## Valuations Hit 77 Million; Tax Rate \$26

### Notices Being Prepared Now

Assessable real estate valuations for 1958 have been pegged at \$77,000,000 - nearly four times the assessed value in 1957.

And based on these new figures, plus personal property values, the Assessors have set a tentative \$26 tax rate for the year.

Notices are now being prepared for every property owner, spelling out the assessed value of each parcel of property.

Knowing that nearly every property owner will first notice the sharp increase in value, it has been suggested that each taxpayer figure out his tax bill on the basis of the new rate, before becoming too alarmed.

For example, the assessors explained that a house formerly valued at \$5000 may now be listed

### 10th Anniversary Celebration Planned

Plans for a festive banquet and 10th anniversary celebration of the St. Augustine's School Guild, to be held Thursday, May 8, at the Hillview Country Club in No. Reading, are well underway.

Mrs. Arthur McGovern, chairman, and her committee of first grade mothers are planning the traditional program which will be a fitting climax to a most successful year. In addition to the installation of newly elected officers, the evening will be highlighted by the cutting of the birthday cake and by the reading of the Guild history.

Past presidents will be honored guests of a large group of old and new members.

#### Pike Students Plan Canadian Trek

Six eighth grade girls from Pike School will spend five days in Canada during their spring recess.

The purpose of the trip is to give the girls an opportunity to speak French and hear the language spoken in a typical French-Canadian town.

The six girls qualified by earning the highest averages in their French classes during the first half of the academic year.

The group, comprising Rosamond Rockwell, Natalie Gillingham, Marcia Greer, Carol Laaff, Barrie Hogan and Kathy Pickering, will leave Andover next Monday morning. Mrs. Allan Gillingham, French teacher at the School, will accompany the girls.

They will spend five days in Ste. Foy, a suburb of Quebec City, living in a small pension where they will be permitted to speak English only one hour each day. They will visit places of interest in the city and they plan to spend a day on the Ile d'Orleans, which is regarded as the site on this continent the most like Old France.

Twenty-one High School students received high honors for the recent marking period.

Five seniors, Gerald Fleischli, Ruth Neisser, Shelia Serio, Ruth Slade and Judith White, took the top honors; juniors were Patricia Adams, Anne Berthold, Judith Gilcreast, Leslie Hart, Stuart Henderson, Helen Morris, Mary Owens and George Ziegler; and sophomores, Richard Daniels, Polly Holihan, Herbert Kempton, Alice Lynch, Deborah Newcomb, Susan Slade, James Stewart and Jane Yeager.

**Dr. Pearson To Speak At Dinner**

Members and guests of the South Church Mens Club will have the privilege of hearing a talk by Dr. Roy Pearson, Dean of Andover Newton Theological School, as a feature of the next meeting of the Club Wednesday, April 30.

One of the foremost Christian leaders in New England, Dr. Pearson has established a wide reputation as a fluent and forceful speaker and is also a prolific and

penetrating writer. He brings to his audiences the wealth of his 20 fruitful years of varied experience since his graduation cum laude from Andover Newton and his earlier achievement of magna cum laude from Harvard. In this period, his four major pastorates have included Congregational churches in Amherst and Lexington; and other preaching commitments have included brief service with the Chaplain Corps in Texas; two summers in England, Scotland and Wales preaching for the National Council of the Churches of Christ in America and for the International Congregational Council; several years service as a regular preacher on the radio program, "This I Know"; and several summers as a volunteer pastor with the Maine Seacoast Missionary Society, carrying a

practical religious ministry to the outlying islands and fishing ports along the coast.

Dr. Pearson's preaching ability was attested in 1948 with the "Sermon of the Year" award carrying with it a \$1000 prize. This sermon was subsequently dramatized and presented over a national network by Frederic March, Florence Eldridge, Ralph Ballamy and Arthur Kennedy. Dean Pearson is also the author of three books and numerous contributions to religious journals. He has been dean at Andover Newton since 1954 and in 1957 was awarded honorary Doctor of Divinity degree by Amherst College.

Preceding Dr. Pearson's talk, which will be on the subject, "The Making of a Minister", there will be dinner at 6:45 p.m. and a short business meeting. All men of the community are invited. Dinner reservations may be made by calling the South Church office or any member of the committee.

warded to the general contractor on the garage project, and that the town is now liable for any extra money needed to install a larger oil tank than the sub-bid specified.

