Verbal Opinion Favors Bridge

It's now probable that High Plain rd. will not be dead-ended by the construction of Route 110 through West Andover.

Town Manager Thomas E. Duff has received a verbal report from an official of the State Department of Public Works, in which the official said the Federal Bureau of Roads looks with favor on the town's request for a bridge.

Mr. Duff also has received copies of an engineering design for the bridge, which indicates that High Plain rd. would be moved slightly, in order to get a better grade for the bridge. Studies of the design, and the various cost factors, are now underway in the state department, Duff indicated.

He told the Selectmen that there has been no guarantee that the project will be undertaken, but the

Maximum Pay Boost Asked

The Andover Teachers' Association has proposed a new salary schedule, with a \$4,300 minimum and \$5,700 maximum.

Members of the Salary Committee of the Association talked to the School Committee Tuesday night, explaining the reasons for suggesting the revised schedule.

They suggest starting new teachers at \$4,300 and giving automatic \$200 increases each year until reaching the maximum at the 12th year.

In addition, the Committee strongly recommended giving a teacher an extra \$300 for a master's degree, whenever it is received.

Other points in the Association's action included adoption of a ratio system for paying administrative personnel, principals and depart-

Work Continues On 1960 Budget

Town Manager Thomas E. Duff plans to have proposed budget figures ready by Dec. 1, as required by the town manager charter.

Already most department heads have submitted their requests to Mr. Duff, who now is studying the figures of all departments.

The charter specifies that the budget be submitted to the Select-

Predicts Andover Win Over Traditional Rival

Andover High's Blue Devils go into Saturday's game at Methuen with the full confidence of Coach Dick Collins that they can take their traditional, annual opponents.

Despite an 0-5-1 record, Collins, joined by most football fans in the community, believes the Blue Devils can take Methuen, with a 3-4 record for the season.

Actually, Collins doesn't believe the team is nearly as bad as the flat record looks - rather, he comments:

"We're as capable as any team we've played. This year, we've more or less broken the ice in the Northeast Conference. Subsequent teams will be able to face any team in the league with confidence, now we know we're not outclassed by them".

Speaking again about the Methuen game, with kickoff scheduled for 2 o'clock at the Highfield Stadium, Collins noted that "anything can happen in a traditional game. You throw the record books out the window when you meet traditional foes".

"They've a good team", he cautioned, "but we're ready".

At stake in the annual game is permanent possession of the Erickson Memorial trophy. Each team has won the trophy three times, and this year the winner gets final possession.

Doorway Contest Set By Garden Club Committee

An event of great local interest is the Christmas Doorway Contest sponsored this year by the Andover Garden Club. Mrs. Milton J. Meyers is chairman of the holiday

contest, assisted by Mrs. Henry Van Zandt, Mrs. J. A. Kyger, Mrs. Richard West and Mrs. Dudley Robinson.

Blue Devils Lost Game At Winthrop

Andover's Blue Devils were badly routed last Saturday at Winthrop, losing their sixth game of the season by a 29-12 score.

The local team has tied a game, at Newburyport, and lost the other six games on the Northeast Conference schedule. Remaining are games with Methuen next Saturday at Methuen, and with North Andover at the Playhouse Thanksgiving morning.

Fred Allen was the Blue Devil's offensive standout, with a brilliant 90-yard kickoff return for the team's first TD. The second score came in the closing minutes of the game, when Brock carried from the one, following a blocked Winthrop punt deep into their own territory.

VERBAL OPINION FAVORS BRIDGE

(Continued from Page One)

verbal report appeared to be very promising.

Originally, state engineers appearing at the town hall had said the Federal Bureau of Roads would have to be satisfied that a bridge at High Plain rd. would be

desirable, before the state could undertake the project.

Town officials and boards had protested the dead-ending, claiming that a wide area of good residential possibilities would be cut off from reasonable access to the rest of the town.

State engineers, agreeing that a section would be rather isolated, had claimed that the cost estimates were so high it seemed sensible to eliminate the bridge, even at the inconvenience to residents and the town.

