Revaluation Grumbling Continues Unabated

Tomorrow Last Day To Appeal

Property owners will have until 4:30 tomorrow afternoon to file applications for a hearing with the Cole, Laver and Trumble revaluation firm.

Bernard Magane, assessors engineer, said the firm believes most residents have now had ample opportunity to file the requested forms, a requisite before a hearing can be granted. Some property owners have been given extensions, he said, and some others will be late in filling by agreement with the assessors office.

But most real estate owners must have the forms in by tomorrow night. Most of next week's four working days will be spent in making ready for the hearings, which start June 2. All pertinent data and the corresponding file cards must be prepared, Magane said.

Meanwhile, droves of grumbling taxpayers still can be seen at the town hall, filing forms and, in some cases, making accusations.

Abbot Will Graduate 77

The closing weeks of the school year at Abbot present a full program of events.

Weather permitting, Field Day will take place Saturday, May 24, when the Gargoyles and Griffins, the two opposing teams of the school, will meet for the final event of the year. The program will include tennis and archery in the morning and lacrosse and softball in the afternoon. The day's result will in all probability determine the winner of the 1958 trophy, a shield bearing the name of the winning team. Friends of the school are welcome to this event. The award will be made at the last Chapel of the year which takes place the following Saturday, May 31.

The final examination schedule will begin next Monday and continue through Thursday. That afternoon the Senior class will go on their end-of-the-year picnic.

The commencement activities will get under way Friday evening, May 30, at 8, when the traditional singing on the steps of Abbot

Memorial Day Plans Complete

Traditional Memorial Day observances were announced this week by the Patriotic Holiday Committee.

As in years past, the Memorial Day parade will start at Florence and Elm sts., march to the Library for a short memorial service conducted by the Disabled American Veterans; proceed along Main, Chestnut and Whittier sts. to the Auditorium for the main memorial service by the Veterans of Foreign Wars; march up to the Memorial Tower via Bartlet and Main sts. for a short service by the Legion Post 8 and All-Women's Post 427; then down Main st. to the Baptist Church.

And following the parade, traditional services will be conducted at the various cemeteries. At the West Parish Cemetery, the VFW will conduct a service about 11:15 a.m.; the DAV will conduct one at

Urban Renewal Area Outlined

Open House At Jr. High Tues.

An interesting and entertaining evening has been planned for the parents of junior high students May 27, from 7 to 9 p.m., when the faculty will hold open house.

In the East Wing will be found the art room, with its exhibition of painting and drawing, the shop room, with its display of wood-working; the music room, which will offer a program of music by students in this department; and the homemaking department, where light refreshments will be served. Also in the East Wing are the seventh and eighth grade classrooms where teachers will be happy to welcome parents.

In the West Wing (formerly Pynchard High School) will be found the science rooms and

An area containing nearly 30 acres, both residential and commercial property, has been suggested for redevelopment under the Urban Renewal project.

Consultant Dean Boorman of Candeb and Fleissig, consulting engineers retained by the Merrimack Valley National Bank, described the area to a meeting of the Urban Renewal Committee Monday night. The area is entirely tentative and no decision was made as to its eventual boundaries.

But the Committee did agree that it looked desirable enough to warrant having the consultant develop it further by doing a cost study to determine its feasibility.

In general, the area is bounded this way: Starting at the corner of Whittier and Summer sts., along Whittier to Chestnut st. and all the way to Central st., crossing Main st.; then along Central to School st., down School to Ridge st. and crossing the Railroad tracks.

The area will include the old Smith and Dove property on the west side of the Railroad tracks and then the line will come back across the tracks at Buxton ct., including that way and Temple pl., and to Main st.

Visiting Nurse Assoc. Elects

Andover's Visiting Nurse Association, perhaps little-known except to individuals standing in need of its assistance, marked the end of another successful year last week.

At the annual meeting, held in its offices in the Red Cross building on Pynchard ave., Dr. Douglas M. Dunbar was re-elected president. Other officers named include Dr. Michael Gravalesse, vice president; Mrs. Elizabeth Nadeau, secretary and Douglas M. Dunbar, treasurer.

