## Conciliators Trying To Break Strike Deadlock

State and federal conciliators were meeting with company and union committees at press time yesterday afternoon, in an effort to reach a settlement in the three day strike at Tyer Rubber Co.

The conciliators arranged the meeting, which followed a session Tuesday during which the company reportedly offered a half-cent increase - the amount that separated union and management last Saturday. This was refused, according to President-Treasurer Wallace E. Brimer. Union field representative George Geier said the company had been told Saturday that, if a strike took place, the union would be unable to settle for that amount at a later date.

He also told the Townsman that

the union had suggested 8½ cents, in a package proposal, to the company Tuesday. But this was rejected by the firm, he stated.

Mr. Brimer and Mr. Geier were not in agreement Wednesday on the dollars and cents involved in the company's proposal.

Mr. Brimer said the package came to 5.17 cents per hour, while Mr. Geier said he believes it is somewhat less. The difference comes, he said, in the amount of money figured for insurance.

He also stated that the union, rather than demanding what has been termed the national average in the rubber industry, is seeking less than a 10-cent package. He explained that the big four rubber companies had a 15-cent package.

## Band Parents Plan To Raise Money

The Band Parents Association will sponsor its first money-making event of the season Friday, with a bakery sale at Johnny's Supermarket on Park st. from 1-6 p.m.

Mrs. Albert Arnold is chairman of this activity, assisted by Mrs. Donald Bassett, Mrs. John A. Costello, Mrs. Edgar Johanson, Mrs. John Galber, Mrs. Raymond Mowat, Mrs. Milton Ratynski, and Mrs. John Reilly. Proceeds from the sale will go into a fund to pay for cleaning and storing Band uniforms and capes, and to buy musical instruments when needed.

At a recent meeting of the Association, Miss Joyce Mowat, director of the Band, announced that a joint concert with the Lawrence High School band is being planned for early in 1960.

## Board Refuses White's Plea For Small Sewer

Former Selectman Sidney P. White has lost his bid to install a smaller-than-recommended sewer in Andover st., on a 3-2 vote of the Board of Selectmen.

Chairman Eugene A. Bernardin Jr. broke a tie vote, stating that he could not ignore engineering recommendations nor the advice of town counsel. Selectmen William Stewart and Edward P. Hall had also voted against the proposal.

Members James D. Wilson and Philip K. Allen voted to allow White to install the six-inch main in the public way at his own expense.

The vote followed a lengthy discussion of the subject - the second in two weeks - and the reading of a report from Camp, Dresser and McKee which advised strongly against the procedure.

White was not precluded from entering the 15-inch sewer in

## Cast Chosen For Workshop Play

The cast has been completed and rehearsals are now well underway for "Tom Sawyer", the Fall production of the Children's Theater Workshop.

Mrs. William Edwards, play director, has announced that a beaming and freckled-faced Tom will be played by young Peter Clark of Holt rd. His hookey-playing and adventurous friend Huck Finn will be portrayed by Peter Bradford and Bira Hayes has the part of Becky. Others hard at work in the cast are Karen Pybus as Aunt Polly, Alex Mackie as Alfred, Judith Willetts as Mrs. Harper, Steve Whitney as Muff Potter, Alan Johnson as the schoolmaster, Susan Stevenson as Mrs. Thatcher, David Morgan as the prosecutor and Dr. Robinson, Robert Kelferstan as Ben Rogers, Fred Bradley as Jeff Thatcher and Peter Jako as Judge Thatcher.

Joe Harper will be played by Bryan Miller, James Hollis by

## Allen Scored Twice In Danvers Tilt

Fred Allen took the spotlight during Andover High's losing game at Danvers last Saturday, scooting 82 and 64 yards for two touchdowns. Despite this however, Danvers took the game 18-15.

A brilliant goal-line stand in the final three minutes saved the game for the down-county club. Seconds after stopping Andover, a safety gave Andover two points and possession of the ball after a free kick. But an interception of an Andover pass gave Danvers control of the ball in the closing seconds.

Danvers scored following the opening kickoff. They returned it to their own 33 and seven plays later Dave Balsler went over from three yards out.

The Blue Devils' Fred Allen tied it up in the early moments of the second period as he slashed off tackle and raced 82 yards to score.

**Board Approved Undersized Lots**

Alexander Henderson has won his fight to build on nine lots in Henderson acres which do not conform to the 1959 zoning requirements.

An Appeals Board decision handed down this week gave unanimous approval for the construction, on the grounds that

failure to do so would "expose the petitioner to undue hardship".

The nine lots were all recorded, according to a re-cap of the facts presented at a hearing, but the zoning requirements have been changed since the date they were filed in the Registry of Deeds. The Board noted that the petitioner "in good faith filed his plans . . . which were approved" by the planning board as conforming to existing requirements.

Since that time, the single residence A district has been increased, to a minimum of 115 feet of frontage and 15,000 square feet of area.

The Appeals Board considered that Mr. Henderson had gone to considerable expense to develop the area, and that nearly all of the residents who bought houses from him appeared at the hearing in favor of the petition. The decision also took note of the fact that the property had not been placed in separate ownership, which would have preserved them as buildable lots, according to Chapter 40A, section 5A of the statutes.

The Appeals Board also contends that the decision to allow buildings on these lots would not be harmful to the area, which consists mostly of lots of about the same size as those involved in

Mr. Henderson's request.  
**Statute Applies**

At the original hearing, there had been considerable discussion about the state law, which the town accepted by reason of accepting the sub-division control laws.

Non-technically, the law states that an owner must make sub-standard lots conform to up-graded zones if ownership of the parcels has continued without interruption. Thus, the law would contend that Mr. Henderson should combine his nine lots into a lesser number that would agree with present requirements, regardless of when they were approved and recorded. If some of the lots had been sold previously as usable lots, then re-purchased by the seller at some later date, the statute might not apply.

The Planning Board representatives appeared at the hearing to emphasize that the town abides by this section of the sub-division control law, and urged that decisions conform to it.

**Dr. Bradford Spoke To Women's Union**

The Rev. Arthur H. Bradford, D. D., Minister Emeritus of the Central Congregational Church in Rhode Island, spoke to the Women's Union at Free Church on the topic "Parsonages and People" last evening. Dr. Bradford is the father of the new minister at Free Church.

Well qualified to speak on the subject, he is a distinguished educator and much-loved in New England. He reminisced about experiences he and Mrs. Bradford shared with their six children in parsonages located in Rutland, Vt. and Providence, R. I. After his retirement in 1952, he served as interim minister to churches in Wellesley, West Newton and Williamstown. In the field of education, he served for 20 years on the corporation of Yale University and as a trustee of Anotolia College in Greece. No stranger to Andover, he has spoken at Abbot Academy and Phillips School many times during the past years.

