Town Gets Quota For Community Chest Fund

Andover's volunteer community chest workers reached 100 per cent of their goal Monday night as they reported \$24,057 collected during the 1954 campaign, which ended Monday.

Eugene A. Bernardin, Jr., Andover drive chairman, reported this amount at the closing dinner in Lawrence Monday night.

The entire Greater Lawrence Red Feather campaign raised \$202,511, the highest community chest total in its history, and 95 per cent of its goal. Although the drive is officially closed, volunteers were asked by Campaign Chairman Milton J. Meyers, D.M.D., to finish up all incomplete soliciting within the next two weeks.

Returns from Andover sections as of Monday were as follows:

Library To Hold Open House Sunday

All friends of the Memorial Hall library are cordially invited to the annual open house to be held from 3:30 to 5:30 p.m., Sunday, Nov. 22.

At 4 o'clock, Munro Leaf, now a resident of Andover, will speak on "Reading Can Be Fun." He plans to sketch as he talks, and those who know his books will look forward to seeing the stick people come to life. Mr. Leaf has a long list of books to his credit, some of which will be popular reading for boys and girls and for their young-in-heart parents for years to come. Through his amusingly written books, illustrated with the well-known drawings done as a child artist would do them, he has already taken some of the sting out of learning grammar, reading and

Open 34 Bids On Vale Sewer

Sealed bids on the new Ballardvale sewerage project were opened by the board of public works Tuesday night.

There were 34 bidders with 95 proposals for the construction of the treatment plant and street sewers. These are being figured out to determine the total cost of each as there will be three different contracts, one for the treatment plant, one for 1800 feet of 10-in. and 8-in. sewers including river and railroad crossings, and the third of 10,000 feet of 10-in. and 8-in. street sewers.

It is expected that these figures will not be completed until later in the week. The BPW will meet again to consider them and award the contracts. The town has appropriated \$80,000 for the work.

In discussing the proposed Ballardvale district sewerage system Sidney P. White, chairman of the board of public works, said that all new and separate sewerage or water systems established in

Fuess Heads Drive For TV Channel 2

Funds with which to operate Channel 2, Eastern Massachusetts' forthcoming non-commercial educational television station, will be sought in a major public appeal under the chairmanship of Dr. Claude M. Fuess, headmaster-emeritus of Phillips academy.

If all goes well with the campaign it is expected that Channel 2 will be on the air in the fall of 1954. It will not be in competition with present commercial stations.

Postmaster Urges Early Mailing

Postmaster Stephen A. Boland stated today that with the approach of the Christmas season the co-operation of the public in preparing for early mailing of greeting cards and gift parcels is an important factor in facilitating their dispatch and delivery.

Local residents and business firms alike were reminded by the postmaster, "Correct and careful mailing is just as important as early mailing. Perhaps more so. Any unnecessary delay may prevent delivery of your Christmas cards and gifts by Dec. 25."

Girls' Band Plans To Hold Tag Day

The Punchard Girls' band will conduct a tag day Wednesday, Nov. 25 for the purpose of raising funds to repair and purchase band instruments.

During the day several members of the band, recognized as one of the snappiest and most colorful organizations of its kind in the state, will be on the street soliciting funds.

Their efforts will be seconded on Thanksgiving day when members of the Boosters club will continue the drive by selling tickets at the football game.

Hardy Gets Shield From Andover Eng.

A shield of the Borough of Andover, England, has been received by Roy E. Hardy, chairman of the board of selectmen, together with a letter from Mrs. Maud Sainsbury, mayor of the Borough, bringing good wishes from the council and the people of her town.

In her letter Mayor Sainsbury writes: "I am very pleased to be able to tell you that the Council has asked me to send as a token of their good will, a heraldic shield bearing the coat of arms of the Borough, which we hope will find a resting place in one of your public buildings in Andover."

A description stated that the shield represented the badge used by the Borough for over 300 years. It has a crest on a wreath of colors bearing a golden stag on a silver diamond, and is supported by a red lion on one side and a blue eagle

Trade Board Plans For Christmas Lighting

Another festive Christmas program designed to attract people to Andover during the coming holiday season is in the making, according to plans now being prepared by the Andover Board of Trade.

These include the attractive Christmas lights strung across the street in the square and adjoining business area, topped off by a big daylight parade much larger and more attractive than ever before.

In other years the opening ceremonies of turning on the Christmas lights drew throngs to downtown streets to see the gala parade with all its novel features and to witness the first glow of the colored lights amid the surrounding Christmas decorations.

