### Sherman New Moderator; Wilson, Reilly On B. P. W.

Stafford A. Lindsay was elected selectman and assessor by very narrow margins over William L. McDonald; Patrolman Roy A. Russell won a surprise victory over Gordon L. Colquhoun for the school committee and by another close vote the tree and moth departments became divisions of the department of public works in Monday's town election in which 5161 of the 7689 registered voters participated.

The 67.3% of the town's voters who went to the polls also elected Roland H. Sherman moderator, returned P. LeRoy Wilson to the board of public works together with a newcomer, Francis P. Reilly who just nosed out Harold A. Rutter Jr., and put Eugene A. Bernardin Jr. (Continued on Page 12)

### Finance Com. Recommends \$1,659,200 In 1954 Warrant

#### Romeo To Leave Andover Inn

Edward A. Romeo, who for eight years has been manager of the Andover Inn, has resigned his position with Treadway Inns and will leave Mar. 15 to join his father's construction firm, Frank Romeo & Sons, of Patchogue, Long Island, N.Y.

During the time that he has been here Mr. Romeo has taken an active part in civic affairs and has made a host of friends throughout the town and in various local organizations who will regret his decision to leave Andover.

He has long been identified with the Andover Service club and is first vice president of that organization. He is also a vice president of the Andover Board of (Continued on Page Two)

The finance committee in its annual report has approved appropriations in the town warrant which are \$22,000 in excess of the 1953 expenditures, and adds that this will increase the tax rate \$1 per \$1000. The committee's recommendations total \$1,659,200 of the \$1,768,946 requested for 1954.

"As the population of the town steadily increases," the report states, "additional expenses must be incurred to maintain the existing standard of civic administration. Such progress, however, must be guided by prudence, and the policy of the committee is unanimously for 'first things first.'"

Apart from the regular departmental budgets, the report adds, the lar-

### Taxpayers' Assn. Approves Increase In Police Force

#### Abbott Stays As Tree, Moth Foreman

Following the results of the election Monday when the voters decided to merge the tree and moth departments as divisions of the board of public works, George R. Abbott met Tuesday morning with the members of the board and agreed to continue with his former duties. He is now foreman of the tree and moth department.

Mr. Abbot, who had told the selectmen that he intended to relinquish his position if the merger went through, will continue to operate the tree and moth division from the same office headquarters on Park street that his department has (Continued on Page 16)

The Andover Taxpayers' association in its report on the 1954 town warrant approves the addition of one patrolman and one reserve to the police department, but not the addition of a sergeant.

In discussing the tree department budget it does not approve funds for an additional climber nor does it approve \$400 for out of state travel, which it feels is not justified.

The school budget is approved less \$2200 for instrumental instruction. It notes this budget includes \$1500 for elementary school library program.

For the library it approves the budget which includes \$2200 for elementary school library program and adds, "We believe that further expansion of library services should not be entered into."

It disapproves the \$5 weekly raise to employees of the health department; approves the traffic booth in Elm square with the comment that its completion, in effect, will add one patrolman to the police force; disapproves purchase of a new ambulance, saying: "The present facilities are adequate for emergency (Continued on Page 12)

Present area frontage is 75 feet with a 8,500 sq. ft. area. The new proposal is a 50% increase and intended to limit new building in Andover. Lots in Johnson Acres, for instance, are mostly all 100 foot frontage and time has proven this measure to be ample.

### Methuen Wins

Methuen won a berth in the Tech Class B basketball tournament by pulling an upset victory over favored Punchard Tuesday night with five straight foul shots in an exciting overtime period which made the final score 45 to 40.

Although beaten twice during the regular season by Punchard the Methuen five played with a never-say-die spirit at the Tufts college gymnasium which finally paid off with a clutch victory.

Punchard had to come from behind to tie the score in the regulation distance with the Methuen team concentrating on covering Stack and their high scorer, Scott Giles hitting for 24 points.

