Hardy To Retire As Selectman And Assessor

There were some odd-looking characters prowling the streets last Saturday night as the children of the town turned out for their Hallowe'en fun, and here is one group of them as they got ready to line up for the parade. (Look Photo)

New Lights To Be Put On Main St.

A vast improvement in the lighting of Main street with mercury vapor lights from Phillips academy to the Lawrence line will soon be made.

Work on this project will be under way very shortly and it is expected that it will be finished in about 30 days if all supplies are available.

This much needed improvement in several sections of Main street is the result of a study made by the lighting committee of the board of public works and the engineers of the Lawrence Electric company.

The overall plan includes the replacing of all old-type electric lights having a total of 126,000 lumens with mercury vapor lights having a total of 510,000 lumens. The added cost of this improvement would be \$724 annually.

The proposed improvement includes the following sections of Main street: Punchard avenue to Wheeler street; Pearson street to Shawsheen river; Shawsheen river to Balmoral street; Shawsheen square to Union street; and Union street to Lawrence line.

According to the present plan it is proposed to use the existing poles for the new lights instead of erecting new standards, with few exceptions. This is one feature of the plan which will keep the cost

State Pays Share Of School Costs

The first two payments from the state's school building assistance commission on the construction of the Central elementary and the West Center elementary schools have been received by Town Treasurer Thaxter Eaton.

In each case two payments were received, one that was due May 1, 1952 and the other due May 1, 1953. For the Central school each annual payment was \$12,043.05, making a total of \$24,086.10, and for the West Center each payment was \$6,255.94, a total of \$12,511.88. Similar payments will be received annually for 15 years, the term of the school bonds.

This money is the school construction grant under the provisions of Chap. 645, Acts of 1948, as amended. For the Central school the total is \$180,645.72 and for the West Center \$93,839.70. These figures are based upon the approved cost of the buildings. For the former it was \$775,303.53 and the latter \$402,743.22.

Schools To Get Lamp To Detect Ringworm Cases

A group of parents including some whose children have ringworm met with the school committee Tuesday night to discuss the situation.

As a result the school department will purchase a Wood lamp to be used in all the schools as a method to detect the disease.

Prior to meeting with the parents the school committee met in regular session and with Dr. John J. McArdle Jr., and Miss Ruth Wescott, the school nurse, considered the 11 cases found in the public schools.

Dr. McArdle reviewed what had been done to combat the disease since it was discovered shortly

Chest Fund \$9334 At Half-Way Mark

With the Greater Lawrence Community Chest campaign at the half-way mark Andover's collections reported at the dinner held Monday night at the Lawrence YWCA was \$9,334, or 39 percent of the town's quota of \$24,053.

This sum was reported by Eugene A. Bernardin Jr., Andover chairman of the group of volunteer workers who are canvassing the town in behalf of the 14 Red Feather agencies participating in the campaign.

A breakdown of the sum raised to date is as follows: Special gifts, \$4585; small stores, \$34; residential, \$1037.40; schools, \$2774.50; clubs, \$10.

It is expected that at the Victory dinner to be held Monday, Nov. 9 the town will respond with its full quota.

Will Not Run For Office Next March

"I will not be a candidate for any elective office at the town election in March, 1954," Roy E. Hardy, chairman of the board of selectmen and of the board of assessors announced to The Townsman.

This announcement of his withdrawal from the elective offices which he has held in the town for the past 18 years will come as a great surprise to his friends and to the townspeople who have met him in an official capacity as a selectman and assessor.

First elected to office in March 1936 he has been re-elected every third year and has been chairman of the boards since 1941.

Coming at this time, about four months before the next election, the announcement is expected to be the signal for several candidates to throw their hats into the ring for election next March.

A native and life-long resident of Andover Mr. Hardy was graduated from Punchard high school, Phillips academy, and in 1914 from

Many In Costume For Hallowe'en

The All Hallow's eve outpouring of ghosts and goblins and all the strange creatures that romp the streets on that occasion was a gay and happy one for the youngsters of the town.

Highlighted by a big parade in downtown streets early Saturday evening four community parties sponsored by the Andover Recreation committee provided entertainment and refreshments for the larger number of young people and with these parties well attended by hundreds of merrymakers the mischief of other years was practically nil.

Police said that one or two signs had been removed from houses but no property damage reported. There was one false alarm. It was sounded at 9:50 p.m. from Box 58 at Essex and Brook streets by two young lads, one nine, the other 12. Shortly afterward the father of one of the boys marched the pair of them before fire and police officials.

Romeo Credits Hotel's Staff For Good Name

What gives a hotel a good name? "A staff of well-trained, loyal employees," answers Edward Romeo, manager of Andover Inn, which is open to the public as well as patrons of Phillips academy.

Ed Romeo can take a bow for having one of the best employment records in the business. Of his 34 regulars nearly half have been with the Andover Inn for five years or more. The average tenure of these employees is nine years of continuous service.

Elizabeth Hurley, the head waitress, has been at the Inn for 14 years and two of her staff, Ruth Spence and Sara Young, have 13 years seniority with this Treadway Inn. The Andover Inn joined the Treadway group of 15 country inns in New England, New York State and Florida, in 1940.

Ed Romeo has been its manager since 1946 and has been working for the Treadways since 1935. In addition he has served his country as a Navy lieutenant during World War II and the Korean War.

One of the Inn's crowning features is its lovely gardens, blooming from April to November, and its spacious shaded lawns.

Woman's Club Meets

The Shawsheen Village Woman's club met Monday evening in the school hall with Mrs. G. Edgar Best, presiding. During the business session Mrs. William Thompson, ways and means chairman, announced that her committee has planned a dessert bridge and fur fashion show to be held at the Andover Country club at 2 p.m. Monday, Nov. 16. Tickets may be obtained from any member of the committee. Place mats for the Federation project of "Trees for Worcester" will be on sale at this time.

