No Decision On Trombly Bus Line

The Selectmen haven't taken any action on the Trombly Motor Coach Co. application for permission to operate on the town's streets. The firm is seeking rights to operate, so that an express bus line to Park Square, Boston can be operated.

However, the Selectmen apparently agreed that any opposition from the Eastern Mass. Street Railway Co. will not be considered when deciding the issues. Chairman Eugene A. Bernardin Jr. suggested that this is not a factor, because the Eastern Mass. is objecting merely to the competition.

The Board also seemed to have its mind made up that Central st., or Essex st. and Lupine rd., would be placed off limits if eventual permission is given. The Central st. route had been requested by Mr. Trombly, as the quickest way of getting to Dascomb rd. and Route 80. He agreed to use the latter streets if requested, however. Board members felt that the three

AVIS Planning Three Outings

A series of three outings have been planned by the Andover Village Improvement Society - and more will be held if the response is good.

President Albert R. Retelle outlined the series this way: a clearing day, an exploration day and a walking day.

This Sunday is the work day - when all interested citizens are invited to help clear out a path around Baker's Meadow. Starting at 2 o'clock, the work parties will begin their task.

Those who want to watch and supervise are also invited. "Wear old clothes, and bring tools if possible", Retelle urged. The Meadow is on Reservation rd., 1/2 mile beyond the Andover st. underpass.

The following Sunday, May 15, at 2 o'clock, an exploration of the Vale Reservation is planned. Interested persons are asked to meet

Lower Level Of Hagggett's Pond

The town will lower the water level in Hagggett's Pond by 2-2 1/2 feet over the next month, in a program to rid the pond of algae-producing conditions.

Water Supt. Donald Bassett outlined the plan to the Selectmen Monday night.

He described the effort as being ordinary pond maintenance. Swampy areas that now contribute organic material to the Pond will be dried out, thus preventing the influx of additional materials for the summer.

Some of the swamp land will be worked over, cutting out much of the undergrowth, he explained. Other areas, not owned by the town, will not be touched. But the elimination of their contribution

Insurance Agency Buys Press Block

Smart and Flagg, one of the community's oldest insurance agencies, has purchased the Andover Press building at the corner of Main and Chestnut sts.

Agreements to buy the property, for an undisclosed sum, was signed Tuesday, according to George Haselton of the agency.

Mr. Haselton stated that the new offices will be ready in a few months, following renovations in the Press building.

The agency currently occupies offices in the Merrimack Valley National Bank Building.

John N. Cole III has announced that plans for the Andover Press are indefinite.

A 90-day option has been obtained on 10 acres of land between Osgood st. and Route 93, tight against the Dascomb rd. interchange, for a 20-unit motel and restaurant.

The land was placed under agreement by Arthur Collins of the Robert Stone Co., with the owner, Robert D. Mayo of Dascomb rd.

Mr. Mayo said he first talked with immediate neighbors and finds no objection to the motel in that location.

The area is Zone C residential - one-acre lots - and will require re-zoning. Mr. Collins said present plans call for bringing the subject to the attention of town officials so that the article might be included in any special town meeting warrant.

A meeting probably will be held to consider the country club re-zoning in West Andover.

The developer of the area has not been identified by Mr. Collins.

VERY OFTEN - A FAMILY AFFAIR

Try to think of a store in Andover toward which many hundreds of local residents feel a personal, intimate attachment and we predict you will be thinking of the CO-OP. We now have over 2300 members. They belong to the CO-OP; the CO-OP belongs to them.

So reluctant are some to give up their CO-OP affiliations that we even have members now living in California.

So intimate is that relationship that sometimes entire families are members. We know a family in New Jersey where eight-year-old Debbie, after listening to her playmates boasting about their possessions, announced that, with her brother and sister, she owned a grocery store in Massachusetts!

So loyal are many that they support the CO-OP with their cash when occasion arises.

That is why we say that the CO-OP's acceptance has both breadth and depth; its reach is as wide as the community, as deep as the families it serves.

