Deny Pole Locations On Stirling Street

After a public hearing Monday night the selectmen denied the petition of the Lawrence Electric company for two poles on the west side of Stirling street because of the objections of several residents of the street.

One couple appeared in favor of the petition as they wanted additional power for household appliances. The remonstrants objected to the erection of utility poles on the street and would compel the company to put them underground where the present lines are located.

POMP'S TO PRESENT WEEKLY EVENTS

(Continued from Page One)

"Shish-Kabob", the feature meal, at a price of \$1. per person. Deadline date for ordering the latter is July 30. In addition, films on comics and water sports will be shown by Donald Look, following which a program of singing and story telling will be enjoyed.

The first in a series of six radio broadcasts on water safety at Pomp's pond was launched at WCCM last Friday. The second in this series will take place at

9:30 a.m., Friday, July 30. The broadcast will feature guards Anthony Perrino, instructor of intermediate swimmers and guard Anthony Sullivan, director of junior lifesaving. Forrest Morgan, disc jockey of WCCM, will act as master of ceremonies.

There was organized during the past week the Pomp's Pond "V. A.C." (volunteer auxiliary corps) organization. This group composed of the more interested and able of the junior and senior life saving classes was formed with the purpose of giving the youngsters of Andover an opportunity to observe and be acquainted with the problems of life saving and water safety in a practical manner.

They do this by accompanying the regular guards from post to post, being told the particular problems which the Poms staff has dealt with and solved. V.A.C. members have neither jurisdiction or authority but are merely given a chance to put into action the knowledge they have gained from books when regular classes are held. At the same time they assist the staff by acting as another pair of "eyes" thus enhancing the intensity of the supervision of the beach. They are to be identified by distinctive arm bands which members themselves are busy sewing.

There has been added to the staff of swimming instructors an assistant to take care of the unusually large enrollment this year. Cadet guard Paul Cronin, who has volunteered his services twice per week, is assisting guards Don Light and Jack Cole, by taking charge of the unusually shy and especially apprehensive students. In this way students may further be divided in terms of their own abilities and may be aided by this increased specialization on the part of the swimming instructor. Guard Cronin is in his first year at Pomp's pond and is doing an admirable job of instruction.

Favors West Site For New Route 28

Chairman J. Everett Collins of the board of selectmen has received notice from Richard Preston, commissioner of the state department of commerce, that the latter favors the westerly side of Andover and the Greater Lawrence area for the relocation of Route 28.

Commissioner Preston enclosed a copy of a letter which he sent to John A. Volpe, commissioner of the state department of public works, recommending the western

site for the new highway.

This action was taken after a hearing held by the department of commerce in Boston about two weeks ago and which was attended by Chairman Collins and other officials of the Greater Lawrence area, all of whom presented arguments in favor of the westerly site. The department of commerce held the hearing in connection with its interest in the economic development of the area which would be served by the proposed highway.

Trio Found Guilty Of Larceny Here

Found guilty in Lawrence District court last Thursday of larceny in the night at the Howard Johnson restaurant on S. Main st., July 8 three North Shore youths were ordered committed to the reformatory at Concord and sentence was suspended for a year by Special Justice William H. Daly. A second complaint of breaking and entering against the trio was dismissed.

The three, Raymond T. Nestor, 18; Carl F. Marquis, 17; and Francis A. Denham, 20, all of Lynn, pleaded not guilty. Part of the terms of their probation was the payment of \$97 damage.

The Andover break was the second such offense committed by the three that evening, a Howard Johnson restaurant in Salem having been entered. They received suspended sentences for that offense when they appeared in Salem District court a few days before.

The local break was made between 2:15 and 8 a.m. A juke box was forced, a coin box taken and a cigarette vending machine tampered with.

Safe Travel

The vacation season is here again and, as always, armies of eager children are streaming off to summer camps.

This great migration is made possible, in large part, by an industry whose unflinching service we take for granted — the railroads. One railroad alone will carry this summer more than 36,000 youngsters to camps in New York state and New England, a new high record.

Many of the youthful travelers will board trains for the first time. Others will be "old" veterans of past seasons. One thing is sure — in every case the journey will be a great adventure. It will be a long-remembered part of the vacation.

The parents, when they wave good-bye to their progeny will have the comfort of knowing that accidents on railroads are far less frequent than in one's own home. The Iron Horse is still the symbol of safe travel.

Transportation Deluxe

We were impressed the other day by a picture in a neighboring daily, of the 31-year-old wife of a 32-year-old army sergeant and nine of their 10 children. While this in itself is impressive, the significant part of the picture was the caption which revealed that the wife and children were on their way to join the sergeant for a stay in Japan.