According to plans now being made the parade this season will be held in the afternoon, possibly ending up about twilight when the street lighting with its thousands

Union Thanksgiving Service To Be Held

The Union Thanksgiving day service of the Andover Council of Churches will be held in Christ church at 9 a.m., Thanksgiving day.

The preacher will be the Rev. Roy E. Nelson Jr., of the Baptist church. The service will be conducted by the Rev. John S. Moses with the Rev. Levering Reynolds Jr., and the Rev. Frederick B. Noss, assisting.

The full choir of men and boys under the leadership of Irvin Wilkinson, organist and choir master, will sing.

It is planned to have the service end at 9:45 o'clock to give those who wish plenty of time to attend the Thanksgiving day game.

DAR Chapter Holds November Meeting

The November meeting of the Priscilla Abbott chapter, N.S.D. A.R., was held Nov. 10, in the home of Mrs. John Murray, 27 Summer st.

Following a short business meeting, Mrs. Roland Weeks, regent, introduced the speaker for the afternoon, Miss Fannie Davis who spoke on "The Romance of Sandwich Glass". Miss Davis gave a very interesting discussion of the history of this lovely antique glass. Her talk was highlighted by a display of beautifully colored and etched glass.

Hostesses for the meeting were Mrs. Murray, Mrs. Fred P. Berry, Mrs. Horace Bodwell and Mrs. Thomas P. Dea.

Members are asked to bring either toys or clothes for boys aged 6 to 16 for Christmas. These will be sent to the Hillside school in Marboro.

UNITARIAN MEETING

A general meeting for all Unitarians and those interested in knowing about Unitarianism will be held at Graham House at Phillips academy at 8 p.m. Tuesday, Dec. 1. This meeting, at which the speaker will be the Rev. Frank E. Smith, executive secretary of the Southern New England Council of Unitarian Churches, is planned for those residents of Andover who would like to have a better idea of this liberal religious movement. The meeting will be open to all and a question period will follow the speaker's talk.

Sheehy Explains Auto Rate Making

A former Andover man, John Sheehy, whose residence at one time was on Argilla rd., addressed the Andover Service club last week on compulsory insurance rate making.

He substituted for John O'Connor, executive secretary of the casualty insurance companies serving Massachusetts, who was detained due to illness in his family.

Mr. Sheehy, a member of the P.H.S. Class of 1936 is a graduate of Boston university and the Cornell Law school, and is on the legal staff of the Boston office of a large insurance company. He regularly serves on the speakers' bureau for casualty companies.

In his address he gave an interesting and informative outline on the automobile compulsory insurance rate making, along with defining the new merit and demerit point system to go into effect here next Jan. 1.

Following his talk many took advantage of the opportunity to ask questions on the subject.

The next meeting of the club will be held at the Andover Country club Dec. 10. It will be the annual Christmas party with a tree and gifts brought by the members.

Abbot Academy

Several programmes of unusual importance appear on the Abbot academy calendar for the coming weekends before the Christmas holidays.

On Saturday evening, Nov. 21, there is to be a lecture by James Coletta using as his title, "Adventure was my Password". Mr. Coletta is described as a story teller supreme, using as material for his talk his own experiences in collaboration with the British and French intelligence services in carrying out the dangerous game of matching wits with secret enemies. He will give a first hand account of counter-espionage and of the men who carry out adventurous missions.

The lecture will take place at 8:15 p.m., in Davis Hall. There is no admission charge.

On the following Saturday evening, Nov. 28, the musical event of the fall term will take place when Miss Kate Friskin plays in a piano recital. The programme will be published next week. The recital will be held in Davis Hall, at 8:15 p.m., and the public is cordially invited to attend. There is no admission charge.

On Sunday evening, the vesper service will be conducted by the Northfield Abbot group.

Andover Wins 14-7 Victory At Exeter

Fullback Bob Sigal and Quarterback Dick Starratt combined their talents to bring Phillips academy a 14-7 victory over Exeter on the latter's field Saturday in the 73rd meeting of the rival academy teams since 1878.

While Exeter was keyed up to stop Co-Capt. Hort Smith of the Blue the Red defenders failed to cope with two other Andover backs.

Sigal, 180-pound hero of the day, broke through the Exeter line in the first period to block Brud Stover's punt from the 25-yard line and kept on his feet to recover the ball on the eight. On the next play he went through the left side to score standing up. Smith made the first of his two conversions to make the score 7-0.

Dick Starratt, who played the entire game at quarterback for the Blue, saw that Exeter was out to halt Hort Smith and used the fleet halfback for decoy purposes as he handed the ball off to Sigal or kept

it himself at crucial plays.