Pack 76 Meeting Held In Vale

The April Cub Pack 76 meeting was held at the South School last Wednesday evening. Mrs. Fred Craig's Den 4 had charge of the flag ceremony.

Steven Willette and Jack Fisher were awarded their bear badges and Robert Torres, bob-cat badge.

A den yell of cheer was won by Den 4. For the past several weeks each den has been practicing its cheer with enthusiasm.

Robert Demers taught the boys how to hold a flag, which was followed by a story.

Each den had their achievements and collection on exhibition for the parents to see and to be judged.

Mrs. George Moss's Den 4 won the prize. Refreshments were served by Den 2. The meeting closed with the pack yell.

Albert Mahaka, a native of Africa and currently a pre-medical student at Boston University, will discuss Southern Rhodesia and show slides taken of Mount Silinda. Mr. Mahaka taught school for 13 years in South Rhodesia before coming to the United States for medical training.

Tickets for the supper and evening discussion are available from Mrs. Frederick Cofer on High Plain rd.

SOMETHING ADDED

A word to the wise may be sufficient, but very few people are willing to let it go at that.

Advance Pay Question Raised

If a special town meeting is held this spring, the Town Employees' Association may ask the voters to accept a statute governing the advance payment of wages at vacation time.

Although it has been a practice for many years to pay employees their salaries before they went on vacation, this has been ruled illegal.

Notices posted in the town hall indicate that the practice will not be continued this year.

Association President Raymond LaRosa told the Townsman this week that he will seek support from the membership in getting an article in the special warrant, in an attempt to correct the situation.

LOWER LEVEL ON POND

(Continued from Page One)

of organic material to the town's water supply will be of real benefit, he stated.

Bassett stressed the fact that the town, even if a drought occurs, will not face a water problem, even with the Pond down 21 1/2 feet.

The draining process will also be of help to the contractors building a dike on one end of the Pond. Bassett explained that the lower water level will not dry out the area, but will lessen the depth of water in which the work must be done.

The Pond water, even though bacterially safe, has been tasting bad ever since last summer. Bassett has explained that the algae, not harmful and not coming within the bacteria classification at all, had perfect conditions last summer. Since that time, it has been impossible to clear the Pond of the growth, which adds the nasty taste to the water.

What happens after the summer?

Bassett told the Selectmen that when the Pond fills up again, nature will solve the problem. Keeping the excess organic material out of the Pond for the summer will have been sufficient, he believes, to alleviate the problem. However, some bad taste may linger for up to a year, he warned, until natural filtration has been successful.

Bassett also pointed out to the Selectmen that the town should own all the land which is covered with water at the high water mark.

Some of the land is commonly known as "tea coupon" property - given away with the purchase of tea many years ago. The town is in the process of gaining title to much of this, through the owners' failure to pay taxes.

Other sections are not owned by the town.

HEARING TONIGHT ON COUNTRY CLUB

(Continued from Page One)

boards will meet and discuss the proposal.

The Selectmen, who have the authority to summon a special town meeting, will then make up

their minds on this subject.

It is anticipated that any zoning for this venture would be specific, rather than of a general "commercial" type. Restrictions may include the requirement that work be commenced within a year or the area would revert to residential.

If a special town meeting is called, it appears that several other zoning articles may be inserted.

An insurance building is planned for a five-acre site near the Dascob rd, interchange, and there is also a plan for a motel in the same general area, between Osgood st. and the new highway.

It is also possible that the proposed shopping center at the Tewksbury-Andover line may progress far enough in the planning stages to allow it to be presented at the same meeting.

ANNUAL SESSION — Members of the Andover Garden Club gathered at Rolling Ridge in North Andover Tuesday for their annual meeting. During the afternoon, Mrs. Ralph Hill acted as narrator. At right are past presidents Miss Bessie P. Goldsmith, Mrs. William Jacquith 2nd, Mrs. John M. Stewart and Mrs. Charles Arnold Jr. (Leone)

**Children Saw
Historical Sites**

Three bus loads of children, numbering 129 in all, with 12 mothers and teachers, enjoyed a trip to several of Boston's historic shrines April 27.

