Townsmen Classified Ads Have Appeal

The advertising influence of the Andover Townsman continues to grow.

In last Thursday's issue 27 separate ads appeared in The Townsman's classified advertising columns. This total of 148 lines represents the highest total lineage of classified ads for one issue in The Townsman's modern history.

Not only that, but in addition to the ads from Andover there were ads from eight other near-by communities: - Melrose, Wilmington, North Reading, North Wilmington, Lawrence, Methuen, Georgetown and Haverhill.

The readership of classified ads and the attention they command has always presented an interesting sidelight on people's newspaper reading habits.

Woman's Club

The Shawsheen Village Woman's club will hold a meeting at the Andover Country Club at 2:30 p.m., Friday, Apr. 2. This will be in addition to the meetings already scheduled and will make up for the one which was cancelled in January because of inclement

weather. Mrs. Claire Richards of Groveland will give a talk on flower arrangements and will demonstrate some of her beautiful work. Mrs. Richards is well known to club members, as many of them have taken flower arrangement classes with her in the past. There will be no business meet-

ing, but tea will be served by the hostesses, Mrs. Harold Gens and Mrs. Harry Clough and their committee.

Attend Preview

Several members of the club attended the preview at the New England Mutual Hall in Boston last Friday, in the quest for new programs for the next club year. They were Mrs. G. Edgar Best, Mrs. T. Edwin Andrew Jr., Mrs. Norman Miller, Mrs. Walter Caswell and Mrs. Edwin Bramley.

Dramatic Department

The Dramatic department of the Shawsheen Village Woman's club met at the Andover Inn Friday afternoon, with Mrs. Harold Gens presiding at the business meeting, in the absence of the chairman, Mrs. Richard Locke. Mrs. William Thompson, who was in charge of the program for the afternoon, presented Miss Eleanor Tucker of the faculty of Abbot academy, who gave an illustrated talk on her travels in Europe and Greece. Other members of the program committee included Mrs. Walter Wilson Jr., Mrs. Andrew Baillie, Mrs. Richard Anderson, Mrs. John Lowe and Mrs. David Fox. A coffee hour preceded the meeting in charge of the following hostesses: Mrs. John Guild, chairman; Mrs. John Holden, Mrs. Andrew Innes, Mrs. Thomas Neil and Mrs. Robert Robichaud. The next meeting will be held Apr. 23 instead of Apr. 16, as was originally scheduled.

Cub Scouts

The cub scouts of Pack 71, Shawsheen, went on a field trip Monday afternoon, to the Cross Coal Co., in Lawrence. Here they watched coal operations as part of their current study of "black gold". Another part of their program is cooperating with President Eisenhower, who has asked for help in conserving our natural resources. To do this, the cubs are making bird houses, which they will set out and keep supplied with food.

They are also preparing for their part in the scout exposition, which will be held at the Phillips academy cage on Saturday. The cubs will maintain a booth, showing handcraft made during the year, and each den will man the booth for an hour, showing different projects on which they are working.

Just Desserts Party

The committee for the "Just Desserts" party, which will be held in the Shawsheen school hall, at 7:30 p.m., Friday, Apr. 2, met at the home of Mrs. Andrew Innes on Canterbury st., last Thursday morning. Final plans were made for the party and tickets distributed to all members. Those attending were: Mrs. George Harper, Mrs. Joseph Daly, Mrs. Andrew Innes, Mrs. Thayer Warshaw, Mrs. James Tighe, Mrs. Allen Flye, Mrs. James Wilson and Mrs. Howard Wahlberg.

The room mothers will also help in the distribution of tickets, and anyone desiring same may obtain them from the following room mothers as well as above committee members: Mrs. Archibald Davidson, Mrs. Francis Reardon, Mrs. David Petrie, Mrs. Hollis Fowler, Mrs. Joseph Gibbons, Mrs. Douglas Howe, Mrs. Harold Haller, Mrs. Morris Campbell, Mrs. Richard McGovern, Mrs. F. Jerry Leone, Mrs. T. Edwin Andrew Jr., Mrs. Ernest Krakauer, Mrs. Alfred Hahnenstein, Mrs. Knut Hansen, Mrs. James Batterbury and Mrs. John Tansey.