In the overtime the five foul shots against Punchard proved to be the Blue Devils undoing. Capt. George Hanna of the Blue and White dropped in two in a row with only 55 seconds left to go, making the score 42-40. Capt. Stack missed a jump shot and then Joe Tardie scored a point for Methuen with only 22 seconds remaining. Then just before the buzzer sounded Ed Sterling looped two more through the strings and the Methuen team had its victory.

## Selectmen Protest Welfare Rules

Provisions of recent regulation from the state department of public welfare concerning the conduct of the welfare departments of the state have drawn the ire of the local board of selectmen.

At Monday night's meeting it decided to send a letter of protest to Patrick A. Tompkins, state commissioner of public welfare and Roy E. Hardy, as one of his last acts as chairman of the board, wrote the following, stressing his protest against questions of the religious practices of welfare recipients:

Dear Sir:

I have been endeavoring to assimilate the new regulations that you have issued concerning proper conduct of welfare departments in the Commonwealth of Massachusetts. I have not had time to thoroughly digest them but it would seem to me that these regulations go far beyond the bounds of either reason or necessity.

I am not a graduate sociologist but I have had 18 years on the local board of public welfare, and my years of directorship on different social agencies will amount to over 50 years. I believe that experience and common sense outweigh theoretical social service training although I freely admit that this training is necessary.

The regulations that you propose will set up a bureaucracy in Massachusetts that is way beyond anything that the ordinary sensible man can possibly contemplate. The amount of inspection required will invade the privacy of our homes and in some cases, particularly concerning public supervision of religious practice, is, I believe, entirely unconstitutional.

In the opinion of a good many of us with years of experience in social work, these regulations should be withheld, carefully studied, greatly reduced, and brought within the bounds of reason.

Very truly yours,

Roy E. Hardy

Chairman, board of selectmen

A copy of the letter was sent to Gov. Herter.

## Our Town Meeting

Voters at the town meeting next Monday night will have a warrant of about \$1,769,000 to consider. Department budgets add up to \$1,446,000 and requests in special articles about \$323,000.

The total which the warrant calls for is the largest in the town's history and reflects in a large measure the problems that go with the rapid increase in the growth of this community.

The sums appropriated at the meeting will have a direct bearing upon the tax rate, now \$44, and the action taken on several other articles will go far to determine the trend of the town's future development.

The largest single item in the special articles is that asking for \$80,000 to go with a similar sum appropriated last year for the construction of the Ballardvale sewerage system. It is expected that this amount will be pared down some as the board of public works has called for new bids on the work and Monday night will know the exact amount that will be required to do the job. It is felt that the sum will be much less than \$160,000.

One of the more controversial articles that result in endless discussion is that sponsored by the lay committee on zoning to increase the size of lot frontages and areas in single residence districts.

This question came before the Planning board recently in an hour-long discussion, opponents asserting that the size of the lots set forth in the article were too large. Subsequently the Planning board divided 3-2 on the question, although all were unanimous that some change in present requirements is necessary.

If some compromise is not reached early in the discussion of this article the debate is liable to tie up the meeting with a long drawn out wrangle. Its backers admit that it is only a stop gap measure and that the zoning problems here are so complex that much study will be required to deal with them properly. The plan advanced by the local contractors for lots of 100 foot frontages and areas of 12,000 square feet could readily be accepted as a stop gap measure until further study is made of the problem.

The school housing, a new town house, increased water and sewer extensions are other problems that need consideration. New equipment is needed in some departments, a new traffic booth with signal lights sought for Elm square, and other town improvements are up for consideration.

It should be an interesting meeting.

### ARTHRITIS AND RHEUMATISM By Science Features

Rheumatism and arthritis are two members of the rheumatic disease family — the number one cripples in the country. About 7½ million people are affected in varying degrees and they lose an average of 550 million dollars in wages and spend 100 million for medical care annually, according to the Public Health Service.

