TURKEY DAY GAME TOMORROW AT 10:15

Andover's Blue Devils meet No. Andover at 10:15 tomor-row morning at the Playstead.

No. Andover, already victorious in its meeting with Methuen, is seeking the Little Three title, while the Blue Bevils, by winning, could throw the title into a three-way tie.

way tie.
Comparing scores, No. Andover beat Methuen, 26-25
while Andover lost to
Methuen, 25-20.

THE TIMES ARE BIG WITH TIDINGS"

* (Author's Name Below) Hardly a day passes but we are informed of progress being made in our constant fight against disease. Re-search workers are always looking for new drugs, anti-biotics and man-made chemicals.

chemicals.

Each one is clinically tested against every possible ailment with the hope that a better way of treatment will be found. Millions of dollars are often spent to perfect a single new drug.

As soon as a new drug is released for safe use, we stock it in our prescription department. It is a remarkable achievement that the average charge of all the prescriptions dispensed is less than three dollars.

DALTON

PHARMACY

MAIN AT PARK ST. TEL. 107 *Quotation by Robert Southey (1774-1843)

The Board of Public Works has received a letter from Henry Wolfson, in which the former Taxpayers Association head gives his reasons for believing the Shawsheen Mill filter plant can handle domestic water supplies. This subject was debated briefly at the town meeting, when the voters approved the permanent installation of two wells and a long carrying main from Ballardvale to So. Main st.

The Wolfson letter, which Board members read individually Monday night, follows:

"As you know, I am no longer president of the Andover Taxpayers' Association and am not, (Continued on Page 13)"

LET ME OUT — One of the Reed Turkey Farm's prize birds looks wishfully at the great outdoors. Whether the big bird liked the idea or not, he was slated to join 3000 other turkeys from the Reed farm as Thanksbiving dinner for a hungry family. (Leone)

State Urges Rogers Brook Plan Costing \$881,000

week in Superior Court, Boston.

The case itself was set for trial next Monday, Dec. 2, in Salem Superior Court in a jury-waived session. Judge Francis Goode will preside.

Suburban Household Enterprises had asked temporary injunction against the Cyr Construction Co. doing any more work on the garage addition. And a taxpayers' suit asked to have the town treasurer instructed not to pay any money to Cyr.

Suburban was low bidder on the job, at \$23,900 while Cyr bid \$24,395. Judge Vincent Brogna set the case for trial but refused the temporary injunctions on the general armunds' that a relatively

junctions on the general grounds' that a relatively small amount of money is in-volved and that a prompt trial of the case could be obtained.

Jamboree Will Benefit Fund

An evening packed full of basketball thrills is planned by the High School Varsity Club Dec. 7, in the new gym.

Re-activating its basketball jamboree, the Club has invited seven area teams to compete and will also sponsor a foul-shooting contest, starting at 7:30. A trophy will be awarded the winner of this event. The first game is scheduled for 8, with Chelmsford meeting Woodbury High of Salem, N. H. Other pairings announced by the (Continued on Page 11)

Historical Soc. Plans For Future

At a recent meeting of the Board of Directors of the Andover Historical Society, Fred Cheever was appointed a director to finish out the term of Walter Mondale, who has left Andover.

At the Board meeting Nov. 18, Miss Barbara Loomer was appointed chairman of the Ways and Means Committee. This Committee will soon get under way in planning money-raising projects with the hope that enough can be raised to (Continued on Page 11) (Continued on Page 11)

to discuss the plans.
As an over-all project, the engineers recommended construct-

A reconstruction program for Rogers Brook, costing an over-all \$881,000, has been proposed by the State Division of Waterways. That division recommended immediate work on part one of a two-stage construction project. Estimated cost of the first stage is pegged at \$383,500 by consulting engineers Hugh Duffill Associates. On the basis of matching funds, the town has appropriated \$175,000 for Rogers Brook drainage. Thus half the cost of the initial construction stage would come to slightly more than the town meetauthorized, town officials were quick to note.

The Selectmen and members of

The Selectmen and members of the Board of Public Works met Monday morning with the engineers to discuss the plans.

65th Anniversary

MARRIED 65 YEARS — Mr. and Mrs. Bruno Gaudet, 8 Juliette st., recently celebrated their 65th wedding anniversary. They've lived here 27 years, coming from Prince Edward Island, Canada. (Leone)

Mr. and Mrs. Bruno Gaudet, 8 Juliette st., celebrated their 65th wedding anniversary Nov. 22.

Married in Tignish, Prince Edward Island, Canada, the couple has seven children, all local residents. They are Joseph, Tillie, wife of Arthur Richards; Frank, Alma, wife of Raymond Arsenault

and Gerard. They also have 17 grandchildren and six great grandchildren.

Their anniversary was spent quietly, at home, where the couple received friends and relatives.

Mrs. Gaudet is the former Katherine Doucette of Canada. Mr. Gaudet, also a native of Canada, is a former textile worker.

Maclaren Leaves Town Service

Archibald D. Maclaren Jr. has resigned, effective Jan. 1, as en-gineer for the Assessors.

Citing his desire to go into the architectural business, Maclaren has informed the Selectmen-Assessors that he will complete his duties the first day of the new year. He was appointed in June,

Probably better known as "Archie", Maclaren is a resident of Reservation rd. In past months he has been responsible, under the Assessors, for the revaluation program, which is scheduled for completion early in 1958.

His letter to the Assessors read: "I herewith submit my resignation as assessors' engineer, to become effective Jan. 1, 1958. My reason for leaving is to enter my own architectural business.

would like to express my appreciation for the understanding and cooperation that has been shown to me in my work with you. I would like to emphasize that I shall make myself available to you any time in the future if you require my assistance for any particular problem.'

