FinCom Promises Stable Rate At \$26, If Report Is Followed

The \$26 tax rate can be maintained this year - setting a record for continuation of the same rate in an era of spiralling rates

throughout the state - according to the Finance Committee.

While approving a total town-wide budget of \$3,541,402, plus special articles valued at \$280,375, the FinCom maintains that the stable rate is a reality.

All of the special articles recommended by the financial committee will be paid for from free cash.

The total to be raised, according to the FinCom report issued this week, is \$3,696,539. This includes state, county and other charges valued at \$137,137 and an overlay of \$18,000.

After deducting receipts of \$1,130,761 from all sources, the net to be raised becomes \$2,565,778.

And at that point, the FinCom recommends taking an additional \$150,000 from free cash to further reduce the amount to be raised by real estate and personal property taxes.

Thus \$2,413,507 becomes the net amount required to be raised, and the estimates show that a #26 rate, based on a probable valuation of \$92,827,200, will do the trick.

After all the deductions from free cash, the report indicates a balance of \$204,219 will be maintained - some \$80,000 less than the final free cash balance of a year ago.

Charges Town "Worst Violator" Of Various By-Law Requirements

A charge that "Town Boards are the worst violators (of town by-laws) and this is wide open" was hurled at the Planning Board's public hearing Tuesday night on amendments to the town by-laws. The amendments would allow municipal facilities to be placed in any of the residential or other zones of the community - but in a practical sense, reference was to the town dump. Ernest N. Hall, who only recently resigned as building inspector, made the accusation during a discussion of the amendment.

When Town Counsel Fredric S. O'Brien retorted "It was up to you to stop them", Mr. Hall commented "You can't go any farther than the top men allow you". He refused to expand his remarks on the subject after the meeting, when queried by the Townsman representative. Taxpayers Association President Richard Moody objected strongly to the amendment, pointing out that the Selectmen could actually move the dump site without further consent of the voters. Mr. O'Brien, agreeing that this might be true, also noted that any eminent domain proceedings or any bond issue - if either should be involved in acquiring property for such a use - must have a two-thirds vote of town meeting. He also told the small gathering that the amendment is necessary in order to legalize the present dump site, as well as to allow the town to use land in various sections for other purposes. To legalize the present site, without allowing municipal dumping in other, similar zones, would be spot zoning, according to the counsel. The latter probably would be questioned by the attorney general, who must approve all zoning by-laws. Mr. O'Brien said a further amendment to the proposal, bringing the Board of Appeals into the act when a dump site is in question, can be added at town meeting. But beyond that, he believed that the voters would have to either accept the amendment or reject it. Opponents of the measure called it "wide open" and stated a belief that such an important matter as a dump site should be subject to more voter control. They feared that a site might be chosen by town officials, approved by the Board of Health as far as health is concerned, and by the Finance Committee for price, and then secured by the Selectmen through the Land Acquisition Committee. This procedure, it was stated, could be carried out without going back to town meeting, or even having a hearing. Mr. O'Brien said the various town boards would certainly consider site location among the other parts of the over-all problem, and doubted whether hasty or ill-advised action would be taken. A letter from the Selectmen, who propose the article, was read into the records. The members were not present, due to their appearance at the North District School for a discussion of the warrant. Planning Board Chairman Harold King told the group that his Board has not yet considered the article, but must make a report to town meeting on all matters of zoning.

Cherry Sheet Figures Down

The town received a set-back - but not a crippling one - when it received the annual "cherry sheet" estimates of state and county taxes, and income, for the year.

Although there is less anticipated income, and higher expenses, Town Manager Thomas E. Duff said these should not make too much difference in the town's tax-rate picture.

The "cherry sheet" indicates that the town will receive \$14,316 less than a year ago; but the community will pay \$11,064 more than it did in 1961 for county and state taxes.

Largest increase in the tax columns is the county tax - up close to \$8,000 over a year ago. To boot, the town is being charged another \$2,473 for last year's county taxes, which were underestimated a year ago.

Traditionally, the taxes are estimated and paid on that basis, then any over-charge or under-estimate are carried on the following year's "cherry sheet".

Here's how this year's anticipated income looks:

State recreation areas, reimbursement, \$476.94; reimbursement from last year's levy for publicly owned land, \$2,059.18; Library aid, \$4,283.50; school aid, \$136,877.14; school aid, \$13,100.54; state tax apportionment, \$59,875.36; corporation excise tax, \$167,031.35; meals tax, \$4,330.12. The total is \$388,034.13.

This year's tax payments for various purposes are:

County tax, \$100,231.15; underestimate on last year's county tax, \$2,473.25; county tuberculosis hospital, \$22,915.54; state recreational areas, \$11,299.12; audit of municipal accounts, \$3,257.03; state examination of retirement system, \$1,938.86. Total out-go this year will be \$142,114.95.

Conservation Is Program Theme

Oscar M. Root, instructor in biology at Brooks School, North Andover, and chairman of the North Andover Conservation Commission, has been appointed chairman of the Greater Lawrence area to direct the National Wildlife Week program, March 18-24.