Mrs. Frank McArdle, music chairman, presented Miss Mildred Moore, concert pianist, who entertained with three selections which will be included in her forthcoming New York concert.

The speaker of the evening, Mrs. Frank Mansfield Taylor, was introduced by the program chairman, Mrs. Wallace Fiedler. Mrs. Taylor took as her subject "This Changing World". She said that any war, any where in the world has now come to be our war, and thus our world has changed in a

20 year period. We now have to maintain two positions, namely: to prepare for war and to fight for peace.

Refreshments were served at the close of the program by Mrs. Richard Himmer and Mrs. Frank Stevenson and their committee of hostesses with Mrs. Walter Wilson Sr., presiding at the coffee urn.

Hallowe'en Party

Sees Red Sox As Contenders Next Season

A large gathering of members and guests of the Andover Service club attended last Thursday night's meeting at the Andover Inn when Jack Onslow of Acton, long connected with major league baseball, was the guest speaker.

A former major league manager and now scout for the Boston Red Sox, Onslow related many incidents in connection with leading figures in the national pastime and described some of the maneuvers of managers during the course of a game.

Of interest to Red Sox fans was his prediction that the Boston club next season with Williams back and the younger players profiting by their experience would be "dangerous."

He based this opinion on Williams' bat being in there for a whole season; the batting improvement of Pearsall; the return of Sullivan, a catcher the equal of Sammy White; and the return of Kiley, a pitcher, from service. He also expected to see Agganis giving Gernert a battle for first base; Kell playing the most of the season; Bolling regularly at short; and he also sees great promise in Olson.

Onslow also saw the possibilities of winter trades as the Sox needed pitching and needed a long-ball hitter to follow Williams so that rival pitchers would not be passing Williams.

President Irving J. Whitcomb presided at the meeting and the Rev. Frederick B. Noss of the South church offered prayer. The free dinner was won by George R. Abbott.

A new feature in the drawing for the free dinner was announced by the secretary, James R. Mosher who said that instead of being done by attendance cards it would be done in the future by the return postal cards which members send in to show whether or not they will attend the meeting.

Frank L. Brigham, manager of the Andover Junior League team sponsored by the club, presented Coach Hal Wennik and Asst. Coach Max Bishop with table radios in behalf of the club. Pres. Whitcomb then presented Mr. Brigham with a silver belt buckle suitably inscribed.

In his closing remarks Mr. Onslow praised the club for its interest in the Junior League and the fine thing it is doing to develop baseball talent as well as being a preventive of juvenile delinquency.

John O'Connor, executive secretary of the Casualty Insurance Co., will be the speaker at the next meeting, Thursday, Nov. 12. A former feature writer of the Boston Herald he has held his present position for several years and will have an interesting story to tell about the current automobile rates.

PRISCILLA ABBOT CHAPTER TO MEET NEXT TUESDAY

The next meeting of Priscilla Abbot chapter, N.S.D.A.R., will be held at 2:30 p.m., Tuesday, Nov. 10 at the home of Mrs. John Murray, 27 Summer st. Speaker for the afternoon will be Miss Fannie Davis whose subject will be "Old Glass."

Hostesses for this meeting include Mrs. Murray, Mrs. Fred P. Berry, Mrs. Horace Bodwell and Mrs. Thomas Dea.

AWARDED SCHOLARSHIP

Miss Susan Carver, daughter of Mr. and Mrs. John H. Carver, 24 Chandler rd., was awarded the Phillips scholarship at Simmons college signifying outstanding ability.

Local Man Sails On World Cruise

An Andover man, Thomas H. Eaton III, son of Mr. and Mrs. James H. Eaton of Cabot rd., is first mate aboard the 96-foot brigantine "Yankee" which sailed Sunday from Gloucester for an 18-month round-the-world cruise.

At the wheel of the brigantine was Capt. Irving M. Johnson, who with his wife and two sons are making their sixth round-the-world voyage.

For a crew Capt. Johnson has four young ladies from 19 to 25 and 12 young men, the youngest 17, all amateurs, who will take turns at the different jobs in running the "Yankee" during the cruise.

First Mate Eaton has sailed before but not on a square rigger. "I was half way through law school," he said, "when the Dean and I

agreed that I would make a better sailor than a lawyer. I think this is the life."

Capt. Johnson will go through the Panama Canal making stops at the Galapagos Islands, Pitcairne Island, Tahiti, Hawaii, Samoa and Hebrides and Solomon Islands, New Guinea, Borneo, Siam, Singapore, Java, along the east coast of Africa, then around the Cape of Good Hope, spending some time at Capetown, then the West Indies, Bermuda and back to Gloucester.

Crew members paid \$4670 each for expenses for the trip which is due to end in Gloucester May 1, 1955.

Don't worry about the next generation being soft—look at the tremendous debt they will have to pay off.

Howe Heads Local Business Chapter

Guy B. Howe Jr., treasurer of the Howe Heating corporation, has been appointed chairman of the local chapter of the National Federation of Independent Business, Philip A. Hyde, district manager announced today.

Mr. Howe's duty will be to assemble ballots voted by local members and send them to the Hon. Edith Nourse Rogers in Washing-

ton, thus giving her a cross section of local opinion on various legislative issues as they arrive.

The federation chapter in Andover is one of thousands representing independent business and professional men all over the nation. These groups make the federation the largest of its kind in the United States.

Fined For Failing To Give Hand Signal

A fine of \$5 was imposed on W. Fred C. Zealor of Salem when he pleaded guilty in District court at Lawrence Tuesday on a charge of failing to give a hand signal for a left turn, to which he pleaded guilty.

The offense, according to the testimony occurred on Lowell st. Andover, about 11:30 p.m. Oct. 11 near Canterbury st. Officer Robert V. Deyermont told the court he investigated the accident. He said when he arrived at the scene the ambulance was there and a motorcyclist was being removed to the hospital.

