Dimlich Case Up To Lawyers

Ben Dimlich's problem with the School Committee, involving tenure as principal of the Junior High, now is in the hands of his attorneys.

Mr. Dimlich, whose case has aroused a storm of protest and indignation throughout the community, said there will be no announcement of any plans until the lawyers are ready to do so.

Meanwhile, it was learned that a Teachers' Association meeting called for this afternoon will consider the case thoroughly.

It has been reported in many circles that faculty morale skidded sharply after the School Committee by a 3-2 vote, failed to elect Mr. Dimlich. However, it isn't known (Continued on Page 21)

Pre-Fab Plant On W.A. Site

A prefabricating plant is planned for a 24-acre site off Brundrett ave. in West Andover.

The acreage was sold by Wilfred J. Robidoux to the North Shore Fabricators - understood to be a subsidiary of the Messina Construction Co. of Brockton.

Mr. Robidoux said the firm plans to put up an office structure first, followed by the prefabricating facility.

It is his understanding that the firm will prefabricate houses at the plant, for use during the outdoor construction season. Interior items, such as kitchen cabinets, will also be part of the prefabricating work, it is believed. (Continued on Page 22)

A nationally-known corporation that owns and operates several golf clubs across the country is vitally interested in developing a 27-hole course in West Andover.

Final details may be settled today or Friday, according to Ralph Kimball, who has handled the real estate problems for the company.

Kimball described the firm as being "of national reputation". It was learned elsewhere that Sammy Sneed, one of the greats in golfing, is one of the individuals involved in the company.

If present plans materialize, a club house valued at about \$750,000 would be constructed. There will be swimming pools, tennis, and other activities designed for youngsters. Nine of the 27 holes would be for women, it was explained.

The proposal, while still tentative in that no signatures have been affixed to agreements, became the (Continued on Page 23)

Merchants Favor Penny Meters

Twenty-two merchants gathered at an early-morning meeting Wednesday, voted unanimously in favor of reverting to penny parking meters.

Their vote will be communicated to Town Manager Thomas E. Duff and the Board of Selectmen.

The Board of Trade meeting was called to get the opinion of the merchants, for the guidance of the Selectmen when they consider this subject at their next meeting.

There had been some discussion of it Monday night, when several Board members said they had been asked by individual merchants to have the meters changed from the present five-cent-only type.

The Board felt that any change back to penny meters should be based, as far as possible, on the wishes of both merchants and customers, so that future changes need not be made. There was some comment about the procedure by which the meters were adapted for nickels, and it was explained that a change now will cost about \$2 per (Continued on Page 23)

Little League Plans Farm Team Meeting

An important meeting of all Little League farm team managers and coaches, and others interested in the "minor league" portion of the program, will be held April 4 in the meeting room of the Bay State Bank on Main st.

The 8 o'clock session will be devoted to planning farm team schedules and assigning responsibilities for the operation of this multi-team activity.

Organization for the Little League has been nearly completed, with the complete schedule of games established.

Opening day will be April 30, with a double header at the Playstead. The season will officially (Continued on Page 23)

OK Bridge At Kenilworth Street

Some 600-800 cars will be using a Bailey Bridge, from the Raytheon parking lot into Kenilworth st., in about three months.

The Selectmen gave permission to Raytheon to install one bridge, to handle traffic that will be northbound when it leaves Kenilworth st., and for incoming traffic early in the morning.

Benjamin Chase explained that a traffic survey indicated that number of cars presently use Kenilworth st., and could more easily be (Continued on Page Two)

The highlight of this year's National Library Week, as observed by the Memorial Hall Library from April 4-9, will be the industrial exhibits to be on view in the upper hall.

The hall will be open to viewers who may discover that industry in Andover is of a wide and varied nature. In the hall the library will arrange a display of the newer books on scientific subjects, all of which may circulate after the week end.

Plans for the week were the outgrowth of a meeting of a citizen's committee, under the chairmanship of Mrs. Alexander Crane. Those who attended were Mrs. Arthur Bliss, Mrs. Linwood Hillton, Mrs. Max Freedman, Mrs. Dudley Fitts, Mrs. Munro Leaf, Miss Eileen Carlson, Miss Miriam Putnam, Dr. Daniel Frishman, (Continued on Page 22)

Party Held For Scott Stevenson

Master Scott Stevenson was six years old Wednesday, March 23, and Saturday, March 26, he held a birthday party from 2 until 4 o'clock at the home of his parents, Mr. and Mrs. Frank Stevenson of Chandler cir. Games were enjoyed by the group of youngsters and prizes were awarded as follows: "Simon says", first prize to Gary Crotch; peanut hunt, first prize, Linda Crotch; pin ball game, first prize to Peter Kayworth; "Pin the tail on the Donkey", first prize to Paul Lanni. Ice Cream and birthday cake were enjoyed. Those present were Gary and Linda Crotch, Peter, Steven and Timmy Kayworth, Paul Lanni, Joey Fredericks, Sharon Coppeta and Scott Stevenson. Mr. and Mrs. William Ore of Shawshen rd. also entertained Scott Wednesday evening at a birthday supper party.