The rainy day had no effect on the spirits of the gathering, which was sponsored for the fifth year by Priscilla Abbot Chapter, N.S.-D.A.R. of Andover.

The children were from the Central and South schools' fifth grades, who are studying United States history for the first time. Seeing the places they had studied about gave them all a fine sense of being "citizens" of a wonderful country.

Mrs. Edward Thompson of Chandler cir. headed the group for the D.A.R., in place of Mrs. Edwin Otto. She was assisted by Miss Catherine Barrett, principal of the Central Schools, Mrs. Elizabeth Dowd, Miss Mina Noyes, and Miss Dorothy Kyle. Eighty-seven children attended from Central school, for a 100 percent attendance.

Mrs. Theodore Boudreau and Mrs. Rita Dwyer, teachers at the South school, with two of the mothers, Mrs. J. G. Hamel and Mrs. Don J. Lee, with 42 children, made up the rest of the bus load. Only two of the children from this school were unable to be present.

Others assisting Mrs. Thompson were Mrs. Ralph Preble, Mrs. Percy Beasley and Mrs. Edward Sabbagh. Mrs. Thompson is most grateful for the cooperation shown by both the teachers and mothers.

May 4, another excursion will be taken. Children from the West and

Shawsheen schools will be given the opportunity to see places of interest which were part of early United States history: Bunkerhill Monument, Old Ironsides, The Old North Church and Paul Revere House.

**Tambone Asks
Meeting Delay**

The Tambone Construction Co. of Reading has suggested that the town put off any special town meeting to consider its shopping center on the Tewksbury-Andover line, until such time as further engineering and architectural details are available.

The firm has assured the town, however, that planning will continue and that pertinent details on water and sewer service, and the location of buildings on the land, will be available.

In a brief letter, it was stated that water could be available from either Tewksbury or Andover, but larger pipes would be required. Sewer problems are being discussed with Tewksbury, the letter stated, with the hope that the problem will be worked out with that community.

When the letter was read to the Selectmen Monday, several members wondered whether the firm should not be asked to meet a special meeting deadline to be set for the new country club project. There was some doubt whether a second special meeting could be summoned during the late spring or summer, with any hope of getting 350 persons to attend.

Dear friends,

There is a wide variety of tastes and opinions regarding funeral arrangements.

The important thing, as we see it, is to provide the service exactly as the family wishes. If suggestions are wanted, we are glad to offer them. But we want them to be merely suggestions, and not dictatorial in any sense.

Whatever your wishes, it is always our desire to carry them out to the best of our ability.

EDITORIAL THOUGHTS

Sensible Plan Needed

Some workable plan must be developed quickly to put some semblance of order into the rather confused commercial zoning picture.

And the town also needs a sensible plan for industrial zoning — a subject that presumably is already under study by the Planning Board's consultant.

We have been faced in recent months with several zoning problems that required special action by the voters.

More will follow.

For it seems that businessmen are more prone to choose land they think to be most desirable for their enterprises than they are to consider only land already properly zoned.

This makes sense from the businessman's point of view. After all, he's more interested in choosing the best location than he is in being restricted to pre-determined areas set apart by the town.

On the other hand, perhaps it doesn't make sense for the town to be continually faced with a zoning crisis, as these individual cases come up.

The fact that these things occur at all seems to indicate that the areas presently zoned for industry and business are not necessarily the best ones. Perhaps a fast but thorough study, and a re-vamping of the zoning, are needed. Otherwise we'll be having special town meeting after special town meeting, as the specific problems are presented.

Clear The Air

Announcement that legal steps will be taken to obtain a final determination of the status of Junior High School Principal Benjamin F. Dimlich should be good news to everyone.

For as the matter has stood until recently, there could be no clear-cut path to follow. Mr. Dimlich said he would stay, the majority of the School Committee said he would go, as principal.

In this situation, the School Committee could hardly anticipate finding any educator who would be willing to step into a job that might never legally be his.