Degenerative joint disease or osteo-arthritis is commonly called arthritis and rheumatoid arthritis is popularly named rheumatism. The causes and therefore the cures for both diseases are not known. Doctors recommend rest and freedom from mental and physical strain, proper diets, heat applications and, in the case of rheumatism, a new hormone drug.

Rheumatism is usually regarded as the more serious of the two diseases, sometimes resulting in deformity and crippling. It afflicts three times as many women as men, from 20 to 40 years of age, and is symptomized by fatigue and muscular stiffness, pain and tenderness in the joints of the fingers, wrists, knees and feet.

Causing inflammation in the tissues between the joints, rheumatism produces stiffening of the bone. Any motion then causes pain and the muscles, as a protective measure, tend to immobilize the joint. Rheumatism was found to respond dramatically to hydrocortisone drugs such as Cortril. This compound urges the adrenal gland to release hormones that relieve the inflamed tissues and permit movement of the joint.

Arthritis affects aging people, usually damaging the weight-bearing joints such as the hips. Chronic irritation of the joints and the degeneration of the cartilage and fibers cause pain, aches and stiffness but never lead to disability.

## Down the Years with The Townsman

### 50 Years Ago — March 1904

Special advance sale of men's new spring suits for \$8, with all the style of a \$15 suit. — Adv.

A new pair of horses has been bought for the fire department. The pair driven by Frank Morse has been sold to William T. Higgins.

Plans for the proposed improvements at Punchard, Stowe and John Dove schools are on exhibit in the school committee room.

The young men of the Free church have organized a physical culture class.

In one of the heaviest registrations ever recorded here for town election, 48 names were added to the voting list Saturday. This makes a total of 80 for the three meetings of the registrars.

Cars are now being run from the square to Haverhill after about two weeks' shutdown due to the severe snow storms.

Our Ballardvale correspondent reports: "Two of our popular young men of the Village have received proposals of marriage during the past week. With clergymen in our neighboring city advising the young ladies to make the most of their 'leap year' opportunities such results are sure to follow."

A large and enthusiastic temperance meeting in the Bradlee hall Saturday night was addressed by a representative of the Anti-Saloon League.

President William M. Wood gave a dinner in the Waldorf Astoria in New York Saturday night to about 200 heads of the departments of the American Woolen Co. A spirit of good fellowship was apparent throughout the evening.

The Republican caucus was held Friday evening with a large attendance. The call was read by John N. Cole who drew attention to the fact that it was strictly a Republican caucus and warned members of other parties against voting. B. Frank Smith and Samuel H. Bailey for selectmen were nominated by acclaim. Balloting on candidates from the West district resulted as follows: Samuel H. Boutwell 236, Walter S. Donald 200. For superintendent of streets the balloting was: Joseph T. Lovejoy 258, John S. Stark 134. For town clerk and tax collector, Abraham Marland 331, Edward E. Trefry 43. There was little change in the list of other officers.

About 400 persons of the town held a meeting Sunday night in the interests of good government. From the attendance it was quite evident, our scribe reported, that the citizens of this town will endeavor to keep the sale of liquor from blemishing her name.

### 25 Years Ago — March 1928

Five contests face the voters in town elections Mar. 4. They are: for treasurer, Thaxter Eaton and George A. Higgins; for selectman and assessor, Matthew Burns, Frank Hardy and Roland Luce; for collector of taxes, William B. Cheever and George Page; for auditor, Walter H. Coleman, David

L. Coutts, Henry Sellers and Harry A. Wadman.

The B & M and the street railway company have reached an agreement on the cost of constructing a new bridge over the railroad tracks in connection with the reconstruction of North Main street. The B & M will pay 50 percent, the street railway 10 percent, and the other 40 percent will be borne equally by the state, county and town.

The Square & Compass Glee club will give a concert at the Free church for the benefit of the parish house stage fund.

John J. Driscoll, John S. Bachan and Claude Miner attended the dog show in Boston last week.