While we would be the last to decry the educational advantages of travel, we were compelled to defend the American taxpayer by expressing the belief that transporting the sergeant home and replacing him with one of equal abilities but with fewer dependents would have been the better part of valor. — (Amherst Journal Record)

Freed of the existing heavy tax brakes, applied with confiscatory force, both individuals and business concerns would be able to move forward to new economic heights and new peaks of prosperity. — New Haven (Conn.) Register.

ECZEMA IN INFANTS

By Science Features

Infantile eczema is one of the most common and annoying diseases affecting young children. Youngsters find it difficult to understand the reason for the constant itching that it causes and parents find it hard to cope with the troubled youngsters.

Both parents and children can get relief from the effects of eczema. Dr. Lila R. McCarriston of Montreal, Canada, recently tested hydrocortisone drugs, such as Cortril and reported it to be "70 to 100 percent effective in all cases. . . . After applying the hormone ointment to 104 young patients, she found the "improvement occurred within 24 to 48 hours of the beginning of treatment."

Why should an otherwise healthy child become afflicted with this skin disease?

Doctors have found that eczema in infants usually occurs when there is a family history of allergies—conditions of unusual susceptibility to specific substances which are harmless to most people.

The disease can occur if the child is allergic to certain foods such as chocolate, oranges, strawberries or tomatoes; from physical contact with strong solutions, oil, wool or other fabrics; from friction from clothing or from inhaling dust or pollen.

The outbreak usually appears on the face, ears, hands or legs. Asthma or hay fever sometimes coexist or alternate with eczema, according to doctors, and treatment is necessary to prevent children from becoming life-long victims of these allergies.

Down the Years with The Townsman

50 Years Ago — July 1904

The rate of taxation was fixed by the selectmen Monday evening. It will be the same as last year, \$16 per \$1000.

The Abbot Village quoit club will play the uptown club in the near future. The match may be staged on the cricket grounds. An interesting contest is looked for.

The hook and ladder truck of the Andover Steam Fire Engine Co., has just been given a new coat of paint and is now a beautiful specimen of the artist's skill.

Lightning last night struck the home of William B. Cheever on Chestnut st. The bolt ripped several bricks from the chimney and gave the occupants of the house a severe fright. Another bolt raised havoc with the electric lights throughout the town, a fuse being burned out, extinguishing all the lights.

A party of Andover young people enjoyed a tally-ho ride to Bald Pate Tuesday evening where supper was served and dancing enjoyed.

Mr. and Mrs. Harlan W. Whipple left Boston Monday with a party of automobilists for St. Louis and the World's Fair. The trip will be made in their automobile and it is expected that the journey will take nearly one week.

Speeding autoists who scorn the law and race through the streets in a cloud of dust should be rounded-up, we say editorially, and the owner, not some paid understrapper, brought to court and made stand the punishment.

Fire believed to have been set by tramps destroyed the unoccupied home and barn at the Edwin Fairbairn estate at the junction of Lowell and Tewksbury roads in West Andover early this morning. A thunder storm that came up as the firemen were busy seriously handicapped them in their work.

25 Years Ago — July 1929

One of the most serious and spectacular fires which have wrought havoc in Andover in recent years occurred Saturday destroying a barn and seriously damaging the Glebe house at 25 Central st., the property of Christ church. How it started and gained such headway is an unfathomable mystery with several people on the premises, but all agreed that when it was discovered the barn was a mass of flames. The barn and contents, including valuable pieces of antique furniture, were destroyed. The flames worked into the house and were finally subdued after holes had been chopped in the roof.

Chester W. Holland, John C. Angus, Nathan C. Hamblin, Henry A. Boutwell, Frank L. Brigham and Burton S. Flagg left Friday for their annual week's auto and golfing trip through New Hampshire and Vermont.

About 40 local fishing enthusiasts went deep sea fishing off Ipswich Sunday. The party made the trip from Andover in Dole's truck. Arthur Frederickson won the prize for the largest fish caught.

The prize for the most weight went to George Brewer with a catch that totalled 33½ pounds.

10 Years Ago — July 1944

Frederick C. Riel, science teacher and coach of varsity baseball and football at Pynchard for the past two years has resigned to accept a position at South Hadley high school.

Andover police officers are foregoing their annual summer vacations this year because of manpower shortage.

One of the most significant changes in Andover's business life will take place soon when Stanley F. Swanton will become a partner of Carl E. Elander in his men's store on Main street.

