Mrs. Miriam McArdle, director of the band, has been invited to be a guest at the festival.

Two new side entrances are among the improvements to be made soon at St. Augustine's church, the Rev. P. J. Campbell, O. S. A., pastor, announced at the communion breakfast held by St. Augustine's Holy Name society Sunday after the 8:30 o'clock Mass.

The two new entrances will be at the front of the church on either side of the altar. The platform extending across the church immediately in front of the altar rail will be removed and the church interior redecorated.

The contemplated improvements are coming this year at a time when the church will be observing its centenary. The cost is expected to be close to \$30,000.

At the suggestion of T. J. Scanlon it was voted at the business session that followed the breakfast, to have a committee work with that pastor on a fund-raising project. The committee will be drawn from the Holy Name society, the Andover Catholic club and Andover council, 1078, K. of C.

Veterans Plan For Memorial Day Rites

Plans for the observance of Memorial day were made at a meeting of the Memorial day committee held Tuesday night in the veterans' service office at the town house.

Members of the town's veteran organizations who make up the committee are expecting a good turnout this year of those who have served in the armed services as a tribute of respect to the memory of those who made the supreme sacrifice for their country.

The exercises planned for the day will be in keeping with the spirit of the occasion and will include the decorating of graves in all local cemeteries.

Chief feature of the day will be the annual parade. The committee has announced the following parade instructions: Assembly at 8:15 a.m., fall in at 8:40 a.m., parade starts at 8:45 a.m.

The first division will form on Florence street, corner of Elm. The second and third divisions form on Florence and Park streets.

The route will be down Elm to the Memorial Hall library where the DAV will hold its memorial service. The parade will then proceed up Main street to Chestnut, to Whittier, to the Memorial auditorium where the VFW will hold its main memorial service. The marchers

Building Operations Ahead Of 1951

Spring building operations here got off to a running start last month, according to records of Building Inspector Ralph W. Coleman, who reports that the estimated cost of new buildings for which permits were granted during April was \$274,500, and the estimated cost of additions and alterations \$10,300.

Building records for 1952 are far ahead of those for a corresponding time for 1951, which was one of the biggest building years in the history of the town.

Spray Elm Trees From Helicopter

Spraying operations by helicopter were carried out successfully last Friday morning under the direction of G. R. Abbott, moth superintendent, as a protection against the dutch elm disease.

Some 500 trees in the center of the town, Shawsheen Village and Ballardvale were treated with a

spray from the air as the pilot, Robert Broadley, who came with the plane from Bedford, skimmed over the trees distributing a cloud of insecticide on the newly opened buds. The operation cost the town \$300.

Supt. Abbott, James Buss Sr., and James Buss Jr., of the moth department, made trips aloft in the copter directing the pilot over the streets where trees were to be sprayed.

The BPW granted the use of the playstead as a landing field for the frequent refillings of insecticide, and the moth superintendent had also been granted the use of the Sacred Heart school field in Shawsheen, but this was not used.

This spraying from the helicopter supplements the regular spraying operations carried on by the department with the town's mist sprayer, which throws a stream about 100 feet into the air.

Mrs. Alice M. (Bancroft) Cheever, 91, widow of George F. Cheever and one of the town's oldest residents, died May 3 at the family home on Bancroft road where she was born. Her mother was born in the same house where the family resided for years.

She was the daughter of Albert M. and Hannah T. (Pearson) Bancroft and was a member of the South Congregational church.

Surviving are two daughters, Laura C., wife of James E. Downs of Andover, and Grace B., wife of Edward F. Brown of Natick; three sons, Fred E., of Andover, Philip S., of Stoneham, and Brooks, of Oxnard, Calif.; one granddaughter, Miss Alice M. Cheever, also of Oxnard.

Robert Scobie, superintendent of the West Parish cemetery for 24 years, died Tuesday night at the family home, 160 Lowell st., after a long illness.

Born Jan. 22, 1877, in Dundee, Scotland, he came to Andover in 1923 and in 1928 was appointed superintendent of the cemetery. He was a member of St. Matthew's lodge, A.F. & A.M., and the West Parish church.

Born in Lawrence, he attended St. Augustine's school here and also lived in North Andover before his parents moved to Washington about five years ago.

Exceed Quota Blood Donors

Red Cross officials announce that Andover went over the top with a record donation of 162 pints of usable blood May 2 at the one-day visit of the bloodmobile here.

The total amount of blood collected is 12 pints over the quota for the day. This figure is all the more remarkable in that there was a considerable amount of sickness throughout the community and 60 people who had registered in advance as prospective donors failed to appear.

More than 50 more gave many hours service in recruitment, registration and the operation of the bleeding center. Included in this group were:

The Ancient Wood Screw

THE WOOD SCREW, in its humble way, is one of the greatest contributions to wood-working. It began in Greece, something over 2,000 years ago, when the great physicist and mathematician Archimedes developed the leverage principle, discovered the law governing inclined planes, and invented the screw which, being an adaptation of the lever, is itself a simple machine.