The National Wildlife Federation sponsors this activity each year. Last Sunday Mr. Root attended a National Wildlife Workshop in Westboro, where the Massachusetts Division of Fisheries and Game was host to chairmen from all over the state. Plans were discussed for making Wildlife Week of maximum effectiveness.

The theme for 1962 is "Conservation of Wetlands Will Insure Waterfowl for the Future". The main objective is to alert all Americans to the need for conservation of natural water retention areas. Mr. Root is seeking the cooperation of local citizens and organizations in assuring as widespread an educational campaign as possible.

**Polling Places Open 7-7 Monday
As Voters Decide Sharp Contests**

About 60 percent of the town's 10,077 registered voters may trek to the polls next Monday, to elect two selectmen, two School Committee members and a moderator.

Some townspeople, who closely follow the interest in every election, foresee a "normal" turnout at the polls, predicting that 60 percent is about the norm for a town election.

The voting places remain unchanged, except in precinct six. There, the Cooley House will be used for balloting - a change that should be noted by all residents of the precinct.

The total registered voters, by precinct, are: precinct one, 2,137; precinct two, 1,436; precinct three, 1,926; precinct four, 1,697; precinct five, 804; precinct six, 2,077.

Since October, 222 new voters were added to the lists - precinct four was heaviest with 73 new voters. Others were: precinct six, 47; precinct one, 27; precinct two, 24; precinct three, 34; precinct five, 17.

The election Monday is bound to bring about a change on the Board of Selectmen - Eugene A. Bernardin Jr. did not seek re-election, thus creating a vacancy to be filled.

Candidates for the Board are, in order of their appearance on the ballot, William Stewart, for re-election; Roger W. Collins, William F. Lane, R. Wayne Long,

B. Allen Rowland and Raymond W. Schlapp.

The School Committee contest finds both incumbents seeking re-election.

The ballot lists them in this order: Reta V. Buchan, John S. Sullivan, both seeking re-election; Vincent P. Davey and Charles Liponis.

Charles G. Hatch, in an uncontested ballot appearance, seeks re-election as moderator.

**Lovely Named
For Hall Of Fame**

Eugene "Pop" Lovely, revered football coach at Pynchard High School for 30 seasons, has been nominated for election to the Mass. High School Football Coaches' Association Hall of Fame.

Lovely, retired and living in Maine, had an impressive 728 average during his 30 seasons here - 158 wins, 59 losses and 30 ties.

Nomination to the Hall of Fame, tantamount to election when the Association meets later this month, comes only to grid coaches with at least 15 seasons to their credit. All must be living, but no longer coaching.

Among the 12 nominees this year was Harold "Grump" Walker of Ashland. William A. Doherty, who played under Lovely here, identifies Walker as a former Pynchard football star under "Pop" Lovely.

The Pilgrim Juniors of West Parish Church enjoyed a tobogganing party on the grounds of the Andover Country Club on Friday evening, ending with refreshments at Fellowship Hall.

**Here's What
In Answer To**

The League of Women Voters has distributed answers to candidates to specific questions asked of them, to every voter in Andover.

As a public service, we here the replies of the candidates apart from the biographical already printed in their announcements.

Asked of the candidates Selectman was: "What, in your opinion, are the three most important issues facing Andover today?"

Here are the replies, with candidates listed in the order they will be placed on the ballot: William Stewart, candidate for re-election:

"1. The Urban Renewal program - The ramifications of this program are so extensive that it is imperative that every avenue of information be explored and deliberated so that a decision be made which is in the best interest of the town.

"2. A continued effort to broaden the tax base to maintain a rate which does not cause undue pressure on the home owner's business.

"3. A long range program planning for the installation of utilities and services for development of areas adjacent to routes 93 and 495."

Roger W. Collins:

"1. Town Manager Plan - Necessity for continued success through cooperation from Selectmen and town agencies.

"2. New Revenue - Cooperation with and encouragement of the Andover's Development and Commission to bring high grade industry to Andover with proper selection and controls.

"3. Recreation - Need for action in selection of Recreation Director."

William Lane - No Reply.

R. Wayne Long:

"All the important issues facing Andover today are the result of recent and anticipated rapid growth. I feel that spot zoning, Urban Renewal, Industrialization, Taxes, and the town dump are all of equal importance. How are we going to face up to the task that lie ahead? Are we going to let things slide or are we going to tackle the issues now and cooperate with an adequate and proper solution that will satisfy the needs of Andover as a Whole. This is the question we all must consider before this year's election."

B. Allen Rowland:

"1. Urban Renewal

"2. Garbage and Dump Issue

"3. Relation of Selectmen to Town Manager."

Raymond W. Schlapp:

"1. Broaden tax base by introduction of new business and industry in areas zoned for that purpose.

"2. Urban Renewal Problem

"3. Appointment of interested citizens by Town Moderator to Precinct Committees to meet, discuss, and study the problems and needs in their respective areas in relation to youth activities, recreation, culture, etc."

School Committee

The question asked of the School Committee Candidates was: "What, in your opinion, are the three most important issues facing education in Andover today?"

