CALL 1943  
THE TOWNSMAN

Two Shawsheen boys have had the pleasure and experience of spending a week at the annual project known as Boy's State held at the University of Massachusetts, Amherst, from June 22 to July 1.

Robert Erler, 13 Carlisle st., and David Wilkinson, 46 York st., Punchard high school students were among the 440 boys selected for this annual event. They were instructed during their stay and participated in the operations of municipal, county and state government.

Boy's State is held each year under the auspices of the American Legion. The boys selected for this honor must be members of the

## Shawsheen Boy Shot Through Leg

Joseph Czekanski, 14, of 22 Toppling rd., was shot through the left leg below the knee with a .22 calibre rifle Tuesday and taken to the Lawrence General hospital in the police cruiser for treatment.

Sgt. W. R. Hickey and Officer James Lynch questioned four other juveniles who had been with the victim and learned that one had the rifle and they had gone to a swimming hole in the rear of Binney street where they were shooting at frogs and turtles.

Police were told that as the boys started back one of them carried the rifle. He thought it was not loaded and was swinging it to and fro when it went off, the bullet going through Czekanski's leg.

Police learned that the rifle belonged to the 29-year-old brother of one of the boys and that the latter took it out of the house without his brother's knowledge.

After the accident the boys ran to the home of George Snow on Binney street and notified police headquarters.

## Gilcreasts Return From Trip Abroad

Mr. and Mrs. John E. Gilcreast, 21 Bartlet st., have returned from a three-months' trip to Europe during which they visited Spain, France, Italy, Egypt, Arabia, Syria and Greece.

They also visited their son, Alden C. Gilcreast, in Beirut, Lebanon, with whom they stayed a month. During their visit to the different countries they took tours and saw many places of interest.

Mr. Gilcreast, who is assistant town treasurer, will be engaged in these duties at the town house during the summer months while Town Treasurer Thaxter Eaton is on vacation.

## Assessors Announce 1952 Tax Rate Of \$44; Up \$4 Over Last Year

A tax rate of \$44 per \$1000 has been announced by the assessors, an increase of \$4 over last year.

The increase, as explained by Chairman Roy E. Hardy of the board of assessors, is due to several factors. There was an increase of more than \$40,000 for the operation of the school department; the appropriation for charities was increased \$15,000; the regular department appropriations went up another \$15,000, and the bond payment and interest account was increased \$10,000, a total of more than \$80,000.

A year ago the tax rate was increased \$4 over the \$36 rate of the two previous years. Amounts appropriated for the two new elementary schools, salary increases for town employees and a decrease in the amount received from the state were largely responsible for the jump. This was partly offset by an increase in property taxes and in town receipts.

In arriving at the \$44 rate for the current year the assessors used the following figures in their analysis:

Receipts and available funds — State, \$216,946.02; town, \$295,000., available funds, \$44,755.83; local taxation, \$938,188.47; total, \$1,494,890.32. Last year this total was \$1,694,642.17 due to the large amount of available funds made up of \$275,000 from free cash for new schools; \$75,000 from the post-war rehabilitation fund for new schools; and \$65,000 that the 1951 town meeting voted from free cash to reduce the tax rate.

The local taxation figures this

year are: Polls, 4209 at \$2, \$8418; personal property, \$2,551,047., at \$44 per \$1000, \$112,246.07; real estate, \$18,580,100., at \$44 per \$1000, \$817,524.40., a total of \$938,188.47. Last year this total was \$852,356.68.

This year there is a decrease in personal property tax due to the action of the legislature in granting a personal property tax exemption of \$5000 instead of the \$1000 as heretofore. The valuation of personal property last year was \$2,909,977., and for 1952 it is \$2,551,047., a decrease of \$358,930. The amount of taxation on this item last year was \$116,399.08, and for this year it is \$112,246.07, a decrease of \$4,153.01.

Expenses for 1952 — Appropriations, \$1,380,223.76; state taxes, \$3,310.08; county taxes, \$83,492.72; overlay, \$27,863.76; a total of \$1,494,890.32.

The tax rate has been approved by Henry F. Long, state commissioner of taxation.

## Four Hurt, One Seriously In Crash Of Three Cars

### Blood - Typing Team Coming To Andover

A blood-typing team from the state department of public health will be in Andover July 21, 22 and 23 in cooperation with the civil defense agency, David L. Nicoll, the new director of civil defense here has announced. Sgt. Nicoll of the police department on July 1 succeeded Albert Cole Jr., as head of the agency on a part time basis when Mr. Cole returned to the fire department to assume his former duties as deputy chief.