Thus it makes good sense to get a court opinion on whether Mr. Dimlich actually had tenure or not. If he did have it, then the Committee probably would have to take action as spelled out in the statutes if it wishes to vote on removal. If tenure did not exist, then the Committee will be able to go forward with the selection of a new principal.

Whichever happens, the air will have been cleared to some extent and many citizens will have a better opportunity to understand what is transpiring.

It's to be hoped that the legal action is not long in coming, and that speedy court action can be obtained.

They're So Right

We quite agree with the Board of Selectmen in their feeling that competition between the Eastern Mass. Street Railway and the proposed Trombly bus line to Boston should not be a factor in deciding whether to give Trombly permission to operate in the town.

Although the Board has again put off a decision on Trombly's request, members did indicate Monday that objections from Eastern Mass. would not be considered. That firm has opposed the local requests by the Trombly firm, stating that express service to Boston can be provided by the older company if it is ever needed.

There has been much feeling in the area that the Eastern Mass. people are interested mostly in higher fares and less service.

And if this is true, then it is also natural that the company would oppose any form of competition. For without the invigorating presence of competition, the firm can do just about what it pleases and the public can do little in return.

As far as we can see, if Mr. Trombly thinks he can provide faster and better express service into Boston, let him try. If his service makes the grade, then the riding public is best served. If the proposal fails, then this is the risk he takes.

In any event, we can't see shutting off a legitimate business enterprise just because another firm wants to maintain its exclusive rights in the area.

Courteous Circle Meets May 9

Courteous Circle of The King's Daughters will hold its next meeting in Fellowship Hall of South Church, Monday evening, May 9. Supper will be served at 6 o'clock

under the direction of the Birthday-Remembrance committee. The business meeting will follow, with devotions by Miss Madeleine Hewes. Mrs. Howell Stillman will give a talk on "Silver Craft Through the Years". State and county presidents have been invited as guests.

Down the Years with The Townsman

50 Years Ago — May, 1910

Frederick G. Moore leaves this Sunday afternoon for Chicago, where he is to attend an insurance convention.

Today the ninth graders of the public schools are enjoying their annual visit to Boston, where they are visiting points of interest.

Carl and Roderick Cannon took part in the mock trial recently held by the Lawrence YMCA. The former took the part of a handwriting expert and the latter was the court crier.

Charles Emerson, the local expressman, has purchased a new wagon.

Dr. Eliot Park Frost, son of the Rev. and Mrs. George B. Frost of Highland rd., has received an appointment to the Yale psychological faculty.

Garden crops were considerably damaged about the town last Friday night by the heavy frost.

James Waldie, who spent the winter at his old home in Arbroath, Scotland, returned here last Monday.

Robert Black, the 12-year-old son of Mr. and Mrs. David Black gallantly rescued John McDermitt, age six, who fell into the river at the rear of the Abbot Village Hall last Monday evening.

25 Years Ago — May, 1935

One hundred and twenty five youngsters will face Horace M. Poynter on the stage of the town hall tonight, as the well-known Phillips Academy instructor gives out the words in the annual Lincoln spelling contest. Prof. Arthur W. Leonard will act as umpire.

Timothy J. Madden, local fireman who has been on duty in the Ballardvale station, has been shifted to the Central station. Louis Kibbee has taken back his old place in the Vale station.

The exterior work on the new coal pocket for the Junior High School boiler house has been completed.

The Andover Male Choir will sing in Hartford, Conn., with other member-clubs of the New England Federation of Men's Singing Clubs.

The driver of the vehicle which struck and killed a Barnard st. woman was found guilty of driving to endanger and operating a vehicle with faulty lights and brakes. He received a 30-day sentence and a \$50 fine, both of which have been appealed.

10 Years Ago — May, 1950

A metal tag passed out 25 years ago by C. S. Buchan to patrons of his furniture store was attached to some keys found in Moncton, N. B. Local identity was not determined, so the keys were forwarded here. The store went out of business in 1935 and there is no record of the person to whom the tag was given, so the keys are now in the Townsman office waiting to be picked up by the owners.

The Elementary School Building Committee has hired an educational consultant to advise on building problems.