Maclaren is a native of Andover, graduate of Phillips Academy and Wentworth Institute.

REPRESENTED U. S. AT MEETING

Milton Whitehead, engineering supervisor of Bell Telephone Laboratories Inc., in No. Andover recently represented the United States at a special meeting of the International Electrotechnical Commission (IEC) held in Zurich Switzerland.

Mrs. Whitehead accompanied her husband on the trip to Europe. They also visited Vienna, Austria and Munich, Germany and Milan, Italy. Mr. and Mrs. Whitehead reside at Central In.

DANCE HELD
The 6th grade pupils of the West Center School enjoyed a social dancing party last Friday evening from 7 to 10 o'clock in the North District School house. About 30 boys and girls enjoyed the party which was planned by Gerald Dixon, Shirley Disbrow and William Henderson. The disc jockey was Lilley Disbrow. Refreshments were served and the door prizes were awarded to Linda Bourdelais and Craig Haley.

United Church Guild Will Fill Bags For State Hospital

The regular meeting of the Ballard Vale United Church Guild was held in the vestry last Thursday evening with the president, Mrs. Albert Warner, presiding.

Mrs. William McIntyre reported on the Congregational Conference, which she attended with Mrs. Laura Juhlman and Mrs.

Alice Shaw.

Mrs. Richard Sherry reported on the missionary classes which Mrs. P.W. Moody conducted in the parsonage. A Japanese luncheon was served at the last class and was thoroughly enjoyed by all those attending.

A group of Guild members will attend the Christmas pageant put on by Bradford Junior College Dec. 5.

Miss Mary Holman, director of the Cooper Community Center, was the guest speaker and she had with her a guest from Africa.

The next Guild meeting will be held Dec. 12, when members will be the guests of Mrs. Ralph A. Rosenblad in the parsonage. At this meeting, hags will be filled to be donated to the Tewksbury State Hospital. Such items as

soap, combs, pins, ribbons, etc. should be brought to this meeting.

Plymouth "MONEY-AHEAD" CONTEST

Fantastic? It's mighty near unbelievable! But true – just read this:
You can win \$500 a month for the rest of your life. You can win a gleaming new "Money-Ahead" '58 Plymouth. You can win other valuable prizes.

valuable prizes.

It's the Plymouth "Money-Ahead" Contest, where a lifetime of financial security is ripe for the taking. Few things are more substantial than money, and a lot of money is the grand prize. But this is a contest where you can win big without hauling down first prize . . . for 18 sparkling new Plymouths and 450 other valuable prizes will be awarded. Now here's what you do:

Go into your Plymouth Dealer's and ask him for a contest blank. You don't have to be a mental giant to shoot for the big money. This contest is fun, and it's easy.

You simply unscramble seven easy words and terms, like the one you see in the example to the right. Then add your own short version of why you'd be money ahead in a '58 Plymouth. Believe us, there are plenty of good reasons you can use: Torsion-Aire, Total-Contact Brakes, Silver Dart Style, Push-Button Driving, new Golden Commando engines, etc. Unscramble or scramble – but you better not amble – to your Plymouth Dealer soon. The fun starts Monday, Nov. 25.

Spreads a magic carpet over bumps.

Evening Meetings At Baptist Church

THE REV. W.D. TURKINGTON
On Wednesday evening, Dec. 4,
at 7:30, a special series of
services will begin at the Andover Baptist Church.

These services will be conducted by the Rev. William D. Turkington of the Evangelistic Association of New England. Mr. Turkington was trained in the public schools of Ireland and after coming to America he was asso-ciated for some time with his uncle in evangelistic campaigns through the eastern and southern states.

He went to Eastern Baptist Theological Seminary and was graduated in Theology and Music. One summer he was called upon by the American Baptist Home Mission Society to accompany the covered wagon, which followed the trails of the American pioneers from Boston to Portland, Ore.

Mr. Turkington has been in the chaplaincy and has served in North Africa and Italy with the First Armored Division. He retired from the army with the rank of captain,

with citations.

The Rev. Mr. Turkington is an able preacher of the Gospel, a fine trumpet player, and sings Gospel hymns. The public is invited to attend the "Spiritual". Invigoration Crusade".

The services will be held each

night at 7:30, through Sunday evening, with the exception of Saturday.

Schedule For Week At Youth Center

The week's schedule of activities at the Andover Youth Center is as follows:

Today, open at 2:30; 2:30-3, primary in gym; 3-4, girls' Basketball class; 3:30-4:30, baton lessons; 4-5, boys' gym class; 5-6, girls' gym class; 6-9, open.

Thursday, closed all day.

Thursday, closed all day. Friday, open at 1; 1-3, open; 3-4, gym class; 4-5, basketball class; 5-6, open for basketball. Saturday, open at 1; 1-2, open; 2-3, roller skating class; 3-4, boys' gym; 4-5, basketball class; 5-6, open. Monday, open at 2:30; 2:30-3, open; 3:30-4:30, junior girls' gym class; 4:30-6, open; 6-9, girls' night.

open.
Starting Dec. 6, a new class in social dancing will start, at 3:15 p.m. Mrs. Beverly Arthur Manning will instruct the group. All boys will instruct the group nine and 15 are and girls between nine and 15 are eligible and may sign up for the class at the Youth Center.

2 Gravel Hearings Before Selectmen

The Selectmen held the first of two hearings Monday night on gravel pits under the new town by-law. Formerly the Board of Appeals had had the authority to issue licenses.