Many At Work In Workshop

PAUL DANTOS

While the cast of the Children's Theater Workshop spring play "Sleeping Beauty" is going into its final week of rehearsals, many other members of the Workshop are working on the countless behind-the-scenes activities of the production. Everything that is used or handled on the stage, called hand

and stage props, are being collected or built by Workshop members. Those working on stage props with Mrs. C. X. Larrabee and Mrs. David Duncan Jr., are Paul Dantos, Jane Axelrod, Peter Chase and Cecily Duncan. Hand props are being collected by Carol Drake, Janina Wojtkun, Denise Walker, Cynthia Zollner and Lorraine Johnson under the direction of Mrs. Sherman Drake and Mrs. Robert Hodges.

Another group is building all the scenery for this three-act children's fantasy. They are Paul Briggs, Jeffrey Brown, Jamie Carmichael, Penelope Cross, Douglas Dodd, Robert Kefferstan, Sarah Larrabee, Ellen Marshall, Linda Palmer, David Robinson, Margaret Warshaw, Pamela Wilson, Abbot Rogers, Reed Majors and Rosemary Jolliffe. Instructing them are Mrs. Hugh Morse and Mrs. William Stevens, assisted by Mrs. Arlie Huff, Mrs. Richard Marshall and Mrs. Stephen Parson.

Another large group is studying all phases of the theater make-up, and many will apply the make-up on members of the cast. Working under the leadership of Mrs. Paul Dantos and Mrs. Harry Loebel assisted by Miss Mabel Marshall are Patricia Goffman, Carol Hill, Judith Kane, Olivia Koravos, Ann Doherty, Barbara Black, Catherine Murphy, Gayle Leighton, Madeline Sarson, Patricia Leary, Linda Urba, Marion Morgan, Katherine Wojtkun, Jenny Ogsbury, Mary Gail Curcio, Susan Stevenson and Susan Kohli.

Sound effects for the play will also be created by Workshop members. Mrs. Brooks Whitehouse and Mrs. J. Allyn Bradford have been meeting with Robert Johnson, Laura Frishman, Christine Loebel, Jeffrey Poore, Carol Dustan and Frederick Jewell to study this phase of theater work.

"Sleeping Beauty" will be presented in the Andover High School auditorium Friday, April 8, at 8:15 and Saturday, April 9, at 3 o'clock. It will be given again in the North Andover High School Saturday, April 16, at 3 p.m. Assisting at the box office are Peter Clark and Frederick Nowell III, of the Workshop. Tickets are being sold by many Workshop members under the supervision of the ticket committee, Mrs. Vincent Stulgis and Mrs. Gilbert Bieger of Andover, and Mrs. John Harriman of North Andover.

routed via the Bailey Bridge.

The structure would be closed to truck traffic, and would not be available for use when the plant is not operating.

Harold Haller and Donald I. Richmond, both residents of the street, attended the meeting.

Haller queried the Selectmen about a traffic survey being undertaken by the state, and also asked about the suggested road from Raytheon, under the railroad tracks,

and out through the new industrial area.

Mr. Chase told the gathering that the Bailey Bridge, when needed no longer, would be taken away, and that all structural work would be removed. The area would be left in a condition similar to that at present, he promised. He also told the Selectmen that the River will be cleaned up when the Bridge goes in, which would be an improvement. He thought that the Bridge would materially help the present traffic conditions on Kenilworth st., and mentioned that the firm would plow the street under the town's direction and control.

Agreeing that an access road would be best for everyone, he told the Selectmen that any plan for this is still in the future and that it could not, in any event, be accomplished swiftly.

It was pointed out that the bridge, a single span, would handle one-way traffic, and that the bottleneck that was the subject of complaint some weeks ago - when two-way traffic was proposed - would not be created.

A helpful factor in the situation will be the state's verbal agreement to make the traffic light at the intersection of North Main, Union and Kenilworth sts. more effective.

In answer to a question during the session, Chairman Eugene A. Bernardin Jr. told Mr. Haller that, even with the bridge installed, he could not see why property would be devalued.

Haller has suggested previously that installation of the bridge would lower property values in the Kenilworth st. neighborhood.

Bernardin made the point, however, that traffic should improve through use of the bridge, and that it appeared that the bridge and immediate area would be maintained in proper condition.

Years ahead in style... that's why Ford is far ahead in sales!

The "bug" bites thousands of people every week. They've been driving high-priced cars year after year. But suddenly they sprout out in 1960 Ford Galaxies, pleased and proud as punch. They're switching to Galaxie because they want that years-ahead Thunderbird look, with a glamour and grace that won't ever wear thin. They want that Thunderbird engine—that Thunderbird eagerness—those undistilled Thunderbird thrills.