New Patrolman On Police Force

Frederick K. Welch of River rd., was appointed a permanent patrolman by the selectmen at Monday night's meeting, funds for the addition of one more permanent man having been provided in this year's police budget. His name was first on the civil service list from which the appointment was made.

The appointment is the first addition to the department since 1948 when parking meters were installed here. The department is now made up of a chief, two sergeants and 15 patrolmen.

The new officer was born in Lawrence, Apr. 23, 1924, educated in the schools of that city, graduated from Lawrence High school and shortly afterward entered the navy as pharmacist's mate in 1942.

Upon discharge from service in October, 1945 he became a salesman for the Professional Equipment & Hospital Supply Co., of Lawrence. He later removed to Andover and was appointed a reserve officer here in July, 1949.

He re-entered the navy in November, 1950 and upon receiving his discharge a year later he rejoined the Lawrence firm as a salesman.

He was reinstated as a reserve Dec. 6, 1952 and recently has been filling in for Patrolman Calvin Deyerdmond during the latter's illness.

Married to the former Helen MacMillan the couple have three children, Frederick Jr., 8, Pamela, 5, and Jill 1½ years old.

On the reserve list now are the names of Duncan McE. Cairnie Jr., 86 Haverhill st., Russell H. Berthel, 172 Elm st., and Jacob Jacobson of River rd. The town is entitled to five reserves. This list is expected to be filled after the state-wide exams to be held Apr. 10 which will establish eligible lists for cities and towns under civil service.

The selectmen deferred action on the petition of Anthony J. Durso of Andover st., Ballardvale, to keep and store gasoline until the board has viewed the premises.

A delegation from Lockway road appeared at the meeting seeking aid in preparing their street for public acceptance. A sewerage and

drainage problem was discussed, the residents noting that they are contemplating getting a right-of-way through adjoining property to enter the sewer on Wolcott avenue. Other measures were discussed to have the street meet the town requirements.

The name of John J. Driscoll, storekeeper, of 36 Summer st., was drawn for jury duty at the session of superior civil court opening at Newburyport Apr. 20.

The bid of the Shawsheen Motor Mart for two police cruisers to cost the town \$1350 for both was accepted. Cost of the new cars is \$2024 each, plus extras of \$205.19 each. The trade in allowance on two present cruisers is \$3108.38, making the balance \$1350.

The Interchurch Basketball League has just closed its seventh year with the most successful season it has enjoyed during its existence.

A total of 214 boys from all parts of the town were registered in the three divisions of the League and completed a schedule of games which provided a lot of stirring competition during the winter months.

The number of boys who participated is a source of great satisfaction to the sponsors of the various teams, yet the success of the organization is measured in more ways than in numbers.

As a community project it provided a wholesome outlet for the activities of these youngsters and gave them a chance to meet in a skillful sport under the supervision of competent officials.

Its further value to the community is seen in the number of its members who eventually find their way into the basketball squads at Punchard. Much of the latter's prowess on the courts in the past several years stems from the earlier training and experience a great many of the players received while members of some Interchurch team.

The fine success of the League required a lot of work on the part of many individuals. Only those who have taken part in promoting an organization of this kind know the hours of planning and effort that go into keeping it running smoothly.

To these capable and energetic officials the boys in the League and the citizens of the town owe a very sincere vote of thanks. The organization and the sport it provides are a credit to the community.

Some Difference

Some people may wonder why a certain amount of government financial aid to American merchant shipping is needed if our flag is to remain on the high seas.

One set of figures should be sufficient to provide the answer. A study was made of the difference in wage costs between leading maritime nations, using a C-2 cargo ship as a typical example. It was found that wages ran \$4,100 a month on a Japanese vessel; \$5,100 on a German or Norwegian; \$5,600 on a British, and on up to \$6,900 on a Dutch ship. By contrast, the figure was \$24,500 a month for an American-flag ship — three to six times that of our principal competitors.