First was an application by Mrs. Helen Morarian on whose property Suburban Excavators of Wakefield wish to remove gravel to build the new Route 28. The hill is to be cleared and the slope levelled to the new highway, it was explained. The second was an application

by Richard Sherry on Bannister rd. Mr. Sherry had applied to the Board of Appeals just before the law was passed so this was a re-application. Mr. Sherry had previously explained that he wished to sell gravel but at the same time smooth off and slope the land to

make house lots.

There were no objectors in either case. However the Selectmen indicated that they might re quire either a bond or a certified check guaranteeing that the property owner would not leave a raw unsightly spot once the gravel is

MAY HAVE DISCUSSED NEW BOARD MEMBER The Board of Public Works

went into executive session Monday night, possibly to discuss adding a member to the Board.

When Chairman Allen Flye asked Board members if they had anything to bring up, member David Thompson said he'd like to talk about a re-placement for the late P. Le-Roy Wilson, 'or would you rather talk about it in private?''

Shortly afterwards, Chairman Flye told newspaper reporters he was going to close the meeting to discuss "personal matters".

Up to late Tuesday, there had been no announcement from any member of the Board about the private session or the possibility that the wheels were set in motion to appoint a new member.

IN FROLICS

Richard Janes, Bucky Dalton and Bill McCullom, all students at Lawrence Academy, took part in the annual Autumn Frolics program presented last Saturday

Patience Haley Wins 1st Prize

The Springfield Art League of Springfield has announced that its' first prize award of \$100 has been given to Patience Haley of Andover, art instructor at Abbot Academy, for her painting entitled, "Island Night", in the annual fall exhibition.

This is the second consecutive year that Miss Haley has received the top award, having won the first prize last year for her watercolor, "Low Tide".

The board of judges making the selections were S. Lane Faison, director of the Williams College Art Museum; H. George Cohen, art professor of Smith College and Theodore Parker, art critic for the Hartford Courant.

Teachers' Salary Schedule

A few weeks ago we suggested that the School Committee had a tough job ahead in deciding whether to adopt the salary schedule suggested by the salary committee.

Apparently it wasn't so tough, after all.

For the Committee was able to make the decision in one night, behind doors closed by the chairman's desire to have an executive session.

Executive Session Excuses

For a moment, let's look at this executive session, so as to keep the record straight. From talking to other members of the Committee after the session, it became apparent that all of them were not aware that one would be called. But they didn't want to question their chairman about it, feeling that he probably knew of something coming up which might better be discussed in private. The chairman had stated, as reasons for calling the private meeting, that the budget and some personnel matters would be debated. He was reminded that members of the press, agreeing not to publish very tentative budget figures, have sat through budget discussions many times in order to be fully aware of the Committee's thinking.

Usually Boards and Committees here like to have the newspapers remain fully aware of the thinking behind their actions, so they can be adequately reported to the voters.

But on this occasion, the School Committee chairman also said that personnel matters would be discussed, insisting along the way that the Committee should discuss its budget in private.

We found later that the main topic of discussion was the salary schedule, which was adopted.

This was not a personnel matter, relating to any specific teacher or person employed by the schools; nor was it a purely budgetary matter. It was something the Committee itself believed should be published - but without the reasons for the action.

The Schedule Itself

C

PA

CON

As far as the new salary schedule is concerned, we feel that the minimum of \$3800 and maximum of \$6000 are certainly adequate. There should be no problem in attracting new teachers under this program.

The provision that all extra duties, such as coaching, guiding an extra-curricula group and the like, be accomplished without additional payments is also practical. For actually extra pay for some of these jobs was granted more as a means to keep men teachers satisfied than anything else. They should be satisfied, under the new schedule, without extra pay for these duties.

In a year, the salary committee will also come up with recommendations for merit increments. How this will be done is not yet known. But right now we feel that any proposals for additional money should be strictly according to "merit" and should not be based on any other factor. This problem, though, is many months away. Right now, the subject is the new salary schedule - and we are certain that there will be a lot of questions and a lot of opinions on it before town meeting in March.

Time To Appoint A Good Man

There are several good reasons why the Board of Public Works should appoint someone to fill the vacancy on the Board, in cooperation with the Selectmen.

There are no good reasons - that is, reasons within the realm of public interest - why the vacancy should not be

Yet the Board continues to drag its heels officially, at the same time apparently trying privately to make political capital out of the situation.

Apparently the Board, or some of its members at least, are willing to make an appointment if it will do them some good politically - not otherwise. Witness, in support of this belief, the efforts reported in last week's TOWNSMAN to get a member of the Taxpayers Association onto the Board. This, we feel, is pure politics, designed to stifle criticism from the Taxpayers organization by taking them into camp. The attempt didn't work.

It has also been rumored, we believe with some foundation in fact, that at least one member of the BPW would rather see the vacancy continue until the election. There apparently is some hope that candidates might bunch up, seeking the vacancy, leaving the way more or less cleared for the incumbents, Allen Flye and Alex Henderson. This again is a purely political tactic, without reference to the

The most elegant entree for a festive dinner will always be for me - a plate of freshly opened Little Neck clams, at least 10 in number with the usual accompaniments, a good horse-radish sauce and a slice of lemon!

It did my Yankee heart good to read in the interesting new book written of Prunier's (famous written of Prunier's (famous Parisian restaurant) that French and now English palates owe this delicate treat to some one American gourmet and our own native shores. It seems that Monsieur Prunier in 1910, convinced of the merits of American clams by one of his American customers, imported from Long Island five tons of Little Cherry and Little Neck clams for replanting on the French Atlantic coast. Today Madame Prunier is importing French clams descended from them for her English patrons.