They're going for Galaxie because Galaxie gives them—in look and in deed—an elegance denied to all but costlier cars. And Galaxie gives them all this for far less than what they've paid in the past... plus a high resale value! And these selfsame values are crafted into every car we sell—from Thunderbird to new Ford Falcon! Come let us prove it!

MAILING

\$26,528.74 IN CASH

In the mails this week will go 2256 CO-OP checks worth \$26,528.74.

Of this amount, \$23,136.74 is a CASH refund on purchases by our members during 1959. The balance of \$3,392 represents dividends to our 2256 shareholders.

In addition, we are holding \$1,122.82 for possible refunds. This will be paid out as non-members qualify by purchasing one or more shares of stock.

Most of these 2256 share holders live as follows:

- 1754 in Andover
- 120 in North Andover
- 59 in Lawrence
- 27 in Methuen

Obviously, most of this money goes to "local" citizens. We even predict that much of it will be re-invested in the CO-OP's New Expansion Program, at 5% interest.

Brook Construction Likely This Year

Rogers Brook reconstruction may actually be a reality this year, after drawn-out negotiations and administrative problems over the past few years.

Town Manager Thomas E. Duff said the consulting engineers are discussing the easement problem with the town - one of the final steps before specifications can be drawn and sent out to contractors for bidding.

The firm is also finishing the design of the Brook on the upper end, from Whittier to Highland. This section was omitted from the

original plan, but included by vote of the town at the annual meeting.

Mr. Duff foresaw no problems that might interfere with the reconstruction plans this time, following conversations with the state. The town appropriated \$190,000 at the annual session, which will be used with over \$200,000 from the state.

Control of the bidding and construction rests with the state.

Plans Closer To Completion

With the opening this week of three new stores in the Shawsheen Plaza, plans that were announced in January, 1958, came closer to completion.

Albert Schlott made the announcement over two years ago that the former Golden farm would be turned into a shopping center.

After surviving both a regular and then a special town meeting that same year, it was announced that the Elm Farm chain would both occupy the first major store and also build the center.

Elm Farms opened in June of 1959, as did Supreme Cleaners. Work has progressed since that

time, with the addition of Woolworth's, Grant's and Liggett's. Two smaller stores are not yet occupied.

The three stores opened Wednesday - thus officially beginning the newest shopping center in the area.

Managing two of the stores are Andover residents:

Ralph Steadman, a native of Pennsylvania, is manager of the Woolworth store. He has been with the firm for eight years, and formerly managed the Woolworth's on Main st.

Miss Mary Patteruto, also a local resident, will manage Grant's. She has had over 30 years experience with the firm.

Town Insurance Under Study

The town insurance committee is presently studying the over-all insurance program, in an effort to determine whether additional coverage, or varied methods of handling the insurance, are required.

The committee includes representatives of the various agencies, and was formed following the election of the five-member Board of Selectmen in March, 1959.

Lumb Installed As DAV Head

George B. Lumb has been installed as commander of Chapter 18, Disabled American Veterans.

Installing officer was Past Commander Raymond Peilerin.

Cmdr. Lumb spoke of his hopes that the Chapter can expand during the coming year, and outlined plans for the future. He has asked members to be more active in participating in the shaping of legislation affecting veteran's families, relating to the amount of compensation received.

REV. JOHN D. BANKS

The Rev. John D. Banks, minister of the Bethany Congregational Church in Quincy, will speak at the Free Church Lenten Institute April 5 at 7:30.

His topic will be "Church Unity", with a discussion period following.

Refreshments will be served at 8:15 and study groups will meet at 8:30 to review three books from the Laymen's Theological Library. The small group meetings are an optional part of the evening program.

Mr. Banks is a member of the special Committee on Information of the Massachusetts Congregational Conference, for disseminating facts about the merger of the Congregational Christian Churches with the Evangelical and Reformed Church.

Circus Proceeds To Red Cross

A young boy appeared in the Red Cross chapter house last week carrying a bag full of jingling coins which he poured out onto the executive secretary's desk.

When counted, they amounted to \$4.70, the entire proceeds of a circus which he and his friends had planned and carried out for the benefit of the Red Cross. Roger Morse, the 7 1/2 year old son of Mr. and Mrs. Hugh W. Morse of Salem st., had interested his neighboring colleagues Samuel Rogers, Charles Eccles, Timothy Hatch and James Caffrey in the project. And together they had made animals from cardboard boxes, set up games, a lemonade stand, blown up balloons, and by charging a penny for each item, had raised the sum.

The money was gratefully acknowledged by the Red Cross, and in particular, by Edward Romeo, who has recently been appointed the new fund chairman. Mr. Romeo, thus encouraged at the start of his new duties, states that, while the Andover Red Cross is chiefly dependent on the United Fund for its annual expenses, it welcomes gifts and bequests for general endowment, for specific purposes appealing to the donor, and for a future building program. He suggests that those contemplating gifts or bequests confer with the chapter chairman or the executive secretary about Red Cross needs before legal papers are drawn. The legal name of the chapter is "American Red Cross, Andover Chapter", and "located in Andover, Massachusetts" should be added.