(Continued from Page One)

Andover st., however, if he is able to put his own main in private property and tie into the trunk line just as a house line would be tied in. He said he would confer with the Boston & Maine Railroad, which has a right of way along the street, to see if some solution could be worked out.

If it can not, it was indicated that White would be unable to construct his proposed milk processing plant, dairy bar and model barn on the industrial site adjacent to the railroad tracks. The state health department has ruled against allowing any wash water from the processing plant to run into a brook on the land, thus eliminating the possibility that a septic tank can be used.

**Background Data**

The question had arisen some time ago, when White first asked the town manager if it would be permissible to put a six-inch main under about 500 feet of Andover st., in order to reach the 15-inch main.

He reported to the Selectmen that the manager at first said it would be necessary to install an 18-inch main, as called for in the master plan for sewerage by Camp, Dresser and McKee. But after consideration, the subject was brought to the Selectmen last week, with White suggesting that he will be willing not only to pay for installation, but sign a contract for the maintenance as well.

Town counsel Fredric S. O'Brien ruled, however, that no contract on maintenance of the line would be binding, as far as he can determine. It was this ruling that Mr. Bernardin cited in stating his opposition to the proposal. Board members last week had generally agreed that, if the contract could be drawn and become binding, they would have little objection to the plan.

**Considerable Cost**

During the discussion preceding the vote Monday, it was learned that installation of an eight-inch main would cost about \$4.65 a foot, as compared to an \$11.75 cost for an 18-inch main. The cost, then, of a six-inch main would probably be slightly less than the eight-inch and certainly far less than half as expensive as the 18-inch main.

Mr. White had agreed to pay the installation costs for the smaller size, but had told the Selectmen he certainly couldn't bear the expense of the 18-inch main.

**Engineering Report**

A letter from Camp, Dresser and McKee, signed by Joseph Lawler, strongly urged the town not to make an exception in Mr. White's case.

In summary, the letter stated: "The town should not start a

practice of allowing private sewers or other private utilities to be constructed in public streets. The possible future implications are much too important. The present practice of conforming to master plans is in the best interests of the town."

The letter also reviewed the firm's recommendations for an 18-inch trunk main in the area some time in the future, and the construction of a main parallel to the existing 15-inch main to carry the heavier loads. Mention was also made of the firm's first step — construction of a trunk line from Essex st. to Riverina rd., which has not yet been authorized by town meeting.

The firm's letter brought a touch of bitterness to the meeting, when Mr. White turned to one of the company's engineers present at the hearing and asked whether the report was a personal attack. He was assured it was not.

**Public Way Confusion**

Throughout the session there was much confusion as to where the public way known as Andover st. actually lies.

Mr. White said it has never been laid out by description, only by usage. And it appeared for a time that the railroad may actually have a right of way on parts of the paved street. Town records indicate the street was accepted back in 1801, but do not give specific measurements.

Town counsel ruled, however, that any utility installed under a paved road that has been a public way by usage becomes a public utility. This would be true even if the railroad has a right of way that conflicts with the town street, he stated.

**Maintenance Big Problem**

The key to the solution apparently was in deciding whether maintenance would be the town's problem or Mr. White's — and whether the town could safely assume this possible cost at some future time.

White expressed his belief that tax money should, in part, be used to provide some service to the taxpayer — and suggested that even small maintenance costs could be absorbed by the town, which would be receiving tax revenue from his project. He had estimated the construction costs at about \$100,000 at an earlier meeting.

After town counsel ruled that maintenance costs could not be the responsibility of any private citizen, regardless of a contract, Chairman Bernardin said he would have to accept this advice. He

commented, when voting, that he had been prepared to approve the project until hearing the counsel's ruling and the recommendations of the engineers.

**Moss On His Grave**

Throughout the meeting, White maintained that many, many years will pass before there is an 18-inch trunk main in the area.

And he expressed a doubt that the town would ever appropriate enough money to do the job, for what he termed as the benefit of some developer.

"There'll be moss on my grave before they lay an 18-inch line there, tied into a 15-inch line", he warned the Selectmen.

**Cites Precedent**

Town Manager Thomas E. Duff, at one point in the discussion, warned that favorable action on White's request could set a precedent for other developers in the town.

He feared that there would be repeated requests from several sections of the community for permission to install smaller lines than required, on the grounds that they would be adequate for the development at the time. It was also suggested that there might at some time be a request to extend the six-inch line in Andover st., which might be hard to deny if a precedent was established.

**Spend Money to Make It**

Commenting on the Selectmen's questions on maintenance, Mr. White at one point queried:

"Doesn't the town want to spend money to make money? Don't the taxes mean anything? What do my taxes go for . . . to

maintain the sewer for some other fellow, in part." And he also asked the town officials to compare the taxes the new business would bring in as compared to any possible cost to the town for

maintenance of the line.

At the end of the session, White said he would talk to the Boston and Maine about sending a railroad engineer to Andover to inspect the site.

**To Christ Church**

Income from at least \$25,000 is to be used for the benefit of "a worthy student from Andover" at Dartmouth College as a scholarship, according to the will of Mrs. Priscilla Barkhouse Wilkinson of Andover, it was learned when the instrument was filed in the Registry of Probate.

She bequeathed \$25,000 to the college in Hanover, N. H., in memory of her late husband, Ralph B. Wilkinson of the Class of 1923, and directed that it be added to the alumni scholarship fund, and that the gift be known as the Ralph B. Wilkinson fund. The interest is to accumulate, she stated, and to be used for a worthy student whose home is in Andover.

Mrs. Wilkinson, who died Sept. 22, also left \$2,500 to Christ Church, Episcopal, for the memorial chapel fund in memory of herself and her husband. She also gave a portrait of her husband to the Lawrence Chapter of the American Red Cross.

After awarding more than \$25,000 to relatives and friends, the widow devised the residue of her possessions to Christ Church and Dartmouth College "for purposes aforesaid". No estimate of the value of her estate was listed.

The testament, signed Feb. 15, 1958, nominated John G. Whitham of Andover as the executor. He was bequeathed Mrs. Wilkinson's personal effects and instructed to distribute them in accordance with a memorandum.

Trust funds of \$5,000 each were created for two nieces, Wendy Wilkinson and Linda Wilkinson. The income is to accumulate, according to the will, and each of the beneficiaries is to have the principal and interest when she is 25.

