Selectmen Insist On Receiving Equipment Report From Duff

New Construction Value \$266,500

The estimated value of new construction, for which permits were issued during January, is \$266,500, according to a report filed by Building Inspector Ernest N. Hall.

He also issued permits for additions and alterations, valued at \$127,300, during the month. The new-construction permits were issued to the following: Robert J. Wholley, 56 Union st., foundation for dwelling, \$1,800; Realty Construction and Engineering, Inc., houses and garages on four lots on Glen Meadow rd., one at \$20,000, three at \$16,000.

Octave Bourdelais, 45 Chandler rd., dwelling and garage, \$15,000; Rabenius Builders Inc., 32 Lincoln cir., dwelling and garage, \$18,000; Phillips Academy, houses and garages on two lots on Wildwood rd., both at \$34,000.

J. J. Segadelli Inc., five homes on Charlotte dr., two at \$13,500, one at \$12,500, two at \$12,000, plus a house and garage, valued at \$12,000, also on Charlotte dr. Raymond W. Hoyer, 66 Wildwood rd., two-stall garage, \$1,200; Win-

Fast equipment depreciation and heavy repairs occupied the attention of the Selectmen Monday night. Chairman Russell G. Doyle told the town manager that he wants a complete report on the subject soon.

It was reported to the Selectmen that the tractor-dozzer purchased last May or June for the dump now must have repairs costing about \$600. Moreover, the \$8,000 piece of equipment is estimated to be worth \$3,000 at the most, in considering a trade-in allowance.

Town Manager Duff told the Board that the materials at the dump work into the tracks, and that this causes much more wear

Urban Renewal Resolution Signed

The Selectmen have approved a resolution asking the government to extend the urban renewal planning time to June 30, and the funds by another \$10,000.

But in doing so, they have deleted the words "slum" and "blighted", in reference to the central district proposed for urban renewal work. The original resolution approved by the Board in 1959 carried these words, in addition to "deteriorated" and "deteriorating", in reference to the area.

Plans Underway For New Lutheran Church Here

Following approval by the Massachusetts Council of Churches, plans are underway for the establishment of a Lutheran Church in Andover. The church will be sponsored by the Board of American Missions of the Augustana Lutheran Church in America. Approval by the Massachusetts Council of Churches was sought in order to avoid the duplication of Protestant efforts and over-churching the community.

Nine interested persons met for luncheon last week with the Rev. Reuben Lundeen of East Orange, N. J., director of Lutheran Mis-

sions for New England and New York. They were Mr. and Mrs. U. S. Berger, 11 Nutmeg ln.; Mr. and Mrs. Richard Clendaniel, 5 Lockway rd.; Mr. and Mrs. Lance Dockray, 1 Coolidge rd.; Mrs. Carl Gill, 49 School st.; Mrs. Fred Roediger, 17 Barrington dr.; and George Schwedler, 15 Linwood st. Also present was the Rev. Richard L. Thulin, pastor of the Trinity Lutheran Church of Lowell, who will act as a co-ordinator

Duff Gets \$1,000 Hike

Town Manager Thomas E. Duff will get a \$1,000 pay raise - to \$11,500 - this year.

The Selectmen, in charge of this department, voted to grant the raise following a half-hour executive session Monday night with the manager, Thomas E. Duff, and after some private deliberation.

The Finance Committee will be notified of the decision, according to Chairman Russell G. Doyle.

The Board last year granted a \$500 raise for 1961, which was subsequently approved by the town meeting.

Will Abandon Call Fire Dept.

One of the town's oldest traditions - the call fire department - will go by the boards this spring. Town Manager Thomas E. Duff, in taking the required funds out of the budget, said there are too few call men now, and their services really don't help too much.

He noted that additional men, plus mutual aid pacts with other communities, take care of any emergency.

They're "not of any value" now, Duff commented to the Selectmen.

He said there is a budget request for five additional men - involving three promotions within the department to lieutenant as well, so that the Ballardvale station can be properly manned. As it stands

Some Shoppers Save Stamps

Some shoppers save stamps — especially "grocery" stamps — because food represents the largest single item of expense for the average family.

One reason why some shoppers save stamps is because they think they are getting something "free" — that someone else is paying for their stamps. But that is another story.

The chief reason why thrifty shoppers save stamps in most towns is that they have NO CHOICE of things to save.

But Andover is different. In Andover, thrifty shoppers have a CLEAR CHOICE of saving ordinary stamps at most grocery stores or of saving REAL CASH at the CO-OP.

