VIEWS OF THE NEWS

By LEONARD F. JAMES

We shouldn't expect too much of senators and congressmen. They are human beings, too. They suffer from the usual aches and pains, they get bored with long-winded congressional monologues. And they probably have trouble balancing their own private budgets.

And they certainly can't all be experts on the hundreds of issues that confront them. They are subject to pressures from lobbyists and log-rollers. They are susceptible to convincing arguments on subjects they know little about. In short, they are merely ordinary citizens, and probably as bewildered as most of us.

Stores Ready To Serve Christmas Shoppers

Parcel Post Flood Hits Post Office

Bundle-bearing lines will greet postal clerks when the grill-barred post office windows open these mornings—they hope!

The greatest flood of parcel post in post office history is expected this year.

"If it all comes in together, at the last minute, we'll be swamped," declares Postmaster Stephen A. Boland. "Christmas gift packages should be in the mail by December 10 at the very latest."

In addition to Yule packages, the post office will be jammed with commercial shipments.

The post office went on holiday schedule Dec. 7. Windows are open from 7 a. m. to 5 p. m. on Saturday, and from 7 a. m. to 6 p. m. on weekdays.

The postmaster reports that postoffice windows are most crowded at lunch time. He advised mailing packages before 10 a. m. and between 1:30 and 3:30 p. m. to avoid long lines and aching feet. (Continued on Page Sixteen)

WANTED TO BUY

6 or 7 room house with fireplace in Shawshen or Andover. Address B-76, Box 9, Andover.

The pages of The Townsman are crowded today with messages of numerous merchants announcing the various lines of merchandise they have to offer Christmas shoppers.

The stores have taken on their holiday attire with gay colored decorations and their counters and shelves are stocked with articles of every description that will help Santa Claus make this coming Christmas a very happy one for every member of the household.

Beneath the bright trimmings of tinsel and holly, wreaths and streamers, are gifts to please young and old, relatives and friends, and something "very special" for that certain "someone" who is to be remembered at this time.

All merchants are ready to serve and have arranged their attractive wares in a manner intended to make gift-shopping easy.

Store windows give an inkling of the many useful and desirable articles that may be seen in much greater volume inside where clerks are giving special attention to each one with helpful suggestions that enable many shoppers to solve their Christmas problems.

The short period before Christmas is the time when a large portion of the year's buying is done in stores. To the wise shopper who has been through this great rush and jam in other years it should mean just one thing: DO YOUR CHRISTMAS SHOPPING EARLY!

New "Stop" Signs For Intersection

Following a conference between the selectmen and Police Chief George A. Dane regarding the traffic hazard at the corner of Summer and Whittier streets, new "stop" signs will be placed at the corner to stop the Summer street traffic before entering the intersection.

This corner has been the scene of numerous traffic accidents in the past few years and only recently Alvin J. Zine, Jr., a resident of the neighborhood wrote the selectmen suggesting some precautionary measure for the intersection be adopted to prevent more of them.

As there is a grade on one side of Whittier street which might stall autos under some weather conditions, it was decided to put the signs so that the Summer street traffic would be stopped and the Whittier street traffic be allowed to continue with a precautionary "slow" sign to allow only moderate speed through the intersection.

Consider Enclosure For Rogers Brook

Action Follows Claim
Of Ballardvale Woman
Who Fell Into Brook

A plan to have Rogers brook either fenced in or piped through the playstead is being considered following the complaint of a Ballardvale woman that she and her small son fell into the brook and suffered injuries Hallowe'en night.

At Monday night's meeting of the selectmen, Mr. and Mrs. Charles U. Langdell of 6 Dale st., presented a claim for injuries and damages which Mrs. Langdell and her son received by the fall they took while walking through the playstead the night of Oct. 31.

They were accompanied by George Grant of 14 Dale st., who saw the accident. The 'Vale residents were of the opinion that some measures should be taken to protect the public from similar accidents.

The selectmen informed the delegation that they were aware of the situation and would discuss it with the board of public works with the end in view that a plan be adopted which may be presented to the next town meeting to correct the situation.

The board voted that all establishments selling alcoholic liquors be closed all day Christmas but that they might be open Monday. (Continued on Page Sixteen)

Holiday Program At Abbot Academy

Abbot academy closes its fall term on Dec. 17 for the three week Christmas vacation, resuming classes on Jan. 7, 1950. The calendar for the last week is a very full one, and of special interest to the community.