The sum of \$5,000 was left to William Lee Whitham of Andover, while \$2,500 was awarded to a sister, Mrs. Lewis J. MacDonald of Needham. Legacies of \$1,000 apiece were devised to Dr. Philip W. Blake, Edward P. Dean Jr., and William J. Dean, all of Andover, and to Olga Thompson Thompson of New Haven, Conn.

Bequests of \$250 each were given to a brother, Walter R. Barkhouse of Needham, and to three nieces, Mrs. William D. Sweeney, Barbara Mullins and Bette Lou Mullins, all of Belmont.

Mrs. Wilkinson gave \$500 apiece to seven friends, Helen Peterson of North Andover and Maude Price Bramley, Jane Shannon Dean, Gladys Green Piper, Meta Born Rutter, Elizabeth W. Schubert and Barbara Heath Whitham, all of Andover.

Phillips Academy will talk on Thoreau. Washington's Birthday will bring the traditional Open House at the Blanchard House, the Society's headquarters.

In March, Miss Miriam Putnam, librarian of Memorial Hall Library, will review Dr. Claude M. Fuess' new History of Andover. The annual meeting in April will have Douglas Byers, Director of the Robert S. Peabody Foundation, speaking on the Indians of the Merrimack Valley.

**A WONDERFUL NEW WORLD OF FORDS FOR 1960**

**FINEST FORDS OF A LIFETIME**

This new Ford Galaxie, like all the new, beautifully proportioned 1960 Fords, is styled from a new viewpoint. Traditional automotive elegance combines with modern design in the style of a new decade!

In 1960, for the first time in history, your Ford Dealer presents not one, not two, but three new lines of Ford cars . . .

1. The 1960 Fords—The Finest Fords of a Lifetime, beautiful from any Point of View, worth more from every Point of Value!
2. The 1960 Falcon—The New-size Ford, the world's most experienced new car and the easiest car in the world to own!
3. The 1960 Thunderbird . . . The World's Most Wanted Car!

Now you can see them—the Finest Fords of a Lifetime! Economy-minded Fairlanes. Big-value Fairlane 500's. Elegant Galaxies. A breath-taking new Sunliner convertible and a brand-new hard-top model, the flashing Starliner. Then there's a whole new world of Station Wagon Living, too. It all adds up to 15 glittering variations of the world's newest, most elegant styling theme!

And Ford sets the new trend in power. Ford's Thunderbird 292 V-8 and 352 V-8, like the famous Mileage Maker Six, bring a new world of smoother, hotter performance—on regular gas.

To top it all, the Finest Fords of a Lifetime are priced for savings. Ford is still priced to outvalue all comparable models of its major competitors.

Ford savings, however, only begin with a low price. You save still more with engines that thrive on regular gas and save up to a dollar on every tankful . . . a Full-Flow oil filter that lets you go 4,000 miles between oil changes . . . Diamond Lustre Finish that never needs waxing . . . aluminum mufflers that normally last twice as long as conventional types . . . new, safer, Truck-Size brakes that are the biggest ever in Ford's history . . . and new soft-tread, Tyrex cord tires that run quieter, last longer.

In every way these are the Finest Fords of your Lifetime! See them at your Ford Dealer's!

FORD DIVISION, Ford Motor Company,

**Introducing the New-Size Ford . . . the 1960 Ford Falcon**

Meet the New-size Ford—the Falcon! Here's a car with plenty of room for six big adults and all their luggage. It's sized to handle and park like a "small" car . . . powered to pass and climb like a "big" car . . . and built like no other car for savings!

It gives you up to 30 miles per gallon on regular gas. Aluminized mufflers normally last twice as long as ordinary kinds. A Full-Flow oil filter lets you go 4,000 miles between oil changes. Even insurance can cost you less! And this Falcon is the world's most experienced new car. It was driven over every mile of numbered Federal Highway in EXPERIENCE RUN, U.S.A.—a grueling demonstration climaxing Ford's 3 years of development and testing.

The Falcon has the features that American car buyers expect. Its gearshift is on the steering column—not on the floor. Its engine is located up front for greater stability and safety. Best news of all is the Falcon's low, low price. See it at your Ford Dealer's . . . and see the difference!

### WHAT DOES 3% MEAN TO YOU?

Did you have trouble with percentage in school? Many of us did. In school, percentages may have been a headache. But today, percentages can mean CASH in your pocket.

Let's suppose you spend \$20 per week for food. That amounts to at least \$1000 per year.

Were you to put \$20 per week in a savings account, it would earn you less than 2% during the year.

But if you buy your food at the CO-OP that same amount of money may earn you between 2 and 3 percent in CASH savings on every purchase!

Not that we are against bank savings - far, far from it. We are merely trying to show that food money left at the CO-OP will "earn" you more CASH than the same amount put in a bank. Incidentally, 3% is 50% more than 2%. That's one reason why over 2300 people in this vicinity believe in and belong to and shop at the Andover CO-OP.

Because we look out for your  
interests - JOIN CO-OP!

**CHRISTMAS IN OCTOBER** - Members of the Andover Christmas Seal Committee met Monday to prepare the seals for mailing later this fall in the annual appeal for funds to fight tuberculosis. From left to right around the table are Mrs. Louise Kelsey, Mrs. William C. Schmidt, Mrs. M. M. Jones, Mrs. Barbara G. Flagg, executive secretary of the Essex County Health Association; Mrs. J. K. Jones, chairman; Mrs. E. R. Taylor, Mrs. Carl Elander, Mrs. L. F. Colpitts and Mrs. John Word.

**8 Petitions Received  
Appeal Bd. Action**

The Board of Appeals has filed eight decisions, half of which gave approval to petitioners' requests.

The four approved petitions were from Mason F. Arnold, gasoline station on Railroad st.; Westport Realty Trust, sub-divide property on Ridge and School sts.; Sarah Burke, two lots on Poor st.; and Raymond Lynch, division of land on Cuba st.

Denied approval were John J. Doyle, 44 Holt rd.; Edwin J. Verda, 14 Woburn st.; James P. Cunningham, Shawsheen rd.; and John P. Gaudet, Topping rd.

**Favorable Action**

The petition presented by Mr. Arnold involved the use of premises belonging to the George B. Westhaver Trust for a gasoline and oil filling station, and for the

sale of new cars. The permission was granted only to Mr. Arnold, and is not assignable.

The Board felt that hardship would be caused to the petitioner, the Westport Realty Trust, if land at Ridge and School sts. could not be sub-divided. Thus permission was granted, allowing the division of a parcel on which five buildings now stand, into four separate lots. Three will contain a building each, and one will have two buildings. They then can be sold separately, which could not have been done without the granting of permission by the Board. The buildings are multi-family dwellings.