Specifications on which sub-bidders based their bids called for a 1,000 gallon tank to be installed underground at the new garage site. But the bid from the Parker Co. specifically mentioned a 250-gallon tank, Board members have agreed.

The town counsel's ruling stated that as long as the BPW accepted this bid and forwarded it to the general contractor, the L.C. Cyr Co. of Lawrence, it now must stand the extra costs if it wishes to have the larger tank put in.

Board members, discussing the problem in previous weeks, had suggested that the cost of a larger tank might be the responsibility of the general contractor, or the sub-contractor.

After hearing town counsel's opinion Monday, there was informal agreement to wait and see

\*NINETY PERCENT

The poised, smartly-dressed man at the right of course. You can tell at a glance... and that's why the Ninety Percent Test is so important. People judge you by what they see (some times that's all they have to go on) and ninety percent of what they see of you is what you wear. The fresh finish of drycleaned clothes is more than an extra touch... like a flower in the buttonhole. It's an integral part of good grooming. The state of your clothes tells volumes about the kind of person you are. In fact, your clothes never stop talking about you.

Rehearsals for the Andover High School Senior Stunt Night are well under way.

The Stunt Night Planning Board, under the direction of Mrs. Barbara Wilson, has concocted a program that promises to be very entertaining. "Destination Earth" features several unusual dancing acts - among them a Russian Ballet and a Siamese Cat Dance. The Russian Ballet group, which is composed entirely of boys, will wear frilly dancing dresses, while the girls in the Cat dance will be dressed as Siamese cats.

Another act will be in the form of the television show "What's My Line". Some of the honored guests who will appear are "Mr. Kruschew", "Zorro" and "Groucho Marx" portrayed by Randy Gesing, Russell DesRoches and Douglas Albee, respectively.

"Destination Earth" will be held May 9 and 10.

## New Sophomore Council Handles Class Problems

The sophomore class at Andover High School recently adopted a new plan for class meetings. Since the former meetings were too large for efficient management, the class decided to form a class council. This council is made up of the five class officers and three representatives from each homeroom. The council discusses any class matters and then takes them back to the homerooms to be voted upon. One meeting of the council has been held already. The members of the council are John Van Nest, class president;

Richard Workman, vice president; Judith Karlis, secretary; Lynn Johnson, treasurer; and Meredythe Manning, social chairman; also from room four, Barbara Berger, James Bravacos and Albert Carlson; room six, Sharon Cutler, James Dowd and Franklyn Emmett, room 11, William Gallant, Daniel Grecoe and William Hajar; room 12, Joseph Hastings, Sandra Henderson and Ann Henrick; room 13, Linda Low, John McIntyre and Linda Mitchell; room 14, Deborah Newcomb, Bradley Richards and Susan Slade; and room 21, Con-

stance Westbrook, Beverly Winters and Jane Yeager.

## Asks Exclusive Use Of Diamond

The Andover Junior League has asked for exclusive use of the baseball diamond on the Playstead from 1:30 to 4 for the remaining Saturdays in April and the first three Saturdays in May.

Through Chairman James G. Prout Jr., the League also asked for exclusive use of the diamond for games each Tuesday and Thursday during the season, starting at 5:45 p.m.

The Board of Public Works, considering possible applications from the New England League and others, suggested the Junior League could use the diamond this

Saturday and ask permission for subsequent Saturdays. No decision could be reached on summer-

time use of the diamond until all schedules are available. Subscribe to the TOWNSMAN

## Which HURTS You Most?

Most of us have a sensitive pocketbook nerve. Would it hurt you any less to lose \$10,000 in a damage suit that went against you than it would to have to pay out that much to repair the damages of a fire? We doubt it. That's why we think you should investigate a Homeowners policy that protects you against most any kind of loss and saves you money, too.

## EDITORIAL THOUGHTS

### You Can Help Your Dog

Let's give Man's best friend a break and treat him like we should.

Dog lovers are indignant that it has been necessary to shoot several pets this spring, as they were killing poultry and other domestic animals. These folks are not, we hasten to say, angry at those who did the actual shooting, for it was obviously necessary. But they do reproach the dog's owner, who so obviously cared too little for his pet.

