4 1/2 Percent Pay Hike Given Town Employees

A 4 1/2 percent wage increase for full time town employees has been approved by Town Manager Thomas E. Duff.

The raises will cost an estimated \$23,467 for the remaining nine months of the year after town meeting.

Broken down, the increase includes about \$3,000 for clerical and custodial help in the schools, whose wages go up at the same rate.

Mr. Duff indicated that the raise will vary from \$175 to \$200 annually, depending on the scale for a specific job.

He told the Board of Selectmen that most recent reports from other communities show a tendency to give larger increases, and he also noted that a Sunday news story commented on a projection of the cost of living, showing it to be increasing by 25 percent in this decade.

Contacted Tuesday, Raymond LaRosa, chairman of the Town Employees' Association Committee said he is "happy about the raise".

LaRosa indicated he will recommend approval of the 4 1/2 percent when the employees meet next Tuesday night at the Legion quarters on Park st.

He, with President Albert Cole Jr. and Robert Deyermond, met with Mr. Duff and have also discussed the subject with the Finance Committee. LaRosa said he found Mr. Duff cooperative and understanding of the employees' problems.

Any legal controversy over whether town meeting or the town manager sets salaries would appear to be ended, with the agreement of both sides that the raise is sufficient. Town Counsel

Many Awards Given Scouts

On Boy Scout Sunday, Feb. 7, the Explorer Scouts of Post 75, the Boy Scouts of Troop 75 and the Cub Scouts of Pack 75 joined together for their annual Communion breakfast. Following Mass, offered by the Rev. James A. Wenzel, O.S.A., and Communion, the Scouts marched in a body to St. Augustine's school hall for their breakfast and the presentation of awards. Over 170 Scouts, Scout Leaders, and parents attended.

The toastmaster, Joseph L. Walsh, president of the Andover Catholic Men's Club, introduced the guests at the head table: Joseph McCarthy, active in Scouting for over 30 years; Frank J. O'Connor, Troop Committee chairman; Mathew Hall Sr., assistant scoutmaster; Alco Taylor, newly appointed neighborhood commis-

Leaving Due To Taxes; Town Refutes Claim

The Hardy Brush Co. may move its business out of Andover, if present plans to sell its real estate on Haverhill st. reach a satisfactory conclusion.

Charles W. Frank, general manager of the company, said this week that the firm can "get no satisfaction" from town officials relative to a reduction in the assessment and ultimate tax bill. And he also cited a long-standing dispute between the firm and the power company as a contributing factor in the decision to sell the land and building.

Other sites, all out of Andover, are being considered for the business.

Cites Assessment

Mr. Frank said the firm's holdings in Shawsheen jumped 217 percent in assessed value as a result of the revaluation in 1957.

Name Change Tempest Brews

A stormy little tempest is stirring in the town's teapot over efforts to change the name of Rattlesnake Hill rd. to Greenleaf rd.

An article to accomplish the change appears in the warrant, sponsored by William Moriarty, a resident of the unaccepted street.

If the voters agree with him, the town will be changing the name of one of the oldest streets in the community, although it never has been officially laid out by the Selectmen nor accepted at a town meeting.

Mr. Moriarty's reasons for wanting the change are two-fold:

He says it is difficult to sell property on the street because people don't like the name; and that the name itself is too long to properly be used on records. This

Mrs. Buehner Heads Nurses

Robert A. Walsh, Red Cross chapter chairman, has announced the appointment of Mrs. William J. Buehner as the new chairman of nursing services.

The position has been unfilled since the resignation of Mrs. Douglas Crockett last summer. Mrs. Buehner will coordinate the several subcommittees now functioning under the following experienced heads: Mrs. Archie Gunn, bloodmobile nursing chairman; Mrs. Douglas Glennie, disaster nursing chairman, and Mrs. Albert Swenson, vice chairman; Mrs. Frederick Eastman, enrollment chairman; and Mrs. Walter Downs, home nursing chairman.

At a tea Monday for Miss Lillian Reiners, area nursing representative, several community projects

were discussed, including a possible home nursing course for the Girl Scouts, and a joint meeting with the civil defense personnel.