When a third period drive by the Blue seemed to be halted on Exeter's 34, Starratt called for a fake kick on the fourth down. On this play Smith raced around right end instead of punting and got to the eight before being hauled down. Two plays later Starratt made Andover's second touchdown.

Exeter came back in the fourth with a drive that netted a score with Bob Conway and Tom Menge alternating on six running plays to bring the ball to the six. Then a Stover to Smith forward was complete with the ball just over the goal line.

Just what is Free Enterprise?

THICK BOOKS have tried to define our American System of free enterprise. We can't hope to describe it fully here.

But this we can say. It is the world's best economic system . . . the best philosophy of man's relation to man yet evolved. It is basically a recognition of man as a mature, dignified being.

It is the exact opposite of communism, which regards man as a stupid slave, unable to plan and think for himself, requiring the "party" to control his every thought and action.

Under free enterprise, individuals own property, start and conduct businesses, assume risks, and enjoy the resultant profits or assume the losses. What actually happens is that this incentive unleashes tremendous inner powers in men and women, and drives them to accomplishments that make us the greatest nation in the world.

Those who seek to destroy free enterprise are our enemies, driven by hate, jealousy and fear. Remember that, when they launch their propaganda.

Under free enterprise, a bank like ours grows along with the banking needs of the community. And the more we grow the better we can serve you. Make our bank your "headquarters" for all your money matters.

past several years have had an opportunity to learn safe driving in a dual control car under the direction of Owen Hinckley. The classes study text books published by the A.A.A. and each student has one actual driving lesson a week in the car.

These classes extend from September to February and from February to June. Although there are two classes, many students are turned away from the course because of insufficient teacher time. There are 29 students enrolled in the present class and they will take the test which is given by the registry for license applicants. In a recent survey taken by the registry it was shown that there are 50% less accidents by drivers who have taken this special driving class.

The students taking this course are: Ralph Anderson, Marlene Bajak, Mary Belka, Milda Beardsell, Margaret Buckley, Priscilla Colpitts, Marilyn Earley, Carol Forsythe, Josephine Funari, Norma Howard, Robert Kaylor, William Leahy, Janet Metcalf, Richard McAhern, Alda McCormack, Ruth Miller, Carolyn Murphy, Peter Pingree, Robert Redfern, Bernice Stentiford, Marjorie Swenson, Mary Sullivan, Joyce St. Jean, Vincent Treanor, Maxine Wainwright, Joyce A. Williams, Barbara Wright, Sylvia Zalla, Joan Robinson.

Miss Frances Dalton is introducing her art classes to a new type of painting which is done by

listening to music. Miss Dalton feels that the music tends to relax the students and gives a more natural feeling in the paintings.

Assembly

Allan W. Ferber of the Associate Career school of Boston spoke in assembly Monday on the importance of education beyond high school.

School Play

On Friday evening, Dec. 4, the Sophomore and Junior classes of Punchard will present their annual production entitled "Too Young, Too Old." The play is a delightful comedy based on the problems of a high school girl. The girl continuously has her family in an uproar over her doings. The play, under the direction of Mervin E. Stevens, promises to provide a wealth of entertainment for all attending.

School Assembly

In connection with National Education week, members of Room 7 of the junior high presented a play entitled "For All" in an assembly on Thursday, Nov. 12. The play, under the direction of Miss Ansi Angelo stressed the importance of living in a democracy and accepting a person for what he is, not who he is.

Student Council

On Saturday, Nov. 21 representatives from Punchard will attend the fall convention of student councils at Belmont. Those representing Punchard will be: Carl Buschmann, Charles Giovinco, Ruth Santuccio, Marcia Tangney and G. Arthur Danforth.

School Assembly

Representatives from the N.E. Tel. & Tel. Co., presented a program in an assembly to the Junior high students Friday Nov. 13. The subject was Television Transmission from station to station. The program was presented as a service to the school.

Notes

Report cards were distributed in all home rooms in the senior and junior high schools Monday.

The cheerleaders will hold their annual dance on Thursday, Nov. 26. Students from all local and suburban schools have been invited to attend.

P. H. S. SPORT

Punchard broke into the win column Saturday by taking a 12-7 decision over Methuen at the latter's Highfield stadium before a good sized crowd.

The Blue Devils started their scoring in the first period after Larry Lynch pounced on a Methuen fumble on Punchard's 35-yard line. On the third play following, a triple pass from Jimmy Adams to Larry Lynch and then to Allan Wadman, was good for the first score when Wadman raced over the goal line, the play covering 67 yards. Wadman, who was making his first start in the local lineup this season, also scored the second touchdown in the next period when he went over from the three-yard line.