It isn't necessary to let dogs roam far and wide. Some restraint can be practiced, for the dogs' sake, if for no other reason.

Why should we allow our dogs, which we know will be tempted by a yard full of chickens, come up against this irresistible temptation?

It all adds up to one conclusion. We should treat our dogs properly; recognize their weaknesses and take preventive measures.

And while we're commenting on this subject, let's also consider the unusual problem in one Greater Boston community, where too many dogs on school playgrounds led to a request that all dogs in the community be restrained at all times. We wouldn't want to have this sort of request made here — but it is possible. There have been frequent comments recently about the number of dogs who, having taken their masters to school, remain to play — and sometimes fight — on the school grounds. Dog owners owe it to their pets to keep this situation under control, so there will be no reason for a drastic curtailment of the dog's liberties.

### Don't Miss This One

One of the many worthwhile events coming along on the town's social calendar is the joint concert of the All-Girl Band and the Andover Male Choir April 25 (tomorrow night) at 8:15 in Memorial Auditorium.

This unique concert, sponsored by the Band Parents Association, will benefit the fund to assist the Band. Money from this fund, administered by the Association, will go towards instruments, uniforms and other expenses of the Band.

For some years, there has been very little money spent on this organization from appropriated funds. And after considerable urging, the School Committee this year has allocated, we understand, \$5000 — mostly to buy uniforms for the girls.

But there are many other expenses, including, most obviously, instruments. Added to this are the costs of additional pieces of equipment, plus such things as capes or coats for the girls, which will not be included in a basic uniform.

Your support, through your attendance at the concert tomorrow night, will certainly be appreciated by the members of the Band and the Association formed by their parents. While you're helping a worthy cause, you will also be hearing a concert that promises to be well worth your patronage on its own merits.

### Best Idea: Don't Burn

The wail of fire sirens fills the air, as spring tempts man to clean up the back yard.

Every year about this time, ambition vetoes common sense, as men sniff the pleasant spring breezes and comment: "What a nice day to work outdoors".

In a rebellion against winter, most of us start, at this time of year at least, to think of outdoor chores as pleasant. And in our rush to get things done, it seems quite normal to touch a match to a patch of grass that needs burning over before summer. "Where can it go?" we ask; "What harm can be done?"

And that's the reasoning that brings to our ears the shriek of fire engines, racing out to correct someone's folly. Because grass fires do travel, swiftly, unexpectedly. Even when we might believe that the grass couldn't possibly be dry enough to burn rapidly, it does. Then the call goes out to the fire department — "hurry".

All of us should temper our enthusiasm with some good judgment. Don't burn when the wind is blowing; don't burn unless you're sure you have equipment enough and manpower enough to control the flames; keep fires away from dwellings — don't take a chance that might result in damage or even personal injury. Perhaps, as we think about it further, the best advice of all is — don't burn.

Let's cooperate in trying to keep the sirens from wailing too often.

## Warned About Strangers

Youngsters throughout the town are being urged by police to carefully obey a series of instructions about accepting rides or gifts from strangers or becoming friendly with them.

There have been four reported cases, since Jan. 1, police state, in which youngsters have been accosted by strangers. The fourth was last weekend, when a man accosted a 10-year-old girl.

In an effort to keep children from harms, the Department, with the cooperation of the Merrimack Valley National Bank, issued a booklet to all school children telling them what to do in such an emergency. The booklet also listed instructions about what not to do when a stranger approaches.

Prepared by the Spaulding-Moss Co. of Boston, the folder includes illustrations designed to drive home the information.

As a public service, the Andover TOWNSMAN this week reprints the illustrations and written

warnings, in the hope that all youngsters will remember them if a stranger does approach.

### To The Children

In its message to school children, the folder states:

"Always report, or ask someone to report to a police officer of the Andover Police Department at Andover 390, the following information:

"Any stranger who tries to join in your play.

"Any stranger who asks you to go with him.

"Any stranger who tries to have conversation with you in the movies.

"Any stranger who tries to touch you in the movies.

"Any stranger who tries to have you disobey any of the rules in this booklet.

"Always mark down the registration of the stranger's car, if any.

"Always try to remember the description of the stranger."

### For Parents

In a list of instructions to parents, the folder states:

"Constantly remind your children of the following rules:

"Never accept rides from strangers.