To become a Red Cross nurse, a graduate nurse must participate in a Red Cross program such as serving with the bloodmobile, giving emergency care in a disaster, teaching courses, or helping in any Red Cross duties. When she enrolls, she becomes a lifetime member of the national and international Red Cross societies.

CELEBRATES HER 100TH BIRTHDAY

The family also includes a daughter, Dorothy, the wife of William C. Morris, St. Paul's School in Concord, N. H., and the late Alice Hopkins, who was librarian at Simmons College for many years.

Mrs. Hopkins, despite failing eyesight, enjoys nothing more than going out to ride, and has become a familiar figure in many local restaurants, where she frequently dines with her daughter.

Harvard Band Comes Sunday

The Children's Theater shop and the North Andover Parents' League sponsor a family concert by Harvard University Band Sunday Feb. 14. The curtain of the stage will rise at 3 p.m. with Star Spangled Banner, and the Band will continue the concert with a program which covers many numbers especially for children.

Some of the local sponsors are: Mrs. Samuel Rogers, chairman of the Board of Directors of Children's Theater Workshop; Phillip Vigeant, manager of Workshop; and Mrs. Fred McCabe, president of the Parents' League. Subsequent seasons saw the band appearing at the Waldorf Astoria in New York and Symphony in Boston, as well as appearing on the concert stages of numerous other cities in New England and New York State.

The present director of the Band, G. Wright Briggs Jr., '31, has led the Band in 1954, following the untimely death of Mr. Holmes. Mr. Briggs played first clarinet with the band under Leroy Anderson, '29, the Band's first post-war conductor.

Recreation Panel Comes March 8

A special panel discussion on recreation will be held at Central School Auditorium March 8, which may end in the formation of a community council on recreation.

The League of Women Voters is sponsoring the panel, and has invited all organizations in the community to send at least two delegates.

Speakers will include out-of-town experts in the field, and Donald D. Dunn, who is director of physical education in the school system and supervisor of Pomp's Pond.

Mrs. R. M. Cole said the League hopes to stimulate sufficient interest in the problems of recreation, which will lead to the formation of a council to handle community problems of that nature.

Parents To Attend Pre-School Meeting

Parents of children attending Free Church Cooperative Pre-School will have an evening of double activity Wednesday, Feb. 17.

At 7:30 p.m. mothers will attend the second orientation session of the year. Mrs. Thayer Warshaw, teacher, will lead a discussion of growth and behavior patterns established during the school's first semester and brief the mothers, who assist in the classroom, on what can be expected for the second term.

At 8 p.m. fathers of the school's students will meet for a work party to repair and refurbish

equipment. They will be joined later by the women for coffee, refreshments and cleanup.

The communities of Andover and North Andover will work together in the 1960 campaign for support of the WGBH Educational Channel, with Mrs. Saltonstall of No. Andover, Mrs. Theodore C. Burt of Andover, and Philip K. Allen of Lowell as co-chairmen.

It has been pointed out that the total budget of WGBH for the year, \$450,000, is comparable to the cost of one of the big cultural centers. The chairman are that the citizens of Andover and North Andover will support this worthwhile by their contributions.

The communities of Andover and North Andover will work together in the 1960 campaign in support of the WGBH Educational Foundation, with Mrs. Robert Saltonstall of No. Andover and Mrs. Theodore C. Burr of Whittier as serving as local chairmen, it has been announced by John Lowell and Philip K. Allen, campaign co-chairmen.

The community chairmen are organizing a local committee of volunteers to seek support of Channel 2 and WGBH - FM, Boston's non-commercial, educational broadcasting stations. In all, \$250,000 is needed to keep the two stations at peak operating usefulness.

"Every thinking person agrees on the importance of educational broadcasting," the general chairman said. "Channel 2, for example, is not just another television station. It offers programs to inform and programs to expand the boundaries of the mind. Support of WGBH stands in much the same category as support of our schools and colleges - it is an educational institution."

It has been pointed out that the total budget of WGBH for a full year, \$450,000, is comparable to the cost of one of the big spectacles. The chairmen are hopeful that the citizens of Andover and North Andover will substantially support this worthwhile program by their contributions.

