## Find Body Of Missing Lawrence Man Here

The body of Adbo Yezzelli, 65, of 297 Elm st., Lawrence, missing since last Saturday morning when he went to pick blueberries, was found Tuesday morning in an isolated section of swampy woodlands in Andover near the North Reading line by Sgt. Richard A. Sherborn of the Andover state police barracks.

Associate Medical Examiner Paul A. Oskar trudged a mile and a half through the woodlands directly west of the overpass on Route 28 to view the body, which was found in a sitting position, and reported Yezzelli died of a heart attack induced by over-exertion in tramping through the woods in last Saturday's intense heat. He said the man had been dead since between 2 and 3 p.m. Saturday. A pail full of blueberries was found beside the victim.

Discovery of the body ended a search in which Andover police and the local auxiliary police par-

## Propose Unity In Fund Raising

In an effort to eliminate the multiple fund raising campaigns in the Greater Lawrence communities and reduce the demands upon the men and women who do the work of soliciting, 21 agencies, including the 12 now in the Community Chest, have been invited to join the United Fund solicitation procedure adopted last month for this area.

In a letter sent to the 21 agencies it was noted that last year there were 15 major money raising campaigns in this area. A campaign committee has been appointed to organize a drive in the fall to replace the usual Community Chest drive and those organizations invited to participate are urged to make their decisions soon so that a complete United Fund organization can be effected.

The admissions committee appointed by Michael J. Batal, general chairman, includes Howard L.

## Power Line Feud Stirs Shawsheen

The battle for more electric power on Sterling street in Shawsheen Village took a new turn last week after the selectmen at their meeting July 26 denied a petition of the Lawrence Electric Co. for pole locations on the street because of the objections of several residents.

The next day the electric power in two houses on the street was shut off. This was done by another resident in an adjoining house who wanted additional power and who did not object to poles on the street.

This action was made possible by the system of underground wiring which was installed years ago in Shawsheen Village by a private contractor when the American Woolen company was building up the area.

Power for the three houses in question enters one house underground from Sutherland street and from that house underground to the other two. A master switch is located in the first house.

The highest voltage in any of the lines in the village is 110 volts. Higher voltage through the present ducts is impossible. Residents wanting to install electric household equipment have re-

## New Control System For Traffic In Elm Square

Work is expected to be started soon on the new traffic control system in Elm square.

When completed there will be two traffic islands, five standards with nine sets of lights and a traffic tower which will control the entering traffic from five streets.

Post Office avenue will be made a one-way street eastbound, and Essex street will continue to be one-way westbound as at present.

When the contracts were let by the selectmen at the July 12 meeting it was agreed that work on construction of the system would not be started until after the Rockingham racing ended. That closed last Saturday.

Contract for the system was awarded to R. W. LeBaron Inc., of Arlington, the lowest bidder in the amount of \$7890., and contract for the traffic control tower to P. I. Gaudet, 85 Essex st., who bid \$1154.

One of the traffic islands will be located in the center of Elm street at the easterly side of Main street, and the other will be at the

## "Missing" Boy Was At Home

The fire department ambulance, the rescue boat, and two police cruisers made a fast trip last Wednesday afternoon to Pomp's pond where life guards were making a search for a boy reported missing, but who had merely left the swimming beach without reporting to the matron.

Herbert Harriman, 7, of Pearson st., had gone swimming in the afternoon and when his mother, Mrs. Josephine Harriman, called for him he was not to be found. Search was started and rescue apparatus with firemen and policemen arrived on the scene adding to the excitement.

In the midst of the furor the boy's grandmother, Mrs. Charles R. Coolidge of River st., notified the police station that she had just visited the boy's home and had found a wet towel there. Clerk Francis X. Beirne radioed this information to Sgt. William R. Hickey and Patrolman Robert Deyermond in the cruisers at the pond, and the latter made a hurried trip to Pearson street and found the boy there near his home.

It is a rule at the pond that youngsters must report to the matron as they are leaving but Herbert failed to do so in this case.

## Obituary...

### MRS. JOSEPH J. RICHARD

Mrs. Madeline (Lavolette) Richard, 70, wife of Joseph J. Richard of County rd., died Monday night at St. Elizabeth's hospital, Boston, after a short illness.

A native of Prince Edward Island, Canada, she had lived here for the past 12 years.

Besides her husband she leaves one son, Wilfred, of Lawrence; one daughter, Mrs. Emanuel Gaudette of Andover; two brothers, Philip Lavolette, of Albany, N.Y., and Joseph Lavolette of Lawrence; two sisters, Mrs. Evelyn Labricque of Lawrence and Mrs. May Miller, Boston, also several nieces and nephews and two grandchildren.

The funeral will be held this morning from the M. A. Burke Memorial funeral home with a high Mass of requiem in St. Augustine's church at 9:30 o'clock. Burial will be in the Sacred Heart cemetery.

### DAV CONDUCTS

#### SUCCESSFUL DRIVE

A very successful paper drive was conducted by Andover chapter, 18, DAV last Saturday. Soliciting only in Precincts 1 and 2 the organization was able to collect slightly over five tons.

Cmdr. Donald R. Wheelock on behalf of the chapter wishes to thank all who aided in the endeavor. Proceeds of the drive enabled the chapter to forward a sizable check to the Blind Veterans National chapter, DAV, to aid them in their work.

### RECEIVES PUPPY

#### FROM QUIZ SHOW

Andy Blake, son of Mr. and Mrs. Winston Blake, 5 Stratford rd., has just received a pedigree puppy as a reward for answering questions on a radio program while he was visiting with his family in New York City last March. The puppy was sent from California.

### BOSTON SAILINGS INCREASE

Steamship passenger service from the Port of Boston is expected to make a substantial increase this year, perhaps 16% over 1953. Last year 35,042 persons sailed from Boston on ocean voyages. More liners sailing and more attractive passenger facilities are helping to focus attention on the advantages of Boston as a passenger port.

The youngsters are on the move from 7:55 a.m. flag raising ceremony until "lights out" at 10:30 p.m.  
 The Center here is the last of three conducted in the 16-state eastern area. They are planned to train selected members and adult leaders for positions of leadership in Junior Red Cross.  
 They are briefed on the history and development of the organization, the work of its volunteer members, health and safety services, programs for the armed forces, and the role of the Red Cross in disaster and defense.  
 Although they have a busy day all is not work for the youngsters. They have use of the academy athletic and recreational facilities and will engage in a number of special activities. One group will publish a Center newspaper, another is arranging a talent show and water carnival, a committee has been formed to arrange for Saturday night's closing banquet, and others have formed a choral group.