In connection with the blood typing program there will be a number of persons canvassing the entire town signing up those who wish to have their blood typed.

The procedure takes but a few moments. One drop of blood is taken from a finger. The person will at once receive an identification card with the blood type indicated.

**Gets State Checks For \$198,353**

Two tax distribution checks amounting to \$198,353.72 have been received from the state to be credited to the town's 1952 estimated receipts.

Andover's share in the refund from the corporation tax was \$115,691.35 and in the income tax refund was \$82,662.37.

These amounts, Chairman Roy E. Hardy of the board of assessors said, were the exact figures included on the so-called "cherry sheet" estimates which the state tax commissioner sent out earlier in the year to be included in the estimated receipts used to determine the tax rate.

## Little League Game Here The Fourth

The Andover Farmers of the Little League, winners of four out of five games to date, will be at home at 2 p.m., July 4 at the playstead when they will meet the leading farm system team from Methuen. This will be the only Little League activity of the week.

At the present time Francis Bishop and Hal Wennik have some 68 boys in the local farm system playing baseball each week. James McKenzie is assisting in handling some 30 of the wee tots, aided by Tom Wallace.

There is great need for coaches to assist in this great youth movement as it is physically impossible for the present group of men to capably handle this number of boys.

Assistance from any men, young or old, interested in the sport will be appreciated. Young men who played high school or college baseball could be of great help in this endeavor. Those interested to assist in phone Mr. Bishop at And. 2066W or Mr. Wennik at And. 1461.

If parents of local youngsters want a thrill they can see these lads perform.

## JUNIOR LEAGUE

In a close game on the local playstead June 25 the Andover team in the Junior league took a 3-2 decision over the South Lawrence East team. The Andover boys scored all of their runs in the first inning and the visitors scored their pair in the fifth.

The Andover Junior Leaguers last Friday night lost to North Lawrence 6-5 in a game interrupted in the seventh inning by darkness. The North Lawrence team had one big inning in which it scored five runs, a lead which the Andover lads tried to overcome by pushing across three tallies in the fifth and another in the sixth, only to have the winners score a run in the sixth which gave them a margin of victory.

The North Andover team in the Junior League took a 7-0 victory from the local nine here Tuesday night. The Andover batsmen could collect only four hits from Ashworth while the visitors were gleaming nine from the offerings of Bob Scanlon and Bob Grudzinski. The loss dropped the local team into last place in the standing.

The road to success can't be found on any road map, and most people who have been over it will tell you that it has plenty of detours.

## Little League

### First Half Averages

First half statistics of the Andover Cardinals in the Little League show Philip Colquhoun, pitcher, leads the team in batting with an average of .500. However, hard-hitting Glen Williams, the hustling third baseman, leads the regulars with a lusty .391 followed closely by the classy fielding captain and first baseman John Giovinco with .333 and Billy Robinson with .310.

The averages, including last Friday's game are:

	ab	h	ave
Colquhoun . . .	6	3	500
Williams . . .	23	9	391
Giovinco . . .	27	9	333
Robertson . .	29	9	310
McCullom . . .	25	7	280
Leete . . . . .	34	8	235
Shaughnessy .	10	2	200
Simeone . . . .	10	2	200
Cronin . . . . .	18	3	166
Simpson . . . .	11	1	099
Richardson . .	15	1	066
Dubocq . . . .	1	0	000
Dalton . . . . .	1	0	000
Gallant . . . .	1	0	000
Team Average . . . . .			242

Pitching records: Billy McCullom 2 wins, 1 loss, 1 tied; Bobby Shaughnessy 2 wins, 1 loss; Phil Coquhoun 1 win 2 losses.

McCullom pitched 22 innings, struck out 22 and gave 5 bases on balls. Shaughnessy pitched 22 innings, struck out 25 and passed 22. Colquhoun pitched 11 innings, struck out 12 and passed 6. Dubocq pitched 7 innings, struck out 1 and passed 2.

The Andover Cardinals had one big inning at O'Sullivan park, Lawrence last Thursday night when they scored six runs and went on to defeat the Lawrence Yanks 11 to 3. Shaughnessy allowed but four hits while the local lads were touching up three opposing pitchers for eight.