Reta V. Buchan, for re-election:

School Committee

The question asked of the School Committee Candidates was: "What in your opinion, are the three most important issues facing education in Andover today?"
Reta V. Buchan, for re-election:
"1. Recognizing the increasing educational demands of today, how

can we best translate them into suitable programs for our schools?"

"2. How can we recruit, and develop into a creative, well-coordinated team, the faculty and staff necessary to meet these challenges?"

"3. How can we best use our tax dollar to strengthen all the elements that make up a balanced school operation, geared to the academic and vocational needs of our school population?"

John S. Sullivan, for re-election:
"Will Andover Maintain excellence in education by:

"1. Recruiting, motivating and retaining a well-qualified teaching staff?"

"2. Providing an up-to-date and coordinated curriculum for all students?"

"3. Supplying school administrators with support and direction to meet these challenges, including sound expansion of school facilities?"

Vincent P. Davey:

"1. Andover is having difficulty in finding new qualified teachers and retaining many of its present competent staff.

"2. The morale of our excellent teaching staff and the prestige of our school system have both been adversely affected.

"3. More parents and citizens are losing confidence in the leadership of the majority of our present school committee. I propose to correct these conditions brought about by errors in judgement and dictatorial attitude on the part of the majority of the present school committee, and to return to our competent professional administrators the responsibility of maintaining Andover's previously high educational status."

Charles Liponis:

"1. Diminished reputation of our school system. We need more decisive action in revising outdated portions of our curriculum, and in solving new and existing problems.

"2. Difficulty in attracting and keeping experienced teachers. We have a large teacher loss yearly. For example, the school metal shop is idle due to inability to retain a qualified teacher."

BLUE-ETTES ELECT

At a recent meeting of the Blue-Ettes in the South School, the following officers were elected: president, Lisa Russem; vice president, Joanne Craig; secretary, Patricia Townsend; treasurer, Juliana McGovern; leader's helper, Brenda Townsend; group historian, Kathleen Bradley; inspector, Vickie Gardner. Mrs. Frank Orlando is the leader.

Miss Marion Spark, 35A Essex st., has returned from a week's vacation, spent skiing at Mount Mansfield, Stowe, Vt.

Given Approval For Office, Apartments

Dr. William H. Caverly has been given permission by the Board of Appeals to create medical offices and two apartments in a house at 359 North Main st.

The home, according to the Appeals Board decision, is immediately adjacent to Anton's cleaning establishment. The owners have been unable to sell the property because of its location, the statement continued.

Karl C. and Caroline M. Harig are listed as the owners of the single-family dwelling. The Appeals Board, in allowing the conversion, also stipulated that limited parking facilities may be created on the southerly side of the structure, and made other restrictions concerning the amount of space to be made into lawn.

The medical office will be on the first floor, while one of the two apartments will be entirely on the second floor. The second apartment will be partly on the second and partly on the third floor, it was noted.

The property in question differs from neighboring properties, the decision claimed, because of its nearness to the cleaning establishment. An undue hardship would be worked on the owners, the decision stated, if the appeal should be denied.

EDITORIAL THOUGHTS

How's Your Back Yard?

Town officials could be in a real bind, after town meeting, if a proposed amendment to the zoning by-law allowing municipal facilities in various zones of the town is defeated.

The amendment is intended to legalize the present location of the dump in a residential area, and to also permit other town facilities to be placed where needed.

Unfortunately, the wording of the amendment implies that the dump can also be moved, willy-nilly, around the town.

Town Counsel Fredric S. O'Brien has warned that the present location can not be legalized by amending the by-law, without also permitting this type of use in other, similar areas. Spot zoning could be charged, with the threat of disapproval by the attorney general, if this should be done.

But unless the present site is made legal, there remains the possibility that some residents will take the matter to court - and the town might wind up with no dump at all.

The likelihood of this happening is less, if the sanitary land fill method is put into practice. Residents of the area would be much happier under the proposed conditions, when burning will be all-but eliminated.

Other residents of the town - and we blame them not at all - are concerned lest the dump actually is moved some day. The amendment would appear to make this possible, without further action by the voters. Naturally, town officials would have to pass judgement on the action, but the anxious residents worry that the town fathers might move without enough thought, without hearings to give voters a chance to register their opinions.

It is a grave matter.

One has only to put himself in the position of a resident in a country area, happy with the open areas around him, to be concerned. For what would be the effect of putting a dump in that person's area? Property values would be down-graded, for sure; the individual might even have some legal recourse beyond that damage, on grounds that the town did not protect him, a resident, from the annoyances of a dump, which were not anticipated when the property was purchased.

All in all, we are far more concerned with the possibilities of trouble involved in moving the dump than we are in the legal problem surrounding the present one.

After all, an overwhelming majority of the voters at town meeting back in the early 1940's approved purchase of the current dump site, for that specific purpose. This should mean something in the court's judgement, if the matter ever goes that far.

We'd be happy to see the amendment passed, as long as the use of land for a dump is stricken from the wording. Then the town would have approval for the use of land for fire stations, gravel storage, or other necessary facilities. None of these can even approach the dump, in terms of annoyance, nuisance and devaluation of property.