The request of Sarah Burke involved building two houses on two lots on Poor st. with less than the required area. A garage on one lot would be removed. The Board felt that undue hardship would result if the petition was not granted.

Raymond Lynch asked permission to divide a parcel of land, containing two buildings, into two lots, both with less frontage and area than required by the zoning by-laws. The Board felt that a substantial hardship would result if the petitioner had to sell both houses as a unit, and allowed the division into two lots.

**Denials Listed**

John Gaudet asked to have approval for a division of property bordered by Topping rd., Romeo and Juliette sts., into two lots, which would not meet zoning requirements. The Board decided approval would be detrimental to the neighborhood.

John Doyle's petition to allow sub-division of property at 44 Holt rd. was disapproved. The Board said approval would be contrary to the intent and purpose of the by-law. The lots were recorded under previous zoning by-laws and met their requirements. But the zoning has been changed, the decision noted, and neither lot has been sold by the petitioner.

Edwin J. Verda wanted permission to build a house on his land at 14 Woburn st. The lot would have less frontage and area than required. The Board said this would not be in keeping with the intent of the by-laws, as the petitioner wanted to divide a present parcel of land into two lots, creating the lot that does not meet the by-law requirements.

James P. Cunningham asked to build a house on a lot with the required area, but with less than the needed frontage on Shawsheen rd. The Board said it could not grant relief, despite any hardship to the petitioner, because this would not be in accordance with the intent of the by-law.

**SECOND SUNDAY  
GOSPEL HOUR**

The second "Gospel Hour" will be held Sunday night at the Andover Baptist Church.

The pastor, the Rev. Donald J. Ryder, will preach on "Daniel and NATO". Many old and familiar hymns will be sung during the evening.

**Prepare Seals  
For Mailing**

Some 6,000 Christmas Seal envelopes were prepared to be mailed to Andover residents in November at a work-session at the home of the chairman, Mrs. Keith Jones, on Washington ave. Monday morning.

Present at the meeting were the executive director of the Essex County Health Association, Mr. Barbara G. Flagg of Beverly; Mr. L. Fraser Colpitts, Miss Helen Eaton, Mrs. Carl Elander, Mrs. Louise Kelsey, Mrs. William C. Schmidt, Mrs. M. M. Jones, Mr. John Word and the chairman, Mr. Jones. Those on the committee but unable to attend, were Mr. Waldo Hensel, Mrs. Harold Henshaw, Mrs. C. Carleton Kimball and Mrs. Elbert Weaver.

The committee plans to meet again in Beverly Oct. 27 before the seals are released.

**RAYTHEON PLANS OPEN HOUSE**

(Continued from Page One)

foot production home of the Army's slender 16 foot long Hawk missile, for which Raytheon is prime contractor, will be open to the public. Saturday, Raytheon employees and their families will have a chance to see the full plant.

On display, too, will be the complete ground battery which controls the deadly killer's attacks.

The open house will also give local residents an opportunity to see how Raytheon has transformed a former textile mill, idle from 1953 to 1956, into New England's largest missile plant.

The last of the modern textile mills, built in 1923, is now a modern missile facility employing nearly 5,800 people with a monthly payroll of more than \$2 million.

Hawk's importance to the nation's defense has resulted in rapid growth of the Andover plant from an initial group of 70 employees in 1956 and 1200 persons

by the end of 1957.

Extremely versatile, Hawk is deadly even at low levels. Its unique radars are effective in the blind zone of conventional radars. Hawk can destroy a supersonic target traveling at twice the speed of sound. In its first public demonstration at White Sands Missile Range, New Mexico, the Hawk destroyed a drone target flying at an altitude of only 500 feet.

The missile system's mobile characteristics have made it an ideal field weapon for both Army and Marine Corps use. The entire Hawk system, including lightweight control centers, can be moved quickly to front line emplacements or transported by helicopter to points desired.

**Andover Plant Largest**

The Andover plant is the largest of Raytheon's 38 plants and laboratories. The Missile Systems Division, which operates the Andover plant, is also prime contractor for the Navy's air-to-air Sparrow III missile. Raytheon is the only electronics firm in the nation which is prime-contractor for two missile systems.

Other Missile Systems Division facilities are in Waltham, Lowell, Bristol, Tenn., at Bedford, with two laboratories and a new flight test facility and flight test facilities at White Sand, N. M. and Oxnard, Cal.

Employing nearly 40,000 people, Raytheon is the state's largest industrial employer and is the world's largest producer of magnetrons and klystron power tubes, vital to the latest defense systems.

## EDITORIAL THOUGHTS

### Tough, But Right, Decision

A majority of the Selectmen made a tough decision Monday night, when they turned down Sidney P. White's application for permission to install a sewer line under Andover st. to serve a commercial enterprise he plans in that location.

The requested sewer was one-third of the size recommended for the sewer main extension in the area. Camp, Dresser and McKee have urged that an 18-inch main be placed in this street, whenever extensions are made, in conformance with the over-all sewer plan.

There could be no legally-binding agreement that Mr. White must maintain the smaller line, according to town counsel.

On the grounds that the sewer could not legally be maintained by the petitioner, and with the advice of the engineering consultants against allowing the extension, three of the Board members voted "no" on the proposal.

This was a hard decision - because the end result might be the loss of tax revenue from Mr. White's milk bar, processing plant and model barn. He had taken the position that there would be little or no maintenance, and that taxes paid to the town certainly should be used, in part, for service if the occasion arises.

If the decision had been otherwise - allowing the installation of an undersized pipe - we believe the concept of proceeding under a master plan throughout the town would have collapsed. There would, in all likelihood, have been immediate requests from others to be allowed the same privileges as Mr. White. And these probably would have been granted, based on the precedent in the Andover st. location.

Thus it seems to have been good judgment to turn down the request, however difficult that decision was to make.

### Cooperation, Or Compulsion

It's a startling sight for a driver to see a young boulder leaping down the road towards his car; or for a pedestrian to see a rock skipping its way along a collision path.

Yet this happens rather too frequently, when gravel trucks are too heavily loaded. The stuff sprays off the sides, and backs of the vehicles when they turn corners - and it's only good luck that has prevented serious accidents.

Actually, the statement made by many men and women that the trucks are too heavily loaded is meant to indicate the manner in which the gravel is piled up on the trucks. It's doubtful whether they actually carry weights in excess of those allowed by law.

Regardless of the definition of loading, however, the practice remains a menace as long as it continues. The Selectmen have decided to request cooperation from the truckers - and that's all to the good. But the request should be accompanied by a warning that trucks may have to be covered completely if the spillage continues.