## Fine Woman Driver On Two Charges

Judith Taylor of Wakefield appeared before Judge John J. Darcy in District court at Lawrence Tuesday morning on complaints brought by Officer Calvin C. Deyermund and paid fines of \$10 each after pleading guilty to complaints of speeding and operating without a license. A plea of nolo contendere on a charge of giving a false name and address to a police officer was accepted by the court and the charge filed.

Officer Deyermund, who stopped the defendant on Route 125 at 2:05 a.m. July 14, said Mrs. Taylor showed a registration bearing her mother's name and address and told him that was her own name after he had halted the car which he told the court was going between 60 and 65 miles an hour. The registration was for a Massachusetts car, the officer testified, while the vehicle being operated by the defendant had a New Hampshire registration.

Officer Deyermund said he found out that the Wakefield girl did not have a license since June 2, 1949.

Atty. Arthur Sweeney appeared as counsel for the defendant and in asking Judge Darcy to accept the plea of nolo on the falsifying complaint said it was a misunderstanding.

Counsel said Mrs. Taylor had borrowed the car only a short time before and when stopped found she had no means of identification. He said she gave the officer her mother's name with the thought that her identity could be checked in this manner. Atty. Sweeney said the Wakefield girl had no intention of giving a wrong name to the officer. Judge Darcy then filed the charge and imposed the fines on the other complaints which were paid by the defendant.

The important thing in this life is not how long we live—but how we live.

## The Woman Driver Two Charges

Dith Taylor of Wakefield appeared before Judge John J. Darcy in district court at Lawrence Tuesday morning on complaints brought by Officer Calvin C. Deyermund. Taylor paid fines of \$10 each after pleading guilty to complaints of driving and operating without a license. A plea of nolo contendere was entered in lieu of a charge of giving a false name and address to a police officer was dropped by the court and the charges were filed.

Officer Deyermund, who stopped Taylor as defendant on Route 125 at 10 a.m. July 14, said Mrs. Taylor showed a registration bearing another's name and address and told him that was her own name. He had halted the car which was going 60 and 65 miles an hour. Registration was for a Massachusetts car, the officer testified. The vehicle being operated by the defendant had a New Hampshire registration.

Officer Deyermund said he found that the Wakefield girl did not have a license since June 2, 1953. Arthur Sweeney appeared as counsel for the defendant and asked Judge Darcy to accept a plea of nolo on the falsifying registration said it was a misunderstanding.

Counsel said Mrs. Taylor had driven the car only a short time and when stopped found she had no means of identification. He said she gave the officer her mother's name with the thought that her name could be checked in this way. Atty. Sweeney said the Wakefield girl had no intention of giving a wrong name to the officer. Darcy then filed the charges and imposed the fines on the other complaints which were paid by the defendant.

## Weddings

### DUKE - RONDEAU

Miss Elaine Evelyn Rondeau, daughter of Mr. and Mrs. Leo Rondeau, 15 Gilbert st., Lawrence, became the bride of Alfred Lawrence Duke, son of Mr. and Mrs. John Duke, 11 River st., Ballardvale, at a 2 o'clock ceremony, Sunday in the Sacred Heart church, Lawrence. The Rev. Henry Brouillard officiated. Mrs. George Sissy was the soloist with Mrs. Arthur Scott at the organ.

Given in marriage by her father, the bride wore a gown of white imported Chantilly lace over satin. Her finger-tip veil of silk illusion fell from a dainty Chantilly lace cap, and she carried a prayerbook marked with an orchid and streamers of stephanotis.

Miss Lorraine Masse of Lawrence was maid of honor and she wore a yellow strapless gown of nylon tulle over taffeta with a matching stole and a peagreen headpiece. She carried a bouquet of brown eyed susans with baby's breath.

George Duke was the best man and the ushers were Arthur White Jr. of Ballardvale and Kenneth Gendron of Methuen.

A reception was held at the home of the bride's parents following the ceremony with guests present from Salem, Pepperell, Williamstown, Ridgwood, N.J. and New Hampshire.

Following a wedding trip over the Mohawk Trail they will reside at 10 Brown st., Methuen after Aug. 8.

The bride was graduated from the Sacred Heart school and the bridegroom was graduated from Punchard high school.

### GRAVES - DILLOW

In the Church of the Messiah, Baltimore, Md., July 31, Miss Mary Louise Dillow, daughter of Mr. and Mrs. Harry Rogers Dillow of Baltimore became the bride of Eugene Chadbourne Graves of Baltimore, son of Mrs. Ernest L. Wilkinson of Andover and A. Newton Graves. The Rev. David Coleman Watson officiated.

The bride was given in marriage by her brother, Harry M. Dillow because of the illness of her father. Mrs. Frederick H. Hupfield was matron of honor. Allyn G. May of St. Johnsbury, Vt. was best man.

After a reception the couple left for Rockport and a tour of the New England states. They will reside in Baltimore. The bride is a former student of the Peabody Conservatory of Music. The bridegroom is a graduate of Phillips academy and Harvard university.

## Greedy Government

"From time immemorial, it has been an axiom of politics that all governments are greedy," says the Medford Mercury.

"In our own time, this greed of government has been most obvious in bureaucracy, where in the race to discover new things to do in order to justify their own growth and power, departments, bureaus and divisions of government have added thousands of people to the public payroll and billions to the public budget to build the largest, most far-reaching and most unwieldy government establishment in the history of democratic regimes throughout the world."

We pay for this in something besides dollars. We pay in the coin of lost liberty and lost opportunity as well. Unless government greed is firmly checked, the end result is always some form of dictatorship.

## Fewer Accidents Weekdays

Nearly two out of five fatal motor accidents occur on Saturday and Sunday and the fewest occur the first three weekdays.

This is one of the items gleaned from the statistical yearbook just published by the National Safety Council which gives several interesting bits of information about accidents.

Reports from 27 states show these fatal accident percentages: Saturday, 21; Sunday, 18, Friday, 15; Thursday, 13; Monday, Tuesday and Wednesday, 11 each.

So, if you are thinking of just taking a drive somewhere, take advantage of the reduced accident rates by traveling on these three weekdays.

## SPORTING LIFE SPANS By Science Features

The fencer, who can count on over 52 years of participation, has the longest active life in his sport of any athlete. Jockeys stay in the saddle an estimated 22 years, the baseball player keeps going for some 18 seasons while the table tennis player lasts for 16 years.