He said Zealor told him he was operating easterly and decided to turn around and go back to Lowell. He swung into a driveway and as he was across the road the motorcycle struck the automobile. The defendant agreed he did not give a hand signal nor did he use directional lights.

Officer William Stewart who assisted ambulance attendants identified the motorcyclist as Herbert Nightingale, 21, 4 Allen st. Andover, who suffered seven fractures when he was thrown over the top of Zealor's car.

The defendant told Judge Duro he had looked in his rear view mirror and did not see anyone approaching and therefore had failed to provide a hand or mechanical signal.

Junior High Elections

On Friday, the candidates for officers of the Junior High will deliver their campaign speeches to a school assembly held in the gymnasium.

The nominees for president are Raymond Paulino, vice president, Charles Dalton, secretary, Agnes Daley, treasurer, Philip Colquhoun, and Fred David Simpson. The election will be held Monday.

Art

Miss Frances Dalton, art teacher at Punchard attended the annual art show last Saturday in Boston. She has been asked to be a member of the scholastic advisory board which sponsors the Massachusetts Scholastic Art Awards contest.

In connection with National Art Week, pictures made by the high school are being exhibited at the Goldsmith Library at the University of Massachusetts.

Student Council

G. Arthur Danforth and members of the student council will attend the Eastern Massachusetts convention in Belmont Nov. 10.

Essay Contest

Many members of the class are planning to take part in the "America's Best Essay" contest sponsored by the Legion. Prizes will be awarded in the fields of endeavor: short plays, poetry and art.

Notes

Last Friday at assembly the junior high school enjoyed a special program entitled "A Is For Atom". On Tuesday, Charles Dalton, director of admissions at the college in Boston spoke at the assembly. His topic was "Success Careers."

Students interested in college have been invited to an open house program on Friday, Nov. 10. The invitation includes a ticket to the Vermont State university football game on Saturday, Nov. 4. C. James Colville, director of admissions at the college will be in the gymnasium to interview prospective students.

Phillips academy broke the six-game undefeated streak of the Massachusetts Maritime academy at Brothers Field Saturday by scoring touchdowns in the first and fourth periods to win by a 14-6 tally.

The Blue started moving the ball after taking the opening kickoff, and marched to the Mariners six only to lose the ball by an interception. Andover quickly recovered by intercepting a pass on the visitor's 18 and a few plays later scored on a 13-yard pass from Dick Starratt to Pete Jenkins. Don Flynn put the Mariners in the game in the second by scoring on a 30-yard romp.

Hort Smith added seven more points to the Blue score in the fourth when he went off-tackle for 24 yards to score and then kicked the extra point.

NEW BOOKS

Shakespearian Studies and Other Essays, Iuhner.

Dr. Max Huhner, a physician, scientist and Shakespearian scholar, was recognized as an exciting contributor to the studies of the bard and his work. This collection of his papers makes exciting reading!

Practical Book Of Oriental Rugs, Lewis.

If a person is planning to invest in Oriental rugs it is highly important that this book should be among those he reads before he makes his purchase. This is a completely rewritten edition of an earlier book, long a classic in its field, which tells how to identify orientals, what to buy, how to estimate cost, how to treat and care for them.

How To Become A Better Reader, Witty.

Even the best of readers could find some help in this book which shows how to improve one's reading ability and how to enjoy the process of improving!

Economic Controls and Defense, Wallace.

This book would help the business executive or government administrator to act quickly in the event of sudden changes in the international situation. It describes the possibilities and the dangers of government controls in various degrees from mandatory orders to incentives, and discusses production programming and controls over materials, manpower, wages, prices and rationing.

Your Child Is An Artist, Zaidenberg.

Arthur Zaidenberg has studied here, at the Beaux Arts in Paris, in Munich and Rome. He has taught at museums, schools and New York university. He explains how natural talent shows in work done in kindergarten and primary school, and is often lost through unfortunate instruction. Over a hundred reproductions of child art, several in color.

Mysteries: The Man In The Queue, Tey; Spinsters In Jeopardy, Marsh; Beggar's Choice, Branson.

Fiction of interest to women readers: The Heart Of The Family, Goudge; Father, Dear Father,

Bemelmans; The Story Of Esther Costello, Monsarrat; The Flower Of May, O'Brien; Silky, Coatsworth; The Crest Of The Broken Wave, Barke; A Fair Wind Home, Moore.

Fiction for men readers: Adobe Walls, Burnett; Two Came By Sea, Stone; Cry Viva! Hopson; The Gladiator, Williamson; Gold Mountain, Paul; Hornblower And The Atropos, Forester.

May Have Choice Of Print Display

Those who wish to cast a ballot for the prints which shall be added to the Memorial library's collection are advised to visit the library before the end of the week to see the entire collection from which the selection is to be made.

There are several families which have made constant use of the framed prints in their homes since the idea went into effect. At this point it is difficult to name those which have proven most popular. There has been no reserve list for the prints and those who borrow must take a chance on finding the favorite in. A variety of subjects are represented in the group now on display - portraits, scenes, historical subjects by Dutch, French, Spanish and English painters.

Anyone interested is asked to pick up a ballot sheet at the desk and select at least 10, numbered in the order of choice. The results of the voting will be published as soon as possible.

See, hear and play the latest models now on display in our store. They are moderately priced and fully guaranteed.

Honors For The Chief

The qualifications which the new chief of Andover's police department possess for the rank he now holds were fully discussed here a short time ago and it is gratifying to note that they were further acclaimed by various officials at the recent testimonial in his honor.

That David L. Nicoll was lauded for his high qualities of leadership, his integrity and efficiency, and approved as a worthy successor of another honest and able official, the late Chief George A. Dane are deserved tributes which voice the sentiments of those who know him.