The Association has a long history of service to bed-ridden patients in the community and to others who need nursing assistance in their homes. Miss Helen Woodbury, R.N. made 1,294 house calls in the last year and handled 171 office calls.

Individuals are referred to the

Many Accepted By Colleges

A total of 58 Andover High School seniors will enter institutions of higher education this fall.

Announcement of the students' acceptance came at the School Committee meeting Tuesday night from Bernard Kellmurray, head of the Guidance Department.

Forty of the seniors will enter four-year, degree-grating institutions. Eighteen others will take professional or technical training. Two others, not listed among the 58, are planning to enter preparatory school.

In informing the committee, Kellmurray wrote in part: "We have had what I should consider a successful year in this area, especially in view of the rather gloomy predictions which were announced on a national scale last fall. . . . The credit for a good record of college admissions lies overwhelmingly with the young people, themselves, who have attained this success through

Religious Art, Crafts At Addison Gallery

"God And Man In Art", an exhibition of contemporary American religious art, craft, and architecture will open at the Addison Gallery of American Art, Phillips Academy, Sunday, May 25 and continue through June 15.

Organized by the American Federation of Arts under the direction of Mrs. Otto Spaeth, paintings, sculpture, prints, and examples of graphic design, as well as ritual objects, vestments, hangings, and stained glass, executed in the Judeo-Christian tradition, have been chosen for

this exhibition of contemporary religious art. Also featured is a section of photographs, models, and kodachrome transparencies which depict some recently built churches and synagogues. The major portion of the exhibition is handsomely shown in an installation specially designed by Boston architect Thomas McNulty.

There are many indications of the revival of an authentic church art today. In her forward to the exhibition catalog, Mrs. Spaeth writes, "The need to find in our church forms some contemporary expression is being felt by the people themselves. They are no

PLYMOUTH SAVES YOU MONEY ON GAS... MOBILGAS ECONOMY RUN VICTORY PROVES IT!

New "Fuel-Saver" Choke that helped clinch title is standard equipment on all Plymouth V-8s

Pound for pound, Plymouth uses less gasoline than either of the "other two" cars in the low-price "3"! This was proved beyond doubt when a 1958 Plymouth V-8 was officially declared winner of the low-price car competition in the 1958 Mobilgas Economy Run. Plymouth's competitors also entered cars with 6-cylinder engines (supposedly more economical) but Plymouth beat every car in its class—V-8s and 6s alike!

This title-winning Plymouth is exactly the same Belvedere V-8 with TorqueFlite Automatic Transmission that you can buy right off your Plymouth dealer's floor.

These tests prove that every Plymouth has built-in economy features not found in the "other two". For in-

stance—one of the most important factors in Plymouth's smashing win is the new "Fuel-Saver" Choke that you get at no extra cost on all Plymouth V-8s. This ingenious device employs a triple-stage vacuum piston and a new thermostatic element to reduce the amount of fuel you use in warming up the engine. So it can save you even more on short-distance drives—the kind most people make.

Among the many other savings Plymouth gives you is the \$140 you save on standard-equipment Torsion-Aire Ride. The "other two" charge up to that much extra for their best suspension systems.

So if you are dollar-conscious, better hustle over and talk terms and trade with your Plymouth dealer. He wants your business, and he'll go all out to get it!

Thompson Explains Betterment Policy

Board of Public Works member David Thompson has attempted to clarify betterment assessment policies, after discussing a TOWNSMAN editorial in which it was suggested that present policies were not clear.

In a discussion with the TOWNSMAN reporter, towards the end of a BPW meeting, Mr. Thompson made the following general points:

The present state law states that the town may assess 75 percent of the over-all cost of the sewer system to residents and pay 25 percent of the cost itself. The over-all cost of the system, he said, is not the cost of the specific job being done but the total cost of additions and improvements to the system in a comprehensive plan.

If the Shawsheen Hylands sewer job, he said, was assessed just on the cost of that project alone, residents would pay more than the \$10.23 per foot estimate accepted by the Board at a recent meeting. Rather, he explained, the cost is based in part on the construction of this job and the over-all cost of planned additions and improvements.