Gilbert Chadwick of Troop 1, James M. Gorie of Troop 2, and Leo Sheibler of Troop 6 passed the scout first class test held recently.

The Whatnot on Park st., owned and conducted by C. J. Francis for the last 10 years, has been sold to Mrs. Marion E. Dyson of Ballardvale.

Internal revenue deputies have been assigned to different cities and towns throughout the state to assist taxpayers in making out their returns. Under the 1928 law the rates are: 1½ percent for the first \$4000; 3 percent for the second \$4000; and 5 percent on the remainder.

Ballardvale lost one of its oldest residents Monday with the passing of Bancroft Haynes, 78, at the family home on Tewksbury street.

### 10 Years Ago — March 1944

Lt. Kenneth L. Sherman, on duty with the navy, was re-appointed superintendent of schools and granted a leave of absence "for the duration."

The Andover Male Choir will offer a program of music in the Free church Sunday evening.

The town election Monday promises to be the least exciting in many years. There is only one contest, that for the board of public works where the chairman, Sidney P. White, has for his opponent William J. Snyder.

The Red Cross war drive is now under way here with a large corps of volunteer workers ready for a house-to-house canvass.

Arthur Smith of West Andover was surprised by a group of friends Sunday evening when he became 68 years old and was celebrating his 16th birthday, which was on Feb. 29.

## Sallies Rallying To Complete Drive

Mrs. Robert D. Macartney, treasurer of the Andover Salvation Army appeal, in announcing that the local campaign has reached the half-way mark, expresses her appreciation to the people of Andover for their promptness in making contributions, and on behalf of the committee wants to remind those who have not as yet responded, of the increased demands on the organization for its services of food, clothing and shelter for the needy.

The committee further notes that 98% of the funds collected are spent in this area. The Army has been operating for 70 years in the Greater Lawrence area, serving in every capacity it has been called upon to fill.

Atty. Richard K. Gordon, general chairman of the local committee, adds that the Andover quota is only \$4500 to aid the Army in keeping up its good work during 1954.

**Visiting Nurse Drive Still Short Of Goal**

The current drive of the Visiting Nurse Association of Andover, Inc., has been enjoying success, according to Pres. John N. Cole who announces that \$2500 has been collected to date. This represents 62% of the goal. The drive is not over. Those who would like to contribute may send in donations.

Since July 1, 1950 when this organization was separated from the American Red Cross, the visiting nurse has made 5,466 calls on Andover residents. In that most of these calls have been made on the poor and aged, it is understandably why only 20% of the fees have been collectable.

This is the only drive carried on in town that is completely an Andover affair. All money collected here is used to make up the above deficit incurred in supporting the visiting nurse in the performance of her duties: which consist of changing surgical dressings, administering hypodermics, care of the newborn, care of the aged and convalescents, after operation care, and general bedside care.

No family or individual, regardless of race, creed and color, who requests and needs her help will ever be refused.

The association maintains an office at 8 Elm st., which is staffed by Miss Helen Woodbury, R.N.

The organization has the following officers: John N. Cole, president; Mrs. John C. Young, secretary; Burton K. Jenkins, treasurer.

**Playoff Game**

The playoff game to settle the championship of the Junior division in the Interchurch League resulted as follows: St. Augustine's 19, Ballardvale 6. The game between the League All-Stars and the Punched JV team provided a spirited contest which ended up with the JV five winning 47 to 43.

The winning team in each division was: Juniors, St. Augustine's; Intermediate, South; Seniors, CYO.

The highest scoring team in each division for the season was: Juniors, Ballardvale, 151 points; Intermediates, South, 237 points; Seniors, St. Augustine's, 307 points.

**Blue Wins Meet**

Phillips academy was host last Saturday for the seventh annual New England Prep school meet and by a strong finish managed to retain its crown in this event for the sixth straight year.

It was the Blue's superior manpower that enabled the host team to pick up points in all but two events to wind up with 33 2/7 points as against 32 1/2 for Governor Dummer which finished second mainly through the efforts of Carl Pescosolido, 17-year-old son of a former Haverhill football and track star.