One other area of disagreement between the state and the town, the isolation of McKenney cir., has been settled. The state has agreed to install an access road that will allow residents of the circle to get into Andover without driving into Lawrence first.

Although there has been some discussion in recent months about the extent of federal participation in the road-building programs, and a possible slow down, the state has announced plans to go ahead with Route 110.

Sections of that major highway will be advertised early in the winter, and it is expected that construction could begin whenever the weather permits next spring. That work will take the road to its intersection with Route 93, and would thus include the High Plain rd. section.

It's difficult to get things worth having without hard work.

men and Finance Committee Dec. 1, along with estimates how much will be needed to complete the year, what income is expected from various sources and an estimate of the tax rate the manager's proposals accepted at town meeting.

One of the factors influencing the tax rate this year, according to Mr. Duff, is the state-established minimum salaries for teachers. This requirement — to pay \$4,000 minimum — could increase the school budget by over \$120,000. And if the Committee chooses to retain its policy of paying more than the minimum, then the total all increase could be twice as much.

A survey of area wages in comparison with the salaries of town personnel, is also being conducted by the Personnel Board. Mr. Duff said it is desired to see the town in its competitive position so that employees are not attracted to other jobs.

Whether or not the \$25 tax rate can be maintained is an open question. The town manager has planned that a "stable" tax rate is the goal — but he felt that it is too early to predict with any certainty what the rate might be for 1960.

ment heads. This would establish an automatic means for the salaries to increase, the Committee felt, which would be to these persons. Under a merit system, the administrative personnel and others under it receive designated percentage of the maximum salary for a teacher with a bachelor's degree, running slightly over 100 percent as necessary. Thus the superintendent might get twice the salary of a teacher at maximum, an assistant might receive 1.5 times that teaching maximum and others might get lesser amounts ranging down towards the maximum. Whenever the maximum is changed, then, these administrators and principals would receive increases.

The teachers also recommend a 10-day sick leave annually with 60-day cumulative leave. Sick leave can now accumulate 40 days.

EDITORIAL THOUGHTS

Restrictions Could Slow Growth

There is a very evident belief in many quarters that "officialdom" is making it so tough for potential developers that the town may not grow nearly as rapidly as forecast during the last couple years.

As we all know, predictions of Andover's growth have indicated a rapid increase in the number of new homes and families — based in large part on the completion of new highways. There had been a belief that hundreds of homes would be constructed, and rather easily sold, just as soon as Route 93 provided easy access to Boston, and that more would be built and sold when Route 110 came through.

We have heard many persons express the opinion recently, however, that this growth may not take place if the town government keeps finding new ways to place restrictions — mostly financial — on the developers. These people base their opinions on the grounds that a developer won't spend more in developing the land than it is possible to pass along to the purchaser. And if the town finds new ways to add to the cost of development, beyond the cost of building the house, then developers will simply by-pass the town.

This probably is good news to some, and bad to others. But we are somewhat concerned with the possible repercussions in the industrial field. Is it not possible for business to gain the impression, from the town's activities in the residential field, that industry would be subjected to increasing restrictions that would make life untenable here? May we not be in the peculiar position of slowing down the residential construction, only to find that this cuts down industrial growth, which is needed?

This possibility should be carefully weighed, before we embark on any new restrictive policies.

Let's not be in the position of supporting an Industrial and Development Commission to gain new industry, while at the same time making it nearly impossible for that body to operate successfully.

Anyone Want To Be Shot?

Each year at this time there are scattered complaints about hunters firing guns too close to houses and roads.

The people who complain are more than justified — for one doesn't like to be in danger of being shot.

The problem is difficult of solution, because hunting is allowed in the town, subject to the usual restrictions on distance.

The opponents of hunting want it banned altogether — this, they say, would once and for all eliminate the hazard. At least the police could then keep all hunters out, not wait to catch one shooting in the wrong area.

Naturally the hunters object to the outright ban. They claim a few hunters are giving them all a bad name — and this probably is very true. Most of the violations are credited to persons from out of town, who don't know the area very well. They simply don't realize that new houses have sprung up in areas that, last year, were good, open hunting territory. And of course some are just careless, caring more for shooting at game than anything else. But by far the majority are careful, conscientious citizens who wish to obey the hunting laws fully.