Tonight at 7 o'clock, Channel 2 will present a reshewing of "Who's Behind WGBH" - this program has been hailed by critics as one of the finest TV presentations of the year and offers to the viewing public an intimate glimpse of the inside world of TV and the problems and challenges of putting education on the air.

NAME CHANGE TEMPEST BREWS

(Continued from Page One)

results in peculiar abbreviations being used for mail, official records and in directories.

Mrs. Moriarty explained that she believes the name is unbecoming to the street, and results in giving interested purchasers of land and homes a bad impression of the area.

"Some of the people thought it would be a good idea", she related, "and a few real estate people agreed that the name is often found objectionable. They're not apt to build on it, or sell

property on it, they just laugh at it", she went on.

Others Object

Chief objection to the change comes from residents of the community who don't want to see one of the old-time names disappear.

And in addition to that sentimental reason, they note that official records all carry that name now - and that full-scale confusion would develop over land titles and property bounds if the change is voted.

One of Oldest Roads

The road actually was deeded to the town several generations ago, according to Miss Bessie P. Goldsmith. She said one of her great grandparents gave the land to the town in exchange for land to the south of it.

"It's one of the oldest streets in the town", she stated.

And according to Miss Goldsmith, foot and horse travellers used it as a "trail" in getting to Boston, before the turnpike to Reading existed.

Aptly Named

The road comes by its name honestly, because rattlesnakes were killed on the hill. The rattles from one, according to Miss Goldsmith, have been in the possession of Mrs. George Burrige, who formerly lived on Bancroft rd. The rattler had been killed by her brother, Harold Saunders.

Rattlesnake Hill is said to be solid granite, solid enough to resist the push of the mighty glaciers. Scratches from the impact of the glacier have been

visible atop the hill, Miss Goldsmith stated.

She recalled climbing the Hill many times, and still enthuses about the view from its top.

"It's as good a view as that from Holt Hill", she stressed. The Hill top itself used to be covered with a fine stand of pines, she recalls, but these were cut down and erosion has resulted in a barren condition now.

Decision Up To Voters

Whether or not the name is changed rests squarely with the voters who attend town meeting March 12, and solution of one legal question:

If the town never accepted the street, how can the town change its name? Answers to this question presumably will be given at town meeting, according to town officials.

World Day Of Prayer March 4

The United Church Women of Andover are sponsoring a World Day of Prayer at the Free Church March 4, at 8 p.m.

It is interesting to note that in 1919 a day was set in the United States for united prayers for home and foreign missions by the National Council of the Churches of Christ in the U.S.A. By 1957, this day of prayer had spread and was observed in 145 geographical areas abroad and in over 20,000 communities in the United States. This year Christians around the world will be united in a common service of prayer and praise March 4. Services begin on the Tonga Islands where Queen Salote leads her devout subject in prayer and continue throughout the Day, closing with the observance on St. Lawrence Island, Alaska.

Men's Clubs Will Hold Winter Meeting

The annual mid-winter meeting of the Associated Men's Clubs of the Council of Churches will be held Feb. 24 at the South Church.

Supper will be served at 6:30 followed by a discussion of municipal affairs by Town Manager Thomas E. Duff.

William Stewart is chairman, with William Meike serving as co-chairman.

Many Planning To Attend Dinner

Many of the town's residents will join in the celebration of last fall's successful United Fund Campaign at the United Fund Annual Dinner, to be held at the Jewish Community Center, 590 Haverhill st., Lawrence, at 6:30 tonight.

There are to be no speakers and an evening of entertainment has been planned with surprises galore, all of which have been donated. The first scenes of next fall's locally-developed film will also be taken.

TWO-CAR CRASH ON LOWELL STREET

Two cars crashed, and one landed in the ditch, on Lowell st. shortly after 7 p.m. Tuesday night. No one was injured.

Officer Warren Maddox investigated. He said a car driven by Robert J. Assid, 138 High st., No. Andover, started to turn from the east-bound lane, across the street into the Mobil station. A second car, heading west, apparently swerved over into the opposite lane to miss the Assid vehicle. It was not involved in the crash and kept going, police said.

