## VIEWS OF THE NEWS

By LEONARD F. JAMES

Those good citizens who label communist investigations in the United States a "witch-hunt" might profitably take a look at Czechoslovakia today. The people there probably wish they'd done some similar witch-hunting a few years ago.

Of course, Czechoslovakia is a long way off, the people are foreigners, and what happens there isn't likely to happen here. That's a comforting thought. And communism likes people to have comfortable thoughts. They won't be too curious to see what's going on.

Canada is Not Far Away

Now, Canada is a substantial country, much like the United States. Communism wouldn't have much chance there. You think so? How many remember the Red spy scare in Ottawa three years ago? Or recall the type of Canadian citizen who worked for Russia? They weren't desperate people, or social outcasts. They included a member of Parliament, men and women of education, employees in high government offices, distinguished national scientists, men and women trusted by the Canadian government that employed them. A witch-hunt? Their secret was well kept too. In fact it was broken from the inside, by a Russian coding clerk inside the embassy, a man whose record made him a safe man in the eyes of the Russian secret police. A good refresher on that incredible incident in the book "Red Spider Web", by Bernard Newman, on the report of the investigating royal commission, published by the Stationary Office in Ottawa.

## Boosters In Final Drive For Project

At an enthusiastic meeting of the Boosters Day committee held last night plans were discussed for a house to house canvass with tickets to allow everybody an opportunity to aid in the purchase of 100 new uniforms for the girl's band.

The committee has secured \$1750 in prizes to be awarded at the Pynchard-Lexington football game at the playstead Saturday, Oct. 29 and the books of tickets are to be used in making the awards.

Survey Committee Would Have Town Appoint Building Committee To Go Ahead With Plans To Replace John Dove And Stowe Schools

### P.H.S. Gridders Win At Ipswich

Punchard high made it four straight by downing a small but experienced Ipswich high eleven at Ipswich Saturday afternoon. Playing without their stellar half-back, Charles Dwyer, the locals were out to show they are still tops.

Taking over after an exchange of kicks on their 20 in the first period the Blue and Gold immediately marched into payoff territory. Wilkinson taking Dwyer's place teamed up with Wilson and Collins to carry the ball to the Ipswich 10 from where Lawrence's lateral to Collins was good for the score. Maucerie split the uprights for a 7 to 0 lead.

In the second quarter the locals lived up more than anytime this season. They took possession of the ball on their own 40 after an exchange of kicks. Collins picked up 5 off tackle then Lawrence passed to Otis on the ten, from there the latter drove his way to the 3 before he was finally brought down. Wilson went off tackle for the touchdown. A pass from Lawrence to Rayball was no good. Score now 13 to 0.

## Garden Club Wins Award of Merit

The Andover Garden club received the state award of merit at the annual meeting of the Garden Club Federation of Massachusetts held recently at the Coply Plaza, Boston.

Six members of the local club attended the meeting. They were: Mrs. Frank M. Benton, Mrs. Charles W. Arnold, Jr., Mrs. Frederick Johnson, Mrs. Nathaniel Stowers, Mrs. Guy B. Howe and Mrs. Albert J. Moore.

The award presented to the club was accepted by Mrs. Howe, president, in the name of the local organization. The club was commended for its very fine flower show last May, with Mrs. Arnold as general chairman and Mrs. Benton as staging chairman.

The state award is on exhibition at the Andover Book store.

The school building survey committee voted Tuesday night to recommend that the school committee ask the town for the appointment of a building committee to undertake the construction of a new elementary school building to replace the present John Dove and Stowe school structures.

It further voted to recommend that the school committee give consideration to a program to take care of the future needs of the school system throughout the town.

This vote came after a study of the survey presented Sept. 27 by Dr. Jesse B. Davis of Boston university and his associate, Cyril G. Sargent, formerly of Phillips academy but now with the Harvard school of education, in which it was recommended that all elementary schools eventually be replaced except the Shawshen.

## Police Give \$100 To Hallowe'en Party

Enthusied with the idea of having a big Hallowe'en party for all the children of the town, the Andover Police Relief association has voted to contribute \$100 toward its success.

This cooperation and that of several other organizations who have made substantial contributions for the event have greatly encouraged the committee which is planning to present a novel and rapid-moving program for all who attend.

Word has just been received by Stafford A. Lindsay, one of the originators of the plan for Andover, that the Essex county venture of the Forty and Eight is going to contribute a bang-up entertainment that ought to please all the merry-makers.

Tex Schultz, the champion Yo-Yo top spinner, is going to fly on here from Chicago to present his great novelty act with four of his boys. On top of this, the Forty and Eight will also offer Buddy Bissett of Lynn with his great puppet show, a fast-moving presentation of comedy and adventure which is guaranteed to hold the attention of young and old, and magic. Then there will be a Victory unit orchestra of East Lynn post to furnish music.

## Stowe School Hall Safe For Assembly

Fire And School Dept's Officials Say Place Is Perfectly Safe To Use

Fire Chief C. Edward Buchan and the school department have approved the use of the Stowe school hall for assemblies as a recent investigation by both has led to the conclusion that the hall is perfectly safe to hold assemblies.

The recent survey of school buildings said of the Stowe school: "The building was originally erected in 1893 and after being destroyed by fire was rebuilt in 1896.... The building possesses an administration office which is fairly adequate, and an auditorium on the third floor.... The auditorium is dark and the artificial lighting deficient. There is also a third floor storeroom, which is in use at the present time. It is recommended that for the safety of the pupils neither the auditorium nor the storeroom be used and that the third floor area be entirely shut off."

The hall is used only about three times a year for assemblies and only when precautions are taken. The fire department will furnish a fireman to stand on duty at any time an assembly is to be held and the school authorities will allow only half of the children in the hall at a time. There is a large outside fire escape on the building installed only a few years ago.

Officials assure parents that every precaution will be taken to guard the children at all times and especially when an assembly is held.

## "Hello Night" Held By Central PTA

A large group of parents from Boxford and Andover met the teachers from the Central schools at a highly successful "Hello Night" at the Memorial gym Wednesday night sponsored by the Central PTA.

"Swing your partner," "grand right and left," and "all promenade" were some of the calls heard as all entered the circle dances, Virginia reels and other forms of square dancing which made them thoroughly acquainted during an enjoyable evening of fun.

"This is the year of decision" said the PTA president, Roland Fraser, in welcoming the gathering, stating that the townspeople this year would be faced with the problem of what or how to do with the report of the school survey. Mr. Fraser stated that a meeting is tentatively scheduled for February, 1950, when members of the Central PTA would have an

## Grass Plot Forms Hazard To Traffic On Main Street

Juts Into Road At Chapel Avenue And Abruptly Converts 66 Foot Highway There Into 33 Foot Lane

In order to eliminate a Main street traffic hazard that is becoming more pronounced with the increase in the number of autos, suggestion has been made that a corner of the grass plot that juts into the roadway at Chapel avenue be removed.

Main street at the northerly intersection of Chapel avenue is 66 feet wide. On the southerly side of the intersection the grass plot extends 33 feet into the roadway from the curb line, and abruptly narrows the travelled way to 33 feet.

This condition was brought about back in the street car days when the single line of tracks that ran up the hill widened into a double line turnout as it entered the area now covered by the grass plot. When the car tracks were

removed the area which still remains town property, was landscaped and remained closed to vehicular traffic.

This spot forms sort of a bottleneck in town on the heavily travelled Route 28 which frequently bears more than its normal flow of autos, trucks and busses at various times in the year. It is one of the main arteries of weekend traffic to and from many northern summer resorts and it also takes a great part of the traffic caused by race track followers streaming back and forth to Rockingham.

Traffic headed north at this point has to make a sharp swing to the right in order to avoid the line coming up the hill, thus bringing it over against traffic using Chapel avenue.

## Community Chest Campaign Opens

The Andover community chest campaign is proud of the large number of workers who have enrolled under the chairmanship of Mrs. Howell M. Stillman to serve in the residential division now engaged in soliciting contributions to the town's quota of \$18,027.

"The spirit shown augurs very well for the success of the campaign," says Miss Miriam Putnam, chairman of the Andover division, who announces that the campaign which opened Monday, Oct. 17 will continue until Monday, Oct. 31.

An innovation this year will be the holding of a report dinner in Andover Monday, Oct. 24, at the Andover Guild. Solicitors and those interested are urged to attend this meeting.

Following is a list of the district representatives:

District 1: Mrs. William P. Hamblet, major, Mrs. Brownell Gage, captain, Miss Harriet W. Carter, Mrs. Raeburn B. Hathaway, Mrs. Roland B. Glines, Mrs. J. J. O'Connor, Mrs. Daniel E. ## Approves Construction Of New Central School

(Continued from Page One)

The consultants had recommended as the first step in the proposed replacement that a new 18-room elementary central school building be erected, the Indian Ridge building be withdrawn from use as a school building as soon as possible, and that the West Center school be abandoned

as soon as appropriate facilities could be made.

The second step recommended that a 7-room elementary school be built in the West Andover section. Step three provided that until such time as it is possible to take step two, the pupils from the West Center be transported to the new central elementary school unit.

