## Submit Report On Recreation

Interested town officials are currently studying a report from Evans Associates, listing data on the job of recreational director, on several single-rate positions and on posts within the Library.

The firm, which originally drew the personnel and wage classification proposal for the town, has been working on the newest report for some time.

Included, among the other jobs, are the positions within the recreation program - Pump's Pond director, playground director, lifeguards and playground staff. Job descriptions and suggested salary levels are provided, it is understood.

Of special interest at the Selectmen's meeting.

## Workshop Tryouts Come Next Week

Children's Theatre Workshop tryouts for the fall production "Long Nosed Princess", a delightful fairy tale, will be held at the Barn on the following dates: Monday, Oct. 9, 2:30 to 4 p.m., for grades seven and up, and Wednesday, Oct. 11, 2:30 to 4 p.m., for the fifth and sixth grades.

"The Long Nosed Princess" is an award story written by Mrs. N. Penrose Halliwell Jr. of Andover and will also be directed by her. This summer Mrs. Halliwell adapted her wonderful story into a play for the special use of the Children's Theatre Workshop.

At the general meeting Friday Oct. 13, at 3:30 at the Library, the names of the cast will be announced and production workers for the "behind the scenes" duties will be recruited. Scenery, make-up, and the various other technical fields will have many openings available to interested children.

## Hoffman Gets Permit From Appeals Board

The Board of Appeals has given Joseph W. Hoffman permission to park his plumbing truck in his garage on Marilyn rd.

The Board specified that the truck must be kept in the garage, and "not at any time to be parked outside".

Noting that many residents of

the neighborhood favored allowing Hoffman to park his truck in the residential area, while "substantial opposition" was also voiced, the Board stated that it is well aware of the importance of preventing business uses in residential areas.

The Board stated, however, that: "To prevent the parking of a plumbing contractor's panel service truck in his garage to provide his transportation to and from work, however, is carrying this concept to an illogical and unjust extreme".

## Main St. Store Project Is Endangered By Brook Delay

The continuing hold-up on Rogers Brook is threatening a Main st. commercial project which could net the town over \$10,000 in real estate taxes annually.

Samuel M. Glazerman of Hidden Way, who owns all of the property on the west side of Main st., from Hill Hardware to the Merrimack Valley National Bank, is anxious to construct a \$400,000 building there. It would provide some 40,000 feet of mercantile space, plus a second floor for offices.

Mr. Glazerman has a June, 1962, deadline for completion of the structure, based on leases already signed for occupancy of a portion of the space.

But he can't build until something is done about Rogers Brook. The town holds an easement through the middle of his property - taken last March when local officials believed the brook project was about to get underway.

Now the town has the land, neither Glazerman or the town seems to be able to do anything with it until the project starts or town meeting returns the land to Mr. Glazerman and others along the path of the brook.

### No Solution

The Selectmen briefly discussed the problem Monday night, but failed to come up with any solution.

They agreed to meet, if possible, (Continued on Page Two)

## Garden Club Plans Tour Of Several Andover Homes

### One-Day Drive Planned By League

The Andover League of Women Voters will conduct a one-day fund drive Tuesday, Oct. 10.

League members, under the direction of Mrs. Sidney Zussman, will ask Andover citizens for financial support of the League. All contributions will be used to assist the League in conducting its many programs at the local, state, and national levels.

The Andover League has a long record of usefulness in the community. In its earlier years the League worked for tax reforms and improved town services. Immediately after World War II, the League advocated the construction of two new elementary schools, new zoning by-laws, and a strengthened Planning Board. More recently the League has played important roles in the establishment of the Town Manager-Selectman form of government and the formation of a community-wide Recreation Council.

The League has also provided extensive services to Andover voters over the years including

In fact, at this moment, the Selectmen seem to have hit snags in every direction.

Mr. Glazerman offered to install the culvert on his own land, according to state specifications but at his own expense, in order to get underway. Town Manager Thomas E. Duff says the state has flatly refused to allow this. Mr. Glazerman wanted to gamble that the brook would be reconstructed sometime, and suggested that if the job is ever done, the town could reimburse him for the small section. Otherwise, he would have put in a useless pipe, at his own expense.