Will Perform "The Crucifixion"

The Free Church Passion Sunday service at 10:15 a.m. April 3 will consist of an unusual performance of "The Crucifixion" by John Stainer.

This work has long been a favorite for a Passion Sunday musical service, with soloists

singing the scriptural passages including the words of Jesus, the chorus singing of human reaction and response to the divine sacrifice. In this performance, the scriptural narration will be read from the pulpit in order that an integrated worship service, rather than a concert, be achieved. "The Crucifixion" separates naturally into two sections: the agony in the garden of Gethemane, the seizing

of Jesus, the trial, the march to Calvary, the hanging on the cross, all of which deal with the humanity of Jesus suffering as any man might suffer the pain and death of the body; and the words Jesus spoke while on the Cross in which the divine spirit is expressed.

Between the two sections there will be a meditation by the Rev. J. Allyn Bradford, entitled, "The Inescapable Reality of Christ".

EDITORIAL THOUGHTS

Only One Answer

The town has been in an uproar since Tuesday night, the 22nd of March, when a majority of the School Committee voted not to retain Junior High School Principal Benjamin F. Dimlich in that position.

Many residents, and the newspapers, were immediately critical of the Committee for going into an alleged executive session, while allowing townspeople to remain in the meeting. Since then, there has been at least one legal opinion that this is not a legal procedure under the statutes of the Commonwealth — known better as the "open meeting" law.

Most of those who read this newspaper know our feelings about this amazing Committee decision and it appears that most share our belief that it made a mockery of the Committee's announced purpose of "protecting" Mr. Dimlich's reputation.

But exclusion of the press is only one of the issues at stake here.

Perhaps the most important is Ben Dimlich, himself.

Quite apart from any legal interpretations as to whether a hearing is required, he deserves one, to which any resident may address pertinent remarks.

By their handling of this situation, members of the School Committee created a public issue, which must now be heard publicly.

If it is not, the impression will always linger that fairness to an individual was of little concern to the Committee majority.

Residents of the community have a lot at stake in the school system. They have a right to know the facts — which can only be established by a public hearing, when both sides of this story can be told. We urge the School Board to initiate such a hearing immediately.

Year Of Construction

A year of construction is ahead, when there will be hardly a section of town that is not in some way affected by major public works projects.

Shawsheen will have its water construction; sewer trunk lines must be installed from Riverina rd. to Essex st.; Rogers Brook reconstruction appears definite; Haggitt's Pond will be the site of dam installations; and the state will continue highway construction unabated, particularly on the new route 110 through West Andover and down to North Main st.

All in all, this will be one of the busiest summers in years for those concerned with outdoor construction of this type.

Residents of the community may occasionally feel inconvenienced by torn up streets, detours, and other normal side effects of this work.

But we hope they'll be sufficiently happy with the prospect of better services to endure the nuisances without too much complaint.

Visit Your Library

We heartily recommend a visit to the Library during the celebration of National Library Week.

Many interesting displays are planned — providing an interesting opportunity to become further acquainted with the Library and with the community as well.

A Library such as Andover's is a priceless asset. We salute it — and the men and women who make it the fine institution that it is.

It's next to impossible for a man to retrace his steps when he doesn't know which direction he is headed

Many people burn the candle at both ends in an attempt to throw light on the subject.

Movies And Story Hours

Ballardvale and Andover boys and girls will have their usual movie and story programs next week at the main library and in the branch in Ballardvale. Monday, April 4, Ballardvale young people will meet at 4 p.m. in their room for the movies "Goose and Gander" and "Life On A Dead Tree", with a story "Onion John". The following day, Andover boys and girls will have the same program in the Memorial Hall Library but their program will begin at 3:35 p.m. Both programs will run for a full hour.

Great Decisions - 1960

The eighth and last in the series of discussions on American Foreign policy will be held in the library Thursday evening, April 7 at 8 p.m. by the local group of participants in the national project "Great Decisions - 1960" Subject for discussion will be "U. S. Global Strategy . . . What Outlook in 1960?"

Cardinals To Meet

The Cardinal group of Littlest Listeners will have their story hour at 10 a.m. Wednesday, April 6. This is one of the most interesting days of the entire year for the little people, as they will help prepare the room for Easter by coloring blown eggs.

It's That Year

Once more your government is counting noses and asks the cooperation of all citizens in helping draw an accurate picture of the way the country has changed since the last census in 1950. In April the United States Bureau of the Census will make its 18th nationwide population count since 1790, when the series was inaugurated. Over 160,000 census takers will share in the overwhelming job of visiting about 55 million households. Each will collect information concerning about 1,100 people.

This year a questionnaire will be mailed to each household about a week or so before the census taker will visit. If each family completes the information requested before the visit it will be a great aid in the work. A sample copy of the questionnaire is on display in the Memorial Hall Library, with a display of books that will provide much information to anyone interested.

At the last meeting of the Abbot Academy Club, Miss Mary Byers Smith was elected president for the ensuing term.