His many attainments, emphasized by the exceptional mark of 99.84 received in the civil service examination for the office, make an outstanding record so aptly referred to in the telegram from Leo F. Daley as "Massachusetts' only Phi Beta Kappa police chief."

Chief Nicoll is aware of the responsibility placed upon him in his recent promotion and residents of the town may be assured he will continue to maintain the high standard of uncompromising law enforcement for which Andover is noted.

Moving The Mail

Claims are being made that the Post Office department could economize by moving all long-haul first class mail by air. In the light of that, it's interesting to analyze the department's own cost ascertainment report for the last fiscal year.

It shows that the railroads and other surface carriers moved 17,500,000,000 pieces of non-local first class mail for which they received an average of one ninth of one cent for transporting each piece. The airlines carried about 1,333,000,000 pieces of air mail for which they received an average of some two and two thirds cents per piece — more than 20 times as much as the railroads.

The railroads also rent to the department space and facilities for distributing mail en route, a service not provided by airlines. When the money paid the railroads for these facilities is considered, their revenues came to one fourth of one cent per piece — less than one tenth as much as was paid air carriers for transportation only.

On a ton-mile basis, railroads and other surface carriers (the railroads providing approximately 90 per cent of the service) received an average of a little more than 16 cents for moving one ton of first class mail one mile. The airline's average was \$1.33 per ton-mile. And, according to the department's estimates, 68.8 cents of this was paid for transportation service and the balance was a direct subsidy to airlines.

Taking everything into account, no other form of transportation can approach the efficiency and economy of the railroads for moving the great bulk of our mail.

OUTLAW CELLS by Science Features

In the nine months before a child is born it grows from a single cell to a fully-formed human whose body consists of some 200 billion cells. This growth by cell division continues until maturity, when natural "brakes" are applied and the cells stop dividing except to keep the body in good repair.

Sometimes, however, certain cells become "outlaws" and continue to divide, growing into clumps that harm the body. The result is cancer. How it develops, why it develops, and how it can be treated constitute one of the most challenging fields of medical research.

The traditional treatment for cancer consisted either of surgical removal of the tumor or its bombardment with X-rays or atomic radiation, but scientists attending a meeting in New Orleans recently heard a report that female breast cancer can be treated with a type of male hormone called Neodrol.

According to the report, 42 cases of breast cancer were treated with the hormone with relief of symptoms noted in 87 per cent of the patients. These results lend new support to the theory that the malignancy of cancer cells may depend to some degree on the action of hormones secreted by endocrine glands.

Wins Engineering Honor At Yale

Elliott S. Lamb, son of Mr. and Mrs. Claude M. Lamb, 21 Foster circle, a member of the Yale university Class of 1954 has been elected to Tau Beta Pi, national engineering honor society.

Tau Beta Pi, engineering equivalent of Phi Beta Kappa, was founded in 1885 and has undergraduate chapters in 92 engineering colleges. Twenty-six alumni chapters bring its membership up to 78,000. The men elected from the top 20 percent of their class are chosen on the basis of character and service to the school as well as scholarship.

Lamb is a member of the Yale chapter of the American Institute of Electrical Engineers. He is also an air force ROTC student at Yale.

OPEN HOUSE AT LIBRARY

All library users and any others who wish to attend are reminded to keep open Sunday afternoon, Nov. 22, for the library's annual open house. This year Book week precedes open house, but the books will be on the tables for the Sunday meeting, and reserves may still be made. The guest speaker will address the group at four, and light refreshments will be served. Doors will open at 3:30 o'clock.

Down the Years with The Townsman

50 Years Ago — November 1903

Andover cast 886 votes in the state election Tuesday. Locally Bates (R) for governor got 512 votes and Gaston (D) 276. John N. Cole was re-elected representative without opposition. In the contest for senator from the 5th Essex District Foss (R) was endorsed by the towns but suffered a crushing vote in Lawrence, due to Mr. Flynn's (D) popularity. The latter's overall majority was 981.

A grand dance and prize cake walk will be held Nov. 14. Competent judges will award the prize for the cake walk.

The Andover roller polo team won its first game of the season Monday defeating the Emeralds of Lawrence 4-3.

It will please the patrons of the B & M to learn that the ticket office will remain open until after the departure of the midnight train. This will be a great convenience for many persons who wait for friends, as formerly they had to wait outside in all kinds of weather.

The selectmen met Monday night but no business of importance was transacted.

A false alarm was pulled from Box 44 on School street at 9:15 p.m., Saturday. The department did not respond as it has orders to respond only to second alarms from that box.

Andover council, 65, Royal Arcanum, observed ladies' night with a large attendance in its hall in the Fraternal building.

The gentlemen in charge of the gentlemen's fancy table at the Grange fair requests friends to donate something for the table.

In a letter to the editor a reader says: "There may be exceptions but the majority of our high school graduates cannot write a letter".

The big elm tree which has been a landmark for many years in West Parish has been pronounced unsafe and is being cut down today. It stood in front of the old Boynton place.

25 Years Ago — November 1928

The electorate of the nation will go to the polls Tuesday to register its choice for president in the bitterest contest since the Civil War. Shall it be Democratic Smith, fighting reformer, or Republican Hoover, brilliant conservative. Andover has 2478 male and 2597 female voters registered.

The Shawsheen Lawn Bowling club closed its season with a banquet and frolic in the Fraternal

building. Pres. John Green presented James Skea and Mary C. Edmands, winners of the doubles championship, with the trophies.

Yale Fresh, with three former Andover luminaries in the line, defeated Phillips academy 15-0 Brothers Field Saturday.

Punchard lost 7-0 to Gloucester at the latter's field Saturday.

Edward W. Burt of Lowell is a charter member of the Andover Grange, missed his first meeting 39 years last week, due to illness. After 23 straight victories since the start of the 1924 season the P.A. soccer team meet defeat its 24th game, losing to Dan Textile school. The team has been coached since 1911 by James Riley.