On Saturday evening, Dec. 10, the annual senior play will be presented in Davis hall directed by Miss Emily Hale. The play will be "The New Lady Bantock" or "Fanny and the Servant Problem," by Jerome K. Jerome.

School Committee Also Votes To Send Letter Of Thanks To Boosters

The school committee Tuesday night voted to continue track as a varsity sport at Punchard High school for the balance of the school year and appointed a committee to make a survey of the entire athletic set up, including finances.

On motion of Mrs. Katherine A. Baldwin the committee also voted that a letter of gratitude be sent to the Andover Boosters' committee for their support of the school's extra curricular activities including the check of \$250 sent to the Punchard Athletic association to finance the current track season.

Both votes came after a lengthy discussion of the track situation and after letters had been read from Kenneth K. McKiniry, Charles A. Gregory, acting principal of the high school, Coach Walter C. Roberts, Donald D. Dunn, director of physical education, and James A. Hart of the athletic association, expressing their opinions on the subject.

The committee appointed by chairman Gordon L. Colquhoun to study the athletic set up in the schools and to report next May, is made up of Mrs. Dorothy T. Partidge, chairman; Sec. William A. Doherty, Supt. Kenneth L. Sherman and Acting Principal Gregory, the latter a former cross country runner at Bates college and captain of the 1924 college team.

Bids on the printing of 900 copies of the annual school department report of 32 pages were received as follows: Andover Press, Ltd., \$304, Eagle-Tribune, \$229 with \$4.50 per page for any additional pages. The bid was awarded to the Eagle-Tribune, the lower of the two bidders.

It was voted to hold a special meeting Dec. 12 at which time the annual school budget will be discussed and candidates for the vacancy caused by the resignation of Arthur T. Weiss, junior high teacher, will be interviewed.

Building Projects Brisk During 1949

Andover's building operations took a decided spurt during the latter half of the current year and will compare favorably with the banner building period of 1948.

The 11-month record compiled for 1949 from the reports of Building Inspector Ralph W. Coleman show that permits were granted for buildings estimated to cost \$1,553,535 as compared with \$1,305,919 up to Nov. 30 of last year.

Included in the 1949 total, however is the estimated cost of \$564,000 covering the new veterans' housing project on Morton street. This would reduce the estimated cost of private building to \$989,535 for the period.

The estimated cost of building permits issued during both years is as follows:

	1948	1949
January	\$ 5,200.	\$ 34,400.
February	21,500.	17,000.
March	86,100.	77,700.
April	189,600.	70,150.
May	120,600.	132,900.
June	187,190.	117,950.
July	219,250.	55,300.
August	109,729.	177,000.
September	190,200.	661,835.
October	76,000.	113,500.
November	96,550.	75,800.

\$1,305,919. — \$1,533,535.

Recent permits were issued by Inspector Coleman as follows: New Building, William F. Doty, Prospect Hill rd., additions and alterations Norman J. and Blanche L. Thompson, 186 Chestnut st.

Inexpensive Advice

Although she had examined every article the weary salesman had placed before her nothing seemed to suit her requirements.

"No," she said; "I'm afraid none of these things will do. You see, tomorrow is my husband's birthday, and I want to give him a surprise."

"I see," said the assistant coldly. "Then why not hide behind an armchair, and suddenly cry 'Boo!' at him?"

Shoppers Busy In Local Stores

Police have received numerous complaints from merchants during the past several days that shoppers have been busy in local stores where merchandise has vanished from the counters.

Investigation of these complaints has traced most of these misdoings to young boys who usually enter the stores in groups.

Chief Dane says that this is a matter that concerns parents who will be obliged to pay for articles picked up by these youths. While the chief believes that most of it is done in the spirit of mischief rather than an actual desire to steal he warns that the practices will have to be stopped or offenders may be brought into court.

Warns Motorists Of Driving Hazard

An automobile on snow-covered pavement is something like a pig on ice, Police Chief George A. Dane warned motorists yesterday in the wake of the town's first appreciable snowfall.

"People are inclined to forget that you can't stop a car by stepping on the brake when there's packed snow or ice on the streets," Chief Dane said. "That is, they forget until after they start to skid and then it's often too late."

"When dangerous snow and ice conditions prevail, careful drivers put on tire chains. That helps a lot, because tests show that cars equipped with chains are far less likely to be involved in accidents than cars not so equipped."