Covering the trucks would be a nuisance to the drivers, and would cost the owners money in time lost from actual hauling. But if it prevented one accident, the loss in money and time would be inconsequential.

We all hope that truckers willingly cooperate in having loads leveled off, and stones tossed off the trucks before they are driven from the pits. If they don't, let's enforce the law which gives the town power to require all trucks to be covered.

### Your Chance To Participate

The upcoming conference on education - to which every adult in the community hopefully is invited by school officials - can do a lot to clear away some of the mysteries surrounding public education and its administration.

Thursday evening, Nov. 5 at the High School, is the place and time set for this experiment in public understanding. Members of the planning group and the school department are making every effort to be certain that all interested persons have an opportunity to know about, and plan to attend, the affair. They may even select the group sessions which interest them most, by sending a postal card to the school department office indicating that choice, from among the seven groups listed here: grouping, reading, the college-bound student, non-college student, teachers, a look ahead, and methods of rating schools.

To make the most of this opportunity, it has been planned to have each group meet twice during the evening, so that each person can attend two sessions. Thus, if two persons attend from a family, they can indicate four different discussions which they hope to attend. School

authorities have asked the men and women of the town to make known their choices, so that the planning can keep pace with the demand, as far as scheduling the discussions in rooms which are ample to seat those in attendance.

This conference is very worthwhile - involving hundreds of man-hours of work and study so that the residents of the town can be fully informed on educational matters affecting them. Plan to attend, and to send a card to the school office ahead of time.

### Down the Years with The Townsman

#### 50 Years Ago - October, 1909

William Brown has recently been appointed a special police officer by the Selectmen.

The horse used on the mail wagon, and driven by Walter Morrissey, was frightened by the mail train at 9:50 Wednesday morning and bolted from the Smith and Dove factory down to the cricket field. The light wagon to which it was hitched was destroyed.

The Andover Natural History Society will meet next Sunday evening when papers will be read by E. T. Brewster, H. F. Saunders and Miss F. J. Abbott.

For the first time in the history of high school football here, Pynchard has defeated the team from Pinkerton Academy, by a score of 18-0. Anderson and Lawson made good gains for the local team, and Dole and Rhodes opened up some good holes in the line for them.

Miss Lillie Dodge has been appointed district nurse, succeeding Miss Emily A. Sprague.

#### 25 Years Ago - October, 1934

Local clergymen and four prominent educators have signed a statement urging townspeople to vote against the sale of any alcoholic beverages in the town.

A Lawrence man was unconscious for a half hour Saturday noon, after the car he was driving skidded, flipped over and crashed into a telephone pole. The pole snapped off about 15 feet from the ground, and the new car was demolished.

The Historical Society will open up the Isaac Abbot tavern, 70 Elm st., for its annual meeting. Residents will also have a chance to inspect the premises during the afternoon. The house was built about 1590. In the evening, a paper on the Abbot family will be read by William A. Trow.

Local tax bills were mailed Monday. The tax collector urged residents to pay them promptly, to avoid paying interest that starts Nov. 1.

A monster Republican rally will be held in the town hall Oct. 12, featuring most of the state ticket. Gaspar G. Bacon, present lieutenant governor and candidate for the top elective office will lead the group.

William Snyder was elected commander of the VFW at a meeting Monday evening.

#### 10 Years Ago - October, 1949

The School Committee has appointed two principals on an acting basis. They are Charles Gregory at the High School, filling in for Eugene V. Lovely, who is ill at home and Benjamin Dimlich, temporarily principal at the Junior High.

The long-awaited hearing on automatic crossing gates in Ballardvale is Oct. 19. A committee is planning a protest to the Department of Public Utilities, and many residents of the Vale plan to attend the Boston meeting. The Selectmen also will protest the change from manually-operated gates.

Pynchard High squeaked past Danvers, 21-20 Saturday.

Plans for the Halloween party at Memorial Gymnasium are well underway. Several groups have volunteered to help with the evening's activities.

Court sessions will be resumed in Andover within a few weeks. Trial Justice Richard K. Gordon said the second floor room in the town hall, formerly used by the Amvets, is being fixed up and will make a suitable courtroom.

Fire Chief C. Edward Buchan urged all residents to eliminate fire hazards in their homes, especially debris allowed to accumulate in cellars.

#### Littlest Listeners

Now that the Littlest Listeners groups are being established, parents of three-to-five year olds are invited to bring their children to the third group forming at the library on Wednesday morning, Oct. 14, at 10 o'clock.

This group is planned for children who will later attend any first grade other than that of Central Elementary, or South Elementary. This division has been made so that mothers in any area may plan to share transportation of the children. But any child is welcome to join any one of the

### One-Act Play In W. Parish Tonight

The Woman's Evening Circle of the West Church will hold its regular monthly meeting in the Vestry of the Church at 8 tonight.

Following the business meeting a One-Act play entitled "The Watch Bird is Watching You" will be presented by the following cast: Mrs. John Hall, Mrs. George Ainscow, Mrs. Edward Warwick and Mrs. George Lyhand. The cast has been rehearsing under the skillful direction of Mrs. Helen Dooley. A pleasant evening is assured.

Members of the Woman's Union are invited to attend. Refreshments will be served under the direction of Mrs. James Ellis.

three groups.

For those who are new in the community, this program has been prepared for pre-school children three and over to give the little ones an opportunity to learn group behavior and cooperation. The children listen to stories, dramatize simple action plays, and enjoy recordings made especially for their age group.

Any mother is cordially invited to bring her child, or to get full information by calling the Memorial Hall Library.

#### Library Closed

The main library will be closed Monday Oct. 12. Ballardvale branch library will be closed, but will maintain its regular opening hours on the following day, Tuesday, Oct. 13. It has been the custom of the library that when the branch room is closed for a holiday it will open the day after.

#### Open House

Each autumn the Memorial Hall Library invites its friends to an annual Open House, held on the Sunday afternoon of National Book Week. This year, Nov. 1, the library opens Book Week with its usual display of the best of the fall publications, arranged in the reading rooms, for inspection by book lovers. At four o'clock the guest speaker will make a brief talk, after which refreshments are to be served.

All readers are cordially invited to plan to attend, and urged to keep this date clear on their calendars. Full details of the program will be published later.