The BPW has purchased a sewing machine. During the winter will be kept on Combination 3. The machine can thaw out a hydrant in from 10 to 15 seconds.

The biggest Democratic rally in the history of the town was held Monday night with a big auto parade and program of speakers that crowded the town hall.

Men of Ballardvale interested in raising a fund through dances and whist parties to finance a Fourth of July celebration next year will meet Wednesday night at the fire house to make plans for the winter activities.

10 Years Ago — November 1943

A stubborn fire which gave the men a 4½-hour battle caused damage estimated at \$10,000 early this morning in the Burns Clothing store, the Andover Lunch and the K. of C. quarters on an upper floor. The blaze was discovered by Sgt. W. R. Hickey and Officer Carl Stevens.

A plan to pay school teachers on a 52-week instead of a 38-week basis is being considered. Teachers would receive the same annual salaries as before but under the new plan would be paid every week of the year instead of at the months when school is in session.

Hallowe'en was celebrated more tamer than in other years.

The Shawsheen school has been awarded the Minute Man flag to the treasury department for a large sale of war bonds and stamps.

Registration of ration books reached the high figure of 11,044 according to the report of Superintendent Edward I. Erickson, director of the operation.

ELECT MISS ENGLE SCHOOL SECRETARY

(Continued from Page One)

A. Doherty seconded by Mrs. Dorothy A. Partridge it was voted to approve the recommendation and fix the salary at \$50 a week.

All members were present and Chairman Gordon L. Colquhoun presided.

The request of Jeanne T. Danforth of the commercial department for a leave of absence from January to June in 1954 was granted.

It was voted to elect Mrs. Geraldine Fera, 177 Garden st., Lawrence, to the commercial department from January to June next year at a salary rate of \$2800 annually. Mrs. Fera is presently employed by the Andover National bank.

The resignation of William G. McDermott as part time janitor of the Bradlee school was read. On motion of Miss Anna M. Greeley seconded by Mrs. Partridge it was voted to accept it with regret. Mr. McDermott has accepted a position as custodian at the local post office.

On recommendation of Headmaster March of the high schools it was voted to award a diploma to Joseph C. Ryball, a veteran.

Mrs. Dorothy F. Sanborn, supervisor of art, recommended an in-service art work shop for elementary grade teachers. On motion of C. Carleton Kimball seconded by Mrs. Partridge the board granted her permission to hold such a shop for three days in January.

On motion of Miss Greeley seconded by Mr. Kimball it was voted that the policy of the board for a substitute's salary would be \$9 per day for the first four weeks and thereafter at the rate of \$2650 a year.

ABILITY TO STICK

A man's worth is determined only by his ability to stick at his chosen work until he gets there.

PLANE FACTS

Lubricating systems, bearings and trouble-free accessories on modern aircraft must be able to operate eight to ten times as long without inspection as their World War II counterparts.

During the first months of 1953, pilots of the Civil Air Patrol—unpaid volunteer auxiliary of the Air Force—flew an average of 78 per cent of the total hours and sorties flown on aerial searches for downed aircraft in the continental limits of the United States.

A rocket-powered research plane recently set an unofficial altitude record by flying to 83,235 feet—well over 15½ miles above sea level!

One of every four employees at a typical airframe plant is a woman. During World War II, more than half of all employees at this plant were women.

A California game warden used a plane to stock 2,864,000 fish in 662 lakes last summer. Use of a plane cut costs by over \$52,000—and took only 105 hours as contrasted with all summer when he used older methods.

NEW LIGHTS TO BE PUT ON MAIN STREET

(Continued from Page One)

of the improvement at a comparatively low figure.

It is expected that the present overhead system would be used from Punchard avenue to Wheeler street; and from Pearson street to the Shawsheen river. From the Shawsheen river to Balmoral street it is recommended that poles be placed on the east side of the street where they will be less conspicuous with the background of trees. If permission is not granted to install poles in this section it will be necessary to replace the existing standards with 12 new underground distributing units at a much higher cost. A public hearing on this proposal will be held before work is started in this section.

From Shawsheen square to Union street some underground construction would be required toward the square. Overhead construction is planned for the remaining part of this section, and for the last section, Union street to the Lawrence line.

At present the lighting in these

sections is done at a cost of \$2506 annually. The proposed improvement with a lumen output of 510,000 compared with the present illumination of 126,500 will cost \$3230, a difference of \$724 more each year.

Musical Memorial For Armistice Day

In keeping with the reverence of Armistice day the carillons and chimes in the steeple of the Baptist church will be played for half an hour beginning at 10:45 a.m.

The first part of the selections will be well known and appropriate hymns. From 11 to 11:05 o'clock there will be five minutes of silence in memory of the departed ones who gave their lives for their country. Residents of the town are requested to observe this five minutes of silent prayer. The next 10 minutes will include a number of familiar hymns.

This service is offered as a memorial to the men who gave "their last full measure of devotion" for their country. It will be a reminder also of all the young men who are still serving in the armed forces today.

MANY IN COSTUME FOR HALLOWE'EN

(Continued from Page One) The big parade that started about 6:15 p.m. brought out a goodly number of boys and girls in costumes of all kinds from the weird to the fancy.

Behind the Punchard Girls' band they marched to the Memorial auditorium where a delightful program was presented, after which they filed downstairs to the cafeteria for refreshments.

At the West school, Ballardvale and the North district similar parties sponsored by the recreation committee provided entertainment and refreshments for the younger fry. Capacity attendances were reported.

At the auditorium the program for the smaller ones concluded about 8:30 o'clock when the boys and girls of high and junior high age took over for their dance. Refreshments of cider and doughnuts were served.

A number of local organizations cooperated with the recreation committee in staging these annual parties and contributing toward the expenses.