It was in the second period that Methuen uncorked its best offensive, marching 90 yards to a touchdown, a forward from Wright to Cannon and to Shaw accounting for the score.

Both teams incurred heavy penalties, Punchard drawing 120 yards and Methuen 90.

By this victory Punchard gained the first leg on the Edward Erickson jr., Memorial trophy, which must be won three times for permanent possession.

The summary:

Land Must Produce More

The population of the United States is increasing by 7,000 persons a day. By 1975, government experts forecast, we will have to be capable of feeding five people for every four who sat down at the table in 1950.

There are two ways this can be accomplished. One is to proportionately increase our croplands. The other is to make better use of the land we now have.

So far as the first of these solutions is concerned, it is estimated that, if our present standard of living is to be maintained through 1975, the huge total of 100,000,000 fertile acres will have to be brought into production. So far as anyone can see now, this is an impossible goal. At present we are bringing in only 2,000,000 acres a year, and more than half of this is being offset by the expansion of communities and industrial areas.

Therefore the population problem can be met only by producing much more food, feed and fiber from an acreage which will be but moderately increased.

That, luckily for America's future, can be done through the application of proven scientific production practices along with better land conservation and utilization. And here agriculture has a mighty ally in farm machinery. The machine is the key to making the land yield more — and, at the same time, preserving and improving that land for future generations.

Russia's Railroads

Many theories have been offered as to why the Soviet Union has not attacked and overrun Western Europe. One of these is not so widely known as it should be. It is that Russia's lack of a modern railroad system has made invasion too risky.

Russia is larger than the United States in both population and land area — yet she has but 78,000 miles of railroad as compared with our 223,500 miles. Moreover, track gauge is not standardized — which means that goods frequently must be unloaded and reloaded at a heavy cost in time and effort during a long trip. Actually, say some experts, the Soviet railroads are about in the same shape as ours were 75 years ago.

No doubt Russia is working hard to make up her inadequacies in this field — but that is a matter that can't be attended to overnight. It demands human and material resources of high caliber, and in great quantity. The American railroad system is the world's best because science, initiative, drive and competition made it so. The highest military authorities have told us how vital a service our railroads performed for the nation in war. And in time of peace their contribution to the welfare of us all is almost beyond exaggeration.

The Iron Horse has his competitors. But he still pulls the biggest load by far.

The tolerance of the wrong, not the exposure of the wrong, is the real offense. — Theodore Roosevelt.

DENTAL HEALTH by Science Features

Scientists agree that good dental health is an important factor in maintaining general well-being. Yet recent statistics compiled by the World Health Organization show that nearly 100 per cent of young people living in industrial areas suffer tooth decay.

In addition, the WHO survey showed that equal numbers of adults are afflicted by diseases of the gums as well. And, according to a report by three dental scientists at the University of Illinois, diseases of the gums are the chief cause of tooth loss, at least in men 35 years old and over.

The Illinois scientists studied more than 5,000 male dental patients between the ages of 20 and 80. They found that almost half of the men who had reached the age of 45 either suffered from gum diseases or were completely toothless as a result of them. In adults under the age of 24, the figure was only five per cent.

Oral diseases such as gingivitis, pyorrhea, and cellulitis have been effectively checked with wide-range antibiotics. One report, made before the Dental Society of the State of New York, stated that terramycin was successful in treating over 90 per cent of more than 200 patients suffering from 26 different oral infections.

Of course the best way to insure good dental health is through abiding by these oft-repeated precepts: Brush your teeth after each meal, clean the crevices with dental floss, and see your dentist twice a year.

Two Andovers May Hold Postal Shoot

The Andovers of Massachusetts, U.S.A., and of Hants, England, will soon be shooting at each other via the mails if a plan suggested by a club in the overseas borough is carried through.

From Mayor Maud Sainsbury of Andover, England, Roy E. Hardy, chairman of the board of selectmen, has received a letter stating that the Borough has a small-bore rifle club which is interested in arranging a friendly postal shoot with a similar club here, and asking that he contact the local club to make arrangements for the match.

Mr. Hardy has turned the letter over to Forrest Noyes of the Andover Sportsmen's club for action.

Police Chase Driver Of Stolen Auto

Local police joined with officers from North Andover Saturday night in a chase of the driver of a stolen car who drove the machine on the lawn of the Shawsheen Manor, jumped out and disappeared.