The third car, driven by Everett A. Small, 21 Heswick rd., Brockton, also going east, had to swerve into the left hand lane to miss the second car. He struck the Assid vehicle on the driver's side, hit an upright supporting a highway construction sign, and careened into the ditch on the left hand side of the street. Officers Duncan Cairnie and Raymond Pellerin were at the scene to direct traffic.

EDITORIAL THOUGHTS

Shows Good Faith

The School Committee acted wisely in lopping off a few thousand dollars from its budget, at the suggestion of the Finance Committee.

The amount was \$4,000 and it came from the fuel budget item, which had all the appearances of being "fat".

But from whatever item the reduction came, it made sense to follow the recommendation of the Finance Group.

All over the state, probably across the nation, there is a head-on clash between school committees and other municipal agencies such as the finance committee. And many private citizens are beginning to take sides in this dispute, with the feeling that school committees may be abusing their power to require appropriations.

Thus it can do no harm for the School Committee to indicate that it will cooperate, to the extent of its ability, with the rest of the town in keeping appropriations as low as possible.

Failure to do this would, in our opinion, only further harden the resolution of those who would strip school committees of their authority, and serve no really useful purpose educationally.

Perhaps if there was more cooperation of this sort between school committees and other agencies of government, in all our communities, there would be less argument, less time spent on attempting to define areas of authority, and more emphasis placed on good education.

Issue Begs For Decision

Much is now being said about tennis courts - by proponents of the article that would have two courts constructed and by those who would have a little more study of the problem before final action.

Being against tennis courts, for the direct benefit of the town's younger set, is something like being against motherhood and for sin. After all, where is there a person who doesn't wish to help provide recreation for the young people; who would stand in the way of a project designed to give the community's boys and girls a chance for wholesome recreation?

Thus those who believe that the subject requires further study are sticking their collective necks way out, with the chance that the axe of public opinion may fall sharply.

In this discussion, we see a basic issue that cries for attention. Perhaps it even should be answered before action is taken on tennis courts.

How much recreation should the town provide, and how much of the town's tax dollar should be spent for it?

We'd be better off to decide how far we want to go with recreation, and how much we can spend for it, before we vote on various aspects of a recreation program. Having made up our minds about the extent of the program, we can better discuss its ingredients.

Home Rule Is The Issue

Town Manager Thomas E. Duff's strong stand for continued home rule is admirable.

He has, as news stories in this issue indicate, opposed the civil service request for employees of the Department of Public Works and Cemeteries, and the police officers' minimum wage proposition.

We are not discussing the merits of either of these requests when we commend the manager for stressing the need for home rule. For this is a subject that needs to be stressed continually, in the face of countless bills in the Legislature that would whittle away municipal authority still further.

The manager may be right, or wrong, as far as the end result of his recommendations is concerned, but his reasons for opposing these two requests are valid.

If all towns and cities allow the Legislature to continue setting local policy, in salaries and wages, in job classifications and many other ways, we will have precious little left for the voters to do when they assemble at town meeting.

Thus we wish to publicly congratulate Tom Duff for his forthright defense of home rule. If this has injured any particular cause, espoused by members of town departments, perhaps the defense of home rule is the more important issue, above and beyond the interests of those who seek special consideration via the Legislative route.

Living costs are getting higher and higher, but somehow life seems worth all it costs.

Down the Years with The Townsman

50 Years Ago - February, 1910

The many friends of Laura Petty of Ballardvale were pleased to learn this week of her marriage to Frank Juhlmann, also of the Vale.

Miss Anna Chase has been spending a week with her sister, Mrs. Georgiana Chase in Boston.

The residence of the Late John L. Brewster on Locke st. has been offered for sale.

Lyman Cheever of Chestnut st. saw the first robin of the year Wednesday morning.

Edward H. Berry has announced his candidacy for the post of tree warden.

Among the debates at Punchard on the coming Monday is one by Everett Collins and Charles Bowman vs Annie Platt and Audrey Pike.

It is rumored that a brush factory is to be started shortly in the old mill building on Haverhill st., which has been standing idle for nearly 20 years.