Albert Cole Jr. has been appointed by the Selectmen as coordinator of the air-ground observation corps here. The state Civil Defense is trying to reactivate the

corps.

Building construction has taken a spurt since the first of the year, and is far ahead of a similar period a year ago. To date, the value of construction is estimated at \$436,150, compared to \$209,250 for the same winter-spring period of a year ago. Thirty-five new homes have been started so far this year.

The peregrinations of that recalcitrant West Andover cow have come to a sudden end. After escaping eight days ago she has made headlines here and in out-of-town papers, as she eluded capture. But her last headline is being written now, because her owner had her shot this morning. Now the \$1,000 black Aberdeen Angus bovine is being dressed out for the freezer.

The last day parties for the Littlest Listeners, the Robins group and the Ballardvale group, will be held on Wednesday and Thursday, respectively, May 11 and 12, at 10 a.m. With the parties, the programs come to an end for the summer. Each year parents express pleasure in the development which they observe in those who attend the group, many of the children finding in these morning programs the first experience in social contacts, group activity and personal independence.

Announcement will be made of the opening dates in the fall.

Great Books

The next reading for the Great Books Discussion Group will be Freud's "General Introduction to Psychoanalysis". This group meets next on Tuesday, May 10, at 7:45 p.m. in the Memorial Hall Library.

Job Opportunities

Young persons interested in job information may wish to get the facts about schools, subjects to study, qualifications, opportunities in each career, best paid types of work, how to get started, etc. from the Memorial Hall Library files of vocational helps.

The library has just received a new series of career monographs, some new editions of earlier surveys, now completely revised on the basis of recent nation-wide research. There are booklets for each of the following careers — men's clothing store operations; TV, radio, records and Hi-Fi retailing; advertising copy writing; bacteriological science; politics and political organizations; tourist and travel services — agencies; publicity; newspaper publishing; modern aviation; real estate and insurance business.

Anyone wishing full information on these and many other vocational helps should ask at the main desk.

The Interesting Age

Parents who suddenly feel that their children have changed into something almost less than human when they entered the teens can find consolation, comfort and much information on constructive measures at the Memorial Hall Library. One of the most popular non-fiction books in the past year has been "How To Live Through Junior High School", written by a junior-high school principal. The book is written for parents, not the young people themselves, and deals with such things as cliques, boy-girl relationships, homework, family disagreements, etc. Another, "How To Live With Your Teen-ager", by Dorothy Baruch, does much to help the bewildered parents. There is a summary of a 15 year study by Purdue University researchers; "The American Teen-ager". This represents information from all parts of the country, of all nationalities and religions; its authors are H. H. Remmers and D. H. Radler.

Pat Boone's "Twixt 12 and 20" has been popular with the young people, having been written especially for them. Other titles of more interest to parents are "Emotional Problems of Adolescents" and "Understanding Your Son's Adolescence" by James Gallagher; "Sex And The Adolescent" by Maxine Davis; "Your Adolescent At Home And In School" by Lawrence and Mary Frank and Dr. Arnold Gesell's "Youth: The Years From 10 to 16", Arthur Roth's "Teen-age Years", a new book, is a medical guide for young people and their parents.

Civil Defense

Mr. John Carter of the Radiological Department of Civil Defense will conduct an informational display on radiation and civil defense in general at the Memorial Hall Library for two weeks, beginning May 2.

The display will include films and oral instruction. Mr. Carter will be on hand Monday through Friday from 3-5, and 7-9 p.m. He will demonstrate a pocket dosimeter and geiger counters in general, and will be happy to make suggestions on homemade protections and safety measures.

streets would be dangerous, and suggestions were made that the buses go to Route 125 along Rt. 28, then onto the new highway.

Selectman William Stewart wondered where the buses will stop to pick up passengers, noting that the petitioner had said there would not be "pole-to-pole stops". Town Manager Thomas E. Duff was directed to get the data, and a decision was put off until it is available.

The Board also commented that the state Department of Public Utilities has stated that it will defer any hearing on the bus route until all the communities have given permission to Trombly. Then the major hearing will be held on the over-all project.

