After Fire Chief C. Edward Buchan made a motion to accept the article as read Selectman Sidney P. White said that the ambulance is in very good condition and that he had received a letter from the

By the overwhelming vote of 792 to 109 the zoning amendment to increase the lot frontages and areas in single residence districts was approved as read by voters at the town meeting Monday night.

The plan, which will not be effective until approved by the attorney general, provided frontages of not less than 125 feet and areas of not less than 15,000 square feet within a one-mile radius of the town house, and within a half-mile radius of the Ballardvale fire station and Shawsheen square; and frontages of not less than 150 feet and areas of not less than 25,000 square feet beyond.

### Engine 3 Damaged In Auto Accident

Engine 3, the town's newest piece of fire apparatus, was struck by an auto while responding to an out-of-town call to assist North Andover firemen last Thursday afternoon and was temporarily put out of service.

The accident happened at Wilson's corner, North Andover, shortly before 2 p.m. Police of both towns investigated and reported that the passenger car, operated by Carl J. Jannetti, 25, of 239 Merrimack st., Methuen, cut to the right of a bus that had stopped for the apparatus and smashed into the left front fender and door. The truck was pushed some distance across the street by the impact. Police reported that Jannetti believed the bus was going to make a left turn. His car was badly damaged.

Fireman Gordon Coutts, who was operating the fire apparatus, Woodrow Crowley, James Deyermund and James Moore, the latter a callman, were shaken up. Deyermund was treated by a doctor.

The call was for a fire that destroyed a barn about 20 feet from the 16-room home of Mr. and Mrs. Gerard Chapin, 140 Prescott st., an old North Andover landmark.

The local firemen continued to the fire after the accident and fought a stubborn grass fire that had spread from the barn. The house was saved.

Jannetti was examined at the Lawrence General hospital and later taken by Patrolman Robert Deyermund to a dentist who found five teeth had been loosened.

of Women Voters. John R. Abbot, architect and chairman of the committee, sponsored the petition.

A report of the Planning board relating to a public hearing on this article was read, showing that three members of the board were in favor of it and the other two, who made a minority report, recommended lot frontages of not less than 100 feet and areas of 12,000 square feet.

Atty. Fredric S. O'Brien, a member of the lay committee, spoke for adoption of the article as read, stating that it was needed to curb out-of-town contractors from coming here and crowding a number of houses in developments near the two proposed new highways.

Atty. Vincent F. Stulgis felt that it was definitely discriminatory and made a motion to amend the article to read 100 foot frontages with 12,000 square feet areas.

Chester L. Yeaton, who has lived here 45 years, said that he had the largest undeveloped area on Elm street with about 69 house lots. He referred to a nearby development as "chicken coops." He felt that adoption of the article would be a hardship on lots of people who have land here.

Roy E. Hardy, who had an aisle seat on the floor, was greeted with with applause as he stepped to the microphone to speak on the article.

"Thank you," he smiled, "I hope you feel the same after I stop speaking." He favored the adoption of the amendment. Referring to the recent development on Elm street he said that they meet with the present requirements and are an example of what might happen unless some preventive measures are taken.

Others who spoke on the article were Charles Dufton, Jere Dyer, C. Carleton Kimball, John R. Abbot, Dr. Sullivan, Roger L. Lewis

and Joseph Allen.

The motion to amend the article was defeated.

As passage of the motion to accept the article required a two-thirds vote, a standing vote was taken and the measure carried with 792 in favor and 109 against, a total of 901 votes.

Discussion of this article took just 58 minutes.

Article 8 was then taken up to see if the moderator would be authorized to appoint a committee of seven to nine members to study zoning problems of the town and recommend changes to the town meeting.

Thomas V. Sullivan, opposing the motion for acceptance, said that the town has a Planning board and they should be requested to study the zoning problems and recommend changes in the zoning laws. He moved to amend the article to that effect but the amendment lost.

A motion to accept the motion was carried after which many got up and left the auditorium.

A few minutes later a vote on Article 9 was carried by a standing vote of 716 to 2, a total of 718 votes.

over the present tax rate of \$44. Attendance at the Memorial auditorium was the largest in recent years. Fred L. Collins, custodian, said that with several hundred chairs in the gym, which opens on the auditorium, there were seating arrangements for about 1300. About an hour after the meeting started all seats were filled and about 50 persons were standing under the balcony. The official attendance checked by precinct officers at the door was 1133.