Given a clear choice, it becomes clear why more and more canny shoppers in this vicinity PREFER to save the coin of the Realm — real honest-to-goodness CASH.

Fluoridation Not On The Ballot

Fluoridation will not be a subject of controversy or debate in the March election.

The Legislature has denied the right of voters here to act upon the subject, preferring instead to pass a bill allowing local boards of health, or the obtaining of sufficient signatures, to place the issue on the ballot.

Several communities have denied the right this year to the Legislative committee decision that it should not have to accept petitions from the community after a year. An advisory committee report was accepted on the floor of the House, thus killing various bills.

It has been the practice to place the question on the ballot. This procedure calls for hearing followed by Committee debate and House action.

Representative Arthur Will announced the decision, stating the action has nothing in particular to do with Andover, except that community happened to be on several with bills before the Legislature.

HONOR ROLL WAS ANNOUNCED

(Continued from Page One)

Ninth grade: Joanne Emme, Lynda Fitzgerald, Laura Kitch, Susan Kohli, Leona Lauder, Gertrude Meicke, Linda Palmer, Gertrude Petrie, Joan Smyth, Charlene Westaway and William Westaway.

In order to be listed on honor roll, the student must earn the grade of "A" in all academic work (tests, notebook work) and a grade no lower than "B" in conduct.

The Weekday School of Christian Education is held weekly on a "released-time" basis in operation with Andover Junior High School. The purpose of the school is to teach each student to understand the Bible with skill and understanding. The Bible itself is the primary textbook, and examinations given on biblical content. The Weekday School, directed through the Andover Council of Churches, has served the Junior High School of Andover for 18 years.

that would normally be the case with such equipment. He indicated that even the \$25,000 "dozen" which a special article appeared in the warrant, would need repairs and preventive maintenance than normal.

He suggested that the price of equipment, purchased late in the spring, is too small for the concern over the rapid depreciation and specially over the equipment requiring such extensive repair.

The Selectmen expressed concern over the rapid depreciation and specially over the equipment requiring such extensive repair.

He suggested that the present equipment, purchased late last spring, is too small for the job it is doing at the dump.

The Selectmen expressed concern over the rapid depreciation and specially over the equipment requiring such extensive repair

Safely Through Another Week

Safely through another week
God has brought us on our way;
Let us now a blessing seek,
Waiting in His courts today.

John Newton was a profligate youth, and spent six years as captain of a slave ship. After surviving a deadly fever in Africa and a perilous ocean storm, he renounced the slave traffic, returned to his mother's religion, and became a curate in England. His famous friendship with poet William Cowper inspired several beautiful hymns including "Safety Through Another Week."

**Registrations For
Management Class**

Registration of business execu-
tives for the 1962-'63 class in
Northeastern University's Center
for Management Development
training program is now underway
according to Bernard P. Gold-
smith, director of the Center.
Goldsmith noted that enrollment
in the Management Development
program at Northeastern, the only
program of its type in the nation,
will be limited this year to a
maximum of 46 businessmen.
Sessions will again be held at
the Andover Inn and Peabody Hall,
Phillips Academy, the director

noted, and will be conducted from
October, 1962, through March,
1963.

Drawing upon Northeastern's
more than one-half century of
experience with the co-operative
plan of education, the program
offers middle management per-
sonnel seven weeks of in-residence
study over a six-month period.

After an initial two full weeks
of class, businessmen alternate
one-week periods of study in An-
dover with three-week periods on
their own jobs. Sessions are guided
by an outstanding faculty of leading
advisors to business whose work
is supplemented by the appearance
of guest speakers in related fields.

Since its establishment in 1960,
Northeastern's Management Devel-
opment program has served 60
manufacturing, engineering, in-
surance, consulting, public utility
and banking firms in this country
and abroad. During the 1961-'62
program, participants came from
throughout the United States and
from as far away as Zurich, Swit-
zerland.

According to Goldsmith, the
program for these men is desinged
to increase both their immediate
and long-range effectiveness in the
field of management.

Its unique "co-op" plan schedule,
he said, "eliminates the expense
of a man's prolonged absence from
his job, the necessity for replace-
ment, and the possibility of losing
touch with reality. It affords the
manager an opportunity for im-
mediate on-the-job application."

EDITORIAL THOUGHTS

Immoral Government

How can we break the vicious circle?
Or are we bound to helplessly watch the increase of immorality in government, by appointed and elected officials alike?

It has long been said of some communities that the best passport to public office is a term in jail. Now we continue to see this statement borne out, but in an ever-wider circle.