Town Counsel Fredric S. O'Brien told the Selectmen that nothing can be done on the land covered in the easement, except work on the brook. A proposal that would have allowed Mr. Glazerman to, in effect, trespass on a five foot construction easement in order to get work accomplished, can not be approved, it was explained, because of legal problems. Moreover, Mr. O'Brien said it would be of doubtful legality to reimburse a citizen for part of a public contract.

Engineering difficulties were also cited by the Selectmen, who wondered if installation of a section of the culvert, followed by erection of a building, would interfere with later engineering and construction around the property. Specific mention was made of possible problems associated with tunnelling under Main st., if the new building is up, and in the way.

**Special Meeting**  
Mr. O'Brien mentioned the possibility of calling a special town meeting, at which former Rogers Brook votes could be rescinded, if this is the wish of the voters. Then easements could be returned to the former owners by that meeting.

Town Manager Thomas E. Duff said he believes any action of this sort should be done at a regular

town meeting, not one called for the specific purpose.

Members of the Board expressed their regret at the inconvenience being caused Mr. Glazerman, but felt that short of calling a halt to the whole project, they have no choice but to continue pressing the state for action.

**Where's The Money?**

Mr. Duff noted that the director of the Waterways Division, Rodolphe Bessette, has not written to the town stating that the \$195,000 in matching funds are available. This is the amount most recently promised by the director, who had earlier agreed to provide thousands more for the work. Duff asked the director for such a letter more than two weeks ago, following a conference during which the verbal promise was made.

The Selectmen need to have this assurance before they can legally take the step of agreeing to a call for bids.

It was also noted at the meeting Monday that a grand jury investigation into the Waterways Division would start Tuesday, Oct. 3, and that everyone in the Division seemed to be tied up with preparations for this activity.

**Deadline Asked**

In a discussion of the problem Tuesday, the Townsman was told that Mr. Glazerman has asked for an Oct. 31 deadline, for some specific action. Mr. Glazerman said he will be in great difficulties if he can't get underway with footings for the structure before heavy freezing takes place - and believes that he must have some answer from the town by the end of the month.

In describing his planned building, Mr. Glazerman said there will be room for 10 to 11 stores; that parking will be available for 125 cars at a time, with a two-hour limit that will allow satisfactory turnover; and he indicated that employment will be given to over 200 persons, in the offices and stores.

The project has been in the planning stages for two years.

**Project Dragged On**

When the town took an easement through the land last March, Mr. Glazerman said he wrote to the town manager, pointing out that this should not be allowed to drag indefinitely. He indicated that he believes in the brook project, and wants the town to move forward with it - but feels that the constant delay has jeopardized his position

## Andover Meets Marblehead Next

Andover High's Blue Devils absorbed their second defeat in a row Saturday, going down 32-0 before a strong Danvers team. They meet Marblehead here this Saturday, for the third Northeast Conference game.

Last Saturday's whipping resulted, in large part, from two interceptions that resulted in scores, and another that set up a TD. A bad pass from center gave Danvers possession deep in Andover territory for still another score.

The Blue Devils put together two threats - the first slowed down and stopped at the Danvers 20, the second came at the game's end. When the final whistle blew, Andover had the ball inside the Danvers 10.

with regard to the completion deadlines.

Back in March, it is recalled, the town believed that the brook project would start immediately, if final easements were taken. It was explained that the state required this final action by the town, then would call for bids. It was shortly after this time that the Division of Waterways came under such violent attack and public scrutiny. It was learned later that the promised funds from that public agency are not available, except on a matching basis.

Remarking on the problem Tuesday, Mr. Glazerman suggested that in offering to install the culvert himself, possibly without any future reimbursement, he has gone more than half way towards solving the problem.

At last someone has done something about the weather! McDougall-Butler hasn't eliminated snow or snow shoveling, but they've made a hard job a lot easier for you.