Chairman Gordon L. Colquhoun called upon Roy E. Hardy to report on the recently-organized planning committee's views of the project. Mr. Hardy reported that the committee felt there was need for a new school and that the town should be made aware of the needs for the special rooms as recommended. He further reported that the planning group felt the matter of a new school building should be

presented to the town at a regular town meeting and not a special meeting.

Kenneth L. Sherman, superintendent of schools, in reply to a question from Chairman Colquhoun, outlined to the committee the reasons for having the special rooms.

Arthur R. Lewis, member of the survey committee, read a statement in behalf of the people of West Andover who felt that the closing of the West Center school and the transfer of pupils to a central school might become permanent instead of temporary. They objected the centralization of the pupils in the new building.

The committee discussed the West Andover situation at length and even the advisability of acquiring land in West Andover as a site for the new building there.

Minutes of the Sept. 27 meeting were read by William A. Doherty secretary, and it was voted that the survey committee meet again Nov. 22.

## Boosters In Final Drive For Project

(Continued from Page One)

Chief of the prizes are two television sets which top the list of 41 awards to be made at the game. The committee feels that it needs the full cooperation of the townspeople to complete its project so that sufficient funds will be obtained to provide complete new uniforms for all band members. The uniforms now in use are ten years old.

Merchants of the town have cooperated with the committee in offering prizes for the event with the result that the amount of merchandise donated totals \$1750.

Another meeting of the committee will be held Thursday night and it is requested that as many members as possible be present. The committee will make a concerted drive in the next 10 days to dispose of all tickets and it needs the help of all members to insure success of the project.

opportunity for free discussion of their own questions and opinions before the various items are presented at Town Meeting.

The Punched High school all girls' band gave a spirited concert under the direction of Mrs. Frank J. McArdle. On the program were several stirring marches. The program closed with "The Star Spangled Banner."

Miss Burke's combined 3rd and 4th grade room won the attendance contest, with Miss Sherman's kindergarten and Miss Alice Stack's 4th grade tied for second place.

Coffee and ice cream puffs were served by a willing group of workers, headed by the co-chairman of the refreshment committee, Mrs. Arthur Covell and Mrs. Almon Daniels.

## Vale Residents Present Protest

(Continued from Page One)

Mrs. James E. Schofield, Townsman correspondent, Mrs. George Brown, Mrs. Willard Newcomb, Mrs. Charles Scobie, Mrs. Alma Marshall, teacher in the Bradlee school, Mrs. Ralph Sharpe, Mrs. Joseph Rouleau, and Mrs. Albert Warner.

The selectmen presented the petition signed by more than 300 residents of the district protesting the change. Mr. McIntyre offered several newspaper clippings and a protest from the Ballardvale PTA, and during the course of the hearing there were also letters of protest offered from Kenneth L. Sherman, superintendent of schools, and many residents of the Vale who could not attend.

The well-organized protest covered all angles of the situation, particularly the safety of children and elderly people who use the crossing, the number of passenger and freight trains that pass over the crossing regularly and the number of express trains that run through there at high speed.

It was brought out that by taking the crossing tender away there would be no representative of the railroad there after 1 p.m. each day and none Saturdays and Sundays, leaving it up to residents of the district to notify the railroad if anything went awry at the crossing.

Before the hearing closed and the petition taken under advisement the opponents were assured that a representative of the department would view the crossing before a decision was made.

## Attend County Health Association Meeting

Mrs. Matthew Colquhoun, Miss Helen Eaton, Mrs. Thaxter Eaton and Mrs. Walter Curtis represented Andover at the open house day held Oct. 18 by the Essex county health association at Beverly which was attended by 22 members of the Christmas seal committees throughout the county.

In the morning Miss Mary C. Dinsmore, executive director, and her office staff showed the offices to the members and explained many aspects of the association's program. A luncheon was enjoyed after which the 1949 campaign plans were presented by Miss Dinsmore.

A discussion period followed, during which the members were told of the work done by the association in the field of health education, and also of the rehabilitation and educational guidance program at the sanitarium. This work is made possible by the annual sale of Christmas seals. The 1949 sale, which starts during the third week of November, has \$65,000 as its goal.

## Historical Society

Dr. Claude M. Fuess is scheduled to be the guest speaker at the annual meeting of the Andover Historical society which will be held at the society's headquarters at 97 Main st., at 8 o'clock to night. His subject will be the early history of Andover, preparatory to the volume which he is preparing under the auspices of the town—authorized as a feature of the tercentenary celebration.

Requests have been made for suggestive material. There will be opportunity for discussion, questions and answers.

Members may invite guests. There will be necessary business, with the customary social hour.

## VFW Tournament

Andover post, 2128, VFW, will continue with its 45's tournament series Friday night at the post rooms beginning at 8 o'clock. The tournament is open to the public. Refreshments will be served.

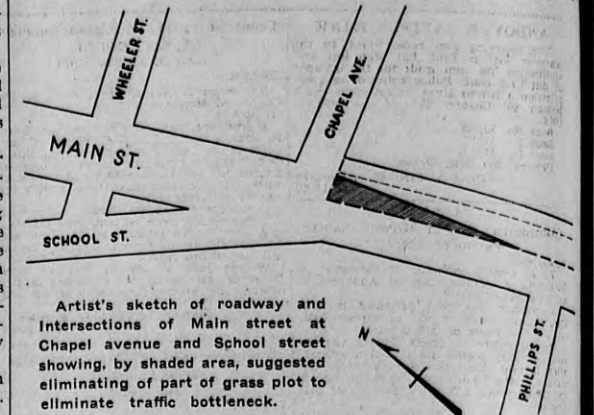

The post will hold a regular meeting tonight in the post rooms with Commander Thomas P. Eldred presiding. It is expected that preliminary plans for the Armistice day banquet will be discussed and committees formed to arrange for the event.

Steve Sorota's Andover regulars, still smarting after a stunning defeat last Saturday at the hands of the most powerful Yale Freshmen eleven in recent years, concentrated on signal drill and ground attack yesterday and today. The yearlings ground out a 20-7 victory over Andover, scoring entirely in the second half.

Preparing for this Saturday's game with the Springfield Freshmen, Coach Sorota expects more of the same sterling work from rangy left end Tom Tate of Louisville, Ky., who snared Pete Gardner's long pass for the sole Andover touchdown in the Yale game. Also expected to show some speed against Springfield are quarterback Jerry Schaffner of Pelham Manor, N. Y. and Dud Shepard, fullback, of West Newton.

## Annual Tea Held By School Guild

The Catholic School Guild held its annual tea in St. Augustine's school hall last Sunday. A very pleasant social hour was enjoyed after which the Sisters of Notre Dame joined the gathering.

School problems were discussed and many helpful suggestions were brought to light and through the splendid co-operation between the parents and the teachers, plans were made for the betterment and improvement of the individual child during the scholastic year.

The committee consisted of the following: Mrs. Charles H. Greenwood, Mrs. Augustine J. Delaney, Mrs. Frank D. Lee, Mrs. Stephen Pettit, Mrs. Robert A. Leete, Mrs. Frederick Griffin, Mrs. John A. Polgreen, Mrs. Edward A. Rice, Mrs. Joseph F. Barton, Mrs. Robert Walsh, Mrs. Daniel Murphy, Mrs. Timothy F. Scanlon, Mrs. Frank A. Hayden, Mrs. Stuart Anderson, Mrs. James E. ## Discuss Drainage Of Rogers Brook

A group of residents of the upper end of Chestnut street appeared before the selectmen at Monday night's meeting to ask that action be taken to take care of the drainage of Rogers brook in the vicinity of Morton street and the veteran's housing project. They were interested in having provision made for any overflow of the brook in this vicinity.

After some discussion of the request it was voted to refer it to the engineers on the veterans' housing project, and further action by the board was taken under advisement.

A petition of the N.E. Tel. & Tel. Co., to lay a buried cable in Williams street near Sherbourne street was granted.

Bids for the installation of a toilet in the women's cell at the lock-up were received as follows: Alexander Thomson, \$175; Harry Schofield, \$107; M. T. Walsh, \$105; Buchan & McNally, \$92. The contract was awarded to the latter, the lowest of the four bidders.

## November Club Plans To Hold Rummage Sale

The ways and means committee of the November club held their first meeting recently at the home of Mrs. Edward C. Nichols, Wolcott ave.

This meeting was called to make plans to hold a rummage sale, sometime in November at the Square and Compass club, Elm square.

The committee would like all members of the November club to keep this sale in mind and to start saving all articles, which will be called for if necessary.

Members of the committee are: Mrs. Edward C. Nichols, and Mrs. Walter C. Tomlinson, co-chairmen. Mrs. Preston H. Blake, Mrs. Will G. Brown, Jr., Mrs. Willard H. Currier, Mrs. Robert D. Mayo, Mrs. Walter E. Mondale and Mrs. George B. Westhaver.

## Legion Meeting

Refreshments will be served after the regular business meeting.

## Building Permits Issued For Week

Building permits issued by Ralph W. Coleman, building inspector, for the week ending Oct. 15 totalled \$20,000 according to the report submitted to the board of selectmen Monday night. The estimated cost of new buildings was \$19,000 and for alterations \$1000.