Job Well Done

The Finance Committee deserves congratulations for its efforts to keep the tax rate stable, at \$26.

This week's presentation of the budgets and articles indicates that, although there are some items disapproved, the town will not be seriously hampered in its operation during the coming year.

And we couldn't agree more with a notation in the FinCom report, calling for further study of a master plan of capital expenditures. Assigning priority to major projects is not a once-a-year job. It should be done during the year, so that careful thought can be given to every proposal, after hearing all the arguments for it.

Many large projects will be facing the town in the next few years, and very serious study should be given to all of them, rather than being stampeded into hasty action in any given year.

Poses Serious Problems

The Board of Appeals ruling that a beauty salon does not constitute a profession, or a customary home occupation within the meaning of the town by-law, can have serious repercussions throughout the town.

For there are other beauty salons in residential zones, which are not non-conforming uses. To be considered in this category, the business must have been operating before the adoption of the zoning by-law in 1936.

Most town officials have indicated a willingness to

ignore violations that exist, and be content with preventing others from coming into existence. And in general we agree that there would be tremendous difficulty in trying to go backwards to enforce zoning requirements, once the individuals have established a business.

But certainly any applicant for such permission, if he or she wished, could register serious complaints that zoning violations are taking place, and probably could compel the town to stop them. While the existence of violations doesn't serve as a valid reason for allowing another, disappointed applicants might have legitimate feelings that others should not profit in violation of the by-law, while they can't.

Thus there is the possibility that the town will be faced with complaints and subsequent legal requirements that the zoning by-laws be enforced rigorously, and for all.

Down the Years with The Townsman

50 Years Ago - March, 1912

Mrs. Mary A. Ripley, Mrs. Charles Cutler and Miss Kuhn left town last week for a visit to Tyron, N.C.

Mrs. B.F. Hatch and her two children of Florence st. have been spending the week in Roslindale.

Miss Lucy Allen is visiting friends in Portland, Me., this week.

Mrs. H. Tyer left this week for Boulder, Col., where she will visit her daughter, Mrs. Donald MacFayden.

Monday is town meeting day. The sharpest contest is probably the one for highway surveyor with Joseph Chambers, William T. Rea, Frank M. Smith and John Traynor competing. Other contests and candidates are: Selectman, Samuel H. Bailey, Charles Bowman and Felix G. Haynes; School Committee, Henry A. Bodwell, Ira R. Buxton, Ralph Coleman, Bartlett H. Hayes and Charles Willard; town clerk and tax collector, George Higgins, the incumbent, is unopposed.

A meeting was held in the town house Sunday evening in the interests of no license.

The Ballardvale Mills Co. has again made their customary contribution of \$100 to each of the three churches.

James Craik, the village shoemaker for more than 30 years, died last Monday. He was an expert at checkers, and had played many of the champion checker players of Boston.

25 Years Ago - March, 1937

Thirty-two valuable hens, Plymouth Rocks, were stolen this weekend from the farm of Frank Bourneman on Prospect Hill rd.

The smallest election turnout in a decade is forecast for Monday. There are a number of candidates for tree warden and a contest for School Committee, but little interest has been shown to date.

The Grange celebrated its 47th birthday last Tuesday evening. Mrs. John Hall Jr. made a special cake for the occasion, and charter members and former officers were guests.

A public meeting will be held Wednesday evening at town hall, sponsored by the Taxpayers Association, for a discussion of the warrant and budgets.

State Senator Frank D. Babcock spoke to the Service Club last night on legislative procedure.

Final payment has been received

from the PWA, on its share of the cost of the Junior High building. The amount was \$24,146.

10 Years Ago - March, 1952

There are 7,338 voters eligible to cast ballots next Monday, as several sharp contests seem to indicate a heavy vote. The Selectman's contest involves incumbent Sidney P. White and Albert Cole Jr. There are five men seeking two BPW seats and four are running for School Committee, with two seats.

The x-ray unit, here for two days, has been used by 1,169 persons so far. The mobile unit will be in town for another week, and appointment cards are being sent out daily to those who indicated they want a free x-ray.

The dinner honoring Chief George A. Dane will be held next Sunday evening at the Country Club. Only two men will speak - the chief and Roy Hardy, representing the Selectmen. Reservations are to be made by calling the Country Club.

The Booster's Club has announced it will give four \$100 scholarships this year, to two boys and two girls of the senior class.

The Punchard basketball team will enter the finals of the small and medium-size schools tourney at Malden, after whipping Amesbury, 66-60 Friday night.

RECOMMEND DIRECTOR BY NEXT WEDNESDAY

Town Manager Thomas E. Duff has again promised to recommend an appointee for the recreation director's post, probably by next Wednesday.

Mr. Duff said Tuesday morning that in all likelihood, the recommendation will at least be before the Selectmen prior to town meeting. It was a year ago at town meeting that the position was created by the voters, but it has not been filled.

Mrs. William Stewart of High Plain rd., a nurse in the Andover public school system, accompanied a party of teachers from the Central School on a trip to New York City. Among the highlights of the occasion were visits to Radio City and United Nations, as well as productions of "Camelot" and "Sound of Music".