25 Years Ago - February, 1935

If all the articles are approved in the town warrant, the Finance Committee says the tax rate will be \$34.50, as compared to the \$29.68 level predicted if only the FinCom-approved articles are voted. A record \$580,064 is being requested in special articles alone.

The Committee investigating the police department has strongly urged making the department more mobile. The group suggests taking the three officers out of Shawshen; the purchase of a new cruiser; and installation of traffic lights in Shawshen Square. They believe these steps will suffice and that additional manpower will not be needed to patrol the town thoroughly.

A special town meeting has been called for Feb. 25, to consider alternate school plans and probably an appropriation for a portion of the construction. Several alternates were put out to bid recently and the results are now being studied to determine which ones should go to the town meeting for a decision. It has been evident that more money will be needed, ever since the original plans went out to bid and came back well over the appropriation.

One person was injured and 300 cars tied up, when the roads almost literally turned into sheets of ice yesterday afternoon. The big traffic problem occurred on North Main st., with cars tied up from the Hurley Block all the way to the Wood estate. Buses, trucks and cars were stopped at all angles in the road, and some were off the road in the snow banks.

10 Years Ago - February, 1950
A record appropriation is being sought at town meeting, at a total of \$1,282,175. This is \$198,428 more than the total appropriation of a year ago. The Finance Committee has reminded the voters that the expenditure of \$20,000 means about \$1 more on the tax rate.

Phillips Academy trustees have given their approval for the Memorial Gymnasium, and have authorized the Building Committee to call for bids on the project. John M. Kemper, headmaster, announced the trustees' decision, following a meeting last week.

The senior promenade of the class of 1950 at Abbot Academy will be held Saturday evening.

The discoloration appearing in the town water supply in the past couple of weeks is being checked constantly by the Board of Public Works, in cooperation with the state. Nothing harmful has been found in the water supply, according to Board officials, and hydrants are being flushed in an effort to end the unappealing color.

Warren A. Maddox of River rd. has been appointed a permanent police officer by an unanimous vote of the Selectmen. He has been a reserve since March of 1949.

Six more speeders were fined Saturday morning by Trial Justice Richard K. Gordon, when they appeared before him in court.

To Give Out Talent Dollars

"Talent Dollar Sunday" will be observed at the Free Church this Sunday.

All members and friends attending the service will be given two "Talent Dollars". Between then and April 10, each person will have the opportunity to increase his "talents" according to his or her ability to do so.

The purpose of the unique drive by the Church trustees is to eliminate the debt incurred by the renovations and extensions project.

Sunday, April 10, the "Talent Dollars" will be returned at the morning service, John Murray, chairman of the trustees, has expressed the group's hope that members and friends will have abided by the words in St. Matthew, Chap. 25, Verse 22: "Lord, Thou deliverest unto me two talents: behold, I have gained two other talents beside them".

Great Books Discussion Group, 7:45 p.m.

Great Decisions. .1960

The opening meeting for the local group which is forming to discuss American principles and policies will be held at the library Thursday evening, Feb. 11, at 8 o'clock. The series of eight meetings, one a week, will be part of a nation-wide project to alert the people to international issues of importance. Any community with interested persons has been encouraged to set up similar discussions, on a set schedule of topics. A non-partisan fact kit is available to members of the groups, so that all may begin from basic background knowledge of eight major diplomatic questions of today.

At the end of each discussion an opinion ballot will be filled out. These will be tabulated by the World Affairs Council and sent to State Department, our Congressmen and Senators, and to all announced Presidential candidates.

This program is tied in with TV panel discussions; groups may telephone their questions to the panels, depending on which nights they set for their meetings. Among the topics for discussion are "Communist Timetable for 1960," "What Odds?", "Divided Europe - Cooperation or Crisis?", "Red China On The March. What U.S. Action?", etc.

Full information on Andover's group may be obtained at the Memorial Hall Library.

Civil War Roundtable

The Andover Civil War Roundtable meets every third Monday evening at the Memorial Hall Library at 7:45 o'clock. The next meeting is to be Feb. 15. Any person with a serious interest in the war, its campaigns and consequences, is cordially invited to attend.