Legislators, accused and found guilty of breaking laws relating to conflict of interest and padded billing, are re-elected by vast majorities.

Day after day we are jarred by revelations concerning appointed officials and their lack of ethics and morality in the conduct of their office. And we are even more disturbed by the inference that only the small fry are being exposed to the glare of publicity — that higher officials are actually involved, but are too powerful to be caught up in the investigations.

How do these men — lawmakers or appointed administrators — happen to be in office at all?

That's where the vicious circle sets in, the complex circle that seemingly can't be broken.

Children see their parents, and the parents of their friends, publicly endorse men whose conduct in office is far from exemplary.

Then the children grow up, and naturally follow their parents along the path of folly.

How does one explain to a child, whose young mind clearly sees the difference between right and wrong, that it's proper to endorse a man who has been convicted of violating a public trust, or of breaking the laws he helped place on the record books for all to follow?

Usually the reasons are lame — the man has done a personal favor, or he's been persecuted because of his political affiliations, or some other excuse that evades reality.

The children grow up accepting these reasons, or excuses, as valid — then they pass them along to their children, by supporting the same calibre of candidates their parents did.

This is the vicious circle — can it be broken?

Apparently the only possible way to do so is to convince enough voters that old-fashioned honesty and integrity have merit; to convince them that it is not silly to be honest.

In short, we must do a vast job of education, among adults everywhere, in an effort to return honesty, morality and prudent judgment to their rightful place as respectable attainments for the individual, as human accomplishments worthy of acclaim and support.

Just How Will It Work?

The problems attaching themselves to establishing individual merit ratings for teachers are staggering in their complexity.

It has been suggested, and in this week's "Letter to the Editor" columns, it is repeated, that it is possible to pay teachers according to their individual rating.

While remaining in danger of being labeled as a defeatist, we wonder just how, under the existing statutes, a municipality can handle this situation. The suggestions that have come our way do not spell out procedures — just state that it can be done.

How does a School Committee establish individual salaries for each teacher, without any outside influence creeping in, no matter how unintentional this may be?

What yardsticks can be established, to judge the teachers, so that all are assured that their abilities — and not their ability to get along well with their immediate superior — are rewarded?

The law says that no salary may be decreased — so this means that all may be rewarded, but never penalized by loss of pay if they do not continue doing the best teaching job.

We can foresee so many morale problems; so much bickering and endless discussion if such a merit plan should be adopted. It would be nice to hear about some practical method for giving merit pay individually. We can think of none.

Budget By Negotiation

Budgets — at least the variety considered here at town meeting — are a matter of negotiation and compromise.

SUSIE'S SONNETS

by Sylvia Neilson

ARGENTINE POLITICS

Let's consider Frondizi
Whose job is far from easy;
He's pushed around by Left and Right,
And they don't play parchesi.

After department heads put down on paper what they believe they need for the coming year, Town Manager Thomas E. Duff discusses the figures with the individuals, and possibly makes some revisions.

Then the Finance Committee gets to the budgets — and the members again discuss the proposals, with the town manager and the department heads. Further revisions are suggested, debated, considered and negotiated.

The Selectmen also come into the picture, separately going over the budgets, and making suggestions for revision.

What the voter gets, for consideration at town meeting, is the combined decision of all these individuals.

We don't see the department head's initial request, nor is it possible to weigh the revisions against this proposal to see which makes more sense.

It's probably just as well this way — otherwise town meeting would be required to spend countless hours weighing all the evidence previously discussed by the FinCom, manager and Selectmen.

But certainly we should not mistake the budget presented in the FinCom's written report for the original budget presentation by the heads of departments — it's a far cry from that.

Down the Years with The Townsman

50 Years Ago - February, 1912
Lawrence H. Seelye, graduate treasurer of the YMCA work at Amherst College, was the speaker at the Phillips Academy Society inquiry last Sunday evening.

Principal A. E. Stearns has been appointed coach of Phillips Academy baseball for the coming season.

Local people who go to Lawrence daily have been considerably inconvenienced by the tie-up in trolley service occasioned by the strike troubles in the city. Some cars were put out of commission by the mob that the schedule running time was hopelessly ineffective for many hours. Thomas Peters of Frye Village received a severe cut on the head when he alighted from the Belt Line car Fred Morrison of Elm st. was hit up by a group of strikers.

The old administration office at Phillips Academy has been turned into a reading room and library for the faculty.

The fire department was called to M. M. Converse's place Wednesday to extinguish a fire in the windmill.