Coming Events MARCH

- 1 Ballardvale Littlest Listeners, 10 a.m. Story hour for boys and girls, 3:35 p.m.
- 6 Great Books Discussion Group, 7:30 p.m.
- 7 Cardinal group, Littlest Listeners, 10 a.m.
- 10 Town Meeting 9:30 a.m. Library will be open, Town Meeting.

This year the all-day town meeting will begin at 9:30 a.m. and continue through the day. The library will not close, as it has for the evening meetings, as there are numbers of students who may need to make use of the library materials; the room will be manned by a skeleton staff who will answer all questions and serve readers as far as is possible. No books are to become due on this day, as readers may have noticed.

Littlest Listeners

This is the week that Ballardvale little people have their story hour. Thursday morning, March 1, at 10 o'clock, in the branch library. Mrs. Shirley Ackerman is in charge of the group and directs the children in their games and music, and tells stories from the much-loved "picture book" collection. The group is planned for children three and over of the pre-school age; it gives children an opportunity to share in a social activity, and to be with others of their own age. At present, all Littlest Listener groups are filled; if registration is opened it will be announced.

Andover's Cardinal group will meet next Wednesday, March 7, in the Children's room of the main library, at 10 o'clock.

Great Decisions

"Nigeria - Democracy In A New Climate?" is the subject of this week's television series, Great Decisions, 1962. Those who view the program Thursday evening over educational TV, may wish to follow up some of the discussions. Although at the moment Nigeria is one of the poorest nations on earth, it is a country of great potential riches whose long-range development programs will involve farms, mines, factories, better communication and transport systems and more domestic and foreign trade.

For reading that will give more information and new insight into the problems of this nation, the library suggests the following books and pamphlets, all of which may be borrowed for home use: "Africa: A New Nationalism", an article in Current History magazine, in October, 1961, in which seven authorities study the growth of African nationalism and the pressure for complete independence; "Nigeria: Background To Nationalism", a book by James S. Coleman, a leading political scientist; George Kimble's "Tropical Africa", one of the Headline Series, is an abridgement of the author's two-volume study of contemporary Africa; another Headline book, "Aid To Africa: New Test For U. S. Policy", by John D. Montgomery, reviews U.S. aid experience in Africa with an analysis and suggestions for the future. Two more books on Nigeria are on order and should be ready in the near future.

Next week's subject is "The Middle East Pivot?" Anyone wishing to read in advance of the program will find a number of suggested readings at the library and should ask for the "Great Decisions" shelf.

An Unusual Week

Everything under the sun seems to be having a special week aside for its observance by some group or other. One of the more interesting weeks is this one, from March 1 through 7 - "Return To Borrowed Books Week". Many library users can never be said to have failed in their obligation to their neighbors and fellow citizens by failing to get back those books which they have borrowed, at least this is true of the Memorial Library. But the suggestion for such a week has this slight different angle: its purpose is to remind the guy down the street to bring back vol. 3 of our encyclopedia.

Rev. Myrick To Preach Sunday

REV. P. ALLEN MYRICK

The Rev. P. Allen Myrick, educational missionary in Africa who is now in the United States on his first furlough, will preach at the Free Church, Sunday, March 4, at the morning worship service at 10:15 a.m.

Mr. Myrick, who is taking sabbatic leave studies at Harvard Divinity School during his furlough, is a member of the faculty of the Andover Theological School at Andover, South Africa, where he teaches courses in Old and New Testament, Church History, Christian Doctrine and Practical Theology. He conducts chapel services several times each week and has charge of the school library.

Though she has two small children, Mrs. Myrick, the former Judith Cross, works with wives of the students, instructing them in the duties of a pastor's wife.

Mr. and Mrs. Myrick were pointed career missionaries in 1958 by the American Board of Commissioners for Foreign Missions, now a part of the United Church Board for World Ministries.

The latter board is the overseas agency of the United Church of Christ, which was formed by the union of the Evangelical and Reformed Church and the Congregational Christian Churches.

dia and to remind us to return a copy of Joe Miller's Joke Book (if we can find it). This is a prolonged book-keeping in a field that has persisted over the years. Anyone remember the clever little we once saw in books, such as "If this book should chance to be lost, please be kind and send it home" and "My books and friends are both dear, and I wish to keep them?"

We repeat, however, that Andover's readers in general should have great concern for the needs of their neighbors, and are proud in getting borrowed books back to their library.

Great Books

The reading for the Great Books group's next discussion, March 1, at 7:30 p.m. is to be Lao-Tzu's "The Way Of Life". There are a few copies available at the library for those who have not purchased the year's readings. New members may join at any time.

Town Warrant

A copy of the Town Warrant, for Saturday, March 10, is hung in the foyer of the library. Candidates for office and their credentials may be seen on the display wall in the main reading room.

The story hour for Thursday, March 1, is named "Cloud Nine" and will have the following stories:

REV. P. ALLEN MYRICK

The Rev. P. Allen Myrick, young educational missionary in Africa, who is now in the United States on his first furlough, will speak at the Free Church, Sunday, March 4, at the morning worship service at 10:15 a.m.