That's why it is a tough decision — whether to ban all hunting or to try to continue enforcing existing regulations. Anyone who has had bird shot spatter around him probably feels strongly for closing the town to all hunting — but the hunters, as citizens, also have some rights to enjoy their hobby, as long as it is done legally.

Revision Of Qualifications

Last week in this space we commented on the division of opinion that exists in the School Committee as to the members' responsibilities — whether they should handle the administrative and business policies only; or whether the Committee should delve into and make policies about the academic operations of the schools. One school of thought believes this is better left to the professional persons hired by the Committee, receiving reports from time to time for informative purposes only.

This cleavage of opinion is deep, and not easily resolved.

And it brings up the question of qualifications for membership on the Board. . . a matter the voters can decide in March.

For it seems obvious that if the Board itself is to set educational policy, then the qualifications we ordinarily

think of in terms of the School Committee need to be revised somewhat.

In this event, we should think about electing persons with an excellent background in education, men and women whose training and experience has been in this field. For it is too much to expect a person, no matter how well trained in other fields, to automatically become an expert in the educational field simply by reason of obtaining more votes than someone else.

This is a field for persons with training and experience — and maybe that's what we should demand of potential candidates in the future. Or, perhaps the candidates should be examined for their skills in business and administration, if those are to be the prime responsibilities of the Board. This is a major question, one that should be answered clearly so that all the voters will know what the responsibilities are. Only then can they judge the various qualifications presented by the candidates.

The new gas tank on Railroad st. has been completed.

Miss Ernestine Sehrens has been visiting in the home of her brother in Providence, R.I.

Work is progressing rapidly on the two-tenement house being built by J.P. Hannon on Florence st.

A new store has been opened on Barnard st. by L. and E. Elliott.

A second edition of "The Deserted Farmhouse and Other Poems", by the Rev. Varnum Lincoln, has just been published.

Five new Chinese students have just entered Phillips Academy. They are part of a delegation of students sent to this country by the Chinese government from the Boer Indemnity funds returned to that country by the United States.

25 Years Ago — November, 1934

Louis S. Finger, formerly with the Andover National Bank and more recently vice president and cashier of the First and Ocean National Bank in Newburyport, will return here soon to become the assistant treasurer of the Andover Savings Bank.

The School Building Committee will call for bids soon on the new buildings. It is reported that the Committee plans to seek bids on a smaller gymnasium as one way of cutting down the costs.

A Lawrence man has been held for grand jury action by the District Court, on charges of manslaughter and operating to endanger. He was charged by Andover police, after a fatal accident on North Main st. Nov. 10.

The seventh auto fatality of the year has been recorded, following the death Saturday night of a Boston man injured in a crash a week ago on the Reading rd. The operator of the car, in which the man was a passenger, is being charged with manslaughter by police. The car is reported to have crashed into the rear of a 10-ton truck.

The Selectmen will henceforth regulate the use of denatured alcohol, instead of the Board of Health. Licenses to garages where the material is used will be issued soon.

10 Years Ago — November, 1949

The Andover Council of Churches has written to the School Com-

mittee, condemning the selling of chances by school children on school premises. The resolution adopted by the Council suggested that this sort of activity promotes gambling, and encourages other types of gambling. The School Committee voted to acknowledge the communication and file it.

Methuen stopped the long Punchard winning streak, 12-5, in a thrill-packed game on the holiday. Both teams played a hard game.

Phillips Academy swamped Exeter, 34-21, in the 59th annual game, played this year at Exeter.

A Ballardvale woman has been taken to the Lawrence General Hospital, where her condition is poor. She was the victim of gas fumes from a stove. A delivery man reported smelling heavy gas fumes, and the fire department responded.

Two Lawrence hunters face loss of their licenses, after police apprehended them hunting within 500 feet of a house at the upper end of Summer st. Many complaints have been received from women in that area about hunters firing their guns too close to houses. The names of the hunters were sent to the game warden for this area with the suggestion the licenses be revoked.