The Rev. Thomas P. Fogarty has returned to St. Augustine's as pastor.

Several new fire boxes have been added to the fire alarm system.

The Daily Vacation Bible school under the auspices of the Andover Council of Churches had a successful week with an enrollment of 101 children.

Couple Observe 25th Anniversary

Celebrating their 25th wedding anniversary Mr. and Mrs. Louis J. Mirisola, 28 Dufton rd., held an anniversary party at the Andover Country club last Thursday night and Friday started on a southern tour to North Carolina and Florida.

During their trip they plan to visit their son, John, who is with the air force at Fort Kilmer, N.J. Other children are Bernadette Blanchette of Northboro, former recruiting sergeant for women in the air force, Lois, a seventh grade pupil in the public schools, and John, former captain of the P.H.S. golf team.

Married in South Boston, July 22, 1929, the Mirisolas have lived in Andover for six years. Mr. Mirisola has been associated with the Boston Mutual Life Insurance company for 27 years, and for the past 16 years as manager.

PROMOTED IN JAPAN

Word has been received here of the promotion of John G. Barry, 24-son of Mr. and Mrs. John G. Barry, 30 Riverina rd., to sergeant while serving with headquarters of the army's Pacific security agency at Camp Toyko, Japan. Sgt. Barry, who arrived overseas in Dec. 1952, worked for the American Woolen company before entering the army in February of that year.

MILNE - LEYLAND

At a 10 o'clock ceremony Saturday in St. Michael's church, North Andover, Miss Helen Elizabeth Leyland, daughter of Mr. and Mrs. Robert C. Leyland, 312 Turnpike st., North Andover became the bride of A. Donald Milne, son of Mr. and Mrs. Andrew Milne, 190 Summer st. The Rev. Thomas Lane of Newbury, cousin of the bride, performed the ceremony before an altar arranged with pink and white gladioli. Louis Scanlon was the soloist and Mrs. Raymond Fountain presided at the organ.

Escorted by her father, the bride wore a gown of imported Venice lace styled with fitted bodice featuring a yoke of sheer silk illusion and an iridescent trimmed stand up collar. The bouffant skirt had a chapel length train. Her veil of silk illusion fell from a matching headpiece and she carried a prayer book marked with an orchid and streamers of stephanotis. The bridal attendants were Mrs. Joseph Provencher, sister of the bridegroom, as matron of honor, and Miss Joanne Callahan of Haverhill, cousin of the bride, as bridesmaid. The honor attendant wore pink nylon net over orchid taffeta with matching headpiece while the bridesmaid wore orchid nylon net over pink taffeta with matching headpiece. Both carried cascade arrangements of sweet peas, verberna, ivy and baby's breath in shades from pink to orchid.

Robert C. Leyland Jr., brother of the bride, was the best man and the ushers were Alexander Milne and Joseph Provencher, both of Andover.

A reception in Merrimac followed the ceremony with guests present from New Hampshire, Rhode Island and Virginia.

The couple are on a wedding trip through New York state and Canada.

TWO TEACHERS RESIGN; FOUR TO BE ELECTED

(Continued from Page One)

posed new high school.

Mrs. Pinella S. Prescott of Natick, who was recently elected to teach the kindergarten class at the West school, and Miss Justine M. Devlin, fifth grade teacher at the Shawsheen school for the past two years submitted their resignations. Mrs. Prescott has accepted a position in Framingham and Miss Devlin will teach German at Lawrence high school.

Two other vacancies exist in the faculty, one a third grade teacher at the West school and the other a librarian for the senior and junior high schools.

On motion of Mrs. Partridge the committee voted approval of a plan of accident insurance submitted by Smart & Flag Inc., insurance agency. Under it the insurance company will assume limited liability in the event of accidents happening on the way to and from school and in school. The plan is voluntary. Parents who wish to have their children participate in the coverage will pay \$1.25 yearly fee.

On motion of Sec. Doherty the committee approved several purchases of furniture in conformity with the low bids on file.

On motion of Mr. Doherty seconded by Mrs. Partridge the committee authorized Supt. Erickson to award the contract for brickwork in boiler installations to the lowest bidder on the work.

The committee also approved the warrant of bills and accounts in the amount of \$1808.45.

Headmaster March outlined to the committee a plan regarding the requirements of a new high school. He felt the vocational training opportunities needed enlarging and the present classical educational program was not adequate to meet the needs of today.

No action was taken but these matters will be considered by the committee in connection with a new high school building.