In addition to using chains, the chief said, motorists should reduce speed when streets are slippery, keep windshield wipers and defrosters in good condition to combat poor visibility, and to see that headlights are functioning. Poor vision and poor traction both promote accidents.

"Our job is to prevent accidents as well as to investigate them," he added, "and we'd rather do the preventing."

Light Snowfall Blankets Town

Snow plows were out Wednesday after the fourth storm of the season covered northern New England and left the streets and highways under a white mantle of about two inches of snow.

Before blowing itself out in mid-afternoon the northeast left a wet and slippery surface which made traffic conditions most hazardous so far this season.

The public works department had town plows out at 3:30 o'clock and worked into the evening clear streets.

The third snow storm of season on Nov. 27, brought about one and a half inches and the second on Dec. 2 about two and a half inches. The latter storm brought out the plows for the first time since last winter.

The third storm starting night of Dec. 4 left about one and a half inches which froze after it fell and made traffic conditions so bad that roads and walks were sanded.

The board of public works now using an advisory weather service which send out reports from the Logan airport in Boston.

DOG'S SUNDAY DINNER COSTS OWNER \$16.50

It cost Nick Zock \$16.50 for his dog's Sunday dinner.

Nick didn't arrange it that way, but it seems that Mrs. Mary Tatesosian, a neighbor on Bellevue road, prepared 15 pounds of beef in Armenian style Sunday and hung it on a tree to cure.

Looking into her yard a short time later he saw her with the feast. She called the police and with Officer Roy A. Russell found the owner of the dog who settled at the rate of \$1.10 a pound.

THIS EXPLAINS IT ALL, MATES

(This is taken from the Congressional Record of October 13, 1949, and is an extension of remarks by the Hon. William S. Hill, Republican from Colorado, in the House of Representatives.)

While many persons are confused over the meaning of communism, socialism, and these other foreign ideologies, the Colorado department of agriculture.

The explanation follows:

IDEALISM: If you have two cows, you milk them both, use all the milk you need and have enough left for everybody else.

SOCIALISM: If you have two cows, you keep one and give the other to your neighbor.

COMMUNISM: If you have two cows, you give both of them to the government; then the government gives you back two cows, you're a capitalist.

SOFA-PINK COMMUNISM: If you have two cows, you're a capitalist.

CAPITALISM: If you have two cows, you sell one cow and buy a bull.

FASCISM: If you have two cows, you keep the cows but give all the milk to the government.

IMPERIALISM: If you have two cows, you steal somebody's bull.

NEW IDEALISM: If you have two cows, the government shoots one cow; you milk the other and throw part of the milk down the sink.

ANARCHISM: If you have two

cows, your neighbor shoots one cow and takes the other.

NAZISM: If you have two cows, the government shoots you and takes both cows.

REALISM: If you have two cows, they're both dry.

Arriving at the river, a fisherman discovered that he had lost the worms he had dug for bait.

For a half hour he searched for worms, but with no luck. About to give up and go home, he came upon a snake which was trying to swallow a frog. He decided that the frog would make good bait if he could get hold of it. The snake refused to be robbed of its dinner, however, so the fisherman decided to persuade him by pouring a few drops of brandy into the side of the reptile's mouth. The snake dropped the frog, and the man returned with it to his fishing site.

After fishing for a short time, he felt something nudging him. He turned around, and there was the snake looking up at him with another frog in its mouth.

Maneuver
A Hollywood producer was describing his holiday at Palm Springs.
"Did I have trouble with my wife?" he complained. "She's the

type of person who's never satisfied. She had to go to a hotel that charges a hundred dollars a day. The next afternoon she had to go out riding. So what does she do but fall off the horse and get knocked unconscious. I called a doctor, and he said she would be unconscious for ten weeks."
"Unconscious for ten weeks?" exclaimed his listener. "What on earth did you do?"
"Moved to a cheaper hotel."

Don't forget the junior high dance coming up this Friday at 2:30 p.m. There promises to be fun for all with three prize dances. To be admitted student government cards must be shown. Re-

freshments will be served at intermission. James Curry will act as master of ceremonies.

Basketball Season Opens

Basketball season came into the junior high last Tuesday when the first practice was held. The annual enrollment of the Junior Red Cross raised a total of \$112.00 thanks to the cooperation of pupils and the faculty.