DECEMBER

1 Next meeting of the Great Books Group, 7:45 p.m.

Littlest Listeners

The Robins group of Littlest Listeners will have its usual story hour Wednesday morning Nov. 25, at the library, at 10 o'clock. Mothers are reminded that both Robins and the Cardinals groups are closed to new members. How-

ever, newcomers with children who have passed a third birthday may add their names to a waiting list, in case there are dropouts as the winter progresses. By that point beyond which the program for the little people would be difficult to carry out, due to lack of space in the children's room.

Ballardvale little people will meet Thursday morning, Nov. 19, as usual, in the branch library, at 10 o'clock. This group is small enough to add new members who live in the Ballardvale area of town.

Story Hour

Tuesday afternoon, Nov. 24, at 3:35 o'clock, there will be another of the hour-long story telling programs in the library. All boys and girls are welcome to attend and are reminded to tell parents the story hours always require the full length of time, in case parents wish to pick up children at the ward.

The stories to be told will be about children of long ago, and the long continued story of "On The Oregon" will cover part three.

Library Closed

For Thanksgiving
The main library and the Ballardvale branch will be closed on Thursday, Nov. 25. Friday the branch library will be open from 2-5, and from 5-8 p.m.

Films Available

The following films will be available on the dates indicated for the use of groups in the community. The library will loan its equipment for the showing of the films; those who borrow it are expected to make use of the trained projectionist, however. Until Nov. 20, Dangerous River, color, 17 minutes — shows an expedition of archaeologists exploring Big Horn River, searching for relics and fossils; Nov. 23-Dec. 4, Anger At Work, 27 minutes — an interesting film for those who wish to learn techniques by which others have handled anger, resentment and frustration; Nov. 30-Dec. 4, Peace Is All, 50 minutes; Dec. 1-31, On Road, color; Dec. 5-31, three Canadian films, Big Country, Big Fish, 14 minutes, Citadel City, 22 minutes and Highway North, 19 minutes. From Dec. 27 through Jan. 3, there will be a film of particular interest to students in a ballet. In the 25 minute film "Steps Of The Ballet" the viewer sees how a ballet is created, the basic positions, movements, etc. are shown.

All who plan to make use of films are urged to make reservations early to avoid disappointment. Program chairmen are invited to pick up a complete catalog of the films for this year's 1959-1960 season.

For The Arm-chair Traveler

Among the fall books there is a title "South From Toulouse" by Andrew Shirley, which should appeal strongly to the stay-at-home who must content himself with travel through the printed page. From Toulouse, the ancestral home of the artist Toulouse-Lautrec, the author carries the reader along through Huguenot battlefields, medieval chateaux, and the great underground caves at Foix, where rivers run from unknown sources. It includes many details of interest to art students, lovers of history, culinary experts who will be amused at the menu served at a king in the 17th century, and readers who enjoy a personal style of writing and faithful use of color and poetry.

Prospective travelers to this fascinating region will find much practical information given by Mr. Shirley in his leisurely jaunt over Southern France. The book has been purchased by the Memorial Hall Library and may be reserved for home use.

ENROLLED AT WENTWORTH

John Knox Hill Jr., Walnut ave., is registered at Wentworth Institute Evening School in Boston, which trains industrial and engineering technicians, according to an announcement by H. Russell Beatty.

The largest student body in Wentworth's history is registered for evening school courses which include an Associate in Engineering degree, certificate and credit card programs.

National Defense was discussed at the monthly meeting of the Priscilla Abbot chapter, D.A.R., held Nov. 10 at the home of Mrs. Joseph Smethurst on Cerne dr.

The state officer who was scheduled to speak was unable to attend, so several members brought articles on the subject and the discussion which followed was especially interesting. Questions about the Russian situation, Red China's attitude toward submarine warfare, nuclear weapons, and the threat of bombs which might survive bombing, were discussed and different opinions offered.