Among those who took part in the Grand Sacred Concert held in the Lawrence City Hall last Sunday evening were Arthur Bliss Jr., drum and R. E. Hutchinson, tuba. Andrew Basso is intending to move his fruit stand into the store recently vacated by Omar P. Chase. The front will be changed to one big window, with the door on the left.

George Napier has entered the employ of Herbert F. Chase.

Passengers who have been travelling back and forth on, for this time of year, the over-heated trolley, welcomed the open cars which appeared a few days ago.

Mrs. Horace H. Tyer and daughter, Miss Frances Tyer, are intending to sail for Europe that last week in April, where they will spend considerable time in travelling.

25 Years Ago - March, 1935

A petition for another special town meeting is being circulated. This one seeks to compel the building committee to use metal trim and wood blocks in the construction of the gymnasium floor. When town meeting acted on the appropriation for the new school buildings, there was some confusion over the use of these two items.

A two-platoon system has been inaugurated at the Ballardvale engine house, following a public hearing in the town hall with over 75 persons on hand. The Selectmen have directed that two men be transferred from the Central station to the Vale.

The second fatal accident of the year in Shawsheen happened on Union st. Saturday morning. A seven-year-old Binney st. youngster was struck by a car and died early Monday morning in the hospital. Police said the youngster apparently darted out from the side of the street, where a parked truck partially blocked a driver's view.

say that the associations I've had with Mr. Dimlich over the years were always friendly. We have had our misunderstandings, but there was always a mutual respect for the other's point of view.

"Mr. Dimlich has had a hard row to hoe. No other man has been more honest or more interested or more understanding about school matters. His attitude toward the personnel and the student body was always gentlemanly. The published lists of the honors won by students of all grades in the Junior High School compares favorably with the record under any previous principal in the history of the system. In fact, it compares favorably with any school in the state.

"Just what are the duties of the principal? Being a layman, I can't give you the answer. But this I know: Mr. Dimlich kept a good school. The present system is a difficult one - a two-building Junior High School makes administration rather troublesome. To see the transfer of some 500 students several times a day from one building to another is a sight to behold. "There are opportunities at this

Selectmen last Monday afternoon,

10 Years Ago - March, 1950

The School Committee enunciated a new policy at a special meeting Tuesday night, by voting to have a single principal for the senior and junior high schools. The Committee voted to have teaching sub-masters in both schools, with the principal having supervision over both. Charles Gregory was named sub-master of the High School, where he has been acting principal during Mr. Lovely's absence. Benjamin F. Dimlich was appointed assistant at the Junior High, where he has been acting principal since the resignation of Milton H. Nelson. The Board has agreed to ask for applications for the principalship.

The annual census starts April 1, with a team of 14 persons covering the town.

The fourth annual Scout-O-Ral will be held at the Case Memorial Cafe, Phillips Academy, starting Saturday at 1:30.

The minstrel show to be presented April 18 in Memorial Auditorium, under the sponsorship of the Andover Male Choir and the Square and Compass Club, promises to be one of the best ever seen here. J. Everett Collins is director and Philip K. Allen, interlocutor.

The Andover Service Club has agreed to take over the responsibility for the Visting Nurse Association for a year. The Red Cross no longer can handle the service, which might become part of the Community Chest after another year's operation.

The Selectmen have ordered strict enforcement of traffic regulations, with a no-fix policy. They have directed the police department to maintain a rigid patrol from Hidden rd. to Union st. to cut down all types of violations.

Two local girls have been appointed cadet teachers by the School Committee, under the new policy that allows teachers with no experience to work in the local schools. Formerly, two years' experience were required.

time for happenings beyond the control of any one person. How can one man handle the mental acrobatics of 500 students. This more or less is asking too much.

"I may say Mr. Dimlich never had any disorder to amount to anything in the Junior High. He has had everything under control at all times.

"Now what can be wrong with this man, properly educated in the Andover system, a college graduate, who has spent his entire working years in education? He is a family man, a family that has deep roots in the Town of Andover. And above all he is a good citizen.

"Therefore, why this confusion, consternation and condemnation that the School Committee has given the citizens of Andover, making them wonder what's going on?

"Is it too much to ask the School Committee to do three things: 1. clear up the confusion; 2. allow the consternation; 3. as long as you have found Mr. Dimlich guilty, state of what he is guilty.

"Then prove it beyond all doubt." Robert V. Deyermann

Taking French Lessons Via TV

If the children of Grade Four at St. Augustine's School are greeting their parents and friends with "Bon Jour" these days, it is because they are putting into practice what they have been learning via the television set that was presented to the School by their pastor, Very Rev.

Henry B. Smith, O.S.A.

These children are participating in an Elementary Course in conversational French which is televised weekly by "The 21 inch Classroom", a program of WGBH-TV, Greater Boston's Educational Station. The pupils are thus acquiring the basic skills of listening and speaking in a foreign language. As a follow up, Miss Moore, head of the elementary french department program, visited the classroom and found the children very enthusiastic and enjoying the thrill of conversing in a foreign language.