These figures emerged from a study of the lives of nearly 5,000 persons participating in 12 different popular sports in Japan. The researchers found that field athletes, like rugby (form of football) players, have the shortest professional life of 8 years. Swimmers are next with 8½ years.

In view of the increasing importance placed on sports, said the Canadian Medical Association Journal, publishers of the survey, the medical profession has taken some notice of the sportsman in relation to health. This, however, is one of the few studies published about the life span and health of the athlete.

The researchers examined the reasons why athletes retire, finding that decline in physical fitness cuts off the careers of most wrestlers and jockeys but is unimportant in retiring tennis players and fencers. Actual disease forced the retirement of 20 per cent of Japanese athletes, the survey showed, with tuberculosis striking nearly one of every 10 in the group.

Injuries were the most important factor in stopping cyclists (22 per cent) and football players (10 per cent). Wrestlers were not affected by the injury factor very much, a finding which suggests, according to the Journal, that Japanese wrestling is a lot less brutal than the variety shown on American TV screens.

## Keith Catches Record Bass

John Keith, 7 Bartlet st., an active member of the Andover Sportsman's club, Inc., boated a record 37 lb. 9 oz. striped bass while fishing off Plum Island Sunday morning. This was the largest bass caught in the boat division last week.

The club will sponsor its first archery tournament next Sunday from 9 a.m. to 4 p.m. and extends an open invitation to all bowmen to participate. Trophies and medals will be awarded winners in men's, women's, boys' and girls' divisions. Lunches and refreshments will be available for participants and their families.

On Tuesday, Aug. 10 a trap shoot will start at 6:30 p.m. A business session will follow. There will be refreshments.

## Down the Years with The Townsman

### 50 Years Ago — August 1904

James Richardson and Robert Lowe have resigned from the local association football team and will play with the strong Lynn club this year.

The Baptist church Sunday school will hold its picnic at Hagggett's pond tomorrow. Barges will leave the church at 8:30 and 10:30 a.m.

The peaches which Currier & Champion are selling for 25¢ a basket are excellent. The Townsman office was favored with samples and can vouch for them.

Thomas Bentley, Ira Gray and Frank Kendall enjoyed a bicycle trip to Marblehead last Sunday.

Miss Lottie Shea will be organist at St. Augustine's church during the absence of Miss Annie Donovan who started a month's vacation at Bar Harbor, Me.

Dr. and Mrs. A. E. Hulme and son, Eric, are vacationing at Kennebunk beach, Me.

Leonard Saunders, clerk at Smith & Manning's store, with Mrs. Saunders and daughter are enjoying a vacation in New Hampshire.

Edwin G. Booth, organist at the Free church is on vacation. During his absence his duties will be performed by Miss Brown of Lawrence.

About 40 members of Co. L, 8th Regt., of Lawrence under command of Capt. Edgar G. Holt went out Monday night after the thunder storm and practiced scouting near the rifle range in West Andover.

They came from Lawrence in a special electric. After the manoeuver they were thoroughly soaked, but they marched to Lawrence by way of Rindge street and South Broadway to Essex street where a substantial lunch was served in a restaurant before returning to the armory.

There has been quite a boom in the sale of house lots here recently and prospects are bright for a goodly amount of building in the near future.

Poultry owners on the hill have been suffering from the actions of hen thieves for the past two weeks. The latter are not amateurs, they take the most valuable birds, many of them prize winners.

M. von Plehve, the man upon whom rested the cumulative odium of Russia's absolutism in the pitiless repression of Poles and Finns, in the murderous persecuting of the Jews, and in the banishment of thousands of political suspects to the tortures of Siberia, has himself met a horrible death by the hand of a bomb thrower.

Horse thieves are active in Lawrence. Numerous thefts of horses and carriages have been reported and police say the city is full of horse thieves.

### 25 Years Ago — August 1929

Two of Andover's old historical landmarks, the Stowe house and the Samaritan house are moving to new locations. The Stowe house is going to the east side of Morton street just north of the east end of Wheeler street. It will be remodeled for a faculty house. It is being re-

moved to make room for a new Phillips Inn. Once known as the "stone house" it was built in 1828 as a carpenter shop "where for years theological students found a passable substitute for football in the stimulating exercise of making coffins." In 1853 it was remodeled as a home for Prof. Calvin E. Stowe and his talented wife, Harriet Beecher Stowe. There many of her books were written. Contrary to popular tradition it was not in this house that "Uncle Tom's Cabin" was written. It was published in Boston on Mar. 20, 1852 several months before Prof. Stowe was called to Andover from Brunswick, Me., where the book was written. The Samaritan house leaves a vacant space which may eventually be used for a new chapel. It was built by the Samaritan society in 1824 as an infirmary for theological students. For years the Stowe house was used as part of Phillips Inn.

H. F. Chase has sold his sporting goods business to William Poland.

Some 200 persons attended the annual outing of Clan Johnston and auxiliary Sunday at Salem Willows.

The state-wide traffic check-up Monday showed many unlicensed drivers and cars with faulty equipment.

New traffic lights started to operate Wednesday at the junction of Salem and Main streets and Chapel avenue and Main street.

North Main street is closed to traffic from Elm square to Shawsheen Village due to operations in connection with reconstruction of the street.

### 10 Years Ago — August 1944

Sgt. Irving Whitcomb, now in England has accepted an invitation to represent the town at a testimonial to ex-Mayor Bell of Andover, Hants, England, in our English sister town this week.

The Daily Vacation Bible school held its closing exercises Sunday with over 100 parents in attendance.

The War Price and Rationing board has announced a rigid program for all home-to-work motorists to carry "full car clubs" to save gasoline.

Under the caption "Gas and Horses" we say editorially: "Doesn't it get your goat every afternoon to see all those autos dashing to and from Rockingham? They get their gas somehow so they can go up and spend their money on horses."

Antiques is a term often loosely used and one we employ with care. In our store are numerous articles of real worth which we invite you to examine: Pieces dating back to the

Roman Empire; Pomo Indian Baskets; Imari Bowls of Japan fame; Chinese porcelain . . . and many others from remote corners of the earth. Pieces which transcend the word antique and are truly museum pieces — stop by and see them, won't you?

quested the Lawrence Electric company to increase the power. Petitions of the company for poles on various streets to bring in the higher voltage have been denied by the selectmen because of the objections of other residents who do not want poles. To install underground connections would cost about 10 times as much as to install new poles.

Occupants of the two families on Sterling street who have had their power shut off have engaged an attorney to look after their interests.

Suggestion that one house near Haverhill street be serviced by a wire from a pole on Haverhill street may be put into effect shortly.