DAR Members Discussed Defense

National Defense was discussed at the monthly meeting of the Priscilla Abbot chapter, N.S.D.A.R., held Nov. 10 at the home of Mrs. Joseph Smethurst on Lucerne dr.

The state officer who was scheduled to speak was unable to attend, so several members brought articles on the subject and the discussion which followed was especially interesting. Questions about the Russian situation, Red China's affairs, submarine warfare, nuclear weapons, and the threat of bombs and their effect on later generations, which might survive bombing, were told about and different opinions offered.

Articles were read by the vice regent, Mrs. Edwin Otto; past regents, Mrs. Roland Weeks and

Mrs. Leo O'Connor; the regent, Mrs. Frank Hayes; the chaplain, Mrs. Roland Glines; Mrs. Ernest C. Edmands and Mrs. William Trow. A most enlightening article on the situation by a student at Kate Duncan Smith school in Alabama, one of the approved schools sponsored by the D.A.R., was read to the group.

The meeting opened at 2 o'clock with dessert being served by the hostess and Mrs. Arthur Reeves. The regent, Mrs. Hayes, opened the business session, and patriotic exercises and prayer were led by the chaplain, Mrs. Glines. The secretary's and treasurer's reports were read and approved, and the National President's message on Thanksgiving was read by the regent. Several items of business were acted upon, after which the meeting was open for the discussion.

The next meeting will be held

Dec. 8 at the home of the regent, Mrs. Frank Hayes on Shipman rd.

Removed Signs That Violated By-Laws

Building Inspector Ernest P. Hall is still on the look-out for advertising signs that violate the restrictions of the town by-laws.

He said several firms had removed their signs, after receiving a warning that they must come down. And he personally removed three signs when the owners failed to take them down after the warning. The owners retrieved the

offending signs at the police station, Hall said.

Suspended Sentence For Larceny

An Andover man, John H. Bazarian, 29, 5 Cuba st., was fined

\$50 in Lawrence District Court Monday, for interfering with a state police officer in the performance of his duties.

He also was charged with larceny by false pretenses, and received a three-month sentence in the house of correction, suspended, providing restitution is made.

Sgt. Robert V. Deyernmond testified that Bazarian admitted passing a check for \$35.25 at a variety store owned by Chickery Zarzour,

Tel. MURdock 2-9735

51 Essex st., Nov. 10 to buy food. Deyernmond said the man had passed four checks by giving fictitious names, all for a total of \$150.

State Trooper Arthur W. Morrison testified that he went to the Bazarian residence with Andover Officers Warren Maddox and Hector Pattulo on the night of Nov. 12 to serve a warrant issued by the Woburn District Court on a charge of operating without a license. The trooper said he was pushed backwards over a chair, hurting his back; and he said Bazarian had to be handcuffed to get him out of the house. Officer Maddox testified to the same set of circumstances at the home, and said the defendant stated "You had better get your gun out, because you will have to shoot me".

The defendant testified that he asked to see the warrant and was told this didn't have to be shown. He said his wife was pushed in some manner and that he became excited and shoved the trooper. He denied taking the trooper by the throat and said he didn't mean to hurt anyone or put up a fight. He also agreed that neither Morrison nor Maddox struck him at any time.

Sign Request Goes To Planning Board

A request from the Reichhold Chemical Co. in Lowell Junction to erect a sign on their own land identifying the firm has been referred to the Planning Board.

The request came before the Selectmen, but Town Counsel Fredric S. O'Brien ruled that the area is within the Lowell Junction Industrial District. The by-laws specify that signs within that area must be approved by the Planning Board.

Thus the Selectmen gave their approval, based on final action by the planning agency.

DOORWAY CONTEST BY GARDEN CLUB

(Continued from Page One)
All residents of Andover whether they are members of the Garden Club or not, are welcome to join the contest. They may register by calling any of the above-named committee members.

They will then be sent an entry blank to be filled out and returned to Mrs. Meyers. All registrations will close by Dec. 14 so Mrs. Meyers urges that interested persons call her on or before that date as soon as possible.