The situation is comparable in the case of other costs involved both in building and operating merchant vessels.

This is why it has long been government policy to make differential-payments to American ships serving the world's essential trade routes. These payments have worked out to about 25 cents per year for each person employed in this country. That's certainly a small price to pay for the survival of a service that is vital in both peace and war.

OUR USELESS SINUSES

By Science Features

The body is called one of the most efficient machines but some of its parts could be done away with for they have no other function except to cause us trouble. The sinuses—cavities in bone or tissue—are the chief offenders.

There are eight sinuses, set in pairs in the cheekbone, the forehead under the eyebrows, under the bridge of the nose and in back of the nasal passages. Lined with mucous membrane, they all have drainage holes into the nose.

The trouble starts when the sinuses become irritated, infected and clogged-up from colds, smoke, dust and emotional strains. City folk working in poorly ventilated rooms suffer more than country dwellers.

Usually all the sinuses are affected and the slow sluggish discharge of mucous is blocked. The cavities fill up making a splendid breeding place for microbes and causing pressure that results in splitting headaches and a nasal and post-nasal discharge or "drip."

The disease, called sinusitis, is recurring and antibiotics are used in the treatment. Dr. Pedro A. A. Cuya conducted a series of tests in Lima, Peru, where terramycin was effectively used to kill the microbes lodged in the cavities. Doctors also alleviated some of the symptoms by opening and flushing the plugged-up passages, allowing the natural flow of mucous.

Harrison To Head Athletics At P.A.

Fred H. Harrison will succeed Montville E. Peck as director of athletics at Phillips academy upon the latter's retirement scheduled for June 1955, according to an announcement made by Headmaster John M. Kemper.

"Ted" Harrison, a former Lawrence high, Phillips academy and Yale star, has been prominent in baseball, football and hockey, and during the past year at P.A., served as head coach of hockey. His team finished in a tie for the championship of the Greater Boston Prep school league.

He joined the faculty of the Berkshire school in 1946 and coached baseball, football and basketball. He became a member of the P.A. faculty in 1952 as a member of the English department.

Harrison received his A.B. degree at Yale and in 1950 obtained his master's degree at Trinity college.

Down the Years with The Townsman

50 Years Ago — March 1904

Many local people distinctly felt the earthquake which occurred at 1:05 a.m. Monday throughout New England.

Walter Lamont is a candidate for captaincy in the Lawrence Canoe club.

Many local people attended the performance of DuBarry, with Mrs. Leslie Carter as leading lady, Tuesday night at the Lawrence opera house.

A Women's town meeting will be held at the South church Apr. 12. Tickets are now on sale for this comedy.

A novel sight in Ballardvale last week was the moving of a small barn across a frozen stream.

Candidates for the Ballardvale baseball team are asked to present their names to Michael Flaherty.

There will be no lack of words at the Women's town meeting, we tip.

The Goldsmith prize speaking contest will be held in Punchard hall tonight. The entrants are: Seniors, Ethel Eaton and Walter Thompson; juniors, Ella Barton and Edward Hammond; second year class, James Gillen and Winifred Symonds; first year class, Marjorie Davis and Frank Smith.

Nikola Tesla writes in the Electrical World regarding his plan to transmit electrical energy without wires. He claims it will have many practical results such as the illumination of isolated homes, the operation of clocks and other such apparatus. He claims that when his power plant is completed secret telegraph messages may be sent to any distance, likewise the sound of the human voice.

The last link in a through trolley line from New York to Philadelphia — a 50-mile section of track — was secured last week by a N. J. corporation.

The board of selectmen Monday night re-appointed William L. Frye as chief of police for the ensuing year.