Mr. Myrick, who is taking graduate studies at Harvard Divinity School during his furlough, is a member of the faculty of the Adams United Theological School at Modderpoort, South Africa, where he teaches courses in Old and New Testament, Church History, Christian Doctrine and Practical Theology. He conducts chapel services several times each week and has charge of the school library.

SUPPER SATURDAY AT FREE CHURCH

Free Church parishioners are invited to attend a supper Saturday night, sponsored by the Missionary Committee. The Rev. P. Allen Myrick will be present, and later in the evening slides will be shown about his missionary activities.

Exhibit Features AVIS Activities

The informative exhibit put on by the Andover Village Society, to increase its membership, depicts how its reservations are used for conservation purposes to benefit all the people of Andover. The exhibit will continue in the windows of the Andover Bookstore until March 12.

Inspired by a scene from Kenneth Grahame's "The Wind in the Willows", the exhibit shows ingeniously devised animal figures getting ready for boating or for pick-nicking on the river bank. Signs in the background indicate what activities may be enjoyed on the A.V.I.S. reservations; for example, camping, boating, nature study, bird watching, skating, etc. In a second window, a large map pinpoints their location.

Prominently placed is a list of the four Andover donors of land: Fred Cheever, George Sanborn, Harry Sellars and Carl Stevens.

Membership cards are provided inside the store for those who wish to join the A.V.I.S. The Society would welcome many new members to participate.

Credit is due to Mrs. Per Bro, chairman, Mrs. C.X. Larrabee, Mrs. Juliet Kellogg, Mrs. Hugh Morse, Mrs. Nathan Tufts, Mrs. A. K. Porter, and Mrs. Anthony Puma for setting up this unique, instructive, and picturesque exhibit which is arousing much interest.

ESTATE TO CHILDREN

Seven of the 10 children of Mrs. Emile C. Van Coppenolle of Andover have been given her unestimated estate, according to her will filed in the Registry of Probate.

She died Dec. 8, 1961, leaving no husband.

Beneficiaries are Mrs. Irene O'Donnell and Walter Van Coppenolle, both of Lawrence; Mrs. Suzanne Denis and Kenneth Van Collenolle, both of Andover; Mrs. Claire Kurzban of Salem, N.H.; Lillian Salyers of Cherry Point, N.C.; and Mrs. Victoria Greco of Arlington, Va.

The latter daughter was nominated as executor.

TWO DEMOCRATIC MEETINGS

Town Meeting Sat., March 10th
CO-OP Meeting Tues., March 13th

March is the month of two important annual business meetings in Andover.

First comes town meeting Saturday of next week. We hope that citizens ready to give their best judgment to the direction of our town's affairs will fill the auditorium to capacity.

On Tuesday evening, March 13, at the Andover Country Club, the CO-OP will hold its annual stockholders' meeting. Dinner is at 7, business meeting at 8:15.

Ours is a most unusual stockholders' meeting because, like town meeting, each individual has equal voting rights regardless of his share or ownership. That's why we say the CO-OP is a democratically run corporation. That is one reason why our meetings are so well attended.

The CO-OP dinner is by advance reservation only. Will CO-OP shareholders please buy their dinner tickets at the store no later than Friday, March 9. Members may come for the business meeting only.

Anyone remember the clever lines we once saw in books, such as "If this book should chance to roam, please be kind and send it home" and "My books and my friends are both dear, and I want to keep them"?

We repeat, however, that Andover's readers in general show great concern for the needs of their neighbors, and are prompt in getting borrowed books back to their library.

Great Books
The reading for the Great Books group's next discussion, March 6 at 7:30 p.m. is to be Lao-Tzu's "The Way Of Life". There may be copies available at the library for those who have not purchased the year's readings. New members may join at any time.

Town Warrant
A copy of the Town Warrant, for Saturday, March 10, is hung in the foyer of the library. Candidates for office and their credentials may be seen on the display wall in the main reading room.

No Beauty Salon On Lovejoy Road

The Board of Appeals has established a precedent by rejecting a request to establish a beauty salon in a residential zone.

The Board found that such enterprise does not fall within town-by-law allowing professional offices, home industries or studios.

The request was made by Lore and Ruby Zappala, who need to use the basement of new home at 58 Lovejoy rd. for the beauty shop.

There was substantial opposition from the neighbors, according to the decision, and considerable was spent considering whether contemplated business falls within the municipal by-law.

The by-law allows that use of room or rooms as a professional office or studio, or for customary home occupations by a resident in the dwelling.

The decision stated: "The operation of a beauty salon is not the operation of a profession or a customary home occupation as encompassed by the definition of this by-law or by the officials on adoption of this law."

The home is in a residential zone B, and is adjacent to other residences.

In other decisions, the Board has allowed Frederick W. Brantley two variances for the placement of two-family homes on Stone st., on lots having less front than required.

The Board said the proposed homes will not be out of character in the neighborhood nor detrimental to it.

Clement Rodden was granted permission to build closer to front lot line than required on Gleason st. The decision noted the cellar had been built with corner closer than allowed, this had not been discovered.