The Memorial Hall library has invited the boys and girls of Andover to be present Thursday, Dec. 8, for a showing of "Scrooge" from Dickens' "Christmas Carol".

Wednesday's recess was shortened due to snowballing. All boys indulging in this were given a stiff warning and told to confine this sport to the bleachers when no supervised activity was taking place.

Town Topics

Ens. John P. Pringley, USN, of Holt rd., was among those who received a "well done" from Admiral Forrest P. Sherman, newly appointed chief of naval operations to those who served under him in the Mediterranean area on the aircraft carrier USS Leyte.

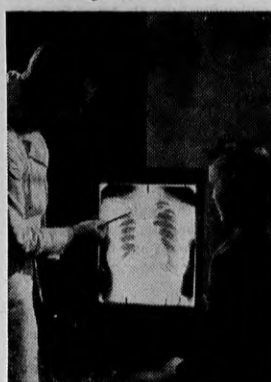

Miss Jean Stillman will give a concert of violin sonatas at 3:30 p.m. Sunday, at the Addison Art gallery. The concert is free to the public.

P. A. Sports . . .

Although its winter sports season doesn't officially open until Jan. 14, three Phillips academy squads will see their first action Saturday in practice games and meets with the Harvard Freshmen, Athletic Director Ed Shea announced today. Andover teams will

meet Harvard in swimming, track and basketball.

Coach Frank DiClemente announced two additions to the already well-packed basketball schedule: Dartmouth Freshmen on Feb. 22 and Boston College Freshmen on March 1. This means that Andover faces six freshmen teams in a thirteen-game schedule. Basketball squad cuts took place

this week, leaving twelve men on the first squad, captained by forward Ev Rose of Sewickley, Pa. Other forwards still in the running are Bob Kimball of Reno, Nev. and Tom Tate and Welburn Brown of Louisville, Ky.

Jim Palmer of Philadelphia, Bob Behan of New Haven and Al Toole of Scarsdale, N. Y. will be playing at center, and the guards left on the first string are: Ed Johnson of Stoughton; Bill McKim of Sea Island, Ga.; Frank Capra of Purchase, N. Y.; and Dick Bell of Rye, N. Y.

Pete Gardere of Dallas, Tex., outstanding halfback on the 1949 football team, who had started out on the court this winter, has transferred his affections to track, where he will probably run in the 300, as he did last winter; Ed Moran of Norwich, Conn., also a member of the football team this past season, has decided to try his hand at the broad jump, and Bob Agee of Scarsdale, N. Y., deciding in favor of the crisp winter breezes, has gone out for hockey, where he hopes to land a berth at defense.

While the Andover hockey rink is still suitable for ducks only, Coach Hart Leavitt has twice taken his charges over to the new arena in Lynn for practice. Promising among candidates are Leigh Quinn of Belmont and John Arnold of Boston.

Holiday Program At Abbot Academy

(Continued from Page One)

Any housewife today has to face the servant problem. The three act comedy at Abbot on Saturday night tells the story of that problem when the new Lady Bantock enters her home as a bride. Jerome K. Jerome an Englishman, wrote the play in 1908, but its dialogue, plot and characterization are wholly up-to-date, amusing and well drawn. A cordial invitation is given to the public to attend the performance of this little known play, but a play that is entertaining and unusual.

The following girls will take part in the play: Patricia Burke, Dorothy Bowman, Valerie Purviance, Sally Ann Westhaver, Barbara Somers, Margaretta Kitchell, Nora Johnson, Anne Dunford, Mary Bixby, Joyce Griffin, Elizabeth Bradley, Ruth Doherty, Ann Hartwell, Ann Higgins, Dorothy Lampert, Elizabeth Noss, Nancy Shulze, Sally Stevens, and Eva Sontum.

The production staff includes: Joan Aldrick and Margaret Lurtion,

prompters; Ann Moser, chairman of costuming; Caroline Kimberly, chairman of properties; Tove Dithmer, chairman of make-up; Alice Russell, stage manager; Miss Emily Hale, director.

Following the tradition of the Christmas program, the first event in the series that has its climax in the beautiful Christmas service in Davis hall will be the Christmas vesper service in Abbot hall on Sunday. This service is in the hands of the Abbot Christian association, and will be conducted entirely by the students.