## JUNIOR LEAGUE

## Prospect Hill 11, Andover 5

Prospect Hill walked off with an 11-5 victory over Andover at the local playstead last Thursday night by rapping out 14 hits and taking advantage of local errors. Although the home team jumped off to a three run lead in the first the visitors went ahead in the fifth and added six more in the seventh for good measure. Glenn Williams of the local club made three out of three to lead the Andover batters.

## LOCAL PLAYGROUND TEAM WINS 13-1

In a baseball game July 29 on the playground the team representing the Andover playground won 13 to 1 over a similar team from Lawrence.

The local boys lined up as follows: A. Lefebvre, 2b., F. Emmett, ss., W. Cronin, lf., J. Brookover, c., P. Dzioba, rf., J. Matton, 3b., D. Lucey, lb., D. Murphy, c., N. Wallace, p., N. DesRoches, lf., R. Petrie, rf., J. Gillespie, cf.

W. Cronin hit a three-run homer to aid the Andover team at the plate. Wallace limited the visitors to two hits.

## BRAVES WIN 2-1

With the bases loaded and none out in the ninth Larry Higgins struck out the next three men to give the Andover Braves a 2-1 decision over the Stratham, N.H. club on the playstead Sunday afternoon.

The game was closely contested right up to the final out. Teddy Boudreau with a double and two singles led the Andover attack.

**STANDING IN EDUCATION**

Massachusetts Teachers association reports that the commonwealth ranks 5th among the 48 states in having the lowest percentage of rejections for failing in the armed forces qualification test, July 1950 and June 1951; 7th in median school years completed by persons 25 years of age or older, 1950 census; 7th in average value of public school property per pupil; 8th in percentage of population 25 years of age and older with four or more years of college; 10th in average salaries of classroom teachers 1953-54; and 12th in average number of pupils per teacher.

**Vale Group To See  
 Red Sox Game**

Through the efforts of the Rev. Anthony Perrino of the Ballardvale Methodist church some 85 boys and girls of the Vale will see the Red Sox-Washington ball game at Fenway park on Aug. 11.

The Rev. Mr. Perrino, who is general manager of the Ballardvale Baseball league recently requested the Red Sox management for permission to bring in some of his group to see a game and has received notice that he can have 85 youngsters admitted.

This large number of boys and girls will be drawn from the baseball league and from the playgrounds. Plans are being made to have a beach wagon caravan transport the crowd to Boston.

When some people say they will do anything for you, they mean anything that can be done without sacrifice or effort.

**NEW DWELLING UNITS**

Private home building in Massachusetts during the first five months this year totaled practically even with that in the same period last year, as shown by building permits of 146 cities and towns re-

ported to the department of labor and industries. Last year, the first five months included 260 public housing units, against only 64 this year, so that new home building as a whole has run about 5% under 1953.

Vacation privileges: There are summer loans available at the library, by which books in numbers may be borrowed for an extended period, to become due Sept. 15. Special loans for boys and girls are available in the Young People's room. Ask at the desk for details.

New books, which may be borrowed or reserved at the library:

**The Golden Echo, Garnett.**  
David Garnett writes of parents, friends, childhood in this first volume of his life, covering period 1892-1914. Both parents were well-known in literary circles, and book includes visits with Galsworthy, Wells, Conrad, Henry James, etc.

**The Taft Story, William.**  
This is for the intelligent, fair-minded reader of any political persuasion who wants a portrait of a great man who was also a human being.

**The Secret Stair, Bottome.**  
Dr. John MacTaggart, head of a sanatorium in Switzerland, finds the even pace of his hospital upset by new patient, whose presence disturbs the entire staff.

A few books for fun - Thurber Country, Thurber; Contract Bridge For Beginners, Goren; New Games For Tweenagers, MacFarlan; The Best Humor From Punch; Camino Real (a play), Williams; Delectable Desserts, Smith; Best Sports Stories Of 1954, Marsh; The Washington Senators, Povich; Treasure-Diving Holidays, Crile; Villians Galore, Noel; Shallow Water Diving And Spearfishing, Schenck; Complete Picnic Book, Shallcross.

### FIND BODY OF MISSING MAN

(Continued from Page One)

participated together with, state police, national guardsmen, police from neighboring communities and many volunteers.

A group of 20 auxiliary police of Andover with volunteers from Reading, North Reading and Wilmington searched through swampy area west of Route 28 Sunday from 9:30 a.m. to 7:15 p.m., going to the Wilmington line and returning through the same area. Some of the auxiliary group joined the search Monday and Tuesday.

Yezzelli picked berries to supplement income from his job in a Lowell mill where he worked four days a week. Only three months ago he underwent a gall bladder operation. He leaves his wife Loutfiah and four children from 7 to 15 years old. He was a World War I veteran. Funeral services will be held at 10 o'clock this morning in Lawrence.

Search for the missing man was one of the most intensive carried out in this area for many years. A coast guard plane and helicopter flew over the area for several hours supplementing the ground searchers. Otis M. Whitney, director of public safety for the state, arrived Monday and personally directed the operations.

Sgt. Sherborn said the place where the body was found was about a mile and a half westerly of the junctions of Routes 28 and 125 and was boggy most of the way.

The Andover Red Cross canteen provided coffee and doughnuts for the many volunteers who searched for the missing man. Mrs. Bernard Capen, Mrs. David Thompson, and Mrs. George Bushway served the refreshments from the Red Cross station wagon.

### Lightning Strikes Fire Station Tower

The radio antenna on the tower of the central fire station was struck by lightning during the severe thunder storm which visited this area early Saturday night.

The bolt caused a vivid display of sparks but other than blowing out a few fuses and putting one circuit out of commission for a short time, did little damage. The bolt struck at 8:10 p.m., causing a stray blow on the fire whistle.

Some sections of the town were without electricity for a short time but Andover escaped the wild fury of the storms that swept over northeastern Massachusetts and Southern New Hampshire for several hours Saturday. Lowell, Haverhill, Amesbury, Newburyport and several beach resorts suffered much damage with power and telephone lines out of commission for several

hours.

A baby "twister" hit Big Island pond about 5:30 p.m. causing considerable damage felling trees and damaging a number of boats.

## Water Ballet To Highlight Pomp's Closing

Plans for the annual water carnival to be held at Pomp's pond swimming beach Sunday, Aug. 22 have begun to materialize.