It's easy to use, as everyone knows; yet there is a right way and a wrong way. For best results, drill a hole equal to the diameter of the wood screw body, then drill a smaller lead hole for the threaded part of the screw in the wood to be joined. In soft woods, however, lead holes are not needed for screws under two inches long. The wood screws you'll be using are available in sizes from one-quarter to five inches long.

If you are doing good work, don't worry about it—somebody will soon find out about it.

Bicycle Safety Campaign To Be Inaugurated Here

A bicycle safety campaign which includes applying brilliant reflector tape to the front and rear of all bicycles is to get started here Saturday May 17.

On this day all boys and girls who have bicycles may bring them to Woodworth Motors, on N. Main st., Shawsheen, between the hours of 10 a.m. and 4 p.m. when this reflector tape will be applied free of charge.

This campaign is sanctioned by the police department. All children who have the tape applied to their bicycles will receive a membership

card in the safety league of the Bicycle Institute of America, and sign the following pledge:

I pledge to obey these 12 rules for safe bicycling:

1. Observe all traffic regulations—red and green lights, one way streets, stop signs.
2. Keep to the right and ride in a straight line. Always ride in single file.
3. Have white light on front and danger signal on rear for night riding.
4. Have satisfactory signaling device to warn of approach.
5. Give pedestrians the right of way. Avoid sidewalks—otherwise use extra care.
6. Look out for cars pulling out into traffic. Keep sharp look-out for sudden opening of auto doors.
7. Never hitch on other vehicles, "stunt" or race in traffic.
8. Never carry other riders—carry no packages that obstruct vision or prevent proper control of cycle.
9. Be sure your brakes are operating efficiently and keep your bicycle in perfect running condition.
10. Slow down at all street intersections and look to right and left before crossing.
11. Always use proper hand signals for turning and stopping.
12. Don't weave in or out of traffic or swerve from side to side.

Record Primary Vote

The issue being fought between the two leading presidential candidates in the Republican party helped swell the primary vote here last week to its record-breaking proportions.

Even the Democratic vote was high considering the lack of contests.

While the women have taken more than usual interest in the present campaign, much of the outpouring of voters was due to the Eisenhower and Taft workers using every means to get their backers to the polls.

The 2253 Republicans who responded with 200 Democrats, a total of 2453, represented about 33.4 percent of the town's registered voters, some different from the total of 103, or about 1.3 percent who voted four years ago.

Like the rest of the state, those who voted the Republican ticket in Andover preferred Eisenhower to Taft by more than two-to-one. On the Democratic ticket the general was tied for second place with President Truman (who was not a candidate).

One of the surprises of the state vote was that Eisenhower took second place on the Democratic write-in vote, and Taft was fourth. Kefauver was in first place with Truman third.

Observers placed much significance on the Massachusetts write-in vote which was being watched with great interest nationally because of the bearing it might have on the candidacies of both leading candidates.

Throughout the state about 359,000 voted the Republican ticket. Eisenhower got about 241,000 and Taft 104,000 of the write-in vote and the general got 27 of the 28 district delegates. This victory for Eisenhower and his showing on the Democratic write-in vote, is hailed by his backers as a "bandwagon" swing toward his nomination in July.

Held under the auspices of the American Legion the boys selected must be members of the junior class in a senior high school, between 15 and 18 years of age, in the upper third of their class scholastically, and possess definite qualifications of character and leadership.

Headmaster Harold Howe 2nd., of Punchard called upon Charles A. Gregory, sub-master, to make the selections. One boy will be sponsored by Andover post, 8, of the Legion, and another is sponsored each year by the Andover Service club. This arrangement has been in effect since Boys State was started in 1941.

At the close of the week's stay at Amherst two boys are selected to represent Massachusetts in the national forum week at Washington, D.C., sponsored by the Legion.

Little Leaguers

Andover's entry in the Lawrence Suburban Little league unofficially will open its season Saturday at the Joshua Reading field in Reading against the Red Sox of the Reading Little league.

The game will start at 10 a.m. A return game between the same teams will be placed at the Andover playstead Sunday, May 11, at 3 p.m.

Parents who would like to help furnish transportation are requested

to phone And. 129-R in order that John A. Polgreen, transportation chairman, may make plans accordingly.

400 Take Part In Trout Derby

Close to 400 youngsters of Andover registered for the annual trout derby which was conducted Saturday and Sunday at Hussey's pond in Shawsheen under the auspices of the Andover Sportsman's club.

under the auspices of the Andover Sportsmen's club. Many members of the club under the direction of President Edgar Haselton took care of the registrants and supervised the activities at the pond.

At the conclusion of the two-day derby during which several good-sized strings of trout were caught, it was announced that prizes for the biggest fish were won by John Woodcock, 82 Haverhill st., in the boys' division, and by Sandra Nadeau, 210 N. Main st., in the girls' division.