These TV Lessons are built around the interests of the age group and include real life dialogues, games, songs and other activities.

Alfred Webb Is Men's Group Head

The Ballard Vale United Church Men's Club met last Thursday evening in the Boy Scout room and elected the following officers: president, Alfred Webb; vice president, James Butler and secretary-treasurer, James MacLeod.

Donald Dunn, director of physical education and athletics in the Andover Public Schools, addressed the members. He spoke briefly on the need for expanded recreation facilities for the town. A sports film was also shown.

Public Invited To Piano Recital

A piano recital will be given by Kenneth Wolf this Friday evening, April 1, at 8:15 at George Washington Hall, Phillips Academy.

Mr. Wolf is giving piano recitals in the New England area in preparation for his entry into the Queen Elizabeth Music Competition this spring, which will be held in Belgium.

A child prodigy, he was born in Cleveland, Ohio in 1931. He started his career in music, then later changed to medicine. After becoming a practicing physician he returned to his study of music. He is a graduate of Yale, where he studied composition with Paul Hindemith, and piano with Bruce Simmonds. He has continued piano studies with Arthur Schnabel and Rosina Lhevinne. He made his New York debut in Town Hall in 1949. The program will include works

by Beethoven, Schubert, Brahms, Franck, Bach, Liszt, Chopin and Debussy.

The public is cordially invited and there will be no admission charge.

**Special Exhibit
Of Industry**

An exhibit of products manufactured in Andover will occupy the second floor of the Memorial Hall Library next week from Monday through Saturday, the first such industrial display since 1946.

Most Andover residents, the library believes, will be surprised at the number and variety of goods produced in the town, ranging from boiler compounds and transformers to Hawk missiles (a moving model of the missile will be shown). Since there has been so much recent talk about the necessity of new industries for Andover, the Library is taking the opportunity of

National Library Week to dramatize the present industrial picture, and, at the same time, to advertise its valuable and growing collection of books useful to the businessman.

Zoning maps and literature lent by the Planning Board, the Development and Industrial Commission, and the Champy Construction Company will show the present and probable future sites of industry.

Andover industries, which are cooperating to prepare and lend the exhibits, include the Admiral Folding Box Co., Ballardvale Engineering Service, Colonial Spinning Mills Inc., Hardy Brush Corp., Merrimack Card Clothing Co., Northeastern Scale Models Inc., Raytheon Manufacturing Co., Redman Card Clothing Co., Reichhold Chemicals Inc., Shawsheen Rubber Co. Inc., J. P. Stevens & Co., F. W. Stuart Co., P. W. Moody Co., Tyer Rubber Co., Brown Products Co., Electromatic Laboratories, and Walbuck Crayon Co.

Helping to arrange the exhibits are Mrs. William H. Brown, Mrs. Arthur Glines, Mrs. Robert Orchard, Miss Antoinette Thiras and Mrs. Gordon Bensley.

**EARLY BIRDS
GIVE RESULTS**

Results in the Early Bird Bowling League were: Robins 4, Orioles 0; Owls 4, Wrens 0; high triples, Nora Enright 301 and Claire Cochran 298; high singles, Nora Enright 109 and Claire Cochran 104; high team triple and single, Robins 1215 and 436.

THIS IS WHERE boys and girls find their books at the Library. Seated at the desk is Mrs. Thomas Johnson, and standing is Miss Margaret Lane, children's librarian.

"THIS MOMENT could have been the turning point of the war." Such statements may sometimes be heard when the Civil War Roundtable meets every third Monday at the Library. Standing are Richard Slade, Dr. Robert Bruce, lecturer and author, and Stanley Butcher, leader of the group.

**Call An
MLS REALTOR**

The Multiple Listing Service concept of realty representation works TWO ways . . . it's a plan that works equally well, whether you wish to BUY or wish to SELL property:

BECAUSE

- as a BUYER you have an opportunity to examine, immediately, hundreds of listings on file in the office of your MLS Realtor. These listings include not only Andover but the entire Greater Lawrence area and beyond. You make just one call.

BECAUSE

- as a SELLER the same principle works in reverse and your listing (at no extra cost) is forwarded to the 50 Realtor members. Each office then becomes your representative, though you need deal only with the one Realtor you have selected.

BECAUSE

- MLS gives you action! Its wider scope of coverage, the years upon years of experience represented in these offices come to YOUR service automatically. Time is of the essence, MLS saves time!

School Emptied Out After Bomb Threat

Students at Andover High quietly filed from the building Monday morning for a "fire drill", ordered after a telephone call had been received warning that a bomb would go off in the school at 11:30. The fire drill, starting about 11:15, resulted in quick evacuation of the structure. The students remained outside for more than 20

minutes, until officials felt it safe to resume normal routines. Headmaster Lindsay J. March informed Supt. Edward I. Erickson of the report, following its receipt by an office secretary. Police Chief David L. Nicoll and Fire Chief Henry L. Hilton responded, as did Fire Lt. Raymond LaRosa and Officer William Tanneman.