The feature number of the program, a water ballet to be presented by members of Pomp's volunteer auxiliary corps, is being put through its initial stages. Included in this "Ballet of Andover Mermaids" are Priscilla Reynolds, Priscilla Alden, Jessie Gill, director, and Edith Leidich. Those wishing to participate may do so by signing up with Mrs. Adeline Wright, matron. They will have free water ballet instruction by a professional teacher.

For Saturday evening, Aug. 14, there is planned a combined "corn-weenie" roast. Those wishing to participate may do so by bringing their own corn or weenies or by ordering them at the pond. Deadline date for the latter is

## Many Voters Registering For Primaries

Quite a little interest in the coming contests for state and county offices is shown by the number of persons who are registering now to vote in the state primaries to be held Tuesday, Sept. 14.

The registrars of voters have been holding sessions in the various precincts of the town and with the exception of one night when the heavy rain kept prospective voters away from the Ballardvale fire station where they were meeting, the registrations have been good.

Persons who are registering are: 1, newcomers who have been here six months or more and who have been residents of the state for a year; 2, women whose name have been changed by marriage; and 3, those who have just reached the

## Peace Nears In Shawsheen Power Dispute

The power line feud that has stirred residents of Shawsheen Village during the past few weeks seems to be nearing a peaceful settlement agreeable to all parties.

The result will be that the occupants of the three houses concerned on Stirling street will have sufficient electric power to operate modern household appliances.

The dispute that drew the attention of a great number of the residents of the village arose over the wiring system installed there many years ago. When the area was being developed by the American Woolen company the wires were placed underground. Potential voltage in any line is 110 volts. Additional voltage through the present ducts, the Lawrence Electric company says, is impossible. To get additional power it would be necessary

## Newly Painted Ambulance Stands Out In Traffic

The town's newly painted ambulance is coming in for quite a bit of comment these days because of its striking color.

The old drab grey of the seven-year-old vehicle has been changed to a brilliant light yellow, a radical change from the colors usually associated with an ambulance.

Now, the old "Caddy", as it is known in the record books, is the most conspicuous thing on wheels

as it moves along the street. Firemen driving it have reported to Chief C. Edward Buchan that the new glaring color stands out so that it has made a big difference in traffic, especially at night.

Comment reaching Chief Buchan about the vivid tint of the vehicle is very favorable. Most people realize that the bright exterior of the conveyance has made it very prominent and they will act quickly to give it the right of way when they see it coming.

Chief Buchan said that the idea of painting it the new color was his own and that it was done so that it could be quickly identified by other motorists in moving traffic.

## Playground Youngsters Enjoy Outing

A large group of children from the six town playgrounds accompanied by some of their mothers enjoyed the annual playground outing held last Thursday at Canobie Lake park.

The event, originally scheduled for the previous Tuesday had been postponed on account of rain.

Busses and private cars took the various playground contingents to the park where an all-day round of fun and entertainment took up the interest and attention of the youthful frolicers. Each carried a box lunch. Milk and ice cream were served at noon.

After visiting the various amusement places and other attractions at the park the afternoon was given over to a long list of races and other events for boys and girls of varying age groups.

Results of the races at the park were:

**Obituary..**

**ALEXANDER CROCKETT**  
 Alexander Crockett, 77, a retired custodian of Phillips academy, died Saturday at the family home, 875 S. Main st., after a long illness.

A resident of Andover for more than half a century, he was born in Brechin, Scotland, and came to this country at the age of four years. He was a charter member of Clan Johnston, O.S.C., and held a 50-year emblem in that organization. He was also a member of Andover lodge, I.O.O.F., and attended the Baptist church.

Surviving are his wife, Marie (Jazelton) Crockett; two daughters, Mrs. Marion Bennett of Seabrook, N.H., and Mrs. Hilda Harriman of Seasmount, Me.; a son, Joseph A. Rice of Salem, N.H.; 12 grandchildren and seven great-grandchildren; two brothers, John H. and Frank Crockett, both of Andover; three sisters, Mrs. Mary McKechnie of Philadelphia, Pa., Mrs. Winfield Hubbard of Lima, Ohio, and Mrs. Robertina Winn of Andover, and several nieces and nephews.

The funeral was held Tuesday from the Lundgren funeral home with services at 2 p.m. conducted by the Rev. Roy E. Nelson Jr., of the Baptist church. Burial was in South church cemetery.

The bearers were: William Watt and William McLay representing Clan Johnston, O.S.C., and Ralph Berry, Walter Buxton and George Brown representing Andover lodge, I.O.O.F.

A delegation from the Andover lodge of Odd Fellows headed by Noble Grand James Hovey attended the services.

Monday evening Clan Johnston conducted a service at the funeral home with John Carver, chief; James Caldwell, pianist; William Vannett, chaplain, and William Watt, P. C., in charge.

## Compensation Claim Of Widow Granted

The claim brought by Mrs. Agnes K. Fraser, 8 Washington ave., for workmen's compensation as the result of the death of her husband, Stewart N. Fraser, 48, formerly employed at Phillips academy, has been allowed by Commissioner Anthony D. Pompeo of the Industrial Accident board. The Liberty Mutual Insurance Co., insurer for the academy, has appealed the commissioner's finding to the full board.

A hearing on the widow's claim was held June 29 in Lawrence. The commissioner found that Mr. Fraser died of an injury arising out of and in the course of his employment, mainly coronary thrombosis, resulting from exertion while at work.

The insurance company was ordered to pay compensation of \$20 a week to Mrs. Fraser from Oct. 1, 1953, the date of Mr. Fraser's death, to the present and to continue compensation payments of \$20 weekly.

Deceased was employed at the academy giving out athletic equipment and laundry. He was stricken at his work and died shortly after being taken to the Lawrence General hospital.

Jennie May Hall of Andover; \$125 personal; \$12,000 real.

## Lowell Men Hurt As Auto Hits Tree

Two Lowell men were taken to the Lawrence General hospital for treatment after the auto in which they were riding struck a tree on Main street near Morton street about 6:18 p.m. Aug. 4.