Atty. Roland H. Sherman, the new moderator, called the meeting to order at 7:03 p.m.

The Rev. Roy E. Nelson Jr., pastor of the Baptist church, offered prayer and Chairman J. Everett Collins of the board of selectmen led in the pledge to the flag.

A group of non-voters and Mr. Igoe's civics class were admitted by a unanimous vote.

As Town Clerk George H. Winslow was ill at his home the call for the meeting and the first articles in the warrant were read by Chairman Collins.

Under Article 2 Arthur W. Cole was elected a trustee of the Cornell fund for three years.

When article 3 was read calling for a \$5 increase to full-time employees of the BPW, the motion for adoption was not seconded and the article was disposed of without further action.

Under Article 4 the salaries of elected town officers were established as they were last year.

Under Article 5 appropriations of \$1,424,692.80 were voted for department budgets.

The increase sought for disability assistance was explained as necessary to take care of the increased demands in public welfare. This particular amount of \$10,300 was for non-citizens and those not entitled to old age assistance, 75% of which will be returned from the federal government.

It was explained that the \$1000 for civil defense, for which nothing was appropriated last year, included \$500 for uniforms for the auxiliary police, \$250 for the director and \$250 for expenses. Last year the office was carried on with \$500 left over from the 1952 appropriation.

For the library a total of \$44,204.50 was voted, \$39,209.36 to be raised by taxation and the other sum, \$2395.14 to come from dog tax receipts.

The sum voted for snow removal and sanding was reduced to \$14,500 from \$20,000 due to the open winter.

Chairman C. Carleton Kimball of the school committee explained that the increase of approximately \$55,000 in the school department budget was due to several factors; the big increase in the school population which is still growing; the regular annual increments in teachers' salaries, although there was no basic change in the salary scale; provision for four new teachers; \$2230 for teachers of instrumental music in the high and junior high schools; and the increased costs of heating, lighting, transportation and maintenance.

Mr. Kimball said that the appropriation in 1953 was inadequate and an additional sum had to be obtained to complete the year. Actually, he added, the increase is only about \$20,000 over last year.

On motion of George A. Grant, president of the Andover Taxpayers' Assn., it was voted, that as the meeting could not change the school department appropria-

tion, it be the sense of the meeting that the \$2230 for music instruction be omitted from the budget. The budget was then voted in its entirety.

This part of the meeting lasted until 8 p.m.

Taking up Article 6 on rent control Chairman Collins said that it has proved to be unnecessary and felt that it should be brought before a full town meeting. It was established by a special town meeting last August and will expire June 30. The article rescinding the action taken at the special town meeting was adopted.

The articles to appoint a town office building committee; to appropriate \$5,063 for a traffic booth with control lights in Elm square; and to register bicycles, were approved, the latter minus the \$100 appropriation.

On the question of an additional appropriation for the Ballardvale sewerage project it was voted to appropriate \$30,000 plus a transfer of \$30,000 from available funds to complete this project. The article was adopted without discussion. With the \$30,000 available from last year it is expected that the project can be completed within the \$140,000 now allotted for this work.

This article was reached at 10:29 p.m.

Article 34 to extend a water main 1600 feet along Brundrett avenue northerly from river road to the property of Jacob Shalakis, caused considerable discussion highlighted by a plea of Mrs. Helen Cooper of River road, a neighbor, to extend this service to the elder-

ly couple who have maintained their farm there for years, having to carry water for their cows often in bad weather. Roger H. Lewis, also appeared among those in favor of the article. On a standing vote the article was carried, 160 to 135.

It was 11:05 p.m. when this matter was settled.

Other articles were acted upon and at 11:30 p.m., after Article 39 had been withdrawn, it was decided upon motion of former Selectman Roy E. Hardy, that Articles 62 and 63 be taken up.

The transfer of \$20,000 from Overlay Reserve to the Reserve fund was approved and the article to allow the assessors to use \$60,000 free cash to reduce the 1954 tax rate was approved.

Article 42 to appoint a school building committee to study the needs and make preliminary plans for expanding the high school was approved with an appropriation of \$10,000 for the work.

During the discussion of this article the question of a quorum was raised and Moderator Sherman said he felt a quorum was still present.

Selectman Sidney P. White asked those present to stay a few minutes longer so that they could finish the business of the meeting. He felt that there was a quorum "and a little over" present at the time.