Permits for new buildings included:

Andrew A. and Evelyn Caffery, Woodland rd., residence and garage; John R. and Constance Torrey, Stinson rd., residence and garage; Richard and Helen Germaine, 61 Corbett st., garage; Albert and Janet C. Cole, 14 Foster circle, garage and breezeway; Arthur and Dorothy Peatman, Cutler rd., garage John R. and Rose E. Doyle, Wildwood rd., henhouse.

Alterations, Joseph M. Collins, 66 Pine st.

Permits for the week ending Oct. 8 were: New buildings: Madeline M. Parker, 119 Haverhill st., one car garage; Henry E. Drollet, Lowell st., cellar foundation, total \$2350. Alterations: Phillips academy, corner Salem street and Highland road, casement window; Hoffman Lunch, Post Office ave., interior alterations and install new entrance doors. Total \$1300.

## Heads Local Drive For College Fund

Mrs. Frederick W. H. Stott of 26 Salem st., has been named Merimack Valley chairman of the Smith college 75th anniversary fund campaign for its final year. It was announced at fund headquarters.

Mrs. Stott, who is a member of the class of 1912, will head a committee of local Smith women for the all-Smith drive in this area.

The anniversary fund campaign, which opened in 1946, has now reached a total of \$5,100,000. Smith alumnae are working toward a goal of \$7,000,000 by June 1950, as a climax of the celebration of the 75th anniversary of the opening of the college.

## Reds Go To Church To Spy On Clergy

In the Soviet controlled city of Magdeburg, Germany, recently, the communist propaganda bureau pulled off a stunt that would have taxed the ability of an Apostle. It got communists to go to church. The reward: opportunity for the Red churchgoers to recommend punishment for any clergyman with a "reactionary influence" on his congregation. — Pathfinder.

## Shows Sunny Side Of War Marriage

In contrast to the frequent emphasis on the high mortality among wartime marriages, "Family Closeup", the American Broadcasting company series based on actual family problems and broadcast in cooperation with family service agencies throughout the country, will on Oct. 22 tell the story of a wartime marriage that came through domestic storm intact.

The story of Bob and Ellie, whose marriage began with a college romance and was buffeted by "in-law" trouble when Bob returned from military service, will be heard over Station WLAW from 9:30 to 10 p. m. The series is sponsored locally in cooperation with the Family Service association of Greater Lawrence, a Red Feather service, of the Lawrence community chest.

## Flower Arranging Course

Under the direction of the state extension service, a course in flower arranging is being given at the Memorial Hall library, with its opening meeting at 7:30 p. m. Tuesday, Nov. 1. D. William Quint, the proprietor of the Quint Flower shop will give the course, and will call on members of his staff for certain evenings. The course will be given at the usual rates of \$5 for the series of six evenings, and is open to all members of greater Lawrence communities.

Registration will be accepted on the opening night. No previous knowledge of flower arranging is necessary for those wishing to take the course.

Win At Ipswich**

(Continued from Page One)

Towards the end of the first half Wilson intercepted a pass on the Ipswich 40 and behind some good blocking by Fran Brennan the "Mighty Mouse" of Punchard's team and Justine Curry, he got his second touchdown of the afternoon. A pass from Lawrence to Wilkinson was good for the extra point and a 20 to 0 lead at half time.

After a scoreless third period of which quite a few of the Punchard second stringers saw action, Punchard again scored. Forcing Ipswich to punt from its end zone Punchard took over on the Ipswich 25. Lawrence netted 10 around end. Collins got 2 and Lawrence

8 more for another first down on the 5 from where Wilson scored his third touchdown of the afternoon. The try for the conversion failed.

The lone Ipswich score came in the last minute of play against the Punchard second team. Sweeney passed to McIntyre who ran 40 yards for the score. A pass for the point failed. The game ended one play after the kickoff. Although the whole team displayed a very good brand of football all afternoon the playing of Lawrence and Wilson was outstanding.

The summary: Punchard—i.e., Otis, Valz, Murray I.T., Frederickson, Hudgins, Brown; i.g., Curry, Poland; c. Maucerie (co-capt.), Bramely r.g., F. Brennan, Peters, Stefani; r.t. Calder, Prescott; r.e., Rayball, Brucato, McGrath; q.b., Lawrence, Fiedler; i.h.b., Wilkinson, Lawson; r.h.b., Wilson, Lawson; f.b., Collins (co-capt.), Beardsall.

Ipswich—r.e., Jean, Graffum; r.t., Dort, Pulicover; r.g., Murphy, Murawski; c. Kelley, Marr; i.g., Somers, Devensko; i.t., Marks, Ellsworth; i.e., Weagle, Higgins; q.b., Burke, St. Rock; r.h.b., McIntyre; i.h.b., Pesconsolido, Sweeney; f.b., MacKay, Prishby.

Punchard vs. Stoneham  
Punchard takes on Stoneham at the local playstead this Saturday at 2 p.m. Dave Brucato, defensive

right end who suffered a slight shoulder injury in last Saturday's game at Ipswich and Charley Dwyer who has been suffering from a charley horse since the Reading game are expected to be back.

Both teams have played Concord this year, Stoneham losing to them by a 30 to 7 score and Punchard losing 12 to 0. The only change in the Punchard line up will be the use of Rayball on offense at right end and Brucato on defense.

Punchard showed that both of their air and ground offense are equal. The locals completed five out of eight passes Saturday with Lawrence tossing most of them and gained considerable yardage on the ground. As it looks now this should be the fifth straight for the Blue and Gold Saturday.

**Educator Says Lessons  
Of Past Soon Forgotten**

"The price of safety is eternal vigilance," Ernest L. Sherman, history instructor at Kimball Union academy, Mesiden, N. H., warned members of the Andover Service club in an interesting address at the Andover Inn last Thursday night.

The youngest brother of Kenneth L. Sherman, superintendent of schools and a navy veteran of forgotten battle of the French and the last war, Mr. Sherman took a Indian war to illustrate how the lessons of history-making events of the past are lost sight of in today's striving for security.

Pres. Walter E. Buxton opened the dinner meeting by calling upon the Rev. John G. Gaskill, pastor of the West Parish church, to offer blessing. The usual drawing for the free dinner was won by Dr. Nathaniel Stowers.

In his address, the speaker of the evening told of the arrival here of the English settlers who concentrated on the coast and pushed up rivers as they increased, and of the French settlers who went up the St. Lawrence river and inland, thus thrusting an arm behind the English. Through the English and French there soon developed on this continent two concepts of government.

The French, he said, eventually expected to return with wealth to their homeland, the English left home and intended to stay. As the latter expanded and spread through the woods in their development they pushed the game before them. The French and Indians soon realized that the trap and the plow could not live together on the same continent and war started.

On the Connecticut river at what is now Charlestown, N. H., stood a little stockade of six houses known as Fort No. 4 which contained 32 colonial soldiers under Capt. Phineas Stevens. On Apr. 17, 1749, this was surrounded and attacked by a combined French and Indian force of 700. The latter knew the English army was driving up to attack what is now Ticonderoga and taking the little fort would enable them to spread out and get behind the oncoming English force.

Through the battle at the fort which lasted into the third day the defenders fought day and night against missile and fire and de-

Of course the committee realizes that Hallowe'en night is the night for the appearance of hobgoblins and witches and all sorts of grotesque characters, and with this in mind is going to have a lot of fine prizes for the best and the funniest and most original costumes that show up at the party.

All school children are invited to be present and take part. They are invited whether they have costumes or not. Parents of the youngsters are also invited to accompany their boys and girls to this party. It is really a community affair and parents will be welcome.

Besides the prizes for costumes there will be numerous door prizes in which many will share. The committee is going to make this a memorable evening for their young guests.

In order to complete all arrangements for the party a meeting of the committee together with representatives of all organizations that have contributed will be held Monday night. The whole program now only in tentative form, will be arranged with a view of providing a swell evening of fun for the youngsters who attend.

There will be door prizes, costume prizes, entertainment and dancing, but best of all, there will be plenty of good things on hand for the innerman, and, says the committee, the refreshments will be free.

Removal of this obstruction and relief of the congestion often found at this point could be brought about by the gradual widening of the street beginning at a point near Phillips street and extending down to Chapel avenue.

In discussing such a move with Roy A. Hardy, chairman of the board of selectmen, the latter said he thought it might be advisable to make a change at this intersection, or to widen the street 20 feet all the way from Chapel avenue to Salem street.

Mr. Hardy noted that it is somewhat difficult now for traffic from Phillips street to swing into Main street. He recalled that the matter of widening the road was before the town meeting about ten years ago but it was turned down as the town did not want to spend the money at that time.

He said that the subject has been brought up from time to time since then but it never got (Continued on Page Eleven)

## Radio Amateurs Prepare To Re-Open P. A. Station

In the near future Phillips academy's amateur radio station, W1SW, will go on the air for the first time since 1946. The occasion of the reactivation of this station at P. A. is due to the arrival of senior Jerry Perry, a licensed "ham" operator from Nokomo, Texas.