Before the snow falls, apply CHEK to your concrete walks and driveways. CHEK is a superior silicone water repellent that actually changes the surface characteristics of masonry and inhibits ice from bonding to concrete. Snow will still fall, but now with amazing CHEK it can't penetrate masonry surfaces. Works equally well with new power operated "snow blowers" or the old fashioned snow shovel. Also prevents cracking and chipping caused by freezing, protects against salt corrosion. For best results renew annually.

## Democratic Town Committee Met

Spokesmen for COD, the new force within the Massachusetts Democratic Party, recently addressed a special meeting called by the Andover Democratic Town Committee at the Public Library in Andover.

Explaining COD's plans for a greater Democratic party were Representative Sumner Z. Kaplan of Brookline and Boston attorney and Lexington Democratic Committeeman Lawrence A. Sullivan. Both are COD directors.

Representative Kaplan stressed the need for new life within the Democratic Party organization in Massachusetts. "Citizen participation makes a political party strong, and a strong political party is the best guaranty of effective government," Kaplan said.

Kaplan emphasized the importance of strong party discipline and cited the paralysis - and worse - within the state legislature as an example of what a lack of it can do.

Sullivan noted that the Andover Democratic Town Committee was not alone in its interest in COD. "A steadily-growing number of regular local Democratic committees are calling upon COD for information, assistance and leadership," Sullivan revealed.

## Considering List Of Committee People

The Selectmen, town manager and Housing Authority apparently have made their peace - at least this was visibly evident Monday night.

Chairman David MacDonald Jr. was present at Monday's session, and presented a list of possible nominees to the citizens committee on urban renewal.

Mr. Duff and the Selectmen will review the list, at least for the next two weeks, before appointments are made.

The only reference to a clash two weeks ago over the appointing authority was Town Manager Duff's explanation that he originally agreed with the idea that three persons be co-chairmen of the committee; that this didn't work out, and then he believed one person should be chairman. The Authority presented the list of possible appointees, some of whom served on a previous citizens committee. The committee is usually made up of persons representing town boards and agencies, civic, fraternal, religious groups. Its purpose is to review the urban renewal plans, as presented by the Housing Authority, and to report on them to their various groups.

'62 GALAXIE BY FORD ☆ Enduring new elegance with new power to please you and your budget

Come see and drive the car that introduces twice-a-year maintenance! Now routine service is reduced to a new low—30,000 miles on many items, no more than twice a year or every 6,000 miles on the rest! Ford's quality craftsmanship sets a new industry standard.

They'll never catch up to that trend-setting Thunderbird styling! Galaxie brings the sharp, crisp Thunderbird look to new perfection! The lean, clean look of action that is years ahead of its host of imitators! And it's matched by an interior elegance unheard of at its low price! Galaxie's new

luxury makes it wasteful to pay more!

They'll never catch up to that trend-setting Thunderbird power! Galaxie is swift as a rumor, silent as a secret... 17% quieter than last year's quiet Galaxie! Come take a demonstration without obligation... you'll be amazed!

The water main being installed on the street was authorized by town meeting, and is being installed by the Ruggiero Construction Co. of Malden. It was reported that the trench was about five feet deep when the cave-in occurred.

## Neighbors Met At Barbecue

A very delightful "Get acquainted with your neighbor" party was held last Sunday evening at the junction of Shirley ave. and Virginia rd., when the neighbors in those streets joined forces to meet one another.

A catered barbecue chicken supper, served by Henry Nason of West Boxford, was enjoyed. Music, balloons, favors and pony rides were in order for the children. Altogether it was a most pleasant day to know your neighbor.

The permit covered removal of gravel and loam from motel area on Lowell St. from the residential development owned by the firm.

Sylvester Keaney, representing the developers, had told the town that a considerable amount of gravel probably will be moved to the motel location to the residential area - and a permit is required because the two are separate corporations. Although some may be for sale, he indicated there will be mostly a transfer of material from one job to another.

## EDITORIAL THOUGHTS

### Stop The Nonsense

It's time to end this fiasco we call Rogers Brook Reconstruction.

Back when the project was first proposed — and that's six years ago — this newspaper favored the project. We continued editorial support during times when it appeared that the project might not be favorably received by the voters at town meeting. And eventually the town voted matching funds, amounting to \$195,000.