Article 43 regarding an increase in certain retirement allowances brought up considerable discussion and as a two-thirds vote was required to pass it, a standing

## The Ides Of March

The sixteenth amendment to the constitution which became effective in 1913 and gave the federal government the power to lay a direct tax on the incomes of the people, was the seed from which the socialistic welfare state idea grew in this country. Actually, not one of us has a constitutional right remaining to one penny of our income.

The unlimited power to tax the incomes of the people reversed the basic concept of government on which our republic is founded. It made government master of the people, rather than their servant.

Most of us, still startled by the tremendous chunks of our income that went to pay federal taxes last year, begin to agree with the idea that the only way to prevent confiscatory taxation is to now limit, by constitutional amendment, the income taxing power of government.

This is forcibly brought to mind by reading in The Townsman of 25 years ago that under the 1928 law the rates were 1 1/2% on the first \$4000; 3% for the second \$4000, and 5% on the remainder.

What a difference with what you are paying today!

## The Deadliest Killer

Every American was horrified at the ghastly death toll of the Korean war.

Yet last year alone accidental deaths accounted for three times as many victims as that war. Some 95,000 people died unnecessarily — traffic accidents being the Number 1 killer with 38,000 — and 9,600,000 were injured. The economic cost to the nation is estimated at more than \$9,000,000,000.

The president of the National Safety Council made a memorable commentary: "We do not believe that any civilized nation can long endure this tragic and disgraceful waste of manpower and resources from accidents that are avoidable."

### PROPER POSTURE By Science Features

"Stop slouching and stand straight," is excellent advice often given to children with poor posture. Undue stress is put on muscles and weight-bearing joint surfaces by incorrect carriage. This can lead to fatigue and pain that may result in muscular tightness and a limitation of motion.

Deformities are often found during routine physical examinations, according to Dr. John G. Kuhns of Boston University. A child has normal posture if the head is balanced over the torso without any forward or backward displacement, the chest projects further forward than any other portion of the body, the spine has proper curvature, the stomach does not protrude and the shoulders do not stoop.

If the chest is out, the doctor says, the shoulders cannot be rounded since the same muscles control both. If the stomach is pulled in, knock-knees and "duck" feet are unlikely to occur. The common deformities result when one or more correct posture habits are not in effect.

Posture should be taught to children when the youngster begins to stand and walk. The child should understand what he is doing wrong and should get a full explanation and examples of proper posture, the doctor added. If corrective exercises are necessary, they should be given by a doctor to develop coordination and balance in the muscles as well as an awareness of good carriage.

### T.B. Patch Test For P.H.S. Pupils

An assembly will be held at Punchard Monday, Mar. 15 for grades 9-12 to acquaint the pupils with the purpose and procedure of a tuberculin test. Explanatory letters with detachable slips to be signed by the parents will be distributed.

The school nurse will be in charge of the program which will be carried on by the school department in cooperation with the Andover Board of Health, Essex sanatorium, and the Essex County Health association.

Pupils who have a positive reaction to the tuberculin test will be X-rayed in the Punchard High school by Henry Wilson, X-ray technician, of the Essex County Sanatorium.

A positive tuberculin test does NOT mean that the individual has tuberculosis. Rather it signifies that at some time the tuberculosis germs have entered the body.

Since only one student in 2,000 is found to have the disease, there is no expectation that a case of T.B. will be found. However, a program of this kind does find early cases in time to cure the disease.

## Down the Years with The Townsman

### 50 Years Ago — March 1904

The annual town meeting voted appropriations of \$181,405. Many improvements were voted and \$45,000 appropriated for a central heating plant for the central schools. Other appropriations included: Horses and drivers, \$4500; fire department, \$3500; police department, \$2400; town officers, \$5700; school maintenance, \$29,000; school houses, \$2000; school books and sundries, \$2200.

In a disastrous fire last Monday night the house, barn and out buildings owned by Bartley Conlon in the Abbott district were burned to the ground. The fire is believed to have started from a defective chimney.

At the annual meeting of the West Parish society the following were elected: Moderator, Edward W. Burt; clerk, Frederick S. Boutwell; treasurer, Peter D. Smith; assessors, Granville K. Cutler, Frank H. Hardy, Arthur T. Boutwell; sexton, Edward F. Abbott.

Plans are being drawn by Architect William P. Regan of Lawrence for a new parochial residence at St. Augustine's church.

A charter has been received for the proposed new Rebekah lodge which local Odd Fellows and ladies are going to organize here. It was voted to name the lodge "Indian Ridge."