Incidentally, should you be en joying clams on the half shell for Thanksgiving dinner, too, and find you ordered more than you can eat (is this possible?), don't forget even a half cup of them is enough to make a good cocktail dip. You can freeze it for future use, if you like, remembering to thaw it out early enough ahead before serving, adding a bit of cream and whipping with a fork 'till of proper consistency for serving with crackers or chips. This is the recipe I use:

.CLAM CHEESE DIP med. clove garlic

1 cup or less clams

oz. pk. cream cheese 1 tsp. Worcestershire

tsp. lemon juice

½ tsp. salt 1 or 2 Tbl. clam juice

Put all in electric food blender, cover and give it a minute or two spin. Test for taste and con-sistency, add cream, mayonnaise, more clam juice or lemon juice, just as you fancy. Turn into a bowl and chill before serving.

CRANBERRY-ORANGE

MARMALADE RELISH It just wouldn't be right to the colonists or the early New England Indians, for that Matter, to remedy for ills, the cranberry, to England cranberry grower. It posted by authorities that this year's crop is expected to reach well over a million barrels, so I suppose it is our business to see that none go to waste. The Ocean Spray Home Economist has done a superb job of putting many delicious recipes before us and it doesn't seem necessary to reeat them here, as you've doubtless done a good deal of clipping from the magazines yourselves. Here's a very easy recipe, though, which I used last year and will use again. It takes some of your best bitter Scottish brand of orange marmalade.

4 cups fresh cranberries 2 cups sugar pinch of salt rind of 1 lemon 1 cup bitter orange marmalade 1 cup water

best interests of the town.

We don't believe we are being overly righteous when we suggest that this kind of politics is an insult to the town, which deserves full representation on the Board.

We believe it is practical to suggest that the present members of the Board of Public Works should put the interests of the town first, in all their deliberations, including the matter of a new member.

They should take the necessary steps to appoint a member - one who will be a credit to the town and one whom they will be glad to see as a candidate next March. This appointment should be made, according to the methods set forth in the state law, in order to give the townspeople full representation. And the appointee should be a person chosen for ability and integrity, not for any political motives.

Cook cranberries, sugar and GOURMET water until cranberries pop. Add other ingredients. Chill and serve on relish plate.

BAKED SEAFOOD SALAD (Mrs. Carlton Clift)

This is a wonderful luncheon dish which I am happy to say I relished from the hands of the hostess, herself. It made a tremendous hit with the other small group of guests and, with a good deal of cheek, I called this morning for the recipe: 1 lb. can crab meat

cup shrimp

cup mayonnaise green pepper chopped small onion chopped cup finely cut celery ½ tsp. salt pinch of pepper few drops Worcestershire

1 cup buttered bread crumbs the chopped pepper, onion and celery add the seafood the mayonnaise and seasonings. Place in greased casseroles, top with crumbs and bake 30 minutes in 350 degree oven. Makes 6 individual casseroles.

The Dessert Was Yummy, Too!

layered light-as-a-feather A light-as-a-reather sponge cake with a tasty lemon filling and topping, "Dot" cream filling and topping. "Dot" and her two daughters, Sara and Janet, have a real flare for baking delectable cakes. This one, however, unbelievably was a baker's cake - a Drake layer sponge which served in four layers with cream between them. Here's "Dot's" recipe for

LEMON-CREAM FILLING (Also Mrs. Clift)

2½ Tbl. flour 34 cup sugar pinch salt ½ cup strained orange juice grated rind 1 lemon 1 beaten egg

butter size of walnut

over boiling water until thickened. Remove and chill. Just before spreading, add jar of whipped cream, place cake in refrigerator until time to serve.

APRICOT BALLS (Mrs. Harold Leitch)

good confection for your Thanksgiving table, and oh-so-easy, especially if you have an electric blender.

1 lb. dried apricots, ground

1 can condensed milk

½ tsp. vanilla pinch of salt

Confectioner's sugar

Combine milk and apricots in blender for just a few seconds. Otherwise, use grinder for apricots Roll in balls in confectioner's

RUM BALLS (Also Mrs. Leitch)

Another delicious confection for the table and good all through the Christmas holiday season.

2 cups vanilla cookies

cup cut pecan meats

cup confectioner's sugar

Tbl. cocoa

2 Tbl. white corn syrup 1/3 cup rum

Mix, roll into balls with confectioner's sugar. It is best to make these three days before serving in order that they hold together. Keep in tight tin to re-

tain freshness and flavor.

Teaching Fellowship Applications Ready Phillips Academy has announced

that applications are now being received by candidates for the Andover Teaching Fellowship

Program for 1958-59.

In an effort to help meet the national crisis in the shortage of qualified teachers, Andover instituted its Teaching Fellowship Program as a mean of interesting talented young men in the teaching profession. The need for first-rate teachers is urgent, and this new program - now in its second year - opens a new avenue into the teaching profession. The program is an experiment in teacher recruiting and teacher training, and is planned for college graduates who have not taught. It will be highly flexible in adaptations to special circumstances, but its basic outlines are

The first year of the program is designed to give sound professional training prior to any graduate study. For the first year the Fellow will live at Andover as a member of the faculty, participating in a planned program of teaching under the guidance of the senior members of the Andover faculty. In addition to his teaching duties he will receive experience as a housemaster, athletic coach and moderator of extra curricular activities. In short he will take an active part in all phases of school life.

This first year of the program is designed to give the prospective teacher through his "on the job" experience a clear picture of the life of a teacher and an accurate insight to his own willingness and ability to make a life-time career out of teaching.

The experimental nature of the Put all in double boiler and program centers around this first cook, while stirring constantly, year of practical experience preceeding any graduate study, which is reserved for the second year of the program. In the hope that graduate study pursued after the teaching experience will take on sense of purpose and direction which it might not otherwise have, the Andover Program provides in the second year for graduate study in any college of arts and science of the candidates own choosing, or for a year of study abroad.