About 150 persons sat down to a clam bake dinner at the fire house last evening. Ice cream and cake followed the clams, cigars were passed around and entertainment furnished by a phonograph under the management of Arthur Morse. This was the "return spread" which citizens gave the firemen in return for the clam bake earlier in the winter.

The death of Mrs. Esther (Smith) Byers last Monday removed from the town one of its well known and respected residents. Born here Oct. 19, 1837 she was the daughter of Mr. and Mrs. Peter Smith, the former being one of the founders of the firm of Smith & Dove. She married John Byers of New York and the couple lived in Andover every summer. In 1887 Mr. Byers erected the beautiful stone church at the corner of School and Central streets for Christ church parish and presented it to that organization.

At the BAA interscholastic games in Boston Saturday, Phil-

lips academy secured enough points to have taken fourth place but as Andover would not enter a relay team, officials of the BAA would not allow them to claim the points. It is doubtful if Andover will again enter the games.

25 Years Ago — March 1929
Over 700 people were present and more than 200 were turned away when the choir of Christ church presented Dubois' "Seven Last Words" Sunday night. The choir was assisted by Mrs. Mary Harris, soprano; Harry Wilkinson, tenor; J. Everett Collins, bass; Mrs. Arthur Roehrer, piano, and Thomas Poole, tympani. Gordon S. Brown, organist and choirmaster presided at the organ.

A St. Patrick's day entertainment was presented Tuesday evening in the town hall by the pupils of St. Augustine's school. There was a large attendance.

The entire community was shocked and saddened by the sudden passing of William L. Frye, 61, who died at his home 9 Bartlett st., Tuesday night shortly after he had returned from a stroll down town. He had been a member of the police force for 23 years, seven as chief and 16 as a patrolman.

Ballardvale's principal social event of the season was enjoyed by a large gathering Saturday evening when the Bradlee Mothers' club held its second annual banquet and entertainment in the Colonial ballroom. Mrs. Edwin W. Brown, chairman of the event was presented with a beautiful bouquet by Mrs. Elmer Conkey on behalf of the committee, and Mrs. Harry Nason was presented with a beautiful bouquet in behalf of the club as a token of appreciation. The grand march was led by William D. McIntyre and Miss Dorothy Snow. Favors of hats and horns were distributed to the participants.

10 Years Ago — March 1944

Police are searching for the man who attacked a local girl near 128 Main street Sunday night as she was returning from the movies. He grabbed her and struck her twice in the face but her screams quickly drove him off.

A total of \$19,454 of the town's \$22,500 quota in the Red Cross drive has been obtained. Stafford A. Lindsay, chairman, expects that the goal will be reached in a few days.

The board of selectmen has organized with Roy E. Hardy chairman and J. Everett Collins secretary.

The board of public works has organized with Sidney P. White chairman and William E. Barron secretary.

Lt. Kenneth L. Sherman, superintendent of schools on leave with the navy, has reached San Francisco from the Solomons.

We publish a long list of rules and instructions that will govern lights, traffic and civil defense organizations for the 40-minute state-wide blackout coming next Sunday.

PLAN NEW ADDITION TO SOUTH CHURCH
(Continued from Page One)

There has been great need for expansion, particularly for more Sunday school space, for a long time. Some time ago David J. Fox was appointed chairman of a committee to study the needs of the church and then to present a program to meet them. The plans submitted are expected to meet all the needs of the various church activities.

The new building will have many additional rooms that may be used as classrooms, space for boy scout and girl scout activities, a large meeting room and facilities for other church events.

To raise money needed to make this project a reality an organized intensive solicitation in the home for building fund pledges is now under way. The pledges will span a period of three years.

Burton S. Flagg is general chairman; Edmond E. Hammond initial gifts chairman; Roy E. Hardy canvass chairman; Walter C. Tomlinson special gifts chairman; A. M. Wilson teams chairman, and David J. Fox training chairman.

During the next two weeks an intensive period of solicitation will be carried on in which every family in the church will be visited and asked to make a pledge to support this project.