The Manila Times of Feb. 1 carried a lengthy story telling of the good work which the Rev. D. J. O'Mahoney, formerly of St. Augustine's, and the Rev. John McErlain of Lawrence, are doing there.

An English brain specialist, who sees motor cars reaching a speed of 80 m.p.h., says that he would not be surprised if at that time a new class of patients appeared, namely, "motormaniacs."

The stage is being set for a clash of armies to determine whether Japan or Russia shall control Manchuria.

Another step toward the inevitable absorption of Siam by France has been taken in the conclusion of a treaty where by the boundary line is pushed farther to the west.

### 25 Years Ago — March 1929

George Higgins, for 20 years town clerk and treasurer, was defeated for the latter office by Thaxter Eaton, 1354 to 1295 at the town election. Mr. Higgins was without opposition for the office of town clerk. This is the first time the offices have been separated. Frank H. Hardy was re-elected selectman and assessor. Only 2746 voters, or about 60 percent of the total, went to the polls.

"Quarantined," a three-act comedy was successfully presented by the A.P.C. sorority of the South church for the Shawsheen Village Woman's club.

A St. Patrick's day program was held at the meeting of Indian Ridge Rebekah lodge Monday evening. Mrs. Leonard Saunders was in charge of the program.

Joseph Melanson, 8, of Bailey rd., West Andover, was accident-

tally shot Saturday when a double-barrelled shot gun was discharged in the hands of his brother, Fred, 9. The boy is in St. John's hospital, Lowell, with a bullet wound in his left side, and is expected to recover.

John J. Nelligan of Chestnut st., and Benjamin F. Cameron of Maple ave., are recovering from injuries suffered in an auto accident on an ice-coated roadway in Methuen early Saturday morning. Frank Wilson of Methuen, driver of the other car, was instantly killed and five others injured.

### 10 Years Ago — March 1944

Fred Butler, town moderator and a member of the county commissioners since 1923, passed away at his home, 111 Main st.

Howell F. Shepard, former chairman of the board of selectmen who relinquished that position to join the coast guard and later received a medical discharge, became the town's moderator Monday on a write-in vote, filling the vacancy caused by the death of Fred Butler. Sidney P. White was re-elected to the board of public works; Dr. William V. Emmons became the new member of the board of health succeeding George Brown, and G. R. Abbott became the town's first three-year tree warden in the recent election.

Some 35 tons of paper were collected in Sunday's drive. There were 35 volunteer truck owners and over 60 boys from Punchard and the Junior high school who participated in the house-to-house canvass.

### Abbot Academy

On Saturday, Mar. 13, music students of Miss Friskin, Miss Tingley, Mrs. Monbleau and William Schneider will take part in a student recital to be given at 7:30 p.m. in Davis Hall. The recital will include piano, voice and violin numbers.

On Sunday night, instead of the regular vesper service, Abbot will have another interesting musical event, a concert of chamber music in Davis Hall at 7:30 p.m. Miss Kate Friskin, piano, Einar Hansen, violin, and Jacobus Langendon, cello, will play selections from the works of Beethoven, Sammartini-Salmon, Ravel, Saint-Saens, and Schuman. Mr. Hansen and Mr. Langendon are members of the Boston Symphony orchestra. The public is cordially invited to both recitals. There is no admission charge.

An exhibition by L. Vladimir Goriansky of Andover is now being shown in Abbot's John-Esther Art Gallery. The display, broad and interesting in scope, contains both oil paintings and water colors. The public is cordially invited to view the exhibit. The gallery is open every day on week days and can be opened upon request on Sundays.

Zenith Radio Corporation  
Hearing Aids  
Chicago, Illinois

Dear Sirs:

Nine times out of ten when a man sits down to write an open letter, he's got a gripe he wants to get off his chest. Well, this letter is that "one out of ten" - it's a pat-on-the-back for a fine company that has some just praise due it.

What I'm trying to say is that I think you folks at the Zenith company, makers of those world famous radio and television receivers, have turned out a new hearing aid which is destined to be world famous too. Of course, every Zenith Hearing Aid I've ever sold has always been outstanding, but to my way of thinking your new 3-transistor "Royal-T" Hearing Aid, with no tubes, is the masterpiece of all.