Commenting on the Teaching Fellowship Program, Headmaster John M. Kemper said, "We regard the Program as eminently successful and the program of the program ful and have launched the second year program with enthusiasm. The Andover Teaching Fellowship Program has proved to be an attractive and effective means of interesting young men in the grea work of teaching. Our hopes for the program have been more than justified by the number of appli-cants for the first two years. One hundred and forty-four applicants from 63 colleges have been received. We are hopeful that the success of our first two years will interest other young men who are to graduate from college this June, to investigate this unique opportu nity in the field of education.

Serving as Fellows for the cur-rent year are Charles C. Alexander of Concord, Cornelius N. Allen of Elmira, N.Y., James L. A. Kraft of Longmeadow, John Richards II of Groton and Edwin Williams of Kansas City, Kan-

Fellows will be chosen this year from the fields of English, ancient and modern languages, history, mathematics, sciences, art Eligible to apply for the And-

over Teaching Fellowships are college seniors or graduates who have not had any teaching excations may be obtained from the Academy.

This program has been made possible by a generous grant from the Harriet M. Spaulding Charitable Trust, named in memory of Mrs. Spaulding, whose husband Huntley N. Spaulding, was a member of the Class of 1889 at Phillips.

WHICH BOY PASSED THE N. P.* TEST?

· HINETY PERCENT

*NINETY PERCENT

The poised young man of the right of course. You can tell at a glance... and that's why the Ninety-Percent Test is so important. Adults judge even children (and children judge each other) by what they see. It's true that clothes may create slightly less than 90% of the impression Juniors make, but the test is just as important. Another point to remember: Beauschildren's clothes become so grimy so quickly, it's especially important to have them drycleaned regularly and often. (This kind of care carries a built-in bonus. In addition to looking fresher, drycleaned clothes last longer.)

MEN — If your dress shirts are not laundered to your complete satisfaction — ask the lady of the house to try US — You both will be glad you did.

Entertainment At Church Fair

STAR PERFORMERS - The United Church fair Dec. 7 will feature an evening of entertainment. One group scheduled to appear are the Maruzzi sisters, Lorna, Gail, Carol and Dianne.

Walter C. Norris will be master of ceremonies for the evening portion of the fair sponsored by the United Church Guild of the United Church in Ballardvale.
The variety show will be presented at 8 o'clock in the Community Room. The fair starts the afternoon of Dec. 7 and a supper will be served.

The following will participate

in the program: Joan Gedrey and her dance group; Patricia Smalley will sing a solo accompanied by Mrs. Charles Barnet; Lois Tac-coni will do an Irish Medley on the coronet and Janet Letters a dance accompanied by Shelia

Serio.
The "C Macks" of Lawrence, a barber shop quartet, will do a skit with the assistance of P.W. skit with the assistance of P.W. Moody, Joseph Serio, J. Elwyn Russell and the Rev. Ralph Rosenblad, accompanied by Mrs. J. Elwyn Russell. Accordion numbers will be rendered by Joyce Mowatt. The Murruzi sisters, Carol, Diana, Gail and Lorna, will appear as the Cheerettes, with Marjorie Hunt doing the baton twirling.

ettes, with Marjorie Hunt doing the baton twirling.

Another skit by the "B.V. Rangers" will include Donald Brouck, Kent Warner, Richard Sheaff, William Butler, Ellsworth Madden, Ronald Carbon, Donald Machen and Allen Taylor, The Andover High School Girls' Band will also participate. The constitution of t will also participate. The con-cluding number will be a song duet by Mr. and Mrs. Wendell Mattheson, accompanied by Mrs Charles Barnet.

Down-Town Churches In Union Service Tomorrow

The Andover Council of Churches will hold a service of Thanksgiving at the Andover Baptist Church, beginning at 8:30 Thanksgiving morning. The service will be a brief one, concluding at 9:15, to allow

families time for their various gatherings of the day. The host pastor, the Rev. Donald Ryder, pastor, the Rev. Donald Ryder, will conduct the service and the Rev. Horace Seldon, of the Free Christian Church, will preach. Participating churches are Christ's Church, Episcopal; South Church, the Andover Baptist Church and the Free Christian

Church and the Free Christian Church.

The offering of the morning will be given to the "Share Our Surplus" program of Church World Service, a program of relief and rehabilitation among the refugee peoples of the world, whereby for every dollar given over 200 pounds of surplus food is sent abroad. Mr. Seldon's sermon for the morning is entitled. "Where the morning is entitled, "Where Are the Nine?"; music and Are the Nine?; music and flowers will be provided by the Baptist Church. All people of the community are invited by the Council to take part in the service and thus to fulfill the purpose of Thanksgiving.

if I continued to speak.

"I am informed by the engineering firm which designed the beds that they are adequate to handle about 4,000,000 gallons per day at a filtering rate for domestic use. It is true that, as your consultant said, "the beds were designed for industrial use" but that is merely a matter of semantics and is true only in the sense that the need which created them was industrial and that, for domestic use, the beds must be supplemented by some additional equipment. The amount of solid removed is merely a function of the rate of water flow through the beds. They may be used to produce water for domestic use if the flow is reduced somewhat from the volume for industrial use. These particular beds have a capacity of more than 6,000,000 gallons per day for industrial use and just about 4,000,000 per day for domesticuse. "In addition to the filtering, it is necessary to reduce the mineral content, the coloration and the bacterial count. That is done, as you know, with a chlorinator, other chemical feeders and a sedimentation basin. These additional facilities for 2,000,000 gallons per day could be provided for approximately \$55,000. Reconditioning of the old filters, if needed, and provision of new pumps, if the existing equipment is inadequate, would run about \$12,000 more. To these costs it would be necessary to add the cost of connecting to the system which, in view of the location of the beds, should not be high. It would appear that, if the beds could be leased or purchased at reasonable cost or borrowed at no cost from the Mill people, it could provide at least interim facilities for a number of years and would permit a study of a permanent solution without any sense of urgency, and with adequate review.