Story Hour

A special "February Story Hour" will be held at the Memorial Hall Library for all boys and girls Tuesday afternoon, Feb. 16, at 3:35 o'clock. As the name indicates, these programs run for a full hour. Mothers may wish to note this if they plan to call for the children, Miss Margaret Lane, Children's librarian, will tell the following stories to the young people: "Tad Lincoln's Goat", "A Minute-Man", "White Horse Girl and Blue Wind Boy" and "Cupid And Psyche". All boys and girls are welcome to attend.

Nevil Shute

Since the announcement of the death of Nevil Shute, the works of this most popular fiction writer have been in demand by readers who regret that his contributions to their pleasure have come to an end. Many do not realize that his full name was Nevil Shute Norway and that he did not consider himself, professionally, an author. His primary interests in aviation engineering were stronger than his feeling for the novel, yet several fiction best-sellers brought him the prominence that he attained.

Among his books are "Kaituma", "Ordeal", "An Old Captivity", the story of a young Scottish aviator who pilots an archaeologist to Greenland with a flair for fantasy; "Landfall", "Pied Piper", one of his best loved characters being the elderly Englishman who rescues a group of children in wartime. Best known in recent years is his "The Beach", a powerful argument for the folly of nuclear warfare, with world consequence, regardless of the nation to employ it in the beginning.

All titles listed may be borrowed from the Memorial Hall Library.

Great Books Discussion Group

The reading for the next meeting of the Great Books Discussion Group is to be the first two books of Fielding's "History of Tom Jones". The discussion will take place Tuesday evening, Feb. 16, at 7:45 o'clock. All are welcome to attend.

PERSONAL

Mrs. William Wood and Mrs. Robert Trott of Chandler cir. were in Holyoke Monday, where they attended the funeral of a relative.

Tennis Decision Next Monday

A statement of the Recreation Committee's position on a meeting article to spend \$5,000 on tennis courts will probably be forthcoming from a meeting Monday night.

Chairman James Doherty participated this week that his will meet, probably with some of the proponents of the article to decide where to stand on the issue.

Meanwhile, Town Thomas E. Duff has taken a stand - against the article. He urges that further time be given the idea, possibly action next year.

The article was inserted in the town warrant by private citizens and would give the money to the Recreation Committee to spend on construction of courts.

A recent League of Voters survey, with recommendations, pinpoints the need for courts. That organization is to approve the views of its committee on Recreation.

There have been many conflicting stories about the article and who will favor it at the meeting.

The Recreation Committee voted, during the weeks before closing of the warrant, to sponsor it. The members urged private group to do so, however.

The subject has come up for discussion at the Finance Committee meetings, but no announcement of that body's policy on the courts has been made.

School Board Too

When the Recreation Committee meets Monday night the Recreation Committee has asked to invite the School Committee to sit in, for a discussion of possible sites.

Proponents of the courts have emphasized that they do not as of now, where the courts are located. But they feel that could properly be worked out by the Recreation Committee and School officials.

Other details of the location and maintenance of the courts would fall in the hands of the Recreation Committee, they say.

TOWN REFUTES FIRM'S CLAIM

(Continued from Page 1) and the tax bill went up 10 percent.

This, Mr. Frank asserted, is of proportion with other businesses in the community. Despite several meetings, a solution can be found, he stated.

Assessment Was Lower
Much of the problem is attributed to a special, lower assessment on the property when owned by Textron, according to town officials. They indicate the increase would not apply to proportion to present value had the property maintained value prior to revaluation.

Town Manager Thomas and Assessor Bernard F. emphasized their belief that the assessment is fair.

Would Pay Part Of Renewal Costs

The governor has suggested that the state pay half of the cost of these projects, the rest being paid by the community's portion of the total cost. The state government pays two-thirds of its own plan, and the community pays one-third. The governor's plan would make it possible for communities to hasten their renewal projects.

Andover has a tentative plan of \$14,700, with the money eventually released by the state and Finance Agency in New England. Preliminary planning can begin when the funds are released. These plans to be paid for by the government.