But that's what I like about selling your Zenith Hearing Aids. You always seem to be trying to outdo yourself to make a finer hearing aid. That's important. Another important thing is the fact Zenith Aids are priced low. My customers could pay \$200, \$250 . . . any price . . . for other makes, but they still couldn't get a finer aid than the Zenith.

I'm not forgetting that my own profits are lower per instrument when I sell Zenith Hearing Aids. But here is a funny thing. Funny? I mean, wonderful. Although I make a relatively small profit on each Zenith Hearing Aid, I don't mind a bit. How come? Because I make more sales . . . and of equal importance, I make more staunch friends for myself and Zenith. And at the same time I'm helping to "lower the cost of hearing".

If the "Royal-T" sold for over \$200 - as is the case with some other transistor hearing aids - I could very easily allow a trade-in of \$50 or so on my customers' old instruments. But my margin is too small to permit taking a loss on trade-ins. And you can be sure my customers know the facts. They can buy a "Royal-T" for only \$125, keep their vacuum-tube hearing aid for a spare and have two hearing aids for less than what some other 3-transistor aids would cost even with a trade-in of \$50 or so. And do they like the unbelievably low battery operating cost of only 15¢ a month the "Royal-T" offers!

I like what Zenith makes possible for me to offer hard-of-hearing folks. When I sell a Zenith Aid, I can say "try it for ten days on Zenith's guarantee - try it at home, work, church, theatre, anywhere. And if you don't hear better, simply return the instrument in 10 days and get back your money."

I like Zenith's After-Purchase Protection Plan . . . a 5-year deal that, to my knowledge, can't be beat. I like Zenith's 1-year Written Parts Warranty. And do my customers like those features!

To sum it all up: Thank you Zenith . . . and I only wish there were more organizations like yours in this old world of ours. You and the public now know why I am proud to handle Zenith Hearing Aids.

Most sincerely,

*John H. Grecoe*

local agent that it could be put into A-1 condition mechanically with a motor job costing \$300.

Chief Buchan said that he had been in touch with the local agent and the price given him was from \$1200 to \$1500 to put it in first class shape and that he was asking for that amount, not for himself but for the people of Andover.

John M. Mackenzie explained that there are two ambulances in the fire department, one 17 years old and the other seven. The plan was to junk the older machine, now just kept for emergency use, and use the seven-year-old machine for emergencies if the new one was purchased.

Vincent Treanor of the Andover Taxpayers' Assn., said that the ambulances were for emergency purposes and if they were used only for the purpose for which the town appropriated the money originally they would not have so many calls.

John F. O'Connell arose to speak on the question and was given a round of applause as he stepped toward the microphone. He favored the article.

Others heard in the discussion were Wallace E. Brimer, Deputy Fire Chief Henry L. Hilton, School Committeemen Roy E. Russell and C. Carleton Kimball and Atty. Fredric S. O'Brien.

During the discussion Chairman J. Everett Collins, speaking for the assessors, observed that in going over the warrant with former Selectman Roy E. Hardy, they felt that an increase of not less than \$2.50 in the tax rate would be forthcoming this year.

A motion that the article be withdrawn was defeated.

A motion that the appropriation of \$1000 to overhaul and repair the newer ambulance, as recommended by the finance committee, was defeated.

On a motion to accept the article it was defeated by a standing vote of 327 Yeas and 338 Noes.

At the end of the meeting James F. Robjert of the Andover Taxpayers' Assn., moved that the meeting appropriate funds to get the ambulance repaired but this was not seconded.

### DAR To Present Flag To School!

Priscilla Abbot chapter N.S.D. A.R. met Tuesday at the home of Mrs. William Trow with about 35 members and guests present.

It was voted to hold a bakery sale Mar. 27, also to keep on with the birthday box for another year.

This year's collection from the birthday box will be used to purchase a flag for the Central school to replace the present one which is badly torn.

This flag will be given in memory of Lt. Cmdr. Allan C. Edmonds, USN, who lost his life as a fighter pilot in World War II. He was a former pupil in the old John Dove

school as was his sister, the regent, Mrs. Roland Weeks, and his mother, the secretary, Mrs. E. C. Edmunds.

Mrs. Margaret Anderson Dodge, assistant at the Historical House, was speaker of the afternoon, giving a very interesting talk on the restoration of Williamsburg, Va.

The nominating committee was appointed. Members are Mrs. Henry Stevenson, Mrs. Arthur Reeves and Mrs. Harry Donovan. They will select officers for the coming year and report at the annual meeting in May.