But time has produced a change in our thinking — it appears now that there may be an utterly fantastic expenditure of funds, possibly exceeding even the \$650,000 estimated at this time. Trouble along the brook has been at a minimum in the years just past; even the two heavy rain storms produced by Hurricane Esther failed to bring the brook to an overflow. It is now indicated that expenditures nearing a million dollars are not warranted.

Additionally, we are sceptical over state control of the construction project; how many extras will be approved by the Division of Waterways, noted for its largess? Funds that seem to be available will do only a portion of the project. But by doing part, we commit ourselves to do it all eventually. At what cost? No one knows. But it seems certain that if about \$400,000 will do around half the job, as contemplated, then the eventual cost of the overall project may be three-quarters of a million dollars, possibly even more.

It's time to call a halt to this project, before we become so involved that we can't get out of it.

The Selectmen are even now setting up a meeting, perhaps have already met, with the state commissioner of Public Works, who has control of the Division of Waterways. They plan to ask his help in getting action from the Division, so bids can be requested.

In our opinion, they might as well give it up.

In fact, they would be well-advised to call a special town meeting to reconsider whether this project should be started. If the voters at this meeting don't want to keep on, as we suspect they don't, then the same meeting should turn back the permanent and construction easements, which have been in existence since last March.

Action is needed here; more discussions with state officials, more red tape, more in-fighting with promise-happy officials will be only a waste of time and potentially a gigantically-expensive error.

### It's Up To You

A critical test of the electorate will take place Oct. 24, when each registered voter will have the opportunity to help nominate the candidate of his choice for representative.

Primaries normally attract only a small percentage of the voters; this one might usually be expected to bring out even fewer of the faithful. Except for one reason — there are six Republican and eight Democratic candidates for the job.

Thus the primary takes on added interest, for each of the candidates has his circle of friends and supporters.

We suspect that more than the normal amount of interest will be shown, even possibly by men and women who never bother to help nominate candidates.

If this happens, it will be all to the good. We haven't been able to point to our primary voting record with much pride and it will be a welcome exception to the rule to have a good percentage turn out.

### Slow Progress

We're making progress — but slowly.

Town Manager Thomas E. Duff finally has a report from the Evans Associates, relating to the recreation director's duties.

Now the report is being circulated among the Selectmen, Recreation Committee members, and the members of the Personnel Board. It will be up for review by these groups, and may reach some final conclusion in November.

Of course, the job was created last March, when members of the town government urged the voters to appropriate funds because the need was apparent to them.

And as we all know by now, the town manager attempted to make an appointment to the position earlier this year, but couldn't get confirmation from the Selectmen.

Now a report on what the appointee should do in the way of work is presented by the consultants; and we may

### CAPITOL COMMENT

By  
YOUR CONGRESSMAN  
BRAD MORSE

On domestic matters, the 87th Congress racked up a record-breaking number of bills enacted during its nine-month-long first session.

Major home-front legislation either already on the lawbooks or at the White House awaiting the President's signature includes:

Additional unemployment compensation for the jobless, including railroad workers, and assistance for their dependent children; \$11.5 billion for completion of the interstate highway system by 1972; application of federal law to crimes on airplanes engaged in interstate or foreign commerce, making hijacking punishable by death or life imprisonment; \$375 million for airport construction over the next five years.

Increase of minimum wage to \$1.25 and extension of coverage to 3.5 million additional workers by gradual wage step-ups over the next five years; social security increases in minimum old-age payments, and in benefits to widows; lower retirement age for male workers at reduced benefits; liberalized disability provisions; continuation of federal aid to impacted school areas for two years, and of the National Defense Education Act for one year; \$20 million for four years of grants and scholarships for practical nurse training.

Extension of Civil Rights Commission for two years; federal grants totaling \$20 million for a four-year program to finance projects to fight juvenile delinquency; additional assistant secretary of labor on problems of women in industry; extension of direct and guaranteed home loans for WW II veterans to July 26, 1967, and for Korean conflict veterans to Feb. 1, 1975.