The fishing committee of the club, David L. Markert, chairman, was in charge of the program. The derby was made possible by proceeds from the talent revue recently staged by the club.

rm. They are, James D. Doherty,
resident; William Beaulieu, vice-
resident; Fernand J. Lussier,
reasurer; and John J. Hewitt,
secretary.
About 80 members of the society
attended the breakfast and heard
the Hon. John E. Fenton of Law-
rence, judge of the Massachusetts
and court, give a stirring address
on "Catholic Action."
It was also announced at the
meeting that the Essex county
plan would be divided into two
three smaller units sometime in
the fall.

Early History

Early Andover Catholics were
part of the Lowell parish until
1846 when the Rev. Charles
French built a small wooden chap-
el in Lawrence. In 1852 Andover
became a mission of St. Mary's
church when the Rev. James O'
Connell, O. S. A., erected a small
church here.
A new church was built on the
present site in 1883. This was de-
stroyed by fire in November 1894
and work on the present edifice
was commenced in 1895. It took
the parish five years to complete
the present building.

Merrimac Valley Radcliffe club
was one of the 100 Radcliffe alums

**New Savings Bonds
Offered For Sale**

Roy E. Hardy, Andover chairman
of the savings bond sale has an-
nounced that the defense bond pro-
gram is offering immediately a re-
vised Series E bond and two new
bonds, Series J and K. Sales of
Series F and G savings bonds will
be discontinued, making way for
series J and K. A new Series H
bond will go on sale June 1.

Commenting on the "disting-
uished service in the cause of
thrift rendered by the Series E, F
and G savings bonds since they
were first offered to the American
people on May first eleven years
ago," Mr. Hardy said: "To this
date almost one and one-half billion
units of those bonds have been pur-
chased, and today individual citi-
zens hold almost \$50 billion worth
of them, at current cash value. Of
this, some \$34.8 billion is in E
bonds, alone - the most widely-
held and popular security in all his-
tory."

"The changes announced today
are another step in the treasury's
long-range planning to make these
bonds more useful for both savers
and investors. Back in 1948, the
annual limit of Series E bonds pur-
chases was doubled to \$10,000 in
line with expanding personal in-
comes. When the first E bonds
matured on May 1, 1951, the exten-
sion of their accrual period by up to
ten additional years, if the owner
wished to hold the matured bonds,
was authorized by congress at the
treasury's suggestion. That this
was a real service to E bond
holders is shown by the fact that
75 percent of the E bonds that ma-
tured in the eleven months up to
the first of April have been retained
by their owners.

"Now, with the offering of a re-
vised E bond accruing 3 percent to
maturity and having an increased
yield over the early years of hold-
ing, and three new savings bonds
series, the needs of all kinds of in-
vestors are being met, in line with
present conditions. Defense bonds
are a better investment than ever,
and more and more people of Mass-
achusetts will be saving through
them and investing their savings in
them," Mr. Hardy concluded.

Pass Resolutions Honoring Minister

The annual meeting of the Andover Association of Congregational churches held here recently passed the following resolutions in honor of the late Rev. Newman Matthews, pastor-emeritus of the West Parish church:

WHEREAS: The Rev. Newman Matthews became pastor of the West Parish church of Andover on May 1, 1914 and served quietly and well in the capacity until his retirement December 31, 1937, and did reside in that community until his death on November 8, 1951 at the age of 82 years;

AND WHEREAS: The Rev. Newman Matthews touched many lives with Christian gentleness and teaching, and his experience as a Christian minister was of value in the Andover Association of Congregational Churches and Ministers:

AND WHEREAS: he manifested in his ministry the spirit of kindness and good will, sharing the sorrows and joys of those to whom he ministered, bearing their burdens on his heart and conscience, and gave himself unstintingly to civic justice and social advance; and did reveal the spirit of forgiveness when wronged;

AND WHEREAS: the Rev. Newman Matthews found joy in his work, and was self-effacing, kindly, thoughtful, and considerate with a cultured taste and refreshing humor, with a sensitive conscience, and was ever ready to listen and give counsel, slow to judge and never judging severely, and was possessed of a love that believed, hoped, and endured until the end -

BE IT RESOLVED: that the Andover Association of Congregational Churches and Ministers at its annual meeting on April 27, 1952, held at the Free Christian church in Andover, accepts with profound appreciation the finished work of Newman Matthews, and expresses the same by the spreading of these resolutions on its records, and by sending copies of them to Mrs. Matthews, the press, and the Congregational Library.

More Workers On Fund Drive

Outstanding workers in all divisions will be invited to attend the United Republican dinner to be held at the Boston Garden, June 6, at which function several Massachusetts Republican congressmen will be speakers.

RED CROSS DIRECTORS HOLD QUARTERLY MEETING

The quarterly meeting of the board of directors of Andover Red Cross was held Tuesday evening at the veterans' service rooms in the town house.