North Andover police chased the speeding car into Shawsheen Village and after the driver disappeared they were joined by Officers Raymond Collins, Frank Kozza and Alfred Robb who searched the district after the incident about 10:30 p.m.

The car was stolen from Viola Nickerson of Chelmsford, who reported it to Lowell police earlier in the evening. The registration plates were listed to a Lawrence man and under the seat of the machine police found a plate listed to a Methuen man.

Don Look Elected President Of Andover Board Of Trade

Donald B. Look, photographer for The Townsman, was elected president of the Andover Board of Trade at an enthusiastic meeting of the organization, in the Memorial Hall library Monday night. He succeeds Harold E. Heseltine as head of the town's trade association.

Serving with Mr. Look for the ensuing year will be: Samuel Glazerman, first vice president; Edward A. Romeo, second vice president; Atty. Anna M. Greeley, secretary-treasurer; and the following directors: Harold E. Heseltine, Stanley F. Swanton and Mrs. Mable Longe.

The board also filled a long-felt want in its activities by the appointment of an executive secretary who will establish regular office hours for the transaction of the board's business and be available at stated periods during the day and some evenings to carry on the work of the board. James R. Mosher was named to fill this position and started immediately on his new duties.

In assuming office as head of the town's business organization the new president said that he will soon announce plans for the future which he expects will include a program of active interest in va-

rious town affairs.

The board is going to make an effort to have more motorists use the public parking space now available in the rear of the Shaw property on Main street and is considering having several signs placed in the downtown area directing shoppers to this free space.

Sodality To Hold Meeting Tonight

The Sacred Heart sodality of St. Augustine's church will meet at 8 o'clock tonight in the school hall when Mrs. John S. Cahill, prominent member of the Lawrence Garden club, will speak on flower arranging.

The annual membership drive of the sodality is being held this month and every member is urged to bring a new member to tonight's meeting.

A bakery sale will be held by the sodality from 10 a.m. to 1 p.m., Saturday, Nov. 21 in the school hall. Mrs. John Cussen, committee chairman, requests the cooperation of all members in making this sale a success.

It's much easier to stick to a job you're stuck on.

NEW BOOKS

It's a little hard to believe that so many of the best-known names in the literary world today have all produced a book recently just for this special occasion of Book week, but here is the proof:

The Story Of Esther Costello, Monsarrat.

A violent rebuke to those who would make fortunes on another's despair and a finger of ridicule at the ignorance of the public which may be taken in by "causes", this story of Esther Costello, victim of an accident in Ireland which caused her to be displayed as a curio seems a strange work for the author of the famous "Cruel Sea."

Tudor Rose, Bames.

Thrilling story of Elizabeth of York, daughter of a king, wife of a king and mother of a king, set against the turbulent background of 15th century England.

Tidefall, Raddall.

Saxby Nolan returned to Port Baron after 17 years absence, with the polish earned by years of wandering, but with the same ruthless hatred for the people whose lives he could now destroy in revenge. Fine book for men readers.

Mary Tudor, Prescott.

Story of "Bloody Mary" told with sympathy for the woman whose life was twisted by bitterness from her childhood experiences, who set loose a fury and horror in her kingdom. Excellent revision of the earlier book, "Spanish Tudor."

Women Voters Study Zoning

An open meeting sponsored by the Andover League of Women Voters will be held at 8 p.m., Friday, Dec. 4 in the Memorial Hall library to discuss zoning.

William Simmons of Sharon will describe what one community has done through zoning. Walter C. Tomlinson, chairman of the town planning board will speak.

To introduce new members to the varied activities of the League of Women Voters the president, Mrs. David Darling, gave a coffee last week and is having a tea today.

As a result new members are finding their special interest group and are taking participation in League activities such as studies of juvenile delinquency, the proposed graduated income tax for Massachusetts and zoning for the town.

The following met at the home of Mrs. Alan Blackmer Nov. 17 to study the facilities for dealing with juvenile delinquents in Massachusetts; Mrs. Alden Cook, Mrs. Dudley Fitts, Mrs. Edward Flint, Miss Catherine Stewart, Mrs. F. M. Kimball, Miss Mary Bell, Miss Mary Zecchini and Mrs. Blackmer.

A black cat is considered to bring bad luck, but it depends on whether you are a man or a mouse.

The Web Of Time, Lawrence.

Munsey Wills, about to retire, is told to develop a hobby to keep him from the fate of his company's vice-president, recently retired. Family story.

Lady Of Arlington, Kane.

Story of Mary Custis who became Mrs. Robert E. Lee and shared with him his defeats, sorrows and days of splendor. Fine historical settings.