Creation of the Cape Cod National Seashore Park; expansion of the water program, increasing grants to state and interstate agencies from \$3 to \$5 million annually

through June 30, 1968, and from \$50 million to \$100 million annually for construction of treatment works; raises former 30% ceiling on Federal grants; extension of saline water conversion program for another six years.

Housing program for low and moderate income families on liberalized terms; urban renewal; open-space development; college dormitory construction; public housing, community facilities; creation of Area Redevelopment Administration in Department of Commerce, to make loans and grants for industrial plants and public facilities in areas of economic distress.

Many other measures which have attracted national interest, which were not acted upon finally this year, will be carried over to the second session. Among them are: Postal rate increases; medical care for the aged; creation of a Department of Urban Affairs and Housing at cabinet level; increased compensation for service-connected disability; extension of GI "Bill of Rights" to peace-time veterans; a 10-year program of oceanographic research; congressional consent to the Northeastern Water and Related Land Resources compact; establishment of a national wilderness preservation system; three-year program of training youths, aged 16 to 21, in conservation projects; two-year program of training unemployed in vocational schools, or on the job, to develop new skills.

If by chance I have omitted mention of any legislation in which you are interested, or if you wish further particulars concerning the measures I have mentioned, I will be happy to hear from you. During adjournment I shall be home, ready to sit down with you personally to discuss any matters involving the Federal government — or just to get better acquainted. I'm looking forward to seeing you! My Lowell office is at 15 Kearney Square. In Boston, it's 1705 Federal Building.

### Down the Years with The Townsman

#### 50 Years Ago — October, 1911

George T. Abbott has remodelled his cottage on Elm st.

Harry Chadwick of Maple ave., who has been ill at his home, is sufficiently recovered to resume his work at the Smith and Manning store.

H. A. Morse, who for some years has been employed at Smith and Dove Manufacturing Co., has severed his connection with that firm.

The first primary under the state's new primary law was held Tuesday, with 264 votes cast. There were 197 Republican ballots and 67 Democratic. Elected to the Republican town committee were, Hardy, Coutts, Simpson, Boutwell, and Bodwell. The members of the

Democratic town committee are Mahoney, O'Donnell, Keane, Maynihan and Crowley.

Through the generosity of Mrs. Joseph A. Smart and Mrs. Joseph W. Smith, there have been placed in Memorial Hall two handsome tablets on which are inscribed the names of 100 deceased soldiers of the Civil War, who enlisted from Andover.

The electrical storm that struck Andover Monday afternoon was one of the worst in a long time. Lightning struck the home of Allen Hinton, the ice cream dealer, and peeled plaster off the walls in several places. Similarly affected was the home of Bradford Lewis.

Mr. and Mrs. Addison Wonsou

have returned to their home Gloucester, after spending several weeks here at their summer home.

#### 25 Years Ago — October, 1936

An itinerant salesman, finally identified as coming from South Carolina, was killed last Saturday night on the By-Pass. He operated his car by hand, having deformed legs and feet. The car struck a beer truck, and then a second car piled into the wreckage. The salesman had a sign on the back of his car asking other drivers to pay attention to their own driving, not to him. Police said he lived in the car, as it was fitted with racks and places to store perishable foods.

A political rally will be held here Oct. 13, with the vital national issues under discussion. Speakers for the various parties will be present.

Punchard opened with a 33-win over Boston Farm and Trade School last Saturday.

The Junior King's Daughters are holding a bakery sale this afternoon, from 2:30 to 5:30, at Playdon's flower shop.

#### 10 Years Ago — October, 1951

An enthusiastic group of representatives from various local organizations met last Thursday night to map plans for the Halloween party for the town's youngsters. Last year a large crowd of children turned out in costume for the affair. A traffic study will be made by the Selectmen, after receiving a request from residents of the West Parish, who are concerned about the safety of the children.

Building permits issued during September covered an estimated \$140,050 of new construction.

A hearing has been held by the Selectmen, on the application of Ann's Andover Cottage for a liquor license. Several residents of Alderbrook rd. objected to the license being granted.

Over 300 interested adults are enrolled in the evening study program at Phillips Academy.