On Thursday evening the Christmas service will take place at 8:15 o'clock. The program will follow its customary pattern of group singing under the direction of Miss Kate Friskin, head of the music department at Abbot, and the Biblical recitations by the classes and other groups. Miss Marguerite Hearsey, principal of the school will address the audience with a Christmas message. At the close of the service, there will be an organ recital of several numbers played by Raymond Coon of the Abbot academy department of music.

On Friday afternoon the annual Abbot Christian association party for Andover children will be given by the students. A tree, games, gifts, and a one-act play, followed by refreshments will serve to make a merry occasion for the youngsters who have been invited to attend. Friday evening will be gay with candle-lit Christmas dinner in the school dining room, followed by carols in the McKee rooms in Draper hall. Early Saturday morning the first light of dawn will bring the notes of carols as the choir moves from building to building and down the corridors singing the familiar Christmas songs as a farewell before the school scatters with the first trains homeward bound. As is always the case, the Christmas service in Davis hall at 8:15 p. m. Thursday, Dec. 15, is open to the public.

Choral Society To Present "Messiah"

The Andover Choral society will again give its annual presentation of Handel's "Messiah" in Cochran chapel, Phillips academy Sunday, Dec. 18, at 8 p. m.

J. Everett Collins will conduct and the society has obtained some excellent assisting artists. The soprano, Nora Garner Riggs of Boston, is a soloist in great demand, and was guest artist at Portland, Me. last May at the annual concert of the New England Federation of Men's Glee clubs and has not been heard in Andover. Malama Providakes, contralto, comes from Worcester, and is also a new-comer to Andover musical audiences. Edgar M. Randle, the tenor soloist, was heard here two years ago, and his fine work is well remembered. Raymond Wilkinson will be at the organ and the pianist will be Merrill Berry.

The public is cordially invited to hear this annual presentation by the choral society. A silver collection will be taken.

Asks All To Assist In Library Report

The readers who patronize the Memorial Hall library will have a share in the annual report made to the trustees this year, if they care to give a moment's thought to a letter prepared by Miss Miriam Putnam, the librarian. The letter says in part:

"Do you read the library's annual report? If you do, we suspect that you belong to a small but distinguished minority! However, each year, no matter what, there must be an annual report. Primarily, it is a resume of what has been accomplished during the year. Each time, though, the report is written from our side of the library desk.

"This year it occurred to us that it might be a good idea to ask some of the people on the other side of the library desk to help write the report. You're one of the people who come to mind as someone we would like to hear from. What do you think ought to be brought out in the 1949 annual report? Will you share some of your thinking with us? Just make your remarks brief and to the point. We shall try to see that as good a synthesis as possible is made out of all the material which comes to us.

"Frankly, this is an experiment, but it looks like lots of fun. Will you help? May we have your comments by Dec. 15?"

We Are Ready . . .

to serve you as in years past with our usual excellent assortment of Christmas trees and other seasonal decorations. You may make your own selection or place an order by calling Andover 273-J.

GOING and COMING

YOU SAVE MONEY!

Yes, you'll save money going and coming by train because New England's railroads — the Boston and Maine, the New Haven, and the Maine Central — now offer you **ROUND-TRIP** ticket travel bargains. In many cases you will pay less than you did at former fare prices.

If you purchase a round-trip **COACH** ticket, good for 30 days, you can ride in coaches anywhere on these three railroads for exactly the same fare that you paid before December 1.

If you buy a **ONE-DAY** round-trip ticket, for use in a single calendar day, between any two points on these railroad systems, you will pay substantially less than the old rate. On a one-day round-trip ticket you can start your return trip anytime up to 4 AM of the next day.

If you purchase a round-trip **PARLOR CAR** ticket, good for 30 days, you will pay 10 per cent **LESS** than you did before December 1.

Only one-way coach fares and sleeping car fares have been increased on these railroads — so it's to your advantage to be with us going and coming — to enjoy round-trip savings on these three big railroad systems serving New England and beyond, to New York City.

EDITORIAL THOUGHTS

SPECTACULAR GROWTH

The principal argument used in favor of compulsory government health insurance is that there is no other way of protecting most people against the exigencies of illness. Yet the spectacular growth of the voluntary health insurance plans in recent years refutes this idea completely.

In the single year of 1948, the number of persons covered by hospital insurance increased 16 per cent, and the number protected by surgical expense and medical expense coverage jumped 30 per cent and 45 per cent respectively, according to the Chamber of Commerce of the United States. At the end of last year, nearly 61,000,000 people had the hospital expense protection, over 34,000,000 had surgical expense and just under 13,000,000 had medical expense.