Time Of The Gringo, Arnold.

An exciting novel of old Santa Fe, alive with desert marches, battles, intrigues and adventure in this account of the fall of the Mexican province of New Mexico to the United States.

of colored bulbs will best be shown off.

The parade will have a much larger number of floats than that of last year and the Legasse Amusement company, with which negotiations are still pending, is expected to bring in its big Santa

Claus and reindeer on a float together with a large number of gnomes and other costumed characters.

It is expected that the parade and the first turning on of the street lights will take place some time early in December.

James R. Mosher, the newly-appointed executive secretary of the board is busy on these plans right now and is expected to have more definite details concerning this attractive holiday program to present to the directors Friday.

The parade last year and the

turning on of the lights brought a large number of out-of-town visitors to Andover together with a great many local residents with their children to see Santa Claus and his retinue.

RECITAL CANCELLED

The dance recital scheduled for Friday evening, Nov. 20, at Bradford Junior college has been cancelled, it was announced today, because of the illness of the performer.

Miss Ella Lukk is now recover-

ing from an emergency appendectomy performed early Sunday morning. The college hopes to reschedule the program later in the year.

Confidence must get awfully weary of waiting to be restored.

MISS ANN HIGGINS JOINS PHI SIGMA

Miss Ann Higgins, daughter of Frederick A. Higgins, 44 Central st., recently became a member of Phi Sigma, extra-curricular organization at Wellesley college open to seniors and juniors interested in modern poetry. A senior at Wellesley, she was named a Junior Wellesley scholar in 1953, an honor awarded for high academic achievement. Miss Higgins is an economics major, and a graduate of Abbot academy.

Massachusetts have their planning and operation stages closely regulated by law, and the department of public health is the organization charged with the administration of these laws and regulations. The local project had to pass through all of these steps.

"It may be of interest to briefly outline the steps and progressive actions taken in our case," Mr. White said.

"Under Article 31 of the annual town meeting held on Mar. 2, 1953 the town voted to expend \$80,000 for a sewage treatment plant and sewer mains in Ballardvale and authorized the board of public works to see that the work was accomplished. Accordingly, the board in consultation with the special committee on water and sewerage retained the engineering firm of Weston and Sampson of Boston to serve as design engineers on the work.

"Field surveys were commenced about mid-April and at the same time preliminary sketches and

specifications were submitted to the department of public health in order that the engineers could determine which of two methods of treatment would be preferred for the Ballardvale area.

"During this same period the board of public works personnel were collecting data on water usage in this area, stream flow in the river, land ownership, etc., and also conferring with D.P.H. engineers regarding the treatment plant site.

"Preliminary approval of a type of treatment was received from the state June 3, 1953. With this information it was then possible to determine the plant size and land area necessary for present and future needs.

"After negotiations with land owners in the area previously selected as most desirable for the treatment plant, a plan of the area was filed with the state department of public health together with a request for a hearing for approval of the site for sewage treatment purposes. The plan was filed on July 3, the public hearing was held on July 22, and after deliberation the site was granted approval on Aug. 25.

"With the site now definite, the engineer was able to then complete the final drawings and specifications. These drawings again had to be approved by the state and accordingly were submitted Sept. 24 for final approval.

"On Oct. 19 the state department of public health returned the drawings and granted its approval provided certain changes are made in the detailed drawings. Weston and Sampson revised their drawings and when completed and accepted by the board of public works, prints were made available to interested contractors for bidding.

FOLLOWED INSTRUCTIONS

A boss had to lay off an Irishman named Pat. To avoid argument, he put the discharge in writing. A week later, in passing through the shop he saw Pat back on his job. Going to the Irishman, he demanded fiercely.

"Did you get my letter?"

"Yis sur Oi did," said Pat.

"Did you read it?"

"Sure Oi read it inside and outside. On the inside ye said I was fired and on the outside ye said, 'Return to Baldwin Locomotive Works in five days!'"

Sportsmen Planning For Hunters' Ball

The Andover Sportsmen's club will hold its annual Hunter's ball at the club house Saturday, Nov. 21. A buffet supper of ham and beans will be served at 7 p.m. This will be followed by dancing.

This will not be a costume affair. Reservations may be obtained at the door on the night of the event.

Edgar C. Haselton, president of the club, was the only member of the group to bag a deer on the hunting trip last Sunday to Littleton, N.H. He got a 120 lb. doe.

Do You Know Massachusetts?