For the last week Perry and his Radio club associates, Don Martin and F. M. Kimball, have been working on the transmitting apparatus in the radio shack east of Phillips' main quadrangle. The equipment to be used is a war surplus Jefferson-Travis transceiver obtained some years ago from Harvard through the services of John E. Wood P. A. '42. Parts of the transmitter were extensively rebuilt by Mr. Barss, head of the physics department at Phillips and faculty supervisor of the Radio club.

The modern, high-powered

equipment that the club now possesses would make the "bread-board rig" that it began with in 1925, look meager indeed. However an impressive number of QSL cards were collected in its early days. These are cards sent to a station by a "ham" who has made contact with that station. Many of W1SW's collection are from England, France, Germany, and the Netherlands. During the thirties, besides the U.S. and Western Europe, contacts were made with Poland, Australia, New Zealand, South America and South Africa.

An unofficial advisor of the Radio club since its earliest history has been Al Zink, Maple st., an amateur of long standing in Andover. He has spent much of his time and energy in contributing to the success in W1SW's operation. Clarence May, also of Andover has offered his technical ability to the P. A. club in years past.

During the war activities of hams were curtailed, and P.A.'s radio station closed shop. Mr. Barss has since conducted a course in radio theory at the academy. One boy, so far, has stuck with his theory and code long enough to get an amateur license.

At the war's end the station was opened briefly with George Kopperel as operator. After Kopperel graduated the station became inactive due to the lack of licensed operators in the student body.

During the years of inactivity John W. Kimball, 50 School st., was a moving spirit in the club to get it back on its feet. Now that a Class "A" operator has been obtained the voice of Phillips academy will soon be able to be heard at 80 meters on your short-wave set.

## Sewer Assessment Report Next Week

The committee appointed as the result of a vote at the last town meeting to study the sewer assessment rates on Pine and Elm streets is expected to make its report to the board of public works by next Tuesday.

Formation of the committee came after residents of Pine and Elm streets had protested the 100 percent sewer assessment rate levied previously by the board of public works on all new sewer installations. As a result some of the abutters had bills of \$5000., \$1137., \$1083., \$415 and diminishing amounts.

The question was discussed at length by the town meeting after which a motion offered by Charles C. Kimball was accepted that the question be referred to the committee on water and sewerage, with an amendment made by Ronald H. Sherman that the committee report to the board of public works and the latter be advised that it is the opinion of the town meeting that they grant abatements to bring the assessments in line with the rates recommended by the committee.

The study of sewer assessments is expected to be completed at a meeting of the special committee tonight after which time a written report will be made to the board of public works for action at its next meeting.

Meanwhile the 100 percent assessment stands until such time as the board of public works sees fit to modify it. The board may also grant abatements if it deems proper to any property holders who have been affected by the rates.

## Country Club Holds Election Of Officers

The officers for the Andover Country club were elected at a meeting held Sunday, Oct. 16. The board of directors was also named. Abbot Galaher was elected president; Joseph Robertson, first vice-president; Roland Hammond, Sr., second vice-president; Bart Galvin, secretary; and Edward J. Donahue, treasurer.

The board of directors will be: Dr. Frank H. Galloway, Roland Hammond, John Mulcahy, Sam Caplan, Max Nevins, Robert Patterson, Irving E. Rogers, and George Weldon.

## Reception Given

A reception was given Wednesday evening for the Rev. Earl Haywood, new Methodist church minister, and Mrs. Haywood at the Methodist parsonage.

In the receiving line was William Stark, representing the board of trustees, Mrs. John Wilson, president of the W. S. E. S., and the Rev. Mrs. Haywood. A corsage was presented to Mrs. Haywood by Mrs. John Wilson. Refreshments were served by the ladies of the W. S. E. S., and a social hour was enjoyed by all.

The committee included: Mrs. John Wilson, Mrs. Bernice Myers, Calvin Seiferth, Mrs. Louis Mason, Mrs. Mildred Brown, and Mrs. James Green.

## Indian Ridge Lodge

The following officers of Indian Ridge Rebekah lodge were installed Monday evening: Mrs. Peter Fisher, noble grand; Mrs. M. Louise Keith, vice grand; Mrs. Ralph Berry, recording secretary; Mrs. Clara Stocks, treasurer; Mrs. William Faulkner, financial secretary. They were installed by district deputy president, Mrs. Edith Wilcox and her staff from Melrose.

## I.O.O.F. Plan Joint Installation

A semi-public joint installation of officers of Andover lodge 230, I. O. O. F. and Monadnock lodge 145 I. O. O. F. of Lawrence will be held Oct. 26 at 7:45 p. m. in Odd Fellows hall, Musgrove building.

District Deputy Ralph Hobbs and staff of Stoneham will install. Andover lodge elected the following officers: Charles Barnett, noble grand Edwin Rose, vice grand; Ralph T. Berry, financial secretary Ira Buxton, recording secretary; Robert Lockhead, treasurer.

Members of Indian Ridge Rebekah lodge 136 I. O. O. F. and friends are invited to attend the installation ceremonies.

## Planks Stolen

Albert Bourdelais reported to police that a dozen planks have been stolen from a site on Chandler road where he is building a house.

## Luncheon Meeting Of Women Voters

At a largely attended luncheon of the League of Women Voters at the Andover Country club, Tuesday, Franklin N. Flaschner, a Boston attorney formerly associated with Claude B. Cross, described a bill about to be introduced in the Massachusetts General court which would strengthen the rehabilitation program of the Framingham reformatory for women. The meeting was arranged by Mrs. James Grew and Mrs. Herbert Klein.

The bill, supported by the Friends of Framingham, the League of Women Voters, The Civic Liberties association, and related organizations, would set up a new parole system with a releasing board of which five of the seven members would be of the Framingham staff and it would allow day-work indenture for the inmates.

Mr. Flaschner pointed out that at the present time Dr. Van Waters' rehabilitation work at the reformatory is seriously hampered by the prohibition of the indenture program, and by the lack of trained personnel to follow cases (most of which are not of the hardened criminal type) from the beginning to complete recovery.

Mrs. Hart Leavitt talked briefly about the new league program of small fortnightly discussion groups to begin in November. The first subject for study will be the treatment of women offenders. Anyone who wishes to join a group should get in touch with Mrs. Leavitt at 195 Main st.

## To Show Paintings By Andover Woman

Maud Morgan of 173 Main st., wife of Patrick Morgan of Phillips academy, will exhibit paintings at the Boston Y.W.C.A. workshop show of a group of women painters opening Monday, Oct. 24 with a tea from 4 to 6 p. m.

The show at the Boston Y.W.C.A. will run daily except Sundays from 10 a. m. to 8 p. m. until Nov. 12. Saturday showing hours are from 10 a. m. to 12 noon.

Galleries which will exhibit certain artists are Boris Mirski, Margaret Brown, and Doll & Richards, all of Boston; Pierre Matisse, Perls, Betty Parsons, and Bertha Schaefer, all of New York.

# D.A.R. Chapter Holds Meeting In Waltham

The first meeting of the 1949-1950 season of Priscilla Abbot chapter, N. S. D. A. R. was held Tuesday at the Governor Gore mansion in Waltham. Seven members and two guests attended. The meeting was called to order by Mrs. Guy Howe, regent, and a short business session was held. The guests were taken on a tour of the house, which was built early in the 19th century.

The curator related the interesting and historic facts of the house and showed the guests through the rooms which are gradually being restored to their original charm. Various pieces of furniture, dishes and silverware which have long been missing are being obtained from relatives of the Gore family, and others who wish to see the mansion restored. The house itself is a copy of an English manor house in Kent, and was planned by the owner while in England, when he heard about the wooden house's destruction.

During the business meeting, Mrs. John Murray, chairman of the approved schools committee, suggested the Berry school in Georgia as the project for the chapter for Christmas giving, and this was approved.

The next meeting will be held on Nov. 8, at the home of Mrs. John M. Stewart, Bancroft rd. when Mrs. Herbert McQuesten, vice president general of the society, of North Andover, will speak.

# Membership Drive By Central PTA

The annual membership drive of the Central PTA and the membership committee with Mrs. Robert E. Maynard, chairman, will open Oct. 24. Last year, under the splendid leadership of Mrs. Philip Hogan and her crew of room mothers, the Andover Central PTA became the largest such organization in Massachusetts.

Parents show that they are interested in their children, their schools, and their town, by joining the PTA and attending the meetings. The dues paid by members have helped sponsor many worthwhile projects. A few of them are the Brownies, the girl scouts, dancing classes, the Clare Tree Major plays, setting up the kindergarten, the purchase of a victrola and projector, aiding the band, aiding "Booster day", and during the past several years, sponsoring the student driving course.

The PTA feels that the driving course is too worthwhile to drop, so it is sponsoring the course again this year. This course benefits the senior high students particularly, and the PTA would like to see a commensurate response from the senior high parents.

The room mothers will be in the various rooms Tuesday, Oct. 25, to receive the dues, and again on Friday, Oct. 28 to collect any belated dues which may have come in during the week.