Summer Program At Castle Hill

The 1960 Castle Hill summer concert series have been announced by Richard M. Russell, president of the Castle Hill Foundation.

The summer's program marks the 10th season for the non-profit organization which is self-sustaining through proceeds of the concerts and other activities at palatial Castle Hill overlooking the sea in Ipswich.

As per custom, the season will open just before the Fourth of July - July 1 and 2 - with a jazz concert. This year's entertainer will be Erroll Garner, the famous jazz pianist, accompanied by Edward Calhoun, bassist, and Kelly Martin, percussionist.

The regular concert series for Castle Hill sponsors and general

public will open the following weekend, July 8 and 9, with the Chamber Ensemble, whose members are from the famed Clarion Orchestra. Conductor will be Newell Jenkins.

Other artists to appear during the season include Ania Dorfman, pianist in a solo recital, July 15 and 16; the Valerie Bettis dance group, July 22 and 23; Phyllis Curtin, soprano, in a solo recital, July 29 and 30; Beaux Arts Quartet, Aug. 5 and 6; Flamenco Ballet Company, Aug. 12 and 13; and in the final concert, the Wind Ensemble from the Boston Symphony orchestra, Eric Simon, conductor, Aug. 19 and 20.

According to Mr. Russell, the program represents one of the most outstanding collection of artists in Castle Hill's 10-year concert history and expectations are for a record season. Volunteer committees are already at work on various phases of the season's activities.

The concerts are all held in the magnificent Italian garden at Castle Hill, at Crane's Beach, in Ipswich.

LITTLE LEAGUE

Five Little League games are on tap this week, following last Saturday's opening doubleheader. Tonight at the Playstead finds the Cards facing the Red Sox; Saturday, the Cards and Yankees meet at the Woburn st. and the Braves face the White Sox at the Playstead; next Monday night the Red Sox and Giants play at the Playstead and Tuesday, the Yanks meet the Braves, again at the Playstead. All games are scheduled for 6 p.m.

In last Saturday's opening game, the White Sox clobbered the Giants, 17-0. Harry Saunders turned in a one-hitter for the Sox, while Billy Monroe and Wayne Simeone led the hitting attack. In the second game, the Red Sox edged the Yankees, 10-9. Jim Saunders and Bill Gliff pitched for the winners, and Cliff also belted two home runs and a double. Bruce Spencer was on the mound for the Yanks, Chris Gorrie slammed a home run for the losers. In Monday night's game, last season's winners, the Braves, took their first game of the season, defeating the Cards, 5-0. Art Ricci struck out 11 and allowed only one hit, while going the distance. Kenney Bretts and Pete Russem collected three and two hits to lead the Braves attack. Dick Cignoni pitched for the Cards, striking out eight.

No Decision Until Topo Map Presented
A gravel pit hearing on a permit renewal for Harry Axelrod,

on land owned by him on Greenwood rd., drew a few sharp comments Monday night.

During the course of the hearing, a resident several times asked about building plans on the land - and finally Mr. Axelrod commented that he'd build on his own land, regardless of any individual's ideas that it might better be left open.

The area in question runs back from Greenwood rd., and is bounded by Lowell st. and Route 93.

Mr. Axelrod said he wants to level off some areas that now have sharp banks, where a pit was operated before he purchased the land. Some excavation must be undertaken at the site of the proposed motel, he explained.

While portions of the material will be used on the premises, Axelrod desired permission to remove the excess.

Mr. and Mrs. Herbert T. Lake of Greenwood rd. were present and questioned the developer about his plans for the section. They commented that any activity there affects their property.

In the absence of a topographical map of the area, the Selectmen took no action on the request. When a map is presented, and has been studied by the sub-committee on gravel pits, the Board agreed to again discuss the proposal.

D.A.R. Planning Year-End Meeting

The final meeting of Priscilla Abbot Chapter, N.S.D.A.R., for the year will be held at the home of Mrs. John Murray, 27 Summer st., May 10 at 2 o'clock.