John P. Marquand, in his article on Boston in the November issue of Holiday, cites familiar words coined or first used in Boston which include "appendicitis" found in a paper by Dr. R. H. Fitz, professor at Harvard; "gorilla", a name brought from Africa in 1847 by Dr. Thomas Savage, Boston missionary; "bloomer", the feminine knicker was first mentioned in the Boston Transcript of May 29, 1851, named for Mrs. Amelia Bloomer who invented the garment; "chowder" first used in a Boston newspaper in 1751, apparently from the French "chaudiere"; "lumber" first used in the Boston Record in 1663 to designate construction wood, its previous meaning applied to anything lying around and in the way; "yard", as applied to a college campus was first recorded in Harvard records of 1660.

In Boston department stores during the spring season of 1953 the three departments having the largest sales were women's and misses' ready-to-wear apparel, 18.35% of the total, home furnishings 16.78% and women's and misses' ready-to-wear accessories 15.57%. Main store sales amounted to 71.39% of the whole, basement sales 25.64% and nonmerchandise sales 2.97%, as reported by the Federal Reserve bank of Boston.

INTER-CHURCH BASKETBALL

Basketball will begin next Monday when the Interchurch league games will start at 6:30 p.m., in the Memorial gym.

This is the eighth season of the league and the following churches will be represented in the three divisions:

Junior - South, Baptist, Ballardvale Union Cong., Christ, Free, St. Augustine's, St. Joseph's, C.Y.O., and West Parish;

Intermediate - South, Baptist, B.V. Union Cong., Christ, Free, St. Augustine's, St. Joseph's, C.Y.O., and West Parish;

Senior - Baptist, Ballardvale, Free, St. Augustine's and C.Y.O.

Games will start promptly and all coaches are requested to have their junior teams ready to start at game time. No boy will be allowed in the gym before 6 p.m. No Intermediate or Senior division boys will be permitted on the floor until all Junior division games have been completed.

The schedule for Monday:
Junior - South vs Baptist; Ballardvale vs Christ; Free vs St. Augustine's; CYO vs St. Joseph's; Intermediate - West Parish vs South; Baptist vs St. Joseph's; Senior - CYO vs Free.

Registrations indicate that one of the largest number of boys ever in the league will take part in the interchurch games this coming season.

Selectmen To Sell Land Near Dump

The selectmen Monday night voted to make arrangements to sell some town owned property on Greenwood and Ledge roads, according to action taken at the special town meeting last August.

This property, known as the Saunders farm, was originally acquired for dump purposes. That part which it is believed will be required for future use will be held and a parcel upon which there are no buildings will be sold some time in December.

A claim for damage to a car on a highway reported by Frank McCarthy Jr., was referred to the board of public works for investigation and report. It was claimed the damage happened on Moraine street where the BPW had dug a trench and backfilled. Damages of \$36.50 are sought.

It was voted to close the warrant for special articles for the coming town meeting at 4:30 p.m., Friday, Jan. 22 and to make the deadline for filing nomination papers the same time.

A joint pole location was granted the N. E. Tel. & Tel. Co., and the Lawrence Electric Co., on South Main street opposite Orchard street.

Mr. Leaf is also responsible for that unnatural, delightful, unlikely bull, Ferdinand, who has made history by sitting under his cork tree in Spain, and smelling the flowers.

Copies of these, and others, published in foreign languages, have been on display in the library during the week.

Much of Munro Leaf's life has been involved with books and the bookish professions. He has taught school, bought books in England for the Widener library at Harvard, read manuscripts for publishing houses, and written his own books.

Light refreshments will be served Sunday, new books will be on display and may be reserved, and all will have an opportunity to see the newly finished small room now used for group meetings and lectures.

It is hoped that all will feel welcome to attend and bring along friends!

Protest Lowering Island Pond Water

A meeting of property owners at Island Pond in Derry, N.H. and a representative of the N. H. Water Commission will be held at 7:30 p.m. Friday, Nov. 20.

The meeting will take place in town hall, Salem Center, N.H., and has been called by the water resources board as the result of submission to it of a petition protesting the drawing off of water and lowering the surface of the pond.

The names of several Andover residents who own property and summer at the popular resort area appeared on the petition.

Junior Garden Club To Plant Bulbs

The Andover Junior Garden club will meet at 3:15 p.m., Tuesday, Nov. 24 in the Junior high school cafeteria when there will be a demonstration of and participation in making Thanksgiving decorations for the table. Refreshments will be served by Mrs. John Sullivan and Mrs. Walter Curtis.

The program has been arranged by Mrs. William T. Bride and Mrs. Philip Clements. During the meeting each child will have an opportunity to plant a narcissus bulb.