These plans are gaining in membership by leaps and bounds. The cost to the wage earner and his family is low, and benefits are generally liberal. Being voluntary, they have to offer a good buy for the money or people won't join. That wouldn't be true of the government compulsory scheme. You'd pay for it whether you wanted it or not, and you'd take the kind or service the politicians in charge decided upon. There'd be no such thing as freedom of choice.

This country has a medical care problem. But it is a problem which is being soundly solved through such devices as the competitive voluntary systems. Regimented medicine, which would be the overture to socialized medicine, would be the most dangerous possible answer.

THIN ICE

Several frosty nights during the past few weeks sent the temperatures down into the lower 20's and left some of the town's smaller ponds covered with a thin coating of ice.

Very often this first ice of the season proves a lure to the younger fry who, not realizing its danger, are waiting for the first chance to try out their skates.

At this season of the year the ice is very treacherous. When youngsters find it will bear their weight near the shore they are apt to venture out a little further to test its strength, and it is this unthinking risk that often leads to disastrous results.

Just now would be an opportune time to give the youngsters a little friendly warning about the danger of thin ice. Fortunately there are several safe and excellent skating areas in the town during the skating season. The Brothers of the Sacred Heart in the past few years have graciously opened their well-kept rink to the public, and the Andover Recreation committee is enlarging what facilities it has to give young and old in various parts of the town a chance to enjoy this fine winter sport under the best conditions possible.

A word or two of caution right now from parents and teachers might keep these venturesome spirits away from the danger spots and thus prevent an accident that would mar the Christmas happiness of some Andover home.

THE MOST DANGEROUS TREE

What is the most dangerous tree in the world? According to the National Board of Fire Underwriters, it's that symbol of Yuletide cheer and good will—the Christmas tree. And the long and tragic record of deaths, injuries and maimings—many to children—caused by holiday fires bears out that statement.

This certainly doesn't mean that you should not have a Christmas tree. You should. But it does mean that certain elementary precautions should be followed to the letter, and kept constantly in mind.

It is recommended, for instance, that you buy a small tree—it is less hazardous. It should be placed well away from radiators, heaters, and the fireplace. Candles should never be used on the tree under any circumstances. Use only electric light sets which carry the seal of approval of the Underwriters' Laboratories—it guarantees that the sets meet the proper safety standards.

Don't use paper, cotton or other inflammable materials for decoration. If extension cords are necessary, be sure they're in good condition—frayed wiring is a potent cause of electrical fires. Never leave the lights burning when the house is unoccupied. Dispose of gift wrappings promptly—they're a real menace inside the house. Be especially careful with matches and smoking materials. And, finally, get rid of your tree as soon as the needles begin to fall. That means it's dry and ready to burst into flame.

Christmas isn't far off. It's time now to make plans for a holiday season which will be safe as well as joyous. And once they're made, stick with them.

Views of The News

(Continued from Page One)

But sometimes the smaller among the gentry assume an unwarranted arrogance that is caused by temporary power and position. Unfortunately they are seldom publicly corrected, and so continue to pursue their noisy way, sometimes to the detriment of their own country's interests. This is particularly unfortunate when their duties take them to countries where the din of American politics is neither understood nor appreciated.

Along about the fiftieth delegation, the country graced with the honor of another visit gets its signals crossed and rolls out the wrong-sized carpet. The local officials are too busy running their own country, or too tired to give more than a perfunctory pat to an officious shoulder. As a result, the visiting United States dignitary may forget that he represents his country. Wisdom and tolerance may give way to pique. The final results may even be damaging to our foreign policy and even our future security.

And The Case of Sweden

A classic case in point is our worthy Senator Thomas of Oklahoma. And his annoyance blinds him to the bigger issues. Members of an appropriations committee, he spent two days in Sweden and was entertained at a dinner and reception with Sweden's high officials. This apparently is standard treatment for honored guests. But apparently too standard. For it resulted in a lashing statement from our senator that government officials "acted as if they didn't know we were within a thousand miles of the place." He isn't going to stand for that. So he announces that he's not going to vote for any more continued assistance to Sweden. Almost farcical, were it not that some people may even listen to Thomas. Someone certainly slipped. Either the officials were not tipped off as to the importance of the committee, or explanations of personality were omitted. Or perhaps the officials had the mistaken idea that too much entertainment might indicate waste of money.