The Andover Cardinals lost a 6-3 game to the North Andover Pirates here Friday night. The local boys outhit their opponents 9 to 6 but could not hold the 3-2 lead they had going into the sixth inning. The Pirates scored three times in this frame to forge ahead and although the Cardinals rallied to push over one run it was not enough to deny the North Andover club its victory. Billy McCullom pitched a good game for the home team but five errors behind him did much of the damage.

## Electrical Storm Routs Heat Wave

A severe electrical storm last Thursday night knocked out a record-breaking heat wave that had sent temperatures about town and all over New England to readings above 100 degrees.

Readings here of 102 and 104 in the shade were reported. Other readings of 94 to 98 were common. The storm broke about 8:30 p.m., and the accompanying cool winds sent the mercury skidding as much as 15 and 20 degrees.

Lightning struck the home of Arthur Solomon on Bancroft road, knocked the chimney from the roof and blew chimney plugs but did no other damage. Firemen responded to a still alarm at 8:50 p.m., but found no fire.

### Our Glorious Fourth

Tomorrow marks the 176th anniversary of the signing of the Declaration of Independence.

It was a startling document. The men who signed it faced threats of death, yet out of their courageous action a nation was born.

For years this notable event was celebrated by a thankful people mindful "that all men are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty and the pursuit of happiness."

Older residents will remember the celebrations of other years - bands, fireworks, parades, bonfires, the ringing of bells - all proclaiming the significance of that historic event and the resultant liberties so long cherished by the nation.

Those demonstrations were noisy, somewhat wasteful and often attended with injuries from exploding fireworks, but they were great expressions of the nation's joy like that of rooters at a ball game getting up on their feet and yelling when the home team scores the important runs that mean victory.

The younger generation knows little of that old-fashioned kind of celebration. Although still a day to be commemorated by Americans everywhere, Independence day has become to thousands, old and young alike, just another holiday to go racing off to pleasure resorts and pile up a list of fatalities that are a disgrace to an enlightened people.

Patriotic observances today are few. Instead of stirring addresses expounding the ideals of the nation's forefathers The Fourth now brings us warnings from police and safety officials to use great care over the holidays so that we will stop killing each other on the highways and be alive on the fifth!

Journey With Strangers, Hutchinson.

The Kolbeck family is typical of many Polish families who underwent the occupation, first Nazi, then Russian, during World War II. R. C. Hutchinson will be remembered for his unusual novels, "Fire And The Wood" and "Interim."

#### The Deceivers, Masters.

Those who thrilled to "Night-Runners Of Bengal" will want to read this new story of India, an attempt of a British civil servant to uncover cult of Kali, which practiced murder and robbery. Exciting.

#### Song In The Night, Lawrence.

Lissa Miller, having lost a son in the first World War, faces the problem of a second son wanting to marry before he goes into the service.

#### The Nine Brides And Granny Hite, Wilson.

The Hollow, going through an epidemic of love affairs, is preparing for the events with a quilting bee. Quiet, down-to-earth conversations as each girl tells how she captured her man.

#### There Was A Man In Our Town, Hicks.

Election in a small-town, as seen by Bert Shattuck, visiting his home town. Ellery Hodder, retired college professor, decides to take the small town apart and put it together according to his own theories of political enlightenment.

#### The Rebellion Of The Hanged, Traven.

Frightening, realistic portrayal of workers rising against owners and overseers in a slave-labor mahogany camp of tropical Mexico at the beginning of the Revolution.

#### Adolescence Problems, Sadler.

Dr. Sadler has written this handbook for teachers, parents and physicians from his experiences with the problems of young people. Many incidents prove that the child had a background of problem teachers, problem parents or problem homes.

#### Whalen and Grace Carney in "The Philadelphia Story," Elissa Landi here next week.

Police Chief George A. Dane and Sgt. David Nicoll get special instruction on sabotage, code writing, etc., at FBI lecture in Boston. Sgt. W. R. Hickey attended special bomb class at Harvard last week.

Looks as if town will have quietest Fourth in its history, due to war. Even Ballardvale will be without celebration.

bride of Donald Roy Cail, son of  
Mr. and Mrs. Bonard J. Cail of 84  
Lowell st., Wilmington, at a 3 o'-  
clock ceremony Saturday in the  
Free Christian church. The Rev.  
Levering Reynolds Jr. officiated.  
The altar was decorated with white  
gladioli and palms.