Danvers beat Punchard, 12-1 last Saturday.

A principal will soon be selected for the West Parish School, now under construction. The School Committee has decided to promote from within the ranks, and all teachers are being notified that the appointment will be made.

#### Robins To Meet

The pre-school children who will attend any other first grade than that of Central Elementary and St. Augustine's are invited to the first meeting of their group of Littlest Listeners Wednesday morning, Oct. 11, at 10 o'clock. This will be known as the Robins group, and it will alternate with the Cardinals, who have already begun their program.

Many mothers have already pre-registered their children; each child must have passed its third birthday in order to join a group, as experience has proven that those younger are less interested in the stories and activities, and tire easily.

#### Ballardvale Branch

The branch library will be closed Oct. 12, but open the following day for its usual hours. Where this would have been the opening date for the Littlest Listeners for that community, the group will have its first meeting postponed until Thursday, Oct. 26, at 10 o'clock.

All programs for the pre-school age begin promptly at 10 a.m. and run for three quarters of an hour so that mothers may plan their mornings easily.

#### Civil War Roundtable

The Andover Civil War Roundtable will have its second meeting Monday evening, Oct. 16, at 7:45 o'clock. New members are welcome to attend at this time. Any

## 2 Abbot Students Are Semifinalists

Mrs. Alexander Crane of Abbot Academy announced today that two of the school's students have been given recognition for their high achievement in the initial stage of the seventh annual National Merit Scholarship competition.

She said the students were named semifinalists in the 1961-'62 Merit Program, as a result of their outstanding performance on the National Merit Scholarship Qualifying Test. They are Carol Ann Moore and Ingrid Quarek.

These students are among approximately 10,000 seniors throughout the country who attained semifinalist status through their high scores on the qualifying examination, a test of educational development given last March in more than 15,000 high schools. The semifinalist group is composed of the highest scoring students in each state and in the United States territories. Each semifinalist now moves a step closer to winning a four-year Merit Scholarship to the college of his choice.

## Will INSURANCE Replace It?

When fire destroys your home you want more than just "some" insurance. You need enough to replace the values that have been lost. What it cost you ten, fifteen, or even five years ago is much too low an estimate of what you would have to pay now. If we haven't checked insurance values for you recently, better let us do it for you right away.

## Little Stories about Great Hymns

## All Hail the Power of Jesus' Name

*All hail the power of Jesus' name!  
Let angels prostrate fall;  
Bring forth the royal diadem,  
And crown Him Lord of all.*

Edward Perronet, an associate of the Wesleys for years, wrote 3 volumes of sacred poems, now forgotten except this one hymn. E. T. Scott, a missionary to India, owed his life to it. When he was surrounded by savages pointing spears at his breast, expecting instant death, he shut his eyes and began playing his violin and singing this hymn. When he opened his eyes, the tribesmen were grinning with delight. He settled among them and worked with memorable results.

Members of the staff of the  
Memorial Hall Library are  
attending various sessions of the  
Massachusetts Library Associa-  
tion Conference at Swampscott  
this week.

### For Committee Chairmen

Please keep in mind that the  
Town Calendar, kept at the  
Memorial Hall Library desk, is  
there for the convenience of local  
organizations, and is designed to  
prevent conflicts in setting dates  
for activities. If chairmen of each  
club or group will enter their dates,  
others will leave them a clear field  
for their planned parties, suppers,  
fairs, etc.

Chairmen in charge of program  
who wish to make special observa-  
tion of United Nations Week, Oct.  
22-28, are invited to pick up a  
special booklet at the library. It  
includes books, pamphlets, films,  
filmstrips and recordings avail-  
able, with special accent on Africa  
and its place in the United Nations.

### GOP Committee Held Meeting

The Republican Town Committee  
introduced GOP candidates for re-  
presentative Monday night, at a  
meeting designed to inform voters  
about the candidates.

Several persons attending the  
affair noted, however, that the  
attendance was made up largely  
of supporters of the several candi-  
dates.