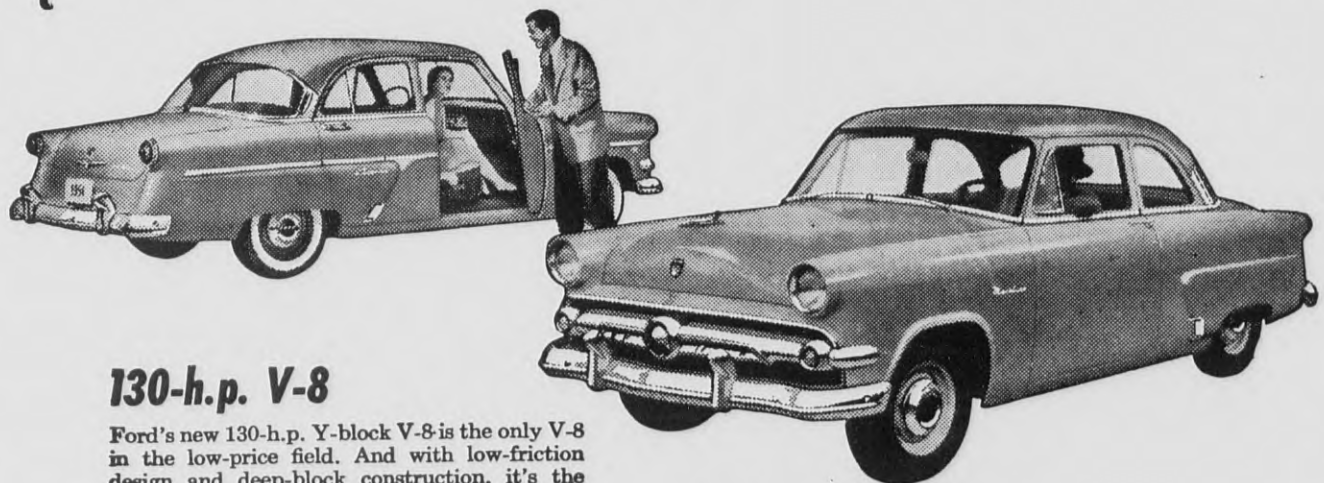

According to the police report the car operated by Richard Beauchesne with Elias J. Maloof as passenger had passed a truck when it skidded off the road into a tree. At the hospital the driver was treated for abrasions of the knees and hands while his passenger was treated for abrasions of the skull and leg. The car was badly damaged.

Folks who spend time finding fault with others, have at least one very serious fault of their own.

## 130-h.p. V-8

Ford's new 130-h.p. Y-block V-8 is the only V-8 in the low-price field. And with low-friction design and deep-block construction, it's the most modern in the industry.

## Ball-Joint Suspension

Ball-Joint Front Suspension is the most important chassis development in 20 years, for easier riding and handling. And Ford is the only low-priced car that has it.

## Trend-setting styling

Ford's trend-setting styling has set the pace for the industry. It is forward-looking styling that's out front today and will stay attractive for the years ahead, too.

## Highest resale value

An analysis of used car sales statistics shows that recent-model Ford cars return a greater portion of their original cost than any competitive make of car.

## United Fund Raising

The proposal to consolidate all charitable fund raising campaigns in Greater Lawrence into one big drive reflects the experience of many other communities across the country.

In the past few years a great number of campaigns to raise funds for worthy causes have fallen short of their goals. It was not because people did not recognize and approve of the excellent work carried on by known charitable organizations. There were just too many drives.

The large groups of unselfish men and women who gave their time and efforts to soliciting funds were regularly ringing doorbells to their neighbors' pocketbooks, and both worker and donor were "fed up" with the repeated appeals.

In this area last year there were 15 major money raising campaigns. One sympathizes with their worthy aims, especially those charitable organizations conducted in the community area and those on a national scale who are engaged in the fight being carried on against polio, heart disease, cancer, tuberculosis and similar enemies of mankind, but it has been evident for some time that they needed a new approach to the public in order to succeed.

The United Fund solicitation may have some drawbacks as well as advantages. The total may be less, there may be some disagreement over the division of funds, but the high type of citizens promoting the single drive idea assures the public and the various agencies that every attempt will be made to treat all fairly.

## The Average Stockholder

One of our biggest manufacturing companies recently made a survey of its stockholders. It found that 56 per cent of them had incomes of less than \$5,000 a year — and that only 10 per cent had incomes above \$25,000. The average income of that 56 per cent was a little less than \$2,800.

In all probability, the situation in any large company would be about the same. It's certainly time we abandoned the totally false ideas that stock ownership is practically the exclusive privilege and prerogative of the rich — and that the earnings of industry are distributed among the wealthy few.

### HAY FEVER SEASON

By Science Features

In the 16th century a poet said: "What's one man's poison . . . is another's meat or drink." That still holds true. The breath of sweet summer air may be pure pleasure for some people but others who suffer from hay fever dread the scent of flowers and grass for the discomfort it foretells.

Hay fever is caused by an allergy to plant pollens that are carried in the air. Fall hay fever, the most common type, lasts from August until early winter, and is due to ragweed. Spring and summer pollen, dust, feathers, and other particles also bother many of the susceptible.

Weepy, burning eyes and a stuffed-up, running nose are the symptoms of this allergy. Severe cases also suffer from lack of sleep, loss of appetite and possibly infection.

There are several treatments which give partial relief. A series of injections may somewhat desensitize the person to pollen. Various anti-histamine drugs, though not a cure, may relieve some symptoms during an attack. A new aid are the hydrocortisone drugs such as Cortril. Recently, a Brooklyn, N. Y. doctor reported that "of ten ragweed hay fever patients, 7 obtained excellent relief; 2, marked relief and 1, moderate relief," by taking oral doses of this hormone.

Since hay fever sufferers are unavoidably aware of their malady, they also take other precautions to ease the ill effects, such as going to pollen-free areas when possible, using a kind of filter mask at night and keeping in good physical condition.

### Leaves Property To Her Husband

Under the terms of the will of Mrs. Mary F. Biedermann of Andover all of her property, the estimated value of which is \$5650, was left to her husband, William A. Biedermann it was learned when the document was recorded last week at the registry of probate in Salem.

Mrs. Biedermann, who died Apr. 21, 1952 nominated a nephew, John J. Biedermann of Peabody as executor.

## Down the Years with The Townsman

### 50 Years Ago — August 1904

Many local people attended the band concert in Reading Wednesday evening.

Diving horses are at Canobie Lake Aug. 18.

The large automobile owned by a Lawrence jeweler broke down in the square Monday and was taken to Lawrence later in the evening by Tuttle's express team.

Conductors and motormen on the Boston & Northern St. Ry., now make a complete trip from Berkeley street, Lawrence, to Reading without a change.

A local man was fined \$10 by Judge Poor Tuesday for creating a disturbance and biting a man's finger on the late car from Lawrence last Saturday night. There has been more or less disturbance on this car Saturday nights and the police are now determined to put a stop to it.

New fall suits, single and double breasted, \$10 — Adv.

A correspondent calls attention to the many careless and thoughtless drivers of teams who stop and stand them across a foot walk or street crossing to the great annoyance of those having to walk on them. "End seat hogs," he writes, "are not competitive in this species of selfishness."