Favored Moses Brown took third with 24 points, followed by Huntington with 21 1/2; Williston 6 9/14; Tabot 5 3/7; Worcester academy 5; Wilbraham 3; Roxbury Latin 2; and Deerfield 2.

**VOTE "NO" ON THE HUNTING QUESTION - ARTICLE 61**

We bespeak careful and objective consideration of the proposal in Article 61 of the Town Warrant which would seek to prohibit hunting in the town except by written permission of the landowner and the Chief of Police.

After an honest study of this matter, our organization believes firmly that there is no need for such summary action and if we are to ask the townspeople to support our position in this belief, we should, of course, share with them the considerations which have made us decide that this plan is not in the public interest.

Let us make clear at the outset that we realize that there have been many deplorable incidents perpetrated against landowners in the name of "hunters." We sympathize readily with the reasons which undoubtedly gave rise to this petition. We submit, however, that there are already on the books adequate laws to protect an aggrieved property owner. These are principally the universally recognized Trespass Laws which give every citizen the right to post his land against the uninvited public and a state law, enforced by the Department of Conservation, to the effect that no firearm may be discharged within 500 feet of an occupied dwelling.

With such adequate legislation already in existence, what is the need for additional overlapping laws and why prohibit once and for all the pursuit by the large majority of law-abiding sportsmen of what can be a healthy and wholesome outdoor sport.

We sincerely have the welfare of Andover in mind in asking this support and know that our own continued successful operation will be possible only to the extent that the interests of the majority in the town are served. Our forefathers thought enough of the worthiness of granting permission to bear arms that they saw fit to deed it to succeeding generations by incorporating it in the Constitution. Such unnecessary action as is contemplated in Article 61 definitely compromises this birthright in our opinion.

Finally, the eminent Town Counsel has ruled that this proposal may not properly come before our Town Meeting until or unless permission is granted by the State Legislature. We feel that this august body has more important fodder to consider which will benefit Andover directly or indirectly to a far greater degree than would a hassle over the question of permissive legislation which we hope we have already proved is unnecessary. Thank you sincerely for what we are sure will be your fair evaluation of this matter at Town Meeting.

(Continued from Page One)

on the Planning board.

There were several features to the annual election which in the past two weeks stirred up considerable interest among the electorate with the large number of candidates competing for the seven places to fill in six contests.

Reports from polling places up to late afternoon indicated that a light vote was being cast but the closing hours found most voting places exceptionally busy with the result that a total of 5161 votes finally was recorded.

As returns reached the office of Town Clerk George H. Winslow for tabulation they forecast the very close battle being waged by Lindsay and McDonald in a field of seven candidates for the offices of selectman and assessor vacated by Roy E. Hardy, who did not seek reelection. The decision was in doubt until the last precinct was recorded when it showed that Lindsay was elected selectman by a margin of 85 votes over McDonald and elected assessor by a margin of 66 votes over the same opponent. Each carried three precincts.

The large vote polled by Roy Russell, one of the two candidates seeking a place on the school committee against Gordon L. Colquhoun, chairman of the board, was the big surprise of the day. Russell ran exceptionally strong taking five of the six precincts.

Vote on merger of the tree department with the BPW, one of the hottest issues of the campaign, resulted in another neck-and-neck contest until the final precinct reported. The vote was close and in the end the merger won by the margin of 121 votes.

The contest for two seats on the board of public works saw Wilson leading all the way but with a nip-and-tuck battle going on for second place between Reilly and Rutter.

Six candidates participated in this contest with Raymond S. LaRosa threatening to break into the second place battle at any time. The result was in doubt until returns from the final precinct were received, giving Reilly a total of 1729, Rutter 1615 and LaRosa 1018.