The school and room mothers are as follows: School mother, John Dove school, Mrs. William Edwards; room mothers, Miss Sherman's room, Mrs. W. N. Perry, Mrs. John Kenny, Mrs. Stewart Easton, Mrs. Maine Smith; Mrs. Jones' room, Mrs. Donald Anderson, Mrs. James Manning; Mrs. McQuesten's room, Mrs. Philip Clements, Mrs. Bryan Johnson.

School mother, S. C. Jackson school, Mrs. James Hart; room mothers, Mrs. Phillips' room, Mrs. John Doherty, Mrs. Walter Pearson; Mrs. Wright's room, Mrs. Frank Sweeney, Mrs. Arthur Taylor; Miss Bascom's room, Mrs. Raymond Gallant; Mrs. Richardson's room, Mrs. Charles Johnson, Mrs. Alvin Zink.

School mother, Stowe school, Mrs. Philip Hogan; room mothers, Miss Burke's room, Mrs. Gordon Colquhoun, Mrs. Albert Swenson; Miss Alice Stack's room, Mrs. Alexander Black, Mrs. Harry Clough; Miss Barrett's room, Mrs. Gilbert Cate, Mrs. Robert Domingue; Miss Noyes' room, Mrs. John Fitzgerald, Mrs. Harold Johnson; Miss Thompson's room, Mrs. Perez Lewin, Mrs. LeRoy Wilson.

# C. D. of A. To Present Children's Fashion Show

A children's fashion show will be held by Court St. Monica, 783, C.D. of A., in St. Augustine's school hall Monday, Oct. 24.

The show will be presented by Jonathan Swift and will include the following models: Virginia Clare Robinson, Jill Sweeney, Pamela Lee, Judy Anderson, Dorothy Easton, Susan Wennik, Charlotte Hajj, Joyce Hajj, Jane Simeone, Betty Lou Simeone, and Masters David F. Murphy, Vincent Lee, and Michael Connors.

The social committee in charge of the affair is: Mrs. William Coupe, Miss Mary Coupe, Mrs. James T. Coleman, Miss Monica Coleman, Mrs. George Cheyne, Mrs. Neil Cussen, Mrs. Peter Cunningham and Mrs. James Collins.

The public is invited. An admission will be charge and refreshments will be served.

# Former Andover Resident Pays Month's Visit Here

Dr. John P. Torrey, now of Oklahoma, and formerly of Andover, has been here for the past month visiting friends and relatives.

Dr. Torrey is a graduate of Phillips academy with the class of 1892. Harvard Medical school in 1896, and Rhode Island hospital in 1898. Following his training, Dr. Torrey came to Andover and practised here for 17 years.

Dr. Torrey recently received a pin from the Oklahoma Medical society to honor his 50 years of practicing medicine.

# Thank You, Mr. & Mrs. N. M. Davies OF CONGERS, NEW YORK

## We're Sure that Millions of Farmers and Consumers Feel Just as You Do!

One of the wonderful things about Americans is their great sense of fair play.

Ever since the anti-trust lawyers announced their intention of putting A&P out of business, tremendous numbers of people like Mr. and Mrs. N. M. Davies of Congers, New York, have deluged us with letters, wires and phone calls.

These people are telling us, as Mr. and Mrs. N. M. Davies do in the following letter, why they like A&P and why they don't want to see this company destroyed.

**FRUITS & VEGETABLES**

Gentlemen:  
The Great Atlantic and Pacific Tea Co.,  
New York City, New York

We have been distressed by the possibility that the A. and P. stores, because of unfair accusations, may cease to exist. I wonder if you will see that our letter reaches the proper source, if there is one.

We are farmers, as you know, and not only sell our products, but buy necessary food from local A. and P. stores. We deliver farm produce, daily, to approximately eighteen stores in nearby villages. This includes two A. and P. markets, whose managers very wisely buy on-the-spot, thus saving deterioration due to excess handling, transportation and longer time from the farm to store. Our price to sixteen stores is the same as we get from the two A. and P. stores.

We wondered whether the low prices we see all the time in A. and P. stores might mean that sales people were underpaid. Evidently not, for we have noticed that the same employees stay on year after year, and we know high-school students in our town who have started at the bottom with A. and P. and risen to responsible positions.

Then what is this all about, if the consumers, the salespeople, those who manufacture your brands, the truckmen, the laborers and the farmers are ALL satisfied?

We believe the answer is simple. The A. and P. has developed an organization whose efficiency should be an example to all stores handling food. If this were so, independent grocers could well expect larger profits. The solution is not in destroying something that has taken years to build, but in encouraging all merchants to still further improve the efficiency of their operations.

Very sincerely,  
*Niles M. Davies*  
*Eileen Davies*

For 90 years this company has tried to build a sound business on the basis of giving consumers more good food for their money and giving farmers better markets for their products.

It is heartening to know that the public approves of the job we have done . . . to know that our policy of fair, honest dealing has won us the friendship of millions of consumers and farmers.

We will always be grateful to all our good friends who have offered us their help.

We are proud to live in a country where such things can happen.

## EDITORIAL THOUGHTS

### HELP THY NEIGHBOR

Once again the people of Andover are being called upon to give their support to a most worthy cause.

The Community Chest is making its annual appeal for contributions to help the 13 Red Feather agencies in the Greater Lawrence area which each year serves close to 20,000 individuals.

Organized here under Miss Miriam Putnam, local volunteer workers are preparing to make their calls in every part of the town for financial aid which eventually will go to the Andover Guild, the boy scouts, girl scouts, the Catholic Charities center, the Family Service association of Greater Lawrence, the International Institute, the Jewish Community center, the Massachusetts S.P.C.A., the Protectory of Mary Immaculate, St. Ann's orphanage, the Tuberculosis League, the Y.M.C.A., and the Y.W.C.A.

These agencies perform numerous services. They offer wholesome recreation to youth, provide character-building activities, bring material aid to families, aid children in broken homes, assist the orphaned and homeless children, provide a retreat for the aged and carry on numerous other activities contribute to the welfare of the individual and the nation.

Often referred to as an excellent example of Democracy in action the Community Chest brings people of all walks of life together in an unselfish undertaking for the good of mankind. It also mobilizes all the constructive forces of the community, conserves leadership and manpower, and saves the people of the area thousands of dollars annually by eliminating the necessity of separate campaigns.

Leaders point out that the Community Chest cements the ideal of community spirit into an efficient plan of combatting poverty, suffering and discontent and at the same time typifies the ennobling Christian spirit of help thy neighbor.

Solicitors will approach you soon. Andover's quota has been set at \$18,027. As Miss Putnam observes, "The ultimate success will depend not only upon the workers who are so generously volunteering their time and effort, but upon the whole-hearted support of every Andover citizen who is able to contribute."

### COOPERATE WITH POLICE

It is more than an ordinary request the police department is making in asking for prompt cooperation of the public in the detection and suppression of crime.

As Chief George A. Dane observes from his long experience as a police officer, there should be no delay in notifying the station whenever you observe persons whose actions arouse your suspicions or where you hear unusual noises at your home or in your neighborhood.

All the chief asks you to do under such circumstances is to act promptly without making further investigation. Quietly call Emergency 390, state the location where the police are needed, what has happened, and your name, address and the number of the phone from which you are calling. Police cruisers are immediately directed to the scene by radio.

Too many times in the past persons will call several hours later and tell police what they have observed, often too late for them to do much about it. If the information is received on time by the police there is a very good chance to prevent a crime or apprehend the person sought.

It is for your own interest to act promptly as the police request.

### WILL LABOR DESTROY ITSELF?

In an article in the Harvard Business Review, Donald R. Richberg, lawyer and authority on labor relations, considered the labor problem the nation faces today. The meat of his analysis is found in this brief paragraph: "You ask me, 'Where is organized labor going?' — and I say that it is going to destroy itself and the American way of life if it does not find better guidance than it is getting today from its self-absorbed, short-sighted leaders and the fuzzy-minded intellectuals who call themselves 'liberals' and 'friends of labor.'"

The nation has recently been treated to some grim examples of that. Probably the upheavals in the soft coal industry are the most revealing. No one can deny that coal is absolutely vital to the maintenance of the American economy, and to the national security. If production were stopped long enough, hardly a wheel would turn in this great country. And one man, who is dictator of one union with some 450,000 members, can say whether coal will be produced or will not be produced.

No country can long stand for this kind of monopoly. The financial and industrial monopolies were broken long ago. The union monopoly must be broken now. And it must be broken in the interest of free labor, as well as in the interest of all the rest of the people.

### G. I. REFUNDS

These GI insurance refunds will start to roll early next year. The total is large enough to give general business quite a boost, says Banker and Tradesman, for it is conceivable that most of the individual checks will be cashed — and spent. Advertising — good advertising — can do a real job at that time, and none could do more good than that of the thrift institutions urging the opening of new savings accounts.

## Views of The News

(Continued from Page One)

But that is water over the dam? Take another look. See the flood in Czechoslovakia? So what of it? Let's take a closer look. It could happen here. If the communists had their way.