#### Recent Additions

#### To The Library

Among the books added to the Memorial Hall Library in recent weeks are the following: (fiction) Temple Of The Golden Pavilion, Mishima; Spring Harvest, Taber; Hard Hearts Are For Cabbages, Putnam; How Wide The Heart, Ogilvie; My Caravaggio Style, Moore; Ciske The Rat, Bakker; The Bastard, Tessin; The Pagan King, Marshall; California Street, Busch; Land Of Foam, Yefremov; Love And Money, Clad; As The Tree Falls, Leslie; Adams Of The Bounty, Wilson; Danger Trail, Booth; The Short Cases Of Inspector Maigret, Simenon; Melora, Eberhart; Seven Steps East, Benson; Murder In New Guinea, Vandercook; The Bride Of Pilate, Kellner; The Pack Of Lies, Creasey; Kill My Love, Creasey; One For The Road, Brown; The Buttercup Case, Crane. (non-fiction) The Southeast; a guide to Florida and nearby shores, Zim; France, Guerd; Life Studies (poems), Lowell; Labor U.S.A., Velie; Major Appliance Servicing, Brockwell; Drugs And The Mind, DeRopp; It Has Happened Here, Blossom; The Bible Was My Treasure Map, Iton; The Family Quarrel, Thane; The Southern Temper, Peters; The Little World Of Laos, Meeker; Now Or Never, Blanton; The Marauders, Ogburn; Spaceport, U.S.A., Caidin; The New Yorker Album Of Sports And Games; Autobiography, 1809-1892, Charles Darwin; Rum Row, Carse; How To Pass High On College Entrance Tests, Mager.

#### Town Calendar

All groups planning activities for their organizations and clubs are invited to make use of the Town Calendar, maintained at the desk in the Memorial Hall Library. This large notebook is laid out to allow items that are being planned to be written out, giving the date, the place, the function and the sponsors. Through town-wide use of the book, groups could avoid planning activities that will conflict with dates chosen by other Andover organizations.

### Central PTA To Hear J. Miner

Joshua Miner, assistant dean of admissions at Phillips Academy, will be the guest speaker at the opening fall meeting of the Central School PTA Oct. 14.

The meeting will get underway at 7:45 with classroom visitations, with members gathering at 8:15 for the business session. Of considerable importance during this part of the meeting is a discussion of the year's budget.

Mr. Miner will speak to the

assembly on the subject "Should the schools reveal test scores?"

Dr. John C. Brown is president of the organization. Other officers are Vincent Stulgis, first vice president; Mrs. Fred Saunders, second vice president; Mrs. Thomas Dye, secretary; Frederick Nowell Jr., treasurer; Mrs. Gilbert Bieger, ways and means; Mrs. Charles St. Clair, publicity; Mrs. Thomas McQuade, hospitality; Mrs. Fernand Lussier, nominating committee; Miss Catherine Barrett and Robert Zollner, directors.

Mrs. Saunders also serves as chairman of the membership committee, which will begin its drive for members Oct. 15. Over 400 individuals are eligible for membership.

Mr. and Mrs. Albion Johnson of High Plain rd., have returned from a several days visit with friends at North Eastham.

### CONCILIATORS AT MEETING WEDNESDAY

(Continued from Page One)

Smaller rubber companies have ranged anywhere up to 10 cents.

#### Contract Extended

The contract under which members of Local 137 United Rubber, Cork, Linoleum and Plastic Workers, had originally expired Sept. 15, but was extended until last Sunday.

A vote was taken Sept. 15, authorizing the executive committee of the union to call the strike. Mr. Geier said this secret ballot was 579 yes, 33 no and one in dispute, out of a total eligible membership of 850. He stated that last Sunday's meeting, confirming the strike vote, was so crowded that no one counted the number present. A call for those opposed to the strike resulted in the recording of a unanimous vote, he stated.

#### Letter To Workers

In a letter to all employees, Mr. Brimer has outlined the company's position, and has listed

the proposals made by the firm.

In part, explaining the firm's position, the letter stated:

"Around the end of September the committees began to discuss the general wage increase and on Oct. 1 Mr. Bevan and I met with the committees. I explained to the best of my ability why our general wage increase could not be more than the increases which have been granted by smaller rubber companies against which we compete.

"Even though our sales volume is about 25 per cent higher than last year, our profit rate for the first six months of this year is even less than our profit rate for last year - which was less than one per cent after taxes. This is due mainly to the large increases since the first of the year in the prices we have had to pay for our crude rubber and other materials, plus the full effect of the wage increase of last December which was effective for only two and one half months of last fiscal year.

"I explained that we cannot increase our selling prices enough

to cover the cost increases because of price competition from plants in this country and in foreign countries.

"I also pointed out that our profit last year was so low that our nearly 400 stockholders received dividends of only 40 cents per share, or one half the 80 cents they are entitled to expect.

"In the negotiations up to that time the company had agreed to increase wages and benefits so that each one of our nearly 900 factory employees would receive in a full year an average increase of more than \$100.

"Later, after giving serious consideration to the comments of the union committee, Saturday morning, Oct. 3, we decided to further increase the total 'package' to which the company would agree.

"At the Saturday afternoon meeting this complete 'package' was all written out so that there would be no possibility of a misunderstanding.

"The union then asked the company committee to increase the offer still further, which the company did not do.

"The union has been fit to call you out on strike - a strike which will injure both you and the company.

"We have many competitors who are able and willing to take our customers. Lost customers mean lost jobs - layoffs. Lost customers are hard to get back when a strike is over.

"We value the welfare of our people too much to prolong a dispute just to prove which side has been right or wrong.

"In an attempt to end the dispute quickly, at meetings yesterday and today, (Monday - Tuesday) our Committee offered exactly what the Union Committee asked for on Saturday as a basis for a favorable recommendation at Sunday's Union Membership meeting. The Union Committee has rejected our offer and negotiations are apparently at a standstill.

"I hope you will tell the Union Leaders what you think about this situation. For your welfare and the Company's I hope you will take speedy action through your Union to end the strike."

FX-4 reproductive "spore bearing" cultures are grown under the supervision of The FX-Lab Company's Bacteriologist and have been acclimated to resist the bacteria destroying environment of the septic tank caused by soaps, detergents and chemical compounds used by the householder.

FX-4 consists of pure bacterial cultures—not chemicals! No special handling precautions are necessary for its use and application—simply pour into toilet bowl and flush. It is absolutely harmless to plumbing lines, fixtures, construction of septic tank or the necessary digestive bacteria within.

FX-4 is a preventive . . . not a cleaner, and should be applied while the system shows no visible signs of backup or overflow.

## GROBARK

for soil conditioning and MULCH

### WHERE AND HOW TO USE GROBARK

(1) For Soil Conditioning: Grobark is excellent for soil conditioning flower beds, lawns, gardens, shrubbery, trees, evergreens, etc. It is an ideal additive to greenhouse compost soils. Grobark opens up heavy packed soils, retains moisture and plant nutrients, helps correct saline and acidity conditions that frequently exist in most soils. When worked into sandy or clay soils Grobark adds the rich organic material that helps stimulate bacteria action characteristic of friable loam.