"Never accept candy from strangers.

"Always report any stranger seen loitering on foot, or in a car, near schools, playgrounds or other places where children assemble, to their teacher, police officer, mailman, bus driver or parents.

"Always try to secure the registration number of the car. Write it with a pencil, scratch it with a stick in the road, or on the sidewalk with a stone.

"Always try to get a description of the stranger.

"Remind your child that the police officer is his friend and for the child to go to the police officer at any time when he is in trouble."

West Andover breathed easier Tuesday night when it was learned that a large dog, claimed to have been the killer of a dozen pigs and a few other animals, had himself fallen victim to a shot from the gun of Charles Newton of Boutwell rd. Chief George Dane said the animal, killed by Newton as it lurked near his hen pens, could easily have been the killer of local animals. It was a large Belgian Police dog, said to weigh close to 120 pounds.

Although the Shawsheen River overflowed its banks in some places Wednesday night at the

peak of local flood conditions, Rogers Brook was the real villain. It flooded cellars and large areas, causing the BPW to keep busy with its pump.

Punchard won its opener against Methuen, 7-2 at the Playstead Tuesday. A big, five-run fifth inning gave the local team a decided edge over their traditional foes. Bob Wetterberg struck out 11 and allowed eight hits.

**TAX RATE WILL BE \$26**

(Continued from Page One)  
at \$14,000 — but based on a tax rate of \$26, the bill will be \$364. At a rate of \$76, which would have been set under the old valuations, the payment would have been \$380. Thus, they point out, some taxpayers will pay less money, even though their property values have gone up.

**Gross Value**  
The revaluation firm, Cole, Laver and Trumble, based the valuations on "fair market value" — and came up with a gross figure of \$85,602,000 for the town. Then the Assessors, in consultation with the state tax office, decided to use 90 percent of this figure for actual assessed values. This, they explained, gives some leeway and prevents the type of continual adjustment required if 100 percent of market value is used.

With the addition of some three million dollars in personal property, the total assessable value of the town comes up to \$80,000,000. Some residents will pay less actual taxes on personal property, because the rate is so much less than last year, when it stood at \$64.

**Hearings Coming**  
The figures, including the tax rate itself, are still tentative. And they may remain that way for about eight weeks, while taxpayers have an opportunity to discuss individual problems with the revaluation experts.

After formal notices of the new valuations are sent out, each property owner has 10 days to fill out an enclosed card and return it personally to the town hall. At that time he will be given a date for personal appointment with a representative of the firm, when he may sit down and talk about the valuations.

Some adjustments are unavoidable, it has been explained, although usually there are relatively few. Any downward adjustment in individual cases would cause the total assessed valuation to decrease somewhat and could result in a slight change in the tax rate.

Some three weeks' time will be consumed in individual hearings. After that time, the assessors can set a final tax rate and receive approval from the state. It has been predicted that Andover may have the lowest tax rate in the state when final tabulations are in.

**Set Firm Policy  
 On Equipment Hire**

A firm policy decision was adopted by the Board of Public Works at the meeting Monday night, which will result in hiring heavy equipment strictly according to a price list submitted by the equipment owners.

In every case, the Board decided, the lowest quotation will be honored.

Quotations on equipment have been in the Board's hands for some time. Many types of equipment, in all sizes, ages and even shapes, were listed. Mainly, the Board hires a backhoe, scoop and 'dozer during the year, while occasionally requiring a heavy roller or some other equipment.

The vote of the Board stated that the equipment would be hired according to the prices quoted. If the equipment furnished under the lowest quotation does not come up to standards of performance, then the next lowest will be used.

A list of the two lowest prices on each piece of equipment will be established by Office Manager Calvin Metcalf within a few days. The list will be published in this newspaper when it is available.

 Readers Say—**

**Where Do Payroll  
 Dollars Really Go?**

To the Editor of the TOWNSMAN:  
 "I could not help but be impressed with the objectivity exhibited in your editorial of April 10th relative to the role of industries in the community. In paragraph five you state, 'It would indeed be interesting to know through how many hands their individual dollars travel — how many local and area business establishments benefit directly.'"