In the old days, it was said, the town estimated that the residents' 75 percent share was about equalled by the cost of installing the sewer pipe in their street. The town's 25 percent share was met by additional maintenance and improvements at pumping stations. Thus preceding construction projects were actually figured under the 75-25 breakdown, Thompson stated. It was also brought out by Chairman Alex Henderson that, over the years, he believes the town probably paid closer to 30 percent in order to deal somewhat more gently with the property owners involved.

Mr. Thompson said the suggested two-thirds, one-third assessment basis, voted down at town meeting, would probably have resulted in lower assessments. It had been estimated that this would come to slightly over \$9 per front foot.

But he said it was obvious that the town meeting was not going to adopt that change in procedure. Asked why the Board of Public Works did not explain at town meeting that the proposed policy would probably mean a saving to property owners, Mr. Thompson said no one asked the Board and reiterated his belief that the voters were just going to vote it down anyway.

He explained, during the course of the discussion, that betterment policies seemed clear to him because he deals with them on the Board so much.

In talking about the present system, under which assessments are based on an over-all plan for sewer additions and improvements over the years, Mr. Thompson agreed that no one can now commit the town to spend a specific sum for these projects. But he pointed out that installation of a trunk sewer in the Shawsheen Hylands section, for example, indicates that future town meetings will extend the system to make full use of the trunk line. Thus, he said, it is logical to expect residents along the present line of construction to pay their share of the eventual costs. Folks living along sewer lines of the future will pay another portion of this cost at a future time.

Mr. and Mrs. Lincoln Small and their daughter, Allyson of Gorham, Me. were Sunday guests at the home of Mr. and Mrs. Roger Lewis, Laurel In.

VISITING NURSE ASSOCIATION MET

(Continued from Page One)

Association, which receives most of its financial support from the United Fund, by their physicians. Care may take the form of giving "shots" or changing a dressing or bedside care for those whose illness keeps them confined to their beds at home.

Originally a Red Cross service, the Association went on its own some years ago and, more recently, has joined the United Fund. A small charge is still made, however, for a house visit. But anyone who can't afford this is never pressed for payment.

Miss Woodbury handles the job alone, keeping office hours from 8:30 to 9 a.m. and from 1-2 p.m. Anyone needing the services of the Association must be referred to it by their doctor.

During the annual meeting last week, a slate of directors was also voted. They include Dr. Donald Clark, Barbara Loomer, Dr. William V. Emmons, Mrs. William T. Rich III, Mrs. William Thompson, Mrs. Kendall Longe, Mrs. Eric Hulme, Arthur Collins, Mrs. Frederick Butler, James Doherty, Mrs. Robert Mayo, Burton Jenkins, Eugene Bernardin Jr., Ralph Spector, Fred Cheever, Charles McCullom, William Rhoads, Will Brown, Mrs. John Corrie, Mrs. Hans Marum, John N. Cole and Irving Whitcomb.

Members of the Association have often explained that, while patients must be referred to the Association by a doctor, the service is available to all residents of the town. Many newer residents, they have felt, may not have been aware of the availability of the service.

Chosen Freshman Member Of Court

Miss Martha Allen, daughter of Mr. and Mrs. Philip K. Allen, 1 Highland rd., was chosen a freshman member of the Queen's Court at the annual May Day celebration held by the students at Briarcliff College, Briarcliff Manor, N. Y.

During her freshman year at the College, Miss Allen has served as a member of House Committee. She is majoring in Child Development leading to the degree of Associate in Arts.

The May Day ceremony was followed by the May Pole dance; group singing and dancing; a faculty-student softball game; the traditional Tree Planting Ceremony; and an informal picnic supper.

Mrs. Elmon Balantine and her daughter, Jean, of W. Springfield and Mr. and Mrs. Lester Noseworthy and son Bruce of Boston, were week end guests at the home of Mr. and Mrs. James Stewart of Virginia rd.

Shawsheen PTA Fair Coming

Parents and teachers in the Shawsheen School are very proud of some of the young artists in the sixth grade.