Why Marshall Aid To Sweden?

But did the Swedes merely see "easy money and they grabbed it—now they want more"? Or is there more to it than the senator can understand? Sweden has received 79 million dollars in Marshall Plan aid, putting her 14th in the list of 17 nations assisted. Of this amount, none is an outright grant. Part of it is a loan. The remainder is dollar aid advanced on condition that Sweden advances credits to other nations in the Marshall Plan area.

Although Sweden is included in the Marshall Plan, she is not broke. Actually she is in substantially good financial shape. But world trade is snarled up. And that causes difficulty for a nation that must export to live. As with so many countries, trade with the United States is the key to Sweden's problem. Normally the United States buys 10% of all Sweden exports. Today we buy only 4½% but Sweden's needed import remains the same. Thus Sweden suffers from dollar shortage. She cannot earn enough dollars to pay for the necessary imports from the United States.

In Order To Help Others

But other nations are involved. And United States aid to Sweden helps them and us in our policy of Western defense. We don't need Swedish steel, housing materials and machinery. But others do. But they can supply her with neither the goods she needs nor with dollars. So in exchange for Swedish aid to other nations, we advance dollar credits for her own purchases of petroleum and industrial commodities.

And Ourselves

Experience since the war has shown that Sweden's future lies with the West rather than with Soviet Russia. We would naturally rather have it that way. This is a two-power world of the United States and Russia. The more nations we can attract to our own side, the better for us. A nation must eat to live. And trade is a vital factor in eating.

This is of more concern to us than triumphal marches for visiting firemen. Perhaps what should be improved is not the quality of the red carpet but the calibre of those who represent us abroad.

IRMA C. BEENE

Well-known among the townspeople as a friendly and helpful merchant, Miss Irma C. Beene, who conducts one of the town's leading department stores, has been a resident of Andover for 27 years.

Miss Beene was born in Malden. She graduated from the Malden public schools, and the School of Merchandising in Boston. Before coming to Andover, she was employed in stores in Malden and Boston.

Miss Beene is a member of the Margaret Slattery class of the Free Christian church.

She really has the proper spirit for a merchant. She enjoys the people that patronize her store, and does anything she can to help them. She says: "In operating my business for the past 14 years, it has been the greatest pleasure in meeting the people of Andover, and serving them."

Down the Years with The Townsman

50 Years Ago — December, 1899

The main pipe running through the hydrant in front of the Andover Townsman was frozen by the cold Wednesday night, necessitating an overhauling.

The names of hundreds of Andover citizens were among those submitted to congress on Monday protesting against the seating of Brigham H. Roberts of Utah.

Another of Boston's fast trotters, Kentucky Star, with a record of 2.08 1-2 has been sent up to Richardson's Thorndale stock farm this week to be boarded for the winter. There are now over 40 boarders at this stable and seven of these valuable animals cost their owners \$41,000.

Local bicycle riders, owners of pleasure carriages and residents of the West Parish in the neighborhood of Haggetts pond will be glad to learn that Superintendent of streets Lovejoy has macadamized the very sandy strip of road running past the pumping station.

Postmaster Arthur Bliss reports that there are 18 unclaimed letters at the post-office.

There was an unusual family gathering at Deacon William C. Donald's Fry Village. Every mem-

What Our Readers Say —

GRATEFUL FOR AID

Editor of the Townsman:

Our recent community chest campaign was a huge success and another grand victory for our community even though we finished a few thousand dollars short of our goal. When one realizes that we have the third most successful campaign in Massachusetts this year, despite the economic and employment conditions which faced us in Greater Lawrence, then we can really take justifiable pride in our wonderful accomplishment.

Your cooperation in the recent campaign in giving us some excellent publicity in the Andover Townsman is greatly appreciated by myself and my entire campaign organization. Your cooperation and support makes it much easier to conduct this annual community chest campaign, and contributed greatly to make it a success.

We are most grateful to you for your usual generous and kind assistance in our behalf.

Sincerely yours,
General Chairman

25 Years Ago—December 1924
Postmaster Angus issues a timely warning that patrons of the Andover postoffice should keep in mind the necessity of mailing Christmas parcels and cards early. First coasting accident of the winter occurred on Bartlett st. where coasting has been forbidden.