The special primary, at which  
one of the six men will be chosen  
to compete with his Democratic  
counterpart, will be held Oct. 24.  
There are eight Democratic  
candidates seeking nomination.

Republicans include George  
Marad of Andover, Roger Ingalls  
of Methuen, Albert Pettoruto of  
Lawrence, John Griffin of Methuen,  
Guy Beal of Methuen and Philip  
Sutcliffe of North Andover.

Democrats include James V.  
Gerraghty of Andover, Augustine  
J. Walsh and Philip Clark of North  
Andover, Walter J. Silva of Law-  
rence, Charles A. Buckley of Law-  
rence, Joseph F. Devaney of  
Methuen, Arthur Foster of Methuen  
and George R. Anderson of  
Methuen.

### Red Cross Offers Courses

Fall and winter courses are  
being planned by the Andover Red  
Cross in first aid, canteen and  
mass feeding, home nursing, gray  
ladies, social welfare, and blood-  
mobile aides.

The classes are of varying  
lengths, but average about 10  
hours. Robert Zollner, chapter  
chairman, is urging residents to  
register now for these courses, so  
that the instructors will know what  
classroom accommodations must  
be made. The national Red Cross  
hopes to have at least one person  
in every home trained in at least  
one of these services.

For additional information, those  
interested are asked to telephone  
the chapter house.

Lawrence Mitchell of Tewksbury  
st. and Bruce Meyers of Marland  
st. have returned for their third  
year at University of Massachu-  
setts.

### League Members Heard About Reading

Edward I. Erickson, superintendent of schools, emphasized the basic importance of reading in education Thursday, Sept. 28, at the panel discussion of the reading program of the Andover schools, which followed the luncheon of the League of Women Voters at the Yankee Doodle restaurant.

Mr. Erickson said: "There are many aspects of education which are important, and of these reading is undoubtedly the most important."

Mrs. R. Milton Cole, who with Mrs. Robert Butler is co-chairman of the education committee of the Andover League of Women Voters, introduced Mr. Erickson, who moderated the panel discussion. Mrs. Cole stressed the two-fold purpose of the League of Women Voters in sponsoring the panel: "Members of the League wish not only to learn more about the schools but also to facilitate communication between the schools and the community."

Miss Catherine M. Barret, principal of the Centralelementary school, presented a comprehensive outline of the reading program at the elementary level. She called attention to the "unending" character of the learning process, particularly as it applies to reading.

Mrs. Helen Shannon described the main techniques in the teaching of remedial reading, including the use of controlled readers, tape recorders, film strips, and tachistoscopes.

Mrs. Ansi De Cesare, chairman of the English department of the Junior High School, presented a detailed report of the Language Research program which has recently been adopted at the Junior High for all students.

Miss Beatrice L. Stevens, chairman of the English department of Andover High School, talked briefly about the rapid growth of the Developmental Reading program at the High School and stated that three teachers are now involved there in the teaching of developmental reading.

Members of the League will continue their study of the reading program with unit meeting discussions to be held Nov. 7 and 9.

**To Find Money  
For Legal Bill**

Although there have as yet been no bills for legal services in the Benjamin F. Dimlich case, School Supt. Edward I. Erickson expects to "find the money somewhere within the department budget whenever bills are presented for payment."

Queried on the point, Mr. Erickson said there had been no budget allocation for legal services. He indicated that there would be funds available from within the general budget.

Town Counsel Fredric S. O'Brien is acting as counsel for the School Committee in the matter. Mr. Erickson said he doesn't know whether Mr. O'Brien will submit a bill for the work in Superior Court, prior to the end of the year or whether he will present a bill.

### Fashion Show Is Oct. 18

Oct. 18 at 8 p.m., the Andover High School Auditorium will be the scene of a style-setting event when the Shawsheen Village Woman's Club presents, for the second time, imported fashions from the great fashion salons of Europe.

The outstanding success of last year's similar presentation by the Shawsheen club is directly responsible for this repeat performance.

A new and complete line of imported designs will again be offered to the fashion-conscious women of Andover and surrounding communities. Included in the showing will be Italian knits, separates, coats, coat and dress ensembles, afternoon dresses, cocktail