"These of the provided and with adequate review."

"There remain, however, two ther questions: "1. Is there an adequate flow

The **NEWEST** in : ALLPAPER 1800 DESIGNS PAINT STORE AMESBURY STREET, LAWRENCE

of water?

"2. Would Andover be permitted to use this flow?

"To the first question I can only reply that the man who is in charge of the installation informed me that at no time during the past summer did the flow going "down the drain", so to speak, drop below 750 gallons per minute. That adds up to a minimum of 1,080,000 gallons per day. Furthermore, I believe that arrangements could be made with the mill people upstream to release additional flow as severe emergencies might necessitate. Ordinarily the flow past the beds varies from 4,000,000 gallons per day on up.

"As to the second question, I do not know all the ramifications of riparian rights but I am not as pessimistic as your consultant was on the platform when he said that it would require legislation and that it would require legislation and that it would take years. I do not know whether or not legislation would be required (perhaps it merely requires release to the Town by those who now hold the water rights) but I do know that, if I were a legislator, and representatives of a Town came to me and told that, in the midst of a water shortage, there were 1,000,000 gallons or more of water available but being wasted every day because of lack of legislation, it wouldn't take me five minutes to decide how to vote. I don't believe it would take months to get the legislation no less years.

"As a final matter. I should." months to get the legislation no

months to get the legislation no less years.

"As a final matter, I should like to make four observations:

"1. Since the Taxpayers had complete faith in the people who "1. Since the Taxpayers had complete faith in the people who gave them this information, you can understand why they were more reluctant than you to place complete reliance on your consultant and why they asked for a review by local engineers. It could very well be that a thorough exploration would uncover other factors that would make it impossible for Andover to use the Shawsheen River or would make it extremely expensive. However, up to the time of the Town Meeting, or for that matter, up to this time, no such factors have been produced, and it would appear that a much more thorough exploration than the Town has had to date is in order. Even if such factors were found, it should be possible with little difficulty and at low cost (probably less than the cost of the small well) to provide adequate water supply from these beds for the present tenants of the Mill. I understand that they use 350,000 gallons of Town water daily and the demand is expected to increase. Any water which would be provided from the filters would release an equivalent amount for other Town use.

"2. Since this question origin—

"2. Since this question origin-ally arose in public, I believe

nos

mis

In Andover -

Visited Home For Little Wanderers

The fifth and sixth grade classes of the West Church Sunday school made a special visit to the Little Wanderers' Home In Boston

Little Wanderers' Home In Boston last Sunday afternoon.

Gifts of vegetables, canned goods and money were received at the session of Sunday school last Sunday and under the guidance of Henry Becker Supt. of the school and Mrs. John Ebert and Mr. Vahey Gulezian, the trip was made possible. An inspection of the Home was made by the teachers and pupils who made the trip.

Miss Eastham Is Selected For Team

Miss Nancy Eastham is one of three Mount Holyoke College students who have been selected to play for the Northeast in the National Hockey Tournament at Vassar College over Thanks-

giving.

Miss Eastham, a junior, will play on the second team. She was among those chosen from seven teams participating in the Northeast Hockey Tournament held at Smith College Nov. 14 and 17.

A graduate of Abbot Academy Miss Eastham is the daughter of Mr. and Mrs. James S. Eastham, 26 Alden rd.

ROGERS BROOK TO COST \$881,000

(Continued from Page One) tion in areas feeding into the

The initial phase would not relieve flooding in the area now hardest hit, according to the en-gineers, except that cleaning the brook bed would help increase the water flow to some extent. Isolated bottlenecks, possibly the culvert under Bartlet st., would be remedied under the first stage.

first construction stage without being fairly certain that the voters will follow through with the remainder of the project.

This would involve additional authorization from town meeting, they explained. Approximately onethird of the necessary funds, based on the estimate provided Monday, are available and the voters would have to act on the other two-thirds, or about \$300,000.

Noting that the project should be undertaken only if it is a longrange plan that will satisfy the of the town in the future, the Selectmen said they sould not approve doing part of the job, only to find that the town refuses to go along with any more.

First Stage Plans

Getting down to the actual plans,

would be required.

the new system.

This stage of construction also calls for cleaning the old brook bed in an attempt to get as good a flow of water as possible in the wide, flat areas east of Main st.

Eventually, under stage two, a 78-inch pipe would be tunnelled under Main st. and to Whittier st. Three Plans Compared

During the discussion of the three plans, these were the dollar comparisons, based on a 50-year plan, 25-year plan or 10-year plan:

Fifty years - stage one, \$383,-500 and stage two, \$497,500; Twenty-five years - stage one, \$378,500 and \$497,500 for stage

two; Ten years - \$305,000 for the

first stage and \$457,500 for the second. Engineers noted that the 10-year

plan is somewhat less expensive than the other two, but also pointed out that there is little cost difference between the plans But town officials made it plain for 25 and 50 years. They urged that nothing would be done towards committing the town to the so that there will be no need to redo any of the work in later years Selectman Sidney P. White asked

if the state would furnish more than 50 percent of the funds, but received an unfavorable reply. Stated Andrew Graf, representing the water-ways division — "it's doubtful". He explained the usual policy is to match funds but occasionally some leeway is allowed, on the personal decision of the commissioner. He also explained that the state will not be bound now to the second stage of the plan, because that comes under another year's appropriations. But he agreed that in many cases, once part of a plan has been agreed upon, the state will follow through and approve the remainder.