Work was completed. To do more than grant the appeal would be undue hardship, the Board found. C. Lincoln Giles was given permission to create a four-family apartment house at 54-56 White st. The decision noted that a request for six apartments at

No Beauty Salon
On Lovejoy Road

The Board of Appeals has established a precedent by refusing a request to establish a beauty salon in a residential zone. The Board found that such an enterprise does not fall within the town by-law allowing professional offices, home industries or studios. The request was made by Salvatore and Ruby Zappala, who planned to use the basement of their new home at 58 Lovejoy rd., for the beauty shop. There was substantial opposition from the neighbors, according to the decision, and considerable time was spent considering whether the contemplated business falls within the municipal by-law. The by-law allows that use of a room or rooms as a professional office or studio, or for customary home occupations by a person resident in the dwelling. The decision stated: "The operation of a beauty salon is not the operation of a profession or a customary home occupation as encompassed by the draftsmen of this by-law or by the town officials on adoption of this by-law".

The home is in a residential Zone B, and is adjacent to single residences. In other decisions, the Board has allowed Frederick W. Bradley two variances, for the placement of two-family homes on Stevens st., on lots having less frontage than required. The Board said the proposed homes will not be out of character in the neighborhood nor detrimental to it.

Clement Rodden was granted permission to build closer to the front lot line than required on Gleason st. The decision noted that the cellar had been built with one corner closer than allowed, and this had not been discovered until work was completed. To do other than grant the appeal would be an undue hardship, the Board found. C. Lincoln Giles was given permission to create a four-family apartment house at 54-56 Whittier st. The decision noted that a request for six apartments at the

location a year ago was denied, substantially because of parking problems for tenants' cars. By tearing down a garage, it was noted, ample room has been made for parking of this type. It also was stated that through misunderstandings, Mr. Giles believed he had been given permission for four apartments there, instead of the six he requested, and had built them. This was later discovered to be in error, it was stated, but doing other than granting the lesser number at this time would be a hardship.

The Board also gave a negative opinion on a request by Arthur A. Collins to use the property at 134 Lowell st. for a real estate and insurance office. He proposed to tear down the old restaurant there, and use the barn, after remodeling it. The Board agreed that the petitioner had not proved that the barn had been used for commercial purposes, as a non-conforming use; and it also agreed that the petitioner had not established that a non-conforming use would not be created, if the petition should be approved.

Cinema Classics Film Friday

An exciting and dramatic film from the French "New Wave" is the feature work to be presented by Cinema Classics at 8 o'clock this Friday night at the Andover Junior High School Auditorium. Conceived, produced and directed by Francois Truffaut, one of the most original of the new group of young French directors,

Friday's film is a recounting and heightening of Truffaut's own disturbed boyhood.

Told in vivid yet dispassionate terms, the story line is developed swiftly, forcefully and always realistically. The film viewer is not merely shown the petty disharmonies of the boy's home, nor allowed merely to listen in on the bickering and animosity expressed between husband and wife - these are cliches today, but he is actually brought into the home, into the school, into the streets of Paris. It is Truffaut's art to make the viewer a participant of the action, not merely a spectator of the scene.

At a climactic moment in the youth's life, when he discovers his

mother with her lover, Truffaut's approach is direct and honest. There is none of the sentimentality that generally intrudes in this type of film scene; it evolves instead from deep conviction and disciplined emotion. Truffaut never preaches. He stands aside while he involves his audience and lets the action speak for itself.

Elliot Norton, Boston's foremost drama critic, devoted a full program on Channel 2 to a discussion of this film, and was particularly struck by the engaging performance of handsome young Jean-Pierre Leaud.

The companion shorts are a Ballet and Jazz film from Germany, and a Roberto Rossellini-Inggrid Bergman vignette filmed in Italy.

In answer to repeated queries, Cinema Classics is a community undertaking sponsored by the Andover Recreation Council. Its aim is to carefully select and bring to Andover audiences a varied program of unusual international films which are generally available in this country only in our major cities. Not all Cinema Classics selections will reflect equal artistic merit, but each will represent some cinematic achievement that raises it above the usual commercial movie fare. The Committee also feels that its short

subjects are more varied and distinctive overall than the shorts generally chosen to round out the programs of our so-called art theatres, and will range from Ella Fitzgerald jazz to Russian science.

Program For Summer School

This year the Andover Summer School will again hold its classes at the High School.

Under the present tentative schedule, the six-week program will begin July 2 and end Aug. 10. All courses given last year are expected to be re-scheduled this summer. Additional courses may be offered if sufficient demand is indicated.

**Morse Out Of
Senatorial Race**

Congressman F. Bradford
Morse has issued the following
statement regarding his political
plans:

"I have been honored by the
many comments in the press and
by the encouragement which I have
had from citizens throughout the
Commonwealth regarding my pos-
sible candidacy for the unexpired
Senate term to be filled this
Autumn.