If the town then votes to accept the plans and undertake the project, the cost of the plans becomes a part of the overall expense of the project. If not accepted, the town pays nothing.

Building Inspector Ernest Hall attended a conference on the state program, and explained the fund would be administered as is the state assistance program for schools. Part of the money would thus become available at various stages of the program locally.

Mr. Hall said the governor's plan would be of real assistance to Andover because it places the accent on improvement of the business and industrial areas. Andover's project takes its toll on the town's business area. Action presumably will be taken on the governor's plan during the current legislative session.

The state would pay \$100,000 of the town's expenses for an urban renewal project, under a plan proposed by Governor I. Furolo.

Refreshments will be served by the fifth grade mothers, headed by Mrs. Albert Wilde.

4 1/2 PERCENT WAGE INCREASE

(Continued from Page One)

Fredric S. O'Brien had ruled that the manager must set salaries, and town meeting could not legally take action on a percentage increase.

The Association, on the other hand, hired legal counsel to investigate this and, if necessary, carry the debate to the floor of town meeting.

The employees' Association had originally requested a six percent wage increase.

Other increases Mr. Duff has stated that he also intends to provide pay raises for part-time employees, such as the various inspectors.

And some individual jobs will probably be boosted, to meet specific requirements.

Per Pupil Cost Was \$360

It cost the town \$360 for each pupil in the public schools in the 1958-'59 academic year, according to figures prepared by Supt. of Schools Edward L. Erickson.

This figure exceeds the statewide average of \$328, and also is in excess of the average for the grouping into which the community falls, of \$323.

Mr. Erickson explained that still another grouping, that of small communities, shows average per-pupil costs of over \$400. These larger expenditures help to boost the average, he pointed out.

Andover's group is of communities in the same general population classification.

Historical Soc. Open House

Against Extension Of Civil Service

Town Manager Thomas E. Duff is firmly opposed to civil service for DPW and Cemetery department employees.

The question will appear on the ballot March 7, providing a permissive law is signed by the governor in time to permit notification of Town Clerk George Winslow.

Mr. Duff expressed his outright opposition to the measure during and after a Selectmen's meeting Monday night.

He said it is another intrusion of the state into local government, and that the main purpose of civil service - job security - never has been a problem here.

Further, he believes that specific job classifications under civil service might be harmful to the town. Duff explained that unless all the employees were specially cooperative, a man classed as a truck driver could technically refuse to work at other things. This would result in the necessity of hiring more men, resulting in extra expense to the community.

ADULT GROUP WILL HEAR TIMES MAN

The February meeting of the Adult Social Group of Christ Church will be held Feb. 18, starting with a covered dish supper at 6:30.

The chairmen, Mr. and Mrs. Edmund Taylor of Stevens cir., may be contacted for tickets.

Duff Opposes Police Raise

Town Manager Thomas E. Duff is flatly opposed to adoption of permissive legislation to set police officers' wages. A town meeting article is being supported by members of that Department, which would establish a \$4,800 minimum and \$5,500 maximum for officers. It does not set the wages for sergeants or the police chief, however.

"We can best administer our own needs", Duff commented, in emphasizing his objection to adopting this state law. He explained that the situation in every community is different, and can not be subject to one law covering all communities.

"This would take salaries for the Department out of local control", he asserted, "while actually they belong in the hands of the voters at town meeting".

Mr. Duff commented that many of the 19 officers, now at the maximum of \$4,510, would get a \$990 increase if the state law is accepted here. This would be in the range of a 20 percent pay boost. Others, he stated, would get lesser amounts depending on how long they have been in the Department.

The statute calls for starting at \$4,500 but reaching the maximum after three years' service.

In further comment on the article, Mr. Duff said its adoption will throw the salary schedule out of line, and would give rise to feeling that the Fire Department should get equal treatment. He explained that custom locally has been to consider the two departments as a public safety

unit when considering pay raises, rather than separately.

Mr. Duff informed the Selectmen of his feelings Monday night.

The only comment came from Selectman Edward P. Hall, who suggested that many of the fire-fighters and policemen earn outside pay from contractors, anyway. He expressed the feeling that the men "do pretty well" under present conditions.