"Some of the answers might be gleaned from the following facts. At Raytheon our payroll to Andover residents amounts to \$60,000 per month. Using Department of Labor percentages it would follow that \$8400 a month is spent for clothing, \$20,400 per month for food, \$13,500 for automobiles and entertainment, \$3600 per month for housing and furnishings and \$2700 for home maintenance. The impact on the Greater Lawrence area can quickly be obtained in round figures by multiplying each of these figures by seven.

"Using the latest Andover population figures, in order to match this impact upon the community every citizen in town would have to contribute one dollar per week to a fund and raise approximately three-quarters of a million dollars this year."

The Newcomers' Club was the first local group to hear Mrs. Pogonyi, who played selections from Liszt and Chopin. Speaking to the group was Frederick S. Allis Jr., of the Phillips Academy faculty.  
In introducing Mrs. Pogonyi to the audience, Mrs. H. Allison Morse commented that the Hungarian artist started playing the piano when she was seven and can

remember her grandfather telling about the visits to his home of Franz Liszt. Mrs. Pogonyi practices four hours each day and, in her own country, numbered among her best friends some of the leading musicians and opera singers in the country.

**Notable Books At The Library**  
Printed lists of "Notable Books Of 1957" are available at the library, a list of 41 titles selected from books published last year as being especially worthy of note. The Notable Books Council, with the aid of 37 participating libraries representing most geographical areas of the country, and the Public Library Association, a division of the American Library Association, state that their selections may not necessarily be the "best" books, but do consider them well worth the reading time of book lovers. Here are a few titles, all of which may be borrowed from the library: Mr. Baruch, Coit; A Watcher On The Rhine, Connell; The Seven Caves, Coon; By Love Possessed, Cozzens; The New Class, an analysis of the Communist System, Djilas; The Reformation, Durant; Seal Morning, Farre; Men and Monuments, Flanner; The Echo Of Greece, Hamilton and Poets In A Landscape, Hight. Any book in circulation may be reserved at the main desk.

**Tariff Aid and Trade Display**  
The Andover League of Women Voters has asked the library to arrange a display of books and articles on the important issues facing the people in regard to tariff and world trade policies. Several books on the subject, with much splendid material in brief form, such as magazine articles and pamphlets, may be seen on display. In urging readers to do something about those issues which have long term significance to America's economy and the well-being of an ever-shrinking world, members have suggested means of getting ideas across to those who represent the people in our government.

Those with little time for study will find splendid information in the pamphlets and magazine articles, especially those of the League of Women Voters and in Congressional Digest.

**Great Books Group**  
At the next meeting of the Great Books Discussion Group, April 29 at 7:45 p.m., members will discuss Tolstoy's "War And Peace," the epilogue. This group is nearing the end of the sixth year readings, and are making plans for the coming season. They meet from October to May in the Memorial Hall Library every other Tuesday, and are happy to add new members at any time. There is no need to feel that membership depends on attendance for previous years, since newcomers can fit themselves into the book under discussion without the background of previous readings. The books "speak for themselves", as the Great Books idea suggests.

**Travel Talk At The Library**  
Storms, postponed Town Meetings, etc. prevented many travel lovers from attending the travel talk given by Miss Putnam in March, but so many viewers have asked her to repeat her slides of rural England and Ireland that she has set May 2, Friday evening, at 8 for a repeat performance. All who plan to go abroad this summer are cordially invited to join the number of arm-chair travelers who attend the library travel talks regularly. No notices will be sent out for this program.

**Attended League's Annual Convention**

Mrs. R. M. Cole, president of the League of Women Voters and Mrs. George Sherrard, a member of the Board of Directors, have this week been attending the 23rd annual convention of the League of Women Voters of the United States.

Held in Atlantic City, N.J., the convention considered two major topics, foreign policy and national water resources, plus electing officers and recommendations from representatives of Leagues attending.

The annual spring luncheon of the Andover League is scheduled for May 15 at the Boston University Conference Center in No. Andover. Later in the month, May 27, the new Board will meet with the old Board at the home of Mrs. John Pickering on Holt rd. At a recent meeting, the League ended its fiscal year and elected its new Board.

**HOMEMAKERS MEET**  
The Ballardvale Homemakers Club will meet next Thursday morning at 9 o'clock at the home of Mrs. William Maruzzi of Hall ave., Ballardvale. The program for next year will be outlined.