Acting as noble grand for the first time in over a quarter of a century, Chief of Police Frank M. Smith performed the duties of noble grand in a creditable manner at the meeting of Andover lodge 230, I.O.O.F. The initiatory degree was conferred on three candidates.

Warns Of Fire Hazard With Christmas Trees

Warning that a thousand Christmas trees burn in as many homes each year, the National Fire Protection Assn. today set up a five-point plan for Christmas tree fire safety. The NFPA recommends:

1. Bring in a fresh tree as short a time before Christmas as possible and remove it as soon afterwards as you can.
2. You can reduce the flammability of your tree by standing it in a pan of water.
3. Trees should be well away from sources of heat as fireplaces, stoves and radiators.
4. Trees should be well secured against falling and not placed so that standing or fallen it could block escape from the room.
5. When you smoke: keep away from the tree.

ANOTHER 'FIRST' FOR RUSSIA

Russia could not probably won't claim a "first" on this one for a dog-gone good reason.

Quoting French sources, the Journal of the American Veterinary association reports that the Soviet army of World War II trained thousands of dogs to carry bombs under the enemy's moving vehicles and explode them.

"Though details are lacking," the Journal says, "it has been widely rumored that whole caravans of German tanks were blown to kingdom come by bomb-carrying dogs. The weird suspicion is that the bombs were attached to the faithful dogs."

Advices Checking Christmas Lights

"Now is the time to make certain that your Christmas holidays are not marred by fires or other accidents resulting from defective Christmas lighting equipment," warns Fire Chief C. Edward Buchan.

"You need have no fear," the chief said, "of fires being caused by well made Christmas lighting sets, provided they are not too old and are in good condition. Many people do not realize how long their light strings have been in use. A high percentage are 10 to 20 years old and defects of one sort or another are bound to be present."

"It is folly to take chances waiting until the night before Christmas. Get out your lights now," the chief advises, "and inspect them carefully."

Chief Buchan also stressed one precautionary measure with respect to lighting strings that are actually discarded. They should be put up so that children who find them will not be tempted to rescue them and put them back into service. "Cut off the sockets," he suggested, so that it will be impossible for anyone to make use of it."

Seek Parsonage For New Pastor

Members of the Andover Baptist church will meet Wednesday evening, Dec. 14, in the church vestry to consider the project of purchasing a home for use as a parsonage, and the raising of \$3000 toward that end. Thomas A. Thompson has been appointed treasurer of the parsonage fund and will receive any and all donations. Several contributions already have been received.

The church has voted to extend a call to a new pastor and this will be issued officially at the Dec. 14 meeting. The probable date of settlement will be Feb. 1, 1950, but the church faces the problem of obtaining a place for him and him family to live.

An option on a favorable site has been placed and this with other important matters will be acted on at the coming meeting.

The Rev. George E. Beecher of

Lawrence has been serving as interim pastor since the resignation of the Rev. Wendell L. Bailey whose resignation took effect last September when he accepted a call to the Green Street Baptist church of Melrose.

Parcel Post Flood Hits Post Office

(Continued from Page One)

"It would help greatly," he declares, "if people would decide exactly what they want before they approach the windows—how much insurance on a package, whether they want it registered, and how many stamps they need."

"Remember that parcels may not be sealed unless they bear a printed label authorizing opening for postal inspection if necessary. Use corrugated cardboard, heavy outer paper, and strong cord in wrapping. The post office has to move millions of packages within the next few weeks, and they should be able to withstand normally vigorous handling."

The installation will take place at the annual ladies' night dinner to be held at the Andover Country club Saturday, Jan. 14.

Obliged to Register With Draft Board

Boys who reach the age of 18 are reminded that they are still required to register, and that the selective service board in this vicinity is draft board, No. 8, located at 477 Essex street, Lawrence. The board is open daily from 9 a. m. to 1 p. m. in room 411. Clinton H. Stevens of Andover is clerk of the board.

Those who register are also reminded that the certificate must

be carried on the person at all times. Failure to carry a registration certificate, the board says, is evidence of failure to register. All registrants are likewise obligated to keep the board informed of their current address, even though they reach the age of 26.

We don't enjoy paying a high price for them any more than you do—that's why we attempt to discourage a person when they ask for a high-priced brand (incidentally in the old days, if a clerk did that very thing and the boss caught him, he was all done as of that moment!)