They joined in a spirit of co-operation with the P.T.A. and made posters for the Shawsheen School fair and these have been placed on display throughout the town in various store windows. The fair is to be held Saturday, May 24, from 1 until 5 p.m. on the school grounds, rain or shine. The youngsters taking part in this project are James Licciardello, Susan Nosworthy, Billy DeHart, Moira Prout, Anthony Sapienza, Paula Campagna, Geraldine Winters, Linda Neil and Louisa Manning.

One of the feature attractions will be the Gift and Grab table which will have hand puppets, stuffed animals, and doll clothes made by the kindergarten mothers, as well as gifts for fathers' day and the usual grab bags. This booth is under the chairmanship of Mrs. Chester Koptach, Mrs. Douglas Howe and Mrs. William Schmidlin.

Other popular tables will be homemade bakery, candy, plants, and white elephants. The children will have pleasure enjoying the games, pony rides, and airplane rides. For hungry children there will be delicious hot dogs, ice cream, coke, etc.

Final plans have been completed and a large committee has worked hard to insure the success of this fund-raising project of the P.T.A.

Honorary chairman is Miss Anne Harnedy and the general chairman is Alfred Glennon.

Scholarship Award To Gilbert Bamford

A dinner meeting of the Harvard Club of Andover was held at the Andover Country Club Monday evening, May 12, with 50 alumni from the Andover, No. Andover, Lawrence and Methuen area attending.

Following a social hour and dinner, Alexander Forbes, representing the program for Harvard College, explained the program's organization north of Boston and sought the Club's cooperation in making the program successful in this area.

Dr. David W. Wallwork, president, announced that the Club's 1958 Harvard Scholarship has been awarded to Gilbert R. Bamford, son of Mr. and Mrs. H. Russell Bamford of Woodland rd. Mr. Bamford is a student at Phillips Academy where he was captain and fullback of the football team and a member of the varsity basketball and lacrosse teams. He has also been awarded a scholarship by the Harvard Club of Boston.

President Wallwork then introduced Gerald J. Holton, associate professor of Physics and General Education at Harvard University. Professor Holton spoke on "The Seven Images of Science."

Mr. and Mrs. Fred W. Doyle of Chandler rd. have returned from a week end visit with their son Dr. Fred W. Doyle Jr. of Washington, D.C.

WHICH MAN PASSED THE N. P.* TEST?

*NINETY PERCENT

The poised, smartly-dressed man of the right of course. You can tell at a glance... and that's why the Ninety-Percent Test is so important. People judge you by what they see (some times that's all they have to go on) and ninety percent of what they see of you is what you wear. The fresh finish of drycleaned clothes is more than an extra touch... like a flower in the buttonhole. It's an integral part of good grooming. The state of your clothes tells volumes about the kind of person you are. In fact, your clothes never stop talking about you.

The variety of media and styles indicate many possible approaches — both personal and monumental — to this new and vital religious expression. Massachusetts and New Hampshire artists who are represented in the exhibition include Miriana Pineda, Natalie Hays Hammond, David Aronson, Karl Drerup, George Salo, Jean Tock, Hyman Bloom and Ben Sahn, who was artist-in-residence at Harvard University a year ago. Examples of church buildings by such architects as Belluschi, Dean of the School of Architecture, M.I.T., Nathan, Johnson, Saarinen, Frank Lloyd Wright and others, indicate the highly successful merging of these various media into overall architectural schemes.

"God And Man In Art" was made possible by the sponsorship of the Spaeth Foundation, New York, and the Brown Foundation, Houston, as well as by the generous support of the following: Ira Haupt, The Adele Levy Fund Inc., S.I. Newhouse, Dr. and Mrs. William Rosenblum, Aaron Scheyer and Milton Steinbach. It is the hope of the sponsors that the exhibition will indicate to all who view it the many possibilities of creating in our time a distinctive ecclesiastical art.

The Addison Gallery is open to the public without charge at all times: weekdays from 9:30 to 5. Memorial Day hours will be 10:30 to 12:30 and 2:30 to 5.

URBAN RENEWAL AREA OUTLINED

(Continued from Page One)

The line runs up Main st. to Elm sq. and out Elm st. to Summer, then to its intersection with Whittier.