Escorted by her father the bride  
wore her own creation of white  
lace over satin fashioned with a  
deep round neckline, fitted bodice,  
short puff sleeves and tunic effect  
skirt of nylon net. Her fingertip  
veil of illusion was attached to a  
small hat of pleated net. She car-  
ried an arrangement of small white  
roses, stephanotis and ivy. Mrs.  
Arthur L. Hall, sister of the bride,  
was the matron of honor, and the  
bridesmaids were Mrs. David Mead  
of Eastham, Mrs. Kenneth Cail of  
Peabody, Mrs. Robert Bertwell of  
Wilmington and Mrs. Dorothy Vallin-  
cour of Portsmouth, N.H. They  
wore corresponding gowns of em-  
brodered organdy, the matron of  
honor in orchid, carrying yellow  
gladioli, the bridesmaid in yellow,  
carrying orchid gladioli. All wore  
matching tiaras in their hair.

Kenneth Cail of Peabody served  
as best man for his brother and the  
ushers were Lawrence Foster and  
Daniel Pike of Wilmington, Frank  
Muntley of Medford and Arthur L.  
Cail of Andover.

A reception at the November  
club followed the ceremony with  
guests present from Massachusetts,  
New Hampshire and Maine.

After a wedding trip through New  
England the couple will reside at  
29 Washington ave.

The bride is a graduate of Pun-  
chard high school and the Vesper  
George School of Art. She is em-  
ployed by Merrimack Mutual Fire  
Ins. Co. The bridegroom is a gradu-  
ate of Wilmington high school and the

## JOHNSON - HARDESTY

At a military ceremony in the  
McClellan Air Force base chapel  
at Sacramento, Cal., June 21 Miss  
Marilynn Hardesty, daughter of Mr.  
and Mrs. Carl O. Hardesty of Sa-  
cramento, became the bride of Lt.  
Albert R. Johnson, son of Mr. and  
Mrs. Rudolph Johnson of High  
Plain rd., West Andover.

Mrs. Thomas Ryan, sister of  
the bride, was matron of honor.  
Linda Hardesty, also a sister of  
the bride, and Colleen fiagan were  
bridesmaids.

Lt. Andrew Haggard was best  
man and officers of the air force  
acted as ushers. A reception fol-  
lowed at the McClellan Officers'  
club.

The couple will live in Sacre-  
mento after a wedding trip to  
Southern California.

The bride is a graduate of St.  
Francis High school. Her affilia-  
tions include the Gamma Delta  
club. She is a member of the Sacre-  
mento Society of Medical Assis-  
tants.

Lt. Johnson attended the local  
schools and graduated from the  
University of Massachusetts with  
a bachelor of science degree in  
dairy industry. His parents flew to  
California to attend the wedding  
and enjoy a visit there.

Andover, at a 4 o'clock ceremony  
June 21, in the Free Congrega-  
tional church. Lighted candelab-  
rum, potted palms, white snap-  
dragons and gladioli decorated the  
altar. Donald Amy presided at the  
organ.

Given in marriage by her uncle,  
George MacKenzie of Moosup,  
Conn., the bride chose a gown of  
embroidered organza over satin.  
Her fingertip veil of illusion was  
attached to a cap trimmed with  
seed pearls. She carried an ar-  
rangement of white roses, stepha-  
notis and ivy.

The bridal attendants were Miss  
Ruby Laurie of Andover, sister of  
the bride, as maid of honor, and  
Mrs. George Williams, cousin of  
the bride, and Miss Gladys Gill,  
of Andover as bridesmaids. Their  
colonial gowns with bouffant skirt,  
fitted bodice and portrait neckline  
were of silk net over taffeta in  
variegated lilac. All carried pink  
sweetheart roses, stephanotis and  
ivy and wore matching headpieces.

George Adams of Andover served  
as best man and the ushers were  
George Williams and Alexander  
Blamire Jr., of Andover

A reception in the church vestry  
followed the ceremony with guests  
present from Connecticut, Rhode  
Island, New Hampshire and Mass-  
achusetts.

Following an extended motor  
trip the couple will reside at 33  
Harold st., North Andover.