LOCAL HUNTERS GET BUCK APIECE

Harold E. Heselstine and W. R. Hill, two of Andover's noted nin-rods, are receiving congratulations from their many friends after returning last week from their annual hunting trip to Maine with a buck apiece. With a party of several other residents of the town they spent several days hunting deer around Hartland, Me., where they made their headquarters but these two were the only ones to bring down any game.

Nickel Silver

The ancient Chinese were the first to produce the alloy known today as nickel silver. They called this metal—a combination of nickel, copper and zinc—"paklong," which meant "white copper." The alloy was later referred to as German silver and finally as nickel silver.

TOMLINSON REAPPOINTED JUSTICE OF PEACE

Walter C. Tomlinson, 53 Cheever circle, has been reappointed as a justice of the peace, Secretary of State Edward J. Cronin has announced.

Gov. Christian A. Herter made the reappointment which was confirmed by the executive council. His term will expire in 1960.

A man was passing a public-house when a figure hurtled out of the door and landed in the gutter.

A small fellow picked himself up and said angrily to the passer-by: "They think they can get away with that! I'll throw every one of them out! You stay here and count."

In went the little man. A moment later a body landed in the gutter. "One," counted the passer-by.

"No, it's me again," said the little man.

SCHOOLS TO GET LAMP FOR RINGWORM

(Continued from Page One)

after the schools opened in September. He said it was found only in younger children, it was not a reportable disease and that the school and health authorities who have been closely following every case feel that it is under control. It was at this session that the board decided to purchase the Wood lamp.

The board then adjourned to the auditorium where they met the group of citizens who had come to discuss the situation.

Those who attended were: Mr. and Mrs. Charles A. Hill Jr., Bart F. Smalley, Mrs. Samuel Mucci, Mr. and Mrs. Albert T. Warner, Mr. and Mrs. W. Gordon Coutts, Mrs. Walter Pearson, Mr. and Mrs. Homer Wadman, Mrs. Alan G. Chadwick, Frederick K. Welch, Mr. and Mrs. James M. Gorrie Jr., Mr. and Mrs. Thomas F. Wallace, Mrs. George Locke, Mrs. William Ross, Mrs. Thomas Brennan and Mrs. James Thomson.

Mrs. Coutts acted as principal spokesman for the group during the 20 minutes of discussion.

Others who spoke were W. Gordon Coutts, Frederick K. Welch, Mr. and Mrs. James M. Gorrie Jr., and Mrs. Alan Chadwick.

Their chief contention was that the school authorities should have the special lamp used in detecting cases of ringworm and Dr. McArdle said that the board had already decided to get one.

AMAZING SPECTACLE

Two tramps sat beneath a water tank in the damp shade. The old hobo asked, "Going east son?" "Yes," replied the younger. "Don't do it," the old one cautioned.

"Why not?" "Twon't do any good for me to tell you why not. Just take the advice of an older man and don't do it. You wouldn't believe me if I told you. Even when you see it you won't believe it." "Won't believe what?" asked the mystified young tramp. "You'll see folks running—to work."

Red Cross Disaster Committees Meet

The Red Cross committee for disaster preparedness met recently with Esther Burnham, Red Cross field director and veteran of the Worcester tornado relief services, Harold Rutter Jr., committee chairman, emphasized the necessity for chapters to be prepared to meet human needs in time of disaster and cited the Worcester disaster, which cost \$901,121.19, and required the emergency aid of 2500 people.

Each committee member explained in detail the part he should expect to play in an emergency. The members are: vice chairmen, Miles S. Pendleton, Frederick A. Peterson, Douglas N. Howe; clothing, Mrs. Geoffrey Glendinning and Mrs. Floyd T. Humphries; communications, Douglas R. Crockett; food, Robert A. Leete; medical assistants, Dr. Charles Currier and Dr. John J. Wholey; nurses, Mrs. Douglas Glennie; publicity, Mrs. C. Edward Buchan; purchase and supply, David Markert; registration, Mrs. Robert D. Mayo; rescue, Verne Porter; shelter, Mrs. Frederick Watt; transportation, Stanley Chlebowsky and Joseph Wright; executive secretary of the chapter, Miss Barbara A. Loomer.

Do You Know Massachusetts?

A total of 73 cities and towns in Massachusetts are continuing rent control by local vote in accordance with the state law which became operative upon the expiration of federal control July 31, 1953.

Reports of building permits issued in 136 Massachusetts cities and towns during September show a total of 1758 new dwelling units, an increase of 12.8% above those a year ago. This included 298 public housing units in Billerica. The number of dwellings privately undertaken was 6.4% less than a year ago, as reported to the Department of labor and industries.

The new catalytic cracking plant established in Everett for the Esso Standard Oil Co. will give New England its first complete oil refinery and this, together with increased storage space, will help to guarantee against any emergency shortage of fuel oil or gasoline in the Commonwealth.

A preliminary study of tourist routes being conducted by the division of planning, Department of commerce, with the cooperation of the departments of public works and natural resources, will suggest a secondary system of state highways linking together places of scenic, historical, geological, recreational and general interest in order to make these points available and accessible to the public.

TOMLINSON REAPPOINTED JUSTICE OF PEACE

Walter C. Tomlinson, 53 Cheever circle, has been reappointed as a justice of the peace, Secretary of State Edward J. Cronin has announced.

Gov. Christian A. Herter made the reappointment which was confirmed by the executive council. His term will expire in 1960.

A man was passing a public-house when a figure hurtled out of the door and landed in the gutter.

A small fellow picked himself up and said angrily to the passer-by: "They think they can get away with that! I'll throw every one of them out! You stay here and count."

In went the little man. A moment later a body landed in the gutter. "One," counted the passer-by.

"No, it's me again," said the little man.