We publish a list of taxpayers who pay over \$50, saying, "It will be noticed that the J. W. Barnard estate (\$5148.88) pays the largest individual tax, while the estate of Mrs. Esther H. Byers (\$4080.) the estate of J. Putnam Bradlee (\$2620.08) and William M. Wood (\$1335.68) are among the largest taxpayers. Smith & Dove Mfg. Co. pays the largest (\$4946.40) corporation tax."

Several electric car lines running through outlying districts here and in neighboring towns bring trouble as well as convenience to the farmers. An objectional class of people seek the country weekends, infesting the farmers' fields, carrying off crops and leaving litter scattered around. Recently several persons entered a milk cellar and carried off two 10-quart cans of milk.

### 25 Years Ago — August 1929

Children presented the pageant "A Dream of Fairyland" at the playstead last Friday evening under the direction of Miss Margaret Davis and James Bissett. About 300 attended and tried to hear the childish voices vying with the honk of automobile horns, the chugging of motors and the shouts of baseball fans gathered to witness the game between the McDonalds and the North Andover Legion. The McDonalds won 12-4.

Actual operations started Monday on the widening and reconstruction of North Main street between the square and Stimpson's bridge.

President Hoover was one of the many persons who sent messages of congratulations to Mrs. Elizabeth Gray Kimball who observed her 100th birthday Wednesday at the home of her grandson, Arthur J.

Jenkins of Ballardvale road.

Alvin Zink, Andover's representative at the boy scout jamboree in Birkenhead, England, reports that he is well and happy. Monday he will start on a tour of Belgium, Germany, Switzerland and France, returning home early in September.

### 10 Years Ago — August 1944

Another name has been added to the list of Andover's hero war dead, that of Technical Sergeant Norman D. Ellis, 23, who has been killed in action in Italy.

Andover's new rehabilitation office opened in the town house Monday with Francis P. Markey in charge. On the first day 12 veterans came to discuss various problems.

James C. Sawyer, retired treasurer of Phillips academy, died unexpectedly Tuesday. He was returning on a train from Boston to his home in Durham, N.H., when seized with a heart attack. He was removed from the train at Lawrence and pronounced dead upon arrival at the Lawrence General hospital.

A blood donor campaign will be launched to mobilize 1000 donors for the next visit of the mobile unit at the South church Sept. 27, 28 and 29.

### Smith College Post For Local Woman

The appointment of Miss Helen Binkert Stott of Andover as assistant in choral music at Smith college, Northampton, has been announced by Benjamin F. Wright, college president. Miss Stott is the daughter of Mr. and Mrs. Frederic W. H. Stott, 26 Salem st.

A graduate of Smith college in 1945 she received her master of arts degree in musicology from Colorado college this month. Since 1949 she has been head of the music department of the Springside school in Philadelphia. Previously she taught in Wellesley and the Dedham county Day school. She was summer organist at the Emmanuel church, Boston, in 1948-49 and the latter year taught history of music at Emerson college.

### Complete Courses At Summer School

Miss Ann Cleveland, 63 Salem st., and Miss Ann H. Sherman, 66 Central st. have completed their work at the six week Summer School of French at the Northampton School for Girls.

On Class day Miss Sherman was awarded a prize for outstanding cooperation in all school activities. Miss Cleveland received a marianne pin for speaking French continuously for 30 days or more at the school. She was also the winner of the archery tournament.

BOUDREAU - SHEELEY

At a 10 o'clock nuptial Mass in St. Augustine's church, Saturday, Miss Elizabeth Ann Sheeley, daughter of Mr. and Mrs. Russell Francis Sheeley, 17 Enmore st., became the bride of Theodore Charles Boudreau, son of Mrs. John Boudreau of 53 Essex st., and the late Mr. Boudreau. The Rev. Henry B. Syvinski performed the ceremony before an altar arranged with white gladioli and carnations. Mrs. Joseph Caruso was the soloist with Miss Mary Lanigan at the organ.

The bride, who was given in marriage by her father, wore a gown of ivory nylon tulle with a bouffant skirt with inserts of imported Chantilly lace ending in a cathedral train. Her fingertip veil of illusion was attached to a Juliet cap of lace trimmed with seed pearls and she carried an old fashioned bouquet of lillies-of-the-valley and baby's breath.

Miss Rosanne Calitri of Providence, R.I. was the maid of honor and the bridesmaids were Miss Ann Marie Murray of Andover, Miss Nancy Conway and Miss Mary Luciano of Billerica. The junior bridesmaid was Cynthia Turton of Andover.

The maid of honor wore an off the shoulder gown of pale blue tulle over taffeta, large horse-hair picture hat and carried an old fashioned bouquet of pink sweet peas framed with blue baby's breath. The bridesmaids wore pink off-the-shoulder gowns of tulle over taffeta, large horse-hair picture hats trimmed with pink tulle and carried old fashioned bouquets of blue sweet peas and baby's breath.

Earl Sumner of Andover was the best man and the ushers were James Murray Jr., William Ronan, Bradley Richards of Andover and Lawrence Godin of Lawrence.

A reception at the Andover Country club followed the ceremony with guests present from South Orange, N.J., Hartford, Conn., Providence, R.I., and New York, N.Y.

After a wedding trip to Quebec and Montreal the couple will reside on Balmoral st.

The bride was graduated from Pynchard high school and Lowell Teachers college. The bridegroom was graduated from Pynchard high school and Seton Hall university. He served in World War II and is now assistant manager of the Personal Finance Co. Malden.

### Reach Settlement In Benefit Claim

Settlement has been reached by agreement in the workmen's compensation death benefit claim brought by Mrs. Anna Hopper, 4 Appletree lane, against the trustees of Phillips academy which was scheduled to be heard Tuesday before a commissioner of the Industrial Accident board in Lawrence.

Mrs. Hopper sought compensation for the death of her husband, Henry, formerly comptroller and associate treasurer at the academy, who died May 25, 1953. Mr.

Hopper collapsed at the academy grounds while taking a visitor on a tour of the bird sanctuary, according to the claim filed by Mrs. Hopper.

It was claimed that a station wagon being driven by Mr. Hopper became stuck in mud and that following an attempt to get the auto going again Mr. Hopper collapsed at the wheel from a heart attack.

The settlement will be referred to the full board for approval.

### START TRAFFIC STUDY TODAY IN LAWRENCE

Motorists entering the downtown business section of Lawrence will be interviewed in a study of the parking in that section which is starting today under the state department of public works.