Report will be made by Mrs. Ernest L. Wilkinson of the junior exhibit at the Thanksgiving flower

show held recently at the Andover Inn. Those participating in that display were: Mary Barbara Carlton, Susan Fox, Lane Darling, Jane Clements, Carol Clements, Ann Hamblet, Susan Hill, Linda Wilkinson and Wendy Wilkinson.

At the Nov. 24 meeting the committee will be assisted by Mrs. John B. Cecill, Mrs. F. Tyler Carlton and Mrs. Adeline Wright, counsellor.

Everything costs you less in FORD

You can have a Ford with a V-8 engine, an Automatic Transmission, Power Steering . . . with everything . . . for hundreds of dollars less than any other similarly equipped car.

Let's examine what we mean by "everything."

We would first mention V-8 power. For it's great to have the smooth "zip" that this kind of engine alone, can offer. It whisks you up hills, travels you through traffic with "git" no other type of engine can match.

We would then add an automatic transmission to the list. This, alone, takes most of the "edge" out of the bumper to bumper driving in and around our cities before and after work . . . and on holidays.

We would include, naturally, power steering. We do this because those of us who have driven power steering cars know that nothing short of a chauffeur can add more to our driving ease.

Now, here's where Ford comes in. Why? Because, in Ford, you can have *all* of these things to the n'th degree and for *hundreds less than you would pay for them in any other car!*

Let's examine these Ford features. Brief yourself on the advantages of the Ford systems as compared with *any* that you are familiar with in any other car. Better still . . . take a Test Drive in a Ford. Then you'll learn first hand why Ford is worth more when you buy it, worth more when you sell it!

Ford Master-Guide power steering lets you turn the wheel with one finger while the car is standing still . . . cushions wheel shock and makes handling easier and safer even on rutted roads. But, *unlike* some others, it gives you a safe

"feel" and it's geared so you don't have to change your driving habits.

The Ford V-8 Engine

is the same type of engine powering America's costliest cars. Yet it's priced hundreds lower than any other V-8 in any other car. It's the super-refined result of Ford's experience building more V-8's than all other makes combined.

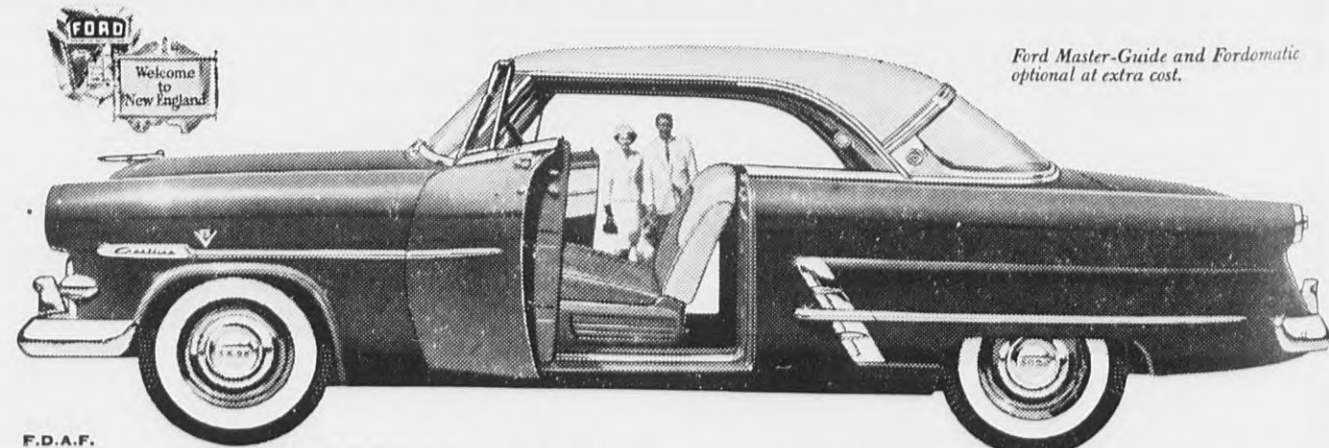

Fordomatic Drive,

unlike most others is really two drives in one. You get the get-up-and-go and savings of automatic mechanical gears *plus* the smooth power-flow of a fluid torque converter. You'll never shift again once you shift to Fordomatic Drive.

Smooth Ride

and other fine-car features are there in a Ford. Ford proves that a car need not carry gas-eating extra weight to smooth you over the bumps . . . to hug the road. And you get the last word in safety, in beauty and in savings too, in a Ford.

Ford Master-Guide and Fordomatic optional at extra cost.