"Naturally, I have given this
question a great deal of thought
over the past several weeks. I
am frank to admit that it has been

a great temptation to become a
candidate for the United States
Senate. I am, however, unable to
take it upon myself to make such
a commitment. Many friends who
have urged me to become an an-
nounced candidate have told me
that a failure to do so at this time
would render a later decision
meaningless.

"While this is undoubtedly true,
my first obligation is to the citi-
zens of the Fifth Congressional
District who have entrusted to me
the responsibility of representing
them in Congress, a trust which
I respect above all else. In view
of the uncertain nature of the re-
districting situation, any an-
nouncement on my part would be,
in my judgment, clearly prejudicial
to the interests of the people of
the Fifth Congressional District
and would in all likelihood result
in a sacrifice of the integrity of
the District."

John Murray.

Meeting Friday**

The Smith College Club of
Andover will meet Friday evening,
at 7:45 p.m., in Sunset House,
Abbot Academy, to hear the report
of its delegate to the Smith Alumnae
Council, Mrs. Fredric S. O'Brien.

Mrs. O'Brien, whose daughter,
Cordelia, is a freshman at Smith,
has just returned from North-
ampton where she has been attend-
ing classes, hearing about the
state of the college from the ad-
ministration, and seeing the plans
for new science and dramatic cen-
ters which will be made possible
by the development fund. Smith
alumnae hope to raise ten million
dollars for this fund by next June.

Mrs. Robert Teel of North And-
over will speak briefly about the
club's scholarship fund, intended to
help local girls go to Smith. Mrs.
John Giblin will preside, and Mrs.
Hans Marum will serve refresh-
ments.

Little Stories
about
Great Hymns

There Is a Green Hill
There is a green hill far away,
Without a city wall -
Where the dear Lord was crucified,
Who died to save us all.
He died that we might be forgiven,
He died to make us good,
That we might go at last to heav'n;
Saved by His precious blood.

When one of her little Sunday School
girls became dangerously ill, Mrs. C.
Alexander sat at the child's bedside,
and meanwhile wrote this hymn. The
child recovered, and throughout her
lifetime enjoyed referring to this as
her very own hymn.

Taxpayers Want Combined Trash, Garbage Pick-up

The Taxpayers Association will seek town meeting approval of combined garbage and trash collection, at an estimated total cost of \$62,000.

President Richard Moody has announced the position of the Association. He said the alternative of combined collection will thus be presented to the voters - the original article calls for garbage collection alone, at \$25,000 annually.

According to the Association, a sanitary land fill operation at the dump will be needed, if the combined collection is approved.

The cost factors, according to estimates of the Association, are these:

Combined collection - \$62,000 cost69¢ on the tax rate, or 26 1/2 cents weekly for a homeowner.

Garbage collection - \$25,000 cost278 cents on the tax rate or .107 cents weekly.

The weekly estimates are based on an average home valuation of \$20,000.

The Association finds that present collection costs, on a private basis, range from .115 to .77 weekly.

Cost of the sanitary land fill method, the report shows, will be \$12,000 for gravel and approximately \$6,800 for labor.

Present dump costs are \$1,000 for gravel and \$5,800 for labor, the study went on.

New, heavy equipment needed for the dump will cost from \$18,000 to \$24,000, less trade-in value of the present equipment.

Mr. Moody, who is also a member of the special study committee that proposed garbage collection, said the Association wants to present the alternatives to the voters. He stated, however, that the Association is not "pushing" the measure; instead, it seeks to explain the differences.

Study Committee Chairman Richard McKallagat, asked to comment on the combined collection, said the Committee does not favor it.

And he said Mr. Moody had agreed to abide by the majority vote of the Committee in this position.

The Committee's report said that trash collection was being left for another year, because it is essentially a convenience and because of other problems associated with that type of collection. In public meetings, members of the Committee have noted that the cost factors also were important in recommending that this collection not be requested this year.

The Taxpayers Association, however, indicated that a number of persons have asked for the combined collection, and reasoned that the voters should have an opportunity to make their own decision at town meeting.

Booster Day For Junior Hockey

The Andover Junior Hockey team will hold a booster day March 3 - featuring a hockey game at 2:30 p.m. at the Phillips Academy rink.

Andover will meet the Danvers Allenhursts.

The local team has played 26 games to date, but almost all of these have been played in the early morning hours on weekends. Thus many residents have never had an opportunity to see the youngsters in action.

The season's record is 15 wins, nine losses and two ties. The boys, all between 13 and 15 years of age, have scored 104 goals, or an average of four goals a game. In posting its 15 wins, the opposition has been shut out eight times.

Over the past weekend, Andover defeated Boxford, 5-2 and Danvers, 8-0. Joe Morrissey and Greg Gurry scored two goals apiece in the Boxford game, and Robbie Cole scored one.

Greg Gurry, Bill Clift and Robbie Cole scored twice each in the Danvers game, with single scores by Joe Morrissey and Bob Robichaud. Team captain Bill Clift also had the added distinction of scoring the team's 100th goal.

Bob Schwarz was goalie in each of these games and was capably aided by the defensive teams of Skip Freeman and Ray Lavin, and Greg Gurry and Robbie Cole.

Richard E. Neal and Edward J. Morrissey are coaching the team.