SCHOOLS TO GET LAMP FOR RINGWORM

(Continued from Page One)

after the schools opened in September. He said it was found only in younger children, it was not a reportable disease and that the school and health authorities who have been closely following every case feel that it is under control. It was at this session that the board decided to purchase the Wood lamp.

The board then adjourned to the auditorium where they met the group of citizens who had come to discuss the situation.

Those who attended were: Mr. and Mrs. Charles A. Hill Jr., Bart F. Smalley, Mrs. Samuel Mucci, Mr. and Mrs. Albert T. Warner, Mr. and Mrs. W. Gordon Coutts, Mrs. Walter Pearson, Mr. and Mrs. Homer Wadman, Mrs. Alan G. Chadwick, Frederick K. Welch, Mr. and Mrs. James M. Gorrie Jr., Mr. and Mrs. Thomas F. Wallace, Mrs. George Locke, Mrs. William Ross, Mrs. Thomas Brennan and Mrs. James Thomson.

Mrs. Coutts acted as principal spokesman for the group during the 20 minutes of discussion.

Others who spoke were W. Gordon Coutts, Frederick K. Welch, Mr. and Mrs. James M. Gorrie Jr., and Mrs. Alan Chadwick.

Their chief contention was that the school authorities should have the special lamp used in detecting cases of ringworm and Dr. M. Ardle said that the board had already decided to get one.

AMAZING SPECTACLE

Two tramps sat beneath a water tank in the damp shade. The old hobo asked, "Going east son?"

"Yes," replied the younger.

"Don't do it," the old one cautioned.

"Why not?"

"Twon't do any good for me to tell you why not. Just take the advice of an older man and don't do it. You wouldn't believe me if I told you. Even when you see it you won't believe it."

"Won't believe what?" asked the mystified young tramp.

"You'll see folks running—to work."

Red Cross Disaster Committees Meet

The Red Cross committee for disaster preparedness met recently with Esther Burnham, Red Cross field director and veteran of the Worcester tornado relief services, Harold Rutter Jr., committee chairman, emphasized the necessity for chapters to be prepared to meet human needs in time of disaster and cited the Worcester disaster, which cost \$901,121.19, and required the emergency aid of 2500 people.

Each committee member explained in detail the part he should expect to play in an emergency. The members are: vice chairmen, Miles S. Pendleton, Frederick A. Peterson, Douglas N. Howe; clothing, Mrs. Geoffrey Glendinning and Mrs. Floyd T. Humphries; communications, Douglas R. Crockett; food, Robert A. Leete; medical assistants, Dr. Charles Currier and Dr. John J. Wholey; nurses, Mrs. Douglas Glennie; publicity, Mrs. C. Edward Buchan; purchase and supply, David Markert; registration, Mrs. Robert D. Mayo; rescue, Verne Porter; shelter, Mrs. Frederick Watt; transportation, Stanley Chlebowski and Joseph Wright; executive secretary of the chapter, Miss Barbara A. Loomer.

Do You Know Massachusetts?

A total of 73 cities and towns in Massachusetts are continuing rent control by local vote in accordance with the state law which became operative upon the expiration of federal control July 31, 1953.

Reports of building permits issued in 136 Massachusetts cities and towns during September show a total of 1758 new dwelling units, an increase of 12.8% above those a year ago. This included 298 public housing units in Billerica. The number of dwellings privately undertaken was 6.4% less than a year ago, as reported to the Department of labor and industries.

The new catalytic cracking plant established in Everett for the Esso Standard Oil Co. will give New England its first complete oil refinery and this, together with increased storage space, will help to guarantee against any emergency shortage of fuel oil or gasoline in the Commonwealth.

A preliminary study of tourist routes being conducted by the division of planning, Department of commerce, with the cooperation of the departments of public works and natural resources, will suggest a secondary system of state highways linking together places of scenic, historical, geological, recreational and general interest in order to make these points available and accessible to the public.

Education Week To Be Observed

American Education week will be observed Nov. 8 through Nov. 14. The general theme for 1953 is "Good Schools Are Your Responsibility."

American Education week has been observed annually since 1931, when it was established by joint action of the National Education Association and the American Legion. It has always been observed "for the purpose of informing the public schools and to secure the co-operation and support of the public in meeting these weeks."

During American Education week parents and citizens are urged to visit classrooms and observe school work. The spotlight of public attention will be focused on the work of the schools through the press, radio, television, and special programs.

Andover Post 8, American Legion, has appointed a committee to work with the local school authorities to properly publicize American Education week. This committee is comprised of Commander Albert Cole Jr., Roy E. Hardy and Frank Markey.

During American Education week, the Legion post is sponsoring a contest for the students of the senior class of Punchard high school. The general theme is "Americanism."

In order to appeal to the interests of a large number of students, the committee decided to have four fields of interest in which the prizes would be awarded: short essays, plays, poetry and art. These are to be judged upon the originality of ideas and the students' execution of them.

The winners of these contests will be guests at the Legion dinner and entertainment Nov. 11 and will also receive substantial money prizes. The work is being carried on under the direction of Miss Beatrice L. Stevens of the Punchard faculty.

BOOSTERS CLUB

A meeting of the Andover Boosters club will be held at 7:30 p.m., Friday, Nov. 6 in the town house. All Boosters are requested to attend for an important but brief meeting.

Many Art Exhibits In Store Windows

This week Andover artists with the cooperation of local merchants are again participating in National Art week by exhibiting their pictures in the store windows along Main st. This year Alica Atkinson Waterson and Lee Brown, who arranged the displays, have confined their choices to the work of professional artists painted during the past year. Although this obscures the large amount of exciting amateur painting being done here, the high quality of the exhibits should be a source of pride to the town.