Flooding To Continue Donald Bassett, superintendent of the water and sewer departments, asked about the area east of Main st., where most of the trouble has come from overflowing water. He explained that the culvert under Bartlet st. appeared to be a

The engineers, including Hugh Duffill, explained that \$40,000 of Getting down the engineers recommended these construction jobs in stage one:
Replace culvert under railroad with two 70-inch pipes and widen, deepen and pave channel from deepen and pave channel from only slightly under the first stage construction, but explained that its necessary to have the west section of the first stage construction, but explained that its necessary to have the west section. with an 108-inch pipe and widen, pave and deepen channel from Lupine rd. to School st.

Tunnelling under one house on Tunnelling under one Brook st.

The Selectmen suggested that

The Selectmen suggested that would be required.

The end of this stage would be behind the new professional building on Central st., before reaching Main st. At that point water from the present brook would fall into a new catch basin-type structure it will take three months to draw the professional building to receive it and from a language. designed to receive it and from plans for the first stage, after a which the water would flow into decision is reached; and it will be a year's construction job.

DODGE — HOHMANN

At an 11 o'clock Nuptial Mass in St. Margaret's Church, Saugus, last Saturday morning, Miss Margaret Mary Hohmann, daughter of Mr. and Mrs. Frederick F. Hohmann, 121 Essex st., Saugus, became the bride of Edward Shipman Dodge Jr., son of Mr. and Mrs. Edward S. Dodge, 47 Summer st. Cladioli were arranged on the altar for the ceremony.

The bride, who was given in marriage by her father, chose a floor length gown of Chantilly lace and tolle styled with fitted bodice and bulfant skirt terminating in a chapel train. She wore a fingertip veil of French illusion and carried a cascade of white chrysanthemums and ivy centered with an orchid.

Miss Elaine Moore of Saugus, cousin of the bride, as maid of honor wore a floor length gown of salmon organza. Her flowers were a cascade of rust chrysanthemums which were repeated in her head band. Miss Mary C. Hohmann was her sister's junior bridesmaid, wearing mint green nylon chiffon. She carried yellow chrysanthemums and also wore them on her hair.

hair.
Paul E. Desilets of Lawrence performed best man duties and the ushers were James F. Hohmann and F. Charles Hohmann, brother's of the bride.

A reception in the Oxford Club, Lynn, followed the ceremony with guests attending from Andover, Saugus, Lynn, Connecticut and Michigan.

The counterlate and the control of the counterlate and Michigan.

The couple left on a wedding trip to Washington, D.C. and Niagara Falls. The new home will

be at 77 Kingston st., Lawrence.
The bride was graduated from
Saugus High School and was employed as a secretary at the
Watertown Arsenal. The bridegroom is a graduate of the Andover schools and Essex County
Agricultural School.

YOUR GOVERNMENT

corner stone of the new telephone dial building next Monday morning at II a.m. They have been asked to bring along a copy of the town report to be placed in a tube and ealed in the corner. Arthur Lewis, superintendent of

West Parish Cemetery, has been

appointed a special police officer.

Many merchants have reported to
the Selectmen that they are disturbed over the excavation of Main st. for the new telephone cable lines, coming as it does during the Christmas shopping season. digging will continue for the next three weeks and will run up to the corner of Chestnut st.

The state will be requested to have any new streets they may create by the new Route 28 conform to the town requirements. It been pointed out that new streets must have town water if at all possible and the state will be asked to lay a main in the new way running parallel to the highin the Dascomb rd. area. Debated Cost of Land

Nathan W. Bates of the Trustees of Public Reservations asked the BPW to reconsider its offer of \$200 for the land taken on the Ward Reservation for the new re-servoir. Mr. Bates said he was notified by town counsel that \$300 was voted, \$100 was used for legal fees, etc. and \$200 would be paid the Trustees for the land. Bates said he felt \$1200 would be fair, based on the trustees' need to acquire land somewhere else to replace the amount taken here. The Board promised to discuss the matter and let the trustees know. Flu Shots

The BPW has again approved giving its employees flu shots and has authorized Highway Supt. Stanley Chlebowski to arrange the matter with Dr. John J. McArdle

Opened Single Bid

After some discussion about accepting one bid, the Board of Public Works opened the Ralph P. Hall Company's bid for Burnham rd. pumping station equipment. The lone bid was \$3941 and was sent the consulting engineers for verification and recommendations. Some 13 sets of specifications had been requested by various firms and it had been expected that many bids would be received.

Work On Civil Defense

The Board of Public Works briefly discussed Civil Defense Monday night, relating to time spent by BPW workmen fixing up a generator at the town yard. question arose as to who authorized BPW men to work on mounting the generator on wheels. It also was brought out that the BPW has received a lot of equipment under the C. D. buying program, directed by Harold Wennik. Whose Car?

When an old-model sedan was parked in the town yard Monday, no one knew exactly why. But questions brought this answer — it's a Civil Defense vehicle, bought by C. D. under Director Harold Wennik. At the Board meeting Monday night, members of the BPW knew only that much about the vehicle and didn't even hazzard a guess as to what use it will be put to.

WIN TURKEYS

Two turkeys were given out, during a meeting of Cub Pack 76, Ballardvale, Monday night. Charles Partridge of Center st., Ballard-vale and William Macartney of Highland rd. received them.