Acting Pastor Was Honored

Following the usual 10:30 service of Worship in the West Church last Sunday morning, a social hour was held. Coffee was served by the committee of Deaconesses.

At this time the Rev. John Henry Sargent, who has been acting pastor of the church for the past seven months, was presented a purse of money by the Parishioners.

Next Sunday morning, the Rev. Howard Andrews, formerly of Swampscott, will commence his pastorate in the West Church. Mr. and Mrs. Sargent will make their home in Lowell. The past seven months have been a most pleasant experience for the members of the church and for Mr. and Mrs. Sargent.

Miss Putnam Is Board Member

A well-known citizen of Andover is associated with the Adult Education Institute of New England, a new adult education organization serving the mature citizens and community leaders of the six-state area. Miss Miriam Putnam, Librarian of the Memorial Hall Library, is a member of the Advisory Board.

Miss Dorothy Hewitt, Executive Director and founder of the Institute, has just completed four leadership training seminars for the League of Women Voters of

Massachusetts financed by the Sears Roebuck Foundation. These were held in Amherst, Malden, Needham and South Natick. Mrs. Per Bro, 49 Summer st., was in the Malden group.

In the spring term which began Monday at 303 Dartmouth st., Boston, there is a similar course, 'Modern Methods of Discussion Leading, open to the public. Other courses include Successful Meetings, Emerging Africa, Current Affairs, Journalism, Creating a Climate for Learning, Anthropology in Modern Life, Chinese Painting, Piano Playing, Little Theatre and Play Production, Speaking in Public, Rapid Reading, Conversational English, French, German and Russian.

Francy Cunningham Celebrated Birthday

Francy Cunningham, daughter of Mr. and Mrs. James Cunningham of Center st., Ballardvale, entertained a group of her schoolmates at her home last Wednesday afternoon to celebrate her eight birthday.

Francy was eight Monday, March 21. Games were played and the "Happy Birthday" song was sung when she was presented with her birthday cake. She received many gifts. Refreshments were served by her mother. Guests included Nancy and Robin Salter, Lincoln Rounds, Leslie St. Jean, Deborah Lawrie, Betsy Kyger, Allison Crowe, Deborah Aughterlone, Pamela Darby, Karen Moss, Diane Demers, Paula and Douglas Adette and Francy Cunningham.

**Reading Machine At
Library For Week**

An exhibit of the type of machine used to improve reading speed can be seen at the Memorial Library during National Library Week. Tachistoscopes will be demonstrated, as they are used in the developmental reading course at Abbot Academy and at other schools. The aim is to enable students who have acceptable reading comprehension to read and comprehend at an improved reading

rate and to adjust this reading rate to the type of material being read. Check tests are given at the beginning and end of the course.

Individual tachistoscopes are used to improve eye span and rapid recognition of numbers and phrases by making use of visual field. Emphasis is on phrase reading and recognition of key words. The reading rate machine is set at the pupil's own rate of speed, using interesting, story-type material, followed by a comprehension check. The rate is increased

gradually, always maintaining adequate comprehension. This part of the program is the pupil's responsibility.

Once a week in a group meeting a film is shown, followed by a comprehension check. Then there is a timed reading exercise on study-type material, also followed by a comprehension check.

**DIMLICH CASE
UP TO LAWYER**

(Continued from Page One)

what action can, or will, be taken by the Association when the subject comes up.

And when the School Committee meets next Tuesday evening at 7:30, there again is no indication of any action on this subject.

By a vote of the Board last week, the superintendent is to report on his study of possible administrative posts that Mr. Dimlich might fill. Whether action will be taken is an unknown factor in the discussions going on within the community.

There have been reports in the community that petitions are being prepared, for presentation to the Committee on Mr. Dimlich's behalf. But it can not be learned whether this will be done, or whether any significant number of persons will attend the session Tuesday in anticipation of discussion about the case.

Seldom has there been such a storm of angry comment in the town as there was last Wednesday morning when townspeople discovered that Mr. Dimlich had, in effect, been fired from his post.

And protests over the so-called executive session held by the Committee, although townspeople were allowed in the session, also mounted. The press was excluded from this portion of the meeting.

Most comments centered on the question "What can be done?" There has been no announcement of any concerted plan, however, that might be used in seeking a reversal of the Committee's vote.

During last week it was reported, and also denied, that the Committee dwelt briefly on the question of a successor to Mr. Dimlich. The report stated that mention was made

of the Newton school system as a possible source of applicants - this later was denied by an unidentified member of the School Board.

It also was reported that someone with local family connections is interested in the post.

Mr. and Mrs. Oliver Pike recently returned to their home on River rd. after spending the past four months in W. Palm Beach, Fla.

Housing will be distributed by Post Office employees this week to all households in this area, District Supervisor Charles H. Anthony announced today.