The bride is a graduate of Pun-  
chard high school and Burdett col-  
lege. She is employed as a secre-  
tary at the Merrimack Mutual In-  
surance company. The bridegroom is  
a graduate of Johnson high school  
and Burdett college. He is a veter-  
an of World War II and is co-  
owner of a filling station.

**POLICE PUT QUICK END TO FIREWORKS DISPLAY**

Several firecrackers were taken away from a group of boys Monday night by police who reported the youngsters had been shooting them off in the vicinity of the park and playstead.

The pre-Fourth of July celebration was checked and police went to the home of one of the boys where they found some fireworks that had been purchased out of state. The sale of fireworks is illegal in Massachusetts. The father of the boy promised to destroy the fireworks that were left.

**Arraign Couple On Break Charges**

John F. Hart, 35, and his wife, Mrs. Zelda O. Hart, 50, both of Methuen were arraigned in district court at Lawrence June 25 on charges growing out of an alleged attempt to take a safe containing \$1000 from the Howard Johnson restaurant on South Main street about 1:45 earlier that morning.

At the request of the defendants the case was continued until July 9. Hart was held under bonds of \$20,000 and his wife \$10,000.

Officers William Tammany and Richard Caldwell were making a routine check at the restaurant when they saw a sedan near the rear door. As they approached, they reported they saw a man run up a steep banking into woods at the rear of the building. Then they heard the auto start off and returned to the police cruiser to give chase. When they overtook the car they found it contained a woman. Other police were summoned and in a long search through the woods and with the assistance of a bloodhound from the state police barracks found Hart hiding behind some bushes.

Continuing their investigation police found a 1000-pound safe had been rolled out onto the steps of the door near where the car had been parked.

**List Precautions Against Polio.**  
Essential precautions listed in the 1952 "Polio Pledge" are, in brief, as follows:  
(1) Avoid fatigue from work or play.  
(2) Don't get chilled. Don't swim too long in cold water nor sit around in wet clothes.  
(3) Don't mix unnecessarily with new groups. Don't take children out of camp where there is good health supervision.  
(4) Watch closely for signs of illness . . . headache, fever, sore muscles, stiff neck or back, trouble in breathing or swallowing.  
(5) Put a sick person to bed at once, away from others, and call your doctor. Follow his advice.  
(6) Contact your local March of Dimes chapter for whatever assistance or financial help you may need.

**BLOOD TYPING TEAM COMING TO ANDOVER**  
(Continued from Page One)  
The team will be stationed at the Square & Compass club rooms from 2 to 5 p.m., and 6 to 9 p.m., for the three days.  
As the team can do only 11 people at a time it will be necessary to assign about 15 people for every 15 minutes. This will be arranged after the canvassers secure the names of persons wishing to have their blood typed.  
This program is being done as a civil defense measure.

junior class in a senior high school, between the ages of 15 and 18, in the upper third of their class scholastically, and possess definite qualifications of character and leadership.  
The local boys who participated in this annual event have written the following letters to The Townsman:

**Erler's Letter**  
Dear Sir:  
I would like to inform you that I am a representative to Boy's State. The American Legion is directly responsible for sending me but the Andover Service club is paying my expenses.  
I am having a wonderful time. The program is never dull and it allows little time to loaf.  
This is a marvelous idea. I hope that you will extend my thanks to the citizens of Andover, the Andover Service club and the American Legion.

Thankfully yours,  
Robert Erler

**Wilkinson's Letter**  
Dear Sirs:  
Through the courtesy of the American Legion is has been my pleasure to come here to the University of Massachusetts for ten days.  
Being a participant in this program is an opportunity that I wouldn't have missed for anything. The program of good government that we follow has given me an excellent example of how our government here in Massachusetts is run. Surprisingly enough good government is not the only kind of government we have here at Amherst. Many kinds of deals for swaying the votes in the primaries and the main election were thought up by some of the clever, young and future politicians, who thought they could sway the elections. Despite their efforts they could not change the mind of the majority; and the Legionnaires and councilors did a good job in leading them off this wrong path, and advised everyone of the possibility of crooked politics. These examples of bad politics showed many of us just how our national government has been corrupted in many ways.  
Besides examples of all kinds of government we are able to pick up other valuable bits of information that will help us in our college life, and the choosing of a career in future years.  
I consider it a great honor to be able to represent the Legion in Andover at Boy's State this year. Not many other organizations that I know give the young people of the town such a good chance to have a preview of how things have been and will be run in this great nation of ours.