The annual reports of the officers will be given, and officers for the next three years will be elected. The hostesses for the occasion are Mrs. Frank Hayes, the retiring regent, and Mrs. Roland Weeks.

Miss Marjorie Stewart of High Plain rd. and her friend, Miss June Compardy of Norwood, have re-

turned from a vacation spent in Washington, D. C. and New York City.

Fun, Frivolity At Band Banquet

Food, fun and frivolity were the order of the evening last Thursday when the Band Parents Association feted members of the All Girl Band at the Colony Room.

One hundred and six people enjoyed a delicious catered dinner, followed by an impromptu entertainment. Miss Joyce Mowat, director of the Band, acted as mistress of ceremonies and choreography was under the direction of Mrs. Lee of Methuen. The B.P.A. Rockettes, Lillian Bassett, Evelyn

Reilly, Adeline D'Amore, Rita Miller and Elsie Mowat, presented three numbers: "Swan Lake Ballet", "Memories of Our First Gym Class" and "Irish Step Dances". They were in top form and performed like seasoned troopers.

Hit of the show was a guest chorus line of gypsies who tripped in from a nearby encampment. The Romany Romeoos, Don Bassett, Bill Tammany, Ray Mowat, Earl Simon, Tony D'Amore, and Frank Mooney, performed a spirited, if slightly unorthodox Gypsy Dance and joined the Rockettes for the Grand Finale. Between-acts entertainment was by Miss Mowat and her accordion, Band members Joan Ellen Simeone, Barbara Greenhow, and Doris DeHart, and guest soloist, Earl Simon.

Members of the Band who are seniors this year were given tokens of appreciation for their efforts. Girls receiving awards were Priscilla Arnold, Beverly Bergeron, Ann Henrick, Maureen Cogger, Mary Costello, Doris DeHart, Mary

Lou Dargoonian, Barbara Greenhow, Linda Howe, Pat Jarbeau, Linda Johanson, Suzanne Noury, Judy Ober, Angela Passinisi, Norma Jean Peatman, Lorraine Rees, Joan Ellen Simeone, Betty Tammany and Alice Vartabedian. The presentation of awards was followed by a showing of colored slides of various events in which the Band has participated.

The evening was climaxed by a surprise shower for Miss Joyce E. Mowat, who will become the bride of Earl Simon at a 5 o'clock ceremony at South Church Saturday, Aug. 6. The affection and high esteem which the girls have for Miss Mowat, who has been their director for the past three years was evidenced by the presentation of several electrical appliances. She was also the recipient of a purse of money and a set of sterling candlesticks, the gift of the Band Parents. A beautifully made and decorated cake in the form of a bride doll, the work of Mrs. Paul Simeone, head of the Home Economics Department of Andover High School and secretary of the Parents Association, was cut by Miss Mowat and Mr. Simon.

Andover, will be held in the Parish House of Christ Episcopal Church Friday, May 6, starting with a coffee hour at 10 a.m.

Arthur Williams, state representative from the Andover district, will speak on "Citizenship, Free and Responsible." There will be a baby sitting service for preschool children at the Church. Mrs. Lloyd T. Howells of Christ Church is chairman, and Mrs. Paul Danielson of West Parish Church is co-chairman.

Their committee includes Mrs. Henry Meyers, Ballardvale United Church; Mrs. Albert Swenson, Christ Episcopal Church; Mrs. Edwin Leidich, Free Church; Mrs. Ada Billington, Baptist Church; Mrs. Karl Palmer, South Church; and Mrs. Frederick A. Pease, Cochran Chapel.

All women of the community are cordially invited to attend this Fellowship Day.

TRACK STANDOUTS IN COMPETITION

first place in the state Class D high jump.

In fact, Bordelais has a chance to break the school record of five feet, 10 inches, according to Collins. He's already jumped an official five feet, 9 3/4 inches.

John McCormack will compete in the shot put and 100-yard dash. McCormack scored 41 points in the first three conference meets this year.

Don Sorrie, co-captain of the team, is undefeated in the conference to date in his specialty, the mile.

John Ozoonian, captain of the winter track team, will compete in the broad jump and sprint. He's the second leading scorer for Andover this year.