Judging will take place Monday, Dec. 21. There will be two judging — one for non-member doorways and one for members of the Garden Club. Ribbons will be awarded by out-of-town judges for first, second and third prizes and for honorable mention in each class.

The doorway decoration must be in suitable design to the type of house. The design must be creative and executed by the exhibitor and must incorporate plant material not on the conservation list; this does not exclude laurel roping raised specifically for decorative use.

The judges will pay particular attention to the originality of the design and suitability of the design to the architecture of the houses.

It is hoped that Andover's doorways, always outstanding at the festive holiday season, will provide an especial note of color and gaiety and charm this year.

Prepare For Winter Weather

Winter preparations are in progress in the highway department.

Town Manager Thomas L. said this week that said work will soon be put out, and annual symptoms of approaching bad weather will be observed.

Sand, for one item, is being piled in readiness for the first blizzard weather.

He said the department, if weather permits, will start the work of widening a section of the rd., in order to straighten out the curve.

The bad curve on Webster has been corrected, he said, with the installation of a curb and widening the road at the corner. Gravel has been put on the curb, and is being allowed to settle, he continued.

LONG DISTANCE TELEPHONE RATES REDUCED!

Once again, rates have been reduced on Long Distance station-to-station telephone calls. Rates for all such calls which travel over 675 miles have been cut — some by as much as 25 cents, for the initial three-minute period. And there are reductions in many overtime charges.

FOR INSTANCE, the three-minute rate from Boston to any point in California is only \$1.75, station-to-station, nights after six o'clock and Sundays.

Team Piled Up Perfect Record

The "Feeder System", by which high school football teams start off with a number of experienced players from the junior high teams, should be paying off handsomely in years to come.

This may be specially true, if the members of Dick Sterndale's team continue in the game and

improve as they grow older.

For in the season just completed, Sterndale's team won all seven of its games and scored an average of 21.4 points per game. Defensively the team was great, allowing only 30 points to be scored by all seven opponents. The starting team allowed only one TD to be scored against it all year.

Left halfback Jim Clarke was the team's leading scorer with eight touchdowns and six points after for a total of 54. Captain Ralph Dockray scored an even 50 points on seven touchdowns and eight points after. Greg Brucato was third with 24 points and Ray Fortune tallied 14.

During the season Andover's highest point total was a 39-0 win over the Brooks School and their low for the season was 12-0 over Marblehead.

The starting eleven was comprised of the following boys: Early le; Shaw lt; Yancy lg; Ellis ct; Demers and Seero lg; Jackson rt; Williams re; Brucato qb; Clarke

Allow Transfer Of Ownership

The Selectmen have voted to approve a transfer of ownership of Deady's Inc., a package store, from Mrs. Deady to Mr. and Mrs. John Troianello, who operate Johnny's Supermarket on Park Street.

But before making the transfer, official, members of the Board expressed their regret that it was to be done.

The move was a formal one following last week's decision to approve transfer of the location's place of business from Boston rd. to the superstore. This came after a letter from the Alcoholic Beverage Commission urged the affirmative action.

Counsel Fredric S. O'Brien told the Board that, if the transfer was vetoed, the ABC would sue it anyway after another hearing.

When the second step in the transfer came up Monday night, there was considerable opposition against it. But the town selectmen members the only criteria which the Board could act upon was the personal integrity and business of the applicants — and he felt that, if the transfer of ownership was denied, it would be close to indicating that Mrs. Troianello was unfit to be the business. On these points the Board voted its approval.

Member Edward P. Hall said he regretted having voted last week to approve the transfer of the business location, and other members said they wished now that they had allowed the state to vote on the local Board. Only James D. Wilson and Eugene Bernardin Jr. voted against the proposal last week, although five members were present against it originally. Following that first vote, an appeal to the state was taken, with the appeal letter recommending in favor of allowing the transfers.

Last week, the three members favored the step expressed disagreement with it, but they might as well vote against it to avoid being overruled later. At Monday's discussion, Hall again explained that this is a new license, merely a transfer of stock ownership of the corporation which owns the license. Some members felt that the move had prevented the Selectmen from issuing a new license to a local resident — and it was stated that several residents are on a waiting list if additional licenses are ever allowed. It has been assumed that there may be additional licenses when the 1960 census is reported.