Sincerely,  
David Wilkinson

**Vermont's Scenic Wonders**  
EVERY summer the farmers in a certain section of Vermont would have as many "paying guests" as they could handle. It was a good business for the farmers, but it greatly puzzled one of them.  
One day, after the work was done, when he was sitting on the porch with a visitor, the puzzled farmer asked, "Why do you people come up here every year? Nothin' here that I can see."  
"Why, the scenery, man. It's glorious!"  
The farmer looked around. "Huh," he said. "Tain't so hot. Take away the mountains and the lake and what have you got?"

**FOUR HURT IN AUTO ACCIDENT**

(Continued from Page One)  
ken left leg below the knee, a fractured right ankle and two broken ribs.  
William R. Gilmore, 53, of 83 Fellsme rd., Malden, operator of the car in which Miss Lee was a passenger, was shaken up and after going to the hospital for a check-up was released.  
The accident happened about 10:40 p.m., and was investigated by Officers Calvin Deyermond and Warren Maddox.  
They report that the condition of Rollins has been such that they were unable to question him about it.  
However, they report that Miss McManus told them Rollins was operating north on Main street and she was going south. As she approached the junction she noticed a fork in the road and stopped. As she did, Gilman, who was operating behind her, also came to a stop.  
At the same time she noticed a car coming toward her. At this point there is a curve in Main street caused by a grass plot upon which electric cars operated some years ago, jutting into the roadway.

Miss McManus said she saw this machine approaching as her car was stopped and thought it was going to turn westerly into School street, but instead came straight ahead. She said she braced herself for the impact and at the collision her car was pushed into the car behind her.  
The accident is still under investigation.

## Engagement

**Winter - Cronin**  
Mr. and Mrs. John E. Cronin of 8 Summer st. announce the engagement of their daughter, Elizabeth Jane, to Norman M. Winter, son of Mr. and Mrs. John G. Winter, of Lake Katonah, N.Y.  
Miss Cronin received her associate commercial science degree from Boston university, and is now a student nurse at the Faulkner hospital.  
Mr. Winter, a graduate of Bowdoin college, and a member of Delta Upsilon fraternity, will be commissioned in the United States air force, next month.

An August wedding is planned.

**CONDUCTED PANEL**  
Supt. Kenneth L. Sherman of the local public schools was chairman of the panel on "The contribution of the dental hygienist to the school health educational program" which was held last week as part of the workshop in school health education for public health dental hygienists at Boston, under sponsorship of the Massachusetts department of public health.

It would have been expensive even in the good old days to live as well as American's like to live today.

## Wedding...

### MONROE - DARBY

At a 3 o'clock ceremony June 28 in St. Augustine's church, Miss Mary Agnes Darby, daughter of John T. Darby, 19 Washington ave., became the bride of Rev. Allen Monroe, 16 Dane st., Beverly, son of Mr. and Mrs. Frank Monroe of 12 Ferry st., Lawrence. The Rev. Henry B. Smith, O.S.A., officiated amid a setting of white gladioli. John Naroian and Miss Monica Murphy of Lawrence were the soloists, with Miss Mary Lagan at the organ.

Given in marriage by her father the bride chose a gown of sheer white marquisette made with Peter Pan neckline and inserts of Chantilly lace on bodice and bouffant skirt. Her full length cathedral train was bordered in rows of matching lace. A satin bonnet held her satin edged, fingertip veil of imported illusion and she carried white orchids with streamers of stephanotis.

Mrs. Edward T. Sullivan of North Andover as matron of honor for her sister wore an orchid lace gown fashioned with a bolero and nylon bouffant skirt over tulle. She wore matching headband and nylon mitts and carried pink gladioli centered with an orchid. The bridesmaids, Miss Barbara Moore of Salem, N.H., and Miss Jean Monsour of Manchester, N.H., both nieces of the bridegroom, wore similar gowns in yellow and carried lavender gladioli and asters.

George Raynes of Salem was best man and the ushers were Thomas M. Darby, brother of the bride and Kenneth Monroe of Lawrence, brother of the bridegroom.

A reception at the North Andover country club followed the ceremony with guests present from Beverly, Lynn, Salem, Manchester, N.H., and Detroit, Mich.

Following a wedding trip to New Found lake, N.H., the couple will reside at 19 Washington ave.

Both the bride and the bridegroom are graduates of the Beverly School of the Deaf, Beverly, Mass.