Included in the area, then, would be Essex st., Brook st., Baker's ln., Barnard st., Park st., Post Office ave., Pearson st. and Florence st. The central business district would be included to Chestnut st. from a point about where the Railroad tracks intersect Main st.

Members of the Committee were told repeatedly that this area is not definite, but represents the thinking of the consultants to date.

Nor does the definition of an area mean that every structure is to be demolished.

Wallace M. Haselton, who led the discussion, explained that some sections may be marked for rehabilitation of structures that might be considered to be less valuable than most in the section.

Many buildings, both homes and stores, might be left un- touched.

Decisions as to which build- ings would be razed; which reno- vated; and which may be left alone - all would be answered when the planning stage is reached.

Must Apply

Haselton explained that an application must first be made for a total amount of money. If this is approved by the government, then an allocation of these funds is made, so that they remain avail- able for the town when and if a town meeting approves the final plans.

Once the government approves the town's application and ear- marks the funds, a sizeable amount is designated for planning. The government furnishes this money, which Haselton said may be in the neighborhood of \$50,000. The town would have no obligation to fur- nish any funds in this planning stage nor would it be obliged to repay the money if the town turned down the plans.

All questions as to the ultimate use of areas would be decided in this planning stage. When finished, the plans would be presented to a town meeting for approval, along with an agreement to appropriate the town's share of the cost. The federal share is two-thirds, the town's, one-third.

But the town's share need not all be in cash, Haselton explained. The price paid for town-owned land and buildings, plus the value of any utilities supplied by the town to the renewal area under the project plans, or the value of any demolition work performed by the town, would be deducted from the town's one-third share.

Thus if the town owed \$300,000, for example, and credits were applied to the extent of \$200,000, then all the town need put up in cash is \$100,000.

Fitzgerald Elected To Club Office

JOHN J. FITZGERALD

John J. Fitzgerald, 77 Carmel rd., manager of the Eagle-Tribune Printing Co., was unanimously elected second vice president of the Boston Club of Printing House Craftsmen at its annual meeting in Boston.

Mr. Fitzgerald has been active in the Club for eight years and gained considerable recognition during the past year as treasurer, when he reorganized the post and established a new schedule to govern such duties.

A past president of the Circulation Managers Association, he holds membership here in Andover Council, Knights of Columbus, the Holy Name Society of St. Augustine's Church and the And- over Catholic Men's Club.

His elevation to one of the top offices in the organization is the first such recognition given a resident of this section of the state.

In any event, Haselton stressed, the town will be under no obliga- tion until such time as it votes to accept detailed plans. Initial stages, when government funds become available for the plans, require no town money, he reiter- ated.

EDITORIAL THOUGHTS

Don't Hold Your Breath

It's interesting to note that the head of the state Department of Public Works stated, at a recent meeting, that Route 110 may be under construction, as far as Andover at least, by late summer.

If the state agency moves that fast with any major highway it will be a surprising conclusion to a history of slow motion. Planning for Route 28 went on for years. Construction of some portions is underway, but there is still some doubt as to when the route will be finished. Plans for at least one section have been drawn, then re-submitted to a consultant. This takes a lot of time, spends a lot of our money and probably results in a plan no better or worse than the one originally drawn.

If the state moves as slowly, with as much re-planning and consulting as has been the case with the northerly end of Route 28, it will be a long time before Route 110 gets to the construction stages.

Sounds like some election-year talk, rather than an accurate prediction of progress.

Support The Festival

It has been pointed out that in the current enthusiasm to promote the study of scientific subjects in high school and college, the fine arts may be shunted into the background however unintentionally.

Whether or not this will be true across the country, only time will tell. But it certainly won't happen here in Andover while the enthusiasm and energies of the fine arts personnel are channelled into the production of such affairs as the Fine Arts Festival this Sunday at the High School.

Just as it seemed important to us to call attention to the Science Fair when it was held, so too do we urge you to visit the school Sunday afternoon to see and hear the work of the art and music departments. Many talented youngsters will exhibit their work in the art department, while others, equally gifted in the field of music, will present a concert.