Mrs. Shields Bishop of Salem, N. Y. spent last week with Mr. and Mrs. Samuel Bishop, 239 Andover st., Ballardvale.

Deliver 6,000 Seals To Local Residents

Over 5,000 Christmas Seal letters were delivered to Andover homes this week, as the annual drive for funds to aid in the prevention of tuberculosis began.

Mrs. J. Keith Jones, chairman of the local Seal Sale Committee, announced the start of the traditional holiday-time sale.

The committee took an active part in preparations for the sale, going to the Beverly office of the Essex County Health Association to fill the envelopes which they had addressed to local families. Taking part in the activity were Miss Louise Kelsey, Miss Helen Eaton, Mrs. Elbert Weaver, Mrs. M. M. Jones, Mrs. William Schmidt, Mrs. J. A. Word, Mrs. E. R. Taylor, Mrs. L. F. Colpitts, Mrs. William Trow and Mrs. Carl Elander.

The Essex County Health Association gets its sole income from the sale of Seals, according to Mrs. Jones. Its program includes chest x-rays, tuberculin testing in the schools, health education and rehabilitation work with former and present patients at the Essex County Sanatorium.

Basketball Lg. Meeting Tuesday

An important meeting of those concerned with the Church Basketball League will be held Tuesday evening, Nov. 24, at 7:30 in the West Parish Church Fellowship Hall.

All churches which plan to be included in the League are asked to send their representatives. Coaches must be able to report the number of teams from their churches, so that a schedule can be drawn up.

William Stewart will preside at the business meeting, during which a report from the Nominating Committee will be heard.

Legal Snarls Over Parking

Legal roadblocks have temporarily impeded the progress of Andover merchants, as they seek to sign a contract for construction of the off-street parking area to the west of Main st.

Chairman of the Board of Trade committee, W. Rodney Hill, appeared at the Selectmen's meeting Monday night, and reported that his group is ready to sign the contract with Yemma Bros., a firm now doing work at Merrimack College. There had been an original agreement with the town that municipal funds to the tune of \$12,500 will be spent on this project, while the merchants pay at least the same amount and perhaps more.

However, Town Counsel Fredric S. O'Brien emphatically reminded the Selectmen that a number of legal snarls have not been untangled, and that no lease is available for the town to sign.

He suggested that many details - mostly legal - need to be

worked out, and that the terms of any lease then must be studied carefully by the Board before any firm agreement can be reached.

Mr. Hill indicated that the contractor would be asked to order the big pipe needed to straighten out Rogers Brook in the area, so that it will be on hand when work can begin. The contractor was notified Tuesday of this decision, and he promised to have the pipe on hand in a week.

It was indicated Monday night that the legal details may be worked out in that length of time, so that the Selectmen could give their attention to the lease provisions next Monday. However, the town counsel said he couldn't guarantee this, for it depended to some extent on how quickly the Trade Board's attorney could furnish some additional information.

Junior Garden Club Will Elect Officers

The next meeting of the Andover Junior Garden Club will be held Saturday, Nov. 21, at 10:30 a.m. at Memorial Hall Library. In the

absence of Mrs. John Cecill, chairman, the meeting will be conducted by Mrs. Ernest L. Wilkinson, president of the Andover Garden Club.

The morning program includes the annual election of officers, after which the Junior Audubon Club notebooks and pins will be distributed.

Mrs. Charles Baker, well-known lecturer and flower arranger, will demonstrate fruit and vegetable arrangements for the Thanksgiving season. Mrs. Richard Anderson will conduct a class in making Thanksgiving favors.

Mrs. Vincent Stulgis is in charge of refreshments. Mrs. Wilkinson will also be assisted by Mrs. Adeline Wright and Mrs. Walter Curtis.

Mr. and Mrs. Howard Wahlberg and their children, Craig and Pamela of Scotch Plains, N. J. were recently entertained at the

home of Mr. and Mrs. John of High Plain rd.