In the club a group of men were sitting, one of them an actor who had recently scored a great success. He had knocked around the stage for years and years without getting anywhere when the big break finally arrived. And, as a result, his head had grown to abnormal proportions.

"I'm terrific," he assured them seriously. "The entire nation is conscious of me now. Why, a tobacco concern had me down this afternoon and named a cigar after me."

"Wonderful!" yawned one of the group. "And for their sake, I certainly hope it will draw better than you did for some years!"

## New Playground Area Considered

The selectmen Monday night conferred with Gordon L. Colquhoun, chairman of the school committee, Atty. Walter C. Thompson, chairman of the planning board, and a delegation from the Andover Recreation committee regarding the use of the newly acquired tract of land, formerly the Basso estate, adjacent to the playstead.

It is expected that this area will be used as additional playground space for children, but no definite plans for its development were announced.

The utility companies were granted a joint location for one pole on North Main street near Poor street.

## Do Not Go Under Under Oak Tree In Thunderstorm

An oak is the most dangerous tree to stand under during a thunder storm.

An elm is next. Other trees most susceptible to be hit by lightning are pines, ashes, poplars and maples in that order, reports George M. Coddling, vice president of the Bartlett Tree Expert Co.

No tree is immune to lightning injury, but somehow the beech is safest of all.

The best shelter during an electric storm is in an auto or inside a building. Keep away from tall trees, beaches, exposed hilltops and wire fences.

The taller a tree the more likely it is to become a lightning target. Deep rooted trees are apt to be hit with more frequency than shallow

rooted ones.

Even standing near a 75 to 100-foot tree during a thunderstorm can be unsafe. Lightning may jump from the tree to your body. It may enter your body after striking the ground. Or it may cause the tree to explode and flying fragments would cause injury.

Tall trees, like the Empire State Building, sometimes can be hit by lightning without a thunderclap. What happens is this: During a storm a negative electrical charge builds up in the sky and the winds sweep it along. An equal but positive charge is building up in the earth and races along the ground beneath the clouds. Normally, the charge in the clouds is attracted to the one beneath. Suddenly the two meet in a blinding flash. The bolt travels down and it always thunders.

Sometimes, however, the negative charge on the ground builds up at needle-like points — such as tall trees and buildings. Then when the electrical field in the clouds comes along, the charge in the earth shoots up in the sky. No thunder results.

Lightning usually strikes twice in the same spot within a few millionths of a second. And one lightning observer discovered that lightning struck 40 times in the same spot over a period of years.

Trees can be turned into giant lightning rods, protecting the tree and surrounding area. A loosely woven copper conductor is extended from the treetop down the forks along the trunk and grounded deep in the soil beyond the branch spread. Lightning striking such a tree is carried harmlessly into the ground.

### KNOWLEDGE OF WOOD IMPORTANT TO YOU

You may have the finest set of tools that your hardware dealer has to offer, but unless you know what wood to use and where and when to use it you still can do a poor job on any given piece of work you might attempt.

If you need a tough wood that will withstand all kinds of strains and shocks, like a mallet head would get, you will find cocobolo the best, with curly maple its near-equal.

If you're seeking an attractive combination of wood for inlaying or built-up turning work, walnut or mahogany and holly or maple will furnish a fine contrasty appearance.

When making a piece that will be held together with nails or screws, remember that beech, oak, mahogany and yellow pine have the greatest tendencies to split when screws and nails are driven into them.

Love, says a columnist, is the thing that makes a woman make a man make a fool out of himself.

## Police Take Rifles From Teen - Agers

"There are too many parents buying rifles for their boys," said Police Chief George A. Dane in discussing recent cases in which the police have taken 22 calibre rifles away from several teen-agers.

"Parents do not seem to know how dangerous they are. These 22 calibre bullets have been 'stepped up' for police target work. They will kill at half a mile when shot from a rifle and will go through a six-inch oak plank when shot from a revolver."

The chief told of a recent case where two boys, 12 and 14, were shooting holes in a boat on Haggets pond. Police took the rifles away from the boys and returned them to the mother who had to call at the police station for them. The chief warned her that if the rifles again came into possession of the police they would be destroyed.

Regarding the pair who were shooting holes in a boat at Haggets pond the chief said they were aiming just at the waterline and remarked that if one of those bullets recocheted it might kill someone half a mile away.