John Langdell, specializing in the quarter mile, will make his first attempt at the discuss throw, but Collins expects him to do well.

Unlike many meets, Collins said the shot put should be a special strong event, with McCormack in competition with Lever of North Andover. St. Jean of Methuen and Cody of Amesbury - all strong competitors in this event.

The meet is sponsored by the Andover Boosters Club, Collins and Robert McIntyre are co-chairmen of the committee.

CALL MEETING ON RECREATION

(Continued from Page One)

owned land be put to use in lawns - tennis courts, a track, a baseball field and outdoor basketball facilities that might be flooded in the winter for skating.

This could be accomplished at the High School, he asserted, accomplishing a double purpose - providing facilities that are badly needed and relieving some of the congestion at the Playstead where all activities now conflict.

Emphasizing that the meeting next Wednesday is exploratory, the School Committee agreed that various ideas on recreation should be pulled together into a master plan that can be presented to the community for action.

Mr. McIntyre explained that the school department could take the lead in emphasizing the need for planning to use town-owned areas around school buildings. He also mentioned the possibility of providing some facilities around some of the elementary schools where they do not exist, and possibly expanding others.

doughnut shop and restaurant.

Mary Vergados had applied for the right to operate, and according to the Board's decision, had agreed to purchase the property if given approval.

The Appeals Board stated that the "Brown Jug" had not operated since January of 1957, when it was used as a sandwich shop. "Since that time it has been closed, no business being carried on, and it has fallen into a state of disrepair."

The Board noted that there "is a substantial question as to whether it has been abandoned as a non-conforming use, but this Board need not express an opinion on this issue."

The petition was denied "both as a matter of discretion and because the Board is of the opinion that the granting of the petition would be an unlawful extension of a non-conforming use."

In its statement, the Board noted that the place of business is in a residential area and that surrounding homes "are well kept up and of substantial value". The location is on Lowell st., which the Board said would become busier when Route 93 is opened, and is situated at a narrow curve in the street.

The decision concluded that the value of homes in the area would be adversely affected by allowing the petition, and that this would also be detrimental to the entire neighborhood.

"The proposed use is not only different in kind from that conducted prior to January, 1957", the decision stated, "but would be an enlargement and an increase of the prior use." This would be an "unlawful extension" of the non-conforming use, it said.

Town Manager Thomas E. Duff indicated this week that all meters have now been changed to penny-nickel usage.

**Friday, The 13th,
Chosen For Dance**

Invitations have been mailed to all Little League parents for the third annual Little League dance to be held at the Andover Country Club Friday, May 13.

Mrs. Alexander Robins, and her committee of Mrs. Frank Sherman, Mrs. Wells Stackhouse and Mrs. Warren Dyke, have been hard at work creating an apple tree and other spring flowers for the affair. Mrs. Lewis Trumbore, a local artist, has been aiding the group.

Everyone is cordially invited to attend the dance and tickets may be obtained from Mrs. Fred Saunders, Mrs. Robert Morgan or Mrs. William Busby.

At a general meeting of the Little League Auxiliary, the following officers were elected to serve for the 1959-60 season: Mrs. Edward Morrissey, president; Mrs. William Monroe, vice president; Mrs. Alexander Robins, secretary; and Mrs. Wells Stackhouse, treasurer.

The primary purpose of the Auxiliary is to support Little League by donating funds raised by the dance and helping in the finance drive. Any Little League mother may join the group.

**Senior Class Play
Coming May 20-21**

Friday and Saturday nights, May 20 and 21, the class of 1960 at the Andover High School will present "A Weekend at Andanno".

Andanno is the name of a very busy and spirited college. Most of the action of the production will

center around Andanno's favorite fraternity.

During this particular weekend the two most important events of the year will take place: the football game with arch rival North Andanno College and the "victory" dance to take place afterwards.

The senior class will take its audience through all the trials and tribulations that are encountered in planning a weekend of such importance.

Many of the adults in Andover will live through their college weekends once again during the presentation of "A Weekend at Andanno".