The trustees of Abbot Academy have announced the election of Miss Bertha Bailey of Lakeville, Conn., as principal.

At a meeting of interested women of the town last Sunday afternoon, a local division of the Order of Hibernians was organized, with about 50 members present. David S. Burns will be president; James Minahan, treasurer; Frank McDonald, financial secretary; James Fallon, recording secretary; William Burns, treasurer.

25 Years Ago - February, 1937
The School Committee has withdrawn permission for the WPA to use the Shawsheen School for a recreational project, because of the damage done there during similar project last year. Windows were broken and many structures were uprooted.

The Board of Public Works voted to spend \$1,729 to buy a sidewalk plow, instead of renting the equipment as at present. The plow will handle up to two feet of snow, and will be most economical compared to the cost of hiring day laborers to shovel the snow.

Over \$2,600 has been collected here for flood relief in the Mississippi Valley, according to the Cross. The goal was only \$1,000.

Two more candidates for office have filed papers - Walter L. Mott has entered the tree warden's contest, making nine candidates. John M. Erving seeks one of the School Board seats, after losing in that contest a year ago by less than 200 votes.

Arthur Mudge, 7, was pulled out of Rabbit's Pond last Friday afternoon by Peter Brucato, 14, who almost by accident noticed the boy in the water, as he arrived at the Pond for skating.

The cash balance at the year end was 50 percent over a year ago, according to Town Treasurer Thaxter Eaton. The balance is \$107,221. It is also noted that expenditures rose by three percent during the past year.

10 Years Ago - February, 1952
Added interest has been injected into the coming town election, with the filing of several nomination papers. Albert Cole Jr. seeks the office of Selectman. S. P. White is a candidate for re-election. There are now five candidates for the Board of Public Works, with seats available. Four seek two openings on the School Committee.

The Marching Mothers collected \$2,301 last week, for the school fund.

Double sessions will be continued at the Shawsheen School despite a plea by some parents to try single sessions for the remainder of the school year.

Ernest N. Hall of Chester is a candidate for the Board of Public Works.

Some 2-300 people are deep preparations for the annual Cross drive, to be held next month. Mrs. Harold Johnson is resigning as chairman.

Scouts Helped Run Town

Boy Scouts had a first-hand opportunity to find out what makes their local government function yesterday, when they joined department heads for a half-day.

The afternoon activities were followed by supper at Fieldstones. The Scouts, headed by Jonathan Rairigh as "town manager", were assigned to all of the town's departments for a general briefing on the function of the department, and a glimpse of the hour-to-hour activities.

Town Manager Thomas E. Duff and Neighborhood Commissioner Donald B. Hayes planned the activity as part of Boy Scout Week, which was officially proclaimed locally by Chairman Russell G. Doyle of the Board of Selectmen.

Rairigh, in being named to the top municipal post for the afternoon, brought considerable pride to his Explorer Troop 73. He is an eagle scout.

Hall Assumes Duties Feb. 19

Ernest N. Hall takes over his new duties as Urban Renewal executive director Feb. 19.

His appointment was announced Feb. 1, by the Housing Authority, and his resignation as town building inspector was submitted soon afterwards. This takes effect Feb. 16.

Mr. Hall, who formerly served as executive director for the Housing Authority, and was a member of that Board at one time, has been serving as the community's first full-time building inspector.

He was one of three applicants for the \$9,500 post. Initially, Mr. Hall helped get Urban Renewal started here, carrying out the early portions of the program with the consulting firm of planners. It was after his resignation that the Authority named James W. Franklin to the position.

School Menu

The public school menu for next week follows:

Monday - spaghetti with tomato-meat sauce, wax beans, Italian bread and butter, white cake with chocolate frosting, milk.

Tuesday - baked luncheon loaf with pineapple, oven browned potato, buttered spinach, Vienna bread and butter, chocolate pudding and milk.

Wednesday - shepherd's pie with beef, mashed potato crust, sweet pickled beets, bread and butter, ice cream bar and milk.

Thursday - fruit juice, hot turkey barbecue, buttered green beans, potato chips, cottage pudding with cherry sauce and milk.
 Friday - creamed tuna, buttered rice, green peas, bread and butter, fruit jello with toppings and milk.

URBAN RENEWAL RESOLUTION VOTED

(Continued from Page One)
 that the phrase referred to one or more of the four words, as descriptive of the area under consideration, they firmly opposed using the stronger description in the resolution. It was pointed out by Housing Authority Chairman David MacDonald Jr., that this apparently is a general phrase in most resolutions of the type. He suggested that the Board would not be calling the area a slum by signing the document. But on motion of Selectman Philip Allen, the Board approved of the resolution, providing the words "slum" and "blighted" are removed.