Fox Coming To Music Hall

The Trustees of Methuen Memorial Music Hall will present Virgil Fox, organist at New York's famed Riverside Church, who is well-known to local residents who have enjoyed his annual concerts in Methuen, June 4 at 8:30 p.m.

Virgil Fox has a wonderfully zealous and vibrant personality. From morning until late at night, except when he is practicing, he enjoys people and likes to be with them. His audiences feel this quality in his playing. He made his debut as a concert organist at the age of 14, which is regarded as an unbelievable achievement. Fox entered the Peabody Conservatory and in the one season he spent there, won all the honors available, gave five complete recitals from memory and set a record unequalled before or since. His appointment as the head of the organ department of this, the oldest and one of the most renowned conservatories in America, came at the age of 26, an honor of signal significance.

Playing in concert halls where only master musicians of the world appear, he has moved the world of music with his organ playing. In September 1952, Virgil Fox was selected by the State Department to represent the United States at the first International Congress for Church Music, a United Nations of the organ world, by playing a concert in the great Cathedral in Bern, Switzerland. Not only has he played for nearly all of the 200 individual chapters of The American Guild of Organists, but he has been soloist for the National Convention of the Guild five times.

Appointed to Riverside Church in May 1946, he is building there a ministry of music comparable with those of the Cathedrals of France where the greatest in organ music is the offering of each season.

Mowat, members of the Music Department, Mrs. Madeline Simeone of the Home Economics Department, will be in charge of refreshments to be served during the afternoon.

Among the talented instrumental students who will be featured are David Partridge, violinist, who will play the Vivaldi Concerto, Opus 3, No. 6 in A minor; Mereby Sweet, flutist, Gavotte in G major by Bach; Joan Ellen Simeone and Edgar Joiner, "Song of India" by Rimsky-Korsakov and Robert Garrison, who will play "Allegro" from Sonata, No. 3 by Handel.

The talented Maruzzi family, Carol, 1st Violin, Diane, 2nd violin, Lorna, cello, and Gail piano, will play a group of Mozart, Haydn and Mendelssohn selections.

A most enjoyable program awaits all who attend.

TIME TO APPEAL VALUATIONS ENDS

(Continued from Page One) night with John Brann of the revaluation firm and Sidney P. White, chairman of the Board of Assessors, in the Shawsheen

School. They requested the meeting to find out why values were set the way they were and what policies governed values in the heights.

The Taxpayers Association, through individual members, reported many calls from irate or bewildered taxpayers. As a result, the Association's Executive Board met this week and considered hypothetical cases, both residential and commercial. The Board agreed that further study should be undertaken and arranged to meet with the assessors on or

after June 2.

A statement from the Board said, in part:

"Definite proposals for alleviating the tax burden for the average home owner are under consideration, but only after a complete review of these facts can these proposals be properly evaluated."

It has been rumored on the street that the Board is considering, as one step, asking the assessors to spread out the increases over more than one year. This could not be confirmed, however, with Taxpayer Association members.

Only Assessors Can Act

One move discussed last week by private citizens - asking for a special town meeting to consider the revaluation - appeared doomed to failure before it started. Magane this week pointed out that state law requires the assessors to set the tax rate and do the work required to determine the rate. He said the law would not allow a town meeting to take action on the revaluation at this time. Only a legislative act, it is understood, could make changes in the assessment policies as set up now. Town meeting a year ago approved the expenditure of funds for a revaluation, officials point out. And some months before that meeting, a special town meeting approved funds for the mapping, but were told it was the first step towards revaluation.

Camp Fire Girls, their goal for the past three years. The older Camp Fire Girls will not only receive honor beads for work well done but many will also receive the ranks of Trail Seeker and Wood Gatherer. In order for a girl to receive a rank, she must first complete a list of requirements. Therefore, each honor bead and rank marks some progress in the work and fun of the Camp Fire program.

Parents and friends are invited to attend this annual event. Anyone desiring to learn more about Camp Fire Girls will also be welcome.