### Czechoslovakia For Russia—By Stages

What are these arrests in Czechoslovakia? Are they so unexpected? Not if you watch the communist technique. They are very simple to explain, although that must be small comfort to the prisoners, men who will probably never again see even the precarious freedom of the past few years. Not women. Their turn hasn't come just yet. But it will. If they are of the middle class. And they are. The arrests are merely a deliberate policy to wipe out every segment of the middle class, every single person who might in any way question communist policy. And not only those who are bold enough or thoughtless enough to openly voice their doubt. But those who might even think it.

We might learn a lesson from this. A simple lesson. Give a communist a toe-hold and he'll kick you out. Give him the right to free speech and he'll take yours away when he gets the chance. You don't believe that? Let's go back a year or two to Czechoslovakia. If you become embarrassed at your short memory, don't think too badly of yourself. But don't forget again. Don't be fooled by a smoke-screen again.

### First—Softened With Words

In early 1947 the communist premier, Clement Gottwald, made a statement for public consumption. He announced that the Soviet method of dictatorship was not the only road to socialism. It could be assumed that the studied remark that Czechoslovakia would not go the way of Russia. So people who wanted to believe that labelled Gottwald's brand of communism a local one, a national one in the interests of the Czechoslovakian people. Perhaps some didn't believe it, but most of the outside world did. A year later the truth came out with stunning brutality.

### Then—Take Over Key Positions

The communists had control of the ministry of the interior—they ran the police. On Feb. 23, 1948 the minister of the interior announced the uncovering of a plot for an armed uprising by the anti-communists. The next day "action committees"—normally labelled armed thugs—threw anti-communists out of local and national government offices. News was properly muzzled and colored by seizure of press and radio. The defense minister, another of the faithful, called upon the army to "remain true" to Russia. Private employers were fired by their workers, opposition leaders were arrested, and a communist-controlled parliament pushed through whatever new laws the so-called government demanded. The people were informed that those who had already spoken against the state would be prosecuted.

### And—Eliminate All Opposition

Forced labor was decreed for all persons dismissed from their jobs for political reasons; purge victims were assigned to labor battalions in mines, lumber camps and the like. A neat way of getting rid of opponents. Within a day or two 1,500 enterprises had been nationalized. Then the job of the action committees was defined. They had the patriotic duty of "cleansing" all opposition parties. The teaching profession was purged. All schools were ordered to hold Soviet-Czech friendship celebrations.

### And—You've Got It

All wholesale and foreign trade was grabbed by the government. The armed forces were purged, and the Medical association was dissolved. Doctors who wished to practice must join the Federation of Labor. The chairman of the opposition party committed suicide in prison—doubtless from a guilty conscience! And as a conclusive measure to save the country for the "people's democracy" a "full extermination" of all the enemies of the regime was promised.

Does this sound melodramatic? It's all on record. Thoroughly organized, well timed, accurately executed. No nonsense about the freedom of speech, freedom from arrest. Just no nonsense.

## MEET—

KENNETH KIMBALL MCKINIRY

The man who put Andover on the "basketball map" since he started to coach the basketball teams of Pynchard high school, Kenneth Kimball McKiniry, considers his coaching as secondary to his teaching.

Mr. McKiniry was educated at Deering high school, Portland, Me., his birthplace, and later prepped for the University of New Hampshire at Hebron academy, Hebron, Me. At present, he is working on his master's degree at Tufts college.

Mr. McKiniry, his wife, twin daughters, Sandra and Jane, 11, and son James, 8, have lived in Andover for the past seven years on Watson ave. Before coming here, he was a teacher, sub-master and coach at Biddeford high, Biddeford, Me., teacher-coach at Babylon high, Babylon, N. Y., and a teacher at Phillips Exeter academy.

Since joining the staff of the Andover school system, he has coached all major sports at Pynchard and taught in both high and junior high schools. He is now teaching in Pynchard and coaching basketball. His teams for the past three years have received an invitation to the state tournament in Boston, and last year, Pynchard won the class C crown.

## Down the Years with The Townsman

### 50 Years Ago—October 1899

Charles E. Davis has been appointed special police officer without pay.

Dr. J. F. Richard's house at the corner of Main st. and Pynchard ave. is being repainted by A. W. Caldwell.

Mrs. Thomas Wilkie very pleasantly entertained a number of her friends in Abbott village last Saturday.

A side door has been cut through the east wall of the Musgrove block from the alley to the American Express agency.

Bicknell Bros. advertises men's blue serge suits for eight dollars, men's heavy underwear in blue, grey or camel's hair, wool fleeced lined at 59c.

St. Augustine's fair at the town hall was crowded almost beyond capacity.

The public schools are closed today in order that our teachers may attend the Essex county convention held in Haverhill.

Mrs. Elwin Smith is elected president of the Congregational Ladies Aid Society.

### The Technique—Simple and Ruthless

And today? Wipe out anyone who has any education, any property, anybody who might think. Arrest suddenly, send them to concentration camp, kill them. The technique is simple. And effective. It can't happen here? The process can be learned in ten easy lessons. So unbelievably easy that no one believes it. Except the faithful. Tuition is absolutely free.

Build up a fifth column in labor unions, colleges, government offices the press. Then launch a propaganda campaign. There are plenty of targets if the proper wording is used. Depressed minorities, reactionaries, big business, warmongers. Then get party members elected to key positions in organizations. Prolong meetings, particularly in trade unions, so that members will get bored and go home. The minority will do the rest. Get a broad platform that allays fears and awakens hopes—world peace, civil rights, lower prices, higher wages.

Cut across party lines and form a "people's front." Be sure to get key positions in government. (Continued on Page Ten)

James S. Ronan, foreman in the water-works department and Miss Julia Gilligan, former employee at Draper's hall were united in marriage by the Rev. Fr. O'Mahoney of the Catholic church.

25 Years Ago—October, 1924  
Raymond S. Bartlett of Lowell st. is elected to serve out the unexpired school board term of the late Douglas G. Crawford.

Bartlett Whittemore, son of Mr. and Mrs. P. Bartlett Whittemore, is playing on the football team of the New Hampton, Hampton, N.H.

Selectmen arrange "No Parking" zones on Park st. (no pun intended) opposite fire station. The electric car stop was moved south where traffic officer is situated.

Mr. and Mrs. Herbert Allison of Morton st. are visiting relatives in Schenectady, N.Y.

The Natural History society will learn how to make Andover rat-les.

Mr. and Mrs. Leonard Saunders observe 25th wedding anniversary.

Elmer J. Grover, son of Mr. and Mrs. George R. Grover of Shaw-sheen village, and a member of the junior class at Phillips academy, has been awarded one of the Roger C. Sullivan scholarships.

10 Years Ago—October, 1939  
Damage was estimated between \$3000 and \$4000 when fire swept through the unoccupied home of Atty. and Mrs. James S. Eastham, 29 Morton st.

Bicycle riders organize police force for safety.

Andover has the second largest Harvard club in the world.

James Gould, Phillips academy '13, is elected treasurer of the famous school.

Deputy Fire Chief Lester Hilton is seriously ill at the Lawrence General Hospital.

A shower was held for Miss Jane Wood of 31 School st. in honor of her coming marriage to John Petrie of Bartlett st.

Mr. and Mrs. Arthur Boutwell are enjoying a visit with their daughter, Mrs. Gordon Booth of New York.

There will be extra police for the Pynchard-Winchester game to forestall any repetition of the brawl which took place in Winchester last year.

The Trapp family choir will be presented at Phillips academy Tuesday evening.

## Do You Know Massachusetts?

### DO YOU KNOW THAT . . .

The character of Massachusetts manufacturing probably has changed more since 1939 than in any similar period of its history.

Measured by number of production workers employed, the metal working industries between 1939 and 1947 increased from 20% of the state's manufacturing to nearly 30%.

Important gains occurred also in chemicals, rubber products, the ceramics and numerous lesser lines.

Textile mill products dropped from 26.7% of the state's manufacturing in 1939 to 20.1% in 1947.

Leather and leather products, including shoes, dropped from 14.3% to

10.6% . . . The total increase in all factory employment was 31.2%, and of the census bureau's nineteen major classification, all but two, textiles and leather products, showed gains in 1947 over 1939 . . . The house of representatives in Massachusetts was established in 1634 when 24 delegates elected by the towns of the colony appeared at the meeting of the general court and took their seats . . . With retail sales during the first eight months of 1949 1% larger than a year ago, Boston stores made a better showing than all but eleven out of 140 cities in the United States, reported by the federal reserve board . . . The 1949 property tax rates in Massachusetts cities and towns average \$42.92 per \$1000, an increase of \$.55 over last year . . . ## WEDDINGS...

## EARL—BUCKLEY

Miss Frances Ella Buckley, daughter of Mr. and Mrs. Fred T. Buckley of Center st., Ballardvale became the bride of Robert Earl of Andover, son of Mr. and Mrs. N. C. Earl of Boston, Oct. 8.

The wedding was held at the home of the Rev. Vernon Strempke in Salem, N.H., a friend of the bridegroom.

The bride wore a blue taffeta gown with a corsage of American beauty roses. The attendant was Miss Joan Buckley, sister of the bride who wore an aqua gown with a corsage of American beauty roses.