NEW LAW MAY BENEFIT VETERANS

Some veterans, and widows of some deceased veterans, who have not been eligible for Federal benefits because of insufficient active military service, may now become eligible by adding to the veteran's active duty period the certified time it took to proceed directly home after separation from service.

Veterans Administration officials explained that all veterans discharged or released after Dec. 31, 1956, have already been credited with this travel time. A law passed last summer extended this provision to all other veterans.

The pension claims of some 2,500 veterans and a number of widows have been disallowed by the VA because the veterans had less than 90 days of service. By adding the travel time as certified by the veteran's service department, some of these veterans will now have the 90 days of service needed to qualify.

BAN RENEWAL SOLUTION VOTED
Continued from Page One
The phrase referred to one of the four words, as descriptive of the area under consideration, they firmly opposed the stronger descriptive resolution. It was pointed out that Housing Authority Chairman MacDonal Jr., that the phrase is a general phrase in its resolutions of the type. It suggested that the Board would be calling the area a slum, by using the document. But the action of Selectman Philip ... the Board approved of the solution, providing the words "blighted" and "blighted" are red.

What Our Readers Say—

To the Editor of the Townsman: "I was very pleased to find in your recent editorial on teachers' salaries that you agree with the general intent of merit pay. However, I was rather amazed to find that you take the defeatist position that it is impossible to determine whether a teacher is good or bad.

"This raises the complete question as to how you determine whether or not any professional is giving a bad, a mediocre or an excellent performance. How do you select your doctor? How do you select your dentist or your lawyer? How far do you suppose industry would get if it had no way of determining which of its engineers, or supervisors, or accountants did more than just an ordinary job? How do you measure the performance of a professional's brain? This is quite different from measuring the material output of a laborer's manual performance. But if industry or the self-employed professional class is to thrive, such evaluation must be done. And, it is being done!

"You and I are doing it every day when we select our doctors, our dentists, etc. Every industry employing large numbers of engineers is doing it continuously. I do not see that there is any difference in the case of teachers. If there is a real desire, a method can be developed.

"Of course, I realize that, in general, the representatives of teachers' organizations have been opposed to merit. Merit cannot be negotiated and that doesn't suit the purpose of negotiators. They would rather that teachers be treated as all being equal in the same way that the unions insist that their laboring class be treated. Then they can claim credit for all teacher progress. This, also, could be the answer to the complaint that teachers throughout the nation make, viz. that they do not obtain from the general public the same respect which was accorded teachers 30 and 40 years ago, that they are not treated like professionals. The public generally accords any segment of the population the kind of respect that the segment earns. No professional who acts like a professional would

ever be treated like anything else. The essence of professionalism, after considering the requirements of the assignment, is that the professional is willing to stand on his performance, have it evaluated and be compensated accordingly. Until teachers adopt this position they cannot expect to be treated as anything other than pseudo-professionals."

Mrs. Powel Exhibits Work

Mrs. Virginia Powel of Abbot Academy faculty will present, at the John-Esther Gallery, a showing of watercolors and oils which are interpretations of nature.

Mrs. Powel graduated from the School of Art at Newcomb College in New Orleans and subsequently studied with Xavier Gonzalez in New York. Prior to coming to Abbot, Mrs. Powel taught in the Cincinnati Art Museum and in San Antonio. She has exhibited in those places as well as at the Meeting Place Art Gallery and at the Art Club in Providence. She is known in Andover as having designed and worked on some of the sets for the Phillips Academy musical productions and she took an active interest in the beginnings of the Children's

Theatre Workshop. This group of paintings is the first showing of Mrs. Powel's work in Andover. Of them she says "I try to paint what I feel about nature". The exhibit will begin this Sunday and continue through March 11, and is open to the public Monday through Friday from 2-5 o'clock.

Women's Group To Hear Mr. Nyary

Nicholas Nyary, executive director of the World Affairs Council of Boston, will be the guest speaker at the Women's Fellowship meeting of the South Church Feb. 14.

NICHOLAS NYARY

Hungary in 1945, and lived and studied in Western Germany until 1948 when he came to the United States.

on Foreign Relations, N. Y. and other organizations. Columbia University selected him to interview Hungarian refugees in Europe during 1957.