COMPLETE PLANS FOR MEMORIAL DAY

(Continued from Page One) St. Augustine's Cemetery about 11:30; at Old South Cemetery, the DAV will conduct a service at approximately 11 a.m.; while the American Legion will hold services at Spring Grove Cemetery at the G.A.R. lot at 11:15 and at the Legion lot about 11:30.

Sunday Service All of the veterans organizations will participate in Memorial services this Sunday morning at the Free Church at 10:15.

The organizations annually visit one of the local churches the Sunday before Memorial Day to take part in Memorial services.

The Disabled American Veterans will meet at the Park st. headquarters at 9:45 and will then march down the street to the Legion headquarters, where members of that organization will join the line of march. The two groups will march to the Musgrove block where the Veterans of Foreign Wars will join, and the three organizations will proceed to the Free Church.

All members of the organizations have been requested to be at their respective quarters by 9:45 and must be seated in the church by 10:05.

Saturday, following customary procedure, the various veterans groups will decorate the graves of departed veterans. The VFW will place flags in the Old South, Christ Church and St. Augustine's Cemeteries. The DAV will place flags in the West Parish Cemetery and Legion Post 8 will attend to the Spring Grove Cemetery.

Any oversight in placing the flags should be reported to the Veterans Service office in the town hall.

Scholarship Will Go Up To \$250

The annual Andover High School Varsity Club Scholarship, available to some deserving senior student-athlete, will be increased from \$100 to \$250 this year.

The increase of the scholarship was made possible by the outstanding success of the Donkey Basketball game played last February.

Anticipated future revenues from football programs, jamborees and other activities make it feasible to put the increase on a permanent basis. It is also hoped that a second scholarship may be initiated in the near future, it was announced.

Directors-At-Large Of Health Assoc.

Miss Louise A. Kelsey, 91 Shawsheen rd., has been re-elected a director-at-large by the Essex County Health Association.

At its annual meeting in Danvers, the Association also elected Robert A. Watters of William st. as a director-at-large for his first term.

Named directors of the organization were Mrs. Frank L. Brigham, Mrs. Thaxter Eaton, Mrs. Ernest Fieldhouse, Mrs. William A. Trow and Mrs. William R. Wholey. The Association serves all Essex County cities and towns except Lawrence, Newburyport, Salem and Lynn.

(Continued from Page One) assisted by Mrs. Gordon B. Lander. Mrs. Martin Burns, training chairman, is the musical director for the event.

As one of the unique features of the Camp Fire program is its emphasis on beauty and idealism and its appeal to the imagination of the girls, this emphasis is interpreted during the quiet dignity of the council fire. Throughout the year, the individual groups have conducted their own informal group ceremonials. However, at the end of the season, the entire local organization joins in a Grand Council Fire so that the general public may recognize the achievements of the girls and come to understand the serious purposes of the Camp Fire program.

The second and third grade Blue Birds, as the youngest members, will participate in the ceremonial by singing two Blue Bird songs. The fourth grade Blue Birds will be featured in the Flying-Up ceremony, during which they will become full-fledged

Paintings Among Auction Articles

One of the most generous contributors to the South Church Auction to be held this Saturday on the Church Grounds is Raymond H. Coon of Morton st. Mr. Coon, a former organist of the Church, is now teacher of music at Abbot Academy.

Mr. Coon's avocation is putting on canvas the fast-disappearing by-ways and villages dear to the heart of all new Englanders. From his many delightful oil paintings he has generously offered several popular subjects for the auctioneer's block. One designates the peaceful Connecticut River Valley, with tranquil trees and blue sky; another is a waterfall in an old mill stream, which catches the sunlight through dark, over-hanging trees. An inviting road wandering past a shady tree and over a sunny hillside will lend a relaxing atmosphere to some lucky auction-goer. East Corinth, Vt., the picturesque village most painted by New England artists, has been captured on canvas by Mr. Coon and is offered at the Auction.

The artist comes from a talented family. His brother, Howard A. Coon, formerly of Ballardvale, now resides in Gloucester, where he continues to make his livelihood as a professional artist. Mr. Coon's daughter, Anne Elizabeth, who is a talented musician in her own right, attended the Juilliard School of Music in New York and received her Master's degree from Boston University.