To soil condition flower beds, lawns, etc., spread 1" to 3" or more of Grobark and work into the soil to the depth of root penetration, or at least 12" to 18".

(2) For Mulching Purposes: Grobark is particularly suitable as a mulch since it does not decompose rapidly . . . providing economical extra long life. Grobark is easy to keep free of weeds, allows water to penetrate without excessive washing away, aids in keeping the soil soft and friable.

It does not readily blow away and its woody dark brown color gives rose bushes, flower gardens, shrubbery that "well-kept" look, so desired by any gardener.

For use as a mulch, in the Spring, work any existing mulch into the soil, then spread 1" to 2" of Grobark over the area. Use lightly in the Summer to cover any bare spots. In the Fall, use 1" to 2" of Grobark to protect shallow rooted plants, roses, rhododendrons, azaleas, blueberries, etc. for the winter.

AT MEMORIAL AUDITORIUM — The Drama Department of the Shawshen Village Women's Club will present a two-act play, "The Reluctant Debutante" Nov. 6-7 in Memorial Auditorium. Rehearsing for the play are, on stage, Mrs. Alice Neal and Mrs. Barbara Wright. Waiting "back stage" for their cues are Donald Sagasser, Elizabeth Shea, Alan Chadwick, Claire Winters and Robert Moore. (Cole)

**Play In Rehearsal  
By Village Women**

"The Reluctant Debutante", a comedy in two acts by William Douglas Home, is the play to be presented by the Shawshen Village Women's Club dramatic department Nov. 6 and 7 in the Memorial Auditorium.

Jimmy Broadbent and Shiela, his wife, played by Mr. Allan Chadwick and Mrs. Thomas Neil, give a lively interpretation of their parts as parents of Jane (Mrs. John Wright) coming out during the London Season.

Fellow conspirators and rivals are Aunt Mabel and daughter Clarissa, played by Mrs. Philip Winters and Mrs. Cornelius Shea. The Classic touch comes with the two Davids — (Donald Sagasser and Robert Moore) — who become hopelessly mixed during the match-making process. There is even the classic maid played by Mrs. Maurice Phillips.

The performances on two separate evenings should afford every-

one an opportunity to enjoy this play.

**VFW Post Plans  
Its Anniversary**

The Veterans of Foreign Wars Post 2128 and its Ladies Auxiliary will celebrate the 28th year of the Andover post Oct. 17.

The banquet being planned for this event is under the chairmanship of Roger Dery, with the following on the committee: Thomas D. Webster, commander, Joseph Monan, Charles Hanson, Thomas Eldred, George Potier, William Wilson, Fred Yancy and Herbert Folley. The Auxiliary Committee is under the leadership of the president, Mrs. George Symonds, and she is being assisted by Mrs. Katherine Quinn, Mrs. Margaret MacCord, Mrs. Rita Webster, Mrs. Bella Hurst, Mrs. Louise Simeone, Mrs. Ann Yancy and Mrs. June Eldred.

Tickets may be secured from any one of these members. The affair is to be held at the North Andover V.F.W. Quarters, Park st., North Andover.

**Lafalot Club  
40 Years Old**

Forty years ago in October 1919, a small group of young ladies gathered at the Able home on Lowell st. and formed a club which has been known through the years as the Lafalot Club.

Ten members of the original group are still members of the club namely: Marion Abbott, Mrs. Ruth Abbott White, Mrs. Paul Johnson, Miss Dora Ward, Elsie Peterson, Mrs. Myrtle Jaques, Mrs. Phoebe Carter, Rebecca Kydd, Mrs. Georgianna Hiltz and Elizabeth Doyle. Tuesday evening the present members of the club met at the Bella Vista Haverhill to celebrate the event.

During the years the club has held plays and earned money various ways and their earnings have always been devoted to helping others in any way possible. At the present time there are 20 members in the club and the meetings are held once a month at the members' homes.

**Cornell Trio To  
Present Concert**

Phillips Academy will sponsor a concert by the Cornell University Trio Friday evening, Oct. 16, at 8:15 p.m. in George Washington Hall. The public is cordially invited without admission charge.

The trio is composed of the professors from Cornell University Music faculty: Daniel Eller piano, Sheldon Kurland — violin and John Hsu — cello.

Professor Eller is a graduate of the University of Illinois where he was a student of Soulima Stravinsky. Professor Kurland, who is a pupil of Ivan Galamian, graduated from the Juilliard School of Music. Professor Hsu is an alumnus of the New England Conservatory of Music, where he studied with Alfred Zighera.

The Cornell University Trio is the resident ensemble of Cornell University. Besides presenting a series of concerts each year at Cornell, the Trio also plays at other colleges and universities and for various musical organizations. Their repertoire comprises both the standard literature and contemporary works.

**WACOME - SANTUCCIO**  
Saturday, Oct. 3, Miss Ruth Santuccio, daughter of Mr. and Mrs. Frank B. Santuccio, 4 Walker ave., became the bride of Douglas J. Wacome, son of Mr. George Wacome and the late Mary Marshall Wacome of Anson, Me. and formerly of Newton, at a 7:30 candle-light service in the First Calvary Baptist Church of Lawrence.  
The Rev. John DeBrine, pastor of the Ruggles Street Baptist Church of Roxbury, a friend of the bridegroom, officiated at the

ceremony, assisted by the interim pastor of the First Calvary Baptist Church, Dr. Boutwell. The double ring ceremony was performed before an altar adorned with candelabra and vases of white mums. Donald Ketzler, organist, played the traditional wedding music and Mrs. William Lancaster was the soloist.

The bride, given in marriage by her father, wore a gown of heavy white silk satin peau de soie, especially designed and made for her. It was fashioned with a scoop neckline, bracelet length sleeves and full skirt of double unpressed box pleats. It featured hand-embroidered peau d'ange lace with tiny seed pearls and mother-of-pearl sequins which outlined the modestly scooped neckline, flowed into two panels down the front of the bouffant skirt, around the hem and sweeping chapel train. Flowerets of the same lace were hand applied on the bodice back and skirt. Her finger-tip veil of illusion was attached to a small crown of embroidered peau d'ange and she carried a cascade bouquet of white mums, stephanotis and ivy.

The bride's attendants were Miss Elinor Santuccio, sister of the bride as maid of honor and Miss Carole Thomas and Miss Beverly Thomas, cousins of the bride, of Bergenfield, N. J., as bridesmaids. The junior bridesmaid was Miss Barbara Santuccio, sister of the bride.