Mr. Nyary has lectured extensively in New England since coming to Boston in 1957, not only in his capacity as executive director of the World Affairs Council of Boston, but also as an instructor in international relations at the Massachusetts Institute of Technology.

This meeting is being sponsored by the Social Action Committee of the Women's Fellowship of South Church in the hope that it will stimulate thought and action towards a positive Christian offense in the world crisis of today.

Collecting Odd Items Locally

Don't think it's odd if you see members of the Free Christian Church collecting blown-out egg shells, empty spoons, pieces of lumber, empty detergent containers or other unusual items.

Every Church family will find something of interest at the Workshop, according to Mr. and Mrs. Lester T. Newill, who are serving as chairmen.

Plans call for registration at 4:30 p.m., followed by a box lunch supper and the workshop. A family worship service will conclude the activity.

Serving with the Newills are the Rev. and Mrs. J. Allyn Bradford, Mrs. John Murray and Alan Porter, advisors; Mr. and Mrs. Charles Barrett, kitchen; the Robert Hamilton family, worship; Mrs. John Holmes, registrar-

treasurer; Miss Harriet Newman and Mr. and Mrs. William MacKenzie, workshop project chairman; Miss June Leacock, posters.

The celebrated talent will include Herb Pomeroy's band, vocalist Teddi King, Father O'Connor, TV personality and jazz historian; and George Frazier, controversial Herald columnist and authority on jazz.

Tickets may be purchased at the door and a limited number of reservations are still available.

Mrs. Burton A. Jenkins and Mrs. John D. Phillips are co-chairman of this event and are assisted by Mrs. Richard H. Mower, ticket chairman; Mrs. Daniel P. Valpey, finance chairman; and Mrs. Edward N. Sabbagh, publicity chairman.

Institute Sponsors Carl deSuze

The International Institute, a United Fund agency, has engaged Carl deSuze to present one of his armchair-travelogues Monday, Feb. 12, at 8 p.m. at the Andover Junior High School Auditorium.

In his latest full-color film documentary, "South America, Impatient Volcano", Carl deSuze investigates the Latin American potential as it emerges as a powerful force in our national life. The audience will experience the gigantic contrasts inherent in the 10 countries he visits below our border.

With camera and tape recorder, Mr. deSuze will show Sao Paulo, one of the fastest growing cities in the world, spurt ahead into the industrial 20th century while in the same country, to the little explored North, head hunters still stalk the jungle. The viewer will fly over and between the Andes, mountains as spectacular as any in the world; he will see the famed Andian resort Portillo, Chile, two miles high with its four mile ski runs; ride in a cable car over the most beautiful city in the world; stop in Rio de Janeiro for the Carnival of the Saints; visit lush country clubs and watch polo matches.

Atty. John F. Burke is chairman of the program, assisted by Mrs. Douglas A. Chandler, Mrs. Walter Eaton, James A. Griffin, Mrs. Daniel J. McCarthy and Mrs. Charles D. Sullivan.

PERSONAL

Staff Sgt. Larry Johnson, U.S. Air Force, left today for his base in Okinawa, after enjoying a 14-day furlough with his wife and family on Lovejoy rd.

Valentine's Day has become a pleasant occasion for cashing in on cards or candy. But for the maids of an earlier day, it was a time for serious husband-hunting.

According to World Book Encyclopedia, a girl might start out at midnight by circling the church 12 times and repeating the rhyme, "I sow hempseed, hempseed I sow, he that loves me best, come after me now." If no one did, she could still hope to see her true valentine in her dreams. Of course, she first took the precaution of pinning five bay leaves to her pillow, one to each corner and one in the center.

Was marriage possible in the coming year? A peek through a keyhole could tell her that. The girl rose early on February 14 and set her eye to her keyhole. If she saw two objects, well and good. But if only one-better luck next year.

Still, perhaps she could identify her husband-to-be. She wrote the names of her boy friends on bits of paper and rolled each one in a piece of clay. Then she dropped the clay into water. The first scrap of paper that floated to the top was believed to hold the name of her valentine.

If she already had a favorite, she might test him by striking her forehead with a folded rose petal. If the petal cracked, obviously he loved her.

FISH CHOWDER AT MEETING

The Woman's Union of the West Parish Church will enjoy a fish chowder, under the direction of Mrs. William Trow, at the February meeting in Fellowship Hall at 12:30 Feb. 14.

Mrs. John Henry Sargent of Lowell will be the guest speaker. The Second Mile boxes will be

dedicated. Mrs. Mary Gilman and Miss Florence Gilman will be hostesses.
