meeting February 3, 1774, and resolved that: "no person in this town, who has heretofore been concerned in vending tea, or any other person, may, or on any pretense whatever, either sell himself, or in any way be accessory to selling any tea of foreign importation, while it remains burdened with a duty, under penalty of incurring the town's displeasure."

In February, 1775, the town voted to "furnish the enlisted soldiers with bayonets at the expense of the town."

April, 1775, when the British began the march to Concord, in Andover, as in the other towns "the meeting house bells rang out their warning and the heavy beat of the alarm drums summoned the farmer at his plow, the mechanic in his shop, and the minister in his study; and all leaving their teams, their tools, their books, without even stopping to change their clothes, hurried to the places of rendezvous with muskets and powder horn in hand."

Merrimack College Will Enroll 500

(Continued from Page One)

Merrimack college opened in the Fall of 1947 with 165 students being registered. In the span of three years it will have grown to a total school enrollment of 500. Father McQuade said that present plans anticipate a normal school enrollment of 1,000 students within a few years.