The Advance report form is a new census-taking device which is designed to speed up the field canvass and provide more accurate statistics. Distribution of this form before the start of the house-to-house canvass gives the family a chance to assemble information about each member in advance of

the census taker's visit. The district supervisor urges all residents to fill out the form and have it ready for the census takers when they start their rounds April 1.

The form contains seven questions about every person in the household and six questions about the household's dwelling. The household information asked for is name, address, sex, color or race, month and year of birth, whether married or single, and relationship to head of the household. The information required about the dwelling is the number of rooms, cooking facilities, plumbing, and whether rented or owned.

At every fourth household, the census taker will leave a Census Household Questionnaire which contains additional questions covering population and housing characteristics which are being asked of a 25 percent sample of the Nation's population. Householders are requested to fill out the household questionnaire and mail it within three days to the local census district office. A pre-addressed,

postage free envelope is being provided for this purpose.

The "sample" population questions include inquiries on country of birth, mother tongues of foreign born, schooling, employment, income and related items. The additional housing questions related to rent or value of dwelling, heating equipment, water supply, and other facilities and equipment.

The district supervisor pointed out that information about individuals and their homes furnished to the Census Bureau is kept confidential under Federal law. Only statistical totals and averages are published. No individual person can be identified in published reports and census information cannot be used for regulation, investigation, or taxation.

Householders will not have any difficulty identifying the takers of the Census.

Each census taker will be provided with a red, white, and blue identification card to be worn on the lapel. This card bears the seal of the Department of Commerce and the words "Census Enumerator, Official Credential" are printed across its face. Persons purporting to be Census takers who do not have this identification card should be reported immediately to the local district Census office.

Census takers will be further identified by the portfolio contain-

ing their supplies. The portfolio is brown and bears the legend, "1960 Census of the United States," printed in green ink. In the portfolio, the census taker carries his supplies of report forms, maps, pencils, and other tools of his trade.

PRE-FAB PLANT FOR W. ANDOVER

(Continued from Page One) The area is nearly landlocked, with only a 50-foot right of way from Brundrett ave. Mr. Robidoux said the abutting property is owned by Mrs. Shattuck, and by four residents along River rd.

The site for the buildings, he continued, probably will be on an elevation, so that they will be visible from Route 93.

There has been no official town reaction to the buildings, which had not been discussed with the Industrial and Development Commission or other municipal officers.

The site falls within the industrial zone, and is subject to the various restrictions established by town meeting when the zoning was voted.

WELCOMES VISITORS DURING WEEK

(Continued from Page One) Philip Wormwood, James St. Germaine, Dr. John Brown, Edward L. Smith and Frank Seagraber.

In the main reading room there will be an exhibit of new business books, which will be of interest to local merchants and businessmen who accept the library's invitation to a morning coffee Tuesday, April 5, from 10 to 12 noon.

For those who wonder about the "behind the scenes" activities, a display has been prepared by Mrs. John Wilson, of the staff, which shows the processes through which books must make their way from publisher to public.

The "Notable Books of 1959" will be shown as a unit, with lists available to readers. Also on hand will be floor maps of the main reading room, showing the locations of different classifications.

Leslie Scott of Andover High School has taken a number of activity pictures to show some of the non-book uses to which the library has lent itself; the elementary schools are showing posters during the week; store fronts will have directional flyers; and new books will be on the tables in both adult and children's rooms.

Frank Seagraber, librarian of Merrimack College, indicates that the new Language Laboratory at that college will be open to adult visitors Saturday, April 9, from 10 a.m. to 12 noon. Prof. Paul Lonsdale of the Language Department will be on hand to explain the equipment and to answer questions. The Laboratory is in O'Reilly Hall, Room 101.

Mrs. Mitchell Johnson Jr. of the Andover Garden Club is working with her committee which will provide a number of flower arrangements to add that touch of color and beauty to make this truly a special occasion.

All are most cordially invited to join with the staff and the trustees in making this a memorable week, as Andover shares the nationwide effort to make books and library services better for all.

PILGRIM FELLOWSHIP
The Senior High Pilgrim Fellowship held a Worship service at the West Church Sunday evening. The scripture lesson was read by Renee Dubocq and the sermon was given by Florence Duguid. Following the service the group returned to the Youth Room where the Rev. John H. Sargent gave a Lenten message on the "Meaning of Lent". Over 30 young people were present at this inspiring service.

What Our Readers Say—

To the Editor of the Townsman: "Your readers will be interested in learning of another attempt by some members of our state government to deprive towns of local authority. This is House Bill 1305, which would grant unlimited power to the Mass. Parking Authority to establish locations for, construct, reconstruct, maintain and operate or lease parking facilities in any town or towns within the Commonwealth for the parking and servicing and repairing of motor vehicles — all without the approval of any city or town.

Talent Night For Hospital Follies

This is the time of the year when all members of Lawrence General Hospital Aid Association are busy working on "Follies of 1960". The annual benefit performance for the hospital will be held Saturday evening, May 7, at 9 o'clock at Tenney Memorial Auditorium, Methuen. Mrs. Richard Barton is general chairman.