Drivers of vehicles parking within the downtown area will be asked four questions, to take less than one minute. The questions are:

1. The destination of the driver - building store, place of work, etc.,
2. The origin of the trip - place from which the trip started.
3. Purpose of the trip - shopping, business work, etc.,
4. The home address of driver.

The area to be studied will be from the B & M railroad tracks on the west to Union street on the east, and between the Merrimack river and Oak street.

### BRUSH FIRE IN VALE

A brush fire off Ballardvale road near Walkers was extinguished Saturday afternoon by Engine 2 of Ballardvale.

The fire was discovered after Charles Regan, on duty at the fire tower on Prospect hill while John Campbell, fire ranger is on vacation, notified the central fire station shortly before 5 p.m. of a volume of smoke toward the Vale.

Deputy Chief Albert Cole Jr., went out in the jeep to investigate and about 10 minutes later radioed for Engine 2, which was on the scene a few minutes later. The apparatus returned to the station at 5:45 p.m.

### PASSES STATE TESTS

Richard D. Lindsay, D.V.M., son of Mr. and Mrs. Stafford A. Lindsay of Lincoln circle has received word that he has successfully passed the state board examinations of Massachusetts and New Hampshire which allows him to practice in both states.

### PEACE NEARS IN SHAWSHOEN DISPUTE

(Continued from Page One)

to build a new system, either with underground ducts or poles and overhead wires.

Attempts of residents in the village to get additional power in recent years has been defeated by the number of villagers who object to poles on their streets. An underground system would cost the company from 10 to 12 times more than the overhead system.

One peculiar feature of the present underground system is that the wires run along some streets from cellar to cellar, and in each is a switch which can cut off the power that goes further along to the end of the line.

After one resident of Stirling street attempted to get more voltage into his home recently and lost out because other residents objected to the poles and overhead wires, the power that went from his cellar to two other houses was shut off, leaving the other two without electricity.

One of the houses, situated at the corner of Haverhill and Stirling streets was serviced by a wire running overhead to his house from a pole on Haverhill street which was already in place.

The occupant of the second house was without power but got temporary relief when loaned a town generator.

After the dispute over getting power was aired before the selectmen, the utility company and even the department of public utilities, the Lawrence Electric company presented a new petition to the board of selectmen Monday night.

This called for an overhead wire from a pole already installed at the northwest corner of Haverhill and Stirling streets, running diagonally across the street and across part of the corner lot to the second house, and from that to the third house.

The selectmen were ready to grant permission for the utility company to cross Haverhill street with an overhead wire provided the easements necessary for the wire to cross the private property were secured.

These, it is understood, are prepared and when signed the proposed overhead wire will be installed.

This power wire will have to be suspended from a cable running from the pole to the second house, a distance of more than 90 feet, which is about the largest span installed by the company.

ting program of singing, ghost story telling and films shown by Don Look. Guards will entertain the audience by relating the age-old legends of Pompey Lovejoy. Those visiting the pond will no-

tice that the municipal bathing beach has been given a complete "face lifting." This has been due to the efforts of the guard staff and the enthusiastic support of youngsters who are regular visitors to the pond.

The center of the beach, which has been washing away leaving stones and rocks exposed, has been covered with tons of washed beach sand. This together with a large number of poles that have been sawed in half and staked into the beach, has been arranged in such a way as to form two very comfortable terraces which can easily seat 150 to 200 spectators. Addition terraces have been installed on the outside areas of the steps and upon slopes leading to the picnic area. Guards will gladly point out and describe these improvements to all visitors who are interested to ask about them.

Members of the volunteer auxiliary corps participated in their first radio broadcast last Friday. They were Priscilla Reynolds, captain of the corps, Edith Leidich and Priscilla Alden. This was the third in a series of broadcasts by Pomp's organization on water safety. The series will continue Friday mornings over WCCM at 9:30 o'clock. This week the program will be given by some of the guards, Gregory H. Arabian, director of water safety; Anthony Sullivan, director of junior lifesaving; and John T. Cole, director of beginner swimming.

## At The Library

### Reading on the upswing.

Reports from different parts of the country indicate that reading is on the upswing. In keeping with this general trend, more books were borrowed from the Memorial Hall library this July than last.

For some people, summer provides the leisure necessary for the reading of significant books; while for others, warm weather provides an excellent opportunity for so-called "hammock reading"! Whatever people's reading needs, this library believes it can serve them out of its rich book stock to which additions are constantly being made.

### Among the Newer Books The Negro and the Schools,

Ashmore. Particularly pertinent in light of the recent supreme court decision, this book provides an objective, factual, up-to-date analysis of bi-racial education in the South and the nation, based on the findings of 45 scholars, working under a grant from the fund for the advancement of education.

### The Faulkner Reader, Faulkner.

Offers a generous sampling of Faulkner's work: one full length novel, "The Sound and the Fury", three novellas, short stories and his Nobel prize address.

Hume. The first book devoted to holly, written by an authority, indicates the growing interest in the subject and provides a wealth of material about species, methods of raising holly, different uses, as well as sidelights on its history.

The Reason Why, Woodham-Smith. Cecil Woodham-Smith, author of the brilliant biography of Florence Nightingale, published a few years ago, has gone to hitherto unpublished papers for her story of the famous Light Brigade during the Crimean War and sheds new light on the charge, which has almost become immortal, which sent 500 men to their death.

Roughing it on the Rue de la Paix, Adelson. A limited budget did not prevent this American woman from making the most of her visit to post war Paris.

Jaguar and the Golden Stag, Allen. A novel of "beauty and substance" laid in the far away world of the Aztec and Toltecs which is the story of the vanished empire of Anahuac and of the power struggle which engulfs the boy, Nezahual, who at seven, was anointed emperor by his dying father.

The Cobweb, Gibson. Another story with a medical setting, the Castle House Clinic, where Dr. McIver shares the action with Dr. Devereux, slowly destroying himself, Meg Rinehart, the psychotherapist, Karen, Stevie Holt, a patient, and Miss Inch, a "fixtured."

Arrow In The Moon, Harris. Story of the Wyoming frontier, each man trying to set up a code of ethics in wild times.

**JUNIOR LEAGUE**

Andover 2, N. Lawrence 0  
Andover blanked North Lawrence 2-0 here last Thursday night in a Junior League game previously rained out. Brown was effective over the seven innings, allowing only four hits. Comerford gave up only five hits to Andover but wildness aided the local team to score its two runs in the first inning. The batteries were: Brown and Anderson; Comerford and Menery.