A reception was held following the wedding at the home of the bride's parents with relatives and friends attending.

The couple toured the White Mountains on the wedding trip. Reading will be the home address.

## Jaffre—Bryant

Gowned in white satin en traine, fashioned with a sheer yoke and drop shoulder effect, and chiffon skirt, and carrying a bridal bou-

quet of white roses and stephanotis, Miss Marion Charlotte Bryant, daughter of Mr. and Mrs. Harry C. Bryant of 876 So. Main st. became the bride of Henry Jaffre, son of Mr. and Mrs. Emil Jaffre, 36 So. Main st., Putnam, Conn. The ceremony was performed Sunday, Oct. 16 at 2 p. m., in the Martin's pond Union Baptist church, by the Rev. Cloma Hoffman of North Reading.

Mrs. Lois Seifert was matron of honor. With her gown of pink tulle, she carried a bouquet of pink, baby chrysanthemums, and wore a watching headress.

Ellsworth Keech, Putnam, Conn. was best man. The ushers were Howard L. Norton, Jr., and Philip Bryant, both of Andover.

The bride's mother wore a dress of grey crepe with matching hat, and a corsage of pink baby pompons. The bridegroom's mother wore a cocoa brown dress with matching hat and wore a corsage of white pompons.

The church was very appropriately decorated for the affair with palms and white chrysanthemums. During the ceremony Mrs. Henry Towne played the traditional wedding march, and Mrs. Robert Nichols was soloist.

A reception followed in the church vestry, at which guests were present from Putnam, Conn., Uxbridge, Derry, N.H., Everett, Lawrence and Medford. After a wedding trip to the mountains, the couple will live in Andover.

The bride was graduated from Punchard high school and is employed by the Tye Rubber Co. The bridegroom was educated in Biddeford, Me., and is employed at the American Optical Co.

especially the armed services and finance. Find plots against the people and expose them, or make some up. Once your foot is in, then get inside and shove everybody else out. Of course, the first lessons have to be practised until the skill is perfected. But those first lessons count.

Is this melodramatic? It's all in the records too. Anyone can read it. If he wants to. And it didn't happen so long ago. Who calls communist investigations witch-hunts? What's your guess?

## Uncle Sam Says

What a picture he makes—that small, bright little charmer—all dressed up in Pop's cast-offs. But one of these days, not too far off, he's going to need some dress-up clothes of his own, a home to receive friends and a good education. And as you know, these things cost money. U. S. Savings Bonds offer you the foolproof way to accumulate the necessary funds to supply these needs. Use the safe, automatic way to save—the Payroll Savings Plan where you work, or, if self-employed, the Bond-a-Month Plan at your bank. In ten years, when that little boy is growing up, you'll receive \$4 for every \$3 invested today. U. S. Treasury Department

## AT THE LIBRARY

## NEW BOOKS

Here are a few of the new books added to the Memorial Hall library in the past few weeks:

**Queen Street Story** Paterson  
Back in the 1880's, Queen Street in Philadelphia was a great opportunity for medical men; to it came Dr. Robert Warwick and from it he came to know two women, one of whom was bound to bring unhappiness to him. Excellent picture of yesterdays in medicine.

**A Little Sleep, A Little Slumber** Katkov  
The story of Lev Simon, a man who entered America illegally and became a better American than most who are born here. Beyond this, it is a novel of a man who was not afraid of emotion or of the expression of a simple love for his family.

**The Old Bank House** Thirkell  
All Barseshire finally had to admit that "if one had to have the new rich for a neighbor, Sam Adams was an excellent example" when he bought the old Bank House.

**Playtime is Over** Davis  
Now filling out the days of his retirement on an Arkansas farm, Stephen Lewis has time to think over the incidents of his life and to estimate their importance, as he recalls service in South America, the Amazon, Marseilles, and the Haiti jungle; the recalling of each

## PLAN TEA

Mrs. Geroge J. Adams, 34 Pasho st., assisted by her sister Mrs. Edward Ellis, 52 Morton st., is planning the tea which is to be served from 3 to 5 p. m. Friday, Nov. 4, the day of the Free church fair. The Pilgrim fellowship girls will serve.

There will be a home cooked supper served at 6 p. m. under supervision of Mrs. E. Taber McFarlin.

Various articles such as aprons, dolls, pot holders, towels, children's articles, and others too numerous to mention will be on sale.

## Palutes' Chief Claims Indian Is Better Off

The great White Uncle's handling of Indian affairs took a sharp rap from a copper-colored critic recently, according to Pathfinder news magazine, Nat Paddy, chief of the Palutes living on the Western Shoshone Reservation near Riddle, Idaho, wrote a long, legal-looking letter to the Interior department's bureau of Indian affairs.

He condemned the bureau's long-range program to put the nation's 393,622 Indians on their feet economically so they could live like white men.

Chief Paddy wasn't so sure the Indian wanted to be like the white man. Wrote he: Didn't the white man's radio and newspapers say there were 5,000,000 white men out of work? That's 13 times the number of Indians in the U. S. Weren't 8 percent of all white men insane or suffering from mental disorders? Forty times the Indians on U. S. reservations.

So, the chief deduced, "White man's ways do not provide very well for even the white man." His solution: Let the red man live his own life.

## PUNCHARD HIGH

By JANET THOMPSON

## COMBINED ASSEMBLY

The first combined assembly of the new school year was held Tuesday with a fire prevention program being presented. Charles A. Gregory, acting principal of Punchard, spoke briefly on the importance of fire in the lives of people and of its dangers as well. He introduced George E. Haselton and Fire Chief C. Edward Buchan who discussed the cost of fire. Two films, "Texas City Comes Back" and "Crimes of Carelessness", were shown. The first depicted the tragic story of the Texas city disaster, and the ways in which the city is being rebuilt. The second movie gave the students a vivid picture of the various fire hazards in the home and how they can be eliminated. Let's all practise fire prevention every week in the year!

## Outstanding Camper

Punchard is very proud of Raeburn Hathaway, sophomore class president, who was recently awarded an eight-months-old white setter puppy for being chosen the outstanding camper at the Massachusetts junior conservation camp in Swan Forest, Great Barrington. As a reward for his excellent citizenship in junior high, the Andover Sportsman's club this summer sent Raeburn to the camp which is under the joint sponsorship of the Massachusetts Fish and Game Society and the Massachusetts department of conservation. Last Friday afternoon he was heard over WNAC with Dr. A. H. Underhill of the

Fish and Game society. Congratulations, Raeburn!

## Stage Production

Through the generosity of the Punchard trustees, who defrayed most of the expense of the tickets, 79 Punchard students were able to attend the production of "The Taming of the Shrew" at George Washington hall last Friday night. This opportunity was fully appreciated, for the entertaining play gave the students a clearer understanding of Shakespeare and a better liking for his work. Miss Luella M. Dunning and Mervin E. Stevens of the English department were supervisors of the group.

## Senior Class Notes

The senior class has chosen a Boston firm as the class photographer. The members of the picture committee are as follows: Don Mudgett, chairman, Jack McCarthy, Nick Mauceri, Jean Dumont, Mary McKee, Barbara Parsons, Ray Collins, Joe Ratyna, Barbara Hamilton, Barbara Hagon.

Rehearsals for Stunt Night, Nov. 3, have begun.

Tryouts for the senior play, "Life With Father" will be held this Friday afternoon and evening.

The following students have been selected as members of the junior class social committee: Bessie Christie, chairman, Cliff Lawrence, president, ex officio, Bettianne Locke, Thomas Wilkinson, Nancy Adams, Scott Gerish, Jean Davis, Donald Valz, Jane Young, Jay Guertin.

## FOOTBALL TEAM WINS

Last Friday the football team opened its season here in a 25-0 shutout against North Reading. This coming Friday the team will play Tewksbury here. The cheerleaders are doing a swell job of cheering for the team.

## Religious Education Classes

Religious Education notices were sent home to parents Monday. They were signed and returned by Tuesday so pupils could be registered in time for the first religious education class held Wednesday.

## Health Exams

The school doctor, Philip Blake has been giving regular health examinations by the seventh grade, and all new pupils in the eighth and ninth grades.

## Study Printing

Owen Hinkley's eighth grade shop class has been studying printing. Student government association tickets were printed by them and also tickets for the PTA square dance last Wednesday.

## Good Grooming

The homemaking class of the eighth grade has been studying good grooming, an important phase of homemaking since the start of school.

## Fire Drill

A fire drill was carried out last Friday in connection with fire prevention week. The time was 1 min., 25 sec. Before being dismissed pupils were given three booklets telling ways of preventing fires and the high cost of fires nowadays.

## Election

We are indebted to Shirley Murray, Ray Doyle, George MacCafferty, Louis Mirisola, James Dolan and Dorothy Dunn all of the ninth grade for doing the complicated job of counting the votes of the recent election. The results are as follows: President, Elinor Mondale vice-president, James Curry; treasurer, Robert Henderson secretary, Richard Lawrence, eighth grade. Congratulations. We know you'll do a swell job.