Eugene A. Bernardin Jr. polled a strong vote in every precinct in the contest for Planning board. He led in four of the six precincts and received a total of 1956 to 1674 for Joseph Allen, who was high man in two precincts in a three-man contest.

Precinct officers established a fine record in tabulating the heavy vote. Precinct 2 at the Square & Compass club was first to report at 8:10 p.m., an hour and 10 minutes after the polls closed. Precinct 4 came in three minutes later to be followed by Precincts 3, 6 and 4 before 9 o'clock, and finally Precinct 1 at 9:02 p.m.

gest expenditure authorized is in connection with the sewage project for the Ballardvale section. At the last town meeting the expenditure of \$80,000 was authorized to engineer and construct a system of sewers in that locality, and a treatment or purification plant before discharge of the wastes into the Shawheen river. The first bids submitted for constructing such a system were found to be considerably in excess of the amount authorized. So no work was started, and the entire matter postponed for further action at this town meeting for 1954. This postponement was approved by the board of health, board of public works and the finance committee. New bids have been invited, and, at this writing, it is not possible to ascertain what additional appropriation will have to be made to the \$80,000 already approved, in order to proceed to the completion of this project.

Looking forward to the future, a further extension of the educational facilities of the town will have to be faced. To this end the committee has recommended appropriation in the amount of \$10,000 for professional study of the particular problems raised by the expanding junior and senior high school populations. Furthermore, it recommends that the recreational facilities for the entire school population be im-

The committee approves the new traffic booth in Elm square; the relief sewers in Chestnut, Elm, Essex and other streets; the widening of the upper part of Summer street; resurfacing of the Central playstead, and \$1000 for repair of the Community rooms in Ballardvale.

The committee disapproves the purchase of a new ambulance for the fire department but recommends an appropriation of not over \$1000 to overhaul and maintain the present Cadillac ambulance.

**Junior Red Cross To Send Gift Boxes**

The week of Mar. 8 - 15 will be Junior Red Cross Gift Box week, according to Gladys Thomson, president of the local chapter.

The Junior Red Cross Gift Box program is an activity that gives boys and girls, in school groups, an opportunity to prepare and send boxes filled with useful articles to children of other countries. Members of the Andover Junior Red Cross will assemble and package gift boxes which will be distributed through Red Cross societies to individual children in schools, institutions, and DP camps.

The Junior Red Cross of Andover, although it raises its own funds and carries on its own work, also helps the senior chapter. Members of the junior group distributed flyers initiating the adult residential drive for members and funds. They were assisted by the following volunteer drivers: Mrs. Paul Gibbons, Mrs. John Moriarty, Mrs. Lucille Allen, Mrs. Mae Robbins, Mrs. Betty Gorrie, Mrs. Carl Holch, Mrs. William McKeown, Mrs. Harold Cookson, Mrs. Betty Goddard, Mrs. Cora Ozoonian, Mrs. Edward Douglas, Miss Georgia Stanley and Mrs. James Gibbons.

Report day, which will close the annual Red Cross membership and fund drive, will be held Mar. 9 at Red Cross headquarters.

**Whittier Decries Shooting At Capitol**

In a talk before members of the Andover Catholic club last Monday night Lt. Gov. Sumner G. Whittier branded as "ugly stupidity" the shooting of five congressmen at Washington.

"The use of guns to decide governmental issues takes us back into ancient history. . . . This is an example of ugly stupidity at its worst."

Continuing his comment on the shooting of five members of the house of representatives at Washington Monday by a group of Puerto Rican nationalists who shouted for freedom of their homeland, Lt. Gov. Whittier said:

"The shooting of the several congressmen is particularly terrible not alone because of the seriousness of the crime itself but because it is so out of keeping with the American tradition.

"Persons who come here from other countries where dictatorial strong men were in power have been amazed at the accessibility of the average public official."

He noted that public walk the streets freely without protection and would hate to see cordons of protection any heavier around them. Lt. Gov. Whittier also spoke in Lawrence Monday night in connection with the shooting of the Red Cross