The Selectmen have been invited to be present at the laying of a

MORTGAGEE'S SALE OF REAL ESTATE

MORTGAGEE'S SALE
OF REAL ESTATE

By virtue of the power of sale contained in and conferred by a certain mortgage deed from WILLIAM F. BARRON, JR. and FLORENCE S. BARRON, JR. and FLORENCE S. BARRON, busband and wife, both of Andover, Essex County, Massachusetts, to the Andover National Bank, now Merrimack Valley National Bank, now Merrimack Valley National Bank, Hawethill, having an usual place of business in said Andover, dated November 5, 1952, recorded with Essex North District Registry of Deeds, Book 769, Page 20, for breach of the condition in said mortgage contained and for the purpose of foreclosing the same, will be sold at public auction on the premises described in said mortgage deed on Tuesday, the tenth day of December A.D. 1957, at eleven o'clock in the forenoon all and singular the premises conveyed by said mortgage deed and therein described substantially as follows:

"the land in Andover, Essex County, Massachusetts with all the buildings thereon, and being shown as Lot numbered 9 on plam of land entitled "Virginia Road Extension of the Tantallon Development, West Center, Andover, Mass., owned by Ruth T. Stevens, May 13, 1941, drawn by William M. Machoney", which Plan is recorded with Essex North District Registry of Deeds as Plan numbered 1305, said Lot being more particularly bounded and described as follows:

EASTERLY by a private way known as Virginia Road, one hundred and ten (110) feet;
SOUTHERLY by Lot numbered 10 as shown on said Plan, and by land

Bids On Water Bonds At 3%

Water bonds worth \$252,000 were bid in last week, with the town receiving an interest rate of three percent and a premium of 120.

The low bidder at that figure The low bidder at that figure was Tucker Anthony and R. L. Day Co. Second low was the Bay State Merchants National Bank at the same interest and a premium of .08. Third was the Arlington Trust Co. of Lawrence, same interest and a premium of .027.

The bonds were authorized at the special town meeting to pay for two new wells and a carrying main.

ley said the interest rate, considered by experts to be good, probably was due to the recent lowering of the Federal Reserve Bank discount rate. Some observors had said the rate probably would be 3,3 percent.

Boland Urges Early Mail For Christmas; Labels Available

followed to insure proper delivery

of Christmas packages.
Postmaster Stephen A. Boland this week urged residents to: wrap them securely, address them cor-rectly and mail them early.

Packages, and cards as well, should be mailed by Dec. 10 for out-of-town delivery and by Dec. 15 for local delivery, the postmaster explained.

CH PAI

PAG

SA

Αl

COMP

Pro 82 F

constitute local delivery", Boland stressed. Ballardvale mail is in the out-of-town category and should be tied up and labeled along with other out-of-town mail.

Ballardvale residents, on the other hand, can use "local mail" labels only on bundles of cards for delivery in the Vale. All mail addressed to Andover and Shawsheen, from the Vale, is classed as out-of-town.

He also urged residents to identify their Christmas cards, by labels, for either out-of-town or local delivery. The labels will be cartons, particularly if there are a available at the Postoffice and number of various sized objects in available at the costoline and the carton. All individual items residents. Andover it self, plus Shawsheen, plenty of wadded tissue or paper

should be used in the carton to make certain they are shock-proof. Tie with heavy cord. Boland also suggested including an extra address label inside the carton, before it is wrapped.

Garden Club To Meet Dec. 3

The Andover Garden Club will hold its Christmas meeting Dec. 3, at two o'clock at the November Club House on Locke st.

The program will be titled "Season's Greetings", a demon-stration of Christmas decorations

ACADEMY BARBER SHOP

96 Main St. Andover (Near A & P

This new-type concrete road will last 50 years . . . and more

Drive it on America's new Interstate System highways

New-type, sound-conditioned concrete will still be fun to drive in '75

Not a "thump" to be heard on this continuous-laid concrete. It's almost like riding above the pavement, instead of on it. Sound-conditioned concrete has no joints only tiny, sawed cushion spaces. You skim over them and don't know it! "Air-entrainment" prevents surface roughening, keeps concrete smooth. Laid flat, new-type concrete stays flat and will last 50 years and more.

The Interstate System is planned for the traffic of 1975 . . . when concrete laid today will still be "new" and fun to drive.

Built-in safety for Massachusetts highways

The grainy texture of new-type concrete resists skids even when wet No unevenness, no "fighting the wheel." It reflects light, too. You see up to 4 times better at night on light-colored concrete than on a dark surface.

PORTLAND CEMENT ASSOCIATION 20 Providence Street, Boston 16, Massachusetts

A national organization to improve and extend the uses of concrete

and arrangements by Mrs. Charles H. Hollis. Afternoon tea will be served by the Hospitality Comnittee, Mrs. Michael S. O'Brien and Mrs. Foster C. Barnard, co-chairmen. The other members of the committee are Mrs. John K. Colby, Mrs. Albert E. Jewell and Mrs. Lewis Warlick.

The annual green sale will take place at this meeting, under the direction of Mrs. Douglas B. Pitman and Mrs. Leslie Hutchison, co-chairmen of the Horticulture Department and Mrs. Archer Bolton Department and Mrs. Henry Van Zandt, co-chairmen of the Flower Arrange-ment Committee. Others working on the green sale are Mrs. Joseph Myatt, Mrs. Roy Hardy, Mrs. James Holihan, Mrs. Victor Mill Jr., Mrs. William T. Rich III and Mrs. Edwin L. Bramley. Audubon material will be placed on sale by the Conservation Committee, Mrs. J. Everett Collins and Miss Bessie Goldsmith, co-chairmen, assisted by Mrs. Wilson Knipe, Mrs. E. Wells McLean, Mrs. William Weiss and Mrs. Everett

Members may invite guests at the usual guest fee.