The building committee of which Mr. Fox is chairman includes

Cleveland Gilcreast, Mrs. A. M. Wilson, Mrs. J. J. Tavern, Preston H. Blake, Mrs. George M. Collins, Stanley F. Swanton, the Rev. Frederick B. Noss, George W. Glennie, Dr. William V. Emmons, Mrs. George K. Samborn, Mrs. C. Edward Buchan and Frederick Flather Jr.

MERGER OF VALE CHURCHES STUDIED

(Continued from Page One)

a joint statement to show just how matters stand at the present. Similar statements will be issued later to every step in the negotiations.

The committees today make the following announcement:

The first of a proposed series of meetings between two committees representing the Methodist and Congregational churches in Ballardvale was held recently for the purpose of opening discussion and possible negotiation of a merger of the churches.

The idea is not a new one. For many years it has been thought that a united church would be more effective in the community than the two part-time churches. The feeling was that the two churches working together in united effort would be stronger and better able to fulfill their Christian purpose. There would be a united voice in community improvement and a combining of resources.

The Methodist church was organized in Ballardvale in 1850 with a charter of 21 members. The church building was erected in 1852. Since then it has been served by 65 pastors, most of them student ministers.

An ecclesiastical society was also formed in 1850 in Ballardvale which later became the Congregational church in 1854. From that time on, there have been two Protestant churches in the town, both operating on a part-time basis.

About 17 years ago, a movement in the direction of merger was begun. Since then, several negotiations for a plan of union have been discussed but the merger was never realized. Perhaps the most definite move was made five years ago, when members of the Congregational church polled 80% in favor of a merger and set up a committee to discuss the matter with the Methodists.

A year and a half ago the Congregational church committee met with members of the official board of the Methodist church and this meeting resulted in a decision of the Methodists to conduct a poll of their membership regarding merger discussion. The results of the poll indicated that only half the membership were in favor of discussing merger and the matter was dropped by the Methodists while the Congregational church maintained their committee.

Last December, after a revival of interest in the question of merger, the Methodist church held a quarterly conference under the direction of their district superintendent, Dr. A. J. Strait, for the purpose of discussing and deciding

whether any action would be taken. The members attending the quarterly conference voted by a large majority (only two dissenters) to set up a committee that would meet with the Congregational church committee "to investigate, discuss and negotiate a plan of merger between the two Churches."

At the recent meeting, the members of the two committees were in agreement that the primary consideration should be "what would best serve the interests of the community and the purposes of the Christian church." Discussion indicated that the consensus of opinion favored uniting the separate efforts of the two churches to achieve unity of purpose and better contribute Christian service to the community.

The practical problems involved in the plans and the possible types of merger available to the churches will be discussed at the next meeting of the committees to be held soon and the results will be published in The Townsman.

The statement was signed by the following committee members: Lewis Nason, Henry Meyers, Mrs. George Brown, Mrs. Lina Moore, Mrs. Heidi Hopkins of the Methodist church, and P. W. Moody, Stephen Byington, Mrs. Irving Shaw and Miss Marjorie Davies of the Congregational church.

Teachers To Stage Fashions Of Spring

The Andover Teachers' association will sponsor a spring fashion show which will be staged by the Michael Jays shop in the Memorial auditorium at 8 p.m., Wednesday, Mar. 31.

Many willing workers are cooperating in this venture. Fred Collins, head custodian, has prepared the necessary setting for the show; Mrs. Dorothy Sanborn and Mrs. Adeline Wright with their committee will decorate; and Dr. I. Malcolm Humphrey will play the background music.

Besides devoting his time to the show Michael Glazerman of the Michael Jays shop has made a generous contribution to the scholarship fund.

Children in the public schools have engaged in competition for the \$5 prize to be awarded for the room in which the most tickets are sold. A service pin will be awarded to the child in each building selling the most tickets. Miss Dorothy Kyle's room and Miss Eunice Stack's room have already achieved 100% of their goal.