## Student Council

The Student Council is composed of presidents of the various home rooms who serve as

representatives of their rooms. Their meetings are usually held once every two weeks. The council is to the junior high as Congress is to the U.S.

As in the past Student Government dues are being collected in each home room and given to Miss Bisbee who is the chairman of the Student Council.

## Soccer

Last Tuesday the Reds defeated the Blues with a score of 0-9 and the Greens won over the Blues 0-6. In another soccer game on Thursday the Reds and the Greens emerged in a scoreless tie while the Blues and Golds came out in a two up tie.

## Uncle Sam Says

School bells are again ringing and thousands of children are back in classrooms all over the country. And many of these little boys and girls are crossing the thresholds of learning for the first time, starting the great adventure of beginning an education in a free land. They can go all the way, and that means college. If they learn to save. The School Savings Program teaches them to be thrifty and children who learn to save will certainly be better citizens tomorrow. You parents—be sure there is a School Savings Program at your school and be sure too, that your children are investing in U. S. School Savings Stamps.

## Grass Plot Forms Hazard To Traffic On Main Street

(Continued from Page Four)

beyond the discussion stage. Police Chief George A. Dane said, "We are lucky that no boys have been hurt up there," as he called attention to the fact that more than 700 of them cross the street four times a day to go to classes and to gym.

Referring to the time the bypass was constructed to take the traffic away from the academy grounds, he said he wondered at the time why an ornamental fence along the academy grounds with underpasses would not have been a more economical solution to the problem.

He felt that if any changes are made to assist the traffic flow the whole grass plot could be removed and a traffic island with grass be constructed down through the center thus dividing the street into two one-way lanes.

A gradual widening of the street obstruction at the corner of Chapel and removal of part of the abrupt avenue could be done by the board of public works if it had sufficient funds or the question of widening the entire section of the street could be decided by a vote of the town meeting.

It has been suggested that an improvement in the roadway might be accomplished under Chapter 90 work in which the town is reimbursed by receiving 50 percent of the cost from the state and 25 percent from the county, as was done on the resurfacing of Main street from the Shawsheen river bridge to the post office in the past two years.

The suggestion was also advanced that the state might take over that section of the road from the present state highway line to School street, and make it a state highway. In such case, the state would decide whether or not an improvement in the roadway was necessary.

## ACCIDENTS COST \$14,000 A MINUTE

America is spending \$14,000 a minute—accidentally!

The 1949 edition of "Accident Facts," the National Safety Council's statistical yearbook, points out that two persons are accidentally killed and 200 injured somewhere in the United States on the average of every 10 minutes.

The costs of those accidents total \$140,000—or \$14,000 a minute.

The yearbook also shows that somebody died in a motor vehicle accident on the average of every 16 and a half minutes during 1948, and that somebody was accidentally killed in his home every 15 minutes. There was a motor vehicle injury every 29 seconds and a home injury every six seconds throughout the entire year.

## It Must Be Geraniums

A worried-looking man rushed into the florist shop and demanded three potted geraniums.

"I'm so sorry," said the clerk. "We're out of geraniums right now but we have some lovely petunias."

"Nope, they won't do," replied the man. "It was the geraniums I promised my wife to water while she was away."

## Abbot Academy

A full calendar of events will make the coming weekend at Abbot especially interesting to both the campus and the community. There will be entertainment here for all. Joining the nationwide plan to bring emphasis to the organization of and achievements of the United Nations, two movies, "This is Their Story" and "Boundary Lines", United Nations releases, will be shown on Friday. Each morning during the week, students have given brief talks on United Nations topics. Friday evening a large group of girls will attend the Percy Grainger concert at Phillips academy.

On Saturday at 8 p. m. in Davis hall, the Bela Urbans, violinist and pianist, will appear in a concert to which the public is cordially invited. The Urbans will play a program from the works of Carelli, Mozart, Wienlawski, Schubert, Ries, Sarasate and others.

The two Urbans, husband and wife, have had a very interesting and successful career despite the interruption which the war brought to their plans. Bela Urban was born in Budapest, and received the finest training obtainable, studying with Ysaye, Bauer, and Enesco. During the war Mr. Urban was a member of the army air force and later was sent with a special army air force orchestra assembled to represent the United States in a highly successful tour of Brazil.

Virginia Urban is a product of America. Early in her career she decided to devote her life to the fine art of accompaniment and ensemble-playing. She studied under Gebhard, Paronov, Bauer, and Madame Barere. In addition to concert work, Virginia is teaching piano in Hartford, Conn., and has her own private studio in New York.

An annual sports event will take place Saturday when the Abbot academy hockey team will go to the Boston Field Hockey association school girl play day and compete with other schools in playing various positions on the team. The meet this year is to be held at the Concord (Mass.) high school.

Vespers on Sunday will be conducted by the Rev. Robert Russell Wicks, D.D., dean emeritus, Princeton university.

### PUNCHARD HARRIERS TRAIL

Punchard's cross country team trailed Central Catholic and Phillips academy's junior varsity in a triangular meet staged at the academy Wednesday. Central Catholic won with a score of 19 points, P.A. Jayvees second with 53 and Punchard finished with 54. Dantos of Punchard finished sixth and McCarthy eighth to be among the leaders. James Harrison of Central ran the course of approximately two and 4/10 miles in 12:57, to tie last year's record.

## Vote New Lights For Ballardvale

The board of public works at Tuesday night's meeting voted to install three new 2500 lumen lights on Andover street in the center of Ballardvale.

Bids for about 1250 feet of sewer pipe for Chestnut street were opened and the contract was awarded to the J. E. Pitman Estate, the lower of two bidders. The bids were: Pitman, .287 cents per foot for 6-in. pipe, and .455 cents per foot for 8-in.; B. L. McDonald Co., .315 cents per foot for 6-in., and .483 per foot for 8-in., less 1 percent for cash.

The board decided to recommend to the state and the county commissioners the hot-topping of Main street from the point where the work stopped this summer to Chapel avenue. This will complete the work on Main street started a year ago.

The board decided to put a new fence on Stevens street bridge in addition to the railing as an additional protection for the children using the bridge.

The curb at Stevens street and Shawsheen road will be set back three feet, the board voted, and a new sidewalk installed there, a new sidewalk installed there, stalled on School street from Morton to Wheeler streets.

While not having enough money left to do all the sidewalk work necessary, the board decided to construct a sidewalk on the south side of Sutherland street, and to do that side of Dufton street having the most children under 21 years of age. This is being done as a safety measure to provide one sidewalk for children who have none at present.

A request from the Andover Firemen's Relief association for a permit to use the playstead from July 2 to 8 next year and to have a bonfire there in conjunction with the carnival to be held, was placed on file.

### Punchard And Methuen 11th In Class C Ratings

Current ratings of the Massachusetts high school football team place Punchard in a tie with Methuen for 11th place on Class C.

Both schools have won 4 and lost 1 for a total of 20 points, giving each an average of 4.00. Johnson with no wins and 5 losses is at the foot of the Class C list.

Leading this division is Concord, which defeated Punchard in the opening game, Taunton and Natick. Concord has five wins and no losses, the other two teams have four wins and no losses.

Until the gutta percha ball was introduced in 1849, golf balls were stuffed with feathers.

## Damp, Unseasoned Wood Cause Of Chimney Fires

Use of damp, unseasoned wood is the cause of many chimney fires. Since such wood it not readily consumed, says the Mass. committee on Fire Fighting, creosote collects on the sides of the chimney almost like so much coal. Then somebody throws some dry papers or shavings onto the fire, with a high wind to create a sharp draft; presto! you have a glowing furnace inside your chimney. The danger comes from weak places in the masonry and from woodwork touching the overheated bricks. Better call the fire department, even though you think the fire isn't dangerous. If you don't you'd better sit up for a few hours and watch the chimney till it cools down.

## U.S. One Of Highest In Accidental Deaths

The United States may have the highest standard of living in the world, but it also has one of the world's highest accidental death rates.

The U. S. rate in 1948 was 87.1 deaths per 100,000 population, as compared to a world-wide postwar average death rate of 48.9, according to the 1949 edition of "Accident Facts," statistical yearbook of the National Safety council.

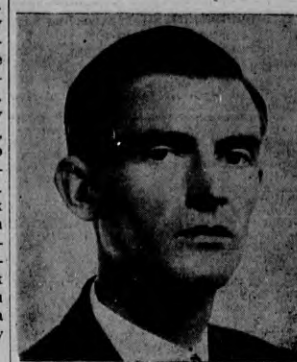

Only three countries topped the accidental death rate of the United States—Iceland, Egypt and Austria. Those countries had rates of 71.5, 83.8 and 85.9 respectively in 1946.

Mauritius, a British island near Madagascar, had the lowest reported postwar accidental death rate of 25.9 in 1947.

## A BETTER DUMONT with a lower price tag

The way Du Mont owners boast about their performance, you'd think there was no room for improvement—but:

This one has a clear, bright 85 square-inch picture on the new Du Mont 12½ inch tube.

It has greater sensitivity (which means better reception everywhere, including "fringe areas").

It has greater immunity to interference.

It has full-range FM radio.

Then on top of all these improvements, Du Mont's increased production has brought the price way down.