As usual, works by Maud Morgan,

Alicia Atkinson, Frances Dalton, L. V. Goriansky and Leo Constantineau are rewarding. New exhibitors Tony Costello and Jean Roland show great authority. Pictures of vigorous distinction are shown also by Howard Coon, Dean Walen, Viola Milliken, Lee Brown, Frank McClellan, Margot Jones, Harry Sutton Jr., Efin Pospolitak, Zyg Kupis, Charles Gregory, Mervin Stevens, Lucia Dodge, Clare Hayes, Gwendolyn Reynolds, Ethel Farrington, and sculptures by Beverly Darling.

Wheaton Groups To Give Program

The Wheaton college scholarship fund will receive the entire proceeds of the program to be sponsored by the Merrimack Valley Wheaton club Nov. 19 at Abbot academy.

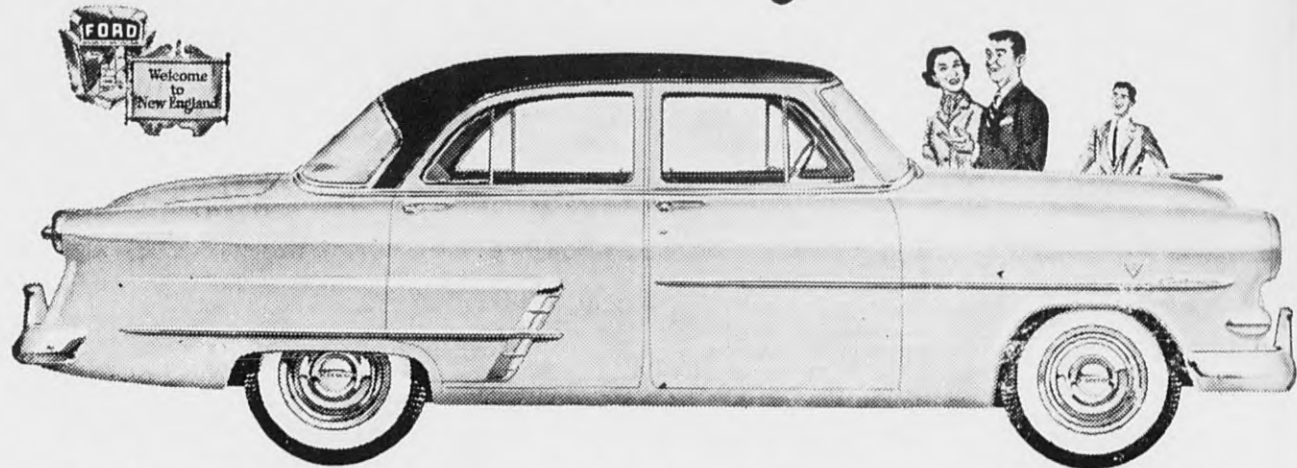

The fund-raising committee of the club is in charge of plans. Mrs. Joseph J. Tavern is being assisted by Mrs. Johnston Bird and Miss Barbara Loomer of Andover, Mrs. John Andrews of Windham and Mrs. Earl Ashworth of Haverhill. The tickets are available from the committee members.

The feature of the evening will be the interpretation of the Wheaton

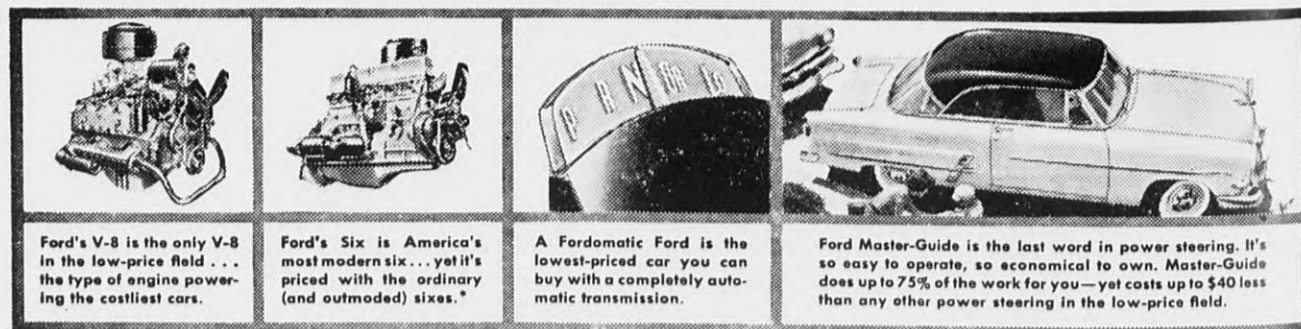

college dance group of the post of A. A. Milne. Several favorites will be on the program. The Wheatons will provide the vocal background for the dance numbers. The entire presentation will include such varied selections that it will find the evening enjoyable.

Ford delivers the most for the money!

Such "Worth More" features as Ford's gas-saving Automatic Power Pilot, suspended pedals, foam-rubber cushions on all seats and tailored-to-model front springs are standard with all Fords. You don't pay one cent extra for them! And only Ford in its field has them.

Ford's V-8 is the only V-8 in the low-price field . . . the type of engine powering the costliest cars.

Ford's Six is America's most modern six . . . yet it's priced with the ordinary (and outmoded) sixes.*

A Fordomatic Ford is the lowest-priced car you can buy with a completely automatic transmission.

Ford Master-Guide is the last word in power steering. It's so easy to operate, so economical to own. Master-Guide does up to 75% of the work for you—yet costs up to \$40 less than any other power steering in the low-price field.

Ever wonder why you see so many new Fords on the road? The answer is simple. Plenty of shrewd folks these days know that Ford delivers the most for the money.

For instance, compare Ford's fine-car build and Full-Circle Visibility with any car at any price. Then Test Drive a Ford. Give it the "works" . . . rough roads, steep

hills. Feel how smoothly Ford's new ride irons out the bumps. Feel the way your Ford high-compression engine takes grades with a hushed purr. Then compare the prices.

And here's your final proof that Ford offers the most for the money: a survey of used cars shows that year-old Fords hang onto their value better than any other cars!