Members of the teachers' association are assisting in the arrangements. Building representatives handling donations are: S. Perry Congdon, Robert B. McIntyre, Eunice O'Donnell, Marjorie Howard, Mary Donahue, Dorothy Runyan, Rose M. Cardello and Eleanor E. Daniels. Miss Agnes V. Dugan will have the Punchard usherettes to assist during the evening. Mrs. Anna F. Walsh and Mrs. Marjorie Jones are co-chairmen.

Members of the Punchard usherettes are: Marjorie Stewart, Marcia Tangney, Valerie Shaw, Janet Young, Ruth Santuccio, Eleanor Doucette, Ann Smith, Cora Pettit, Judith Colmer, Ann Sughrue, Gladys Thomson, Gail Thompson, Betty Sparks, Mary Alice Sullivan, Beverly Donahue, Paula Williams, Jane Barker, Anne Lord and Judith Hall.

BAKERY SALE

A bakery sale sponsored by Priscilla Abbot chapter, N.S.D.A.R., will be held in the Musgrove building starting at 10 a.m., Saturday, Mar. 27. Home baked beans will also be on sale.

ROUTE 28 HEARING NEXT MONDAY NIGHT

The local hearing on the proposed relocation of Route 28 through Andover and Lawrence into New Hampshire will be held next Monday evening at 8 o'clock in the Central elementary school auditorium.

The hearing is open to the public and will be attended by local officials and representatives from other Greater Lawrence communities.

Before deciding upon the exact route of the new road the state department of public works wants to get an expression of opinion from all cities and towns involved as to which would be the best plan.

The route on the westerly side was favored by the Lawrence Planning board at a hearing on the subject Tuesday night in Lawrence at which time Selectman Sidney P. White stated that the local selectmen and planning board were on record in favor of the westerly route.

A study of the Andover routes will be made here Friday by John J. Blackwell, a Boston planning consultant who will be at the meeting next Monday night to make a report of his findings.

Service Club Plans For Apr. 8 Meeting

The next meeting of the Andover Service club will be held at 6:30 p.m., Thursday, Apr. 8 at the Andover Country club. Louis P. Shannon of the E. I. DuPont company will be the speaker.

The club at its last meeting voted to sponsor a team in the Junior Baseball league this summer. It will be coached by Tom Low and Carl Erler. Several members volunteered to give their services during the summer to the several problems involved in the team's activities.

Joseph M. Normandy was elected varsity assistant baseball coach at a salary of \$200 on motion of Miss Greeley seconded by Mrs. Partridge. Mr. Normandy, a physical education teacher, is also the varsity assistant football coach.

Three-year contracts for the transportation of pupils were awarded four of the present five bus drivers whose present contracts expire in April. They are: Alvah P. Wright, Rudolph Johnson, Chester D. Abbott and Joseph G. Wright.

Bids of the four were the same: \$4550 a year plus 30 cents a mile for all over 75 miles per day. The old contract was \$4166 a year plus 25 cents a mile for all over 75 miles a day.

The motion to accept the bids was made by Sec. Doherty and seconded by Mr. Russell.

On motion of Miss Greeley, it was voted to set the date for the Pun-

chard high school graduation for Sunday, June 20.

A request for a hot luncheon program at the Bradlee school was turned over to Mrs. Harriet Gilcreast for study and report at a later meeting.

It was voted to call for bids on the hot-topping of the high school driveway and the walks around the Stowe and Bradlee schools.

The annual salary increments were voted to all teachers who have not yet reached the maximum.

HURLEY RECOMMENDED FOR ARMY PROMOTION

Mr. and Mrs. Randall Hurley, 56 Bartlet st., have just received word that their son, Pfc. William C. Hurley, now on duty with the army in Korea, has been recommended by his commanding officer

for promotion because of the knowledge and skill he displays in the construction of a bridge over a river there. Pfc. Hurley is a crane operator.

Mr. and Mrs. Hurley, who have resided for some years in Beverly, have returned to Andover to live. Their son, who is expected to receive his discharge some time in May, will return here when he completes his army service.