The maid of honor and the flower girl were gowned in hummingbird green velveteen, fashioned in full length double-pleated skirts, scoop necklines and cap sleeves. The maid of honor carried a cornucopia basket of white, gold and bronze mums with ivy in cascade. The flower girl carried a basket of rust, gold and bronze mums with ivy. The bridesmaids were gowned in autumn rust velveteen of similar

design and all attendants wore matching headpieces. Cornucopia baskets of bronze gold and rust mums with ivy in cascade arrangement were carried by the bridesmaids.

The ring bearer was David Santuccio, brother of the bride and Miss Gail Fulton of Lexington, was the flower girl.

Donald Wacome of Peabody was best man for his brother and John Fulton of Lexington, Myles Beers of Chelmsford, Donald Howard of Newtonville and Robert Watters Jr. of Andover were the ushers.

The bride's mother was dressed in Parisian amber peau de soie with accessories of brown and a corsage of talisman roses.

Mrs. Myles Beers, sister of the bridegroom of Chelmsford, was dressed in turquoise crepe with black accessories and had a pink and white feathered carnation corsage.

The wedding reception, held in the church vestry, had guests present from New York, New Jersey, New Hampshire, Maryland, Rhode Island, India, Connecticut, Greater Boston, Lexington, Edgartown, Danvers, Peabody, Saugus, Lynn, Wayland and Worcester.

Following a trip to Niagara Falls, N. Y., Poconos Mountains,

Pa. and Washington, D. C., the couple will make their new home at 587 Haverhill st., Lawrence after Oct. 18.

The bride is a graduate of Punchar High School, class of '55 and the Lawrence General Hospital School of Nursing, class of '55. She is serving on the nursing staff at the hospital.

The bridegroom is a graduate of Newton High School. He is president of the Wynwood Association of Lexington and is treasurer of the Christian Business Men's Committee of Greater Boston.

**OZOONIAN - BEDROSIAN**

Miss Sylvia Bedrosian, daughter of Mr. and Mrs. Archie Bedrosian, 18 Blaisdell st., Haverhill, and Robert G. Ozonian, son of Mr. and Mrs. Avedis Ozonian, 10 Osgood st., were united in marriage Saturday afternoon Oct. 3, at 2 o'clock in the Holy Cross Apostolic Church in Lawrence. The Rev. Vartan Avakian officiated.

Given in marriage by her father, the bride wore a floor length gown of lustre satin with a jeweled Sabrina neckline and long sleeves in a fitted bodice. The full skirt was styled with

### Sanborn Chosen Junior Rotarian

**RICHARD SANBORN**

A former Andover resident, Richard Sanborn, has been chosen as the first Junior Rotarian of the Month. He presently is a senior at North Andover High School. His parents, Mr. and Mrs. Wilbur Sanborn, were educated in local schools and his aunt and uncle, Mr. and Mrs. Ralph Berry, are Andover residents. Richard will be introduced at a Rotary meeting, after having been chosen by the Education Committee, headed by Kenneth Fulton.

### \$390,400 Value Of Bldg. Permits

Permits for new construction, with an estimated value of \$390,400, were issued during September by Building Inspector Ernest N. Hall.

Chief among them was a permit covering seven stores at the Shawsheen Plaza, with an estimated construction cost of \$204,000. It was issued to Gustave A. Schlott, trustee.

Permits for new homes, with garages, were issued as follows:

Rabenius Brothers, Birch rd., \$15,000; Milton Ratynski, 2 Barrington dr., \$25,000; Joseph Driscoll, Juliette st., \$11,000; Michael Mararian, Chandler rd., \$18,000; Edward Cetlin, Salem st., \$21,500; Alexander Henderson, Marion ave., \$14,000; Charles F. Richmond, Prospect Hill rd., \$15,000; Flather Construction Corp., Suncrest rd., \$15,000; Amos Ozonian, Osgood st., \$15,000; John Philip Enterprises Inc., Wild Rose dr., \$13,500 and one on Holly ter., \$13,500.

New construction was also permitted on application of G. J. Cavallaro, 465 Main st., dwelling foundation, \$1,000; Dargoonian Bros., 22 Blanchard st., plastic greenhouse, \$400; William B. Hayden, 124 High Plain rd., garage, \$1,500; and James J. Devine, Essex st., garage, \$7,000.

The value placed on additions and alterations, for which permits were issued during the month, was \$42,000. They included:

G. J. Cavallaro, 498 So. Main st., add roof, \$150; Phillips Academy, Phillips st., interior alterations, \$7,500; Harold A. Haley, 11 Chandler cir., add tool shed, \$250; Chester A. MacMillan, 28 River st., add car port, \$250; Samuel Resnik, Essex st., interior alterations, \$750; Mason F. Arnold, Railroad st., garage alterations, \$1,000; Elander and Swanton Inc., Main st., interior alterations, \$800; Harold Short, Holt rd., add porch and alterations, \$5,000.

Also Jeremiah B. Cronin, 24 Enmore st., close in porch, \$400; Philip K. Ryder, 186 Chestnut st., add bedroom, \$400; Thomas J. Hennessey, 127 Chandler rd., interior and exterior alterations,

\$2,800; Robert Piercy, 41 Gould rd., add dormer, \$400; R. E. Marland, 8 George st., add car port, \$150; Robert T. Fisher, 71 Elm st., add tool shed, \$250; Sacred Heart School, alterations and a boiler stack, \$13,500; Emory Bosford, 31 Holt rd., add tool shed, \$1,000; Wilfred Stone, 24-26 Cuba st., interior alterations, \$450; George B. Westhaver, 37 Railroad st., interior alterations, \$3,000; Ralph Gilman, Lowell st., add dormer and roof, \$2,000; and Samuel Resnik, So. Main st., close in porch, \$1,000.

The building inspector turned over \$546 in fees to the town treasurer for the month.

### BAND PARENTS SEEK FUNDS

(Continued from Page One)

Anthony D'Amore are in charge of securing chaperones to accompany the Band on trips out of town, and it was reported that arm bands are being made for the mothers by members of Mrs. Simeone's class. A banner is also being made for the bus that takes the girls to events outside of Andover.

Mrs. Johanson presided at the meeting, which also heard Mrs. Frank McArdle, head of the music department in the schools, discuss the Association's devotion to the Band.

**LEO DALEY RESIGNS FROM TOWN IDC**  
Leo F. Daley of Morton st. has resigned as a member of the In-

dustrial and Development Commission. His resignation was accepted with regret by the Selectmen. He cited business reasons for the resignation, pointing out that he is away considerably and cannot devote time to the municipal Commission. Mr. Daley expressed his complete sympathy with the aims of the group.
